Electrical Storm Plays Tricks On People; Cloudburst Follows

Mrs. McCloud was severely burned Saturday at noon when a bolt of lightning struck the table at which the McCloud family were eating.

The current ran down the knife which she was holding and burned her arm and shoulder before it ran out the corner of the house, knocking off the stucco.

Lightning played havoc with the electrical equipment of the town. Street lights were burned out in one whole section of the town. One transformer and one primary were burned out, besides numerous meters.

Numerous people reported bolts entering the house through light fixtures and radios. Others reported lightning striking window sills.

A cow, belonging to Charles Starkey was killed in front of the Henry Thompson home south of town.

This severe electrical storm accompanied a young flood, that came about 11:45 Saturday morning. According to J. B. Sledge, official weather observer, the precipitation for Saturday was 2.4 inches within an hour. Friday, a storm of equal fury, but that did not last as long, was recorded at 8:15 a. m.

Water, backed up north of the A. T. & S. F. Railway tracks, flooded several acres, and was over a foot deep around the Service gin. When ditches were opened to drain this area, water flooded Main street for over 12 hours.

This storm is the biggest since 1926 when over six inches of rain fell within two hours.

TO CONVENTION

Misses Jane Mauk and Lenore Shaw accompanied G. W. Carr to Santa Fe Friday where he attended the lumber man's convention. The girls attended the social functions planned for the women of the convention.

Fourteen School Buses for Portales Arrive This Week

Fourteen new Ford V-8 all-steel body school buses were led into Portales by Wat Stewart, owner, and his drivers last Friday evening.

The trucks are to transport the school children of Portales school district. These trucks can easily accommodate four and 500 pupils.

Nine of the trucks have 13 and one-half foot bodies and five have 18 foot bodies. The seats are well constructed and are covered with an imitation leather. These features together with the all-steel bodies make these trucks the most up-to-date school buses in the county.

Mr. and Mrs. Stewart put the drivers, bedding, and an old fashioned chuck box in one of the old school trucks and went to the body factory at Richmond, Ind. for the trucks.

The cooks were Boley Callis and "Pat" Lawrence. Wesley Lott was assistant. The party camped wherever night overtook them.

Other drivers and mechanics were Chester Anderson, Boyd Kimbell, Albert Woodburn, Dee Danbee, Buford Toton, P. G. Spivey, David "Pinto" Jones, Hugh Burke, Hughes Chambers, Cecil Haskew, Fred Stewart, H. W. Stewart, and Orin Dutton.

MOVED TO HOME

Mr. and Mrs. B. M. Schumpert and sons have moved from Ohio street to their old home on South-east Main. A fire place build of native rock from Railroad mountains with a mantle of petrified logs has been added to the house.

All Comes in Day's Work, Says Drake

Like the proverbial show, regardless of fire, earthquakes, tornadoes, or marriages, the newspaper must go on.

That is the reason that the linotype operator, Jimmy Drake, spent his wedding day pounding the keyboard frantically, and somewhat nervously as he endeavored to catch up on a two hour's honeymoon so that the News would not be late this week.

Life is like that!

Holds Up Poker Game; Sentenced In District Court

Raymond Hoffman was found guilty to a charge of robbery with fire arms by the district court jury last Thursday.

Hoffman was alleged to have held up a poker game, the members of whom were Hugh Roberts, Bailey Foster, Floyd Sturman, Barney McCabe, Bob Hollingsworth, Howard Gore, a Mr. Bledsoe, Jim West, Bill Davis and Ollie Davis. The party was being held at the home of Jim West. It is alleged.

Evidence showed that Hoffman raffled the party at the point of a gun, forcing Ollie and Bill Davis to take the money off the other members of the party, and then ordered them to put the money in his pockets.

A \$25 reward was offered for Hoffman by the officers of Wauwaka, Okla. He was also wanted in Weatherford, Claude, Muleshoe and Farwell, Texas.

Elect Teachers to Fill Vacancies

Elton Breenham has been elected mathematics teacher and assistant coach to fill the vacancy created by the resignation of M. M. Stinnett, who is now farm editor of the News.

Breenham is a graduate of State college and made four letters in football and track.

Arthur Pruitt, a former Portales boy has been elected to take the place of Ernest Evers who has resigned. He is a graduate of Portales high school and attended college at Wichita Falls Junior college.

The position created by the resignation of Miss Rosamond Deen has not yet been filled.

CHECK ARTIST PLEADS GUILTY

T. S. Diffey, alias Roy H. Carter, was arraigned on a charge of forgery before District Judge Harry L. Patton yesterday, afternoon and entered a plea of guilty.

Carter was alleged to have given a check to W. H. McDonald in 1933 for \$35. He was arrested in Cloudford and held in Alamogordo by Sheriff Howard Beacham.

Announcement

The Portales Valley News is contemplating the issue of either a tabloid daily or a tri-weekly about September 1.

This change will meet the present conditions, and as the city grows, the paper will grow to meet the needs of the hour.

To make this change, there are a number of changes necessary, both mechanical and otherwise, which will require a little time.

If it is decided to publish a tri-weekly, the publication dates will be Monday, Wednesday and Friday.

If it is a daily, the daily will be published in the evening on Monday, Tuesday, Wednesday and Friday, the regular Thursday issue taking care of Thursday's paper.

The city of Portales will be served by carrier boys, who will solicit and collect subscriptions, weekly or monthly.

It depends upon the response of the citizens of Portales and Roosevelt county as to what sort of daily paper you have. Negotiations are now under way for a leased wire news service, and the extent of this service will depend upon the patronage the daily paper receives.

If the rural subscribers give the daily a full patronage it will supersede the weekly, otherwise the weekly issue will be continued.

This change will enable us to give you the news while it is hot, and it will be a big factor in the better development of Portales and Roosevelt county.

WALLACE APPOINTED TO STATE POLICE FORCE

Merle Wallace, formerly city marshal of Portales, who had passed every test in the State Police school held in Santa Fe was appointed to the force last Saturday.

Wallace was number one man of the four extra men who had passed the tests. There are three more men eligible for appointment when vacancies occur.

Prowler Causes Scare in City; Enters Home

An unidentified prowler has caused much alarm in Portales this week.

Early Friday morning, a home was entered, while the occupants were asleep, and caused a scare when one of the children was awakened and screamed out.

The only bit of evidence found was a dirty piece of cloth, that was believed to be used by the nocturn to conceal his finger prints.

No valuables were missed, and officers are at a loss to know whether they are dealing with a pervert or a thief.

Other reports of prowlers have kept Walter Franse, night watchman, busy.

Says Port of Entry Not To Hamper Trucks

On their return Wednesday from Santa Fe, Floyd Kennedy and M. V. South, representatives of the Chamber of Commerce of Portales report the following:

At a conference held on August 20, between the Port of Entry Board, Corporation Commission, Attorney General, and the representatives of the chamber of commerce of Portales and Roswell, the Port of Entry board stated that according to their interpretation of the Port of Entry law it was not the intention of the legislature to in any way handicap the movement of farm products from New Mexico to market and that the law did not contemplate collecting a mileage tax or any other charge for such movement, and inspectors at ports will be notified to exempt agriculture products and livestock from mileage and license plate taxes when moving through the ports.

Fight On Main St. Gathers Big Crowd

A fight Friday afternoon on the street at the corner of the First National Bank building raised a din that was heard for several blocks. Over 100 people gathered in a few minutes.

The miscreants were separated after much trouble. After they were dragged apart they apparently forgot all about the fight, and soon were in their old friendly frame of mind to everyone but each other.

No charges were filed, because these are dog days anyhow.

Prisoners Traveling Expenses Come High in This County

The expense account of "bad" prisoners is high in this county, says R. A. Allen, county commissioner.

Figures on three prisoners who appeared before the district court this week on felony charges were compiled from the records from county officials. They are as follows:

Elmer Carter, sheriff's mileage and transportation, regular railroad transportation, to Missouri and return, \$50.58. Repair to broken jail, \$12.50.

Clois Eton, mileage from Roswell to Portales, \$15.00; one trip to penitentiary, \$36.54, another trip to Santa Fe, \$36.54. Repair on broken jail, \$12.50; Board at Curry county jail, \$9.50; board in penitentiary, 240 days, \$240.

Raymond Hoffman, mileage from Roswell to Portales, \$12.00; board at Roswell jail, \$20.00; one trip to Santa Fe, \$44.40; from Santa Fe to Portales, mileage and expenses, \$36.54. Board in pen. 130 days, \$130.

Special guard for Eton and Hoffman from penitentiary, \$46.04. Transportation from penitentiary to Portales for court, \$46.04.

Special guard at local jail by order of the court and sheriff, 24 hours a day, \$50.

The total expense to the county for these three prisoners was \$798.13, which does not include transportation back to the penitentiary.

If the county jail was in condition to hold these men the cost for transportation to Santa Fe for several trips, and the board in Roswell, Clovis and Santa Fe would have been cut out. The amount allotted per prisoner in the county jail would have been 60 cents a day.

NOTICE TO ROOSEVELT COUNTY TEACHERS

All rural teachers of Roosevelt county are asked to meet at the courthouse in Portales at 10 o'clock August 31.

A. C. WOODBURN, County Superintendent

that county to keep the Indians from stealing them.

Mrs. Parsons recalls some of the hard times that they had making a livelihood during the early days. They had to go to Collins county to buy some of their necessities. She recalls that five gallons of coal oil was sufficient for their lamps for one year. One hundred pounds of sugar was all that the family could afford for one year.

All-American End Will Take Over Coach Position

Jerry Dalrymple, All-American end for Tulane in 1932, has accepted a position with The Eastern New Mexico Junior college for next fall. President Donald W. MacKay announced today.

Dalrymple will take over the duties of Head Coach, and director of men's physical education this fall. Coach Tiny Reed will serve as assistant coach and assistant professor of history.

With high recommendations from his former coaches, Birman and Cox, of Tulane, Dalrymple comes to this college with probably as high qualifications as any man available for this position in the entire country.

He has coached one year at Southwestern Layette College and two years at Arkansas State Teacher's college. He was connected with the Texas Tech coaching school this summer, and it was there that negotiations were completed for his position here.

It was in 1932 that Dalrymple played end with the famous "Green Wave" of Tulane University at the Rosebowl in Pasadena. He has been prominent in the development of the "wing back" formation. He was considered as the brainiest player of his day, and although considered unorthodox by many, his brilliant headwork gave his coaches confidence in his decisions.

Football takes a decided rise in this section by his prospective services.

"I believe that the board has made a shrewd choice," stated Coach D. H. Reed, "and I believe that the boys here will profit much by Dalrymple's experience both as a player and as a coach."

Thirty Six Percent of Farmers In County Own Their Own Homes

Thirty six percent of the farms of Roosevelt county are owned by the person living on the farm, as compared with 66 percent of farms owned in New Mexico. The report on which these figures were estimated was released this week by the U. S. Department of commerce.

The report is compiled as of January 1, 1935, and compared with conditions for the same date in 1930.

The number of farms owned in Roosevelt county increased from 515 in 1930 to 635 in 1935. The percent of farms owned remains approximately the same, because of a nearly parallel increase in the total number of farms. In 1930, there were 1,379 farms, and in 1935 there are 1,915 farms in the county.

This seems to indicate that the "back-to-the-farm movement" is in evidence in this county.

The number of farms in New Mexico increased from 31,494 in 1930 to 41,368 in 1935. The farms fully owned increased from 19,200 to 27,377 for the same period. This indicates that the back-to-the-farm movement is stronger in other parts of the state, and that a greater percentage of farms are fully owned by the occupants.

In Roosevelt county, the average value per farm decreased from \$8,612 in 1930 to \$5,648 in 1935. The value of farms in the county, which include land and buildings, also decreased from \$13,598,649 to \$10,832,946.

The valuation for farms in New Mexico average \$4,113 for 1935, as compared to a valuation of \$5,619 for 1930.

The average acreage for farms in Roosevelt county has decreased from 312.1 to 291.3. The state had a corresponding decrease in average acreage per farm from 981.5 to 831.5.

There was an increase of 147,494 in the number of cattle on farms and ranches in New Mexico, between April 1, 1930 and January 1, 1935. In Roosevelt county, cattle on farms and ranches increased 13,827 for the same period.

On a total acreage of 1,161 in sweet potatoes in the county, 156,304 bushels of potatoes were produced in 1935, as compared with 261,285 bushels on a total acreage of 1,915 in the state. This reveals that 104,981 bushels of sweet potatoes were produced on 754 acres outside of this county. According to these figures, sweet potato farmers can raise 134 bushels per acre in Roosevelt county, and farms in other parts of the state produce 141 bushels sweet potatoes per acre.

Cream Station Employee Is Charged With False Tests

Melvin Cissell, employee of the Robertson Produce company, was arraigned before Justice of the Peace Tuska Walker Friday, on a charge of giving false cream tests. Charges were filed by J. R. Poe, State Dairy commissioner, and defendant pleaded not guilty.

Preliminary hearing was set for August 27.

A question of jurisdiction may have to be decided. Poe claims that the Justice of the Peace court has jurisdiction, but District Attorney J. C. Compton avers that it is a case for the district court.

To Stage Benefit Game Next Week

The benefit ball game last week at which an admission of 10 cents was charged netted around \$40 for park equipment.

It has been decided to stage another benefit game for this purpose one night next week, at which an admission of 10 cents will be charged.

This game will also be for the purpose to raise funds for park equipment.

HARLEY SADLER IN CLOVIS

Harley Sadler's tent theatre is opening in Clovis Monday, August 26 under the auspices of the fire department. They will play for one week entertaining their audiences with an entirely new repertoire of plays and vaudeville acts.

Prof. and Mrs. Beller of California were dinner guests of Mrs. Rhoda Johnston last week. Professor Beller has been a teacher in a California college for the past three years.

Petitions Call for Bond Election For Building Court House and Jail

Petitions are now being circulated for the building of a new court house and jail for Roosevelt county.

The bond issue if for \$85,000.

The plans are for the building at a cost of around \$150,000 which necessitates a bond issue of \$85,000, the balance of the cost which amounts to 45 percent will be received from the Federal Government.

R. L. Allen, chairman of the board of county commissioners states that now is the logical time to make these much needed improvements while the federal aid can be secured, saving the tax payers 45 percent of the total cost.

The old court house and jail are in bad condition, and records are in jeopardy.

These petitions will be found in each precinct, and must be signed and back by Saturday of this week, so that the bond election may be held, on the same date as the election for constitutional amendments of September 19.

None but realty owners are eligible to sign the petition or vote on this issue.

City Receives Fire Allotment for 1935

Portales' allotted share of the revenue derived from a state tax on fire insurance in New Mexico was received from the state comptroller this week by Clint Fairly, city clerk.

The amount of the check is \$1,638.68.

The maximum amount any city in the state can receive is \$2,000. The allotment for each city in the state depends upon the population.

Actual operation expenses of the fire department in Portales do not require an average of more than \$750 per year. The balance is used to buy additional equipment and for fire department buildings.

R. A. Deen, superintendent of Portales schools in 1911-1912, visited his father and mother, Mr. and Mrs. J. E. Deen first of the week. Mr. Deen is superintendent of one of the schools near Fort Worth.

McCabe Waives Preliminary Hearing

Stias McCabe, alleged slayer of J. J. Rose was arraigned for preliminary hearing Saturday at noon, before Justice of the Peace Tuska Walker.

His bond was set at \$10,000 after he had plead not guilty, and had waived a preliminary hearing.

Portales Homes Being Prepared For Students

Citizens of Portales are at work providing adequate facilities for the housing of the 350 to 400 students anticipated as the enrollment of the Eastern New Mexico Junior college for the fall term, which opens September 1. Houses have been built during the summer.

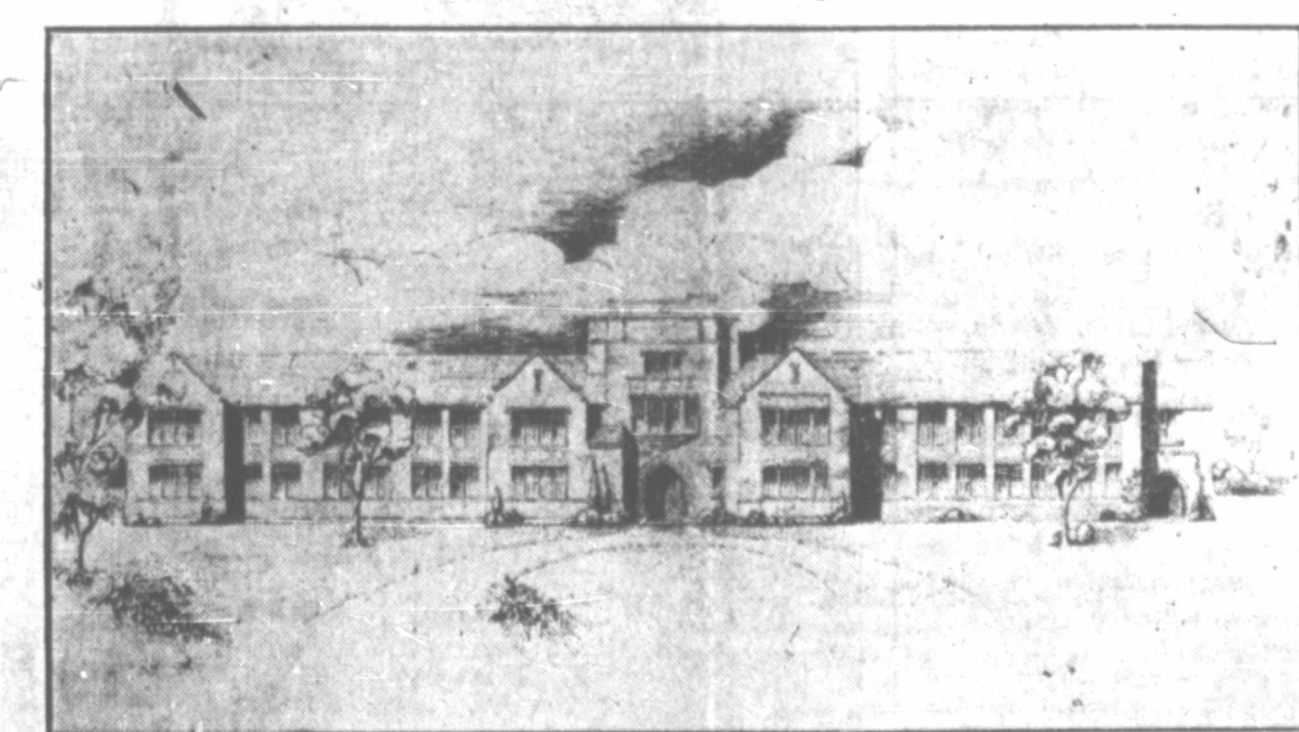

Rooms have been remodeled to meet the requirements of the college and the accrediting association. Extra rooms have been added to a few homes. Citizens have been urged to make available their homes for college students. A recent survey by Mrs. W. W. Ford on the summer staff as Director of Housing shows adequate housing facilities, with apartments, lighthouse-keeping, batching, board and room, and rooms for boys and girls available.

Several faculty members and students of the college will live in Clovis and drive down each day during the fall term. Others will live at Elida and nearby communities.

All rooms in Portales which meet the housing requirements for an approved home will be on the approved college list. Students will not be allowed to live in homes which do not meet the approval of the college.

The boy scout hike that was planned for last Friday night was called off on account of rain. However, it will be this Friday night, according to announcement of Scout Master Kenneth Livingston. All boy scouts who plan to go on the hike meet at the Methodist church, 5 o'clock Friday evening, July 22.

Architect's Drawing of Main Building of Eastern N. M. College

Final approval for the completion of the main building of the Eastern New Mexico Junior College was received this week by PWA officials, according to President Donald W. MacKay. The completed building will cost \$83,000. An outright grant of approximately \$37,000 will be supplemented by a bond issue. Bids for the construction of the Girls' dormitory are being advertised now.

THE TRUCKING PROBLEM

Trucking in the Portales Valley has two sides to it as well as any other question. The Port of Entry bill was intended to control the most vicious abuses of this trade, as well as to tap a source of revenue for the state.

Farmers realize that trucks have contributed to the lowering of prices, because of competitive buying in the valley, and have made it impossible to maintain a grade standard. In this sense, the trucks have been a detriment to Valley farmers.

The other side of the problem is equally difficult, for it has been proven time after time that valley produce cannot be shipped by rail in the majority of cases. Rail shipments are too slow for many perishables, and do not offer the flexibility of markets necessary for the distribution of such items as green beans and fresh tomatoes. Approximately 90 percent of the valley products are shipped by truck.

Truckers who compete with the associations have in many cases, brought down prices and put an inferior product on the market in competition with high grade produce. This is evident especially in the sweet potato association.

The Port of Entry may be a good thing, and may help this situation to some extent, in that it paves the way to a state system of grades for farm produce. However, the present set-up is managed so loosely that it is difficult to know what the policies of the board are. For instance, Attorney General Patton assured this section that farmers hauling unprocessed produce across the state line would not be taxed, but the Port near Clovis has charged mileage taxes to valley truckers, as well as outside truckers. There are instances where trucks operating wholly within the state have been charged a mileage tax.

Much of this trouble comes from incompetent officials at the port, but it is a serious problem to the Portales Valley, and should be cleared up immediately, or valuable markets may be lost, while perishable produce may spoil in the field.

WILL ROGERS

Will Rogers has passed into the beyond. Yet his influence will live forever.

In conversation with Judge Patton last Thursday, just after the news of his death was received, Judge Patton remarked that "Will Rogers was America's greatest man."

Seven of eight years ago The News began boosting Will Rogers as democratic nominee for president, and received a letter from him that he had no political aspirations, and even though the nomination was offered him that he would have to decline.

No man in America's history has endeared himself more to the public than Will Rogers.

He was commonly looked upon as a humorist, but behind all of his wisecracks was a deep philosophy, which has more than anything to do with holding the sanity of America, through the trying ordeals of the past five or six years.

Through his wisecracks, he has had a great influence in holding back the greed of politicians.

He did not hesitate to offer his humorous criticisms when they proposed measures that were against the interests of the common people.

Will Rogers, rising from a cowhand to

the greatest comedian that history has ever produced, made the public smile, when a smile was painful.

His philosophy of life was sound and constructive. Will Rogers is dead, but his memory will live forever.

NEW MEXICO'S PLAY GROUNDS

With the building of the Conechas and the Alamogordo dam, there will be a decided increase in New Mexico's play grounds. The Alamogordo dam will be in easy reach of the people on the east side of the state as well as those of West Texas. This will become a great fishing resort and will benefit the entire east side of the state, as well as Ft. Sumner. The Conechas dam, while a few miles further, will also become a popular resort for the east side and West Texas.

Such public works as these will serve future generations and have an influence on the climate conditions of the state. In Roosevelt and Curry counties there are a number of draws across which dams could be constructed at a small cost which would impound the rainfall, and provide good fishing sites as well as attract wild fowls.

The Kenna draw could be so developed as well as several others. The Good Book says, "ask and ye shall receive." This applies to federal projects as well as to spiritual matters.

PORTALES' FUTURE NOW BRIGHT

Never before has the future of Portales been brighter than at the present time. The city is taking on a new substantial growth.

With the building of the new post office building, the building completion of the administration building and the girls' dormitory for the Junior College, many men will be put to work during the next 12 months, providing a pay roll that will be of great benefit to the city.

New business enterprises have their eye on Portales, and its growth during the next two years will be greater than that of the past ten years.

When the present management of the Portales Valley News took charge in 1920, the city had a population of a few more than 1200 people. The News began to tell of the possibilities of Portales, and in many instances met with bitter opposition.

At one time it stated that Portales would make a city in spite of herself.

Portales' growth has justified the prophecy of The News, and during the next decade will become a city of many thousands. The possibilities have not been scratched yet.

MARKET FOR PORTALES PRODUCTS

In a talk before the Rotary club on last Friday, Judge Patton made a brief talk on the advantage of developing a market for the Portales Valley products. The judge is very much concerned over a good road leading from Portales and Clovis to the Conechas dam.

Thousands of men will be immediately put to work on this great federal project and these men will have to be fed. It is true that many will live in Tucumcari, but as on all such projects a shack city will be built near the works, and this city, as well as the city of Tucumcari, will have to be fed. Port Sumner will profit through the sales of her apples, alfalfa and garden truck.

The Portales Valley produces a greater variety of food stuff than any section of the state, and with a good road, such as Judge Patton suggested, will supply a market for thousands of dollars of these products.

Portales will do well to lay aside any sectional prejudice that might exist and work hand-in-hand with Clovis to secure such a road.

CHEAPER HOUSING

Recently The Tribune published an editorial from another newspaper comparing the buying of automobiles with the buying of homes. This article stated that people were buying automobiles before they bought homes and assigned as the reason that the automobile industry had put its product within the reach of the masses, while home ownership is beyond the reach of the average family.

Now Purdue university has started an experiment along these lines. A tract of 143 acres has been acquired west of the university campus, where homes of different types will be built. Experiments will be made in heating, ventilation, air conditioning, insulation, sewer construction, and types of building materials. The homes will be occupied by university professors and accurate records of the upkeep will be kept.

Owen D. Young is one of the backers of this project and he predicts that within the next few years more than a million low-priced homes will be built in this country. -Tribune, Chesterton, Indiana.

When the sun is blazing hot, your motor heat goes up, too!

To protect your motor, use Germ Processed Oil, which has 2 to 4 times greater film strength and is less affected by extreme motor heat!

YOUR MOTOR runs lots hotter in Summer. That's why you must have oil that maintains high film strength under extreme temperatures to get safe lubrication. Otherwise, the lubricating film ruptures and the bearings and cylinders suffer damaging wear.

oil and that heat above 225° does not lessen this advantage.

More proof—supervised road tests were made in identical cars fitted with the new alloy metal bearings used in many 1935 cars. The bearings lubricated with a high-quality plain mineral oil showed 45% more wear than those lubricated with Conoco Germ Processed, the first alloyed oil.

You'll be certain your motor is safely lubricated even at high temperatures if you say "O. K.—Drain" and fill with Conoco Germ Processed Motor Oil—the oil with the "Hidden Quart" that stays up in your motor and never drains away.

LONDON, August 21. (UP)—An internal struggle within the Nazi party in Germany is going on today between extremists and conservatives, in what is the most important internal political situation since the "purge" on June 30, 1934.

The answer to questions being asked about the real reason for the four-front Nazi drive against Jews, Roman Catholics, War Veterans, and Free Masons, is: The Nazi regime in Germany as such is not endangered and its complete mastery of the country is not shaken to any appreciable extent and is not likely to be. Adolf Hitler's personal prestige is not weakened and it presently is higher than at any time since he took power because of his sensational successes in the foreign diplomatic field, such as his defiance of the Versailles treaty and his re-constitution of the German army.

The division between Nazi extremists and conservatives has been latent since the 1934 purge. Now the extremists wing led by Dr. Paul Joseph Goebbels, composed of those Nazis who demand complete realization of the so-called totalitarian principle of Nazism and "completion of the Nazi revolution" have gained the upper hand for the time being. They are inspiring the waves of suppression. Conservative elements have been predominant since the purge; now the radicals have gained an ascendancy apparently with the compliance of Hitler and Gen. Hermann Goering, the conservative leader.

These conclusions are based, in part, upon detailed personal letters appraising the situation just received from four persons in Germany, two Germans and two foreigners, all in excellent position to observe. The strength of the extremists has been increased by the growing size and prestige of the army. As the army's power increases, the reason for the being of the Nazi Storm Troopers diminishes—a fact naturally resented. It is the leaders and sub-leaders of the militant Nazi organizations who are leading the fight for totality, and who have inspired the drive.

One informant asserted that the drive against Jews is a sideshow; that the fight against the Roman Catholics, war veterans, and Free Masons was the real one in that they were of real potential danger. The anti-Jewish drive is organized or tolerated as a diversion for the extremists while the government takes far more interest in the others.

Many priests, especially have remained uncowed and are opposing a number of Nazi ideas, doctrines, and laws which they believe incompatible with their religion. The majority of the war veterans organized in the Stahlhelm organization have resented the overbearing attitude of storm troopers and their young leaders. At first the Nazis tried to "harmonize" the Stahlhelm. Leaders fell into line but the rank and file did not. There seems no question now but that the Nazis will systematically disband the whole organization.

All four informants emphasize that the present situation does not menace Nazism. "This regime holds all the trump cards and the opposition has no power," one summed up. Another said the army was standing with Hitler and was likely to keep on doing so. The army has no reason to oppose him. It is getting everything it wants and never in history has it been so favored.

A third informant said Communists were more active than at any time since 1933, when the Nazis came into power, and that this was another reason for the insistence of extremists on the totality drive. Finally, a fourth informant said there had been rivalry between Gen. Goering, the conservative leader, and army leaders, for months. Goering wanted to get control of the army as minister of defense, and failed, getting the leadership of the aviation department. But that also is under the new war ministry, so Goering now seems to be in tactical alliance with the extremists.

Booming Banging Blows Of The Detroit Dead Pan Spell Shekels

DENVER, Colo., Aug. 14. (UP)—Boom! Boom! Boom! No, Emperor Jones is not playing in town. Nope, Cab Calloway is not playing either.

Those booming sounds you hear are just the resounding echoes of Joe Louis' fists on the jaws of his opponents. They mark the periods at the end of the careers of Primo Carnera and King Levinsky. Even in these parts, far distant from the fistic jungles where the Detroit Drummer thumps out his lethal messages on the tautened white skins of his pugilistic enemies, the dull thud resounds. To some—those desirous of having a killer champion again—the booming tom-tom of Louis' blows announce the reveille of a great day.

To others—foreseeing the end of the white man's reign in the world's heavyweight division for years to come—the jungle music of pounding leather on human flesh sounds taps to an era inaugurated by Big Jess Willard, the Kansas farmer who pushed aging Jack-Johnson into the shadows of sports oblivion. But to the fight promoters the dull thud of Louis' blows ring clear, like a bell—on the cash register.

Every opponent he flattens with his deadly punches marks a tombstone to the depression which beset the fight game in 1929. The Louis-Baer battle of the year—now set for late September—envisions in the minds of the 1935 Tex Rickards a half-million dollar gate either in New York or Chicago.

In the title were at stake, a million would not be too optimistic figure to forecast. No matter who holds the title, Baer stands as the only opponent worthy of giving the Detroit deadpan a workout. A meeting between these two opponents of the "Give it, but can we take it?" school should develop new and better adjectives and fewer alterations. It is easy to foresee a Runyon or Joe Williams story based on the Spain encounter between the deadpan death mask and the masque of low comedy.

Tri-State Fair Men Visit In Portales

Bill Beechler, one of the vice-presidents of the Tri-State fair and good will ambassador from Amarillo, and Mason King of The Amarillo News-Globe, another Tri-State fair "evangelist" were here Monday.

They brought a special invitation to Portales to attend the Tri-State fair September 14-21, which this year will be the largest exposition in Texas.

"Cash prizes for the largest delegations visiting the exposition with bands have been increased this year," said Mr. Beechler. "On one day last year there were 12 delegations and nine bands at the fair."

Beechler, manager of the Cunningham Floral company, who for many years has served as chairman of the fair's reception committee, believes there will be more entries and larger crowds this year. "There will be no fair at Dallas this year and the Tri-State Exposition will be about the only attraction of its kind this fall."

Mason King, who is director of racing, called attention to the opening date of the fall meet. "With more, better entries and larger purses, the Tri-State fair racing meet will open one day earlier—Friday, September 13," he said. "Daily races with legalized wagering have become the major attraction at the fair. Thousands of turf fans from all over the Southwest pack into the grandstand daily to see the sport of kings."

"Of course, there will be a wide variety of other entertainment," he continued. "The largest midway attraction in the United States will be there, direct from an engagement in Detroit."

Both visitors declared that there will be full entries in every department. Wilbur C. Hawk again this year heads the fair association, which is guaranteeing payment in full of more than \$15,000 in cash premiums.

Mr. and Mrs. E. Ruth Compton are at home at 107 SW Spring after spending the summer in Colorado.

Decrease in Unpaid Taxes Seen

According to figures on record in the office of the State Tax Commission as compiled by the Taxpayers Association of New Mexico, it is found that there has been substantial improvement in the matter of the collection of taxes during the past year. The table below shows in the first column the percent of 1933 taxes uncollected on June 30, 1934 and the second column shows the percent of uncollected 1934 taxes as of June 30, 1935. It will be noted that all counties, excepting Guadalupe, Harding, McKinley, San Miguel, Socorro, and Valencia show a lower per cent of taxes uncollected of the 1934 taxes as of 1935, as compared with the per cent of 1933 taxes uncollected on June 30, 1934. In the case of McKinley and San Miguel counties the percent of uncollected taxes was the same for both years.

Not only was there a decided improvement in the collection of current taxes but almost every county showed a reduction in uncollected taxes for each of the ten years prior to 1934. It is no doubt because of this improvement in the collection of taxes, that the state and the counties, with only two or three exceptions, were enabled to close the fiscal year on June 30, 1935 without deficits.

PUBLIC HEALTH

Conducted by Dr. J. E. Earp
Director, New Mexico Bureau of Public Health.

SALT LOSS

It was discovered some years ago that miners who work in very hot mines and so lose a lot of fluid by perspiration are liable to muscular cramps. However, if they slake their thirst by drinking dilute salt solution instead of plain water they do not get cramps.

Peoples who live in hot countries regard salt as a very precious part of their diet. The say "Ye are the salt of the earth" would mean much more in Palestine than in Alaska. Scientists are beginning to think that salt is more important in hot weather than we have known.

It can be shown that we lose a great amount of salt with the sweat that our skins pour out to keep us cool. If we lose 12 pints of sweat as is quite easily possible, we shall lose at least half an ounce of salt. There is good reason to believe that this loss may be greater than that can be made good by the salt we ordinarily take in our diet.

An English army doctor came to the conclusion three years ago that the troops under his care in the hot climate of the Punjab were suffering from salt loss during the hot seasons. He reports that since he increased the salt in their diet his men have suffered much less from heat prostration as well as from muscular cramps.

If we drink three quarts of water on a hot day we can add to that amount a tablespoonful of salt without making the water too brackish. If that method is distasteful it should not be very difficult for a clever cook to work in some extra salt in vegetables and sauces. The salt water method is, however, to be preferred because

Tax Exemption Data Released

Final data concerning the National Pool for Tax-Exemption Certificates which was set up in the fall of 1934 is now available. Interesting facts disclosed in these reports are as follows:

It costs 4 cents per hundred to sell Tax-Exemption Certificates through the National Pool. For Roosevelt county the report is as follows:
Number of Trust Agreements 197
Pounds Surrendered 263,955
Pounds Sold 180,534
Net Equity of Unsold Pounds 83,421
First Checks Amounting to \$5,279.10
Second Checks Amounting to \$1,968.09
Total Payment \$7,147.19
For Quay County, the report is as follows:
Number of Trust Agreements 118
Pounds Surrendered 349,385
Pounds Sold 238,968
Net Equity of Unsold Pounds 110,417
Amount of First Checks \$6,987.70
Amount of Second Checks \$2,473.29
Total Payment \$9,460.99

For Curry County the report is as follows:
Number of Trust Agreements 11
Pounds Surrendered 14,475
Pounds Sold 9,901
Net Equity of Unsold Pounds 4,574
Amount of First Checks \$ 289.50
Amount of Second Checks \$ 102.49
Total Payment \$ 391.99

You will note from the above reports that Roosevelt county received \$7,147.19 for crop insurance during the drought year of 1934. This \$7,000 was distributed among 197 cotton farmers in Roosevelt county. In Quay county \$9,460.99 was distributed among 118 cotton farmers. In Curry county \$391.99 was distributed among 11 cotton farmers.

The unsold pounds indicated in each of the above counties will be returned provided they have not been submitted to the Special Pool. Does it not appear that the cotton program has been well worth while to Roosevelt, Curry and Quay counties in the way of crop insurance, if for no other reason? However, if cotton farmers will note that the price of cotton has gone from slightly less than 6 cents in the beginning of 1933 to approximately 12 cents in 1935, and give credit where credit is due, at least a part of this price increase can be attributed to the cotton program. Many cotton farmers do not approve of a decrease in cotton acreage, however, it is apparent that cotton farmers will make more money with only 85 percent of their acreage in 12 cent cotton than they will with their entire acreage in 6-cent cotton.

PRODUCTS EXHIBITED

Exactly twenty exhibits of crop or animal projects shall be exhibited, but not more than four entries shall be permitted of any one product. These products shall be judged similar to other products in the general exhibits.

GENERAL RULES

1. Any phase of farm shop shall be permitted as a central theme or improved practice if desired.
2. Extra products may be used for decorative purposes above the twenty exhibits required in the booth.
3. The booths shall be judged by the regular Fair Judges.
4. To avoid duplication of improved practices instructors shall notify the Fair Secretary, Mr. Orren Beatty the practice to be used by Sept. 7th, 1935.
5. Three prizes shall be awarded: first \$10.00; second \$7.50; third \$4.00.

RULES

All stocks and exhibits must be on the grounds by midnight of September 26.

Out-of-State breeders are encouraged to exhibit at the show but will not be permitted to compete for the premiums. Judging will be done on Friday, Sept. 27, from 8:30 a. m. to 11:00 a. m. and from 1:30 p. m. to 3:00 p. m. There will be two judging rings, one for dairy cattle, and one for beef cattle, hogs. Judging in both rings will start promptly at 8:30 a. m. and everyone is invited to attend. Judges will give reasons for their placings. Exhibits not worthy of premiums will be given ribbons. The stock will be fed at the expense of the show if the exhibitor does not bring his own feed. Wherever possible, exhibitors are urged to bring in feed from the farm, as this will help defray expenses of the show.

Exhibitors must be on hand at time of judging to lead stock into judging ring. It will greatly assist the Show Superintendent and his assistants if exhibitors will let him know as soon as possible the number of animals they expect to bring. The management assumes no responsibility of loss or damage to livestock, or any exhibits, but will use every care to see that everything is protected.

PRESBYTERIAN CHURCH

REV. J. W. BERG, Pastor

A cordial welcome, always.

In the religious life of every person there are four great needs which must be met. Anyone who wishes to be a true follower of Jesus Christ will feel the need of these four things. First, there is a need for worship. Every element of the services of the church is designed to aid the spirit of worship. Second, there is need for companionship. The church provides the most wholesome fellowship, and we are helped by association with other christians. Third there is need for instruction. We need to know the Will of God for us. Most people neglect Bible study for themselves, but going to church gives the mind an opportunity to hear sermons through which the soul is led into a more abundant life. Fourth, there is need for service. There is much to be done to make the world better. No institution offers greater opportunity for doing good than is to be found in the church, and no service is more highly rewarded than that which is done for God.

Miss Irma Bell Smith left Tuesday morning for a vacation in California. Her sister, Miss Letta, who has spent the summer in California, will return home with her.

Miss Lillian Marshall and Miss Kate McManaway returned the last of the week from Las Vegas where they attended school during the last term.

Mrs. Lucille Cumble and Mrs. Neeley Baker and daughter, Allen came in Friday from Midland, Texas.

Mr. and Mrs. Harry Cissell left last Thursday to attend the young democrats convention in Milwaukee, Wis.

Rev. Jim Partin preached at the First Baptist church Sunday.

Floyd Beats Independents In Eight Inning Battle

To Floyd goes the honor of beating the heretofore unbeatable Independent softball team. In an eight-inning grapple, Floyd finally was able to score M. Wood to unite a 4-4 tally that had held thru five innings.

Monk, stellar pitcher for the Independents was unable to play Tuesday night. But he was replaced by Steve Deen, manager of the team.

The first two innings were loosely played, and at the first of the third, each team had scratched four times. From then on it was the most nearly air tight game of the season. There were plenty of potential hits, but brilliant work by both the infield and outfield allowed only four men to get to base for both teams from the third to the eighth inning.

It looked like the match would last all night, but in the last of eighth Morris Wood of Floyd got a single, stole second, and got to third on an overthrow. Morgan walked, and John Adams hit a high fly to center field, which was muffed and allowed Wood to score.

Morris Wood played a brilliant game at third base, assisting in seven put outs.

Carl Wood made a sensational play in the sixth inning when he caught a fly hit by Caviness and tagged B. Smith at second.

Floyd now has the peculiar position of being defeated by the cellar team and beating the league leaders all in the same week.

Elida Wins Tenth Game; Beat Dora

The Elida Hallstoners rampled on to another win Sunday over the Dora hardball team to a score of 6-2. This brings Elida's total ten wins out of twelve games played.

Pass Preston, Dora catcher, was the star player of the day, making three out of five hits for his team, and scoring both runs.

Summary of game: Elida, five stolen bases, three strikeouts, eight hits, six runs and five errors. Batteries, Levi Harris and Luther Myers, and Chester McCleskey, as catcher. Dora: two stolen bases, seven strike outs, five hits and seven errors. Batteries C. West and Awyer Miller pitchers, and Bass Preston, catcher.

Dopsters are claiming Elida as the ranking hardball team in this territory. Although they were beaten by Clovis Boosters a month ago, Dora noed out the same team last week, and with the win over Dora Sunday, Elida claims top place.

Clovis-Portales Tennis Tournament To Start Sunday

The winners of the Clovis Evening News-Journal tennis tournament will play the leaders of the Portales Tennis club in Portales Sunday afternoon at 3 o'clock.

Although a four-man tournament was originally planned, local players may not be in good enough condition to select four men. If this is the case, Douglas Stone and Jay Thompson will play for Portales. As plans are now working out, there will be two singles matches and one doubles match. Lane and Smith will probably be the entrants from Clovis.

This is the first inter-city tennis tournament.

NOTICE TO RURAL TEACHERS

All rural school teachers are requested to meet at the courthouse August 31, 1935 in a get-together meeting, and the supplies and materials necessary for the opening of school will be available at that time. County schools will open September 2.

Odd Fellows Break Into Win Column Thurs.

Roscoe Creek's re-hashed IOOF softball team broke into the win column for the first time Thursday night by the skin of their baseball teeth, when they beat the strong Floyd aggregation in the last of the seventh inning by one score, 7-6.

To Dickson, catcher and first baseman for the Odd Fellows, goes the honor of making the winning score. He got on base when a fly to left field was muffed, and came in when Preston, latest addition at second base, knocked a single to right field. In the fifth inning, Dickson made the only home run of the evening. He was followed by Preston who hit a single bager and who scored after advancing on an error, a fielder's choice, and a sacrifice hit by "Lefty" Jordan.

Fireboys Win In Extra Inning Over Campmen

In an eight-inning contest that kept fans on their feet half of the time, the Fire Boys beat the CCC team 9-8 Thursday night. The CCC boys had trailed until the first of the seventh when Shults scored on a hit by Johnie Smith, tying the score. The Firemen were retired after two men had gotten on base.

In the first of the eighth Briggs got a hit, but was put out at second on a fielder's fly by Shaw. Tucker hit a single and Hilliard sacrificed to score Shaw. The side was retired with the Camp boys holding a one-run margin. Whitworth hit a single, as did Sullins. A grounder to right short by Wurster was muffed, scoring Whitworth, and Harp followed with another grounder to the same place which was likewise muffed, scoring Sullins, giving the necessary run to end the game.

Harp, pitcher for the Fire Department, was in excellent form, and struck out five men, allowing only five hits.

Munsey CCC hurler, seemed to be a slump. His usual fast ball was not under control, and he allowed eight hits, walked four batters, getting one strike out.

The Fireboys also had an advantage on errors. Their total was six, while the CCC boys made 13.

The score by innings:

Fireboys	3	1	0	3	0	0	2	9
CCC	0	0	2	1	0	3	1	8

Pitchers Battle to Close Game; Camp Beat Elida

The clash between the giant pitchers of Elida and the CCC camp proved to be all that fans expected.

Elida was beaten in a tough tussle Tuesday night by the CCC boys. The first two innings were air tight, with neither team getting on base. During the third the CCC boys rallied to score five times. J. Smith and Shaw singled, and Elliott drove a home run to left field, clearing the bases. Hilliard fouled out. Shults knocked a line drive for two bases and Munsey scored him with a three bagger. Munsey scored on a sacrifice hit by Morris. The other score came in the sixth inning when Reagan got on base on an error, and scored on a hit by Shaw.

Elida also rallied in the third inning. Earl Stevenson and Cannon singled, and Click walked. Gore brought them in with a single.

Both Stone and Munsey found themselves in tight places several times during the game, but were able to tighten down enough to save their hide.

SOCIETY NOTES

Miss Fern Hudson of Porter, Oklahoma and Mr. James F. Drake of Portales, were married Tuesday evening at the home of the bride's aunt and uncle, Dr. and Mrs. E. T. Hensley. Rev. Claude A. Loris, pastor of the First Christian church read the impressive ring ceremony.

Attendants were Mr. and Mrs. Robert Bruce Cannon of Port Arthur, Texas. Mrs. Drake and Mrs. Cannon are sisters; Mrs. Turner Hensley played softly during the ceremony.

Elton Hudson, brother of the bride, translated the ceremony for the parents, Mr. and Mrs. Buford S. Hudson, who are both deaf.

Mrs. Drake wore a tailored gown of robbins egg blue organza. For something old she wore a bracelet which was a wedding gift from her father to her mother.

Mrs. Bruce wore a navy blue crepe floor length. Mrs. Turner Hensley was attired in periwinkle blue organza.

The beautiful Hensley home was decorated with bouquets of cut roses for the wedding.

Mrs. Drake is a member of Kappa Delta Gamma national sorority. She attended the University of Oklahoma and for the past several years has taught in the school for the deaf at Austin, Texas. She is well known in Portales, having visited the Hensleys here a number of times.

Mr. Drake was reared in Texas and attended school at Trinity. He has been employed by The News for the past two years.

Guests at the wedding were Mr. and Mrs. Buford S. Hudson of Porter, Okla., Mr. and Mrs. Elton Hudson and family of Portales, Dr. and Mrs. E. T. Hensley, and Turner Hensley.

CHRISTIAN LADIES AID

During the business session at the meeting of the Christian Ladies Aid Thursday afternoon officers were elected for the new year. Mrs. Elton Hudson was elected president, Mrs. J. J. Brown vice president, Mrs. E. H. Sprinkle, secretary-treasurer. Mrs. J. E. Camp will continue on the flower committee.

The program opened with the reading of the Thirteenth Chapter of First Corinthians by Mrs. W. H. Catt. Poems were read by Mrs. E. H. Sprinkle, Mrs. Maury Sanders, Mrs. Carl Bremer, Mrs. W. H. Catt. Reminders read by Mrs. Bremer was written by Rev. Loris pastor of the First Christian church.

LAWN PARTY

Dr. and Mrs. E. T. Hensley entertained Tuesday with an informal lawn supper. Those present were Miss Fern Hudson, Mr. and Mrs. Robert E. Cannon of Port Arthur, Texas, Mr. and Mrs. Buford S. Hudson of Porter, Okla., Mr. and Mrs. Elton Hudson and family and Mrs. Turner Hensley and Jimmy Drake.

SURPRISE PARTY

Members of the Happy-Go-Lucky club surprised Betty White with a birthday party Monday afternoon. The girls met at the Frank Shaw home and were together to Betty's home. They spent the afternoon visiting and playing games after which they returned to the Shaw home for refreshments. Each girl presented Betty with a gift.

Those attending the party were Misses Doris Lee, Bell McCa'l, Jane Mauk, Mary Robinson and Lenore Shaw.

MONDAY BRIDGE CLUB

Mrs. J. C. Compton was hostess Monday to the Contract club. Mrs. Orren Beatty the only guest, received a guest prize. Mrs. H. H. Buchanan won high score and Mrs. A. D. Ribble low.

Vases of button zenias centered the tables for the refreshment course.

During the social hour Mrs. Wyley McCauley was surprised with a stork shower. Mrs. T. W. McCauley was present for the first time in many months.

A refreshing ice course was served by the hostesses.

AN APOLOGY

The News owes an apology to Mrs. Cal Parker and Mrs. W. E. Daniel for the omission of the Presbyterian Ladies' Missionary society meeting last week.

Mrs. Parker is one of The News' most valuable correspondents, and omissions of her articles have been omitted twice in succession through an oversight. The News is contemplating a new arrangement which will give ample space of all news items.

WEDDING ANNIVERSARY

Mr. and Mrs. John Imoe celebrated their 37th wedding anniversary Sunday, August 18.

Their children surprised them with a delightful anniversary and birthday dinner.

They received many gifts from friends and relatives. The children at home were Leo, Homer, Onita, Juanita and Vernon. Those present for the dinner were Mr. and Mrs. I. A. Imoe and son, Aubrey, Portales; Mrs. Bert Imoe, and son, Clinton, Olive; Mr. and Mrs. Johnnie Box and children, Portales; Mr. and Mrs. Jess Warren and children, Portales; Mr. and Mrs. George Donnel and daughter, Mardell, Portales.

Relatives present were Mr. and Mrs. B. H. Joplin and son, Mr. and Mrs. S. A. Eads and two grandchildren, Ms. and Mrs. R. A. Ham, Mr. and Mrs. H. C. Joplin and children, Mr. and Mrs. Lloyd Eads and children.

Mrs. Earl Little and children, Mr. Rufus Joplin, J. T. Joplin, Mr. and Mrs. Cecil Jones and children, Mr. and Mrs. C. D. Brags and son, Lee Brown, Mrs. Malone from Olive.

They all enjoyed the day. All children were present but two boys, Bert and Jack Imoe.

There were 86 present. We all wish them many more happy birthdays.

The day ended with the song, "God Be With You 'Till We Meet Again."

Clovis Lions Entertain Rotarians

On Tuesday evening of this week the Clovis Lions club entertained the Portales Rotary club with luncheon at the state park.

President Dobbs of the Lions, presided at the meeting.

Bert Rawlins, secretary of the Chamber of Commerce, Portales, made a short talk inviting the Clovis delegation to attend the Roosevelt county fair.

The meeting was turned over to Frank York, vice president of the Rotary club. York made a short talk on cooperation.

John Plummer spoke as the president of the Portales Chamber of Commerce.

The speaker of the evening was Donald W. MacKay, president of the Eastern New Mexico Junior college.

President MacKay first spoke on the need of cooperation and the need of good roads which would serve all the people of the Ninth Judicial district. He then talked on the need of recreation, and the value of the state park as a community and recreational center.

He also emphasized the need of Eastern New Mexico becoming Junior College conscious, and stated that the Eastern New Mexico Junior College was not a Portales institution.

He told of the educational advantages that such a college would give to the youth of the nation.

The importance of health service was brought to the attention of the clubs, and also that of improvement of home life, which is of vital importance to the state and nation.

The importance of the church in the community was also dealt with.

This get-together gathering was a very pleasant affair, and Clovis and Portales clubs spent a very pleasant evening together.

The trip to the state park was made in one of Wat Stewart's new school buses.

E. N. Smith purchased a Ford V-8 truck Wednesday.

Checkmated Comedy Be Presented Here

Checkmated, a three-act dramatic comedy of unusual merit is to be presented at the high school auditorium Friday night Aug. 20. The play is being sponsored by the Epworth League of the Methodist church.

The plot of the play centers about two men who look act and talk exactly alike. A girl marries one, the other becomes engaged and the girls mistake one for the other. The play brings a riot of laughs and humorous situations.

Mr. F. Merrick Russell, director of the Little Theatre Guild at Carlsbad and who has directed plays in 33 states is directing the play.

The cast of local players include Mrs. James Christie, Annie Maude Hunter, Earl Stratton, Frank Craddock, Marie Neer, Eurith Compton and other local favorites.

LEGAL NOTICE

PROPOSED CONSTITUTIONAL AMENDMENTS TO BE SUBMITTED AT THE SPECIAL ELECTION TO BE HELD SEPTEMBER 17, 1935.

Pursuant to the provisions of Senate Joint Resolution Nos. 5 and 15; Committee Substitute for House Joint Resolution No. 1; and House Joint Resolution No. 20, and House Joint Resolution No. 22 at pages 481 to 488 inclusive, of the Session Laws of 1935, the following Constitutional Amendments are submitted to the qualified voters at the Special Election to be held September 17, 1935.

MRS. E. F. GONZALES, Secretary of State.

Constitutional Amendment No. 1

A SENATE JOINT RESOLUTION PROPOSING TO AMEND SECTION FIVE OF ARTICLE EIGHT OF THE CONSTITUTION OF THE STATE OF NEW MEXICO, AND FIXING THE TIME FOR HOLDING AN ELECTION THEREON.

Senate Joint Resolution No. 5; Approved January 31, 1935.

Be It Resolved by the Legislature of the State of New Mexico:

Section 1. That it is hereby proposed to amend Section five of Article eight of the Constitution of the State of New Mexico said Article being entitled "Taxation and Revenue" so as to read as follows:

"Section 5. The legislature may exempt from taxation, except for special assessments, and/or except from assessments and levies for bond issues, the homestead of each head of a family, or widow, and of every honorably discharged soldier, sailor, marine, and army nurse, who served in the armed forces of the United States at any time during the period in which the United States was regularly and officially engaged in any war, in the sum of two thousand five hundred dollars; provided that only one exemption may be claimed by any one person. Provided, further, that in every case where exemption is claimed on the ground of the claimants having served with the military or naval forces of the United States as aforesaid, the burden of proving actual and bona fide ownership of such property, upon which exemption is claimed, shall be upon the claimant.

Section 2. In the event of the passage and approval of the foregoing amendment the same shall be submitted to the people at the general election in November, 1936; provided, however, that in case a special election is held prior to 1936 the same shall be submitted to the people at such election.

Constitutional Amendment No. 2

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE STATE OF NEW MEXICO FOR THE AMENDMENT TO SECTION 6 OF ARTICLE XII OF THE CONSTITUTION OF THE STATE OF NEW MEXICO RELATING TO EDUCATION, AND FOR THE REPEAL OF ARTICLE V OF THE CONSTITUTION OF THE STATE OF NEW MEXICO, INsofar AS SAID ARTICLE RELATES TO THE OFFICE OF STATE SUPERINTENDENT OF PUBLIC INSTRUCTION.

Senate Joint Resolution No. 15; Approved February 25, 1935.

Be It Resolved by the Legislature of the State of New Mexico:

Section 1. That it is hereby proposed to amend Section 6 of Article XII of the Constitution of the State of New Mexico entitled "Education," to read as follows:

"Section 6. (a) A State Board of Education is hereby created, to consist of five members, who shall be appointed by the Governor by and with the advice and consent of the Senate. The terms of office of the members of said Board shall be six years; but members of said Board first appointed hereunder shall be appointed and hold their offices for terms as follows: two for two years, one for four years, and two for six years, from and after January 1, 1937.

(b) Members of said Board may be removed from office only by judgment of a Court of competent jurisdiction, for such causes and under such procedure as may hereafter be provided by law. Vacancies in the membership of said Board shall be filled for the unexpired term by the Governor. Members of said Board shall receive such compensation and expenses as may be provided by law and, until different provision is made, shall receive the same per diem and expenses now provided by law for members of the State Board of Education.

(c) The State Board of Education shall have the control, management and direction of all public schools, under such regulations as may be provided by law; and until otherwise provided by law, said Board shall have all the powers now vested by law in the State Board of Education and in the Superintendent of Public Instruction. Said Board shall annually elect one of its members Chairman and shall prescribe its own rules of order and procedure concerning its official duties. It shall adopt a seal, with an appropriate device

thereon and such seal affixed to any instrument signed by the Commissioner of Education, shall be prima facie evidence of the due execution thereof. Said Board shall appoint a Commissioner of Education who shall be an experienced educator and shall be selected solely on the basis of merit, administrative ability and professional preparation. The Commissioner of Education shall hold office at the pleasure of said Board and shall receive such compensation as may be fixed by the Board subject to such limitations as may be prescribed by law. The Commissioner of Education shall be the Secretary and chief executive officer of said Board, and shall perform such duties as said Board may direct, and may be invested with such of the powers and duties of said Board as said Board may by regulation provide.

(d) The Commissioner of Education shall, during his term of office, reside and he and said Board shall keep the public records, books, papers and seal of said Board at the seat of government.

(e) The Legislature may provide for District or other school officers subordinate to said Board.

(f) The provisions of Article V of the Constitution of the State of New Mexico, insofar as same relate to the office of State Superintendent of Public Instruction are hereby repealed.

(g) This amendment shall become effective January 1, after its adoption, but it shall not affect the term of office or the compensation of the Superintendent of Public Instruction elected at any General Election held prior to or concurrently with the election at which this Amendment may be adopted, but said officer shall during the remainder of his term of office be subject to all the remaining provisions hereof.

Section 2. That in the event of the passage and approval of the foregoing, the same shall be submitted to the people at the general election in November, 1936, or at any special election held prior to that time for the purpose of voting on Constitutional Amendments.

Constitutional Amendment No. 3

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE STATE OF NEW MEXICO FOR THE PURPOSE OF PERMITTING LAND EXCHANGES BETWEEN THE STATE OF NEW MEXICO AND THE UNITED STATES OF AMERICA.

Committee Substitute for House Joint Resolution No. 1; Approved February 12, 1935.

Be It Resolved by the Legislature of the State of New Mexico:

Section 1. That the following Amendment to the Constitution of the State of New Mexico is hereby proposed to be added thereto as a new article to be known as Article XXV and entitled:

LAND EXCHANGES BETWEEN THE STATE OF NEW MEXICO AND THE UNITED STATES OF AMERICA.

ARTICLE XXV LAND EXCHANGES BETWEEN THE STATE OF NEW MEXICO AND THE UNITED STATES OF AMERICA.

The Commissioner of Public Lands of the State of New Mexico is hereby authorized by and with the consent and approval of the Governor and Attorney-General to exchange any lands under any grant from the United States of America to the State of New Mexico for any public lands of the United States of America situated within said state for lands of equal value therefor, or under such terms as the said Commissioner of Public Lands and the Secretary of the Interior may mutually agree, provided this amendment shall not become effective until the same is approved by Congress.

Section 2. In event of the passage and approval of the foregoing amendment the same shall be submitted to the people at the general election in November, 1936, or at any special election held prior to that time for the purpose of voting on constitutional amendments.

Constitutional Amendment No. 4

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO SECTION 15 OF ARTICLE 11 OF THE CONSTITUTION OF THE STATE OF NEW MEXICO, TO PERMIT SECOND TRIAL FOR SAME OFFENSE, OR SAME DE-

GREEK OFFENSE

House Joint Resolution No. 20; Approved February 28, 1935.

Be It Resolved by the Legislature of the State of New Mexico:

Section 1. That it is hereby proposed to amend Section 15 of Article 11 of the Constitution of the State of New Mexico so as to read as follows:

"Section 15. No person shall be compelled to testify against himself in a criminal proceeding, nor shall any person be twice put in jeopardy for the same offense."

Section 2. In event of the passage and approval of the foregoing amendment, the same shall be submitted to the people at the general election in November, 1936, or at any special election held prior to that time for the purpose of voting on constitutional amendments.

Constitutional Amendment No. 5

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO SECTION 14 OF ARTICLE 11 OF THE CONSTITUTION OF THE STATE OF NEW MEXICO, TO PERMIT SPEEDY PUBLIC TRIAL OF PERSONS ACCUSED OF CRIME.

House Joint Resolution No. 22; Approved February 28, 1935.

Be It Resolved by the Legislature of the State of New Mexico:

"Section 1. That it is hereby proposed to amend Section 14 of Article 11 of the Constitution of the State of New Mexico so as to read as follows:

Section 14. No person shall be held to answer for a capital, felonious or infamous crime unless on a presentment or indictment of a grand jury or information filed by a district attorney or attorney general or their deputies, except in cases arising in the militia when in actual service in time of war or public danger. No person shall be so held on information without having had a preliminary examination before an examining magistrate, or having waived such preliminary examination.

A grand jury shall be composed of such number, not less than twelve as may be prescribed by law, citizens only, residing in the county for which a grand jury may be convened and qualified as prescribed by law, may serve on a grand jury. Concurrence necessary for the finding of an indictment by a grand jury shall be prescribed by law; provided, such concurrence shall never be by less than a majority of those who compose a grand jury, and provided, at least eight must concur in finding an indictment when a grand jury is composed of twelve in number. Until otherwise prescribed by law a grand jury shall be composed of twelve in number of which eight must concur in finding an indictment. A grand jury shall be convened upon order of a judge of a court empowered to try and determine cases of capital, felonious or infamous crimes at such times as to him shall be deemed necessary, or a grand jury shall be ordered to convene by such judge upon the filing of a petition therefor signed by not less than seventy-five resident taxpayers of the county, or a grand jury may be convened in any additional manner as may be prescribed by law.

In all criminal prosecutions, the accused shall have the right to appear and defend himself in person, and by counsel; to demand the nature and cause of the accusation; to be confronted with the witnesses against him; to have the charge and testimony interpreted to him in a language that he understands; to have compulsory process to compel the attendance of necessary witnesses in his behalf, and a speedy public trial by an impartial jury of the county in which the offense is alleged to have been committed or in some other county of the state free from exception to be designated by the District Judge of the district in which the offense was committed, or the District Judge designated to preside in the trial of said cause."

Section 2. In event of the passage and approval of the foregoing amendment, the same shall be submitted to the people at the general election in November, 1936, or at any special election held prior to that time for the purpose of voting on constitutional amendments.

August 8-29.

Mr. and Mrs. G. T. Wise and family are visiting Mr. and Mrs. Zinc Wise this week. Mr. G. T. Wise is superintendent of the St. Vrain school and has been attending the Normal University at Las Vegas this summer.

RICHLAND

Sunday school attendance was still better this week and it is hoped it will continue to improve.

Our meeting begins Friday night, August 23, with Rev. Pat Jordan of Morton, Texas, in charge.

The singing Sunday night was unusually well attended and a good program was enjoyed. We appreciated having several of the Elway and Causey singers with us.

Mr. and Mrs. G. H. Balko of Lingo visited at the W. A. Gunn home Sunday.

Mrs. Elmer Cogsdill and sons Calvin Ray and Harold Lee of Abilene, Texas, and Mrs. and Mrs. J. W. Partin and sons, Charlie and J. W. Jr., of Anton, Texas, visited in the L. H. Paw home the past week.

Mr. and Mrs. J. H. Stroud and Jim and Mrs. W. A. Sturman of Childress were guests at the Dee Broyles home Thursday.

Mrs. W. T. Tivis and children were guests Sunday in the M. E. Baker home.

Everyone reported a good time who attended the party at the Joe Parks home Saturday night.

Mr. and Mrs. Frank Beeman and children are back from a visit to Oklahoma and Missouri.

Mr. and Mrs. Homer Stewart and children of Arp, Texas, Mrs. Glen Brown of Bonham, Texas, and Mr. and Mrs. Loyd Holland of Roby, Texas, visited in the Dave Brown home the past week.

Mr. and Mrs. S. L. Baker and children, Chrystal Joe and Charles from Electra, Texas, are visiting Mrs. Baker's parents, Mr. and Mrs. C. H. Rayol.

Mr. and Mrs. I. A. Shattuck and children and Mr. and Mrs. Marvin Fisher of Oldton, Texas, Mr. and Mrs. Roy Allen and children of New Home, Texas, and Mr. and Mrs. Roy Franklin and daughter of Canyon, Texas, visited in the Frances Beeman home the past week. Mrs. Franklin and daughter will remain here for a few weeks.

L. D. Todd and Frank Sutton made a trip to New Home, Texas, the past week.

T. N. Tucker of Elway and Pep is getting along very well since his stroke several weeks ago.

Mr. and Mrs. Albert Johnson of Lubbock, Texas, visited the past week in the W. A. Gumm home.

Mrs. Boyd Rice and daughters and Mr. Sturman were guests at the J. O. Creighton home Sunday. Those who were in Portales last Saturday reported a big rain

that had been common in heavier rains. There was a Frances Beeman night.

Grant Lott of Elway having a service on Mr. and Mrs. Walter H. H. D. Friday at 8:15 P.M. Elway. These are canning lessons.

Mr. and Mrs. Rice, Transvaal son and Mrs. H. H. Breakhill were both the Strouds.

Mrs. J. E. H. of the children of her home in Texas and Mrs. Thelma of Lingo her recent.

We enjoyed very much from the many friends that were present paper last week.

Its Spotless... MAKES COOKING A JOY... THE WALDORF... Brings Absolute Cleanliness... In a recent study, it was found that electric ranges in their kitchens on average just fifteen minutes per day. Think of the time saved... In cooking with electricity you get new methods since electricity is cleaner, safer way to prepare your food... Nature puts into foods healthful minerals. With modern electric cooking these vitally important food values little or no water.
