

Dawes Vice Presidential Boom Grows

Clem Calhoun Accepts Date For Carnival

Three-Day Celebration Is Assuming Broader Aspect

"Carnival of Values," to be staged here June 30, July 1 and 2, Tuesday began to assume enormous proportions as definite plans for the celebration took form.

Clem Calhoun, candidate for attorney general, joined T. F. Hunter for governor, J. E. McDonald for agricultural commissioner, E. O. Thompson for railroad commissioner, and Mrs. Alex Adams for congressman at large, as a political speaker during the three day program.

Letters of invitation have been mailed to thirty-two cities asking that bathing beauty representatives be sent here to enter the bathing beauty contest held in conjunction with the carnival.

Leading towns between El Paso and Waco and between Amarillo and San Antonio have been asked to send representatives to compete in the Big Spring tennis club challenge affair.

A plan is now under way to have all mayors of neighboring cities attend a reception held here during the carnival. However, no definite arrangements have been made, according to C. T. Watson of the (CONTINUED ON PAGE FIVE)

RECORD CROWD EXPECTED AT AIRPORT WEDNESDAY TO WELCOME NIGHT SHIP

Tom'll Tell 'Em

U. S. SENATOR TOM CONNALLY

U. S. SENATOR TOM CONNALLY, of Texas, famed for his witty oratory, will place in nomination his fellow Texan, Speaker John N. Garner, for the Democratic presidential nomination at the Chicago convention opening June 27.

Henry Ford Says Hoover 'Best-Fitted'

But Holds Issues At Conventions Won't Aid Business

DETROIT (AP)—Henry Ford said in an interview today that he expected to see Hoover re-elected because "he was the man best fitted for the job."

Late Wire News

BILL APPROVED WASHINGTON (AP)—The senate banking committee approved the administration sponsored house bill for the creation system of more loan discount banks.

GARNER FEVER LEAVES WASHINGTON (AP)—Speaker John N. Garner was free of fever today for the first time since Saturday although he remained in bed.

TYLER FACTORY BURNS TYLER (AP)—The Bullard Gin and Crate Factory, Bullard, was destroyed by fire today. The loss was estimated at \$40,000.

CONROE HEARING AUSTIN (AP)—The railroad commission today set June 25 for the hearing of the oil operations of Conroe Field, whose purpose is discussion of the conservation rules.

HAUSNER BEITER NEW YORK (AP)—Radioing the Associated Press Tuesday, James Wilson, Steamship Circle, Shell, tersely recounted the dramatic rescue of Stanislaus Hausner, New York-Warsaw flier.

While the people of our community have not, generally speaking, become as air-minded as those of some other West Texas cities, air mail and passenger business originating here has grown steadily.

Union Barbers Reduce Prices

Union barber shops in Big Spring announced Tuesday a reduction in barber shop prices, effective June 14. A schedule of prices is carried in an advertisement elsewhere in this issue of The Herald.

Prominent Men To Be Aboard; Legion Corps To Be Feature

The largest crowd ever assembled at Big Spring airport is expected to welcome the first westbound plane on the new night air mail and passenger schedule of American Airways, which is due to arrive at 10:45 p. m. Wednesday.

Martial call of the Drum and Bugle Corps of William Frank Martin post, American Legion, will beckon a distinguished party of passengers to a special feast to be served at the port by the chamber of commerce.

The westbound ship will arrive at 10:45 p. m. and depart at 11:03 p. m. The first eastbound ship will reach here at 4:30 a. m. Thursday and depart at 4:45 a. m.

Robert J. Smith, New York, general traffic manager of American Airways, and Earle Ovington, who made the first air mail flight in 1911, will be among passengers on the first eastbound ship.

Fleisher Refuses To Submit Writing For Lindy Probe

DETROIT, Mich. (UP)—Harry Fleisher, purple gangster, refused today to submit to a sample of his handwriting for comparison with notes seen by Col. Charles A. Lindbergh and his negotiators.

The gangster, sought for two months for questioning in connection with the kidnaping inquiry, would give no reason for his refusal, other than "it is on advice of my attorneys."

Convinced after hours of fruitless questioning that Fleisher had nothing to do with the actual kidnaping, the investigators are shaping their inquiry in an effort to connect him with at least one of the notes sent Col. Charles A. Lindbergh.

So far, detectives are working on two established facts—that Fleisher was "in the East" and that he needed money badly.

The gangster has refused either to affirm or deny charges he was in New Jersey soon after the kidnaping. He has answered all questions with: "See my attorney," or if pressed, "No speaks English."

Detectives in the purple gangster may know the identity of the mysterious "John," who received \$50,000 ransom money from Dr. J. F. Condon.

He has strong underworld connections in Newark, the investigators believe, and may have stumbled upon a contact with "John."

It is just as likely, the questioners said, the gangster attempted to contact either the Norfolk negotiators or Gaston B. Means.

Baptist Preacher Has Unusually Busy Sunday

H. C. Goodman, pastor of the Baptist tabernacle, 205 Gold street, reported an unusually busy day Sunday. At 10 a. m. he taught a Bible class at the tabernacle, at 11 a. m. preached at Prairie View Baptist church, at 3 p. m. preached at the negro Methodist church.

There will continue through this week with sermons each evening on "What we believe," said. This evening "Of The True God" will be the phase for discussion. Last night it was "Of The Scriptures," Wednesday evening, "Of The Holy Spirit," Thursday evening, "Of The Creation," are the other topics.

First Night Air Mail Letters May Be Mailed To 5 P. M.

Letters for mailing on the first night air mail ships through here will be received at the Chamber of Commerce offices until 5 p. m. Wednesday.

Carnival Of Values Lists Many Sports

Baseball Games, Tennis Tournament, Motorcycle Polo On Card

Plans for the biggest athletic carnival of the year in West Texas, a free to all program of golf, tennis, baseball, terrapin racing, motorcycle polo, and track events, were progressing rapidly as appeals to local merchants for the whirlwind week meeting with expected success.

For three days, June 30 through July 2, the city of Big Spring will be one mad swirl of athletic competition. More than twenty cities are expected to enter teams in competition for the handsome challenge trophy being given to the championship tennis team in West Texas, with twenty-three distinct champions being among the number of racqueters to appear on the high school courts, which are being improved for the event.

On the links three of the best sand green golfers in West Texas will be here to vie with Shirley Robbins, local crack, in a series of exhibition foursomes. The identity of the three visitors has not been definitely established, but Charles Qualls of Post, Frank Rose of Lammea, and Bob Scott of Colorado have received invitations. The expenses of the visiting players will be paid by the celebration committee.

Qualls, West Texas champion in 1931, fought against grass greens and a strong field to win his way into the semifinals of the West Texas tourney in San Angelo last weekend. He is the holder of the Big Spring Country Club tournament championship.

Robbins and Rose qualified for the championship flight with an 85 and a 79 respectively, despite the fact that the former was playing on grass greens for the first time and the latter was handicapped by the change from his home course to the difficult San Angelo layout.

Scott and Rose will probably be paired against Qualls and Robbins in the feature 18 hole exhibition.

Six teams are expected to provide the baseball side of the athletic show, with Lois Madison organizing a squad of local stars in an effort to keep the championship in Big Spring. A new field will be constructed for the event.

Motorcycle polo, a new, hazardous sport, will attract quite a few of the fortunate spectators who are furnished with depression passer, Lubbock and San Angelo are invited to enter teams while a local quartet will likewise appear.

Home racing events, with Jess Slaughter as the promoter, will be staged on the old ball park west of town. Details have not been fully worked out.

No admission will be charged to any of the contests, all expense being born by local merchants. Almost two hundred dollars will be spent in furnishing this three day athletic program free gratis to the visitors and local fans.

Church Social Planned By Wesley Memorial WMS

The members of the Wesley Memorial Methodist church met at the church Monday afternoon for a meeting concerning racketeers.

Mrs. Jack King gave the devotion. Mrs. Nairs gave a reading, "The Baby Bandit" and Mrs. Fridge another on "The Making of a Gangster."

There will be a social for church members and their friends at the church Thursday evening.

'PRINCESS ALICE' AT CHICAGO

Mrs. Alice Roosevelt Longworth surprised everybody by turning up at the republican national convention at Chicago just as they were discussing the report that she was too ill to attend.

Legion Ready For Flag Day Observance

200th Anniversary of George Washington's Birth Theme

Flag Day exercises, commemorating the 200th anniversary of the birth of George Washington, will be held at 8:30 p. m. today in the high school auditorium with C. L. Bryant, post commander of William Frank Martin Post No. 185 in charge.

Choosing a commemorative theme, the Legion will hold a similar but interesting program. Bryant urges citizens to attend and extended a special invitation to Boy Scouts. The program will have its inception at 8 o'clock when Legion members, Veterans of Foreign Wars and ex-service men form a parade behind Legion Drum and Bugle Corps and march to the auditorium.

Following this, the drum and bugle corps will give a short concert.

The program announced by Bryant follows: Professional to auditorium by American Legion, Veterans of Foreign Wars and ex-service men who will form at 8 p. m. at the Settles Hotel and be led by the Legion Drum and Bugle Corps.

Musical by drum and bugle corps. Invocation, Dr. C. C. Carter, V. F. W. chaplain.

"America," song by Ladies' Auxiliary and American Legion members.

Five minute talk, "The Phantom Conclave," Dr. C. W. Deats.

Violin solo, "Roses of Picardy," Miss Virginia Peden.

One-minute sentence honoring deceased "buddies."

"Taps" by Trumpeter Fred Drew. Reading, "History of Our Flag," Mrs. R. E. Blount of Ladies' Auxiliary.

Herald Receives Chicago Pictures By Fast Air Mail

Among 100 men on duty for The Associated Press at the Republican National convention in Chicago are photographers for the AP news picture service.

The picture on this page of Mrs. Alice Roosevelt Longworth and Mrs. W. H. Wisner, was taken in Chicago Monday.

It left Chicago at 7 p. m. Monday by air mail, reached Fort Worth in time to catch the westbound American Airways ship and be delivered in The Herald offices before noon Tuesday.

The Herald Saturday received pictures of Violet Sharpe and Ernest Brynker, suspects in the Lindbergh case. The pictures were developed in New York, telephoned to San Francisco, flown to Big Spring from Friday noon to Saturday evening.

Miss Horton Is Bride Of Mr. Low

Miss Ira Ruth Horton and Barton Low were united in marriage Saturday evening, June 11, at the First Christian church parsonage here with Rev. D. R. Lindley performing the ceremony.

John R. Horton of the Elbow community, where she has resided most of her life. She is a graduate of Elbow school.

Mr. Low is a son of Mr. and Mrs. Dave Low of Elbow community and he resided there the past four years. The young couple will make their home in that community, where they are prominently known.

\$2,000 Reward Offered For Planters Of Bomb At Dallas Theatre

DALLAS (UP)—Reward of \$2,000 for information leading to the arrest of vandals who Saturday night discharged a bomb in the Palace theater of the Public chain had been posted.

Twelve persons including Franco Autori, assistant conductor of the Chicago Civic Opera Company, who will direct open air concerts here this summer, were injured. Autori, Mrs. Autori and Pauline Lawn, dramatic soprano and mother of Mrs. Autori, are confined in Baylor Hospital recovering from burns suffered.

Texas And Iowa Delegations Start Movement; Wisconsin And Montana Take Up Fight

Curtis' Sister Expresses Confidence After Confering With Two Members Of Hoover Cabinet

Administration For Resubmission President's Aides Take Over Prohibition Job In Effort To Head Off Efforts For Recall Plank By Party

CHICAGO (AP)—Upon completion of the temporary organization the Republican national convention adjourned at 1:18 p. m. until eleven a. m. daylight savings time Wednesday.

CHICAGO (AP)—A movement to make Charles G. Dawes the vice-presidential nominee gained strength Tuesday as rumblings against renomination of Charles Curtis rose in volume.

The Dawes boom, beginning Monday night with the Texas and Iowa delegations, had spread to Montana and Wisconsin. Strong sentiment for Dawes existed in the New Mexico delegation and the view was expressed that Indiana would go along if the bolt grew.

Michigan and many other delegations were standing by, willing to approve any second man acceptable to the administration.

Meanwhile, Mrs. Edward Gann, Curtis' sister, declared after confering with two members of the Hoover cabinet that "my brother is certain to be nominated from everything that I can gather."

The Arkansas delegation tentatively agreed to yield to Texas on roll call to permit early nomination of Dawes.

HOUSE VOTE ON BONUS IS POSTPONED

President Told Congress Is Expected To Adjourn Saturday

WASHINGTON (AP)—The House of Representatives today postponed the final vote on the cash bonus issue until tomorrow.

WASHINGTON (AP)—President Hoover was informed today by Senator McNary, Oregon, assistant republican leader, that he believed Congress could adjourn Saturday.

Methodist Home Party Rests Here

W. F. Barnett and a party of thirty from the Methodist Home in Waco Monday spent the morning and part of the afternoon in the City Park resting before continuing their trek to Midland and points west.

Sunday evening the children, under the direction of Mrs. Barnett gave a program of entertainment at the First Methodist church. Hundreds attended the affair.

Mr. Barnett, widely known as "Dad," gave informative, short speeches about the children and the home between musical and vocal numbers. Seventeen violins and one cello featured the home orchestra. A vocal number by a girl member of the troupe brought continued applause. The girls' choral club, which has for the last three years won the state title in high school division, favored with four numbers. A quartet, composed of the only boys on the trip, gave two numbers.

The group came to Big Spring Sunday from Sweetwater and will continue westward until Colorado Springs, Colorado, is reached. Last year the group, which travels by bus, was scheduled to appear here but Big Spring was mistaken for Big Lake when the party left San Angelo.

Session Quiet

CHICAGO (AP)—Delegates and alternates sat in pre-occupied silence as a temporary slate of convention officials was put through in short order. Half-filled galleries hardly got a thrill out of the show, lasting less than two hours in the morning.

The wet-dry issue was brought officially to notice of the assembled representatives of republicanism, but hardly any one on the floor or in the gallery knew it. Nicholas Murray Butler sent his famous repeal resolutions to the desk for reference to the platform committee without asking that it be read. It went silently into the hopper, to be heard from later through committee as platforms and resolutions, which were called to meet late Tuesday. James H. Garfield of Ohio leads the first, Albert W. Saterfer of Omaha the latter. They will try to report sometime Wednesday.

The convention plans Wednesday sessions at 11 a. m. and 4 p. m. Two strenuous contests, prohibition and the vice-presidential choice, were casting shadows. Administration leaders were intent upon defeating forces for repeal by drafting a plank calling for resubmission of prohibition. It was predicted success was just ahead after consulting the White House and spokesmen for the drys.

Secretaries Mills and Stinson participated in the prohibition parleys Monday morning. Their departure for the convention hall was taken as an indication that a final draft had been found, subject to study by the president. The fact that the cabinet members had taken over the prohibition job was accepted as showing almost certain presidential approval of a tentative resubmission plank.

Pennsylvania Helps Meanwhile the powerful Pennsylvania delegation aided the administration drive for resubmission by adopting a compromise resubmission plank in opposition to straight repeal by vote of 49 to 15.

President Hoover was keeping his hands off officially in the vice-presidential situation but significance was attached to the fact that almost every cabinet member here has declared for renomination of Curtis and will go through on that basis.

Dawes boosters claimed 20 to 25 states were for him. Notwithstanding Texas had obtained consent of Arkansas to nominate Dawes when the latter state is reached on roll call. Leo Small, chairman of the Illinois delegation said undoubtedly (CONTINUED ON PAGE FIVE)

Public Records

Marriage Licenses Mr. Clyde Banks and Miss Leona Bagwell.

Longworth's Warning

THE late Sen. Longworth, who was a well-educated gentleman and a beloved figure in public life, but no great statesman, issued a warning to his colleagues in the House shortly before his death that may some day be remembered more than anything he said. He declared that the House could function only under the party system and when the parties broke down, orderly law-making would break down.

To some citizens, disgusted with actions of both political parties, the failure of party lines to hold might not be interpreted as a bad thing for the American government. Yet it must be remembered that the House has 435 members. During the course of a session it must consider some 10,000 to 15,000 measures—many of which are private bills of no particular significance. If the House undertook to frame and pass legislation on the floor, the work would be impossible. It is through committees that both branches of our congress accomplish their real mission.

Naturally, the committee system would in time be meaningless if party lines were broken and the House membership undertook to ignore the action of the committees regularly. Thus it will be seen, that political parties, useless as they sometimes seem to most of us, have a real function to perform in Congress.

Glance back over the record of the present Congress, however, and you will see how little party lines have counted for on important issues. On only one major vote—the organization of the House last December—did they stand practically intact. On the moratorium,

the Reconstruction Finance Corporation, and the tax bill, to name only a few of the major measures, they were split sunder.

The House action on the special economy committee's carefully prepared economy bill is a recent striking example of the breakdown of parties.

The situation appears to be a distinct trend in American politics rather than an isolated incident in the life of the present Congress. As individual voters we support candidates, not parties. As lawmakers, our representatives uphold measures, not organizations. It might be a good thing, but it is well to remember Longworth's statement that if the breakdown comes it is going to necessitate a change in some of our oldest governmental forms.

Enforcement — Not Repeal

Newspaper Man Speaks
(Speech read at Law Observance Banquet)
Frank E. Gannett, owner chain of Seventeen Newspapers.
"I should like by my presence to show my appreciation of the efforts that you are making for law observance. There is no such thing as resubmission of the Eighteenth Amendment. This is an illustration of the loose thinking, or rather lack of thinking, in which the wets are indulging.

"We can't have any national referendum on the question of prohibition unless we want to abandon our Constitution and the constitutional methods of carrying on our Government. If we are going to have a referendum on the question of prohibition, we may as well prepare to have a referendum on the soldier bonus, inflation of our currency and every other question. No more dangerous thing has been suggested than a national referendum, whether it be on the prohibition question or any other question.

"The prohibition question can be dealt with only in a constitutional manner. The Constitution, that great document on which has been built all that the United States is today, very carefully prescribes how changes may be made in our basic law. As an ardent supporter of the Eighteenth Amendment and an opponent of the liquor tariff, I feel of course that the majority of this country should rule and must rule. I have fear that they will not rule, but our Government must be carried on according to the Constitution.

"The public should be awakened to the threat that the wets are making at the very foundation of our Government when they talk loosely of referenda and resubmission. If the majority of our people want the prohibition law changed—which I very doubt—the only procedure possible is to submit another amendment repealing or modifying the Eighteenth Amendment. We can't handle the question in any other way under the Constitution.

The People Will Stand
Confusion to the point of panic reigns in the circles of political and even reform leaders. It is less obvious in the ranks. Street corner and tea party conversations may sound menacing to prohibition but confronted with a test at the ballot box the voter often regains his balance.

Here a great prohibition newspaper man declares for a referendum with no apparent concern for its constitutional and governmental implications; there a leader of a

great prohibition organization announces he will not oppose a referendum since we adopted prohibition that way, seemingly forgetting that it could not come in such manner. Others who should be maintaining in the sanity and poise of the nation's thinking give befuddled interviews while liquor leaders urge them on, underdrinking propaganda which represents the people as turning rapidly to their side.

But quite as the United States Senate stands in the face of it all, rejecting legalized and well taxed beer by a three to one vote, so great masses of the people are less disturbed than the politicians and most of the leaders of prohibition organizations.

In a Congressional District in Indiana wherein Mr. Strayton is said to have campaigned vigorously for a pro-liquor candidate in the primaries, with boasts that it was the best organized district from the standpoint of the anti-prohibitionists in the nation, the incumbent standing on his record of support of the prohibition law sweeps the primary with a lead of more than eleven thousand votes.

While Ohio opponents of prohibition rejoice over the nomination of a wet Republican for governor they can interpret the primary as indicating a trend favorable to them only by ignoring the fact that vastly more persons supported the two opposing candidates who split the prohibition vote.

With groups of society ladies scattered through all the public places of significance in a repeal drive, Pittsburgh—not the greatest prohibition center in the nation—announces the enrollment of only about two thousand repealers on the first day. Were the people half as panicky as the politicians there would have been many times that enrollment against the amendment in the steel city in twenty-four hours.

The full tide of strength for the Eighteenth Amendment will never be known unless and until the supreme test on its repeal shall come. If this test be averted, years hence its power will be measured by its quality of endurance in this hour of confusion and strife.

SPORTS ON PARADE

By CURTIS BISHOP

Something must be done about football coaches cluttering up the golf course. Obie Bristow started it, and this summer Hennig and Lowe of Sweetwater took up the game. Now comes Melvin Pittman, winner of the third flight championship at the West Texas tournament over Heale Carson of San Angelo, a former T. C. U. star.

"Pitt" has not gotten the breaks in his last two or three years at Anson, and it is quite possible that he may be somewhat else next season. He made good with a bang immediately after graduation from Simmons, producing three winning teams in succession. Poor material in recent years has led to two or three disastrous campaigns.

The blonde-haired "Swede" who looks like his brother, came in, the jeweler, if you're curious, is probably the most successful athlete the local high school ever sent to a college team. He was captain of the Cowboys in '26, and made a blaze of glory exist in his final game against Howard Payne by booting the field goal that gave Simmons the game and the Conference title 3 to 6.

A paragraph for tennis fans: Leo Brady won the first set 10-8 from Elmo Lowe in the Abilene city tournament; M. M. Ballard won over C. A. Anderson 6-0, 6-0; Paul Smith, former high school athlete here, lost to Noel Sewell 6-1, 2-6, 11-9; Theo Ferguson won the Midland city title over Richard Morse 6-4, 4-6, 6-4, 6-2. Charles Levinson won the junior title over John E. Thomas Junior 6-3, 3-6, 6-1, 6-2.

The Texon brassie busters invade the local eighteen Sunday in the first appearance on the Big Spring course. The locals, now in third place, will be very hard-put to turn back young Jack Satterwhite and Pat Kelly, Texon golfers who have gone places and done things in recent tournaments. Robbins will have the task of defeating the cool

Texon youth, while it will probably be up to Porter to face Kelly.

In other matches Snyder meets Colorado, Midland Invades Lamesa, and Sweetwater tangles with Odessa. Studying the schedule we say that Lamesa will increase their lead, since Midland is still handicapped by excess water hazards over the course, and that Sweetwater will gain many, many points of the entire field. Odessa seems to be entirely too weak for the grade of competition.

The local eight, however, will probably play without the services of Obie Bristow, who is spending the summer, if nothing else, in San Angelo. We think perhaps he is investigating someone's eligibility for one of the spots. On his last visit the Big Spring coach discovered George DeLise had had four years of previous competition.

Left-handed hitters will comprise the batting strength of Lois Madison's all-star club. The skipper himself will be one of the stellar sluggers, with Carl Madison, Payne, Baber (if he feels like it), and Hicks all swinging from the wrong side of the plate. Bass, Salm, and Martin are the right-handed clouters.

Salm, now in the forties or fifties, we don't say definitely, was once considered a big league prospect. He burned up the East Texas League several years ago as a shortstop, but his inability to hit curvy ball pitched paved the way for his retirement from professional baseball. Against speed he is a deadly slugger, clouting out several home runs in the season he played with the West Texas League here.

Probably Madison's outstanding bid for fame is a clean single to center field off Grover Alexander in the House of David exhibition game in 1931. Carl, his brother, will probably be the "pepper-box" of the team if he is in anything like good condition, a wise-cracking, base-stealing second baseman. Hicks, if he can be induced to leave the golf course for that long, has a hard-earned swing that enables him to send either golf or baseball for long distances. Were it not for a cast throwing arm he might today be high up in professional circles, for he can play almost any position well.

Patton, a tall, slow-moving catcher from one of the county teams, will probably be one of the receivers on Madison's club. One of the best features we can suggest is a footrace between "Lefty" Esber, Martin, and Patton. After a while, however, we suppose the spectators would get tired of it.

WE MADE A MISTAKE

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

THE Gillette Safety Razor Company feels called upon to make a confession and a statement that are undoubtedly unique in the annals of American business. It is with deep regret and no little embarrassment that we do this in order to tell you frankly what actually happened when we introduced a new Gillette razor and blade.

Soon after this was done, we found that, although the great majority was pleased, some users complained quality was not up to standard. We learned why. Our equipment had not been equal to the task of producing millions of blades at high speed without a certain variation in quality that affected a small portion of our output. As a result some blades that left the factory were not as good as you had a right to expect. Immediately we directed our principal effort toward the achievement of uniformity. Everything within our power was done to end variation. More than this—impossible as it seemed of accomplishment at the time—we set out to develop or find a better production process, having as a major requirement the elimination of varying quality.

Fort Worth Wins Behind D. Whitworth
Tyler Sports Take Both Ends Of Bill Off Houston

FORT WORTH — Dick Whitworth bested Joe Vance in a pitching duel here Monday night for a 1 to 0 verdict and enabled the Fort Worth Panthers to sweep the four game series with the San Antonio Indians.

The veteran Whitworth allowed but two hits, one of which was of the infield variety. The other almost tore him from the pitching box as it went sailing into center field. Neither of the two hits came in the same inning and Whitworth was never in danger, despite a walk to Schofield, first man up in the sixth who advanced to third. But two were down by the time that bag was reached and the third out was easy.

It also was a walk that proved the undoing of Vance as he passed Scarritt after two were out in the third inning. Scarritt stole second and continued to third when Mealy's throw was bad and rolled

into the outfield. Scarritt came on home on a wild pitch.

The Panthers had more promising innings than the third as two hits came in the second and a double and two walks in the fourth but none developed into tallies. San Antonio .000 000 000—0 2 1 Fort Worth .001 000 00x—1 4 0

SPORTS 6-9, BUFFS 5-4
TYLER—The lowly Tyler Sports Monday won both games of a doubleheader from the Houston Buffs, 6-5 and 9-4.

The first game went 11 innings. Whelan scored the winning run. Bill Narlesky hit three homers for Houston, one in the first game and two in the second. Homer Pel hit two of them and Medwick, Ward and Hollerson one each.

The veteran Milt Steingrafe allowed the Buffs only seven hits in the first game while the Sports touched Heusser for 11. Hollerson went the route for Tyler in the second, keeping eight hits well scattered. Moss and Breeden for the Buffs allowed 11 between them.

SAVAGES 4-6, PIRATES 1-3
LONGVIEW — The Longview Cannivals and Galveston Buccaneers divided a double bill here Monday, the Savages winning the first game 4-1, and the Buccaneers 3-0.

Presnell outpitched Seydier in the opener while Thurman was invincible in the nightcap.

EXPORTS 7, STEERS 4
DALAS—Paul Easterling's home run in the sixth with the bases loaded gave Beaumont a 7-4 victory over Dallas here Monday night. It was the closing game of a four-game series. Dallas won the first three. Luke Hamlin pitched five-hit ball for the leaders. Murray, with one day rest, tried to come back and beat the Exporters but was routed in the sixth.

WE MADE A MISTAKE

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

THE Gillette Safety Razor Company feels called upon to make a confession and a statement that are undoubtedly unique in the annals of American business. It is with deep regret and no little embarrassment that we do this in order to tell you frankly what actually happened when we introduced a new Gillette razor and blade.

Soon after this was done, we found that, although the great majority was pleased, some users complained quality was not up to standard. We learned why. Our equipment had not been equal to the task of producing millions of blades at high speed without a certain variation in quality that affected a small portion of our output. As a result some blades that left the factory were not as good as you had a right to expect. Immediately we directed our principal effort toward the achievement of uniformity. Everything within our power was done to end variation. More than this—impossible as it seemed of accomplishment at the time—we set out to develop or find a better production process, having as a major requirement the elimination of varying quality.

We discovered and purchased for our exclusive use and at the cost of millions of dollars a manufacturing process that was amazingly superior to our own.

By this method, modern and automatic, millions of blades can be made at top speed without variation in quality.

We incorporated refinements of our own invention and installed the new machinery, throwing out all of our old equipment.

Now we announce today's Gillette blades, made by the new management: The usual superlatives have no place in this sincere statement of ours, so we will let the quality of the blades speak for itself. The green Gillette package remains unchanged, but the blades are new in every respect, quality, performance, and method of manufacture.

You can try today's Gillette blades without risking a cent. If you don't agree they are superior, return the package and your dealer will refund your money. Our reputation depends upon the proof of these claims. Being absolutely certain of the quality of these Gillette blades, we do not hesitate to make this statement over our signature.

The Gillette Blue Super-Blade

The \$2 Kroman De Luxe blade has been withdrawn from production. We offer the Blue Super-Blade as its successor. This sensational blade is far superior to the Kroman and costs considerably less. You pay only a few cents more than for the regular blade and get unmatched shaving comfort. Its extraordinary shaving performance will convince you that the Blue Blade is the sharpest ever produced. A blue color has been applied to the blade for easy identification. It is contained in a blue package, Cellophane wrapped.

GILLETTE SAFETY RAZOR CO.
BOSTON, MASSACHUSETTS

Annual P-T. A. Report

Heads Of Council And City Schools Summarize Year's Accomplishments

South Ward P-T. A.
The main project for the school was the raising of funds at an indoor circus given by the pupils of the South Ward School at which \$50 was cleared.

To care for the books, we passed a bank at each meeting, and took an average collection of \$3. The cafeteria manager paid us 10 per cent of the gross earnings which averaged \$5 a month.

We also fed five needy children. In April we helped sponsor the Russian Chorus and received \$24 as our part of the proceeds.

We rated in all, \$71.
We observed health and thrift week, founder's birthday, and at our 14 meetings had an average attendance of 40 out of a membership of 46.

MRS. JESS SLAUGHTER
East Ward P-T. A.
This P-T. A. was organized in February of last year with Mrs. J. P. Dodge president, Mrs. L. E. Eddy, first vice president, Mrs. E. C. Damron, second vice president; Mrs. D. L. Ringler, third vice president; Miss Hristov, secretary and Mrs. J. J. Throp, treasurer.

The P-T. A. immediately joined the state and national associations. It decided to devote its energies at once to raising funds for a cafeteria and piano. We put on the play "Here Comes Arabella" under the direction of a coach from Atlanta, Ga., and realized \$76 clear.

The children collected bread wrappers and made a neat little sum in this way. Our mothers made a Dutch doll quilt which sold for \$25.

We bought pictures for all the rooms and gave books as prizes at each meeting to rooms having most mothers in attendance.

We were soon called on to feed the hungry children of our school and did this gladly, feeding 11 children per month with sandwiches, apples, donuts by Wynn Produce Co. and milk. We supplied clothing for a number of children, bought shoes and stockings for some; and

eration from the Big Spring Herald.

I have attended and presided at all meetings but one, due to illness and at this time Mrs. Ingham presided. I attended all Council meetings but one, due to illness.

A message was sent to Senator Metcalfe petitioning him to do all possible in not cutting the state's pro ratio for each school child.

In April of last year we voted to sell vanilla to make a little pin money. We have succeeded in a fair way and are still selling the extract.

We furnished crayolas, scissors, pencils and tablets to all children unable to buy them themselves. We also bought 125 ooth brushes for the children who do not have one.

Until our cafeteria was established, the mothers furnished milk and the Wins Produce Co. apples. The most taken care of were 23 a day, after the cafeteria was installed.

Meals were furnished to the needy children. Due to the large number now needing help, the community chest allowed us the money to pay for these meals.

The cafeteria was started in October and I think has been very successful. The mothers and school friends donated all the dishes and silverware. They bought and paid for a gas range. An average of 80 children were fed daily.

A bridge tournament was held to help raise money to meet our necessary expenses. Due to very bad weather on that day we had a very small crowd but we made more than \$47, inasmuch as we sold a handmade quilt and a large cake.

We joined the City Federation and donated \$10 toward entertaining the district Federated Club convention in March. We also are members of the council and dues are paid.

We observed three parents' visiting days, March 2, 1931, Nov. 19, 1931 and Feb. 26, 1932, according to state requirements.

First aid kits were placed in the school.
Book Week was observed and a book exhibit held at this time. Books were sold and from our commission we started the library. Four books were bought suitable for use in any grade. Compton's Encyclopedia had been bought in September. This is only the start. My own library grew and grow for the benefit of the children.

The children sold Christmas Health Seals and subscriptions to the Herald, gaining a small commission to put into the treasury.

We have had interesting programs, covering as nearly as possible what the state asked, namely: Book Week, Thrift Week; Music Week, Founder's Day; Health and Safety of Our Children and Fire Prevention. The children have had a part in each program.

In February an interesting meeting was held. All the children in the school participating in the 200th anniversary of Washington's birthday by planting and dedicating 12 elm trees. An appropriate program was given at which time the Council presented a beautiful American flag to the school. After the children were dismissed a short business meeting was held, followed by a tea in observance of Founder's Day. A free will offering was taken and sent to the state's endowment fund as our birthday gift.

The playground equipment gained as our portion when Central School closed, was repaired and installed on the school campus.

Whatever I have been able to do has been done in a spirit of love and service for your child and mine and to show malice to none. I have tried to be just in all our work. Words fail to express to you my appreciation for your loyal support and earnest cooperation. May the success of the coming year know no bounds on the foundation we have built.

MRS. BERNARD FISHER, Pres.

CORRECTION
Instead of Mrs. Mellinger, it was Mrs. Victor Fiewellen who served so faithfully as secretary of the Council for the past two years.

Grove Wins Eleventh Straight Victory; Ruth Hits 21st Homer

DETROIT—Robert Moses Grove of the Philadelphia Athletics won his 11th consecutive game Monday, beating Detroit 8 to 1 and allowing only four scattered hits.

Leaders Goldstein, young Tiger right hander, gave Grove a fair pitching battle for seven innings, although at that point the Athletics were leading 2 to 0, both runs being made by Max Bishop after he had doubled in the third and fifth innings.

Tommy Bridges replaced Goldstein in the ninth with Jimmy Fox the first man up. With the count at three and two, Fox slammed his 23rd home run of the season over the left field fence. It was one of the longest hits ever seen at Navin field.

Scores by innings:
Philadelphia 001 010 042-8
Detroit 000 000 010-1

WHITE SOX 7, RED SOX 5
CHICAGO—After being held scoreless for five innings Monday, the Chicago White Sox caught up with Eddie Durham and batted out a 7 to 5 victory over Boston.

The Sox nicked Durham for two in the sixth, and batted him out of the box in the seventh during a five run uprising. Wiley Moore also was routed during the rally.
Boston 400 200 000-6 8 4

Chicago 000 002 50x-7 10 2
Durham, Moore, Kilne and Connolly; Smith, Gregory, Faber and Grube.

YANKEES 8, INDIANS 7
CLEVELAND—Sensational fielding by Ben Chapman, Lyn Lary and Tony Lazzari in the ninth inning saved Lefty Gomez Monday and enabled the star southpaw to hang up his 12th victory as the Yankees nosed out the Indians 8-7.

Babe Ruth clouted his 21st home run of the year in the fifth inning with one on.

Jack Russell making his first start for Cleveland since he was obtained from Boston went to his first six innings and was pounded hard. Monte Pearson succeeded him to start the seventh and tossed the game away by issuing three passes before Hudlin was rushed to the rescue.

New York 010 221 200-8 12 2
Cleveland 010 010 311-7 12 0
Gomez and Dickey; Russell, Hudlin and Sewell.

ROCHESTER, N. Y.—Mrs. Catherine Wheelwright, the mother of Elmon De Valera, president of the Irish free state council, died at her home here yesterday after a long illness.

F.H.E. Seeks Cause Of Cut In Production

Well Falls Off When Placed On Pump; Schermerhorn Cements

F. H. E. Oil Company's No. 1 L. C. Denman, one of three new producers in eastern Howard county, has been completed, pumping 70 barrels of oil daily. It may be shot again, however. The well was shot about a month ago with 400 quarts from 2,712 to 2,803 feet. The main pay was topped at 2,702 feet and drilling stopped at 2,812. Location is 330 feet from the north line and 2,310 feet from the east line of section 14, block 30, township 1 south, T&P Ry. Co. survey.

F.H.E.'s well swabbed 8 barrels per hour. Since production registered such a heavy decrease on the pump the company is preparing to go back into the hole in an effort to determine any condition there that would prevent proper recovery.

R. J. Wallace's No. 1 Bell, 1,980 feet from the north line and 2,640 feet from the west line of section 12, block 30, township 1 south, T&P Ry. Co. survey was preparing to

tube. It swabbed 77 1-2 barrels of oil in 24 hours early in the week. It struck the first oil from 2,480 to 2,520 feet and drilled to 2,844 feet. The well was shot twice, first with 300 quarts from 2,600 to 2,839 feet, and next with 80 quarts from 2,480 to 2,520 feet.

L. C. Harrison's No. 2 L. C. Denman, bottomed at 2,850 feet, had cleaned out to within seven feet of the total depth and swabbed 100 barrels of oil in 12 hours. It recently was shot with 200 quarts from 2,719 to 2,805 feet. The well is 1,650 feet from the south line and 355 feet from the east line of section 10, block 30, township 1 south, T&P Ry. Co. survey, a south offset to Harrison No. 1 Denman, which extended the field a half mile west from Sinclair No. 1 Dodge, the discovery producer.

The next test in the area due to reach the producing horizons is Sinclair-Prairie No. 2 Dodge, 2,810 feet from the south line and 330 feet from the west line of section 11, block 30, township 1 south, T&P Ry. Co. survey. It had drilled to 2,228 feet in lime. S. L. Myers and others' No. 1 Denman, in section 14, block 30, remained shut down at 1,030 feet in redrock.

Schermerhorn Oil Co.'s No. 5 Rumsey, Abrams & Fraser, approximately 1,000 feet southwest of Schermerhorn No. 4 Rumsey and others, a recently completed producer, cemented 8 1-4 inch casing at 2,160 feet. It showed oil from 2,150-55 feet, had an increase from 2,180-90 and drilled to 2,220 in lime. Location is 950 feet from the

south line and 1,680 feet from the west line of section 13, block 30, township 2 south, T&P Ry. Co. survey. The wells are on the line of Howard and Glascock counties between the Roberts-Settles pool on the east and the Coffee-Phillips area on the west.

American Maracibo Co.'s No. 2 A Settles remained shut down at 12 1-2-inch casing cemented at 1,100 feet in redrock and may not be drilled. It is 1,896 feet from the north line and 1,884 feet from the west line of section 6, block 32, township 2 south T&P Ry. Co. survey. It is a west offset to Cardinal Oil Co.'s No. 2 Settles and it drilled to production would call for an offset, which would call for other offsets and lead to considerable drilling.

Questions and Answers about Conoco Germ Processed Oil

Q: WHAT DOES "GERM PROCESS" MEAN?
A: The words "Germ Process" describe the scientific method by which this oil is manufactured. Such processing adds immeasurably to the oil's lubricating properties. North American patent rights to this Process are owned by Continental—only CONOCO oils are Germ Processed!

Q: IS IT DIFFERENT FROM OTHER OILS?
A: Yes. It is the only oil of its kind, and does what no other oil can do. The Germ Process gives it the ability to penetrate and combine with metal surfaces in your motor. The Germ Process also gives more "oiliness" than any other oil. Any oil would be better oil if Germ Processed.

Q: WHAT IS THE "HIDDEN QUART?"
A: The "Hidden Quart" is tangible evidence that CONOCO Germ Processed Oil penetrates metal surfaces and gives surer, safer lubrication. During the first 250 to 350 miles after your first fill with Germ Processed Oil, a pint to a quart seemingly disappears. On later fills, it does not. That's the Hidden Quart—it stays up in your motor and never drains away! Other oils drain away when your car is idle, leaving vital parts unlubricated during the starting period, when almost half of all motor wear occurs. CONOCO'S Hidden Quart lubricates before your motor starts—cutting down costly starting wear!

Q: WHY SHOULD I CHANGE TO CONOCO GERM PROCESSED MOTOR OIL?
A: Because, by cutting down starting wear, it gives your motor longer life, keeps it sweet-running and saves expensive repair bills. Because Germ Processed Oil's extra oiliness makes your car run better. It forms a stronger piston-ring seal, making starting easier and giving more power. It withstands crankcase dilution and high temperatures. CONOCO Germ Processed Motor Oil gives you the safest, surest lubrication you can buy. Change now to this better oil at any CONOCO Red Triangle station.

For Constable (Precinct 1): WILL CAVNAR, H. F. WOOD, S. M. MCKINNON, SETH PIKE, W. V. CRUNK.

Home Town

(CONTINUED FROM PAGE ONE) Commerce established a radio broadcasting station at City Park with a staff of five men.

Tomorrow evening another chapter in the swiftly moving drama of aviation in Big Spring, as well as the entire southwest, will be written.

When President La Motte Cohu of Aviation Corporation, Vice President Eddie Rickenbacker and other prominent figures land at 10:48 p. m. Wednesday on the first west-bound ship of the new night schedule Big Spring will become an even more important place in the aviation world.

Money put into the airport by Big Spring citizens has been repaid to the community at large. Some of the individuals who put money into it could use it now to good advantage all right. And they have received no revenue from investing in airport stock or bonds. But the city as a whole has benefitted considerably.

At one time the people of Big Spring voted on a bond issue of about \$50,000 that would have been used to make this a municipal airport. The issue was smothered under a heavy majority.

We opposed submission of that issue under conditions that it was presented. Its inclusion with three other issues, to pay for water, sewer and street improvements, that were sorely needed, was the cause of the other three being de-

Marriage And Divorce In Howard County Decline Heavily In 1931

Convention Hostess

Mrs. Bertha Baur, chairman of the women's division of the citizens' welcoming committee, will officially greet visiting women attending the republican national convention in Chicago.

Howard county's marriages in 1930 averaged 7.97 per 1,000 population while divorces averaged 4.64 per 1,000 or 25 under the average per 1,000 population in the entire state.

Census bureau figures on marriage and divorce in Texas in 1930 and 1931 disclose that marriages dropped 10.3 per cent in 1931, as compared with the preceding year, while divorces dropped only 9 per cent.

In Howard county marriages dropped from 177 in 1930 to 127 in 1931, or 29.3 per cent, and more than twice as much as the average decline for the state.

Divorces in this county declined from 102 in 1930 to 61 in 1931, or 41 per cent, far greater than the state's average decline.

There were 40,507 marriages performed in Texas during the year 1931, as compared with 45,174 in 1930, representing a decrease of 4,667 or 10.3 per cent. This decrease is due in part to a change in the marriage laws, effective June 12, 1929, requiring three days notice to be given before issuance of a marriage license. In 1922 there were 61,730 marriages performed.

During the year 1931 there were 15,785 divorces granted in the state, as compared with 15,645 in 1930, representing a decrease of 140 or 0.9 per cent. In 1922, there were 12,227 divorces granted. There were 121 marriages annulled in 1931, as compared with 141 in 1930.

The estimated population of the state of Texas on July 1, 1931 was 5,913,000, and on July 1, 1930, 5,853,000. On the basis of these estimates the number of marriages per 1,000 of the population was 6.9 in 1931, as against 7.7 per cent in 1930; and the number of divorces per 1,000 of the population was 2.67 in 1931, as against 2.84 in 1930.

Howard county, with population of 736 had 2 divorces in 1930, none in 1931; four marriages in 1930, one in 1931.

Borden county, with 1,805 population had five marriages in 1930, two in 1931 and no divorces either year.

Dawson county reported 86 marriages in 1930, 67 in 1931; 30 divorces in 1930, 14 in 1931.

In Ector county there were 11 divorces and 27 marriages in 1930; four divorces and 12 marriages in 1931.

Gaines county had four divorces and 17 marriages in 1930, eight divorces and 11 marriages in 1931.

In Glasscock county there was one marriage and no divorces in 1930 with two divorces and one marriage in 1931.

Martin county reported four divorces, 35 marriages in 1930, the best comparison in favor of marriage in this section of the state. In 1931 Martin county had 10 divorces and 18 marriages, a radical change in the other direction in the ratio between marriage and divorce.

Midland county had 19 divorces, 77 marriages in 1930; 15 divorces and 31 marriages in 1931.

Mitchell county's marriage rate was far greater in comparison with divorces. There were 142 marriages and only 20 divorces in 1930 and 112 marriages and a dozen divorces in 1931.

Nolan county Cupid got along a lot better than he did through the entire state. He accounted for 138 marriages in 1930, with only 52 divorces; 145 marriages in 1931, and 33 divorces. It was one of the few counties to show more marriages and less divorces in 1931.

Scurry county reported 31 divorces in 1930; 63 marriages, 20 divorces in 1931.

Communications From Readers

The Herald will print communications that are acceptable to the editor. The names and addresses of those who wish to be signed for publication, only original communications addressed to The Herald will be printed. Open letters or letters otherwise addressed to various persons in public life are not acceptable.

Having read statements made by organizations seeking repeal of the eighteenth amendment, Dr. J. Richard Spann, pastor of the First Methodist church, wrote the following article in which he lists such statements and answers them with excerpts from testimony of Colonel Woodcock, chief of prohibition enforcement, before the house appropriations committee, and from other sources:

Paralleling Propaganda With Facts: 1. Propaganda: "Prohibition enforcement costs the country billions of dollars."

Fact: The total cost of enforcement, 1920 to 1931, \$24,156,524; collections from fines and penalties and revenues from taxes on lawful and distilled and fermented liquors, \$548,588,884. The net is a balance of profit to the government of \$244,432,360.—Colonel W. W. Woodcock, Director of Prohibition.

2. Propaganda: "Prohibition has caused an enormous economic loss to the nation."

Fact: Total national wealth in 1914 was \$192,000,000,000, in 1931 the total national wealth was \$329,700,000,000.—From National Industrial Conference Board Report.

3. Propaganda: "Repealing prohibition would put a million men to work."—Department of Commerce Report to Senate, January 11, 1932.

Fact: In 1914 only 86,000 men employed in the manufacture of liquor. "Increased employment in the brewery industry would take that many men away from the soft drink trade, and there would be no net gain in total employees of all industries."—Bureau of Business Research, College of the City of New York.

4. Propaganda: "Beer will bring prosperity."

Fact: "To encourage the return of the saloon or even let up our efforts to control the drink trade will injure every legitimate industry in two ways. The average worker will have fewer dollars to spend for the products of industry; second, the liquor trade will get more of these dollars which ought to go for groceries, clothing, furniture, automobiles, etc."—Thomas Nixon Carver, Professor of Political Economy, Harvard University.

5. Propaganda: "Beer taxed three cents a bottle would produce a billion a year revenue."

Fact: "To raise this fabulous revenue would require a consumption of 12 1/2 gallons of beer a day by every family in states permitting beer."—Colonel Amos W. W. Woodcock, before Appropriations Committee of House of Representatives, January 21, 1932.

6. Propaganda: Repealing prohibition would permit the government to levy an internal revenue tax on liquor amounting to 2 billion dollars a year."

Fact: "The highest liquor tax ever received was \$483,000,000, which included a special war tax in 1919. The average year's liquor tax was less than 10 per cent of what the war promise."—Colonel Woodcock to House Appropriations Committee, January 21, 1932.

7. Propaganda: Prohibition has cost billions of dollars in taxes to the government."

Fact: In the first 10 years of prohibition, although the cost of government increased, enormously, as the country increased, the government paid off billions of indebtedness and reduced income taxes.—Colonel Woodcock to Appropriation Committee of House, January 21, 1932.

8. Propaganda: "Prohibition has increased drinking."

Fact: The government measured the amount of hops, corn sugar, rye, barley, etc., and imported, subtracted the amount used in known legal enterprises and reported the amount of raw material left would make less than 1-3 of the liquor consumed prior to 18th amendment. Government conservative estimate is that all liquor consumed in the United States is only about 25 per cent of the total amount consumed in pre-18th amendment days.—Colonel Woodcock's testimony before the House Appropriations Committee, January 21, 1932.

For carrying small packages a two wheeled trailer has been designed that can be towed by a bicycle without interference with its operation.

Men Are Acquitted

EL PASO (UP) — Editor Wallace Perry and reporter James Sheppard today were found not guilty of criminal libel by Judge J. M. Deaver in county court at law.

The newspapermen were charged with maliciously printing a news story which said that gambling was going on in the rear of the court house drug store.

Corsicana Capitalist Is Found With Throat Cut

CORSICANA (UP) — F. N. Oran, 70, local capitalist and a trustee of Trinity University at Waco, was taken to the county hospital here with a slashed throat.

Dr. L. E. Kelton said the wound though serious would not be fatal. Members of the family declined to make any statements.

Bride Is Honoree At Lovely Shower Given By First Baptist WMU

Mrs. Elton V. McCollum Surprised By Church Members Monday Afternoon When Complimented By Presentation Of Gifts

Mrs. Elton V. McCollum, formerly Miss Corinne Day, was the honoree at a unique surprise shower tendered her Monday afternoon by the members of the W. M. U. of the First Baptist church, of which her father is the pastor, and the girls of the G. A.

The parlor of the church was beautifully decorated with cut flowers for the occasion.

The special hostesses for the occasion were Misses R. L. Gonnill, Della K. Agnell, Harry Diltz and J. E. Blount. Mrs. Martelle McDonald and Miss Ethel Vandagriff went after Mrs. McCollum and used an excuse to bring her to the church.

A clever program was rendered by Mickey Davis and Claudene Miller, who sang original songs in the bride's honor to the accompaniment of a ukulele, and little Miss Roseva Diltz who gave several readings and toasted the bride.

The girls of the G. A. formed a line through which the honoree had to pass, after which she was seated at a table and presented with a string by the president, Lois Whitehead, as she wound the string she discovered gifts on it that were handed her by the girls.

Mrs. McCollum received many lovely and useful presents. The members of the W. M. U. who attended were: Misses E. L. Gibson, R. Homer McNew, P. W. Malone, W. A. Bann, W. B. Younger, J. C. Douglas, J. C. Smith, H. G. Hayward, L. A. Wright, Ira Thurman, W. C. Blankenship, J. C. Hurt, Valma Lyster, D. C. Maupin, R. C. Hatch, J. P. Dodge, W. W. Grant, J. E. Pond, Tom Cantrell, I. A. Fuller, L. M. Gary, G. F. Williams, J. L. Schultz, B. N. Duff, W. R. Douglas, A. L. Souder, C. L. Nummy, F. F. Gary, Libbie Layne, Jess Andrews, R. V. Hart, R. E. Day, B. F. Robbins, D. J. Dooley, J. W. Aderholt, R. V. Jones, A. S. Woods, H. H. Squires, and W. D. Cornallison.

The members of the G. A., who participated in this lovely shower were: Dorothy and Emogene Loyer, Flora Belle Squires, Lola May Hall, Emma Ruth Stripling, Roe Taylor, Betty Carroll Woods, Dora Ann Hayward, Frances Paylor, Mary June Scholtz, Clara Lou Nummy, Cornelia Frances Douglas, Lois Thompson, Lois Whitehead, Frances and Maurice Bledsoe, Ida Rule Duff, Mary Frances and Betty Laysath, Lillian Reed Hurt, Dorothy Dean San, Lottie Lee Williams, Frances Aderholt, Betty Dooley, Dorothy Hayward and Annie Eiesner Douglas.

Others present were: Roseva Diltz, Opal Pond, Zolite Mae Dodge, Mickey Davis and Claudene Miller.

Joint Picnic Of First Methodist Classes Arranged

A joint picnic of men and women's classes in the adult department of the Methodist church will be given June 23, C. T. Watson, chairman of the arrangements committee, said Tuesday. The picnic will be staged in the City Park.

Classes to attend include those taught by J. M. Manuel, Mrs. Fox Stripling, Mrs. C. F. Morris and Mrs. C. T. Watson. Both men and women members are expected to invite their husbands and wives, Watson said.

The party will gather at the Methodist church at 6:30 p. m. and those not having ways to the park will be afforded free transportation. A recreational program of entertainment is being planned by the committee composed of C. T. Watson, Mrs. C. C. Carter and Mrs. W. D. McDonald.

Women members will furnish the lunches while men will contribute with the drinks, Watson declared.

HELD FOR GLASSCOCK

J. H. Hogan, A. L. Hester and M. D. Berry were being held here Tuesday pending the arrival of Sheriff Rutledge, Glasscock county, who will take the trio to Garden City to appear before the grand jury. The three are held in connection with house breaking and burglary charges in the oil field.

More Than \$20,000,000 Has Been Made Available by the Government for the Extension, Improvement and Restoration of French ocean ports.

Spring to attend the Colorado Druggists' convention, Dr. Parney will return the first part of next week.

Mr. and Mrs. J. E. Brigham left Tuesday morning for Fort Worth where Mrs. Brigham will continue treatments in a Fort Worth clinic. They will probably return Saturday.

Mr. and Mrs. F. M. Purser returned Monday from a week-end visit in Eastland with relatives. Mrs. Purser was accompanied here by her mother, Mrs. Webster, who will visit with her daughter.

C. S. Jones, who is at the present on a trip to Reynosa, Tamaulipas, Mexico, is expected to return here the latter part of the week.

Texas

(CONTINUED FROM PAGE ONE)

That state, Dawes' home, would wish to name Dawes, but that its caucus had not been completed. Patrick J. Hurley, secretary of war and emissary of Hoover to the convention, talked with Orville Bullington, secretary of the Texas state executive committee and other Texas delegates just after visiting the Arkansas delegation. Bullington denied the rumor that Hurley was engineering a move to have himself replace Curtis. He said Hurley remained a staunch supporter of Curtis.

PHILADELPHIA — Two seamen were in a hospital here today receiving treatment for critical burns after being taken off a boat at sea in a flying ambulance of the United States coast guard summoned by radio.

The injured men, Leonard Ambrose, first assistant engineer, and Hans Schwieger, oiler, of the Standard Oil Tanker, Samuel Q. Brown, were seriously burned in an explosion.

MUST WOMEN SUFFER?

Is it their lot to suffer cramped backaches every month? Certainly not. The tonic effect of Lydia E. Pinkham's Vegetable Compound has ended all that for many thousands of women.

Mrs. Schnepfer's case is typical. She was always sickly, tired, gloomy. "Now," she says, "everywhere I go people tell me how much better I look. I feel like dancing for joy all the time."

Try Lydia E. Pinkham's VEGETABLE COMPOUND

SOCIETY :: CLUBS

Auxiliary Of Presbyterians Meets In Circles

Monday was also Circle day for the Presbyterian Auxiliary. The King's Daughters met with Mrs. Emil Fahrenkamp at her home in Edwards Heights.

The time was spent in sewing for the orphan's home.

A lovely salad course was served by the hostesses to the following: Misses J. F. Robb, J. M. Foose, M. L. Ladd, Graham Foose, Frank Jones, Emory Duff, McIlhenny, L. C. Dahme, Sam Baker and Miss Emma Waggoner.

Dorcas Circle

This circle met at the church with Mrs. C. P. Rogers as hostess. Mrs. Bell led the devotionals.

The time was spent in piecing a quilt and hemming up towels and pillow cases for the orphans.

Those present were: Misses C. P. Rogers, J. L. Thomas, H. W. Caylor, L. S. McDowell, T. S. Currie, Fred Campbell, L. A. White, Sim

Birdie Baileys Elect Mrs. A. L. Talley Reporter

The members of the Birdie Bailey Missionary Society of the First Methodist Church met at the church Monday afternoon for Bible study.

Mrs. Watson opened the meeting with prayer and Mrs. Talley led the devotionals. Mrs. Duncan conducted the study.

Mrs. Talley was elected as reporter and Mrs. Maddux, Boykin and Remede were named as group captains.

The members studied "Challenges of Change" and decided to hold two meetings a week to finish the book in three weeks and obtain a council credit. The next meeting will be Wednesday morning at the home of Mrs. Hayes Stripling. All members are urged to attend.

Mrs. Roden, social service chairman, reported that \$11.50 in clothing and food had been distributed during the past month and 48 calls made.

Those on the program were: Misses L. A. Talley, W. H. Remede, A. Schnitzer, Hayes Stripling and Jack Roden.

Mrs. M. A. Cook, of Dallas, formerly a Birdie Bailey, and her mother, Mrs. C. E. Talbot, were visitors. Other members present were: Misses C. T. Watson, Hugh Duncan, Calvin Boykin, L. E. Maddux, O. R. Bolinger.

First Baptist WMU Assemble In Circles

The circles of the First Baptist W. M. U. met at the homes of the members and at the church Monday afternoon.

The Mary Willis Circle met with Mrs. J. F. Laney for a very pleasant session with delicious refreshments served at the close. Mrs. Boykin led the devotionals.

The members finished their study of "Home Mission Trails." Those attending were: Misses J. A. Boykin, Clarence Miller and Roy Lay.

Christine Coffee Circle

The members of this circle met at the church for a short business session.

Those attending were: Misses V. Eyer, C. L. Nummy, W. R. Douglas, F. F. Geary, B. N. Duff and A. L. Sanders.

Lucille Reagan Circle

The members of this circle met for a business meeting at the church Monday afternoon to discuss ways and means of helping on the building fund.

Those attending were: Misses D. J. Dooley, L. I. Stewart, J. J. Schultz, J. W. Aderholt, G. H. Hayward and John Smith.

TODAY and TOMORROW

By WALTER LIPPMANN

AS THE REPUBLICANS ASSEMBLE

CHICAGO — The great puzzle here at Chicago is the total absence of any evidence of economic inactivity. At every other convention the Western Progressives have been on hand to do battle. If they are here this year they are keeping themselves well hidden and nobody has talked with them.

They have talked with me and seen signs that they will produce a program and challenge the conservative control of the party. Yet presumably this is the year of years when they might be expected to be particularly active.

Surely it is astonishing that in the midst of such great economic distress there should be no rumbling here of social discontent. The administration leaders whom I have spoken to ascribe this strange state of affairs to two things: They say, first, that the drift of opinion in America as in England and in Germany is strongly to the right because the great majority of the people is more concerned with defending and preserving what it has left than it is hopeful of much better things from experiments; they say, too, that this state of mind has been confirmed by the record of the Democrats in the House and by the sterility of the Progressive proposals throughout the depression. They may be quite wrong, of course on all counts. The discontent which I see and which I feel is not so easily explained.

LABORATORY YIELDS NEW FACTS ON KELLOGG'S ALL-BRAN

Its "Bulk" and Vitamin B Help Relieve Constipation; Also Has Blood-building Iron

New laboratory experiments demonstrate that Kellogg's ALL-BRAN has sufficient "bulk" to exercise the intestines, as well as Vitamin B to help tone the intestinal tract.

In addition, Kellogg's ALL-BRAN supplies twice as much blood-building iron as an equal amount by weight of beef liver.

Now you can overcome common constipation by this pleasant "cereal way," and banish the headaches, backaches, loss of appetite and energy that so frequently result.

No need to worry along with pills and drugs, which often lead to harmful habits.

Instead, just eat two tablespoons daily of Kellogg's ALL-BRAN—adequate for most types of constipation. If your intestinal trouble is not relieved this way, see your doctor. The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

Special processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming. Equally tasty as a cereal, or used in cooking. Recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Lueders Baptist Camp To Be Held July 11-22

At a two-day meeting on the Lueders Encampment Grounds last week, there were present representatives of seven associations and indications from each one were to the effect that the encampment would be largely attended. It begins July 11, closing July 22.

Lueders Encampment grounds represent a value of about \$25,000. The tabernacle is said to be the largest of any encampment in the State.

Numerous individual cottages have been erected. The management is offering free sites for the erection of private buildings. The grounds are only open for those who have property interests at times the encampment is not in session.

The management is arranging to feed three in a family or from a church group for the sum of \$15.00, or \$5.00 each for the entire eleven days. Each additional member of a family will be given his meals for \$4.50. Every effort is being made to help the people get away from any drudgery and the prices have been made the lowest by far in the history of the encampment.

It is believed the program is the strongest that has ever been outlined. State workers will include Mrs. J. E. Leigh, Corresponding Secretary of the W. M. U. of Texas, Andrew Allen, from the Sunday School Department, and Miss Grace Conn, from the B. T. S. Department.

The small fee of \$1.00 registration per car will prevail again this year. Those who wish to register before the encampment time will please write Mrs. J. E. Burnham, care of Simmons University, Abilene, Texas.

Sore Bleeding Gums

Only one bottle Loto's Friction Remedy is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money. Cunningham and Phillips—adv.

Mrs. J. B. Pickle Is Methodist Leader

Mrs. J. B. Pickle led the meeting of the Women's Missionary Society of the First Methodist Church Monday afternoon when it met to study the book "With Our Rain Shoes On," a compilation of experiences of answers to prayer.

Mrs. Pickle also gave the devotional which was from First Kings.

Mrs. W. A. Miller, Mrs. Victor Flewellen and Mrs. Horace Penn assisted her on the program.

Others attending were Misses C. E. Talbot, C. E. Thomas, Joe Faucett, J. C. Waits, Sr., Chas. Morris, L. W. Croft, Frank Powell and C. A. Schull.

Girl Scouts Of Troop No. 1 Out For Scrim

Miss Clara Bronstein, lieutenant, took the members of her Girl Scout troop No. 1 out for a swim at the Hillcrest Pool, followed by supper on the hills, Friday afternoon.

The girls were Frances Aderholt, Guyon Shurley, Wynell Woodall, Judith Pickle, Mary Ruth Diltz, Nina Rose Webb, Fern Smith, Doris Cunningham, Winifred Piner, Mary Louise Inkman, Mary Louise McNew, Margaret McNew, Janice Jacobs, Robbie Piner.

Accompanying the girls were the following mothers: Misses R. T. Piner, J. L. Webb and S. M. Smith.

House Moves To Prevent Evasion of Auto Excise Tax

WASHINGTON (UP) — The House today moved to prevent evasion of the excise tax on automobiles.

The amendment, said by members of the ways and means committee to preserve \$50,000,000 in revenue to the government, would make the tax effective on date of delivery of automobile orders rather than on the date of contract as now provided.

The conflict over the Prohibition Plank appears to have reduced itself to the question to be misadvised or frank. It is generally admitted that public sentiment has turned radically against prohibition as it now exists. The anti-saloon league has lost its power to dictate the plank and the drys are clearly on the defensive. But there are still many drys. And therefore there is one school of politicians, said to be inspired from the White House, who are in search of a formula which will taste dry to the drys and wet to the wets. In one way or another they would like to offer the people a chance to vote on prohibition without definitely giving the people a chance to make their vote effective. This might be done, they seem to think, by pro-

INEXPENSIVE TRIP AROUND THE WORLD

All youngsters who want to take the trip around the world sponsored by the Intermediate department of the First Methodist Sunday School Friday afternoon will be able to do so for a dime, if 12 years of age or under; and for a quarter, if over twelve.

The first car on the trip leaves the church at 2:30 Friday afternoon. Cars will leave every half hour from then on until 7:30.

Rural Schools Get \$1 Per Pupil

A one dollar apportionment per pupil in Howard county amounting to \$1,536 was received Tuesday by the office of county superintendent from the state education department. The funds will be used in paying off vouchers held by rural teachers, Helen Hayden, assistant superintendent, said.

An unofficial election which was to have been held Thursday morning at the Hiway school by Mrs. Pauline Cantrell Brigham, superintendent, will go on as planned with J. E. Brown presiding in event Mrs. Brigham has not returned from Ft. Worth at that date. The election will test sentiment of the community in filling vacancy left by W. B. Ray, resigned.

Mrs. J. L. Thomas has recently had her brother, J. S. Brock, of Dallas, Internal Revenue officer, as her guest.

Two Opponents Disagree With G. E. Lockhart

LUBBOCK—Two of G. E. Lockhart's four opponents in the contest for state senator from the 30th district Saturday night had made statements that they would not accept his proposal that the candidate receiving the greatest number of votes in the first primary receive the nomination.

Jess C. Levens of Lubbock declared "if the majority of people don't want me, I don't want the office." He continued, "Too many things have been taken from the people already. They should be allowed to say whether a man shall be elected by a plurality or a majority."

Clyde E. Thomas of Big Spring was the other candidate to turn thumbs down on the proposal of a private agreement between candidates. Thomas commented:

"I don't believe that rights of the voters in the 30th senatorial district to pass upon the claims of, and select from, the two highest senatorial candidates, should be gambled away purely for the convenience and slight expense of the candidates."

James H. Goodman of Lubbock, also a candidate for the post, refused to comment. Arthur P. Duggan of Littlefield is the other candidate.

"Each of us has been preaching economy in state government," Mr. Lockhart wrote. Commenting that "we might practice a little economy by eliminating the second primary so far as this race is concerned," he made the proposal.

"If this proposition should be accepted by you, or either of you, if I should be second in the first primary, then, I will withdraw in favor of the candidate receiving the highest number of votes, if such candidate accept this proposition," said Mr. Lockhart.

Do you inhale?

"Let sleeping dogs lie"

Why should smokers accept this old-fashioned notion of the cigarette trade?

BY this time you must be pretty well convinced of the fact that other cigarettes do not like to talk about inhaling. And yet—this subject—so "untouchable" in cigarette advertising—is very close to your welfare! For you do inhale—we all do—knowingly or unknowingly, every smoker breathes in some part of the smoke he or she draws out of a cigarette.

"Let sleeping dogs lie" may be the cigarette trade's answer to us! But what's their answer to you? Do you inhale? Lucky Strike does not avoid this vital question. It meets the issue fairly and squarely—because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Lucky Strike's famous purifying process. Luckies created that process. Only Luckies have it!
