CANNIBALISM SUSPECTED

Wisconsin Man Held After 10 Heads Found

PLAINFIELD, Wis. (AP) — The Waushara County district attorney said today that five more heads have been found on an isolated farm near Plainfield, raising to 10 the number of cadavers discovered so far in the house where a mild - mannered handy man lived alone.

Dist. Atty. Earl Kileen said that Edward Gein had broken a stubborn 30-hour silence and admitted that he "knew something" about the macabre collection.

Kileen said that Gein told him he might have killed the victims, and admitted the ghastly butchering of a 58-year-old Plainfield businesswoman Saturday.

Gein was asked whether, in connection with the disemboweling of Mrs. Bernice Worden, he had intended to eat his victim.

"On that point he still has a lapse of memory," Kileen said.

The five latest heads to be found were wrapped in plastic bags.

Shortly after 11 a.m. the 51-year old Gein—a frail-looking 140-pound bachelor—wearing rubber boots, and with his red cloth gloves handcuffed before him, was taken from jail at Wautoma by Kileen, Sheriff Art Schley and County Judge Boyd Clark.

"He has something he wants to show us," Kileen said.

The farm scene where the grisly discoveries were made lay under a four-inch blanket of snow today but State Crime Laboratory officials continued their chilling work of searching the buildings.

Investigators found the remains of four women in the farm home yesterday. Law enforcement officials refused to furnish any details. Dozens of city, county and state officers searched the 160-acre property throughout the night.

There were rumors that Gein's bedroom was decorated with furniture upholstered in human skin.

Kileen yesterday said the case appeared to be cannibalism. He said he could place both robbery and murder charges against Gein.

Kileen explained a robbery charge would involve theft of a cash register and a pickup truck from the hardware store Mrs. Bernice Worden, 58, had operated in this community since her husband died 26 years ago.

The cash register was found in Gein's house on an obscure road about seven miles from Plainfield, which is about 120 miles northwest of Milwaukee.

Mrs. Worden's disappearance Saturday touched off the search that led to the grisly trove.

Her decapitated body was found hung by its heels in the summer kitchen of Gein's home.

Officers said state crime laboratory officials had found four other skulls and other segments of female bodies in the house—mostly in the first-floor bedroom and kitchen which Gein occupied. The rest of the house still is neatly furnished in a period of 50 years ago. Neighbors said most of the house was little used since Gein's mother died many years ago.

The search for Mrs. Worden began like this:

Bernard Muschinski Sr., who operates a service station across the street from the large Worden hardware and implement store, saw Mrs. Worden in her store about 8 a. m. Saturday. However, at 9:30 a. m. he noticed that the store was locked. Since this was the opening of the deer season—a time when many small businesses close while the proprietors go hunting—the locked store excited no comment until evening.

Mrs. Worden's son Frank arrived at the station to inquire about a big buck contest, and Muschinski had asked him whether his mother had gone hunting. Worden said she had not and became concerned. He went home for his key to the store.

When the store was opened, blood was found splashed on the floor and the cash register and a pickup truck, usually parked inside the rear of the building, were missing.

Frank recalled that Gein had been in the store several times during the past week and had declared Friday night he would return Saturday morning to buy a gallon of antifreeze. A sales slip for one gallon of antifreeze was the last item Mrs. Worden wrote Saturday morning before she disappeared.

Her son told Sheriff Art Schley of the incident, and Schley went to the Gein farmhouse, where he found the body.

Gein was taken into custody at a nearby county store where he had gone to eat supper.

Troop Bill Before Panel

AUSTIN (AP) — State senators, fresh from a weekend with the folk at home, today asked whether or not an anti-troop bill would take too much authority from the school boards.

Sen. Wardlow Lane of Center explained his bill (SB1) to the State Affairs Committee and was peppered with questions by members from throughout the state.

The bill would allow the local school boards to close schools where there was sufficient violence or threat to bring on military troops. The school still would get state aid if closed under those circumstances.

Lane said the bill patterned "along the lines suggested by the governnor" would provide that if the governor was informed of threatened violence he could issue a proclamation but the board would be the only agency that could actually close the school.

"What would be wrong with writing a bill allowing school boards to close schools if they knew of any threatened violence and still continue to get state aid?" asked Sen. Jep Fuller of Port Arthur.

Lane said the governor might have information that would be unavailable to the school board.

Sen. Carlos Ashley of Llano asked whether the bill should not allow the boards to close the schools for other reasons such as a flu epidemic and still get state aid.

"The people at home told me 'Don't give the governor the right to close my school,'" Sen. William Fly of Victoria told other committee members.

Sen. Jarrard Secrest of Temple suggested that a governor "might actually create violence where no violence existed by such a proclamation. . . I can't conceive of a situation where there was threatened violence and the governor had to issue a proclamation to alert school boards of it."

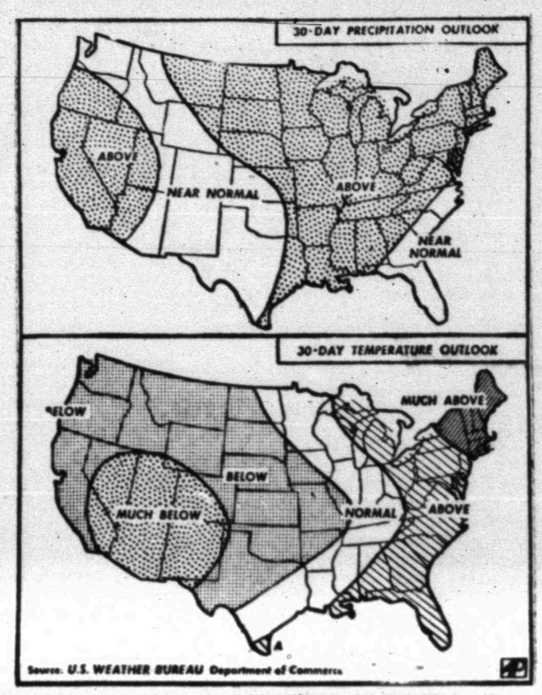

Secrest said such a situation could be aggravated "if we ever got a governor who wanted to demagogue a little bit."

Satellite May Be Launched Before March

WASHINGTON (AP) — The Navy announced today that if it is successful in launching a small six-inch satellite next month it will then try to launch a fully instrumented 20-inch satellite ahead of the original March target date.

Original plans called for launching three "test vehicles" containing six-inch, 3.4 pound satellite spheres. The first would be sent up some time during December.

But a spokesman said that if the Navy was successful in launching the small sphere into an orbit on the first test the other two preliminary tests might be forgone and an attempt made to put a 20-inch sphere into orbit. The original plan was announced by President Eisenhower some weeks ago was that the month of March was the objective for putting the larger sphere into orbit.

WEATHER FORECAST FOR NEXT 30 DAYS — These maps, based on those supplied by the United States Weather Bureau, forecast the probable precipitation and temperatures for the last half of November and the first half of December.

Adlai, Dulles Confer

WASHINGTON (AP) — Democrat Adlai E. Stevenson arrived at the State Department today to confer with Secretary of State Dulles on President Eisenhower's plans for breathing new life into the North Atlantic Treaty Organization.

"I am here to make comments and be helpful, to consult and discuss," said Stevenson who was defeated for the presidency in 1952 and 1956 by Eisenhower.

Speaking to newsmen as he arrived in a drizzle, the former Illinois governor told newsmen he could add little to what has already been said about his mission.

He has agreed to act as a consultant, while declining an offer to head a group formulating policy.

Reporters asked him how he could make comments on policy before it was made final without, in effect, helping draft it.

"I won't go into that," he laughed.

But he said he would "be as helpful as I can" in arguing for the policies "to the extent that I agree with them."

Stevenson was about 10 minutes early for his appointment with Dulles.

Stevenson has been asked to meet later with President Eisenhower, who now is vacationing in Augusta, Ga.

Arriving here from New York, Stevenson issued a statement outlining some of his own views including the need for "highly mobile forces" to combat brush fire wars, development of joint policies, and aid to underdeveloped countries.

"I am here to help if I can to bring about a closer military and political association through NATO (the North Atlantic Treaty Organization)," he said.

He agreed to this attempt at bipartisanship, he said, because of "the gravity of our situation in the world."

Guardedly, in response to Dulles initial overtures last month, he refused to head up a State Department task force which would write the policy for Eisenhower's personal attendance at a NATO summit meeting next month. But he agreed to "review and discuss" administration proposals and to support them "when we were in agreement."

In Augusta, White House press secretary James C. Hagerty said Eisenhower wrote Stevenson last week expressing regret he would not be in Washington during Stevenson's visit today.

Eisenhower also said he intends to confer with Stevenson before leaving for the NATO meeting in Paris, Hagerty said, but added no date for such a meeting has been fixed.

"I haven't the remotest idea," he replied.

To a similar question, Hagerty said he has not heard such a Stevenson trip discussed in the government.

In his formal statement, Stevenson made an apparent reference to some suggestions Dulles is considering, saying that "genuine partnership means more than pooling our military and scientific resources. We must also work out joint policies in areas of common interest and common danger before crises like Suez arise."

Limited Communist aggression is more likely than all-out nuclear-missile war, he said, and "we must have highly mobile forces" to combat lesser outbreaks. But he contended the problem is not only military.

An equally great danger, he said, "is a Communist economic break-through in the underveloped areas."

"I believe we must mobilize the productive resources of all of us to demonstrate that voluntary democratic methods can be more efficient as well as more humane in economic modernization," he said.

Lola Heads To Formosa

TAIPEI, Formosa (AP)—Typhoon Lola whirled toward Formosa today as storm-lashed Guam went about cleanup and repair operations.

The typhoon's center winds slowed from 200 to 150 miles an hour as Lola moved northwestward at seven to nine miles an hour.

The eye of the storm at mid-afternoon was about 1,000 miles southeast of Taipei. The island would be struck in about five days if the typhoon continues on its present course and at the present speed.

Guam was raked Friday night and property damage was estimated at more than a million dollars. There were no casualties. The U.S. Navy's biggest loss was half a million dollars worth of electronics equipment.

Tornadoes Batter 13 Communities

JASPER, Ala. (AP) — Tornadoes struck 13 rural communities in Alabama and Mississippi yesterday. Five persons died and scores of homes were battered.

Alabama was hardest hit. Three persons were killed and nine injured, one critically. Two were killed in Mississippi and the state patrol said several persons were injured.

Mr. and Mrs. Wilford E. Bradford and their 14-year-old daughter Billie Lou were killed when their home was blown down at Cross Roads, six miles west of Jasper. June Speegle, 14, who was visiting the Bradford girl, was in critical condition. Her legs were crushed by falling timbers, hospital attendants said.

Most of the other injured in Alabama were from the Cross Roads area. Twisters also hit Manchester, Pine Springs, Sulligent and Cullman.

Tom Dugan, 85, and his wife, about 79, were killed when a tornado flattened their home near Macon in eastern Mississippi.

Another twister destroyed stores and homes in Stewart, a town of about 350 in central Mississippi. Other twisters were reported at Starkville, Gattman, Deerbrook, Kilmichael, the Deerbrook community near Brooksville, and near Monticello.

Sgt. Edward Foulkes of Carswell said he saw it lift a 36-foot trailer. "It picked the trailer up, held it aloft a minute, then dropped it back squarely on its side," he said. "It made a whale of a crash when it hit."

R. W. Grims of White Settlement said the tornado was "long and white." He said he and his wife looked up when they heard a "carcking and popping" overhead.

Rain and drizzle covered much of Texas Sunday. Hail hit some areas. The South Texas-Lower Rio Grande Valley area was the only section without precipitation. A cold front moved across the state, kicking off the rain and turbulent weather.

Three people were killed in an auto smashup on a rainslick South Plains highway. Mrs. Billy Howerton and her 2-month-old baby, both of Littlefield, and Arturo Garcia of Sudan were killed.

Carpenters Union Files Subpoenaed

NEW YORK (AP)—The New York Times said today that Senate rackets investigators have subpoenaed files of the International Brotherhood of Carpenters and Joiners.

The investigators refused yesterday to say what they were looking for, a Washington dispatch to the newspaper added.

The story also said in part:

The move is expected to "refuel the political controversy" over the Senate committee investigating rackets in the labor and management.

United Fund Is Nearing Its Goal

The Scurry County United Fund was still looking for enough money this week to complete its goal of $38,934.

Hopes were high that the campaign could be completed this week. The last official report showed that workers had raised enough to put the campaign over the $38,000 mark.

A few cards were still out and to be worked. United Fund officials asked persons not yet contacted to make their contributions through the United Fund Office at the Chamber of Commerce.

ABOUT 95 PER CENT of the county's taxes have already been paid as most taxpayers take advantage of the discount for early payment. The percentage is about the same as for the same time last year. Taxpayers are now getting two per cent discount for tax payment, but next month the discount will drop to one per cent.

POLL TAX PAYMENTS are being made slowly. By today, about 600 persons had paid poll taxes and about 350 had secured exemption certificates.

Cold Front Brings Turbulent Weather

By The Associated Press

A blustery cold front raced deep into Texas Monday in the wake of turbulent weather that sent a chalk-white "cracking and popping" tornado across the edge of Fort Worth.

A heavy rain driven by northwesterly winds up to 53 miles an hour lashed Galveston, while Beaumont Monday morning reported a thunderstorm and gusts up to 50 miles an hour.

The twister, plainly visible from downtown Fort Worth, damaged at least 10 buildings and knocked out power lines in the White Settlement Community on the northwest edge of Fort Worth Sunday. It broke up in about 15 minutes after passing over Carswell Air Force Base.

The cold front Monday was nearing Brownsville, which had an overnight low of 75 degrees in contrast to sub-freezing 30 degree readings at Amarillo and Dalhart. Skies were clearing in West Texas and were expected to begin clearing in North and Central Texas by nightfall.

The Department of Public Safety made a preliminary damage estimate of $4,000 at Fort Worth.

No injuries were reported.

"It tried to lift me off the ground, but I grabbed the porch rail and hung on," said Jerry Williams, 18, who was standing on the front porch of his home when the twister passed about 40 feet away. "It was picking up two by-fours and big pieces of scrap and tossing them all over the place. It crushed a steel garage like it was paper."

Plow-Up Deadline Extended 15 Days

AUSTIN (AP) — The state Agriculture Department today granted a 15-day extension of the cotton plow-up deadline for 21 counties.

The deadline for these counties was extended from Nov. 30 to Dec. 15: Bell, Milam, Burleson, Falls, Robertson, Brazos, Leon, Burnet, Madison, Grimes, Houston, Walker, Montgomery, Trinity, San Jacinto, Polk, Angelina, Tyler, Hardin, Jasper and Newton.

Pineau To Press Tunisia Aid Case

PARIS (AP) — Foreign Minister Christian Pineau was flying to the United States today to press French objections to U.S. and British arms shipments to Tunisia.

Unofficial sources in London said British Foreign Secretary Selwyn Lloyd might join Pineau and Secretary of State Dulles for the talks in Washington.

"The aim of my trip is to ameliorate things, to limit the damage," Pineau said.

"It is necessary to think of the existence and the strengthening of the Atlantic Pact. . . We intend to insist on finding a system which will assure the solidarity of NATO in all fields."

He said he would tell Dulles about "the uneasiness of the (French) government and show him how lively the reaction of public and parliamentary opinion has been about the delivery of arms to Tunisia."

Pineau is scheduled to see Dulles in Washington tomorrow.

Informed sources said Pineau will call for an end to the arms shipments and full U.S. support for France in revolt-ridden Algeria.

The sources said Dulles most likely will refuse to give any guarantee which in effect would give France control over U.S. relations with Tunisia, a former French protectorate.

Although the United States may support France in the forthcoming U.N. debate on Algeria, the informants said, it is also unlikely Washington will extend unconditional support for French actions in Algeria.

France's main fear is that the Tunisian arms will turn up in the hands of the Algerian rebels, with whom Tunisia's government is sympathetic.

Negotiations on French supply of arms to Tunisia were held up by the monthlong Cabinet crisis which followed the fall of Maurice Bourges-Maunoury's government. The United States and Britain decided to go ahead with a token shipment — 920 semiautomatic rifles, submachine and Bren guns and ammunition — to keep pro-Western Premier Habib Bourguiba from accepting Soviet-bloc arms from Egypt.

Sputniks Prove Only Part Of Russia's Missile Claims

WASHINGTON (AP) — A Soviet marshal says Russia has intercontinental missiles that would be decisive in any future war. But one American scientist says Russia's satellite launchings provided only partial evidence that Russia has such weapons.

Meanwhile, the Martin Co. said in Baltimore it is establishing a new division to speed arrangements for launching an American satellite under the Navy-directed Proect Vanguard. The Martin Co. is prime contractor for the Vanguard satellite's three-stage launching rocket.

In the political realm, the Democratic Advisory Council declared, "The all-out effort of the Soviets to establish themselves as masters of the space around us must be met by all-out efforts of our own."

The Russian missile boast was made by Artillery Marshal S. Barentsev yesterday in an article in the Communist newspaper Pravda. Barentsev's article followed the line taken by other Russian military leaders in celebrating Soviet Artillery Day.

Barentsev said long-range missiles give the Soviet Union the ability to smash any aggressor anywhere and under any conditions.

Another artilleryman, Marshal S. S. Varetsov, said Russia has ready a vast array of modern weapons, "including atomic, thermonuclear (hydrogen) and long-range rockets capable of destroying enemy targets at distances unimagined at the end of World War II."

And Mihail N. Chistyakov, still another artillery marshal, claimed that Soviet artillery is maintaining "its superiority over those who openly call themselves our enemy."

Dr. Fred Singer, a University of Maryland astrophysicist, said on a TV program the launching of two Russian Sputniks demonstrated positively only one of four requirements for an effective intercontinental ballistic missile.

The four requirements, he said, are propulsion, accuracy, guidance and a means for protecting the missile's warhead from destruction by atmospheric friction when it heads back toward earth from space.

"If we just look at the Sputniks," Singer said, "we can certainly say they have the propulsion. They claim all four, but Sputnik shows us only one."

Six Jet Bombers Set A New Record

PLATTSBURGH, N. Y. (AP)—The Strategic Air Comand had another entry today in its log of achievements—a 10,600-mile nonstop flight of six jet bombers from the United States to Buenos Aires and back.

The flight marked the first time a "cell of planes," as the Air Force describes the group had made such a trip. It took slightly less than 24 hours.

The big B52s landed at Plattsburgh Air Force Base yesterday. The 54 crewmen caught up on their sleep while the craft were checked and fueled, then they were off to the home field, Loring Air Force Base in Maine.

"Everything functioned perfectly all the way," said Brig. Gen. William K. Martin, commander of the flight. "We could have kept right on going."

The planes roared over the Argentine capital Saturday afternoon, where an airshow was being held as a climax to Argentina's aeronautical week.

Martin said the bombers, each powered by eight jet engines, flew on a direct route to Argentina from Homestead Air Force Base, Fla., and back at an average speed of 560 miles an hour. They flew at altitudes of 40,000 to 50,000 feet.

The planes took off from Homestead starting at 5:58 a.m. Saturday and completed their journey from 3:32 and 4:05 a.m. yesterday.

The bombers were refueled enroute by KC135 and KC97 tankers. It was the first time a KC135 was used to refuel a B52 on a long-distance flight, an Air Force spokesman said.

Earlier this week, Gen. Curtis LeMay commanded one of these huge tanker planes on a record-breaking flight from Westover, Mass., Air Force Base to Buenos Aires, the 6,350 miles flown without stopping or refueling established a record for such a jet operation.

The four-jet tanker then set a speed record on its return trip, landing at Washington, D. C., 11 hours, 5 minutes and 8 seconds after the takeoff from Buenos Aires.

The B52 bombers are part of the 42nd Bombardment Wing, a subdivision of the 45th Air Division of the Strategic Air Command.

The planes had been scheduled to land at Loring but detoured here when weather closed in the Maine base.

NEW YORK (AP)—The stock market was generally lower in fairly active early trading today.

Leading issues fell from factions to around a point. There were a few small gainers.

First trades showed an irregular picture but the overall trend to the downside soon became clear. The brisk pace at the start slowed in later dealings.

The vigorous rally of Friday on news that the Federal Reserve Board had lowered the discount rate in four districts left ample room for profittaking. In addition, the weekend brought news that both industrial production and personal income in October had sagged.

Losses of around a point were taken by U.S. Steel, Chrysler, U.S. Rubber, Douglas Aircraft and International Nickel. Lukens Steel slipped about 2.

Down by major fractions were Bethlehem Steel, Republic Steel, and Sinclair. Smaller losses were taken by Santa Fe, Southern Railway, United Aircraft, Radio Corp., Allied Chemical, Westinghouse Electric, Gulf Oil and Eastern Air Lines.

Kennecott was down more than a point as world copper prices declined.

Steady to higher were American Telephone, International Telephone, Illinois Central, Loew's, American Tobacco, American Smelting, Margin Co., Boeing and Zenith. Du Pont was up around a point.

Third Ceremony Is Required For Pair

BLOOMINGTON, Ill. (AP)—Three times Howard Lawson and Mary Sylvester heard the minister intone, "I now pronounce you man and wife."

Once in the minister's parlor, a second time under a street light in rural Mansfield and finally in a car 35 miles from home against the background of "The Star Spangled Banner."

And only the last ceremony—Saturday—really counted.

The trouble could all be laid to red tape and geography.

The couple tells it this way:

Howard, of nearby Normal, and Mary of Bloomington decided last Thursday to get married. They drove some 60 miles to Urbana for their blood test and returned to Bloomington for the legal three-day waiting period.

Saturday morning they learned the blood samples had been spilled and they would have to take another test. They did and then went to the Champaign County clerk to pick up the marriage license. But the clerk said there was an error on the certificate. Another dash to the laboratory and then seconds before the noon closing time the clerk issued a marriage license.

Howard and Mary were married Saturday evening by the Rev. F. Roy Doland of Bloomington. But the minister noticed that the license was issued in Champaign County and the ceremony wasn't legal in Bloomington (McClean County).

So the wedding party—bride, groom, minister and two witnesses—drove to Mansfield, where the Rev. Doland obliged a second time beneath a street light.

That seemed to take care of everything, so the newlyweds headed back to bloomington to celebrate.

But at 10:30 Saturday night the Rev. Mr. Doland telephoned and told the couple: Mansfield isn't in Champaign County either—it's six miles short, in Piatt County.

A two-car motor caravan sped to Mahomet, where it was ascertained that the party was on Champaign County soil.

There, in front of Charlie's Market the couple, still in the car, heard the blessed — and legal words—repeated. A patriotic note marked the brief ceremony. A radio at the market was playing "The Star Spangled Banner."

BIRTHS

Born at 3:38 a.m. yesterday in Cogdell Hospital was a son weighing seven pounds, three ounces to Mr. and Mrs. Billy Joe McDonald, Ira.

An eight-pound daughter was born to Mr. and Mrs. Floyd B. Hollis, Route 2, at 12:25 a.m. Saturday in Cogdell Hospital.

Fine Is Assessed On Liquor Count

A fine of $123.50, including court costs, was paid in county court during the weekend by Romo Primivo of Clairemont on a charge of illegal transportation of intoxicants.

The charge was filed Oct. 4, and Primivo had been out on bond. He pleaded guilty to the charge Saturday.

Find Bodies Of 2 Guides

ANAHUAC, Tex. (AP)—The bodies of two duck hunting guides, who drowned Nov. 10 in the Trinity River near Sams Pass, were recovered yesterday, a week after the men disappeared.

The body of Bob Neely, 43, of Marshall, was found 200 yards from the spot where the men's airboat was found. The body of Luther Williams, 45, of Liberty, was found 3½ miles downstream, caught in a raft of logs.

The men were going after a party of five duckhunters when they disappeared. After waiting five hours, the hunters hitchhiked a ride in a fisherman's boat and reported the guides missing. A search turned up the empty airboat.

Science Shrinks Piles New Way Without Surgery
Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H.® At your druggist. Money back guarantee.

Leather Makes Fall Headlines

FEET TAKE THE SPOTLIGHT in fashion for fall.

There's more news in shoes than there has been in the last genration — not only in the radical change in styles, but also in the infinite variety of leathers available.

There's news also in handsome accessories co-ordinated to shoe colors and leathers. Gloves and handbags take their cue from shoe and turn up in new leathers, new colors, new styles, possessed of new talents, such as easy washability.

You can match practically any costume color with shoes, gloves and handbag this winter, and this is the thing to do if you want to keep in step with the important all-one-color look. Leather also should be in tune with the occasion. There are the bags and shoes of rugged grained leather or shaggy reversed calf to wear with bulky woolens and tweeds of campus or in the country. There are polished calf, kidskin and suede leathers for city wear. And for evening leather again leads the parade, in fragile pointed-toe, stiletto-heel pumps of gold, silver, or delicate pastel kidskins, often with the newly fashionable jeweled buckles.

Aniline-finished leather with its beautiful random markings often is seen in low-heeled shoes with attache-type handbag to match.

CHILI SUPPER—Preparing for a large crowd of chili lovers, who will be able to satisfy their appetites tonight is Mrs. John Hazle, left, and Mrs. Bill Groves, center, as they prepare to get the chili started early this morning. You won't go amiss if you paint the surface of fruit cake batter with milk just before setting the pans in the oven. According to cooking experts at Meadow Gold Dairies the slight additional moisture of the milk produces a shiny glaze.

The continuing popularity of leopard prints extends to lingerie and includes slips, halfslips, panties, gowns and robes.

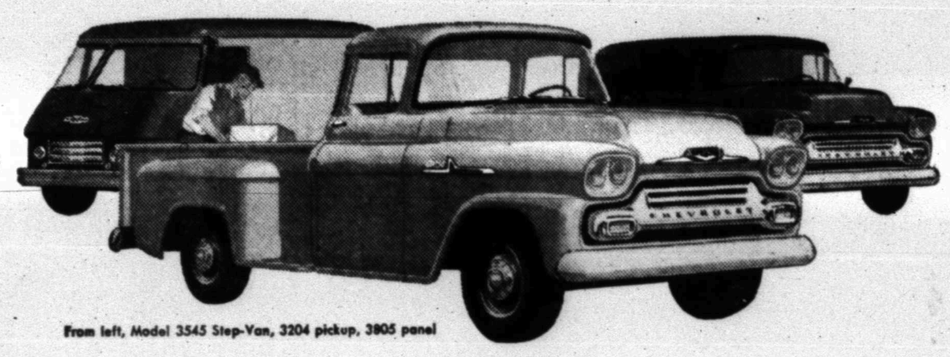

Public Invited To North P-TA Family Chili Supper Tonight

The average wife and mother today is up early in the morning getting her husband off to work and the children off to school. Then she settles down to her other chores and duties like cleaning the house, doing the wash, planning what to have for the next meal, and with these home duties she takes part in such organizations as the Parent-Teachers Association, church groups and clubs.

It is a relief when husbands and fathers take mother out for a feed. Since so much of the day is spent in the kitchen. Give her a treat tonight, take her to the chili supper which will be presented from 5:30 to 8:30 o'clock by the North Elementary P-TA.

The price is very modest, and from the looks of the first quality ingredients being bought Saturday, will no doubt be first quality chili. Coffee will also be served with the chili for only 50 cents. Home made pies will be available for an additional 15 cents per cut.

This is the method in which the P-TA organizations of Snyder make money, which is spent for a worthy cause, such as helping needy children with clothing and food, enabling them to attend school and receive an education that they may become valuable citizens.

Junior Editors Quiz on SNAILS

QUESTION: How slow is a snail?

• • •

ANSWER: When people use the phrase "as slow as a snail," they usually don't know exactly what they are talking about. We're pretty sure of that because we put the question recently to several learned zoologists who were not able to come up with a precise answer. It's true in general, of course, that snails are slow. You have only to watch one to make sure of that. But just how slow is something that the experts apparently haven't gotten around to figuring out. For one thing, there are 85,000 kinds of snails in the world, and obviously some of them are faster, or slower, than others. For another, any snail's speed depends a lot on temperature, moisture and other factors. Land snails are active mostly at night, and especially after rains.

• • •

FOR YOU TO DO: Snails hibernate in winter so this isn't a good time to seek them. But you can start now on a terrarium project and plan to capture some snails for it next summer. Be sure to have some screening over the terrarium, however, or the snails will crawl right out. By watching your snails, you can see for yourself just how slowly they move.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

NO SOONER HAD THE Oklahoma-Notre Dame game ended Saturday we got a call from an Oklahoma ex wanting us to "take it easy on Bud Wilkinson and the Sooners" upon losing to the Irish.

The man figured, I guess, that I would run the Sooners down after losing to Notre Dame.

The OU alumnus wanted us to give Bud and the Sooners all the praise over their winning streak.

Well, I hadn't actually planned to "rub it in on the Sooners" for losing Saturday but the game proved one thing that I've been harping on — the Sooners are just one of the boys when playing teams of their own caliber.

The hand writing was on the wall I guess when the Sooners just barely eked by some non-ranked teams such as Colorado and Kansas State.

'Squeakers' No Flukes

But, since Notre Dame had been beaten badly by Navy and Michigan State on the two previous weekends, I didn't figure that this was the year for the Irish to do anything about the Sooner win streak.

As it looks now, those squeakers by OU over those weak teams this season were no flukes.

The fan calling Saturday has misinterpreted our feeling toward Oklahoma. It was his opinion that I begrudge these Texas boys going to Oklahoma. Such isn't the case.

I've said time and again that I don't begrudge a boy going anywhere. This is a free country and if a boy wants to go to Oklahoma or Shippensburg Teachers, he has my best wishes.

The only thing I've held against OU is her weak schedules year in and year out. I think the man Saturday agreed with me that Oklahoma would have never won 47 straight games had she been in a conference as strong as the Southwest Conference or the Big 10.

The way it has been the past 10 years or so though, the Sooners have had only two or three strong teams on her schedule and the rest "cinches." A coach can get his players up for two or three games during a season without much trouble but to get them up for eight or nine games is something else.

Immaterial

Any reference I've made on Texas boys going to Oklahoma were strictly factual, not that I was for or against 'em going to OU.

And, while on this subject, I'd like to get this straight with our friend calling Saturday. Oklahoma does recruit in Texas. This man said these Texas boys go to Oklahoma without an invitation. There may have been a few cases where this was true but then on the whole most of the boys going to OU are recruited.

But, still, I don't hold it against OU for recruiting Texas boys. Texas schools have the same right to recruit in Oklahoma or any other state.

Boiling it all down, it's the weak schedules of Oklahoma that has irritated us.

It just doesn't seen right for a bunch of football players to have to "knock their brains out week after week" and maybe lose a couple of games or so where another team with the same caliber of boys lines up a "weak" schedule and gets credit for walloping their foes.

As long as Oklahoma is in the Big 8, though, the Sooners will never get away from their weak schedules.

This OU fan had an idea that is some "food for thought."

He suggest that since state universities around the country get more boys, why not form conferences of state universites alone. In this section of the country, Oklahoma, Texas, Arkansas, Louisiana, New Mexico, Missouri and maybe another state or two could make up one conference.

Sounds like a good idea.

Rice, Ags, Texas Stay In Fight For SWC Title

By HAROLD V. RATLIFF
Associated Press Sports Editor

A couple of teams that won only one conference game between them last year have arisen to challenge Texas A&M, which had almost forgotten how to lose, for the Southwest Conference football championship.

One of those teams—Rice—is in a strong position to even knock the Aggies out of the Cotton Bowl. The other — Texas — could win the championship and get the Cotton Bowl bid if Rice should stumble.

The conference race was supposed to end Saturday because A&M was unbeaten and untied for the season and needed only to down thrice-loser Rice to take its second crown in a row. But Rice, with quarterback King Hill as the architect, fashioned a 7-6 victory and scrmabled the race.

A&M has won four and lost one. Rice has won three and lost one. Texas has won three, lost one and tied one. Rice has TCU and Baylor to play. A&M and Texas close the season against each other Thanksgiving day.

If Rice wins its remaining games and Texas beats Texas A&M, Rice will be undisputed champion. If Texas A&M beats Texas, Rice and A&M would tie for the title and Rice would get the Cotton Bowl host spot by having defeated the team it tied.

If Rice loses one of its games the Texas-A&M winner would be champion or A&M could also be champion by merely tying Texas.

Rice starts its drive Saturday when it plays TCU at Fort Worth. In other games Baylor and SMU clash at Waco and Arkansas ends the season against Texas Tech, a nonparticipating member of the conference, at Little Rock.

Texas and A&M play at College Station Nov. 28 while Rice meets Baylor at Houston and SMU tackles TCU at Fort Worth Nov. 30.

The last game of the season will be Dec. 7 when SMU hosts Notre Dame.

SMU apparently ruined any bowl hopes Arkansas might have harbored Saturday when the Methodists, led by their great sophomore quarterback, Don Meredith, won a 27-22 victory. It was Arkansas' fourth licking.

Texas stayed in the conference race with a 14-2 decision over TCU. Baylor didn't play.

Lower Divisions Open Playoffs

By The Associated Press

Classes AA and A begin the fight for state championships in schoolboy football this week while the upper divisions — AAAA and AAA — complete their playoff brackets.

Abilene, Amarillo and Austin are among the top-rated teams in AAAA already qualified for the state playoff beginning next week. In Class AAA there's a similar situation, with Sweetwater, Breckenridge and Nederland, the highest ranked outfits, gaining representation in the state race.

Corpus Christi Ray, which is a member of the big four of AAAA, can enter the playoffs this week by beating Corpus Christi Miller.

Seventeen undefeated, untied teams remain in the lower classes with nine of them in Class AA-Belton, Hamilton, New London, Liberty, Lockney, Marlin, Mercedes, Seymour and McCamey. Class A has eight — Bishop, East Chambers, Garrison, Henrietta, Mart, Sundown, Wilmer-Hutchins and Pearsall.

In at least three instances bi-district games match teams that already have met during the season. In Class AA Dimmitt plays Lockney. In September Lockney whipped Dimmitt 32-0.

In Class A White Deer clashes with LeFors. In September White Deer licked LeFors 20-7.

Here is the schedule of bidistrict games with team records:

CLASS AA

Dimmitt (9-1) vs. Lockney (10-0) at Plainview Friday night. Perryton (8-2) vs. Seymour (9-0) at Childress Friday. McCamey (10-0) bye. Ranger (7-3) vs. Hamilton (10-0) at Stephenville Saturday night. Paris (7-2-1) vs. Denison (7-2-1) at Sherman Friday night. Denton (10-0) vs. Granby (8-2) Friday night. Giddings (9-1) at Bonzales (9-1) Friday night. Bellville (4-4) at Liberty (10-0) Friday night. Deer Park (6-2-2) at West Columbia (6-2-2) Friday night. Goliad (7-1-1) at San Antonio Sam Houston (8-2) Saturday night. Taft (3-5-1) bye. Hebbronville (9-1) at Mercedes (10-0) Friday night.

CLASS A

LeFors (6-4) at White Deer (9-1) Friday night. Friona (5-3-1) vs. Ralls (8-1-1) at Plainview Friday. Merkel (5-4-1) at Sundown (10-0) Friday. Ozona (8-2) at Alpine (5-1-3) Saturday night. Mason (9-0-1) at Albany (9-1) Friday night. Crowell 9-1 vs. Henrietta 10-0 at Wichita Falls Saturday. Wilmer-Hutchins 10-0 vs. Cooper (6-1-2) at Commerce Friday night. Linden (9-1) vs. White Oak (9-1) at Longview Saturday night. Gaston (8-1-1) at Edgewood (5-4-1) Friday night. Madisonville (7-1-1) vs. Garrison (10-0) at Nacogdoches Friday night. East Chambers (10-0) vs. Tomball)7-2) at Dayton Friday night. Bastrop (7-3) at Eagle Lake (7-2-1) Friday night. Schertz-Cibolo (3-4-1) at Pearsall (10-0) Friday night. Jourdanton (9-1) vs Hallettsville (7-2-1) at Luling Friday night. Bishop (10-0) vs. Los Fresnos (7-1) at Harlingen Saturday night.

Tempe Nears BC Crown

By The Associated Press

Arizona State of Temple stretched its undefeated streak to eight with a 53-13 margin over Montana State Saturday. The Border Conference Sun Devils now share the major college perfect record list with Auburn.

Arizona State has cinched at least a share of the crown and can take it all with a victory over Arizona Nov. 30.

Fullback Joe Belland scored three touchdowns, two on short plunges and one on an 80-yard dash, to lead the Sun Devils to triumph. Leon Burton scooted 80 yards for a score the first time he had the ball in his hands, and gained 106 yards on his first three carries.

West Texas ended its 1957 season with a record by dropping a 20-19 decision to Drake. Fullback Charlie Sanders sent West Texas off to a 19-7 third period lead but the Buffs folded in the final quarter.

Hardin-Simmons dropped to a .500 record with a 26-21 defeat from Texas Tech. Tech quarterback Jerry Bell scored two touchdowns, threw two touchdown passes and kicked two extra points.

New Mexico A&M posted its second triumph of the season, finding an offensive punch for the first time in routing Omaha 39-6.

In the only conference game, Texas Western rode the passing of Bob Laraba for a 51-14 victory over winless Arizona. Laraba connected on five touchdown tosses.

This week Arizona State meets College of the Pacific, Arizona meets Marquette, New Mexico A&M clashes with Western State of Colorado and Hardin-Simmons tries Oklahoma State.

Don Panciers, who played pro football with the New York Yankees, Detroit Lions and Chicago Cardinals, coaches quarterbacks at the University of Dayton.

Scott Nips Coker In City Tourney

Defending champion Donald Ray Scott edged past Shelby Coker, 2-1, in first round play of the 5th annual City Golf Tournament now underway at the Country Club.

Scott had defeated Coker in the finals of last year's tournament by the same count.

Scott joins Dr. R. J. Kidd and Max Milam in the semi-finals. One first round match, John Pickering vs. John Boren, remains to be played. Pickering is the tournament medalist.

In the semi-finals, Scott will play Dr. Kidd while Milam will play the winner of the Pickering-Boren match.

Several first round matches are still to be played as bad weather has hampered play. Pro Shanty Hogan asks that those who haven't played their first round match to do so at their earliest convenience so as not ot "drag the tournament out."

Following are the matches that have been played through Sunday:

Pro Races Muddled After Sunday's Play

By DON WEISS
The Associated Press

Step by step, Cleveland's comebacking Browns and New York's defending champion Giants are moving straight toward a Dec. 15 showdown for the Eastern Division title in the National Football League.

In the Western Division, it should be so simple!

With the San Francisco 49ers turned to vagrants on the road, Detroit rolling again behind Bobby Layne, Baltimore's Colts apparently back in stride and even the Los Angeles Rams butting into contention, it's anybody's guess in the West.

And there remain only four weeks of the pro season to unscramble the mess.

The mess looks like this after the eighth round of the 12-week NFL season yesterday:

San Francisco, Baltimore and Detroit tied for first place with 5-3 records and Los Angeles a notch behind at 4-4. The Lions, with Layne clicking on 17 of 24 passes in the first half alone, routed San Francisco 31-10, the 49ers second straight whipping on a road trip that will keep them away from home for another two weeks. The Colts, scoring 16 points in the fourth quarter, downed the Chicago (3-5) Bears, 29-14. The revived Rams, down 24-3 at the half, rallied behind vet Norm Van Brocklin and ace rookie Jon Arnett to defeat luccless Green Bay, 31-27.

In the East, the Browns stumbled a bit in a 30-30 tie with Washington but with six victories, a loss and a tie they still hold a half game lead over New York, 6-2 after a 13-0 blanking of Philadelphia. Pittsburgh and Chicago Cardinals were idle, their game having been put back to Dec. 22.

Cleveland came off a 10-point deficit with four minutes left to tie the pesky Redskins. The punchless Eagles outplayed the Giants on the attack, but New York's defense turned back four Philly threats, one that reached to within six inches of the goal line.

Longview Sending Out Bowl Feelers

LONGVIEW (AP)—Here's a new angle in this bowl business.

Longview will put on the Industrial Bowl Dec. 7 and already has chosen Kilgore Junior College as host team.

Now the bowl committee, headed by Gene Nash, is asking the junior colleges that would like to play in the game to come to it.

"We don't want to miss any good teams, being new in the bowl business," said Nash.

His group has indicated, however, that it considers Arlington State and Victoria of Texas and Northeastern and the Cameron Aggies of Oklahoma leading contenders.

Bob Williams of the 1950 Notre Dame team made the All-America team. Notre Dame now has another Bob Williams. He wears No. 9, as did his namesake, and also plays quarterback.

Dick Vermeil, San Jose State Quarterback, was a star halfback and also a top quarterback at Calistoga, Calif., High.

Ags May Go To Sugar, If—

NEW ORLEANS (AP)—The Sugar Bowl is quite happy with the sudden turn of football fortunes that pointed Rice toward the Cotton Bowl.

Victories over Texas Christian and Baylor would assure Rice a tie for the Southwest Conference title and a bid to the Cotton Bowl, leaving the once-beaten Texas Aggies free to accept a bid to the Sugar Bowl.

The Sugar Bowl, unofficially welded to the Southeastern Conference, had faced the problem of finding an opponent for its SEC representative.

A source close to the Sugar Bowl said, "Rice may have solved our problem by beating Texas A&M 7-6 Saturday. If each wins the rest of its games they will tie for the Southwest Conference championship. Rice would automatically go to the Cotton Bowl because it beat the team it shared the championship with."

The SEC representative probably will come from the Mississippi-Mississippi State winner Nov. 30. Tennessee, victor over State and loser to Mississippi last week, also is in the running.

Paul E. DeBlanc, president of the Sugar Bowl, watched Mississippi whip Tennessee 14-7 at Memphis Saturday.

"Mississippi has a very good football team and we'd be happy to have it in the Sugar Bowl he said. They showed they were a real ball club, just as they showed us before.

"The victory didn't hurt Mississippi in our eyes, but our dealings must necessarily wait until the end of the season. We hope Mississippi has continued success and has a good day if it plays in New Orleans Jan. 1."

SEC rules prohibit a team from accepting a bowl bid until the season ends.

HERE FRIDAY NIGHT

Tigers Meet Tors In Season Finale

The Tiger footballers will close out their 1957 season Friday night when they will entertain the Lamesa Tornadoes at Tiger Stadium.

Coach John Conley's charges will be looking for their eighth win in 10 starts and a second place finish in District 3-AAA. Sweetwater sewed up the 3-AAA title last Friday with a 33-0 win over Lamesa. The Mustangs ended their season Friday with exception of the playoffs.

The Tigers took sole possession of the runnerup spot in the district standings with a 35-0 romp over the Colorado City Wolves Friday. It was the second straight shutout and the third of the season for the Tigers.

In addition to the Tiger-Lamesa game here, Lake View goes to Colorado City Friday for another season finale.

Sweetwater holds a 6-point edge over the Tigers in season scoring 234-228. The Tigers, however, own the best defensive mark with 89 points yielded. Colorado City and Lamesa share the runnerup spot in this respect with 101 points yielded by each.

In district play, Sweetwater holds a 40-point margin over the Tigers for scoring honors, 122-82. The Bengals, however, have played only three games to four for the Mustangs.

The Tigers hoast the top defensive mark in conference play with a yield of 21 points, all of which were scored by Sweetwater.

Following is the District 3-AAA score board:

DISTRICT 3-AAA STANDINGS

22 Tiger Freshmen Get Letters

Twenty-two members of the Tiger Freshman football squad have been awarded letters for the 1957 season, according to Coach J. P. Ward. Ten others will receive reserve letters.

The squad elected tri-captains for the season. They were end Jimmy Don Robinson, fullback Mike Moffett and quarterback Larry Patterson.

The Tiger Freshmen squad posted a respectable 7-1-1 record the past season which ended last week.

Following are the 22 lettermen:

Ends — Morris Craig, Ronnie Wylie, Stanley Kruse, Jimmy Don Robinson.

Tackles — Keith Lloyd, Ted Creason, Tommy Minton, Alvin Casey.

Guards — David Wiman, Jan Lindsay, Roger McMennamy, Joe Fowler, Jack McDonald, Doyle Sharp.

Centers — Reg Scarborough, Charles Gladson.

Quarterback — Larry Patterson

Halfbacks — John Weaver, Jesse Crawford.

Fullbacks — Mike Moffett, Billy Andrews.

Linebacker — Perry Culwell.

Reserve lettermen are Roland Key, Weldon Ware, Frank Moore, Ronnie Maroney, Robert Strickland, Charles Newman, Mokey Hale, Bubba Fleming, Junie Ivison and Charles Bridges.

QUARTERBACKERS MEET TONIGHT

The Quarterback Club will meet tonight instead of the usual meeting time tomorrow night, president F. G. Hoefer has announced.

Reason for the change is to avoid conflict with the Kiwanis pancake supper slated tomorrow night.

Meeting time tonight is 7:30

Movie of the Colorado City game will be shown plus the comments from the coaches.

A scout report on Lamesa, Friday night's Tiger foe, will be given.

ON INCOME TAX REPORT

Estimates May Be Used In Reporting Expense Items

WASHINGTON (AP)—The head of the Internal Revenue Service says that where necessary, estimates may be used in reporting expense account items for income tax purposes.

But Director Russell C. Harrington, asked about reports from his service that the little taxpayer can forget the whole thing, replied, "Such reports are not correct."

He did agree, in a copyrighted interview with the magazine U.S. News & World Report, that "generally speaking, yes" it is the people with large expense accounts on whom the service will check carefully.

"A revenue agent isn't going to spend a lot of time on small amounts," he said at one point.

Ever since 1921, the law has required that an employe who incurs business expenses for which his employer repays him must report as income the money he received in payment. He then may deduct his expenses. But that requirement has been generally ignored by many with small expense accounts, and the revenue service has not complained.

The revenue service has changed 1957 income tax forms to require listing totals of these items on the form itself instead of only on a separate sheet of paper. That led to reports of an intensive crackdown, which IRS officials sought informally to contradict with word that little change was anticipated.

Harrington gave some backing to that view even while describing the reports as incorrect.

He was asked whether agents would be lenient in going over the 1957 returns "for omissions of the kind that people have been making for years."

"There will be no change in that for the 1957 returns," Harrington replied.

At another point he said, "Now we have put people on notice. . . . So, beginning with 1958, we will be in a position to adopt a stricter attitude in examining these expense accounts."

For those reporting, he said, "some accounts would obviously have to be estimates, or at least not supported by vouchers." On the returns, he added, only lump sums need be used for car expenses, hotel costs and other categories. More details will be required only if the return is questioned.

Asked what should be done by a taxpayer who had kept no records because he didn't know he had to this year, Harrington said, "He could rely on secondary evidence (estimates) of the type I previously discussed."

He said the service will not require "any more detailed information to support these claims for deductions than we have in the past."

Car Hits House For Seventh Time

SAN FRANCISCO (AP)—For the seventh time in recent years, a car smashed into Jim Donnelly's house yesterday.

"This is getting monotonous," grumbled Donnelly as he eyed a cracked foundation.

His home is on Hattie Street. Cars hitting a traffic island on upper Market Street slant into it.

Robert Carl Hagen, 29, driver of a sports car which crashed through a six-foot-high board fence and into the house, was booked on suspicion of drunk driving.

Red Leaders Headed For Prague Meet

MOSCOW (AP)—Leaders of the Communist world headed for Prague today to continue round table conferences on Red solidarity.

A series of Moscow discussions apparently aimed at greater Communist unity ended last night with a Kremlin banquet. Soviet Party Secretary Nikita Khrushchev and Communist China's Mao Tzo-tung both spoke, but the content of their speeches was not disclosed immediately.

A proclamation of Communist solidarity was expected after the Prague sessions, which probably will begin after the funeral today of Czech President Antonin Zapotocky.

The Communist leaders came to Moscow for the 40th anniversary of the Bolshevik Revolution. Western observers believed their main business was transacted here, and that the Prague sessions would be largely formalities.

Soviet President Klementi Y. Voroshilov arrived yesterday in Prague for the state funeral of Zapotocky, who died last week of a heart ailment. Prague radio said other Communist leaders were on their way to the Czech capital.

Western diplomats believe the Moscow and Prague sessions probably point toward greater cooperation among Communist parties and on government levels—politically, economically and militarily.

Increased Chinese influence in the Communist world was seen in the prominence given Mao's speeches and statements in Moscow.

Viewers Get A Challenge On Program

NEW YORK (AP) — Viewers watching The $64,000 Challenge TV quiz last night were startled to hear themselves challenged.

In the midst of the program, a man later identified by police as Richard Fichter, 34, of Route 1, Springville, Pa., walked in front of a camera and read from a prepared statement: "America, I have a challenge. The Russians are ahead of you. . . ."

Fichter got no further. The camera swung away from him, he was grabbed by the stage director and was ushered into the wings after his brief performance.

The director, Seymour Robbie, said later he saw Fichter walk into a televised area that included three contestants and a master of ceremonies but thought he was a CBS employe. As soon as Fichter began to read, Robbie shouted through an intercom system: "Remove him."

Fichter was taken by police to Bellevue Hospital, where he was admitted to the psychiatric ward.

Police refused to divulge the contents of his statement. They said it was headed: "$64,000 Challenge as Prepared by Richard Fichter."

Legitimately on stage at the time were the M. C., Ralph Story, and three contestants, Teddy Nadler, Norman Fruman and Barry Simmons. All three had already won $4,000 and Story was asking Fruman the $8,000 question when Fichter appeared.

800 Persons Honor Handy

NEW YORK (AP)—A throng of admirers joined last night in singing happy birthday to William C. Handy, the frail, blind composer of "The St. Louis Blues."

For the 84-year-old Negro, it was a long way from St. Louis where, he recalled, "I was a tramp."

About 800 persons gathered in the grand ballroom of the Waldorf-Astoria Hotel and paid $50 a plate—proceeds to the W. C. Handy Foundation for the Blind—in a tribute sponsored by the American Society of Composers, Authors and Publishers.

As Handy entered the ballroom in a wheel chair, a 30-piece Paul Whiteman orchestra saluted him with "Alabamy Bound." Handy was born in Florence, Ala.

President Eisenhower, Vice President Nixon and New York's Gov. Averell Harriman sent telegrams of congratulations.

Among 36 persons on the dais with Handy and his wife were Ralph Bunche, United Nations official; Oscar Hammerstein II, and singer Morton Downey.

Italy's High Water Ebbing

ROVIGO, Italy (AP)—Floodwaters were slowly receding today from 28,000 acres of farm land and more than 20 villages in the Po River delta.

Authorities estimated it would take six or seven months to drain the flooded area completely.

The Po, Italy's mightiest river, spread over its banks in the delta last week after seven days of steady rainfall all along its course. At the same time high tides in the Adriatic breached the protective dike along the coast.

About 7,000 refugees fled to inland centers. Damage to farmland was reported this year. A 30-year-old man died of a heart attack while working on a dike.

Burglars Make A Clean Sweep

MILLBRAE, Calif. (AP) — While Mr. and Mrs. William Schmidt were visiting friends, the following items were taken from their home:

A parrakeet in its cage; a silver service for 12; a piggy bank with 200 dimes inside; all the slip covers from the living room furniture; an electric coffee maker and toaster; a Russian finch collar and muff; a jewelry box; two pillows; a clock; a cake Mrs. Schmidt had just baked; a silver fox stole; a silver hair brush set; nine sets of earrings; and a pair of house slippers.

The Schmidts estimated loss at $1,300.

CHRISTMAS CARDS are plentiful at Bennett Office Supply, and there are thousands of cards of some 300 varieties in Hallmark. Here, Harold Bennett, second from left, owner, and employes show cards to several customers. Left to right are Richie Evans, Bennett, Mrs. Nancy Caton, Mrs. Bunyan Evans, Nelda Evans, Shirley Watson, and Mrs. Hattie Burnett. Miss Watson and Mrs. Burnett are employes. (Lee Watson photograph)

Bennett Office Supply All Set For Christmas Shoppers

The time is rapidly drawing near for sending Christmas cards, and it is already here for doing Christmas shopping.

The Christmas shopper can get both jobs in line by visiting Bennett Office Supply, 1907 Twenty fifth Street.

Bennett's has hundreds of Christmas cards and such supplies as Christmas wrapping paper and trim, and it has many hundreds of items which would make suitable Christmas gifts, ranging from the lowest price a person can afford for a gift on up.

Now in stock at Bennett's is some 300 kinds of Hallmark Christmas cards. They are available in any amounts, from the celopaks of a few cards for 29 to 59 cents to the boxes of 25, which range in price from $1 to $5.

A special feature at Bennett's is monogram service for cards, and the usual type needed on Christmas cards can be finished in a week or less at $3 per 100 cards.

Bennett's has a complete stock of ribbon, gift wrapping paper, seals, glitter, and door decorations. A special sale is now on for gift wrapping paper. In the flat packs, the special prices include 70 cents for the $1 pack, 35 cents for the 50 cent pack, and 40 cents for the 59 cent pack. All kinds of roll paper is available, selling at a range of from 39 cents to $2.50 per roll. Christmas napkins and table cloths are also included in the Bennett stock.

In the gift lines, Bennett's has a wide variety, and the firm invites residents of this area to use its lay-away plan in purchasing Christmas gifts. Free giftwrapping is done for purchases.

Bennett's has a long line of suggestions for appropriate Christmas gifts at varying prices. For example:

In books, there are Bibles in Holman, Nelson, World, and National, ranging in size from the small testaments to large family Bibles. Prices range from $2.75 to $18 on regular Bibles and $20 to $25 for the large family Bibles. Their are also girls and boys series books, devotional books, novels, books about Texas, scrapbooks, and photo albums.

In stationary, Bennett's has Montagues, White Wyckoff, and Eldrige. There are all types of stationary and notes, from 59 cents up to about $4.

Pens and pencils are plentiful at Bennett's. In Sheaffer, Bennett's has pen and pencil sets from $5 up. There are individual pens from $3.75 to $20. Desk sets, fountain or ball point pens, range from $12.50 to $45 and Bennett's now has the special desk sets with the oil derrick or Hereford bull in gold. In Parker, the Parker 61 pen sells for $20 and sets for $35. There are also the Parkers 21, 41, and 51. Bennett's also has Esterbrook pens, which are especially popular for school use, with prices ranging from $2.95 to $5. There are also cartridge pens in Sheaffer and Esterbrook.

In typewriters, Bennett's has portables in Cole-Steel, Smith-Corona, Underwood, and Remington, with prices from $84.50 on the Cole-Steel up to $137.

There are many other assorted gifts at Bennett's, including all kinds of office needs, such as desk sets, ash trays, lamps, letter openers and holders, brief cases, and others.

Bennett's gives a free 1958 date book and calendar with each purchase.

Lopez Mateos Accepts Bid In Mexico

MEXICO CITY (AP) — Labor Minister Adolfo Lopez Mateos accepted the government party's nomination to run for president yesterday, a move that all but put him in the presidentiial seat.

Lopez Mateos outlined his program before 50,000 cherring supporters in a sports stadium, calling for expansion of Mexico's nationalized oil production through demestic investment.

He also pledged himself to a liberal and progressive administration he said he will seek to improve living standards, expand Mexico's economy and reaffirm the rights of free speech and expression, including the right to criticize the government.

The nomination Saturday by the dominant Party of Revolutionary Institutions (PRI) all but put him into the presidential seat to succeed President Adolfo Ruiz Cortines Dec. 1, 1958, for a six-year term. Minor parties are expected to put up only token candidates in the July election. The PRI always wins Mexican elections.

Party members from all over Mexico began gathering at Llympic Stadium at dawn to insure seats. The stadium, filled with temporary seats, was jammed.

Several bands played between speeches and airplanes roared overhead, dropping colored leaflets. Dozens of balloons bobbed in the sky. Poles and railings were decorated.

Delegations from throughout Mexico arrived in groups, paraded around the stadium.

The atmosphere was similar to that of a crowd gaily attending a fair or circus or college football game.

Columnist Gets Wide Response

PHOENIX, Ariz. (AP) — Arizona Republic columnist Don Dedera recently wrote about desecration of Arizona's historical landmarks. Letters piled up from readers asking what they could do to prevent it.

But one reader asked for directions to one of the old graveyards so he could "get one of those rustic headboards before they are all gone."

Helps Self To Bus

LONG BEACH, Calif. (AP)—Raymond D. Welke, 21, was pursued for two miles by police as he drove a big bus on an erratic course through town. Officers said Welke told them he became tired of waiting for a bus and finally walked to a nearby depot and helped himself to one. He was booked on suspicion of drunk driving and auto theft.

There Was Hot Time In Hedy's House

HOUSTON, Tex. (AP)—A roaring fire in a fireplace set fire last night to the home of Howard Lee and his wife, actress Hedy Lamarr. Fire Chief H. MCLean said there was extensive damage.

Liz To Have Her Operation In U. S.

HONG KONG (AP) — Elizabeth Taylor and Mike Todd are canceling the rest of their world tour so she can have her appendix out in America.

The film star came down with appendicitis Friday but her husband said she was up and around at the home of friends. Todd said she would have the operation on their return to Los Angeles.

Some Water Plans Are Unjustified

WASHINGTON (AP) — Are less than half the nation's water resource projects economically unjustified?

That's the conclusion of Otto Eckstein, assistant professor of economics at Harvard University, in a paper submitted to the House-Senate subcommittee on Fiscal Policy.

The subcommittee will question Eckstein and other resource panelists Friday as part of its study into the effect of government spending programs on the nation's economy.

Eckstein reached his conclusion in a critical discussion of the benefit-cost ratio used by government agencies and project sponsors to determine the worthiness of a proposed project. If the purported benefits from a project exceed its cost, the project is said to have a favorable benefit-cost ratio. The higher the ratio, the more worthwhile the project.

Eckstein contended, however, that "concepts and techniques that have been employed by the agencies to measure benefits in the past 15 years have yielded figures which considerably overstate the additions to national income."

He set forth various "major sources of bias" which he said show that a "significant share" of projects making up the present water resource program "is not justified economically, which is to say that the national income will be reduced by their construction."

". . . There is very strong evidence," he continued, "that less than half of the projects can be justified."

The Harvard economist said the "biggest source of bias in benefit-cost analysis is the excessive use of indirect (or secondary) benefits" which in the case of irrigation projects "may exceed direct benefits."

Shootings In Alabama Under Probe

CLANTON, Ala. (AP)—An investigation continued today into a series of gunfights between Negroes and white law enforcement officers at nearby Lomax which left one Negro man dead.

Four sheriff's deputies were wounded by flying pellets in gun battles which began Saturday night and lasted into the early hours of Sunday.

Willie Dunigan, 43-year-old farm hand, was fatally wounded in a gun battle with officers at his home early yesterday. He died about five hours later of chest wounds.

Eight Negroes were being held at the Chilton County jail for questioning.

One of them, Osie Hill, 45, was captured with the aid of bloodhounds, ending an extensive manhunt which followed the wounding of Deputy Sheriff Floyd Porter.

Porter's left arm was shattered by a shotgun blast at close range. The other officers were not believed seriously hurt.

There was speculation that the shootings might have grown out of tensions caused by Ku Klux Klan activity in the county. A cross was set afire by Klansmen at Lomax Thursday night.

Sheriff Hugh Champion said he was baffled at what caused the trouble because "feeling between whites and Negroes has been good in our county."

Building Up In 22 Hours

ABILENE, Kan. (AP) — Equipment troubles slowed the process, but only 22 working hours were needed over the weekend to erect an aluminum factory building by using two big balloons.

Work was completed on the domed, no-beam structure yesterday morning. The builders had hoped to finish it in less than 24 hours after starting Friday night. It is about five stories high.

The huge balloons were inflated so they lifted diamond shaped aluminum panels into place. When all panels were riveted together the balloons were deflated and withdrawn.

The giant upside-down bowl, which cost about $100,000, will house the Fi-Fo Conveyor Co., a manufacturer of pneumatic conveyor equipment.

Esther Williams, Gage Separated

HOLLYWOOD (AP) — Swimming star Esther Williams and her husband of 12 years, Ben Gage, have separated.

Gage, 43, a former radio announcer, also is the business partner of Miss Williams.

The 34-year-old actress said, "Ben has moved out of the house so we can try to work out our difficulties without disturbing the harmony of the home."

She disclosed that there had been two previous separations, hitherto unpublicized. The couple has three children, Benjie, 8; Kimball, 7; and Susan, 4.

Another Victim

CAMERON, La. (AP)—The marshy coast of Cameron Parish (county) has yielded another victim of Hurricane Audrey, which claimed more than 550 lives last June. The body was identified yesterday as that of Harry P. Melancon, 35, of Broussard.

Williams Featuring Many Fine Items In Jewelry Line

Diamonds are a woman's best friend — especially at Christmas time, the owner of a jewelry store which is more than 50 years old in Snyder, said.

He is Bill Williams, owner of Williams Jewelry on the west side of the square.

"There is nothing any woman wishes for more than a diamond, or diamond studded jewelry," Williams said.

In keeping with that theme Williams Jewelry is well stocked with a wide assortment of fine jewelry of all types which will make an ideal Christmas gift for any person — man, woman or child — on any Christmas list.

"Of course we know that diamonds are tops on any wish list, but that some persons already have them, or some person can not buy diamonds for everyone on their gift lists, so we have a complete assortment of all types of fine expensive and inexpensive jewelry to fit almost everyone on any list," Williams said.

His store is probably one of the oldest jewelry stores in West Texas.

It was originally opened in 1905 by the late H. G. Towle, and was sold to Mr. and Mrs. Sam Williams about 20 years ago. The latter operated the store for several years until after the death of Sam Williams.

In 1949 Bill Williams, who is not related to Mrs. Sam Williams, although they have the same name, joined the firm as jeweler.

In 1952 he purchased an interest in the store, and then on Oct. 1, 1956 purchased the interests of Mrs. Williams and now is sole owner.

Williams has been a jeweler for 10 years, having graduated from Hardin College, Wichita Falls, which is Midwestern University now, and in 1951 completed a course in complicated watches.

Employed by Mr. and Mrs. Williams in the store for the past five years has been Hattie Jane Townsend.

Williams Jewelry offers a complete Christmas season layaway plan to fit the requirements of any customer, and one of West Texas widest selections of fine jewelry.

In the fine China lines carried by the store are Lenox, Castleton, Haviland, Flint Ridge, Franciscan, and Continental. In the fine pottery lines are Franciscan, Peter Terris, and Russel Wright.

A complete line of Sterling Silver by Wallace, Reed & Barton and Heirloom is stocked.

Hamilton watches in the diamond line is a leader of the firm's stock of fine watches which also includes Wyler, Elgin, Bulova, and Omega watches.

"The Omega is the world's finest watch," Williams said.

A very fine selection of diamonds, diamond sets, dinner rings, men's diamond wedding bands, men's gold wedding bands, and rings are sold by the firm.

"The costume jewelry selection of Williams Jewelry is highly exclusive, not in price, but in selection of the items.

"We succeed in obtaining for our costume jewelry stock items which are not stocked by other firms in this area and we are proud that our customers can select items with the assurance that they will not be commonly seen on ther persons," Williams said.

Everyone is invited to visit the store and look over the fine jewelry items.

"However, Christmas is near and the rush of last minute shoppers can be avoided by shopping now," Williams added.

Cracker Barrel Is Available To Ike

AUGUSTA, Ga. (AP)—There's a cracker barrel around here now any time vacationing President Eisenhower wants to engage in free-for-all cracker barrel debate in the old country store manner.

Indications are pretty strong the President plans to do a good bit of philosophizing around that barrel with fellow members at the Augusta National Golf Club.

The barrel, well filled with crackers, was presented to the club yesterday by one of the members, George M. Humphrey, former secretary of the Treasury in the Eisenhower Cabinet.

The President said jokingly that he and Humphrey, chatting around the barrel, had solved all the world's problems.

"There'll be no more troubles from here on about the world," Eisenhower remarked with a grin.

The explanation of how Humphrey happened to present the two-foot-high, highly varnished barrel to the club is set forth in a letter the President wrote last July to Cliff Roberts of New York, the club board chairman. The White House made it public yesterday.

In the letter, Eisenhower recalled a stag dinner he gave when Humphrey resigned as secretary of the Treasury in July. At the dinner Humphrey told of a Sunday morning when he, the President and a few others sat around and chatted in the Augusta National Golf Shop.

Eisenhower wrote Roberts further: "As we left the golf shop that morning, I remember him remarking, 'The greatest deliberative body this country has ever known was the old country store.'"

Vote Drive In South Set By NAACP

ATLANTA (AP)—A campaign to more than double the number of Negro voters in the South in the next three years has been mapped out by the National Assn. for the Advancement of Colored People.

"The immediate goal is to bring Negro registration up to 60 per cent of its potential or to about three million voters by 1960," Southern NAACP leaders leaders said in a statement released yesterday at the end of a two-day conference.

The campaign should result in the election of at least three Negro congressmen from Mississippi and one each from North and South Carolina by 1960, Clarence Mitchell said. He is head of the NAACP's national legislative office in Washington.

"With the incentive of the 1957 civil rights law, we are confident that this goal can be reached," the statement said.

"Such an increase in voting strength will lead inevitably to the discovery, nomination and election of qualified candidates, regardless of race, who will represent the best interests of all the people."

The Southern NAACP leaders appointed a committee on implementation to see that the registration campaign reaches into every Negro household in the area. The committee expects to hold its first meeting within a month. Recommendations will be made to the National Board of Directors of the NAACP.

Production Hike Seen

WASHINGTON (AP) — The Agricultural Marketing Service predicted today it will cost farmers more to produce food and fiber products next year than this.

Slight to moderate increases were forecast in an outlook report for farm property taxes, interest rates, and prices paid for farm machinery, motor vehicles, farm real estate, fencing materials, fertilizer and some other farm supplies.

The report said these increases will be offset in part by prospective lower prices for livestock feed and seed. Prices of feeder cattle bought for fattening for the slaughter market were expected to remain at about the same levels as this year.

Moss Hopes Secrecy Will Be Lifted

WASHINGTON (AP)—Rep. Moss (D-Calif) said today he hopes new hearings by his House Government Information subcommittee "will point the way to a lightening of the blanket of secrecy stifling scientific advance."

Moss's statement was prepared for the opening of two days of public hearings on Defense Department policies and practices on letting the public know about information—what's going on in the military establishment.

Among those to testify today today was Trevor Gardner, former assistant secretary of the Air Force who resigned his post last year in protest against Pentagon policies on research and development.

Gardner, who formerly headed Air Force research and development, said yesterday U. S. taxpayers have a right to know the status of American intelligence concerning Russian military developments.

In a televised interview, he said the government should say whether it had advance knowledge that Russia was close to launching an earth satellite, whether any such information was kept from President Eisenhower, or whether it was given to him but "not properly interpreted."

Valley Vegetables Moving To Market

MCALLEN (AP) — Peppers, cucumbers, corn, squash, eggplants and other fall vegetables were moving to market on schedule again following a welcome three-inch rain the lower Rio Grande Valley last week.

But enthusiasm among Valley fruit and vegetable shippers was running highest for a readying tomato crop.

The first light movement of the green-wrapped tomatoes was expected to begin about the middle of this week. The quality of the fruit was considered the best in years.

Three days of slow, penetrating rains last week followed warm temperatures and furnished a situation almost ideal for the fall crop.

The demand for the valley's early tomatoes was expected to be very good. Other growing areas were reported late in production or hurt by weather.

Shippers from the upper Valley said the Laredo crop was at least 10 days late. Last weekend fields in the Laredo areas were reported too wet to enter due to very havy rains.

The first tomato shipment from the Laredo area last year was recorded Nov. 10 but the first shipment this year was not expected before the latter part of this week.

Given good weather, Florida usually begins heavy shipments of tomatoes near the end of November.

Mexican tomatoes, usually of fine quality, began crossing the border last week but shipments from there will be very light and will have little effect on Texas competition for some time.

Peak loadings from Mexico normally begin about Dec. 20 when the valley tomato deal normally is about through.

Ernie Fords Lose Jewels And Furs

HOLLYWOOD (AP) — Tennessee Ernie Ford and his wife lost $6,000 in jewels and furs to burglars over the weekend, but they figure it could have been worse.

In reporting to police that his house had been thoroughly ransacked while he vacationed in Palm Springs, the TV singing star observed: "They were lookin' for jewelry and stuff like that, but they didn't get much because we was a-wearin' most of our purties."
