

'PORK-BARREL'

Nixon Clamps Money Freeze On Dam Jobs

WASHINGTON (AP) — President Nixon has clamped a temporary freeze on some \$107 million for dams, flood control and other waterworks projects contained in what he once called an over-stuffed pork-barrel bill from Congress.

The freeze ties up most or all initial construction money for 56 projects across the country, including the controversial Central Arizona Project, and non-construction money for dozens of other projects.

Nixon's Office of Management and Budget said Tuesday the money is being held back only until the President decides in the next few weeks whether to continue the projects at this year's spending level in next year's budget.

The budget office pointed to Nixon's statement when he signed Congress' \$5.2 billion public works money bill Oct. 7 that he was considering ways to minimize what he called the "inflationary and unnecessary" impact of 65 new projects the congressmen had added.

Nixon said he was deeply concerned about the bill's impact of future spending. He said the 37 new construction and non-construction projects he had asked ultimately would cost \$1.3 billion while the 102 Congress approved would cost \$4.5 billion.

Nixon said at the time he was considering deferring the projects added by Congress, as well as freezing funds for them. But administration spokesmen stressed Tuesday the President could decide to release all money for the projects after the temporary freeze or make only moderate cut-backs.

The President's budget office said the temporary freeze is on initial construction money Nixon asked for 19 new projects and on all money Congress added to the administration's request, for both new and old projects.

INTECH TO OPEN ARKANSAS PLANT

DALLAS — International Technovation Inc., a subsidiary of LTV Aerospace Corp., which established a facility to produce plastics in Big Spring last May, announced today a similar plant will be opened in Malvern, Ark.

The plants produce mainly plastic egg cartons and poultry and produce trays. The Malvern plant is expected to be operational Feb. 1. The Big Spring plant has been in production for some time and will hold formal open house Sunday.

J. B. PICKLE

Rites Thursday For J. B. Pickle

J. B. Pickle, a former mayor of Big Spring, resident of the city for more than 50 years and an adventurous spirit in many activities in West Texas since the turn of the century, died in a local hospital at 6:02 p.m. Tuesday. He would have been 95 next January 26.

Funeral services are to be at 2 p.m. Thursday in the Nailey-Pickle Rosewood Chapel with the Rev. Kenneth Patrick, pastor of the First Baptist Church, officiating. Burial will be in Trinity Memorial Park beside the grave of his wife, who died in 1963.

Mr. Pickle had been in declining health since the fall of 1968, when, while on a trip with his daughter and son-in-law, Mr. and Mrs. Miller Harris, he suffered a stroke at Watertown, S.D. Although he rallied, he had never fully recovered. Within the past week he had suffered complications due to pneumonia.

FATHER OF PARK
Mr. Pickle generally is credited with being the father of the parks system in Big Spring, since it was during his tenure in the administration that the city first developed its major park — now Comanche Trail. Also during his service as mayor, the present city hall and auditorium were completed.

Survivors besides Mrs. Harris (Janice) are another daughter, Mrs. Jonathan (Judith) Lancaster of Kermit; two sons, Joe

Pickle, editor of The Herald, Big Spring, and U.S. Congressman J. J. Pickle of Austin; 12 grandchildren and 14 great-grandchildren. There is also a brother, Herman Pickle of Detroit. A daughter, Mrs. Bishop (Jeanette) Bailey Sr., died in 1956.

TENNESSEE NATIVE
Joseph Bimford Pickle was born in a log house in Weakley County, Tenn., Jan. 26, 1876, the first child of Mr. and Mrs. James Calvin Pickle. From a country school near Dukedom, he went to Dickson (Tenn.) Normal, from whence he took up being a school master in a one-teacher school.

In the summer of 1900 he came to Texas and Runnels County, and one of the casual acquaintances he made was Mary Duke. He returned to Tennessee and teaching in the fall, boarding with a doctor. When his weight got down to 115 pounds, the doctor advised him to seek out a dry country.

"I came to West Texas in January, 1901," Mr. Pickle recalled, "and it's been dry ever since."

HAD NEWSPAPERS
Nevertheless, he saw in it a land of opportunity. He first taught school in the Ballinger area, and when Miss Duke went with her family to the Panhandle a couple of years later, he decided separation was too much. They were married (See PICKLE, Page 2-A, Col. 1)

Israel's Sinking Of Ship Assailed

By The Associated Press

Egypt charged today that Israel breached their cease-fire with a "criminal act against unarmed civilians" by sinking an Egyptian boat in the Gulf of Suez. The Israelis claimed the four men in the boat were spying and smuggling hashish.

The Israeli military command said an Israeli patrol boat sank the Egyptian motorboat last Saturday night off the Israeli-held eastern shore of the gulf. It said three bodies were recovered, one had documents proving the men were collecting military intelligence, and the fourth man went down with the boat.

Cairo Radio contended that only "unarmed civilian fishing boats operate in this area." The broadcast denied that the army or the intelligence service had boats there.

WARNING SHOTS
An Israeli spokesman speculated that the men may have received the hashish they had as payment for intelligence to be collected. He said that such combined Egyptian missions were not uncommon.

He said the patrol boat ordered the Egyptian craft to halt as it approached the Sinai Peninsula shore, but the command was ignored. The Israelis then fired warning shots, the spokes-

man continued, and the Egyptians tried to escape.

It was the most serious incident since the guns were silenced along the Suez Canal north of the gulf by the cease-fire Aug. 7. Only minor bursts of gunfire have been reported across the canal with no casualties to either side.

FUND-RAISING
King Hussein of Jordan, the third nation that is party to the truce, left on Tuesday for a fund-raising trip to Europe and the United States.

Piloting his own Caravelle jet, Hussein flew to Saudi Arabia to request help from King Faisal to offset more than \$70 million in subsidies to Jordan which Libya and Kuwait canceled during the Jordanian civil war in September.

He was flying to Cairo today to discuss his proposal for an Arab summit conference on the problem of Palestinian refugees. He wants to set up a Palestinian state in the area west of the Jordan River that Israel took in the June 1967 war. Israel

has indicated it would give up the west bank and some other territories in a peace settlement.

A Palestinian delegation headed by Abu Ayad, second in command to guerrilla leader Yasir Arafat, already is in Cairo, the semi-official Cairo newspaper Al-Ahram said today. It was not disclosed whether Hussein would meet with them.

From Cairo, Hussein flies to Britain and then to Washington for a meeting Dec. 8 with President Nixon.

NATO Allies Hand Laird Billion-Dollar Program

BRUSSELS (AP) — Ten European members of the North Atlantic Treaty Organization announced plans today to spend about \$1 billion in European defense over the next five years, in addition to the \$24 billion a year they are spending now.

The 10 NATO members said their decision was made "on the basis that the United States, whose forces in Europe are of critical political and military significance for the common security of the whole NATO area, would for its part maintain those forces at substantially current levels."

WIDE-RANGING
The defense ministers of the 10 nations, presenting their plan to U.S. Defense Secretary Melvin R. Laird, called it a "special and wide-ranging European defense program."

Also on the agenda for the meeting today of NATO's defense planning committee was a general defense plan for the 1970s—a new document known as AD-70—drawn to chart how the Atlantic alliance will meet the challenge of the Soviet Union and its allies during the decade.

As NATO's annual four-day winter meeting went into its second day, the leaders of the seven Warsaw Pact nations were gathering in East Berlin, seeking to agree on a common position toward the overtures of the West German government for better relations with Eastern Europe.

EXTRA EFFORT
The extra effort agreed on by the 10 European allies, to be spread over five years, is only a start, NATO Secretary-General Manlio Brosio told newsmen.

But the Europeans felt that the program at least displays a willingness to share some of the extra load being borne by the Americans. They hope it will give the Nixon administration ammunition to use against demands in the U.S. Congress for a reduction in the 295,000 Ameri-

can troops in Europe.

Laird said on his arrival in Brussels Wednesday night that he was not familiar with the entire package, but "we are very pleased our European allies are recognizing the importance of changes as far as the whole question of burden sharing."

Life's Losers Credit 'Luck'

ATLANTA, Ga. (AP) — Two Emory University psychologists say the person most likely to succeed in life believes he has a measure of control over his own destiny.

Life's losers, on the other hand, tend to feel that luck is the compelling factor and that they can do nothing about it, say the psychologists, Dr. Benjie Strickland and Steve Nowicki.

NO CONTROL
They based their conclusions on a year-long study of public school pupils in the Atlanta metropolitan area. They submitted a list of 40 questions to the pupils and checked the answers against educational achievements. They called the master-of-my-fate types "internals" and the luck-is-all believers "externals."

Those who indicated they were internals, said Dr. Strickland, almost invariably were the better students and most likely to be class president, to belong to scholastic and social organizations and to be regarded as popular.

The passive externals, she said, drifted aimlessly along,

believing that luck played a large part in their lives and that they had no control over their fate.

MONEY, HONEY
Results of the study, the psychologists said, may have implications for those trying to devise methods of teaching children who resist the learning process.

Nowicki said methods of re-orienting children toward an internal approach might some day be used at the preschool level.

Dr. Strickland said the test, called the Nowicki-Strickland Personal Reaction Survey, might be used to help determine which students are more suitable for college.

Nowicki said the experiments generally show black pupils to be more externally oriented than their white classmates and that the gap widens with age and experience.

That finding, he said, is not surprising.

"The lower socio-economic classes don't have the money and the opportunities to make changes in the events affecting them," he said.

Ban On Secret Societies In Texas Schools Upheld

AUSTIN (AP) — The Texas Supreme Court upheld today the constitutionality of a penal statute forbidding secret societies in public schools.

The court said there was no reversible error in lower court opinions involving three Fort Worth high schools.

This was the second time the case reached the Supreme Court. The court sent the case back to the trial court for trial on the merits the first time. The trial court had said it lacked jurisdiction because the plain-

tiffs failed to exhaust their appeals through administrative channels.

MEMORIAL TO CHEER FUND

A memorial gift, among others, helped the Christmas Cheer Fund advance today. Several long-time friends of this program have responded, and are having a hand in seeing that the needy children of the community get a share of holiday delight on Christmas.

All monies received in this Fund go directly to Christmas aid, and to emergency relief of the poor if this subsequently is necessary.

If you want to have a part, make your check to CHRISTMAS CHEER FUND and mail to The Herald for acknowledgment.

Thanks to these:
Nino Short and Pew Broughton, in memory of Faye Boding, \$10.00
Mr. and Mrs. Rex A. Greenwood 5.00
Mrs. David Wade Jones 5.00
Irene McAlister 5.00
Mrs. C. E. Lenox 5.00
Previously acknowledged 160.00
TOTAL TODAY 190.00

Associate Justice Clyde E. Smith dissented from the original decision, saying he would hold the statute unconstitutional "because of deprivation of freedom of association, but also because of discrimination in favor of those clubs or organizations specifically exempted, such as De Mole, Rainbow Girls, Boy Scouts, Hi-Y, Girl Reserves and other like educational organizations."

The statute says club membership may not be decided by a vote of the members but only by the choice of a qualified student who wishes to join.

The trial court found that "charity clubs," whose members attacked the statute, had "engaged in activities similar in character to university fraternities, sororities and secret societies in the following manner: interclub council, rush, pledge, parties, meetings, pins, similar dress."

The judge said the activities of these clubs "have substantially and materially disrupted and affected the orderly operation of Arlington Heights High School, Eastern Hills High School and Paschal High School."

"One who attacks the constitutionality of a statute must show that the statute is palpably arbitrary and without reasonable basis," the judge said.

ALL I WANT FOR CHRISTMAS IS . . . Among dolls, trucks and other toys, these four youngsters all told Santa they wanted their two front teeth for Christmas. Santa promised to contact the North Pole dentist and see if he could include teeth for all good little girls and boys along with packages of toys for Santa's Christmas

Eve trip. The youngsters, all students at Marcy Elementary School, are (left to right): Lisa Polly, daughter of Mr. and Mrs. K. T. Downs; Art Vermuelen, son of Sgt. and Mrs. Arthur Vermuelen; Annette Galloway, daughter of Sgt. and Mrs. Leon Howard; and Misty Glenn, daughter of Sgt. and Mrs. Utah Glenn.

DISCOUNT OFFER
The Herald's annual Holiday Bargain Rate is now in effect (for December only) for home-delivered subscriptions in Big Spring and area. You may receive your paper throughout 1971 for just \$22.25. This is a discount of nearly 12 per cent, and you avoid the worry of making monthly payments. Take advantage of this special offer by mailing your check at once.

2 DECEMBER

Witness Testifies Calley Fired Into My Lai Ditch

FT. BENNING, Ga. (AP) — A machinegunner in Lt. William L. Calley's platoon testified today that a group of Vietnamese people "went in willingly" — on Calley's orders — into a ditch near My Lai where they were shot to death.

"Was there force applied to get people to go in?" Judge R. W. Kennedy asked the witness, Robert Maples.

"No, they just went in willingly."

"Who told them to go in?" the judge asked.

"Lt. Calley," Maples answered.

Maples opened his direct testimony by saying he saw Calley — on trial for the premeditated killing of 102 unresisting Vietnamese civilians at My Lai in March, 1968 — herd a group of people into a ditch and shoot

them; that the lieutenant even asked him to use his weapon on the unarmed men, women and children.

"I refused," the 22-year-old soldier from Freehold, N.J., said.

On cross-examination, Maples was asked:

"You can't say that at any time Lt. Calley gave you an order to shoot people?"

Assault Trial Is Under Way

The trial of Jerry Edward Fielder, 24, 1902 Johnson, got under way in Howard County Court shortly after 10 a.m. today. Fielder is charged with aggravated assault against a Big Spring High School student.

James Boyd Pearce, 18, 1513 Lancaster, testified that the incident grew out of an argument concerning a wreck involving himself and Fielder.

Fielder is accused of shooting young Pearce in the leg in a scuffle during the early morning hours Aug. 30. He was arrested by Big Spring police later that morning, transferred to County Jail and released on \$500 bond Aug. 31.

Pearce was continuing his testimony shortly before noon. County Attorney W. H. Eysen was expected to present the testimony of three other high school-aged youths who allegedly witnessed the incident.

Sheriff's Posse Elects Officers

Members of the Howard County Sheriff's Posse met Tuesday to elect new officers and schedule an open playday.

Elected were T. H. McCann, president; Mack Gamble, vice president; Mrs. Cecial Allred, secretary; Al James, treasurer; Mrs. Marion Tredaway, reporter; Pat Cherry, queen; and Jo Ellen Gamble, alternate queen.

The posse will hold an open playday beginning at 11 a.m. Saturday with registration and events scheduled to begin at 1 p.m. at the Posse Arena on the Andrews Highway. Belt buckles will be awarded at the end of the playday.

Posse members will travel to Odessa Jan. 2 for a parade and will be the Ector County Sheriff Posse's guests for a barbecue and then attend a rodeo.

The local posse ranked second in the nation in national parade standings this year.

"He never gave me an order to shoot people," Maples said.

HEARD SHOTS

He said he saw Calley and Pfc. Paul Meadlo fire into the ditch—Maples called it a hole, and that he saw Meadlo crying.

Another member of Calley's platoon, Lenny B. Laguney, a 26-year-old Hawaiian from Wai-puu, also testified that he saw Calley and Meadlo at the ditch "I heard some shots; some single, some bursts of automatic shots," Laguney said.

"Did you see people?" Laguney testified that Meadlo, who has publicly admitted shooting 35 to 40 people that day, was crying during the shooting.

Chief prosecution lawyer Aubrey Daniel III estimated today that the government will rest its case Dec. 9.

DEATHS

Oct. 18, 1903 in Hereford. She had attended summer normal, and together they taught at Wingate for a year. They then moved to Miles where he had his first brush with newspapering, taking over the Miles Flyer after a disastrous attempt at the sheep business. In 1906 he established the Roscoe Times (a woman, learning that he was unloading a press, snorted: "I lost two bits on the last paper here"). Although not a candidate, he was named mayor of Roscoe when the town was incorporated. He became a partner in the Snyder Signal, in 1913, and soon had it on firm ground.

FOLLOWED RAILROAD
He had been in Roscoe when the Roscoe, Snyder and Pacific railroad was built, and when word came that the Midland & Northwestern was going to build at Seminole this seemed a likely location. The under-financed and poorly-equipped railroad took half a day to run a train from Midland to Seminole and soon folded just ahead of a disastrous drought in 1919. So Mr. Pickle moved his family to Lamesa and struck out for the Wichita and Burkburnett oil booms where he accumulated a small stake.

TO BIG SPRING
With this, he brought a tiny produce business in Big Spring, then in the midst of oil fever. When the boom burst, he formed a grocery and cotton-buying partnership with Victor Flewellen as P&F Company. The business flourished; Mr. Flewellen took the cotton business and Mr. Pickle the grocery, which he converted into the Whitehouse.

Like others, he invested heavily in land and extended his customers far too much credit. Finally, he abandoned the grocery business and tried mule-trading in Missouri, returning to Big Spring to begin a successful real estate business.

Active in civic affairs, he had headed the old Wednesday Luncheon Club, was named to the City Commission and served as mayor 1930-34 when the city hall was built and the city (Comanche Trail) park founded. He kept his realtor's license active until he was past 90.

Mr. Pickle had been a member of the Baptist church since boyhood and was active in affairs of First Church here.

Although the son of a Union soldier, he was the staunchest of Democrats. A highlight of his life was when, while visiting his congressman son in Washington, then President Lyndon Johnson invited him to the White House, and the next day to accompany him to New York aboard Air Force I. It was his first airplane ride. (See related story.)

J. B. PICKLE WITH LBJ
President took him as guest to New York

GAVE PRESIDENT ADVICE

J. B. Pickle Took First Plane Ride With Lyndon

He later described his experience as "better than a fairy tale," but the staunch Texas Democrat did not lose his cool when he had an opportunity to meet the President of the United States.

Reference is to J. B. Pickle, whose long and active career was highlighted in 1964, when at age 88, he had a close personal contact with President Lyndon B. Johnson.

Mr. Pickle, with son-in-law Miller Harris, was in Washington that year to visit his son, Cong. J. J. (Jake) Pickle. At a social gathering, Rep. Pickle introduced his father to President Johnson. The President greeted him warmly, was impressed with his liveliness and invited him to the White House "so we can have our pictures taken together."

The younger Pickle asked his father: "Well, Dad, how does it feel to be invited to the White House to have your picture taken with the President of the United States?"

"I think it might do him some good," replied the elder Pickle calmly.

The senior Pickle scored a hit with the President, so much so that Mr. Johnson invited him to ride the presidential jet to New York and back.

The day started with a helicopter flight to Andrews AFB, Md., then the jet ride to New York. It was the first time in either a copter or a plane for Mr. Pickle.

Congressman Pickle confided that on the trip his father promised the President that he would keep his son voting right by resorting to the razor strap he still has, if necessary.

The President made his elderly guest an intimate part of his official arrival and departure in New York and even suggested Mr. Pickle hold an impromptu press conference, which he did.

Upon his return to Washington, Mr. Pickle described his experience as a "wing-dinger" and something that "could happen only in America."

He later described his whole experience as "better than a fairy tale. It must have been a dream."

MOD Directors Approve Campaign Walk-A-Thon

The board of directors of the Caprock Chapter of the March of Dimes Tuesday night approved a walk-a-thon to be held Jan. 30 as part of the 1971 fundraising campaign.

Mrs. Don Swinney, campaign chairman, reported to the board on plans for the campaign. She said "coffee day" is tentatively set for Jan. 2 under direction of O. T. Brewster, and Rex Goff has agreed to handle the airlift again. She said plans are also under way to distribute canisters to various businesses, and the annual Mother's March is scheduled Jan. 18.

The walk-a-thon will involve walking from the east city limits of Big Spring four miles out and then back. Mrs. H. H. Stephens, executive secretary, said, "Walkers will have promissory notes from various residents and businessmen agreeing to pay the walker so much per mile. Walkers will have their cards stamped at various checkpoints and then collect the money from their sponsors."

Mrs. Swinney said members of the Howard County Sheriff's Posse and the Five Watters Citizen Band Radio Club had agreed to police the route. First aid stations will also be set up along the route, she said.

Cub Scouts Collect Toys

Cub Scout Pack 179, sponsored by Kentwood United Methodist Church, will be collecting toys in the Kentwood area after 4 p.m. Thursday and Friday and all day Saturday, according to C. G. Evans, cub master.

The toys will be given to the firemen who are collecting and repairing toys for Christmas presents for needy children. Approximately 60 boys from six Cub Scout dens will be making the rounds.

They will be asking for broken toys or old toys which might be refurbished to be given as a Christmas gift. The boys will be in uniform and will be using red wagons to collect the toys.

Local Man At Confab

Bob F. Greene, 706 Willa, is attending a two-day meeting of the National Ad Hoc Review Committee in Washington.

Greene is one of 20 delegates from the nation invited to the conference and a member of the policy advisory committee for parents with children in the Big Spring Head Start program.

The delegates will consider recommendations from regional committees on children in Head Start, size, composition and functions of regional advisory committees and the national advisory council, and other matters.

The meeting began Tuesday and will end today. Greene will return from Washington this weekend after conferences with congressmen and Head Start administrators and file a report with local school administrators.

Pioneers Honored By Cub Scouts

The Webelos color guard posted the colors and led the audience in the Pledge of Allegiance as Cub Scout Pack 29 opened its November meeting Monday night at the Elbow Elementary School.

Pioneer Days, the theme for the month, was presented in various forms. Dens 1 and 3 played "She'll Be Coming 'Round the Mountain" on their homemade band instruments. Den 4 boys were dressed in costumes of the pioneer days and showed cabins, canoes, churms and dipped candles they had made. Den 1 also had sod houses on display. Den 2 boys told about the various pioneers they were imitating. The Webelos Den studied for the engineer badge during the month and showed the catapults they had made.

The following boys were presented with awards: Tommy Blewett, Bobcat; Dale Earnest, arrow point; Kent Berry bear; and Jimmy McAdoo and Jason Marr, certificates of graduation to Boy Scouting.

Guilty Plea

A Big Spring man received a five-years probation sentence Tuesday after pleading guilty in 118th District Court to a charge of burglary. J. D. Moore, 35, 310 NW 3rd, entered his plea before District Judge R. W. Caton. Moore was arrested for burglary Feb. 19, 1969, and released on \$1,500 bond the next day. He was indicted April 24, 1969, by the Howard County Grand Jury.

Jury Denies Damages

Jurors in the case of Nona Hill vs. Robert D. Brewer decided for the defendant in their verdict returned at 3:30 p.m. Tuesday in 118th District Court.

Mrs. Hill was denied the \$10,470 she was seeking in damages as a result of a Feb. 11 auto collision between herself and the defendant. The incident occurred at the intersection of Young and Thirteenth.

Members of the jury were Preston Bell, Jimmy Mantooth, M. D. Gameson, Albert L. White, Sylvia M. Begholt, B. B. Lassiter, Weetona Stutville, Fernin Flores, Jeff Painter, J. T. Baird, Ronald Lewis Richardson and Linda Graham.

WEATHER

NORTHWEST TEXAS: Clear to partly cloudy and little change in temperatures tonight and Thursday. High 78. Low tonight 22.

SOUTHWEST TEXAS EAST OF THE PECOS: Continued partly cloudy with warm afternoons and cool at night through Thursday. High 85. Low tonight 35.

SOUTHWEST TEXAS WEST OF THE PECOS: Continued partly cloudy with warm afternoons and cool at night through Thursday. High 83. Low tonight 28.

Optimists Sell Christmas Trees

The Optimists Clubs of Big Spring have opened their Christmas Tree lots again this year. The lots are at Tenth and Gregg and at Fifth and Birdwell. Available at both lots are Douglas Fir and Scotch Pine trees from 3 to 10 feet tall.

Proceeds of the joint project goes toward various programs during the year, according to Bill Reynolds, president of the Morning Optimists, and Larry Harp, president of the Noon Optimists.

Various projects throughout the year include Youth appreciation week, Young Texan, Optimist relays, band banquet, boys oratorical contest, Gra-Y football, and sponsorship of four baseball teams.

Jury Denies Damages

Six Men Named As C-C Directors

Six new members of the Chamber of Commerce board of directors were named today after an official ballot tabulation. G. C. Broughton Jr., E. L. (Lanny) Hamby, Don Lovelady, Alton Marwitz, Ike Robb, and Dr. Milton Talbot.

The new directors will take office at the next board of directors meeting Dec. 14, when they will join with holdover directors in electing officers.

Broughton, president of Broughton Truck and Implement Co., was the most successful "salesman" in the recent membership drive and has been a member of the Chamber agricultural commerce the past several years.

Hamby, an attorney, is the chairman of the Chamber's Economy In Government task force which has been active in seeking efficiency of governmental services.

Lovelady, a vice president at First National Bank, has served on several Chamber committees, and is currently active with the Pride People task force.

Marwitz, a vice president at State National Bank, is chairman of the agricultural committee and headed the winning sales team in this year's Chamber membership drive.

Robb, manager of Big Spring Theatres Inc., has served on the board before, and as president in 1965.

Dr. Talbot, physician at Malone & Hogan Clinic, has also served as president of the Chamber of Commerce in 1968.

Zone Change Request Denied By Commission

The planning and zoning commission Tuesday turned down one of two requested zone changes and tabled the other when James Lancaster did not appear to explain his request.

A request from Bill Chrane and Associates for a rezoning of a 105.84 acre tract in the Wasson Place No. 2 addition was denied after meeting opposition from several Wasson addition residents.

Chrane proposed a change from "single family" to "light commercial" zoning to allow the development of a mobile home park.

Mr. and Mrs. Wayne Rock, 4007 Wasson, opposed the zone change, saying that it would allow the developer to put in other things besides mobile homes that would have adverse effects on property values. Chrane explained that he asked for the change to allow later establishment of service stations or barber shops if the number of residents in the mobile home subdivision made them desirable.

Others objecting to the plan included J. D. Kendrick, 4003 Wasson, and Charles Smith, 4104 Wasson.

After the public hearings the members of the commission authorized Public Works

DEAR ABBY: I have been married to a terrible housekeeper for 30 years and she thinks I'm happy because I love her. But no one can be happy with a slob but another slob. I've never been able to bring my friends home and I know that our children were also ashamed of the way our house looked. The daughters are married now and they are both very good housekeepers. How do you suppose that happened?

DEAR ABBY: A wife asked you what you thought of a husband who got up at four in the morning and took off for a long-anticipated hunting trip, and forgot his gun! You replied, "I think whatever it was he intended to hunt, he didn't intend to shoot."

DEAR ABBY: My husband had a heart attack and it took him several months to recuperate. Naturally, during that time I had everything to do inside and outside our home. (Don't get me wrong, I'm not complaining. I was glad to do it.)

Whenever I would run into friends while shopping, they would all ask, "How is John feeling?" But not one person asked, "How are you feeling, Marge?"

A wife also goes through a great deal of agony when her husband is sick, and it would be nice for people to realize this and for one of them to ask, "How are you getting along?"

DEAR ABBY: First things first. You are not only 30 years too late with your complaint, but you're directing it to the wrong person. A husband doesn't have to hit his wife over the head with a broom to let her know the place needs a sweeping. Your daughters obviously regarded their mother's housekeeping as a "horrible example," and determined not to follow suit. Sometimes it works that way.

DEAR ABBY: I am surprised at you, Abby. I am sure you must realize that many athletes get pre-game jitters. My brother-in-law was a football player and he used to get diarrhea and throw up before every game. In high school, a member of our boxing team appeared in the gym in his warm-up jacket and a jock strap. He forgot his trunks. Even some of the more experienced entertainers will tell you they still get stage fright. Their stomachs are tied up in knots, and their hearts pound like a trip hammer.

Some expectant fathers, when the baby is due, have been known to start out for the hospital without their wives. Hunters are no different? Be fair, Abby, and print this.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply enclose stamped, addressed envelope.

DEAR ABBY: I have been married to a terrible housekeeper for 30 years and she thinks I'm happy because I love her. But no one can be happy with a slob but another slob. I've never been able to bring my friends home and I know that our children were also ashamed of the way our house looked. The daughters are married now and they are both very good housekeepers. Whenever I would run into friends while shopping, they would all ask, "How is John feeling?" But not one person asked, "How are you feeling, Marge?"

A wife also goes through a great deal of agony when her husband is sick, and it would be nice for people to realize this and for one of them to ask, "How are you getting along?"

DEAR ABBY: I have been married to a terrible housekeeper for 30 years and she thinks I'm happy because I love her. But no one can be happy with a slob but another slob. I've never been able to bring my friends home and I know that our children were also ashamed of the way our house looked. The daughters are married now and they are both very good housekeepers. How do you suppose that happened?

DEAR ABBY: A wife asked you what you thought of a husband who got up at four in the morning and took off for a long-anticipated hunting trip, and forgot his gun! You replied, "I think whatever it was he intended to hunt, he didn't intend to shoot."

DEAR ABBY: My husband had a heart attack and it took him several months to recuperate. Naturally, during that time I had everything to do inside and outside our home. (Don't get me wrong, I'm not complaining. I was glad to do it.)

Whenever I would run into friends while shopping, they would all ask, "How is John feeling?" But not one person asked, "How are you feeling, Marge?"

A wife also goes through a great deal of agony when her husband is sick, and it would be nice for people to realize this and for one of them to ask, "How are you getting along?"

Black Majority By 1982 Looms

HOUSTON, Tex. (AP) — The Houston Independent School District, the nation's sixth largest and the biggest in the South, may have a black majority by 1982, a school official says.

When Negroes and Mexican-Americans are considered together, Anglo pupils now constitute a bare majority of 50.4 per cent, Dr. Harry Jahnke, the director of research for the district, says.

"I don't expect Houston to become another Washington, D.C., where 96 per cent of the students (in 1969) were black," he said, "but we could easily move toward 60 per cent or more black students."

The move toward a black majority is intensified, Jahnke said, because of measures taken to achieve integration. Just this year, the Houston district was ordered to increase integration at all levels by the federal courts.

This has led to a stepped up flight to suburban schools by many whites and a new trend, just beginning, of private schools in Houston, Jahnke says.

Preliminary figures for the Houston district this year reflect a continuing increase in the number of minority children, he said.

At first, school officials had expected an enrollment for 1970: 71 of 245,000 but this far 241,000 have enrolled.

Integration, Jahnke says, is the key to this decline.

"It is an exodus of white children from the district, just as occurred in other major cities that had the kind of desegregation that we are now having in the district," he said.

The new private Northwest Academy in Houston has about 500 pupils, most of them formerly enrolled in the Houston district. An additional 700 pupils have moved during the past few months to the nearby Pasadena district which has only a dozen blacks. Aldine and other small districts in Harris County also report former Houston school district pupils moving into their districts in significant numbers, he said.

In 1954, when the U.S. Supreme Court first ordered inte-

Every State Agency Asked For Names

AUSTIN (AP) — Every state agency has been asked by the comptroller's office for the names of employees who hold outside elective jobs, it was reported.

Kenneth I. Kimbro, chief clerk, said an injunction issued by state Dist. Judge Herman Jones of Austin forbids the comptroller to pay such employees.

A certified copy of Jones' in-

junction was delivered to the comptroller Nov. 25, and letters were sent to the state agencies Nov. 27, Kimbro said.

Some "eight to 10 to 12" of the early responses concerned state employees who hold outside elective jobs, he said.

Kimbro said these employees may owe the state for pay they have received because it was based on an affidavit that says they are in compliance with all state constitutional requirements, including the one that forbids the holding of a separate elective job.

Jones' decision applied to five Texas A&M faculty members who have appealed, Kimbro said. The mayor and two councilmen at Commerce resigned their city jobs Monday because they are faculty members at East Texas State University.

Ballots Sent Out For Board Post

Ballots are now being mailed to members of the Industrial Foundation for the election to fill an IF position on the Chamber of Commerce board of directors.

Five seats on the board are elected by IF members, with one being vacated this year by Don Womack. The nominating committee has chosen Adolph Swartz to appear on the ballot, and if elected he will serve a three-year term.

'Wheelbarrow Challenge' On

FORT SMITH, Ark. (AP) — The second annual Arkansas-Texas "Wheelbarrow Challenge" is on.

Ken Rank of Fort Smith radio station KFSA said that Bret Lewis of KTAP in Austin, Tex., had called him and issued the challenge.

If the University of Texas beats the University of Arkansas Saturday at Austin, Rank will fly to Austin and push Lewis around the Texas campus in an orange and white wheelbarrow. If Arkansas wins, Lewis will push Rank around the Fayetteville campus in a red and white wheelbarrow.

The challenge began last year and Rank flew to Austin on the Monday following Texas' 15-14 victory to hold up his end of the bargain. He says he intends to get even this week.

No Place To Hide

HOUSTON (AP) — Harley T. Brochard, 66, was killed during the night when the parked car in which he was sitting was hit by another vehicle.

Horoscope Forecast
 TOMORROW
 —CARROLL RIGHTER

GENERAL TENDENCIES: Keep your attention focused on realistic and mental matters today and tonight since whatever has to do with money and property seems to have considerable delays and obstacles connected with them. Patience is now a virtue that can save the day, so practice it and don't show others you are irritated. Be wise.

ARIES (March 21 to April 19) You are anxious to go ahead on financial affairs, but others are not very cooperative today. Postpone until a better time. Contact good friend who cheers you up. Plan and think, then all goes well.

TAURUS (April 20 to May 20) This is not a good day to go after support you want for get, project you have. Prevalent on other things for now. Civic matter does not fall today, either. Tomorrow is better for this. Show poise.

Changing 'Rags' Subject To Tax

AUSTIN (AP) — State Comptroller Robert S. Calvert has ruled that the price of alterations to newly purchased clothes is subject to the sales tax.

"If the alteration is made on a garment prior to acceptance by the customer, the alteration charge is considered a service which is part of the sale, and the charge for such alteration is taxable to the customer," he said.

But alteration charges are not taxable when they are not incurred as part of a sale, Calvert added.

Death Results In Damage Suit

Mr. and Mrs. Wilbur R. Pope, 1007 Stadium, have filed a \$52,029 damage suit in 118th District Court against James Otis Skiles.

The suit is in connection with an Oct. 25, 1969, motorbike-car collision which claimed the life of Randall Dean Pope, 16. Young Pope was riding a motorbike on Eleventh Place when he was involved in a collision with the Skiles auto at the intersection of Eleventh Place and Auburn.

UT's Out-Of-State Pupils May Pay More

SAN ANTONIO (AP) — Out-of-state students in the University of Texas system may soon be faced with paying double their current tuition charge of \$200 a semester.

UT Regent John Peace, speculating on the possible tuition hike Tuesday, said he does not expect the regents to recommend an increase for resident students, however.

Peace pointed out that the present tuition charge for non-resident students is \$200 a semester, or \$400 for the normal academic year.

He compared this to "a cost of about \$1,500 per student per year," adding: "Roughly \$1,100 is subsidized by Texas taxpayers."

Asked about possible action on tuition rates by the regents, he replied, "I would speculate that we would make a recommendation as to out-of-state students but have none as to resident students."

The San Antonio regent indicated the approach would be to double the non-resident charge. Tuition for Texas residents is \$50 per semester.

Although Peace said the regents probably will not recommend a hike for resident students, he said this "doesn't mean they're opposed. It just means they don't have an official position."

Tuition increases have been recommended for both residents and non-residents by the co-

ordinating board, Texas college and university system.

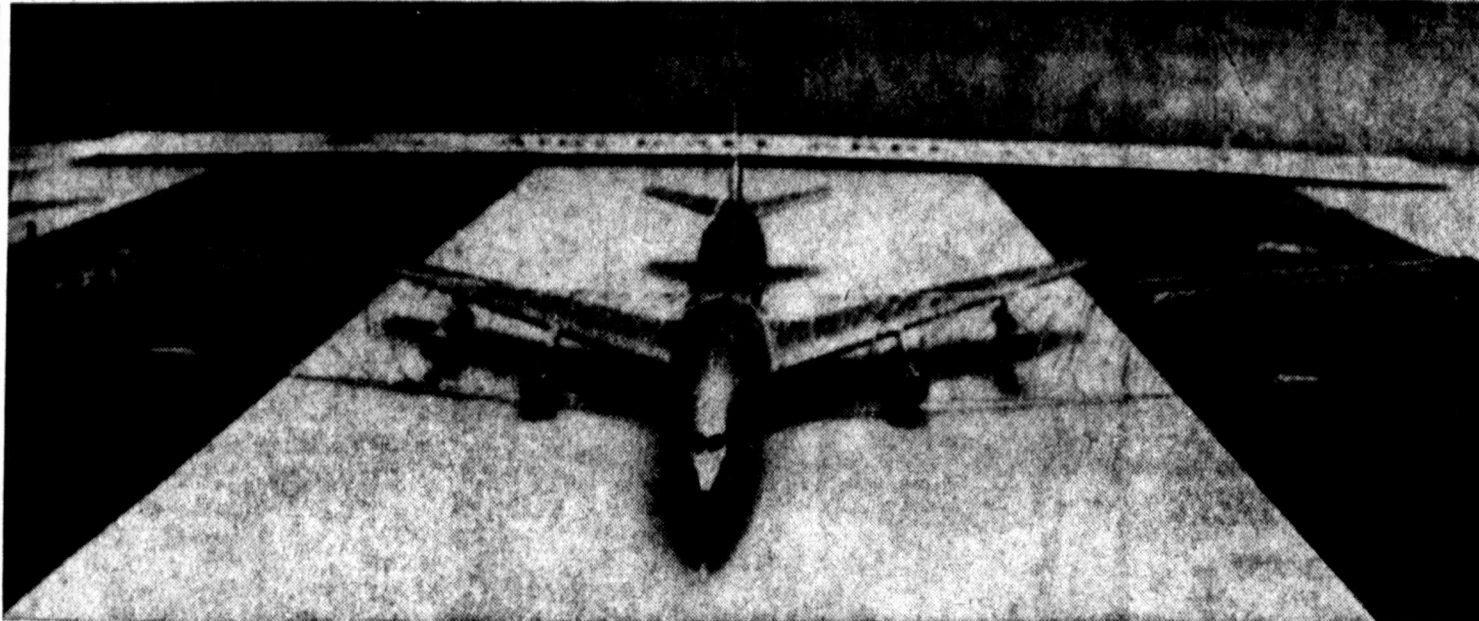

More than 4,000 non-resident students are among the 39,000 enrolled on the UT-Austin campus alone, Peace said.

Adult Leaders Named For Pack

Adult leaders elected for Cub Scout Pack 137, sponsored by Washington Elementary, include Ben Boadle, chairman; J. C. Draper, treasurer; Conn James, public relations and secretary; Kenneth Roach, membership, cub master, advancement and training.

Wolf badges were presented to Robby Parks, Bryan Jenkins, Kevin Hattenbach, Mike Carlile, James Smith, Sam West, Jimmy Marquez, Dale Waler, Craig Blackburn, Mike Ayres, Eugene Boadle, Kerry Simpkins and Bryan Robinson.

One-year pins were given to Brent Pierce, Bryan Robinson, Danny Roach, Jimmy Ferguson and Craig Blackburn. Arrow points were presented to Gary Bolding (4), Stevan Seward and Danny Roach. Activity badges were presented to Randy Roberts, Tony Claxton (3), Steve Morse, David Roach and Robert Brown.

PLANE CATCHER — This model at FAA headquarters in Washington shows how a giant net could prevent end-of-runway airliner disasters by snagging the aircraft. The system is being tested at Edwards Air Force Base, Calif. (AP WIREPHOTO)

Tides Break Oil Spill

KEY LARGO, Fla. (AP) — Winds and tides today broke up an oil spill that had threatened a unique coral reef and the shoreline of these picturesque islands. Remnants of the oil headed out to sea.

The patchy spill, which at one point spread globs of oil over an area 75 miles long by about half a mile wide, was first spotted Monday afternoon.

A Florida Marine Patrol aircraft pilot followed the slick south from Key Largo and said it seemed to be coming from an Italian tanker, the Gelesiae.

Plans Are Studied For Cosden Club

An informal conference looking toward uses and operational policies of the Cosden Country Club facility, which is due to pass to the City of Big Spring the first of the year, was held this morning by a committee from the Chamber of Commerce and the City Commission.

The Cosden property, purchased by the Dora Roberts Foundation and to be presented to the city, has been envisioned as a convention facility and general civic center.

Commissioners and C-C members agreed that some guidelines will have to be established, and the Chamber agreed to finance the services of a planning consultant who is to make a study and give recommendations on the operation of the building.

Further, the Chamber will appoint a special committee to work with this consultant in bringing final recommendations to city officials.

Sentenced To Die In Electric Chair

EL PASO, Tex. (AP) — Leopoldo Morales, 30, charged in connection with the mass slaying of four persons in 1967, was sentenced Tuesday to die in the electric chair.

Dist. Judge Jerry Woodard set the execution date for "sometime before sunrise" Feb. 1, 1971.

The first of four counts of murder with malice was upheld in October by the Court of Criminal Appeals.

Morales was charged in connection with the stabbing and bludgeoning deaths of Pamela Artz, 18; her husband of one month, Pvt. Michael Artz, 23; Albert H. Mearse, 72, and his wife, Alby Rae, 74.

The elderly couple owned the small apartment building in which the Artz' and Morales lived.

Fires had been started in several places in the building and firemen said they found Morales lying partly inside the Artz' apartment.

Attorneys asked that he be allowed to stay in the El Paso County Jail pending disposition of further appeals.

Morales is the first man to receive the death sentence here since 1949.

They also asked that he be allowed to complete a cook's and baker's school course he is taking at the jail.

Ties Depression To Dictatorship

WASHINGTON (AP) — Rep. Wright Patman, D-Tex., said Tuesday "depressions are man made" and that Americans should "wake up now" to spiraling inflation in the country.

"Congress can prevent it if they will look at it from the standpoint of all the people and not permit a few to have certain privileges that might lead to a dictatorship," he told Radio Station WFAA in a telephone interview.

The legislator said that depression would "throw us into a dictatorship pretty fast."

"This country's safety is involved in the whole matter," he added.

Gin Says Thanks To Firefighters

The Fairview Gin has said thanks in a concrete way to the Jonesboro fire department.

For effective work in answering a fire call to the gin in mid-November, the department received a \$50 check from the gin.

Members of the unit managed to get a blazing cotton trailer from among others, then spill its contents to minimize damage, and put out the fire.

Menwhile, the municipality will be making plans for protection and custodial care of the building after Jan. 1, and will be looking at arrangements for insurance, maintenance and upkeep.

It was generally agreed that a schedule of fees will have to be established for use of the building (not unlike auditorium fees) to pay for utilities and custodial care for any events held at the club building. This schedule is to be worked out by the Chamber committee.

If demand presents itself immediately, the Chamber agreed that it would serve as an interim booking agency, to handle requests for the building's use. The civic organization also will make contacts to see if catering services may be obtained for those events which require food service.

♣ 2			

The bidding:

West	North	East	South
Pass	1♠	1♠	2♥
Pass	3♠	Pass	3♦
Pass	3♥	Pass	6♥
Pass	Pass	Pass	Pass

Opening lead: Jack of ♠

Altho South's hand is worth 19 points, lack of a fit induced him to proceed cautiously until North showed a preference for the first bid suit by bidding three hearts. In the expectation that he could develop either dummy's clubs or his own diamonds, he proceeded without further ado to six hearts.

West opened the jack of spades and South was in with the king. A brief examination of the combined holdings revealed that South did not have the transportation required to ruff out his losing diamonds. He decided therefore to develop North's club suit.

A club was led to the ace and the return was ruffed with the ten of hearts as the king and queen appeared from the opponents' hands. North's clubs were now established, and there appeared

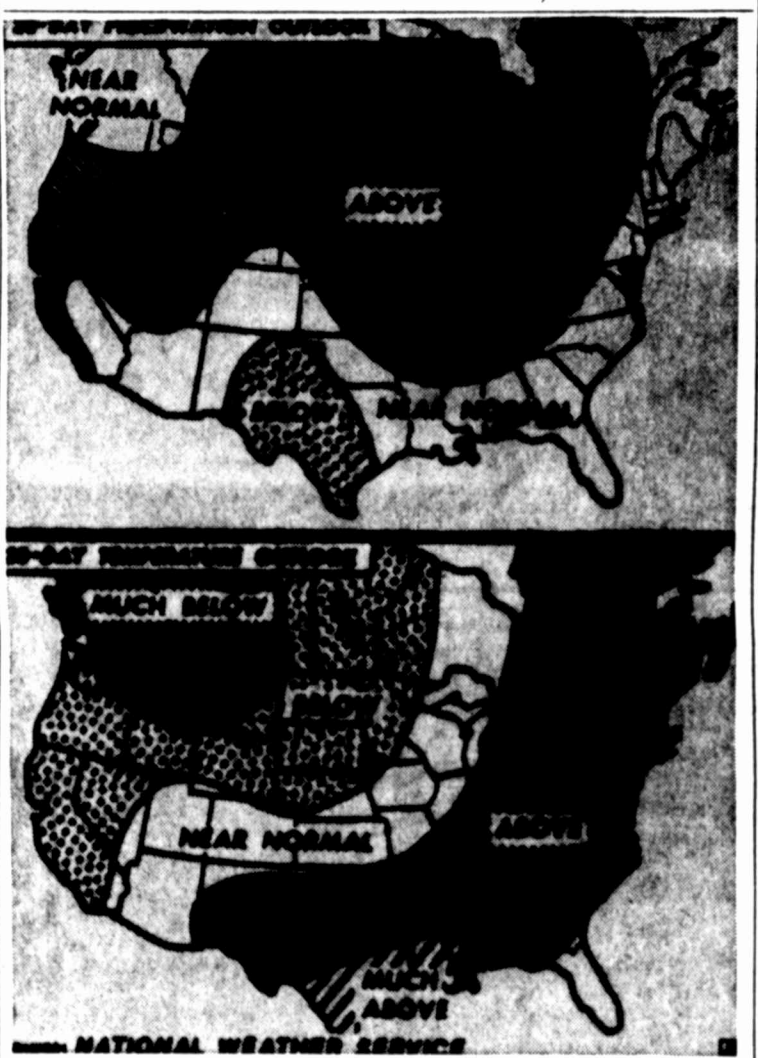

to be nothing further required but the drawing of trump.

The normal procedure is to cash the king and queen of hearts and then cross over to the ace. If the suit divides three-two—as is the normal expectation—North's honor will draw the last trump and the clubs can be run. If the hearts are four-one, however, it appears that the declarer must go down to defeat, inasmuch as one defender has more trumps than the dummy.

South observed that there was a way to cope with an unfavorable heart division provided that West has the long trumps. After the king of hearts was cashed, declarer led a small heart and when West followed with the five, the nine was played from dummy. If East had the jack of hearts, it would be the only trick for his side, for South can win either a diamond or spade return and then cross over to the ace of hearts drawing the last trump. The dummy is now high.

When East showed out on the second round of trumps, declarer began to run the clubs. West was welcome to ruff in whenever he chose, however he must surrender the lead on the return—after which the ace of hearts draws his last trump and North claims the balance.

It may be observed that a diamond lead originally by West into the declarer's second bid suit—would have assured South's defeat, for the defense is in position to force dummy in diamonds subsequently before the trumps can be drawn. We are not inclined however to point the finger of scorn at West for his actual choice.

THIRTY-DAY OUTLOOK MAP — This is the way the nation's weather shapes up for the next 30 days in terms of precipitation and temperatures, according to the National Weather Service in Washington. (AP WIREPHOTO MAP)

We know you have questions about anti-pollution gasolines.

- 1. Will taking lead out of gasoline help clean up the air?**
Yes, although it won't do the whole job. But it will get rid of the lead particulates that escape from your exhaust. That's why we've taken most of the lead out of new Big Plus.
- 2. Why not take out all the lead?**
We could have made a totally lead-free gasoline, of course. But engine testing shows that some lead is needed to prevent possible valve damage. So we left half a cc of lead per gallon in Big Plus.
- 3. Do you have to settle for low octane in an anti-pollution gasoline?**
Not necessarily. Big Plus has a research octane of 96, high enough so that 9 out of 10 drivers can use it without worrying about engine knock.

- 4. What about the other kinds of pollution?**
To reduce hydrocarbon emissions, we doubled the amount of engine-cleaning detergent in our new gasoline. So Big Plus can help clean up your carburetor and help keep your engine running clean.
- 5. Is an anti-pollution gasoline expensive?**
Not Big Plus. We priced it below premium. And since it can clean deposits from your carburetor, it can cut fuel waste and improve your mileage, too. That's another money-saver. New Big Plus from Enco. It's the lowest-lead, highest-octane gasoline for the money. Ask for it where you see the Enco sign. And help your car run clean.

Agnew's Trip To Dallas 'News' Event

DALLAS, Tex. (AP) — Vice President Spiro T. Agnew swept into Dallas Tuesday night for a meeting with Dallas Morning News and WFAA executives, chatted briefly with newsmen at Love Field then departed for his hotel suite where he was to remain for the night.

Agnew's trip to Dallas was termed "strictly a media visit." He was to hold a conference with the News executives Wednesday.

In his brief remarks, Agnew defended President Nixon's criticism of the General Motors-United Auto Workers wage pact, saying the strike settlement agreement "has inflationary tendencies."

Earlier in the day, Nixon had rapped the wage agreement, warning that higher wages coupled with high auto prices would drive Americans to the foreign car market.

"I thought the President said what he had to say and was very restrained under the circumstances," Agnew said. He added that Nixon's remarks should not be construed as a swipe at auto industry unions.

"All in all," he said, "I see very good, tangible evidences that things are improving." He said the economy is "turning around," interest rates are falling and new home starts are increasing.

Agnew arrived in Dallas with no fanfare, apparently in keeping with his request for privacy. There were no officials on hand to greet him and only a handful of people at the airport appeared to be aware of his arrival.

Ventriloquist To Entertain Group

Lisa Roach, a young woman with unusual talent as an entertainer, will be featured at the annual Christmas party given by the Big Spring Shrine Club for physically handicapped children.

She has been invited for numerous appearances in San Angelo and has appeared on television there as a pianist and ventriloquist.

D. A. Brazel, chairman of the party, again asked for help in locating all children from 3 to 11 years of age, inclusive, who have physical disabilities, so they may be invited to the party.

He also would appreciate help in locating Celisa and Angie Rubio, whose last address shown was 306 NE 10th; Dany Leigh Clark, shown at 707 Settles; and Larry Dwayne King, PO Box 167, Coahoma. Letters of invitation to them have been returned.

Goodbye 'Dolly!' It's Been Nice

NEW YORK (AP) — "Hello, Dolly!," the longest running musical in Broadway history, will bid goodbye Dec. 27 after its 2,844th performance.

The show opened Jan. 16, 1964, with Carol Channing in the role of Dolly Gallagher Levi.

Since then six other stars have played the title role: Ginger Rogers, Martha Raye, Betty Grable, Pearl Bailey, Phyllis

Diller and Ethel Merman, who is currently in the show.

"Dolly" surpassed "My Fair Lady" as the longest running musical last September. Only "Life With Father," 3,224 and "Tobacco Road", 3,182, among nonmusicals have run longer.

Thugs Steal Baby, Three Wise Men

INDIANAPOLIS (AP) — Mr. and Mrs. Harold L. Allison awoke Sunday to find someone had stolen the figures from their outdoor Nativity scene.

The thieves took the holy family, three wise men, shepherds and animals. They tried to pry a lighted cross from the roof of the house but gave up after breaking a few light bulbs.

"Stealing a baby Jesus is really taking Christ out of Christmas," Mrs. Allison said.

Rehab Center Schedules Crippled Children's Clinic

The Dora Roberts Rehabilitation Center in cooperation with the Howard County Easter Seal Society will conduct its next crippled childrens clinic Saturday, beginning at 9 a.m. Parents of children may pre-register by calling the center, 267-6387, or register the day of the clinic until noon.

The clinic will be under the supervision of the center's medical advisory committee. This committee is composed of Dr. B. Broadrick, Dr. M. W. Talbot Jr., Dr. Nell W. Sanders, Dr. Louise Worthy, Dr. Pete Rhymes and Dr. Jim Roberts. The medical director of the clinic will be Dr. Pete Rhymes, orthopedic surgeon from Malone & Hogan Clinic. Dr. J. M. Woodall will be the pediatrician.

is best for the child. The child might need one or a combination of the following types of treatment: physical therapy, surgery, braces, corrective shoes, drugs, or a home exercise program.

It is essential that children eligible for the state crippled childrens program be seen by a physician who is a member of the board of physicians approved by the state crippled childrens division before they can be placed under this program. Children who attend this clinic will be eligible to apply for the state crippled childrens program.

FUTURE UNCERTAIN — Dr. Roger O. Egeberg, chief health officer in the Nixon administration, is uncertain whether he will leave or remain in his position as the Dept. of Health, Education and Welfare seems to be once again involved in a struggle over personnel with the White House.

All children up to 21 are eligible to attend. This will include children from the surrounding area as well as from Big Spring and Howard County. It is hoped that children from Lamesa, Colorado City, Snyder, Loraine, Stanton, Sterling City, Garden City and other cities as well, will benefit from this clinic. No charge will be made for services rendered.

Parents who wish to have their children seen in this clinic should contact their family physicians in order to have them referred. If they do not have a physician they should contact the center or register the day of the clinic.

The purpose of the clinic is to offer a diagnostic and evaluation service to crippled children through the team approach. The team will consist of an orthopedic surgeon, pediatrician, physical therapist, public health nurse and brace man.

The clinic will help to determine what kind of treatment

NO MORE IRONING FOR YOU!

Join the electric dryer crowd's permanent press fashion parade.

It takes controlled heat to bring out the best in permanent press clothes. Controlled heat is exactly what you get when you buy a new electric dryer.

Permanent press things come out ready for the hanger, ready to wear. It's like getting your clothes dried and ironed in one near-effortless step.

Flameless electric heat pampers permanent

press fabrics, pampers every fabric. White things dry white. Colors stay bright longer.

ADMINISTRATION 'SHOCKINGLY BAD' Food System Degrades 'Poor'

By LEE JONES
Associated Press Writer

AUSTIN (AP) — The Senate Interim Welfare Reform Committee in a report just issued calls the state welfare administration "shockingly bad" and said the food distribution system is exploitative and degrades the poor.

FOOD STAMPS

The committee recommended reorganization of the welfare system. It also recommended food stamps to replace the commodity distribution program.

The committee also declared Texas is not getting all the federal dollars for welfare that it should.

"Administration of the welfare function in Texas is shockingly bad," declared committee Chairman William P. Hobby Jr. of the Houston Post.

The committee said the present three-man, part-time, unpaid State Welfare Board is "relatively helpless" to cope with sudden changes in federal policies.

It said the governor should be given "direct responsibility" for welfare programs with a cabinet type "secretary of human resources" to administer them.

Major policy decisions would be submitted to the governor quarterly for approval.

HUMAN RESOURCES

The "department of human resources" might ultimately be expanded to embrace rehabilitation, mental health and mental retardation and health services now performed by separate state agencies, Hobby suggested at a news conference.

The committee recommended the legislature should set up another committee to study this possibility.

The actual operation of the welfare department also should be completely reorganized, the committee said, with installation of a \$6 million to \$7 million computer system to handle numerous clerical and information tasks. After two years, the com-

puters would save the state \$50,000 a month, or more, the committee believes.

Hobby said a recent study in the Welfare Department's Lubbock office showed case workers were spending only 5 out of 40 hours each week working with welfare recipients. The rest of their time was spent on paper work, meetings and other administrative duties.

Computerization of clerical tasks "will enable persons trained as professional social workers to do professional social work," said Dr. June Hyer, who directed the committee's research.

The committee endorsed the department's decision to determine eligibility for benefits in all adult assistance programs by a simple declaration of need.

DENIED WELFARE

But the committee said eligibility for aid to families with dependent children also should be determined this way.

Only appeals from welfare decisions should require attention by social or financial caseworkers, the report said.

Applicants who lied in their declarations of need would be denied welfare for a year and a day.

"An unreasonable amount of

time and expense has been involved in determining eligibility for financial assistance," the committee commented.

Direct commodity distribution was condemned by the committee, which recommended federally provided food stamps in its place.

STRICT DIETS

"Many of the foods on the commodity list have not been suitable for the chronically ill recipients on strict diets. Poor transportation to and from distribution points has limited the available to only those recipients who are physically able and mobile," the report said.

"Long lines and the physical difficulty of transporting quantities of groceries has led to exploitation and abuse of the aged, ill and mothers accompanied by children. The inadequacy of refrigeration and food storage in sub-standard housing has led to waste and contamination of foods," the report stated.

51 COUNTIES

The committee said commodity distribution programs operated by the Welfare Department in 51 counties have had administrative costs of \$1.17 per person a month, compared with 47 cents a person for the food stamp program in Bexar County.

Welfare families that received food stamps would have higher living standards, even though monthly benefits might be cut, the committee said.

Administrative costs for food stamp distribution with welfare checks would be \$10,000 to \$20,000 a year, with stamps issued free to the state by the federal government, the report said.

Food stamps "increase the value of welfare assistance by 20-30 per cent without new dollars" spent by the state, it declared.

By channeling local funds for welfare-type activities such as charity hospitals through the Welfare Department, amounts available for such services might be tripled, the committee said. It explained that the service would become eligible for 2-50-1 federal matching funds.

MATCHING FUNDS

The committee estimated that the \$80 million to \$100 million now being spent on such local welfare services could be used to attract \$160 million to \$200 million in additional federal funds.

The report proposed that the Senate authorize a study of local tax spending on welfare for which federal matching funds would be available if the local money were channeled through the Welfare Department.

Following that study, "appropriate legislation" should be introduced in 1973, the committee said.

MINI-SKIRTED GIRLS RECEIVE COMMUNION FROM POPE — As one girl, clad in mini-skirt leaves, right, others walk up to Pope, center, to receive communion today in Sydney, Australia, at the Randwick Racecourse.

BIG SPRING DAILY HERALD

SECTION B BIG SPRING, TEXAS, WEDNESDAY, DECEMBER 2, 1970 SECTION B

REPORTERS ARRESTED — Two reporters from The Berkeley Tribe, underground newspaper, were arrested in the area of the Fairmont Hotel Tuesday during anti-war demonstrations which erupted in some violence while Vice President Nguyen Cao Ky was speaking before the San Francisco Commonwealth Club. At left is Roseanne Golaz as she was arrested and at right she is with Tracy Thompson (with camera) as an officer takes their names.

Basque Terrorists Nab, Hold Consul

SAN SEBASTIAN, Spain (AP) — Basque terrorists kidnaped the honorary West German consul in San Sebastian and are holding him hostage for 15 Basque nationalists who go on trial Thursday, a French Basque organization reported today.

The Basque Anai-Artea, or Brothers Association, in Bayonne, France, said it had received a message from the Spanish-Basque ETA organization that 39-year-old Eugene Beihl is "in its hands."

The message reportedly said Beihl's fate depends on what happens to the 15 Basques at their trial.

RED CAR

Witnesses told police Beihl, who represents several German industrial firms in San Sebastian, drove into his garage Tuesday night, then drove out again with several other men in the car. Police said a red car with French license plates followed Beihl's sedan.

The West German Embassy in Madrid issued a statement saying: "We know a group of people overwhelmed the consul conference that in 1969 a total of 322,000 people were injured with him and another car fol-

lowing. Since then he has vanished."

BARGAINING ITEM

The embassy said it had received no word "from persons connected with the consul's disappearance." But there was speculation that the ETA, a terrorist group dedicated to achieving independence for the four Basque provinces in north central Spain, abducted Beihl to use him in bargaining for the release of the Basques.

The ETA had said it would retaliate for the trial but did not say how.

The defendants are charged with banditry and terrorism.

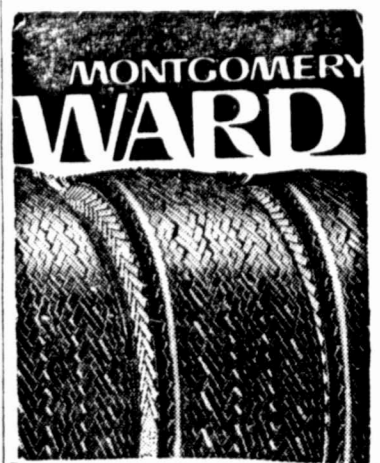

Factory Mishaps

LONDON (AP) — Every one of Britain's 15 million manual workers can expect to be seriously injured at least twice during his working life, according to safety expert Sydney Robinson.

Robinson, chairman of the London group of trade union congress industrial welfare committee, told a conference that in 1969 a total of 322,000 people were injured in factory accidents in Britain.

Architect Dies

CHICAGO (AP) — Alfred P. Shaw, 76, a Chicago architect for more than four decades and the designer of several of the city's landmarks as well as air and naval bases in Spain and Bermuda, died Tuesday. He was a former director of the American Institute of Architects and was president of Alfred Shaw and Associates.

Three Cases Pointing Out Pentagon Credibility Gap

WASHINGTON (AP) — Since taking office nearly two years ago Secretary of Defense Melvin R. Laird has been particularly sensitive about any doubts cast on the credibility of the Pentagon.

Laird periodically likes to remind newsmen of his efforts "to restore and maintain the credibility of this department." He cites the establishment of daily Pentagon news briefings and the abandonment of background briefings attributable only to unnamed sources in favor of his frequent on-the-record news conferences.

LIKE SORE THUMB

But, despite these efforts, the credibility issue is haunting the Defense Department, just as it did during the years of President Lyndon Johnson's administration.

Three cases stand out in which it appeared the Pentagon was saying one thing and doing another:

The U.S. bombing raids in

Cambodia, the denial that U.S. ground combat troops were in Laos, and last week's disclosure of the dramatic commando raid near Hanoi.

When it was disclosed last spring that U.S. planes were hitting North Vietnamese and Viet Cong targets in Cambodia, congressional opponents of the war feared the new action represented deepening U.S. involvement in Southeast Asia.

'SOUR' RAID

But the Pentagon insisted the raids were being carried out only to cut off enemy troop concentrations and supply lines which spokesmen said threatened U.S. forces in South Vietnam.

It wasn't until newsmen in Cambodia witnessed U.S. planes flying support for Cambodian ground troops that the Pentagon acknowledged the air strikes were incidentally helping Cambodians.

As for U.S. troops in Laos, it has become common knowledge

that some American forces are in that country, but the Pentagon refers to them as advisers and not "ground combat troops."

Laird acknowledged last week the reason he decided to tell of a daring but unsuccessful commando effort to rescue American prisoners of war was to avoid a credibility problem after the North Vietnamese accused the United States of bombing civilian targets in the Hanoi area.

THEY DIDN'T ASK

In his initial explanation, Laird said only that Navy planes dropped flares along the North Vietnamese coast to divert the enemy's attention from the commando raid.

It wasn't until after President Nixon let word slip at a Thanksgiving dinner for wounded servicemen that the Pentagon confirmed U.S. fighter-bombers hit targets in the POW camp area.

So, as it has on several occasions throughout the Vietnam

war, the Pentagon wound up confirming in part charges made by Hanoi.

Why didn't Laird tell the senators and the public about the air strikes?

"Now, I answer questions, but I only answer the questions that are asked... and that particular question was not asked," he told a news conference Monday. Otherwise, he added, "I think you'll find that I've been as forthright as one could possibly be in answering all questions."

Drier Month Than Usual

November was drier than average, according to records kept by the Big Spring Experiment Station.

There was no precipitation recorded during the month, compared to a 71-year average of 0.98 inch. Total rainfall recorded so far in 1970 is 12.71 inches, or 4.96 inches below normal.

The month's average maximum temperature was 67 degrees and the minimum average temperature was 35 degrees, compared to the 55-year average reading of 65 degrees and 38 degrees.

Warmest days in November were recorded on Nov. 6 and 7 when the mercury reached the 83 degree mark. November 14 and 23 tied for the lowest reading with 23 degrees.

The wind velocity was 5.2, compared to a 52-year average of 3.6. The evaporation level was 5.07.

Puzzle of Tuesday, Dec. 1, Solved

SA Diphtheria Count Tops 145

SAN ANTONIO (AP) — The diphtheria count stood at 146 for the year and four for the week today after two children were confirmed as victims of the contagious throat infection.

A boy, 4, and a girl, 7, were listed Tuesday as the first diphtheria cases of December. Officials said diagnosis on a suspected case was pending.

Three children had died here since January from diphtheria, which peaked in August with 46 confirmed cases.

Charge Brownwood Man In New Yorker's Death

BROWNWOOD, Tex. (AP) — Harold Powers, 23, was charged with murder with malice Tuesday in connection with the shooting and stabbing death of a traveling salesman.

The body of Gordon Bengston, 35, of Farhill, N.J., was found in a ditch by sheriff's officers earlier in the day.

Bengston was employed by a New York firm.

Powers was denied bond on the murder charge but was allowed \$3,500 bond on a burglary charge associated with the killing.

Investigators said Bengston's throat had been slashed and he had been shot twice by a high-powered rifle. His body was found sprawled near Farm Road 2632 by a Brown County resident Tuesday morning.

Officers said they found \$12 on the body along with an airline ticket indicating he had arrived here Monday night.

Powers was arrested when he tried to drive away in the car near Bengston's body. Officers said they found blood on Powers' clothing.

He was jailed in the Brown County jail.

BRANDING CATFISH IS MY GAME, PARDNER!

AUSTIN (AP) — Branding catfish can be as effective as branding yearling bulls, says the Texas Parks and Wildlife Department.

But, says Biologist David L. Pritchard, a supercool branding iron is used instead of the white-hot branding iron used for cattle.

Pritchard says the copper branding tool is supercooled in dry ice and acetone solution, then held to the catfish's head for one second.

The resulting mark is a dark pattern that grows with the fish and is visible for more than a year as biologists study the fish's movements.

Pritchard says freeze branded fish suffer no ill effects. In fact, he said, they are less prone to infection than a fish marked with conventional plastic or metal tags.

A Devotion For Today . . .

But I say unto you, Love your enemies, and pray for them that persecute you. (Matthew 5:44, ASV)

PRAYER: O God, fill us with Christlikeness. Help us to do good to those who offend us. Forgive our trespasses and deliver us from evil, in the name of our Lord Jesus Christ. Amen.

(From the 'Upper Room')

Job Well Done

The formal dedication of the Howard County Free Library in its new home at Fourth and Scurry calls for a word of appreciation for the Howard County Commissioners Court.

From a meager start many years ago, successive courts have made steadily better provision for the library, first in the new courthouse, then in the historic Dora Roberts Home.

But no court has devoted more attention and resources to expansion of the library than the present one in setting aside funds not only for operation but in creating a nest egg for remodeling of the former post

office building into a new home for the library, and in supplying equipment and furnishings.

Taxpayers should be grateful to note that this sizable undertaking was done without resort to warrants or bond issues. The result is that the library is now comfortably housed (with lots of room for expansion) in a building which would have cost at least a quarter of a million dollars to build.

We trust that succeeding courts will continue the appreciation of how necessary a good library is to the completeness of a community.

Disappearing Act

More than a billion Kennedy half-dollars have been minted, but the average American seldom sees one except in change at a bank. What happened to them?

Apparently millions of Americans have put away the Kennedy halves as keepsakes, a sentimental reminder of a stimulating, short period in American history. The earlier halves

may also be hoarded because of the higher silver content. The demand for the halves is brisk in Great Britain and a number of other European countries as collector's items.

It's puzzling, though, a billion half-dollars have almost disappeared. Nothing like this has happened before to a U.S. coin with such a high mintage.

David Lawrence Raid Shows U.S. Means Business

WASHINGTON — There is more than meets the eye in the story of the raid by a joint U.S. Army-Air Force task force on a prisoner-of-war camp in North Vietnam. The United States has been withdrawing a considerable number of its troops from Southeast Asia and for two years has refrained from bombing North Vietnam — all in the hope that the negotiations at the peace conference in Paris would be productive. But the impression created on the enemy has been one of weakness and hopelessness in this country.

THE NIXON administration, on the other hand, is trying to let the North Vietnamese know that the war isn't over and that it will not be ended with an American surrender. Secretary Laird's statement that the rescue mission was planned in an attempt to free Americans held prisoner is literally correct. But the raid had far more significance. It showed that the United States is not committed to a permanent halt in the bombing unless there is a satisfactory agreement with the other side.

THE DEFENSE Department has disclosed reports of more than 22 deaths among American prisoners which have been received from unofficial sources in the past several months, a number of them in recent days. The causes of death — illness, wounds or mistreatment — are not known. The Hanoi government has consistently refused to provide any information to neutral agencies, such as the International Red Cross, on the prisoners — something which emphasizes the inhumane attitude of the North Vietnamese throughout the war.

VARIOUS diplomatic efforts to secure the release of the prisoners have been unsuccessful, and rarely in history has any nation been as cruel in its treatment of prisoners as the Hanoi government has proved to be. The raid provided an oppor-

tunity for the United States to demonstrate to the world that sooner or later it may have to invade North Vietnam with other missions to liberate prisoners. Maybe Hanoi will see the point and begin to negotiate.

APPEALS have been made to public opinion throughout the world for sympathetic expressions concerning the American prisoners of war held by North Vietnam. It has been revealed that there are at least 350 and perhaps as many as 1,500 Americans being held prisoner at several locations in North Vietnam. Despite all the pleas at Paris and to the Hanoi government by relatives of the prisoners, no progress has been made toward their release or even for more humane treatment.

The Defense Department now is taking up the cause in a simple manner — it will attempt to free the prisoners by every possible means, including raids in North Vietnam.

CONGRESS IS being asked to pass resolutions commending members of the force which carried out the raid to rescue American prisoners. Senator Bob Dole, Republican of Kansas, has introduced such a resolution in the Senate for himself and a bipartisan group of co-sponsors.

Representatives Paul Findley, Republican of Illinois, and Samuel S. Stratton, Democrat of New York, have circulated a similar resolution among members of the House.

The position of the United States in Vietnam is improving right along. South Vietnam, with the help of this country, is building a large army and soon may have a force of at least a million men, well trained and equipped with modern weapons. The feeling here is that peace negotiations cannot be ignored much longer by Hanoi.

(Copyright, 1970, Publishers-Hall Syndicate)

What Others Say

The demise of railroad passenger service makes the headlines, but there also is an alarming decline in boxcar numbers. Agriculture Secretary Clifford Hardin recently reported the situation to Congress.

In 1959 American railroads had 674,792 boxcars. On Jan. 1 this year they had only 386,499, a drop of 42.7 per cent. The number of narrow door cars, suitable for grain hauling, had declined to 180,574. Covered hopper cars have increased from 58,383 to 125,867, but they are used for other products also and do not fill the needs of the grain industry.

There are a half-billion more bushels of wheat to move than in 1959, some 700 million more bushels of corn, and greater amounts of grain sorghum and soybeans. New corn harvesting-drying methods make that more readily for market faster, with crop burden on the carriers. Export sales are being lost because delivery to ports cannot be made promptly. And there are 27 million more persons to feed in this country than in 1959.

Hardin called this situation "a disastrous breakdown in the agricultural rail transportation system." He favored an Interstate Commerce Commission order to cover emergencies and to require boxcar purchases.—MILWAUKEE JOURNAL

'WE'VE GOT TO GET HIM IN SHAPE BY 1972'

John Cuniff Mortgage Rates Joining Tide

NEW YORK (AP) — Interest rates throughout most of the business world are receding today like an ebbing flood tide but it will be months before the badly damaged mortgage market can be put into working order.

For some obvious reasons, and some obscure ones also, the interest rates on home mortgages are among the last to fall in any rate retreat. And the pattern never was more clear than now.

The discount rate at Federal Reserve banks has fallen from 6 per cent to 5.5 per cent in one year. Some commercial paper rates have been halved. Some U.S. Treasury issues are down 2.5 per cent. Some bank loans cost 7 per cent now compared with 8.5 a year ago.

But, the average interest rate charged on new home mortgages in October rose—not fell—to 8.5 per cent, compared with 8.1 per cent a year earlier. In September, the rate had been down to 8.48 per cent.

A relatively few critics of the banking and savings and loan structures tend to feel that a conspiracy exists, but a look at the reasons why tends to dispel such notions, albeit without justifying the situation.

Moreover, most of the widely published economic analyses foresee mortgage rates joining the tide in the next year, primarily because of an expected influx of money from other areas.

In some states, for example, usury laws shut off the flow of money into mortgages. With yields of 8 per cent or more available in corporate bonds, commercial banks hesitated to invest in mortgages which laws limited to yields of 7.5 per cent.

Now, however, the returns on corporate bonds are becoming less attractive. Should yields fall to 7.25 per cent, large investors would be more tempted to invest in mortgages.

The flow of money into the mortgage market apparently already has begun. The Federal Home Loan Bank Board reported that in October some \$1.06 billion was deposited with savings and loan associations, a tremendous gain.

A year earlier, by contrast, federally insured savings and

loan associations experienced an outflow of \$429 million.

Another factor supporting the high cost of mortgages is the enormous demand from families that have been forced for several years to postpone their housing plans because loans were unobtainable.

In fact, officials of the savings and loan industry, which is the major lender of housing funds, maintain that the average interest rate on mortgages would have been much higher if the forces of supply-demand were

the sole determinant.

In other words, they say, the 8.5 per cent rate is really artificial or legislated. The hypothetical demand rate is still higher than that, they say, and won't fall much below 8.5 per cent for months.

There is little question that demand for housing is great, but sometime during the next year mortgage lenders might find that the ability of builders to meet demands rather than housing needs will determine the demand for their money.

Hal Boyle 'I Hereby Resolve To . . .'

NEW YORK (AP) — While everyone else is out rushing around doing his shopping early to avoid the Christmas rush, I've decided to steal a march on them by making my New Year's resolutions early.

There are a couple of advantages in getting this done a month before the deadline.

For one thing you can make your good resolutions with a clear mind and a steady hand, which is not always true of those who wait to perform this chore until the morning of Jan. 1.

For another, you are free to pick and choose from a complete stock of good resolutions.

There is nothing more pitiful than the harried, procrastinating fellow who comes late to the scene and finds the best resolutions have already been made — and has to settle for second- or third-rate ones.

The problem with most New Year's resolutions is that people who make them accentuate the negative rather than the positive. They vow to quit doing bad things instead of pledging themselves to do more good things. This year, for a change, I'm going to try to do both.

For example, I'm promising myself I will cease —

Oppressing women.
Burying dead horses.
Polluting the atmosphere with any more hot air.

Giving free advice to people who aren't worth two cents

anyway.

Playing poker for keeps after midnight.

Opening savings accounts at banks just to get a free electric blanket or hearing aid.

Goring the other fellow's ox. Ox goring isn't much fun at best, and at the worst it can be terribly fatiguing.

Well, that's enough things I'm going to quit doing. On the more constructive side — the better things I'm going to start doing — I hereby resolve to —

Get more exercise by opening more junk mail.

Write down all the memorable things I hear said at cocktail parties and file them in my snuffbox.

Get an unlisted telephone number, so that all the people who never bothered to call me before won't be able to now in case they change their minds.

Punch anybody in the nose who greets me on Monday morning with such remarks as, "Tell me all about it. Were you in a train wreck over the weekend?"

Reread an old Bobsey Twins book every month to restore my faith in the belief that neither sex nor money is everything.

Listen to the opinions of others — just to assure myself that my ideas aren't the only nutty ones on earth.

Bury all these good resolutions in a time capsule, then dig them up and use them all over again on Jan. 1, 1981.

Around The Rim Addendum To The Compendium

Perhaps it is time for an extension of the compendium of Pickle's laws.

THESE ARE not to be confused with statutes in the codes of jurisprudence, nor with the physical laws developed by scientific exploration and mathematical demonstration. They are, rather, verities of human nature and of circumstance which have been given tests in the crucible of sometime painful or embarrassing experience.

Here are a few which may be added to those previously pronounced in this column:

THE LAW OF Critical Observation or Gossip — "Unless you know all about the person who is seated next to you, the chance of his or her kinship to the topic of conversation increases as to the square of the severity of criticism, or the proximity of kinship grows as to the cube of the juiciness of gossip."

LAW OF Time and Motion — The number of red lights increase in direct proportion to the shortness of time remaining for reaching your destination. The length of each red light also increases geometrically as to the shortness of time.

"Mechanical or tire trouble on the family automobile will increase in proportion to 1) the shortness of time

allotted for a trip; or 2) or increases proportionate to the distance you are in relationship to the amount of cash from home; or 3) or grows in diameter reserve you have on your person."

"After age 40, the rate of frequency of birthdays increases geometrically with each new decade."

THE LAW OF Good Taxes — "The desirability of a tax is in direct ratio to the degree with which it falls on another while at the same time avoiding you."

THE LAWS OF Chance — "The route which you elect to follow will be the one with the detours; or the short cut you take will be the most certain way toward being hopelessly lost, or conversely stated, the short cut is the longest time between two points."

"If you have two or more ball points or fountain pens from which to choose, the one you pick up will be the one which does not work."

"The day when you take friends to that special eating place, or that you carve out time for a haircut, will be the day that the shop is closed; and the store you risk life to reach seconds before closing time is the store which closes half an hour earlier than the others."

—JOE PICKLE

Andrew Tully Putting The Clamp On Skyjackers

WASHINGTON — In this season of holiday airline travel, a comforting report has come from Eastern Airlines, the pioneer more than a year ago in joining forces with the Federal Aviation Administration in a program to put a stop to the hijacking of airliners.

IN BRIEF, the program of surveillance and electronic detection devices has worked. Since the deterrent system became operational throughout Eastern's system in October, 1969, only two Eastern airliners have been hijacked, compared with 13 in the last quarter of 1968 and the first three months of 1969. Six months passed between the two most recent hijackings, the first coming last April and the second in November.

It is noted that Eastern does not search every piece of luggage or frisk every passenger, because such procedures would disrupt operations and seriously inconvenience the innocent passenger. But Eastern has found that passengers will tolerate and support a protective system that "functions smoothly, efficiently and effectively within the pattern of our daily operations."

EASTERN OFFICIALS admit that their efforts were born of necessity. In 1961, the airline was one of five hijacked to Cuba. It was hit again and again, until in the first nine months of 1969, 12 Eastern jets made unscheduled flights to Cuba — the highest frequency among U.S. airlines.

So in June, 1969, Eastern took the FAA's program, based on the "hijacker personality profile" and electronic detection devices, into the

field for trials. By August of that year, after using the system at six key stations, the airline decided to apply the program to its entire system.

THESE DAYS, in cooperation with the Justice Department and the U.S. Marshals Service, Eastern is screening 75 per cent of the more than two million passengers it carries each month, and it is still expanding the system. In the past 12 months the airline has denied boarding to 112 persons and brought about the arrest of 40 suspects — 36 on Federal law violations and four mental cases.

During the Middle East hijacks of September, Eastern further tightened its security and in that period alone it denied boarding to 57 persons and had 19 taken into custody.

THERE HAVE been welcome by-products. U.S. marshals working with Eastern have apprehended passengers carrying guns, knives and narcotics, fleeing to avoid prosecution and being AWOL from the armed services. Weapons and narcotics have been found discarded in gate areas where surveillance was under way. Would-be passengers have turned and left the terminal when approached as "selectees" for questioning.

It is of course too soon to announce that the hijacking problem has been solved. There are still maniacs and political fanatics who will take their chances despite the widespread publicity given the deterrent system. But in a day when so many citizens confine themselves to hand-wringing, it is nice to know that old-fashioned American ingenuity and application still produce results.

Lost In Texas Watching Girls In Cotton Bowl

By ROBERT E. FORD

Associated Press Writer

The people building the Texas Stadium out in Irving, meaning the people who run the Dallas Cowboys, are going around making big noises about the new bowl possessing escalators. It doesn't particularly send girl observers doing handstands.

Purely in the cause of scientific research, girl observers should pick the top of the upper deck of the Cotton Bowl.

By the time the young ladies reach that lofty perch, with all that climbing, the exercise has started their blood pumping furiously, that bright color in their faces is not pancake makeup, their eyes sparkle with health and they perform some wonderful deep breathing.

As a scientist of long standing, we have noted that not once have any of the females had difficulty running up all those steps.

They climb easily, cleanly and without hesitation.

Noticeable, however, is the sorry physical condition of the ladies' escorts. They don't arrive breathing deeply. They arrive gasping. Toward the end of the trip, the males labor as if each step is a life and death matter.

Some men simply halt, trying to recoup some strength for the stretch drive, and their companions stop a few steps above them, turn around and cry, "Get moving. It's kickoff time. You sick or something?"

It is very noticeable when anyone goes down the steps for drinks or popcorn, it usually is the female, returning with fuel for the weary male.

As we say, it is a great place for scientific research, for there simply are no ugly girls at football games.

The reason is very simple. No young man is going to blow \$20 — and it will cost that for tickets, parking, drinks and perhaps a hamburger on the way home — on a dog.

And a certain competitiveness among women seems to have developed, at Cowboy games at least. Each tries to outdress the other. The mini-skirts are shorter, the sweaters tighter, the sparkle brighter.

Perhaps the warmer southern climate has something to do with the feminine finery. Not often down here do women dress as they do for northern games.

Few women can look beautiful wearing thermal longhorns, heavy wool slacks, ear muffs and a blanket. The cold doesn't just bring out the color in their faces. It turns them beet red.

The Cotton Bowl has been renovated and certainly it needed it. For one thing, people like who sat in some of the cheapest seats discovered that beginning about 10 years ago some of the wooden benches so rotten that spectators were in serious danger of being speared by a splinter in an embarrassing region unless they sat very carefully. That danger has been removed.

The non-profit corporation that runs the Cotton Bowl got a lot for the \$2.6 million it spent in renovation. One of the more useful expenditures was \$392,000 for 14 additional comfort stations.

A fellow told us the other day, and we have no way to check it, that the brains at Yale built the hallowed Yale Bowl without even one rest room. We would be inclined to believe this was just a tall story were it not that we recall that Austin's Memorial Stadium once was terribly deficient. And the Cotton Bowl before rehabilitation was not a lot better.

A couple of years ago there was one station per 5,392 5-14 fans.

It now is improved to one room per 2,573 4-7 spectators.

Progress is terribly expensive.

Geography Rules

FRANKFORT, Ky. (AP) — Geography, rather than type or severity of illness, will determine how patients are grouped in Kentucky's psychiatric hospitals during the coming year.

Each of the four institutions will be divided into four geographic units with 200 patients in every unit, making it easier for area volunteers and relatives to visit.

Billy Graham

I know a very rich man who made his money legally by his own efforts and hard work. I wonder why the people in our town envy him?

R.L. There is no sin in being rich — if the money was obtained honestly. While there are some advantages to being rich, there are also many disadvantages. We really should not envy a person of means, for gold has a way of attaching quite a high price to its presence. America is the most affluent nation in the world, for example, but it is also one of the most envied and hated.

But the real reason, I believe, why some rich people are not respected is not that they are rich, but because of the way they handle their riches. For example, I know a very wealthy man who is loved by the people of the community he lives in. Being a Christian, he believes that God gave him riches so he could share them with others. Many times he has given people employment, just because he had compassion upon them. He gives anonymously to worthy causes, and wishes no credit for his philanthropy. He is loved and respected. Not because he is rich, but because he considers his wealth a trust from God, and he uses it accordingly.

The Bible says: "Weep and howl rich men . . . for your riches are corrupted." Like a buried talent, if riches are used selfishly, they have a way of corrupting men.

Free Tosses Upend HCJC

LUBBOCK — Texas Tech's Picadors used free tosses to topple Howard County, 83-72, here Tuesday evening.

The Tech freshmen made more gratis pitches (33) than the Hawks had chances. HC beat the Pics from the floor, making 29 of 79 baskets for 36.7 per cent. Tech connected 25 times in 65 attempts for 38.5 per cent.

The Big Spring team caught the Picadors a couple of times midway in the contest but could never build a lead.

At the line, Tech hit 33 of 47 for 70.2 per cent while Howard County could make good only 14 times in 32 tries for 43.8 per cent.

At half time, the Lubbock collegians had a 40-32 bulge. Archie Myers played one of his better games for HC, scoring 23 points. Melvin Perez counted 13 and Shelley York ten for the Jayhawks.

Randy Prince of Midland, who stands 6-9, pulled down 18 rebounds and scored 25 points for the Picadors.

HC lost Myers, Perez and Lawrence Young all to fouls while York, Kenneth Neal and Harry Miller each had four when the end came.

Richard Little, who played with HC's Neal and Young last year for Abilene High School under the present Hawk coach, Harold Wilder, wound up with 19 points for Tech.

HC, now 4-5 on the season, returns to play in the Odessa tournament Thursday.

Collier Says He'll Pack It In This Year

(CLEVELAND AP) — Cleveland Browns Coach Blanton Collier said Tuesday that his decision to announce his voluntary retirement at the end of this season was made to take pressure off his struggling football team.

Collier publically announced his retirement Tuesday after telling his players of his decision after Sunday's 28-9 loss to Pittsburgh. He had told Browns owner Art Modell and Harold Saubert, the team's general manager, of his decision before the season began.

"I didn't tell the players at the beginning of the season because I wanted the team to win on its own merits," Collier said. "I didn't want them to have the extra burden of perhaps trying to do something for a coach who was retiring."

The Browns have posted only a 5-6 record this season, but are tied for first place with Pittsburgh and Cincinnati in the American Football Conference's Central Division.

"I let the players know about it on Sunday because I felt that it might take some pressure off them," said Collier, who has won 74 games, lost 33 and tied two in eight years as head coach. "I didn't want them to feel that they had to win games for me to save my job."

Collier, who will be 65 in July, said he had seen other coaches forced to retire and "I didn't want my coaches' clothes cut off me."

"I always wanted to be the one to say when I leave," he added.

Collier, in his second head coach in Browns' history, joined Paul Brown in organizing the Browns in the All-American Conference in 1946. He had spent 16 previous years coaching high school teams in Kentucky.

He left the Browns to become head coach at the University of Kentucky in 1954, and compiled a 41-36-3 mark at Kentucky before returning to the Browns as an assistant coach in 1962. He took over the Browns after Brown was fired after the 1962 season.

Cage Powers Record Wins

(By The Associated Press) Artis Gilmore and Austin Carr picked up where they left off on the courts and Adolph Rupp continued to do his thing from the bench as Jacksonville, Notre Dame and Kentucky justified their preseason rankings with victories Tuesday night in the opening of the collegiate basketball season.

Gilmore, the towering 7-foot-2 center for Jacksonville, methodically poured in 50 points, snared 29 rebounds and slapped down 11 enemy shots as the Dolphins, fourth-ranked in The Associated Press preseason poll, mangled visiting Biscayne College 132-88.

IRISH AWAKEN Fifth-ranked Notre Dame, trailing an aroused Michigan squad 43-39 at halftime, woke up in the second half and, with Carr canning a game-high 38 points, the Irish overhauled the home-town Wolverines 94-81.

Rupp, the winningest collegiate coach since the hoop was invented, chalked up triumph No. 837 as Kentucky's third-rated Wildcats snapped a 79-79 tie midway in the second half and clawed upset-minded Northwestern 115-100 in Evanston, Ill.

The top two teams, defending champion UCLA and second-rated South Carolina, open their seasons later this week with the Bruins taking on Baylor on Friday and SC facing Auburn Thursday.

The only two other teams in the Top Ten in opening-night action got off on the right foot as eighth-ranked Villanova fought off a second-half rally by host Philadelphia Textile and beat the NCAA college division champs 91-71 and No. 10 Drake smothered visiting Wisconsin State of Platteville 107-73.

The Second Ten provided the night's only clash between nationally ranked teams as Kansas' 14th-ranked Jayhawks took advantage of cold-shooting long Beach State, then shook off a bomb threat to blast the 18th-ranked 49ers 69-52.

In other Second Ten action No. 12 Utah State withstood a last-ditch rally by Ohio State for a 95-89 victory. No. 13 Duke used four free throws in the final two minutes to snap a tie and edge Princeton 79-75. No. 15 New Mexico State—third behind UCLA and Jacksonville in the NCAA national tourney last March—bombed the University of Texas-Arlington 107-82; 16th-ranked Indiana rode an early lead to a 99-82 victory over Eastern Michigan and No. 19 North Carolina State slammed in 19 straight second-half points to pound Atlanta Christian College 104-74.

LAMESA — A cold third quarter cost Big Spring here Tuesday night when the polished Lamesa Tornados won an 83-71 decision.

The defeat left Big Spring with a 4-2 won-lost record. The Steers return to action in the Plainview tournament against Levelland Thursday afternoon.

Lamesa's JV team also won, turning back the Big Spring reserves, 92-74.

Sophomore Jack McCurley of Lamesa set a torrid scoring pace, ripping the cords for 29 points. Jesse Olague was the top hand for Big Spring in point production, with 22. Mike Randle flipped in 13 for the Steers.

Big Spring left the court trailing by a score of 34-30 but was outscored in Round Three, 29-18.

Robert Wallace and Orlando Olague each tallied 13 for Big Spring in the B game.

GRA-Y CONCLAVE Slated Saturday The Gra-Y basketball program will be organized at the local Y at 10 a.m., Saturday. All parents of boys are being urged to attend.

The session will be highlighted by a talk offered by Howard Wilder, HCJC coach. Following the meeting, the Optimist clubs will give both Gra-Y football and basketball players a hot dog feed. The meal will be served about 11:45 a.m.

BOBCATS Lashed By Panthers FORT STOCKTON — Fort Stockton slashed San Angelo Central, 75-57, in a basketball game here Tuesday night.

James Fallon, 6-8, scored 21 points for the Panthers. Brad Tarpley tossed in 17 for the Bobcats, who are now 2-3 on the season.

ECTOR OUTLASTS Snyder, 73-70 SNYDER — Odessa Ector outlasted Snyder, 73-70, here Tuesday night. Dub Preston of Snyder led all scorers with 27 points.

In JV play, Snyder won by the score of 58-43.

Hobbs Decisions Rebels, 139-83

MIDLAND — Seven Hobbs, N.M., players hit in double figures as the visitors ran away from Midland Lee, 139-83, here Tuesday night.

Jim Ward paced the Hobbs team with 31 points. Jerry Graves led Lee with 18.

Hobbs made good on 60 of 91 shots from the floor for 66 per cent. The defeat left Lee with a 4-4 record.

WIN A ROADRUNNER DURING THIS LAST WEEK-END OF RACING!

The Thoroughbred Futurity! This Sunday—the seventh running of Sunland's greatest Fall race for Thoroughbreds. Magnificent two-year-olds compete over six furlongs for a purse of \$45,000!

Friday Twilight Racing at 3 p.m. Post Time Sat. & Sun.—1:30 p.m. THIS SUNDAY YOU COULD WIN A ROADRUNNER! There is still time to register for the drawing, which will be held after the last race. Drawing coupons are in the program. Just fill them out and deposit them in the boxes in the Clubhouse and Grandstand. You could drive home in this fine car!

Racing ends for the Fall Season this Sunday. See you on Dec. 26 when the Spring Season starts!

Sunland Park

HE'S LEADING NFL—Washington Redskins' running back Larry Brown takes a hand-off from quarterback Sonny Jurgensen and then turns up field for a good gain. Brown is leading the National Football League in rushing with 996 yards—an average of 90.5 yards per game, with three games remaining.

Forsan Fems Nip Klondike

FORSAN — Val Stephens and Cliff Stephens led the Klondike Cougars to a 75-48 victory over the Forsan Buffaloes here Tuesday night.

Val hit 29 points while Cliff settled for 20. Forsan was paced by Jeff Williams, who accounted for 11 points. Steve Yeatts tossed in ten for the Bisons.

Forsan hung on to edge Klondike in the girls' game, 60-58, in a game which saw Gloria Dodd count 39 points for Forsan and Joyce Wilcher get 37 for Klondike.

With seven seconds remaining, Dodd shot out from front and missed but followed it up and hit just before the buzzer went off to give the Buffalo Queens their first win in five years over the Cougarettes.

The Forsan girls are now 4-2 on the year. Klondike is 3-5. The Forsan boys are 1-1 while the Klondike boys were making their first start.

Forsan lost the girls' B game, 30-25. Becky Strickland had 13 for Forsan and Beth Tidwell 17 for Klondike.

Boys' game: Forsan (48) — Jacky Willis 41.9; Steve Yeatts 42.30; Tom Kukendall 3.2; Jeff Williams 43.11; Rudy Halpin 2.04; Will Morgan 1.82; Mike Murphy 1.02; David Moore 1.02; Totals 204-88. KLONDIKE (75) — Cliff Stephens 84.20; Val Stephens 125.29; Bryan Roberts 3.04; Jim Etheredge 1.02; Bob Arla 1.02; Terry Foster 2.04; Johnny Lopez 3.04; Totals 33-97.5.

Girls' game: Forsan (60) — Gloria Dodd 17.53; Connie Dunagan 8.19; Kathy Reed 6.22; Totals 25-10.60. KLONDIKE (58) — Becky Smith 83.17; Joyce Wilcher 61.57; Liz Konec 2.12; Totals 17-24.58.

JV Team Plays In Snyder Meet Big Spring's JV basketball team opens play in the Snyder tournament Friday in a 3:30 p.m. contest against Lubbock Monterey.

The eight-team tournament extends through Saturday night. Pairings: Friday—BS vs. Monterey, 3:30 p.m.; Plainview vs. Seminole, 5:30 p.m.; Midland vs. Lubbock, 6:30 p.m.; Midland vs. Snyder, 8 p.m.

Saturday—If Dauger wins, they play at 11 a.m., Saturday. If they lose, they play at 8 a.m. Saturday. Consolation finals at 5 p.m., third place game at 6:30 p.m.; finals at 8 p.m.

JUCO GAMES Cisco, Ranger Both Triumph

CISCO — Cisco College's Wranglers won their first game of the season, defeating the Howard Payne JV's, 84-68, here Tuesday night.

Wilson Barrow paced the Wranglers with 29 points.

RANGER — Ranger College mauled Midwestern's JVs, 91-77, in a cage contest here Tuesday night. Ranger led at half time, 46-30.

LOOKING 'EM OVER With Tommy Hart

You can write into that war of words going on between Cassius Clay and Joe Frazier what you will but there are few genuine feuds in professional boxing.

The talent is so rare, men in the same weight division desperately need each other. The bickering that breaks out usually is the brain child of one or two publicists. The wrestlers pioneered the idea and still capitalize on it.

Clay initially became a sensational drawing card because he was always putting down some opponent with the gibberish some called verse.

Max Schmeling, who visited in Houston recently, said his heralded feud with Joe Louis was nothing but a figment of some publicist's imagination.

Schmeling added there never had been any bitterness between him and the Brown Bomber. Invariably, Max was made out to be the villain of the scenario, mainly because he was a German and America was gearing up to exchange thunderbolts with the Nazis more than three decades ago.

Schmeling was widely quoted when he remarked, "I zee zomtings," after watching Louis fight Paulino Uzcudun, the Bouncing Bosque.

What Max saw was that Joe brought his left glove back low — rather than protecting his jaw — after every jab. A straight right hand was Schmeling's best punch and he elected to throw it every time Louis started to jab. By exploiting Louis' weakness, Max was able to achieve a 12th round knockout.

In their return fight, Louis apparently decided the biggest mistake he had made was in letting Schmeling hang in there too long. Joe won the second fight in less than a round.

Schmeling was a German paratrooper during World War II but he never fired a shot in anger.

Max also stated he thought Rocky Marciano would have made short of Clay.

It pays to have a magnetic person like QB Jim Plunkett of Stanford on a football team.

Stanford drew 635,756 the past season and the Indians will play before another 100,000 in the Rose Bowl game.

This note from Danny Clendenin, the Big Spring product who is riding shotgun in the back courts for the Texas A&I basketball team:

"Coach Don McDonald said two pro scouts told him that A&I's football team had more pro material than almost any team. I live next door to a guy from Corpus Christi Miller (Ernest Price). He's 6-7 and weighs 240. He's supposed to run the 100 in 9.9."

Clendenin is playing well enough to merit consideration as a starter for the Javelinas. Other A&I regulars include two boys from Wisconsin, one of whom is 6-6; a Latin from Laredo standing 6-5; and a 6-7 Negro boy from Galveston. All give it the good try, says Danny.

A&I is playing in a new gymnasium seating 5,000. The fieldhouse is part of a recently-opened health and physical education complex and is said to be one of the finest in the Lone Star conference.

The relatively new rule which stops the clock in football after each first down must have added an average of eight or ten plays to high school games.

Games which used to be over by 10 p.m. now run until about 10:20 and later — another argument for advancing the starting times of 5-AAAA contests to 7:30 p.m.

I think each school should be allowed to start contests when they see fit, provided the visiting delegation agrees to it. Most other high school conferences in the state have moved the starting hour of their contests forward to 7:30 p.m.

SWC schools have been employing the earlier starting hour for several years and no one has complained.

Cooper Batters Coronado Five

ABILENE — Abilene Cooper routed Lubbock Coronado, 78-51, in a basketball game here Tuesday night.

Abe Burrows paced the Cougars with 20 points. Larry Williams had 17 for the visitors.

The win was the fifth in seven starts for the Cougars.

ALI'S IRE'S UP — Muhammad Ali scowls at Argentinian Oscar Bonavena in corridor at Madison Square Garden in New York Tuesday. They appeared at the Garden for a pre-fight physical examination. They'll meet next Monday in a 15-round heavyweight bout. They engaged in a shoving and shouting match after undergoing their physicals, following up this confrontation before the exams.

Aparicio Is Traded To Boston Red Sox

LOS ANGELES (AP) — Two rebuilding clubs have landed Luis Aparicio look-alikes at baseball's winter trade market, but the prototype shortstop belongs to the Boston Red Sox today and they're building a pennant dream on the new property.

The Chicago White Sox, cleaning house after a last-place finish in the American League's Western Division, dealt Aparicio to Boston Tuesday for second baseman Mike Andrews and 21-year-old shortstop Luis Alvarado.

Chicago Manager Chuck Tanner promptly likened Alvarado to the 36-year-old Venezuelan bantam he'll try to replace in the White Sox infield.

Meanwhile, the Baltimore Orioles reluctantly parted with Aparicio's countryman and protégé, 21-year-old shortstop Enzo Hernandez, in a six-player swap that also sent pitcher Tom Phoebus to San Diego's National League expansion team in exchange for pitchers Pat Dobson and Tom Duker.

HIATT TO ASTROS
In other major league transactions, Atlanta traded infielder

Bob Aspromonte to the New York Mets for reliever Ron Herbel and Houston purchased catcher Jack Hiatt from the Chicago Cubs.

"Reports from our scouts compare Alvarado to a young Luis Aparicio," Tanner said after the White Sox swung their third deal of the two-day-old winter meetings.

"I'm not saying Hernandez is another Aparicio," he reminds me a lot of Luis when he was a kid," said Orioles' skipper Earl Weaver following the world champs' second trade in brisk swapping that promises to mount at the winter meetings before Friday's windup.

While the White Sox and Padres envisioned future returns from their young shortstops and the pitching-rich Orioles looked toward Dobson as another potential 20-game winner, Boston's Eddie Kasko took the short view—and saw a championship flag flying over Fenway Park.

"We feel we can win the pennant with Aparicio," said the Red Sox' skipper, who plans to shift Rico Petrocelli from short to third base to make room for the 155-pound veteran of 15 American League seasons.

"I'm not concerned about his age, not if we win next year. By the time he's through, we'll have someone to take his place. I'm more concerned about next year."

Aparicio, a superb shortstop who has led the league in stolen bases nine times, batted a career-high .313 in 146 games last season.

Andrews, 27, batted .253 for the Red Sox, with 17 homers and 65 runs batted in.

"He'll be the take-charge guy in our infield," said Tanner. "We'll help stabilize Alvarado at short and Carlos May, who we've moving to first from the outfield."

Alvarado, the International League's Most Valuable Player in 1969, began his rookie AL season as Boston's regular third baseman but wound up dividing the year between the Red Sox and their Louisville farm club. He hit .224 in 59 games with Boston.

Kats Waylay Crane Twice

CRANE — Garden City swept a basketball twin bill from Crane teams here Tuesday night.

The Garden City girls beat the Crane varsity troops, 69-34. Bobbie Glenn setting the pace with 15 points. The win was the third in six starts for the Kittens.

Garden City's boys turned back Crane's JV unit, 48-35, to even their record at 1-1. Richard Shafer led the Barkents in that one with 15 points.

The Garden City teams are entered in the Merton round-robin tournament this weekend. They meet Eola, Christoval and Merton in that order.

Boys' game:
CRANE JV (25) — Cadeano 3-0-6; Henderson 1-0-2; Wotter 5-2-12; Hagan 1-1-3; Peek 4-2-10; Gibbs 1-0-2. Totals 15-5-35.
GARDEN CITY (48) — Hayden 3-0-6; Shafer 5-5-15; Livingston 1-3-2; Parker 4-1-9; Smith 6-0-12; Janso 1-0-2; Hoffmann 8-1-1. Totals 20-8-48.

RICE TRIPS ACC SWC Quintets Bat .500 In Debuts

By The Associated Press

Southwest Conference basketball teams batted .500 in the opening round of non-conference warfare Tuesday night with defending champion Rice jumping from the chute with a solid 98-81 victory over Abilene Christian.

Other SWC winners were Texas Tech 93, San Diego State 86, Southern Methodist 105, Austin College 76, and Baylor 82, Southwest Texas 72.

The losers included Missouri 80, Arkansas 78 in overtime; Florida State 80, Texas 78; Stephen F. Austin 89, Texas A&M 82; and Kansas State 79, Texas Christian 70.

The only game tonight finds SMU at Georgia Tech.

Tom Myer pumped in 26 points as the Owls rattled ACC at Houston in a rout for Coach Don Knodel's charges.

Gene Knolle was in mid-season form as he shredded the nets for 34 points in pacing Texas Tech to victory before a shouting throng of 8,500 fans in Lubbock. The Red Raiders held only a 43-38 halftime margin over the Aztecs.

Rugged William Chatmon caught fire for 19 of his 23 points in the second half as Baylor overcame a 13-point deficit to trip the rugged South-west Texas Bobcats before 3,200 fans in Waco. Baylor held a thin 40-37 halftime margin. Sylvester Brown gunned in 25 points for the losers.

Gene Phillips missed his first seven shots then settled down for 25 points as Southern Methodist stamped Austin College. It was the most points scored by a Mustang team since they beat Rice 112-89 in 1966.

The losers had their moments. Texas trailed by 13 points with 13 minutes to go but pulled within a point before falling to Florida State. A bank shot by Texas sophomore Ralph Elliott rimmed the bucket with five seconds to play. Texas junior forward Lynn Howden set a school rebounding record with 24 to best the old mark of 21 set in 1955.

A&M led 60-59 with 11:01 remaining before S. F. Austin ripped off 16 consecutive points. The Aggies led 41-39 at halftime. Hames Silas had 32 points for the Lumberjacks to pace all scorers while Steve Niles headed the Aggies with 15.

Simpson Degrate of TCU was the leading scorer with 18 although the Horned Frogs fell to the Big Eight Wildcats in Manhattan, Kan. Kansas State held a 48-33 margin in the second half but TCU rallied to make the final score close.

round of the Danny Thomas-Diplomat Open, no longer on the schedule.

It hasn't been a bad year, by most standards. He's won more than \$120,000, finished second three times and been in the top 10 in about 60 per cent of his starts.

But his only victory was a shared one. He teamed with Jack Nicklaus in winning the National Four-Ball Championship. He hasn't won alone, however, and now has only two more chances to keep alive his 15-year string.

He will be one of the favorites for the \$25,000 first prize—which could put him into the No. 2 spot on the money winning list—when the 72-hole event starts Thursday on the flat, 6,843-yard, par 35-36-71 Coral Springs Country Club course.

Other top contenders include Lee Trevino and Australian Bruce Devlin, who will be making his first start since winning the rich Alban Tournament almost two months ago.

Store Opens Especially For Patients

About 350 patients at the Big Spring State Hospital were treated to an open house and shopping party at the F. W. Woolworth Co. store Monday night.

This is the ninth year Woolworth's has opened its doors to the patients can do their Christmas shopping. The sales staff at the store, after working a full shift, came back from 7 to 9 p.m. to reopen the store for the patients.

Herman Bauer, store manager, arranged for free coffee and donuts and Webb AFB operated a shuttle bus service.

"I guess it's now a tradition to have the open house for the state hospital patients," Bauer said. "Nine years ago as the volunteer coordinator at the hospital approached me to see if we could do anything for the patients. She suggested that we hold an open house after store hours so the patients could shop, and I went for the idea and we've done it ever since."

The idea of the open house is not to offer charity to the patients but to give them a chance to do their Christmas shopping. "I've been told by the hospital staff that the patients talk about the shopping party for weeks and look forward to it each year. I'm glad we can offer something that they can enjoy," Bauer said.

Pussycat Suit

LOS ANGELES (AP) — A \$1 million law suit by comedian Jerry Lewis over the sinking of his yacht Pussycat has been settled out of court.

The boat, a 65-footer, went down off the coast of California soon after Lewis bought it four years ago. He and four others aboard swam to safety.

Multiple Listing Service

BUYERS AND SELLERS receive the benefit of cooperation between Realtors rather than being restricted to the offerings of a single agent or a series of agents. (2) Buyers, by contacting only one Realtor, may have access to the listings of all Realtors who participate. (3) Current market information, which is readily available through Multiple Listing, means that Realtors, their clients and the public are better served and informed. (4) Negotiations are carried on under rules of procedure designed to assure ethical practice, thus furthering the interest of clients and the public while extending adherence to high standards of practice.

PTA Convention Delegates Approve Legislation Aimed To Protect Youth

Realistic penalties for first offense possession of marijuana was included in the eight-point legislative program approved by more than 2,000 delegates to the Texas Congress of Parents and Teachers state convention in Galveston.

The other items included: Strengthened laws and enforcement to eliminate the illegal traffic in drugs and narcotics; Adequate appropriations to implement the teacher pay and kindergarten legislation previously enacted; Strengthened traffic safety laws and enforcement, including school safety laws; Standards for supervising and regulating private trade, technical and business schools; Strengthened laws and enforcement to eliminate pollution of air, land and water; Strengthened laws and enforcement to protect children and youth from obscene and pornographic materials, publi-

cations and films and; Amendment of the Texas Family Code to require parental consent for underage marriages by informal or common law marriage.

Delegates debated at length the item concerning realistic penalties for first offense possession of marijuana and finally approved the measure after Mrs. A. T. Leveridge Jr., state legislative chairman, called the wording a mandate for delegates to go back to their local communities, determine what realistic penalties were, and make their wishes known to their legislators.

IMMUNIZATION
A resolution supporting freedom of choice in the public schools introduced by several Houston PTA's was first postponed indefinitely and then referred to the Texas PTA educational relations committee. Delegates also passed a resolution calling for compulsory immunization for diphtheria,

measles, polio, whooping cough, rubella, smallpox, mumps, and tetanus. A proposed amendment which would have allowed a religious exemption was defeated.

Other resolutions passed by the delegate body included one commending a youth citizenship program entitled Youth to Youth Incorporated sponsored by the Cleburne Rotary Club and one urging the study of existing juvenile laws, their use and enforcement by local PTA legislation committees.

Mrs. Jean Harris of Agua Dulce was elected Texas PTA president for the next two years. Other officers elected were Mrs. Marvin Armstrong of Lubbock, first vice president; Mrs. A. T. Leveridge, Jr. of East Bernard, second vice president; and Mrs. V. F. Herberster of Houston, recording secretary.

RE-EXAMINE VALUES
Delegates heard Judge G. Bowdon Hunt, national PTA

juvenile protection chairman, who called on parents to re-examine the values which they teach their children are important, and Dr. Nolan Estes, superintendent of the Dallas ISD who defended PTA from what he called unwarranted criticism. Other speakers included Gordon Apple, administrative assistant, operations, Dallas ISD, and Bob Gooding, newscaster for WFAA in Dallas.

During group conferences participants sought to find the role of local PTA's as a constructive force in coping with problems of drug abuse, humanizing education, and appreciating diverse cultures within the state.

This convention marked the end of the administration of Robert H. McKay, assistant superintendent of the Dallas ISD, who has been president of the Texas PTA for the last two years.

Bride-Elect Honored At Shower

A bridal shower honoring Miss Martha Ann Boadle, bride-elect of Lt. Jerry L. Nichols, was held Tuesday in the home of Mrs. Ruby Bruns, 4111 Dixon from 7 to 9 p.m.

The bride's chosen colors of red and green were carried out in table decorations. The centerpiece was a crystal madonna surrounded by red poinsettias and greenery flanked by green candles in gold holders. The table was covered with a white crocheted cloth. Pettis fours were topped with red roses, and green napkins were engraved with the couple's names. Appointments were gold and white milk glass.

Hostesses with Mrs. Bruns were Mrs. T. A. Welch, Mrs. Oliver Cofer Jr., Mrs. M. J. O'Brien, Mrs. Hervey Perry, Mrs. J. Gale Kilgore, Mrs. J. W. Hughes and Mrs. Glen Gale. Red rose corsages were presented to the honoree and her mother, Mrs. Robert Boadle.

The couple will be married Dec. 22.

Asks For Dance Reservations

C. D. Tuttle, chairman for the Saturday Christmas dance at Big Spring Country Club, has announced that reservations should be made by calling the club, 267-7701, by Friday. Admission is free and club member couples are allowed to bring one guest couple. Music will be by the Bernie Howell Trio.

MRS. JOHN T. LIVOLSI

Couple United In Marriage

Miss Debbie Jean Coates became the bride of John T. Livolsi Sunday in a ceremony held in St. Patrick Cathedral at Cannonsburg, Pa. The ritual and nuptial mass was performed by the Rev. Nicholas C. Dattilo before an altar enhanced with arrangements of white gladioli, carnations and greenery. Traditional music was performed by the church organist.

The bride is the daughter of Mr. and Mrs. Dub Coates, Coahoma, and the bridegroom is the son of Mr. and Mrs. John P. Livolsi of Houston, Pa. The bride's mother attended the ceremony, and attendants for the couple were Mrs. Joe Manfredi of Washington, Pa., sister of the bridegroom, and Terry Frantz of Houston, Pa.

The bride was attired in a long-sleeved sheath dress of powder blue antique silk with sleeveless coat of silver blue background with deep blue brocade flowers. Her flowers were blue carnations and baby mums tied with satin ribbon.

Mrs. Manfredi wore a green knit suit.

The bride, a graduate of Coahoma High School, was employed at the State National Bank in Big Spring. The bridegroom, who is a graduate of Chartiers High School in Houston, Pa., was formerly in the Air Force where he spent four years at Webb Air Force Base.

The couple will reside near Washington, Pa., where he is employed by Pittsburg-Des Moines Steel Company.

Rebekah Lodges Set January Installations

Rebekah lodges met Tuesday evening, electing officers who will be installed in January.

BIG SPRING LODGE
Big Spring Rebekah Lodge 284 elected to office Mrs. T. V. Neal, noble grand; Mrs. A. R. Cadzow, vice grand; Mrs. T. A. Melton, recording secretary; Mrs. Ivan Collins, financial secretary; and Mrs. L. A. Griffith, treasurer.

Other positions filled include representative, Mrs. Collins; alternate, Mrs. A. F. Hill; and trustee, Mrs. R. E. Hughes. The new officers will be installed in January. Mrs. E. V. Cockerham, current noble grand, presided.

Following business, there was a birthday party for Mrs. Earl Wilson, Mrs. W. D. Adkins, Mrs. Cockerham, Mrs. Logan Grider and Albert Gilliland.

Refreshments were served by Mrs. W. A. Majors, Mrs. C. D. Herring, Mrs. W. N. Wood and Mrs. Grider. The table was covered by a lace cloth with red underlay, and decorations followed a Christmas theme. Cake and punch were served.

The next meeting will be Tuesday, 7:30 p.m. in the IOOF Hall.

Collegians Home For Thanksgiving

KNOTT (SC) — Larry Newcomer of Stevensville College spent the holiday weekend with his parents, Mr. and Mrs. Earl Newcomer. Other guests of the Newcomer's for the holidays were her parents, Mr. and Mrs. Loyd Nichols of Seagraves and the Jeffrie Nichols' of Rockwall.

Charles Jones, son of Mr. and Mrs. V. A. Jones, and Lance Hopper, son of Mr. and Mrs. Jack Hopper, spent the Thanksgiving holidays with their parents. Both are students at Texas Tech University.

Leslie Woods Is Home For Holiday

Home to spend the holiday with his parents, Mr. and Mrs. Harold Woods, Sand Springs, was Leslie Woods, a student at Bible Baptist Seminary in Arlington. While here, he conducted the Sunday night worship service at Grace Baptist Church. Visiting with him was Charles Wynegar, also a student at the seminary, who presented solo music at both church services Sunday.

Two Women Get Prizes At Club

Mrs. C. H. Sitton was a guest when the Inch Pinchers met Monday in the home of Mrs. LeRoy Dolan, Sterling City Route. Mrs. Ray Anderson won the monthly hair style prize, and tied with Mrs. R. P. Morton for another prize. The group will meet next Monday in the home of Mrs. Stewart Anderson, 3611 Calvin.

Lamesan Returns From Convention

LAMESA (SC) — Venita Wood, administrator of Weaver Lodge, has returned from the Texas Nursing Home Association convention held in Fort Worth.

Based on the theme, "A New Spectrum in the 70's," the meeting drew over 1,200 nursing home owners and representatives from the health care field. The keynote address was by Gus Mutscher, speaker, Texas House of Representatives. Lt. Gov. Ben Barnes delivered the address for the general session.

Polishing Shoes

When new shoes do not take a polish well, rub them thoroughly with the cut half of a lemon. When dry, polish in the usual way, and you will be pleased at how nice they look.

OES Calls Meeting

Laura B. Hart Chapter 1019, Order of Eastern Star, will hold a called meeting at 8 p.m., Friday for initiation in the Malone and Hogan Clinic, Jan. 5 at 7 p.m.

Ed Shive Addresses Park Hill School PTA

Ed Shive, director of the Texas Educational Agency for West Texas, was guest speaker at the Park Hill Parent-Teacher Association meeting last night in the school cafeteria. Shive spoke on "Vocational Education."

Following the talk, Jim Baum, president, gave a synthesis of the accomplishments of the organization in the past year. Ernest Boyd, principal, reminded members of the new lunch program whereby meals are now priced according to individual ability to pay. Formerly each lunch was thirty-five cents.

After the business meeting the fourth grade students of Mrs. Jack Gulley and Mrs. Carl Bradley presented a Christmas program. The parent attendance count was won by Mrs. Gulley's room.
