NUMBER 35

Three Inches Moisture In August Breaks Record

Over Two and One-Half Inches Of Rain in Past Week Soaks Fields and Pastures

With 2.52 inch of moisture in the past week bringing the total for August to date to 3.04 inches, fields and pastures of the Southwest are soaked with the best sub-soil moisture in years. Precipitation for the past week follows: Aug. 21, 1.01; 22, .55; 23, .25; 27, .71. Previous rainfall during August was .47 on the 20th and .05 on the 8th. With three more days remaining in August this is the wettest since 1933.

A TSCW Graduate

Miss Eugenia Mitchell, member of the Perryton school faculty, was one of the 171 students to receive degrees at the annual summer commencement exercises at Texas State College for Women at Denton, Saturday morning, Aug. 23. Miss Mitchell, received her M. A. degree in education. Miss Mitchell was active in college social life and was president of the Betsy Ross Club in '24-25. Dr. L. H. Hubbard, president of the college, conferred the degrees and made the commencement address.

The 1941 rainfall to date is 18.84 inches, almost four inches more than fell during the entire year of 1940. Since Perryton was founded there have been only five years when the August moisture exceeded this year. They were as follows: 1925, 3.44; 1927, 5.98; 1928, 3.17; 1929, 4.12; 1933, 5.70.

Now producers think that there is sufficient moisture to bring up volunteer moisture and also to bring up the fall planting of seed wheat. Prospects were never better for a bumper feed crop and fortunate is the man who has a big feed planting with stock to feed it to.

With the present moisture it looks as though the Perryton area will have a plentiful supply of winter wheat pasture, a crop which in recent years has come to be just about as important from a profit angle as a grain harvest. The outlook is indeed bright for the farmers of this locality.

Recruiting Officer Here Sept. 12

A Navy Recruiter will be at the Perryton Postoffice Friday, September 12. North Texas and Oklahoma are expected to furnish 625 apprentice seaman and 25 colored men for the regular navy and naval reserve this month, according to C. L. Williams, Chief Boatswain Mate, U. S. Navy Recruiting Station, Annapolis.

All enlistments are voluntary, but men in class 1-A may enlist before being drafted for Army service. The September quota of 650 is the largest peace time Navy enlistment quota ever assigned this district.

Enlistment ages for the Regular Navy are from 17 to 31, and in the Naval Reserve from 17 to 36, except that men up to 50 years of age who are skilled in trades or professions may enlist in the Naval Reserve with petty officer ratings.

Any man interested should contact the Navy Recruiter at the postoffice on September 12.

Baptist Sponsor Missionary Visit

Dr. and Mrs. J. H. Humphrey, former residents of Buffalo, Okla., who have been in the interior of China the past six years will be in Perryton Tuesday, September 9, for an all day meeting in the Baptist Church.

They will show pictures of scenes in China and talk on the conditions in that country as they knew them. Dr. Humphrey worked in a large hospital in Chengde Chow, an interior city, until he and other workers were forced to leave the country by the Japanese.

This meeting is being sponsored by the district W. M. U. and visitors from all neighboring churches are expected.

Use Herald Wants for Results!

No, This Is Not Father Time

Since he was 12 years old, Walter Gaskin, 80, has been making hay at his farm near Mendon, Mass. Sharpening his scythe for the 66th year of mowing his hay field, he looks like Father Time in person.

Name Winners In Parade August 22

Legion and Orchid Shop Place First In Two Divisions

The parade, with its many beautiful floats, colorful bands, horses, cowboys, cowgirls and other features, was the high light of the day's events on Perryton's birthday, August 22. The majority of floats carried out the patriotic theme. The "Spirit of 1776," and the American Legion flags, added to the colorful parade.

Dalhart, Spearman and Shamrock Riders were other parade attractions. The Perryton senior and junior high bands and the Drum and Bugle Corps of Perryton were also in the parade.

Floats were entered in two divisions: first, clubs and organizations; second, commercial or business houses. The American Legion and Auxiliary float, with its liberty bell ringing as it paraded, won first prize in the first division.

Other winners in the first division were: second, The American Red Cross, featuring the work of the junior and senior members; third, Ochiltree Home Demonstration Club, showing food as the "first line of defense."

Winners in the second division, composed of floats entered by business houses, were: first, The Orchid Shop; second, Goodrich Store; third, Plainview Hardware.

First place winners received \$25 See No. 2, Back Page

Another Big Fire At Wheat Growers Elevator Monday

With a total of four fire calls to the Wheat Growers elevator in the past two weeks, the big grain house is now almost a total loss. The fire department was called out at noon Monday to find the main house a mass of flames. This fire totally destroyed the main house, ruined the east steel 24,000 tank and inflicted considerable damage to the west tank.

Another call Tuesday night at 11 o'clock kept the fire department at the elevator until six o'clock Wednesday morning, fighting the mass of smouldering charred wood and grain which filled the elevator pit.

Plans for rebuilding will be announced just as soon as insurance settlement is made.

Attend Convention

Jack Todd and Tom Calhoun of the Perryton Hatchery, left Sunday for Temple to attend the Texas Baby Chick Convention held Monday, Tuesday and Wednesday. Mrs. Todd and children, Janey and Jimmy went as far as Abilene and visited relatives.

Perryton Greys End Season

The Perryton Greys closed a most successful baseball season on the night of August 22 when they defeated the Shamrock Oilers from Dumas by a score of 7-4. This game brought to a close the official program of Perryton 22nd anniversary celebration.

The first of the scheduled two-game series was rained out Thursday night by the downpour that forced the game to be called at the end of the second inning with the game tied nothing to nothing.

Two Charged With Disturbing Peace

Two brothers, G. G. Rogers and Bob Rogers, of Berger, were arrested Saturday evening at Lake Fryer, charged with fighting and disturbing the peace. The charges were filed in the Justice of Peace court.

The two men plead guilty to the charge and were assessed a fine and court costs. They paid off on Sunday and were dismissed. The fine and costs in each case were \$16.50. When the brothers started fighting and disturbing the peace, John Coburn, concessionaire at Lake Fryer, took the men into custody and notified the sheriff's office to come after them.

Posters Urge 'Food for Defense'

First of the new posters urging farmers to produce more foodstuffs is displayed by Miss Virginia Simpson. Posters are being distributed by U. S. Department of Agriculture.

Three Injured In Beaver County Wreck

Three Goodwell young men, one in a critical condition, are in the Perryton Hospital as a result of a three car mix-up on Highway 83 two miles north of Gray, Oklahoma about 2:30 a. m. Saturday, August 23. The most seriously injured is Charles Barnum who had both bones in his right leg crushed necessitating amputation above the knee. He is in a very critical condition with grave doubts as to recovery.

David Thurston, former Ochiltree and Beaver county school teacher and well known in Perryton, received a broken bone in his left leg just above the ankle. He is the operator of the Aggie Inn at Goodwell.

The third victim was Don Tyler who has a broken left wrist, severe bruises and possible internal injuries.

The three men had been in Perryton attending the celebration and started home shortly after the close of the dances at 1:30 a. m.

They stopped at the scene of the accident to change a tire. A second car drove up behind them and stopped, throwing their lights so that the Goodwell men could see to change the tire.

Then a third car, owned by W. H. Williams who lives on Highway 33 a few miles south of the Beaver River, came from the south crashing into the second car, driving it into the Goodwell car and crushing the injured men between the two cars.

It is reported that an employee of Mr. Williams was driving the car. Tyler, the owner of the Goodwell car, was laying on the ground adjusting a jack under the axle at the time of the crash. Barnum and Thurston were at the rear of their car getting out tools and spare tire. They were caught between the rear bumper of their car and the front of the second car.

Truck Is Reported Stolen Here

A. L. Brooks, Tahoka, who has been hauling wheat in this vicinity, parked his truck on Perryton main street Monday evening. When he returned to the parking place, to his amazement his truck was gone. He immediately reported the loss to the officers.

After telephoning to neighboring towns, the local officers located the truck in Spearman. It seems that H. Denton, representative of the Pacific Finance Company, Lubbock, had the truck pulled to Spearman. According to reports, Brooks was a few days in arrears on his payment to the Pacific Finance Company, who hold the papers on his truck. Brooks recovered the truck at Spearman.

Boyd Post Office Moves to Highway

The Boyd, Oklahoma post office which has been located for many years in the Peters home, was moved last week two miles east and is now located at the Boyd Store on Highway 83 with Mrs. Fred Whittel as postmistress.

The store is 22 miles north of Perryton.

Frank L. Roberts Wins Scholarship

Frank L. Roberts, son of Mr. and Mrs. R. S. Roberts, southeast of town, has been attending the University of Wyoming, Laramie, this summer. He received a Fellowship to this Language Institute, which is sponsored by the American Council of Learned Societies and the Rockefeller Foundation.

Mr. Roberts graduated from Perryton High School, University of Arkansas, received his masters degree from Texas university and for the past year has been studying in the University of Southern Calif.

His sister, Miss Oia Mae Roberts, teacher in the Skellytown schools, is also attending the University of Wyoming this summer.

OES Have Work Visitors Invited

The Perryton Chapter Order of the Eastern Star will hold degree work for two candidates at the regular meeting, Tuesday night, September 2. The meeting will open promptly at eight o'clock according to Mrs. Emma Sebastian, Worthy Matron.

Chapters from Spearman and Booker have been invited for the occasion. Refreshments will be served after the meeting.

Booker Man Is Assaulted On East Side

Fred Stagler, said to be an auto mechanic from Booker, was taken from Dad Worthington's place in southeast Perryton Sunday night in an unconscious condition as a result of a terrific beating from persons unknown.

Deputy Sheriffs Fred Huston and Dell Talaferro accompanied by Les Baker, manager of the Commercial Hotel were in Altus, Hobart, Sayre and Elk City, Okla. Tuesday checking on suspects.

They returned one man who is now in the county jail awaiting identification by Stagler. Stagler, who was in the Perryton Hospital for a few days is now at his home in Booker.

Officers state that they are after two other suspects but have no definite information on them.

Joe Buckhaults Wins Degree

Joe Buckhaults of the Waka community, a 1940 graduate of the Perryton high school, has won the American Farmer Degree, the highest degree that can be given a member of the Future Farmers of America. This is a coveted honor for any student in vocational agriculture.

Only one member of every 1,000 Future Farmers of America can receive this honor each year. Texas enrollment this year in F. F. A. was 23,000. Buckhaults is the only person in this county to receive this degree.

The state association will pay his expenses to the national F. F. A. convention in Kansas City. He will leave Fort Worth on the special train, Sunday morning, October 19.

The American Farmer Degree is awarded on student's project program and the person receiving said degree must complete a three year program in vocational agriculture. Buckhaults took his work in the Perryton school under C. H. Williams, vocational ag instructor. This year, Buckhaults, son of Mrs. Viva Buckhaults, has been taking post grad work, and enrolled in courses in national defense, offered at the Perryton school.

Truck Is Reported Stolen Here

A. L. Brooks, Tahoka, who has been hauling wheat in this vicinity, parked his truck on Perryton main street Monday evening. When he returned to the parking place, to his amazement his truck was gone. He immediately reported the loss to the officers.

After telephoning to neighboring towns, the local officers located the truck in Spearman. It seems that H. Denton, representative of the Pacific Finance Company, Lubbock, had the truck pulled to Spearman. According to reports, Brooks was a few days in arrears on his payment to the Pacific Finance Company, who hold the papers on his truck. Brooks recovered the truck at Spearman.

Boyd Post Office Moves to Highway

The Boyd, Oklahoma post office which has been located for many years in the Peters home, was moved last week two miles east and is now located at the Boyd Store on Highway 83 with Mrs. Fred Whittel as postmistress.

The store is 22 miles north of Perryton.

Coach George Philbrick and 45 members of the 1941 Ranger football squad will leave from the Perryton schoolhouse at five o'clock Saturday morning for their regular fall training camp at Raton, New Mexico. Coach Philbrick will be assisted in the training schedule by Milton Hill, assistant coach, and Wesley Cox, Junior Hi coach. Jimmy Lee, Perryton hotel chef, is making the trip again this year to see that the boys are well fed.

The squad and their mentors will travel in the Ranger athletic bus and Mr. Philbrick's car, taking a truck along for baggage and equipment. They will return on Sunday, September 7.

Ranger 1941 Schedule

- Sept. 19—Lefors, there
- Sept. 26—Dumas, here
- Oct. 3—Berger, here
- Oct. 10—Shamrock, here
- Oct. 17—Canadian, there
- Oct. 24—Whitdeer, there
- Oct. 31—Follett, here
- Nov. 8—Phillips, there
- Nov. 15—Panhandle, here
- *Conference games
- All games will be played at night.

Coach Philbrick has just returned from Houston where he attended the Texas High School Coaching school at Rice Institute. He says it's too early in the season to be making any wild predictions as to what kind of a team the Rangers will develop into this year. He has four letter men back this year: Irvin Williams, Jack Allen, Tom Calhoun and Emil Reimer.

Many of the others on the squad are experienced players and from the present outlook, they should develop into first string men. The team will be light but indications are that it will be fast.

Players making the trip are requested to pay in their camp fee of \$5 at once. Camp equipment required includes knife, fork, spoon, tin plate, cup, blankets, towel and soap. Squad members must bring their equipment to the schoolhouse Friday night for the meeting called for 7:30 o'clock.

In addition to the lettermen, the following boys are scheduled to make the trip: Elton Symons, Kenneth Mullins, Archie Correll, A. J. Eudy, Wilbur Cotner, Ray Veale, Jimmie Hall, Arthur Schroeder, John Daniels, Dale Parvin, Fliney Hannan, Joe McClung, Lester Barnes, Howard Gidley, George See No. 5, Back Page

New High in Membership

Legion Auxiliary Wins Recognition

With all previous membership records broken, the American Legion Auxiliary's enrollment will approach \$25,000 this year, according to Mrs. Hugh E. Shotwell, membership chairman of Pierce Johnson Unit here.

The Perryton Auxiliary has 120 members for 1941. The total enrollment in the largest membership since the organization of the Texas Department over 20 years ago.

The Perryton Unit received special recognition and awards at the State Convention of the Auxiliary held in Fort Worth last week for exceeding the membership of the Perryton Legion Post as of July 17. The Unit received a special citation for this accomplishment and the membership chairman, Mrs. Shotwell, won a silver pin, replica of a ship. To the Unit President, Mrs. Dewey Allen, went a gold star pin.

In addition to the membership awards received at the convention, the Unit won a citation for meeting requirements in Rehabilitation work. Mrs. Roy Hochland is chairman of the local Rehabilitation committee.

On August 8, time of the last membership tabulation by National headquarters, the Auxiliary had 518,328 members actively enrolled for 1941. This was an increase of 14,029 over the highest previous record, established last year.

Fire Call August 22

The fire department was called out the morning of August 22 to the house owned by R. H. Holland at the corner of S. W. 4th avenue and S. W. First street. The blaze was caused by a short circuit in an extension cord. It was extinguished without turning on the water.

Youngster Squad Leaves Saturday for Football Training Camp in New Mexico Mountains

Coach George Philbrick and 45 members of the 1941 Ranger football squad will leave from the Perryton schoolhouse at five o'clock Saturday morning for their regular fall training camp at Raton, New Mexico. Coach Philbrick will be assisted in the training schedule by Milton Hill, assistant coach, and Wesley Cox, Junior Hi coach. Jimmy Lee, Perryton hotel chef, is making the trip again this year to see that the boys are well fed.

School Opens September 8

Perryton schools will begin Monday morning, September 8. Registration days for junior and high school will be Friday, Saturday, September 5-6, stated Edgeworth, superintendent.

For high school students of the 11 and 12 will register Friday morning, September 5, 9 o'clock. In the tenth grade will register Saturday morning, September 6, at 10 o'clock.

For high school students of the eighth and ninth grades register Monday morning, September 8, at 8 o'clock, while seventh grade students register Saturday morning at 10 o'clock.

Elementary students, grades one through the fifth, will not be reported until the opening Monday morning, September 9.

Students are requested to bring their report cards and book Supt. Wedgeworth stated, other details for the opening of school will appear in next Herald.

Unable to Get of Rodeo Winners

Effort was made by the Perryton rodeo winners to obtain a list of the winners in the various events at the rodeo held the two days of the celebration. In the absence of the secretary of the chamber of commerce, a correct list of winners was not available.

The rodeo was conceded by the Perryton Chamber of Commerce to be one of the best ever staged. There was plenty of action, and no lull between events. Something was going on every minute! Lawrence Eiland and his committee deserve praise for giving the people splendid entertainment.

Boyd Returns

The Perryton Auxiliary has 120 members for 1941. The total enrollment in the largest membership since the organization of the Texas Department over 20 years ago.

Attend Convention

Jack Todd and Tom Calhoun of the Perryton Hatchery, left Sunday for Temple to attend the Texas Baby Chick Convention held Monday, Tuesday and Wednesday. Mrs. Todd and children, Janey and Jimmy went as far as Abilene and visited relatives.

Perryton Greys End Season

The Perryton Greys closed a most successful baseball season on the night of August 22 when they defeated the Shamrock Oilers from Dumas by a score of 7-4. This game brought to a close the official program of Perryton 22nd anniversary celebration.

The first of the scheduled two-game series was rained out Thursday night by the downpour that forced the game to be called at the end of the second inning with the game tied nothing to nothing.

Lake View Tattler

Mr. and Mrs. Olan Williams and children and Helen and Maxine Kenny motored to Pampa recently. Little boys like little girls have their pals and like to spend the night with each other. Especially do the town boys like to spend a few days in the country. Earl and Byron Kenny had as their guest last week Junior Brown. I am thinking it won't be long now until Earl and Byron will be visiting in town.

Two mothers, Mrs. Kenny and Mrs. Deck with two daughters each could not spare one girl over night, the girls solved the problem by Helen Kenny spending the night with Thadene Deck and Nadene Deck spending the night with Maxine Kenny.

Bertha and Katherine Nitschke spent Sunday afternoon with the Deck girls. Mrs. John Sims, Leona Emmick and Mrs. S. J. Powell were callers in the Dan Nitschke home Wednesday afternoon.

Tolzie Pope and his family will soon be moving to their new home they recently purchased.

Mr. and Mrs. Cliff McGarraugh are the proud grandparents of a grandson, the young son of Albert McGarraugh and wife.

Harvey Morris will soon be at ease at the wheel of the Bioggett school bus. Harvey is a good driver and is a favorite of the Bioggett community children as he has driven the bus for several years.

No matter how far from home our different vocations take us in life we always have a longing to return for at least a week or so visit. Mr. and Mrs. Lee Montgomery and daughters of St. Louis, Missouri and Cecil Montgomery of Shattuck who lived down on Wolf Creek several years back returned to their respective homes Monday after visiting in the Johnny King home of the past week. Mrs. King is a sister of the Montgomery brothers.

B. F. Thompson, geologist for the G. I. Oil Company in the eastern half of Oklahoma spent the week-end in the S. J. Powell home visiting Leona Emmick.

B. R. Thompson and Leona Emmick visited in the lovely home of the Hollis Gossett family Sunday morning.

Mrs. Hollis Gossett who is on the doctors ordered diet was very much provoked on account of said diet when she and family were invited to the Earl Waide home for dinner Sunday.

Cola Lee and daughter Wanda visited in the Davis home Saturday night and in the S. J. Powell home Sunday. They are eagerly looking forward to Mrs. Lee's return from Minneapolis, Minn., the last of this week.

Mr. and Mrs. Dan Nitschke and daughters Bertha and Katherine were attending the celebration in Perryton Friday. The girls were breaking in new boots.

Mr. and Mrs. Sam Nitschke, Mayme, Luther and Bobbie were in Perryton Friday.

Bernard Byers, Mr. and Mrs. Orville Fullbright and daughter Orlene were in the Pipkin home Wednesday.

Pipkin George, Edith, Ouida Mae, Betty, J. W. and Elma were in Perryton Friday. The writer while visiting home a couple weeks ago was in a friends home that had recently moved from Greensburg, Kentucky, several pieces of antique furniture. One three-piece bed room suite was of solid oak. The head of the bed was 7 feet high and the foot of the bed was waist high. I tried to lift the foot of the bed but I could not even raise one corner. The dresser was much larger than the dressers of today. The old fashioned commode with a drawer and two doors in the base had a high back with a small mirror near the top I could just see

Record-Breaking Crop of Wool Will Fill Uncle Sam's Orders

BY RALPH HERBERT

BAA-BAA black sheep, have you any wool? It's a question that will not be asked this year in the United States, whether the animals be black or white or red, for the fact is that in these times when Uncle Sam is buying huge quantities of cloth in which to dress his army of 1,300,000 men, the wool crop is going to be the biggest on record.

That's what the U. S. Department of Agriculture reports on the fleece that has already been shorn and that is to be shorn in the present year. The estimate is for 399,941,000 pounds, which is three per cent higher than the previous record in 1940 and nine per cent above the average for the 10 years 1930-39.

The bigger production this year is due to the fact not only that more sheep have been or will be shorn, but also to the further fact that the average weight of wool per sheep was higher. The number of sheep that will finally be shorn this year is estimated to be 48,900,000, as against 48,479,000 in 1940, the previous high record year, and against a 10-year average of 46,035,000.

THE average estimated weight of wool per sheep for this year is 8.18 pounds compared with 8 pounds in 1940 and 7.96 for the 10-year period.

As usual, Texas leads all the rest with an estimated production of 82,462,000 pounds. Others follow in order: Wyoming, 33,947,000; Montana, 32,796,000; California, 28,598,000; Utah, 19,917,000; Ohio, 17,893,000; Idaho, 16,800,000; Oregon, 16,647,000; New Mexico, 16,071,000; South Dakota, 13,841,000, and Colorado, 13,562,000.

Texas' great crop means the shearing of the gigantic sum of 10,860,000 sheep.

AS was to be expected, the smallest amounts of wool shorn for 1941 were in the small-

One of the 48,900,000 sheep to be shorn this year yields his wool to make cloth needed for a soldier's overcoat. The shearer first stands him on end and trims his tummy. Then he'll turn him over and get at the back.

est states in the Union: Rhode Island with 12,000 pounds and Delaware 3000.

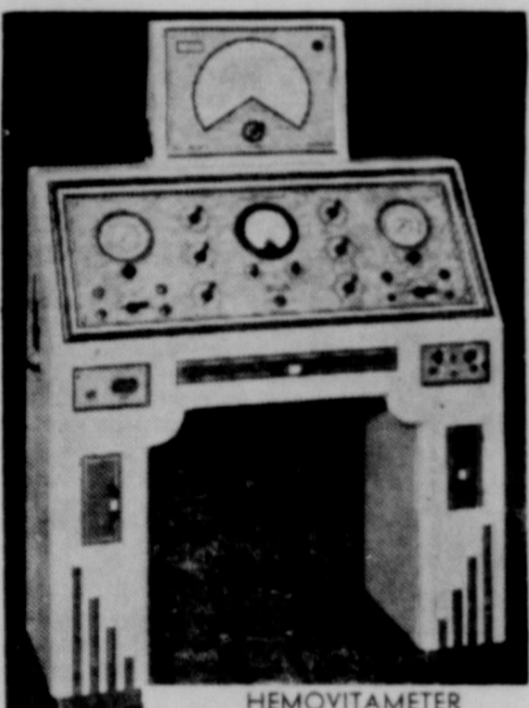

For many people, perhaps, outside of the inhabitants of Nevada, that state's production of wool will be a surprise. The ordinary American thinks of Nevada as a state of steep moun-

tains and arid country, difficult for grazing animals.

Its production of wool this year will be 5,905,000 pounds, shorn from 729,000 sheep. This is a greater wool production than that of the six New England states plus New Jersey, New York and Pennsylvania.

DENVER SPECIALIST TO CONDUCT HEALTH CLINIC

Monday - Tuesday - Wednesday Sept. 1-2-3

HEMOVITAMETER

Are YOU falling in health, sick or run down? Are you discouraged and feel there is no relief for you? Then it is time you stopped guessing. Let this Specialist locate and tell you: WHAT YOUR TROUBLE IS, WHERE IT IS, and HOW BAD IT IS. With the aid of the HEMOVITAMETER (pictured here) he will locate diseased organs and glands, tell you what POISONS you may have that could produce ulcers, nervousness, rheumatism, kidney, liver, stomach, and bowel troubles, and many other ailments. You will also learn the minerals and vitamins your body lacks. Remember the time and place—

R. C. Johnson Jr. Is Texas Tech Graduate

R. C. Johnson Jr. graduated from Texas Technological College, Lubbock, last Friday evening, August 22, with a B. B. A. degree in Business administration. Two hundred fifty three students were in the August graduating class.

The week prior to his graduation, R. C. Jr. finished a primary training course in the CPT and was granted a pilot's license.

R. C. Jr. son of Mr. and Mrs. R.

C. Johnson, lived in Perryton until the family moved to Lubbock a few years ago. He is a grandson of Mr. and Mrs. T. W. Johnson of this city.

Mrs. L. W. Lafib and daughter, Billie Ann, came in Monday from Amarillo. Billie Ann went on to Lubbock where she has work in Duck-walks store. Mrs. Lamb visited until Wednesday in the home of her parents, Mr. and Mrs. J. N. Conley. Jim, Betty and Nora Jeanne Lamb, who have been here several weeks, returned home with her.

THAT REMINDS ME

Shed No Tears For Jap Losses

BY RALPH HERBERT

NOT only because Americans generally have no particular love for a Japan that has been slaughtering thousands upon thousands of helpless Chinese women and children in its undeclared war in the Orient, but also for trade reasons, the cotton growers of the southern states of America will weep no bitter, briny tears when they hear that the Nipponese have suffered severe losses in their export trade in cotton textiles.

Time was when Japan was a valued client of the cotton south. Its purchases per year sometimes amounted to as high as 1,700,000 bales of the fleecy product. For the season of 1940-41 it is estimated this will fall to a bare 100,000 bales.

BIG reason for lesser buying of American cotton is one that hurts Japan and not America. It is the decline in the sale of Japanese cotton textiles. Japan did have the world by the horns in the export of what are called the bulk lines in the cotton textile business. Jap financiers built great mills, keyed up for mass production. They had a vast supply of cheap labor, in women whom they paid starvation wages in a country where organized labor is at a minimum. So in seeking sales, the producers could undercut American and British manufacturers easily. Now their sales are on the decline.

In the first place, a huge market formerly was China. Somehow those stubborn Chinese just will not buy goods now from a country which is warring upon them. And, in the next place, India has stepped into the breach as a formidable rival to Japan.

INDIA has a far vaster population than Japan. It has more hungry mouths and willing hands. The standard of living of tens of millions is very low. So India, too, has been enabled to go into mass production and to pay scanty wages to the cotton mill operatives. It is a case of Indian dog eating Japanese dog. Last year the Japanese cotton textile export was about 50 per cent below that of the years 1936 and 1937. The European market is also being lost to them, partly because of the war, partly because of exchange difficulties.

It is one more chapter in the story the Japanese are learning to their cost—war does not always pay.

Fighting for a New Europe

A Czechoslovak gunner crew (at top) and an observation unit are shown in action somewhere in England. Their grim teneness shows their determination . . . there will again be a Free Europe.

The battle of Europe includes all Allies—Australia, Belgium, Commonwealth, Czechoslovakia, Free France, Greece, Luxembourg, the Netherlands, Norway, and Yugoslavia—who fight bravely on for a new and free Europe. The Allies are united in effort, a struggle to which energies, their lives and their lives are devoted.

Rescued out of Nazi-occupied Norway, this photograph shows how the citizens of Bergen display sympathy with their British Allies. Here, piled high with flowers and decorated with the British flag, is the grave of an "Unknown British Pilot," killed in the summer of 1940. In defiance of Gestapo, the people of Bergen have continued to adorn the grave with wreaths and flowers. Right through the winter fresh tracks could be seen in the snow every day around it, and the flowers were always fresh. On May 17th, Norway's Independence Day, school children went in procession to the grave by the end of the day it was buried in flowers.

Free French forces that lately, with the British, defeated the Vichy government's troops in Syria, were reinforced by these tough Circassians, who rode many miles over high mountain ranges to reach the Jordan before reaching the Allied lines. Their regiment was raised by Colonel Bert Collet, as famous among the Syrians as Lawrence among the desert Arabs. Colonel Collet not only stands the sight of Syria being converted into a Nazi base for use against France's former ally, but led his men into Palestine, whence he launched a stirring appeal to the French Army of the Levant, not to allow itself to be made the tool of the enemy.

The countries of the world, throughout Europe, Asia and "down under," fight side by side for a free world where their women and children will not suffer the agony of losing all they have lived for and in which they have believed through the centuries. The fighting men of the Allies—Australia, Belgium, British Commonwealth, Czechoslovakia, Free France, Greece, Luxembourg, the Netherlands, Norway, Poland and Yugoslavia—will not allow such conditions to endure.

Esther Stagner Receives Army Questionnaire

Esther Stagner, Northwestern State co-ed, Alva, and holder of a private pilot's license with a 1-S rating, has been wondering how she could get into Uncle Sam's defense set-up. She's in the army now—she hopes.

This week with other women pilots all over the country, Miss Stagner received a questionnaire on availability for duty in a woman pilots' ferry organization.

The purpose of the survey is to determine the willingness of women to participate in such a program. It is not yet known whether the organization is to be formed on a military or civilian basis, temporary or permanent.

Commander of the air corps ferrying service, Col. Robert Olds, said in a letter that feasibility of the project is being studied, with every possibility that women pilots will be used for this type of work.

Plane ferrying at present is being carried out by air corps pilots and several hundred civilian fliers. Planes are flown from west coast factories to the east for shipment to Britain, and from factory to various bases over the United States.

Miss Stagner, a college junior, is the 5 feet 1 inch girl who stretched her way into the C. A. A. flying course last fall when, through five weeks of exercise, and use of a trapeze rod, she increased her height by one inch to meet the minimum entry requirements.

While becoming a flier of unusual ability, this girl who knew what she wanted and was out to get it, worked on a major in elementary teaching, with a minor in industrial arts. She also spent 100 hours per month on library science work.

Levi Stagner, a brother, is also a Northwestern State college student. Her mother is Mrs. L. V. Noe of Gray, Okla., near Perryton.

Flight instruction under the C. A. A. program was taken at the Strickland-Horner airport, under the direction of Leonard V. Pratt, Prof. John Cameron and Dot Jeanette Gifford of Northwestern college were in charge of the ground work.—Daily News, Alva, Okla.

Henry and Joseph LaMaster left Monday for College Station and Stephenville, where they will make plans for entering college. Henry graduated at John Tarleton last spring and plans to enroll at A & M. Joseph graduated from high school here and will probably enroll as a freshman at John Tarleton.

Fighting for a Free Europe

A unity of spirit prevails among the nations of Europe, some of them occupied but none of them conquered, who fight desperately on in the Allied and united cause of a new world united for free men. With the leaders of the other Governments—Australians, Belgians, Czechoslovaks, Free French, Greeks, Luxemburgers, Dutch, Norwegians, Polish and Yugoslavians—Prime Minister Churchill is a favorite of the Allied forces. Shown above he watches the action of an anti-tank gun operated by Czech soldiers. Note that the gun has been dismantled for greater stability.

At sea, by air and by land, the Allies—Australians, Belgians, the British Commonwealth, Czechoslovaks, Free French, Greeks, Luxemburgers, Dutch, Norwegians, Poles and Yugoslavians—fight side by side in the struggle for freedom and against forces that now have many of the nations of the world under their domination. Above, a Pom Pom crew of the Polish destroyer Flotilla, a gun against raiding dive bombers. The Flotilla, first to contact it, was cited for its action against the Bismarck.

Intensely interested in a new Bren anti-aircraft machine gun mounted for combat against low flying enemy planes are high-ranking officers of the Allies—Australians, Belgians, Czechoslovaks, Free French, Greeks, Luxemburgers, Dutch, Norwegians, Polish and Yugoslavians—now fighting for the common cause of a free and new order in Europe. The Allies are training side by side and ready to fight side by side for a new world of free men.

FIGHTING SONS OF A GUN

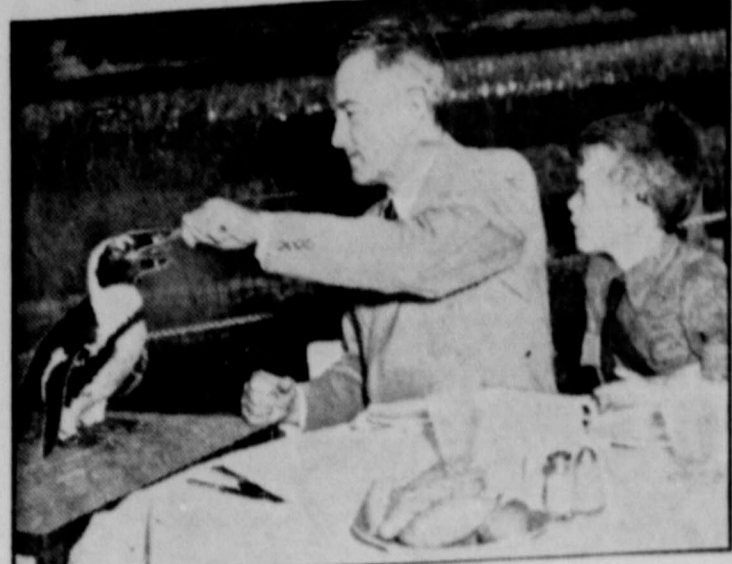

Czechoslovak troops in England with the Bren gun, a Czech invention.

Free Medicine Show Next Week

The Old Man of the Mountains, F. H. McDonald and his crew of five entertainers will open a week's engagement in Perryton Monday, Sept. 1, with a big free medicine show. McDonald, for many years a typical leader in his field has spent the biggest part of his time with his two shows in West Texas. He seems a mighty nice man, with a background of long training in his chosen profession. McDonald has his medicine prepared by the Universal Laboratories at Dallas, using his own mixture in the prescription. He declares his medicine is principally herbs. Stated that he had worked 38 years at his present business, and that his biggest trouble was in discovering a mixture of his compound that would keep the herbs from souring. He stated the plain epsom salts was the ingredient that kept his medicine from souring.

The show will be located across the street from the courthouse. Mr. and Mrs. Val McLanahan left Saturday morning for a two weeks trip in Colorado. They plan on joining Mr. and Mrs. A. C. Emberson at Pagosa Springs and visit scenic points together.

Penguins Move to New Home

Annie, famous penguin, receives a fish from Admiral Richard E. Byrd, during luncheon in Rockefeller Center's sunken gardens, where 14 of the high-hat birds have been transferred from the Bronx Zoo and Aquarium. Little Michael J. O'Donnell, 5 1/2, looks on.

Mr. and Mrs. Ellis Kelly had for their dinner guests Tuesday Mr. and Mrs. Klein Lilly, Charles and Adelia Ann of Chicago. Mr. and Mrs. W. B. LaMaster and Kenneth and Gwen Vestal.

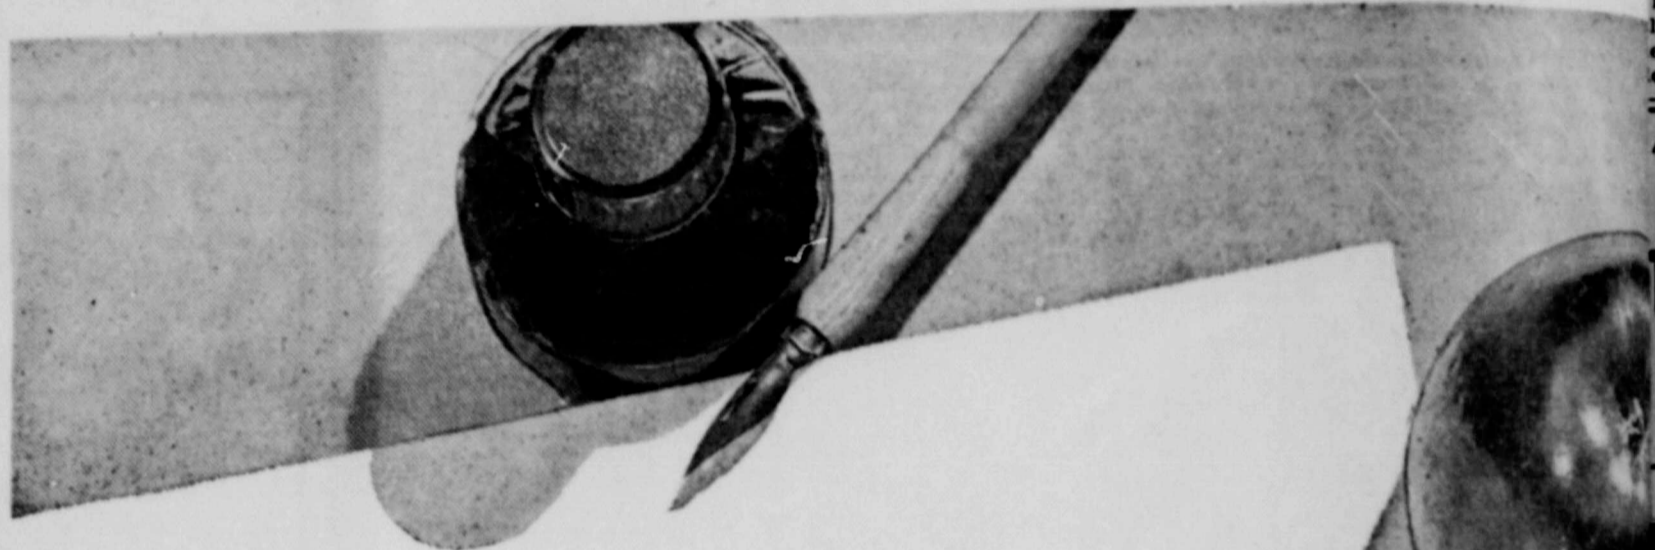

Miss Rosewood Jarvis, who has been attending summer school in Las Vegas, N. M., came in Friday for a week's stay with her parents, Dr. and Mrs. E. R. Jarvis, before going to Clayton, where she teaches.

Clyde Cofer Jr., Washington, D. C. came in on Wednesday of last week for a visit with his parents, Mr. and Mrs. Clyde Cofer. Clyde, a former member of the U. S. Marines, is now a civil service employee of the Washington navy yards in the draughting and design section. All of the big navy yards are made in the Washington yard.

Mr. and Mrs. B. C. Holly, Waco, were guests for the week-end in the home of their daughter, Mrs. Oscar Flowers and family.

To the PARENTS,
Perryton School Children,
Perryton, Texas

Dear Parents:

Well, it's Back-to-School time again and you've probably been very busy getting the children ready. We know that you've had a lot of trouble and a lot of expense getting them the clothes they need, and the supplies, but we know, too, that you don't begrudge the time or the effort. As a matter of fact, we'll bet you're glad you can do it, glad that the kids are getting the benefit of a fine education.

Of course you know that the newspaper plays a pretty important part in their education and in your life. It brings this community in revue to your attention, keeps you aware of what's going on. (Incidentally the ads are a big help when you're planning on shopping for the kids or for yourself.) It's a vital part of living today. So, parents, we make you this promise. To you and your children we'll bring the news—honestly, truthfully, completely. Sensationalism and prejudice shall never mar our pages. We want to watch those children of yours grow to be the same fine citizens you are.

Sincerely yours,
STEWART PRINTING CO.

This Week's Birthdays

August 30 to Sept. 6

Jane Addams, famed social worker and founder of Hull House, was born on Sept. 6, 1860.

In looking through this book you will come across numerous formulae which in your present state, will seem beyond your powers.

Perhaps the greatest virtue of this book is that Mr. Hogben gives reasons for everything. For instance where did we get our base number of ten? Count the fingers on your hand (just as the men did at the dawn of civilization).

These are typical of the hundreds of simple fascinating explanations in this book. You will find in every instance that every discovery has resulted from the need of social progress.

Miss Helene Orr, who is a visitor from Anthony, Kans., was a guest Saturday and for the night with Mr. and Mrs. Clarence Neufeld.

INTERNATIONAL SUNDAY SCHOOL LESSON

Sunday School Lesson

Love Destroys Greed and Hate

The International Uniform Sunday School Lesson for Aug. 31 Text: 1 John 3:13-18; 4:7-21

JOHN is the great apostle of Christian love. He vies with Paul in the interpretation of the Christian philosophy and practice of love.

Here in our lesson we have love defined as the great test of the Christian life. In John's conception, not to love is to be virtually dead.

Where Paul says it is the love of Christ that constraineth us, John sounds the same note in saying that our knowledge of love is because Christ laid down His life for us.

HE deals with the foundation of this love and its divine sources and meaning. "Be-loved," he says, "let us love one another: for love is of God; and every one that loveth is begotten of God, and knoweth God. He that loveth not knoweth not God; for God is love."

What a rich and wonderful definition in those three words! Nor is John stating simply a philosophy. He goes on to tell us how this love of God was manifested in the gift of His son and in the gift of life through Him.

Changing the thought from different angles, John goes on in every way to emphasize this profound fact that there can be no true religion that is not founded in love and expressed in love, and that love embraces all that is best in God and in man.

And certainly when one sees what selfishness, greed, hate, and violence have done to our world, we can say with assurance that it is the world's greatest need.

Mrs. J. L. Bryan, south of Perryton, and her daughter and son-in-law, Mr. and Mrs. Bill Anglin, Amarillo, left last Saturday for a two weeks trip to California. They will visit in Phoenix, Ariz., with Mrs. Bryan's son and Mrs. Anglin's brother.

Christian Science "Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 31.

The Golden Text is: "I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth" (Romans 1:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart; and ye shall find rest unto your souls" (Matthew 11:28, 29).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When Christ changes a belief of sin or of sickness into a better belief, then belief melts in spiritual understanding, and sin, disease and death disappear" (page 442).

Methodist Church W. E. Fisher, Pastor

"The Men Who were Present at the Institution of the Lord's Supper." "The Coming Kingdom." The pastor will preach on the first named subject above at the unified service Sunday morning and this will be the last of the series of object sermons and the last of the unified services for this year.

At night our pastor will preach at the Christian Church on the last subject named above. This will be the last of the Sunday night union services of the Christian and Methodist Churches, which have been in progress through July and August. The best attendance of the season is anticipated for both Sunday services.

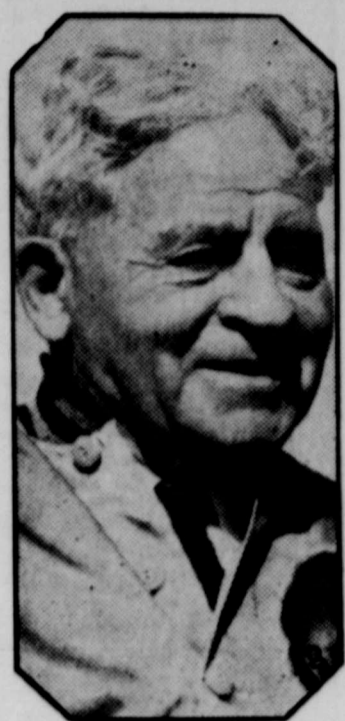

Regular Services Unified Service 9:30 to 11 a. m. Joint Evangelistic service with the Christian church 8:30 p. m. Youth meetings, 7:45 p. m. Scout meeting, Tuesday, 7 p. m. No mid-week meetings until further notice. Woman's Society of Christian Service, Thursday, 3:00 p. m. Come thou with us and we will do thee good.

Childress Man Sends Cigars to Churchill

Joe Pitman of Childress has a real souvenir of World War II. It is a box of cigars which has been to London, England and back.

It all started last December when Joe decided to send the cigar loving prime minister of England a box of cigars after listening to him make an address over the radio. By mailing the cigars to Winston Churchill, Joe thought he might receive something which would serve as a souvenir from war-torn London.

In February, a letter was received from the postmaster in London, stating that the package could not be delivered because of an import duty of 12 shillings and 6 pence. Realizing that the post-marked wrapper and box of cigars would make an excellent souvenir, Joe immediately wrote for the box

to be returned. It arrived in Childress Monday.

The wrapper gathered a large number of postmarks during its journey half-way around the world and back. Some of the postmarks would be highly prized by collectors. The box also carried English government seals which shows that the package went through the British inspection channels. The name of Winston Churchill was also written in long-hand across the face of the package while it was in London. The parcel was addressed to Winston Churchill, London, England.

It cost Joe a total of 28 cents in postage to send the cigars to London and back.—The Canyon News.

Canadian River Washes Machinery Downstream

A heavy downpour of rainfall Wednesday night, August 20, turned the Canadian River into a destructive force that washed three trucks and a rotary rig, belonging to the J. M. Huber, Corp., down the river causing heavy damages to the machines, according to Earl Blackburn of Huber.

The trucks and rotary rig had been used in work by employees to repair a rig that was washed away two weeks ago and put it back to producing. The heavy rains caused the river to rise too fast to get the trucks to higher ground in time.

In a short time Wednesday night a sheet of rain totalling .76 inches

fell, according to Paul Potter, local weatherman. This brought Borger's yearly total so far to 21.21 inches. —Borger Daily Herald.

Mr. and Mrs. John North came in Friday and visited until Sunday with his mother, Mrs. J. M. North and in the home of his sister, Mrs. Clyde Cofer. Arlo Sue North, who has been visiting with them in Perryton, accompanied them to Perryton and will be with her mother, Mrs. Clara North this winter.

R. O. Deiball, manager of McLellands, returned home Sunday from a two weeks vacation spent in California. While he was away, T. R. Brown of the Dodge City store, worked here.

COMMUNITY PUBLIC SERVICE COMPANY

13,398 MILES ON 5-QUART FILL OF OIL in the Certified DEATH VALLEY DESTRUCTION TEST

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Daenzer Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

Revolutionary New Oil tested against 5 other big brands. 6 new cars Destroyed to prove Economy and Protection.

The oil that reeled off an amazing 13,398 miles on one regular fill, in blazing Death Valley, was proved to be an oil of the Nth degree—an oil of new high character. . . Hence its name:

CONOCO Nth MOTOR OIL

This dramatic test, supervised impartially and Officially Certified, was simple, yet harsh. 6 identical new cars were taken to Death Valley—where the heat hits record highs. 5 of these cars were each assigned a different widely-known, highly advertised motor oil. The sixth car used new Conoco Nth motor oil.

Each car was broken-in on a brand assigned by lot. Then, one 5-quart fill of this same oil went into the crankcase—kept under lock. The cars were driven 57 miles an hour until oil failure cracked up each engine—utterly wrecked it! All of this under impartial official scrutiny, as was every step in the test, right on through the dramatic finish.

Here is what happened

New Conoco Nth oil went 13,398.8 miles. Not another oil came within 5,683 miles of this. One outstanding oil failed 8,268.6 miles sooner than new Conoco Nth motor oil. So it outdistanced the five competing oils by 74% to 161%.

Why this Astounding result was possible

New Conoco Nth motor oil contains a Conoco-originated synthetic (U. S. Patent 2,218,132) called Thiakene inhibitor. An inhibitor in motor oil acts

pretty much as an inhibition acts on you. Inhibitions hold you back; police many actions. And so Conoco's Thiakene inhibitor polices Conoco Nth oil . . . arrests pollution that otherwise comes from normal operation. And that's your aid against a dirty engine with inferior lubrication.

Are you an OIL-PLATING "fan"?

If you are, more power to you! Don't for a minute feel let down, for Conoco Nth also contains the famous synthetic that OIL-PLATES engines. OIL-PLATING comes from the magnet-like attraction that keeps it bonded to inner engine parts, so that it can't all quickly drain down to the crankcase—not while you're using Conoco Nth oil. This same famed OIL-PLATING is still yours to guard against wear.

Because of OIL-PLATING and Thiakene inhibitor, one 5-quart fill of new Conoco Nth oil went an astounding 13,398.8 miles. Of course, you'll never Death Test your Conoco Nth oil in sinister Death Valley, nor repeat any other proving-ground tortures. You'll still drain and refill at the intervals recommended by qualified authorities. But how you'll expect to stretch the distance before you ever add a quart, judging by this big fact:

5 heavily advertised oils in the Certified Death Valley Test were out-mileaged 74% to 161% by Conoco Nth oil. Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Co.—Pioneers in Bettering America's oil with Synthetics

Hitlerian Tactics Here

To put it bluntly, it is clear that certain powerful labor leaders have one aim in mind: To make it impossible for any man to obtain a job, any man to earn a living, unless he belongs to a labor union. These labor leaders, in short, are driving toward a labor monopoly—and toward personal dictatorship over every working man and woman in this country.

In pursuing that goal, these leaders will use any weapon that comes to hand. They will call strikes in defense industries, apparently not caring a whit that the country's security and safety are thereby imperiled. They will rig labor elections in one way or another, so that the ordinary union man is virtually voiceless. They will, on occasion, stoop to violence and terrorism. They make use of that most terrible weapon—the blacklist. Their obvious purpose is to put the fear of God into workers and employers, so that they will knuckle under.

The callous disregard certain labor leaders have shown for government itself in this time of grave crisis indicates the way the wind blows. They make totally unjustified and impossible demands on industry on an "or else" basis. Their methods are often impossible to differentiate from those of Capone in the heyday of organized vice. This projected labor monopoly is one of the most serious problems the United States has ever faced.

Let this state of affairs go on long enough, and the country will be helpless. A few fat-salaried labor leaders will rule this country as surely as Hitler rules his Reich. Nothing will be done without their permission—and on their terms. These are the syndicalistic tactics that did much to destroy France.

Brakes on Buying Habits

President Roosevelt's Executive Order setting up a system of control to restrict installment buying has brought the "do without" phase of the national defense program close home to the average man.

Essentially there is nothing wrong with installment buying in normal times. More than half of our cars, refrigerators and vacuum cleaners, to say nothing of other goods and services, are sold that way, and the practice has played an important role in increasing consumption and providing jobs—in raising our standard of living.

As the national income has been swelled by defense production, however, installment buying has increased rapidly—too rapidly. One of the reasons behind the Executive Order was a desire to discourage consumers from going too far into debt and thus to check credit inflation of the disastrous 1929 type.

There are other reasons, however. The airplanes, tanks and guns that America needs to defend its freedom are made from the same raw materials as washing machines, automobiles and similar articles. By making it more difficult for people to purchase such consumer goods, less of them will be sold. As a result, the materials and labor that would be used to produce them can be diverted to urgent defense production.

In addition, the fact that people will be doing without those articles will create a demand for them when the defense program is over. In that way factories will be given something to manufacture when they stop making armaments, and the jobs of countless employees will be protected.

Final effect of the curb is expected to be an increase in the amount of funds available for investment in defense bonds and other forms of savings, thus building up a reserve fund that can be drawn upon for purchases when jobs in defense industries end.

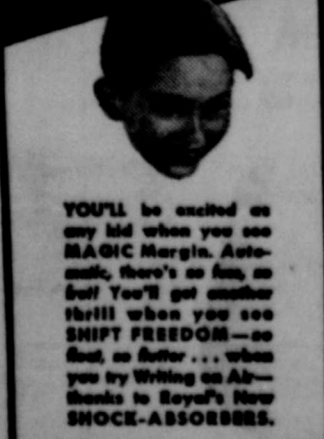

Though the new restrictions are bound to cause many inconveniences, they will be welcomed by every American anxious to do his bit for the defense of his country and to help it through the difficult emergency period ahead.

Hospital Notes

Tonsillitomy performed this week were Mrs. A. K. Wilson, Billy Dean Seymour, Wednesday; Bennett Thomas, Donna Helton, Monday; Joan and Dean LeFever, Tuesday.

Charles Barnum, David Thurston and Donald Tyler, all of Goodwell, entered the hospital early Saturday morning. They were injured in a car accident. Mr. Barnum's condition is critical. One leg was crushed and amputation was necessary. Mr. Thurston has a broken left ankle, Tyler a broken wrist, head and chest injuries.

Fred Stagger, Booker, received hospital treatment Sunday night and Monday.

Mrs. Albert McGarrugh and infant son, Clifford Banks were moved to their home, 613 SW Fifth street, Sunday evening.

Bernard Pruett was a medical patient Tuesday and Wednesday. He was working on the G. C. Brillhart ranch and suffered an eye injury.

A daughter, Betty Louise, was born to Mr. and Mrs. Herman Mayhan on Thursday, August 21.

Chandler Minton Moore is gaining daily and now weighs four and one-half pounds. He will soon be able to go to the home of his parents, Mr. and Mrs. J. W. Moore Jr.

Mr. and Mrs. J. C. Sorrells, Dallas, are visiting a few days with Mr. and Mrs. W. B. Lilly, Sorrells, the former Miss Irene Bentley, is a niece of Mrs. Lilly and has visited here on numerous occasions.

Mr. and Mrs. W. R. Jones, Chillicothe, came in Thursday afternoon from a vacation at Red River and visited until Friday afternoon with Miss Myrtle Mae Conley.

Mr. and Mrs. Glen McGibbon and daughters, Marianna and Glenda, motored to Enid, Okla., Sunday to take Glen's sister, Miss Thelma McGibbon, who has been bookkeeper for the Perryton Mill during the summer. Miss McGibbon teaches in the Enid schools.

Mr. and Mrs. Jack Tregillas and Dickie came in Wednesday from Chama, N. M., for a few days visit with relatives while attending to business matters.

Bell Abrams and Argyri Massinger, who teach in Colorado, have been guests the past two weeks in the F. H. Cox home. Miss Massinger is a daughter of Mrs. Cox.

Mr. and Mrs. W. B. Ballard, Gladewater, came in Saturday and visited until Wednesday in the home of her sisters, Mrs. Ray Veale and Mrs. Harold Hawk, and her brother, Roy Hoghland.

Cy King has accepted a position with the Baumann Cleaners and moved his wife and baby to an apartment in the Carter Hotel.

E. E. Barnett and Carroll McClung made a trip to Chama, New Mexico over the week-end. Jackie Lee Tregillas accompanied them home for a weeks visit in the Barnett home.

Greeting Cards for every occasion at Stewart Printing Co.

Mickey Extends Welcome to Shirley

After an absence of almost a year from the movies, Shirley Temple, now 12, is welcomed back to her studio by Mickey Rooney. "Kathleen" will be Shirley's first film under the new contract.

Many Entries In Baby Contest

The eleventh annual baby contest sponsored by the Perry Studio closed with 152 entries. Many prizes are being offered by the studio and by the Perryton merchants. The children were grouped in three classes and first, second and third prizes as well as gifts for those receiving honorable mention will be given in each group.

Out-of-town judges will name the winners this week-end. A picture of each entry will be on display in the Studio.

Mr. and Mrs. Glen Wells will leave Thursday for their home in Glenwood, Iowa, after a weeks visit in the home of her parents, Mr. and Mrs. M. A. Cook.

Mr. and Mrs. Audie Conley and children, Carolyn and Gary, and his mother, Mrs. J. B. Conley left Wednesday for a trip to Pagosa Springs and other Colorado points.

Miss Wanda Ford, Liberal, Kansas, is visiting in the home of her aunt, Mrs. Effie Ollenberger.

Art Thoreson, Guymon, injured in an airplane crash near Goodwell last Thursday afternoon, was a brother of Mrs. Bill Glasgow of Guymon. Norman Wilmet, who was piloting the plane, was also injured. Thoreson, most seriously hurt of the two, sustained slight concussion and severe lacerations across the forehead and nose. The plane, Taylor-Aircraft, valued at \$2,200 was a complete loss.

George Twombly, Junior Agronomist at the Perryton Soil Conservation Camp, will leave Saturday for Dalhart when he will head the Dalhart County Soil Conservation District. He will replace Moody Alexander who is being transferred to the Moore county district.

Mr. and Mrs. Otis Burk returned home Sunday from Boulder, Colo., where they attended the University of Colorado the last term.

Cyrus LaMaster, who has been assisting his father, W. B. LaMaster in the Real Estate office during the summer, left Tuesday for Lubbock to resume his duties as coach in the Lubbock Junior High School.

Mrs. Jessie Hedegreth, who is enjoying a two weeks vacation, went to Beaver Monday to have her son, Gene's tonsils removed. They will remain in Beaver several days and visit in the home of her brother, Tom Mathis and family.

Mrs. W. R. Veale, Houston, is a guest this week in the Ray Veale home. She came in Saturday with Mrs. Ray Veale, who has been attending summer school in Houston.

Mr. and Mrs. M. F. Hethcock and their son and family, Mr. and Mrs. Emmett Hethcock and Patsy who visited here several days were Sunday visitors in the C. J. Osborn home. Pampa. The Emmett Hethcocks who have been living in Chicago, have been transferred to Texas and will be in their new home.

Mrs. B. H. Murphy returned Tuesday from a visit in Rochefort, Mo., in the home of her son, Hamilton Murphy and family and with her mother, Mrs. Laura Ward, Topeka, Kans.

Marion Manwarren was in Perryton Wednesday looking after land interests. Marion, who for many years was agent for the Continental Oil Co. in Perryton, now resides at Alva, Okla.

Barbara Jo Burns and her aunt, Montie Jean Burns, both of Borger, visited last week in the home of Barbara Jo's grandparents, Mr. and Mrs. R. H. Holland. Her parents, Mr. and Mrs. Clifford Burns came for the birthday celebration and remained until Sunday.

Mr. and Mrs. Alfred Pittman and daughters, Marena Sue and Marjeta Lou motored to Hooker last Thursday to take his father, Wm. Pittman, who will spend a few weeks visiting there in the homes of sons, Charles and Ulen, before returning to his home in Mesa, Arizona.

Mrs. D. A. Caldwell and Miss Elizabeth drove to Amarillo last Wednesday to meet Miss Hazelie Scott of Laddonia, former teacher in the Perryton schools. Miss Scott spent a week visiting with Miss Moina Caldwell and other friends. She will teach this year in Greenville.

Cousin of Dalhart Man Is Killed in England

Walter Lee (Buddy) Trimble, 33, one of the 23 persons killed in the tragic airplane crash in England Thursday, August 14, was a second cousin of Dr. J. P. Powell of Dalhart.

His widowed mother, Mrs. Susie Trimble, of North Fort Worth, and Dr. Powell, who are first cousins.

Dr. Powell, who saw overseas service in the World War and the late Dr. Marshall Trimble, the boy's father, went to school together.

Buddy's body, like most of the others, was burned almost beyond recognition when the giant plane burst into flames as it left the ground, then broke in two and fell.

His ashes will be buried in Adair, Scotland, Dr. Powell said.

The Christian church in North Fort Worth Tuesday morning, August 19, at 6:00 conducted funeral services for the boy, and Dr. Powell attended.

There was no casket, but a huge propeller bearing the letters "RAF" stood in front of the pillar. Buddy was a member of the famed British flying service. A British Union Jack stood on one side of the altar; Old Glory stood on the other. The entire background was a huge bank of flowers.

Besides the mother, the boy is survived by three brothers and a sister.—The Dalhart Texan.

Mr. and Mrs. Vincent Hobbs came in Thursday from Dallas for a two weeks visit with their parents, Mr. and Mrs. C. R. Hobbs.

Mr. and Mrs. H. C. Sanford and Mr. and Mrs. Bruce Sheets, Spearman left Sunday for Dallas to purchase Christmas merchandise.

Mr. and Mrs. H. D. Barnes and Beverly Jeanne had as their house guests from Sunday until Tuesday Mrs. Barnes' grandmother, Mrs. Eddie Eakens and her mother, Mrs. F. W. Eakens, both of Wewoka, Okla., and her sister, Mrs. M. L. Wilmoth and son, Donald of Oklahoma City. Mrs. Roy E. Cudd, another daughter of Mrs. Eakens, who had been visiting a week in Wewoka, returned to Perryton with them.

Mrs. Carrie Mae Hawk and her daughter and son-in-law, Mr. and Mrs. Bud Replogle, Kansas City, Mo. another daughter and family, Mr. and Mrs. G. E. Williamson, son Duane and daughter Patricia, and Finch Hilliard of Mayfield, Ky. came in Saturday for a weeks visit in the homes of Mrs. Hawk's sons, Harold and Harlan Hawk.

Mr. and Mrs. Good Party Honorees

Miss Kathrine LaMaster was the charming hostess Wednesday evening of last week as she entertained with a bridge party in the country home of her parents, Mr. and Mrs. W. B. LaMaster for her cousins, Mr. and Mrs. Jim Goode, who were visiting here from Lufkin. Bridge prizes were awarded Mr. and Mrs. Tindle, holders of family high score, and Dr. and Mrs. Sanford, second high. A tempting refreshment plate was served after the play.

General Sorosis Held First Meet On September 3

This year's work for the Perryton Sorosis clubs will begin with a tea for general meeting on Wednesday afternoon, September 3, three o'clock, in the Baptist Church, Mrs. A. J. Kelly, president, will be in charge.

The topic for this year's programs of General Sorosis is "Under a Democracy" with the theme for the first meeting "Another year, another start, another chance to do what best cometh to our heart." Musical numbers are: club song, "America the Beautiful" by group; two accordion selections, Miss Ruth Neufeld; flute solo, Mrs. Kendall Kelly; reading "Springtime at a carte," Miss Mary Kathryn Allen; piano solo, Mrs. Ray Veale; vocal solo, Mrs. R. P. Hurn.

Each member is urged to be on hand for this first meeting.

Mrs. LaMaster Attends Amarillo Luncheon

Mr. and Mrs. W. B. LaMaster, Miss Kathryn LaMaster and their house guests, Mr. and Mrs. Klein Lilly of Chicago were Amarillo visitors Monday. Mrs. LaMaster, who is president of the Eighth District of Parents and Teachers, was present for a one o'clock luncheon in the Capitol Hotel honoring Mrs. C. T. Hunkapillar of Pampa.

Mrs. Hunkapillar, district president preceding Mrs. LaMaster, has been an active worker in the organization for many years. Twelve members of the executive board attended the luncheon and later presented the guest of honor with a lovely going-away gift.

Party for Miss Claudine Carmichael

Tuesday evening the girls of the Junior Department of the Methodist Sunday School and their teacher, Mrs. L. R. McAdoo, gathered at Fellowship Hall in honor of Miss Claudine Carmichael, who leaves soon to make her home in Perryton. Games were played and Claudine was presented with two lovely pictures from her Sunday School classmates. The party then went to the Eagle cafe for refreshments.—Higgins News.

Former Residents Return for Visit

Mr. and Mrs. Arthur Mills, former residents of Ochiltree County, and their son and his children, Patsy Lee and Jimmie, all of Charlotte, North Carolina visited last week in the home of Mrs. Mill's sister, Mrs. D. K. Baumann and with the Lester Baumann and E. W. Witt families. While here they were the inspiration for several happy get-togethers.

Wednesday evening, a sumptuous pot luck supper was held in the D. K. Baumann home. Miss Patsy Lee, who is a student of dramatic art, entertained with readings and musical numbers. Her father accompanied her at the piano. Harold Witt delighted the group with several piano numbers of his own arrangement.

Thursday afternoon, the guests were thrilled with their first western rodeo. That evening friends and relatives brought baskets of sandwiches, freezers of ice cream and platters of cake and spent an enjoyable time visiting and eating in the E. W. Witt home.

Mr. Mills, his son and grandchildren left Friday to return to Charlotte. Mrs. Mills remained until Tuesday. Mr. and Mrs. D. K. Baumann and grandson, Bruce took her to Canadian, where she entertained for Los Angeles, Calif., for a visit in the home of her youngest sister.

Miss Reba Savage And Earl McClung Marry in Clovis

Miss Reba Savage became the bride of Mr. Earl McClung, in a double ring ceremony performed by Rev. George W. Shearer, Methodist pastor, at his home in Clovis, N. M., Saturday, August 16.

The bride, daughter of Mr. and Mrs. Oliver Savage, Lockney, was becomingly dressed in a dark green wool suit with a tan blouse and black accessories. Her corsage was gardenias. After graduating from the Lockney high school, she attended college in WTSC, Canyon. She is now employed by the Morrow Thomas Hardware.

The bridegroom is the only son of Mr. and Mrs. R. H. McClung of this city. He was raised in this community and during his school days was a very popular student. He was a member of the band and orchestra and received many honors in the athletic field. He attended college in Abilene and received his degree from McMurry. Here he was a member of the I. H. R. club and president of the Beta Chapter of Delta Kappa Chi fraternity.

For several years, Earl has been associated with the National Youth Administration and for the past two years has been stationed in Amarillo as a district supervisor. About a year ago, he received his license as a pilot at the Canyon aeronautics school.

Mr. and Mrs. McClung are enjoying a wedding trip into New Mexico and after September 1 will be at home, 1119 Polk St., Amarillo.

Breakfast Is a Birthday Surprise

Mr. and Mrs. Mark Boehning, Mrs. W. E. McMillen and Mrs. Frank Cox surprised Mrs. R. T. Correll at seven o'clock Saturday morning when they entered her home singing "happy birthday." They brought a delicious breakfast ready for serving and all enjoyed a happy hour with the Correll family.

Chicken Fry Held In Bennett Home

The lawn at the J. W. Bennett home was the setting for a delightful gathering Saturday evening as the neighbors gathered for their annual chicken fry.

Included in the group were Mr. and Mrs. J. W. Penn, Mulvane, Kans., Mr. and Mrs. Ervin Gerlach and Connie, Mr. and Mrs. Harvey Pletcher and Larry, Mr. and Mrs. Willard Witt and Kay, Mrs. Effie Ollenberger, and Mrs. J. W. Bennett and Dean.

Celebration Guests Lunch with Stewarts

Mr. and Mrs. Van W. Stewart entertained the following with a picnic dinner in their back yard Friday noon: Miss Iola Evans, Columbus, Ohio; Mr. and Mrs. Jack Hanna, Garnett Reeves and Charles Gunn, all of Pampa; A. A. Meredith, Amarillo; Mr. and Mrs. W. J. Miller, Spearman; Mr. and Mrs. Jas. F. Bray, Miss Edith Newman and Carmen Keith.

Mrs. C. E. Whippo left Sunday for a visit in the home of her son, Charles and family of Amarillo.

Watermelon Fete Honors Guests

Miss Pauline Spencer, Spearman, spent the week-end in the home of her mother, Mrs. F. C. Spencer, 921 Southwest Seventh street, and had as her guests, Miss Patricia Hutton and Miss Mildred McKay.

Saturday evening, Miss Pauline invited a number of friends in for a watermelon fete and to honor her guests. Those present included Mary Kathryn Allen, Ruth Neufeld, Marcella Fritz, Betty Lamb of Amarillo, Ann Herndon, Jane Rogers, Mary Jayne Fritz, Nora Jeanne Lamb of Amarillo, Bill Allen, Finley Hamman, Gale Rogers, Bill Herndon, Buddy Wright, Phillip LaMaster, G. K. Rupprecht, Bob Holt, Joe LaMaster, Ray Veale, Dick Thomas, Dock Patton and the honorees.

Bridge Luncheon Held for Visitor

Mrs. H. C. Brillhart very charmingly entertained Wednesday with a one o'clock luncheon as a courtesy for Mrs. Klein Lilly, Chicago, Ill., and Mrs. Harry Voiers, LaFeria, who were visiting in the home of their sister, Mrs. W. B. LaMaster.

Games of contract followed the menu with high score prize going to Mrs. Voiers. Both honorees received lovely gifts. The desert course was served at the close of the play.

Delightful Party On Second Birthday

Mrs. Willard Witt invited a group of little folks to a party from three thirty to five o'clock Wednesday afternoon for her little daughter, Kay, whose second birthday anniversary was August 20.

A big birthday cake, decorated with two candles, centered the dining table. The honoree received many lovely gifts and after each package was opened and examined, balloons and windmills were given as favors. Individual cakes, each topped with two tiny candles, were served with punch and sandwiches.

Young Claybaugh Celebrates Birth With Perryton

Charles Conley, son of Mr. and Mrs. Charles W. Claybaugh of Liberal, Kansas, was born on Perryton's birthday and celebrated his first birthday Friday, August 22, the occasion of Perryton's twenty-second anniversary. His grandmother, Mrs. J. N. Conley, honored him with a party in her home, 501 Southwest Fourth street, just before the morning parade.

The little guests enjoyed helping Charles Conley open his gifts and playing with them. After many attempts by the children to blow out the candle atop the birthday cake which was decorated in animal cookies, the cake was cut and served with ice cream. Bunny balloons were given as favors.

Wheeler Young Folks Married at Perryton

Miss Dora Payne Miller and Audrey Downs, both of Wheeler, were married Sunday evening, August 3, in Perryton at the Baptist church, with Rev. S. R. McClung reading the single ring ceremony. They were accompanied by the groom's sister, Dorothy Mae Downs, Verbin Binsley, a cousin of the bride, and Medford Griffin.

The bride was charming in a black dress trimmed in white, with black patent leather accessories.

Mrs. Downs is the daughter of Mrs. E. P. Joiner of Kelton, where the family has resided for a number of years and where she attended high school.

Mr. Downs is the son of Mr. and Mrs. A. M. Downs of near Wheeler and is well known in this community, having attended the Wheeler schools.

He has been employed on the Clarence Zirkle wheat farm near Perryton, where he will remain for about a month. Mrs. Downs has been staying at the Joe Hyatt home this summer and expects to remain there until her husband's work is completed at Perryton, after which they will live near Wheeler for a while.—Wheeler Times.

Rogers Are Hosts At Sunday Dinner

Mr. and Mrs. C. B. Rogers had as their guests for dinner Sunday evening Mr. and Mrs. W. B. LaMaster and her sister and husband, Mr. and Mrs. Klein Lilly of Chicago.

Following the meal, several friends had been invited in for an hours chat before the group attended church. The hostess served each a tasty desert course.

Present to help compliment the visitors were Mr. and Mrs. H. C. Brillhart, Mr. and Mrs. H. I. Hudson, Mr. and Mrs. A. P. Spicer, Mr. and Mrs. Spencer Whippo, Mrs. Jack Allen and Miss Helene Orr.

Boyle-Bailey Wed In Garden City

The marriage of Miss Clara Bailey and Mr. Frank Boyle took place Saturday morning, August 16, in Garden City, Kansas. Rev. O. Ray Cook, Methodist pastor, officiated in the presence of Mr. and Mrs. T. O. Patton.

Immediately after the ceremony the couples went to Colorado and spent a week at Creed and Lake City.

Mrs. Boyle is the daughter of Mr. and Mrs. Bob Bailey of San Angelo. She has made her home in Perryton the past eight years and operates a beauty parlor. Mr. Boyle owns and operates the Perryton Mill. He came to Perryton from Enid in 1932. His mother, Mrs. Ralph Boyle lives in Woodward.

Mr. and Mrs. Boyle are at home 1011 SW Third street.

Eleventh Birthday Honored with Party

Miss Adelia Ann Lilly of Chicago, who has been visiting here the past two weeks, was the guest of honor for a lovely party in the home of Mrs. Walter LaMaster Tuesday afternoon with Miss Gwen Lee Vestel the charming hostess. The party was in honor of Adelia Ann's eleventh birthday anniversary.

Much fun was derived from an amateur hour, in which each guest took a part. Various other games were played indoors and on the lawn.

Delightful refreshments were served by Mrs. LaMaster and Mrs. Klein Lilly, mother of the honoree, to Norma Jo Boyd, Lois Cook, Jeanine Truax, Wetah Jean Shrader, Zona Mable Donley, Neida Ruth Patton, Patsy Adams, Beverly Hale, Adelia Ann and Gwen.

Brown-Kelly Are Wed in Estelline

The marriage of Miss Ruby Ruth, daughter of Mrs. Oran Kelly, Spearman, and Mr. Henry C. Brown Jr. of Farnsworth took place Sunday, August 24 in Estelline. Rev. Lottin, a former Methodist minister of Spearman performed the ceremony.

Both young people are widely known in this community. Mr. Brown, or "Buster" as he is known has lived with his parents in the Farnsworth community for many years. He is employed with the Ochiltree ACA office and they will probably make their home in Perryton.

Home Wedding Unites Couple

Quiet simplicity marked the marriage of Mrs. Cora Lawrence to Mr. A. C. Emberson on Thursday evening, August 21. The vows were spoken at nine o'clock in the home of Mr. and Mrs. Eton Lawrence with the immediate relatives present.

Rev. S. R. McClung, Baptist pastor, officiated, using the single ring ceremony.

Both bride and bridegroom are well known here, having lived in this community for many years. Mr. Emberson has farming interests in the Hutton community and is associated with the O. A. Schuster

Home Wedding Unites Couple

Butane Company, located in the offices of the Key-Burton Electric Company.

Mr. and Mrs. Emberson left Thursday evening for a trip into Colorado and New Mexico and on their return will be at home in Perryton.

Miss Moina Caldwell and Miss Hazelle Scott were in Spearman Monday evening and were dinner guests with Miss Pauline Spencer, Spearman and Mrs. Paul Schroeter of Elter.

Miss Jane Paulson came in Monday from Kit Carson, Colo. for a visit with her sister, Miss Mary Lou Paulson, operator for the Orchid Beauty Shoppe.

Mrs. Hudson Hostess For Supper Party

A delightful out-door meal was enjoyed in the back yard of the H. I. Hudson home Monday evening, when Mrs. Hudson entertained for Mrs. Klein Lilly of Chicago, a sister of Mrs. W. B. LaMaster.

Guests enjoying the Hudson hospitality were Mrs. Jack Allen, Mrs. A. J. Kelly, Mrs. D. D. Shanks, Mrs. C. B. Rogers, Mrs. H. C. Brillhart, Mrs. A. P. Spicer, Mrs. Hugh Shotwell, Mrs. R. P. Hurn, Mrs. W. B. LaMaster and Mrs. Lilly.

Woodward Rodeo September 5-7

WOODWARD, Aug. 26—(Special)—The Rodeo, the fast-talking quick roping cowhand from Mangum, Okla., who has topped every major steer roping event in the United States during his quarter of a century as a "pro" cowboy, is one of the spotlights at the Woodward Elks Rodeo, Sept. 5, 6, and 7.

In order to prime up the big crowds expected for the Friday and Saturday shows, Hal Cooper, general manager, announced a 75-cent price for the stadium. He said this price would bring in more people from a radius of 100 miles of Woodward for the Frontier parade at 10 a. m. and rodeo at 1:30 p. m. Crowds from longer distance come to the rodeo on Sunday.

There will be all types of entertainment at Woodward during the rodeo, including dances at Convention hall Friday and Saturday nights, band parades during the morning and the beat of horses hoofs will keep a steady thud during the night.

Beaver Fair September 11-13

BEAVER, Okla.—(Special)—Final preparations are being made here for Beaver County's annual Cimaroon Territory Celebration and Free Fair, to be held September 11-13, inclusive, with a night rodeo, managed by Monte Reger, climaxing festivities each of the three nights.

The Celebration has gained widely in popularity and is expected to be greater than ever this year. Elaborate plans have been made by committee members to stage a show that will be recognized as one of the best in this state.

Monte Reger's night rodeo, to be held under lights, is expected to draw some of the best contestants in this section. The Brahma cattle used by Reger are reported to be the toughest this side of Old Mexico to say nothing of "Bobbie," his trained steer, or the remarkable feat of jumping a horse over a car.

Many other outstanding features of this three-day event, will include: a head-on collision between two cars, traveling at break-neck speed; expert trick and fancy roping, by Weaver and Juanita Gray; a good carnival; aerialists, who perform on a tight-wire; two big dances on Friday and Saturday nights, featuring one of the best orchestras available; a big parade with bands from Oklahoma, Texas and Kansas participating for prize money; and the County Free Fair.

Celebration officials are anticipating a larger attendance at the performances this year than in past years, since the show is costing Beaver business men almost twice the amount of any other show ever held here.

Mr. and Mrs. Irvin Hergert, Pampa, came in Wednesday for a few days visit in the G. L. Kengle and Sam Hergert homes. Mr. Hergert has a two weeks vacation and they plan to spend a part of the time in Wichita, Kans.

Mr. and Mrs. Earl Kimmel returned to their home in Wichita, Kansas, Sunday after a vacation in Colorado and a visit with her parents Mr. and Mrs. Raymond Bowen. Another daughter, Miss Ema Mae of Kansas City will remain until the last of the week.

Miss Alice Kuhn, who has been spending the summer with her parents, Mr. and Mrs. Wm. Kuhn, left Tuesday for Oklahoma City for a few days visit before returning to Lookaba, Okla., where she teaches.

TICKLERS By Bob Moyer

"We used to pay for watching him when he was a juggler in the circus."

Oldest Soldier

Having served the Army for 25 years, Sergeant John Westervelt, 73, is ready to re-enlist. He's in charge of the supply house at Selfridge Field, Mich., and is the oldest soldier in service.

Blue Mound

Mr. and Mrs. Julius Dragoon and children visited Sunday with his mother, Mrs. B. A. McParland. Helen Agnes Dragoon who had been visiting several days returned with them.

Mrs. Sidney Cook spent Wednesday with Mrs. Hazel Peagin. Mrs. Kenneth Mungler and Betty Rose returned Sunday from a two weeks trip to Eugene, Oregon.

Mr. and Mrs. Howard Barnett and son called in the Pattison home Sunday afternoon.

About 200 bushels of wheat was stolen from the granary at the C. E. Presnell farm Monday night.

Pete Nelson, Bill Hacker, Mildred Peagin, and LaJanta Pattison drove to Sunray Sunday. Wayburn Mace accompanied them and remained at his home there.

The threshing of barley and oats in this community has been delayed because of the rains.—Mrs. H. E. Pattison, reporter.

Says 'Hello Grandma' Seven Times

Two-year-old Russell Murray, son of Mr. and Mrs. Grover Murray, Naples, N. Y., poses with his seven grandmothers and great-grandmothers when they all gathered recently for a family reunion.

Boyd, Oklahoma

(Too late for last week.) We were sorry to hear of the accidental death of Claud Pope, brother of Geo. Pope of Boyd.

Mr. and Mrs. Raymond Claybrook and son Johnnie Ray of California spent last week in the J. L. Claybrook parental home. The Claybrook families spent a pleasant evening together in the J. L. Claybrook home on Tuesday. Ice cream and cake were served.

Mr. and Mrs. Orville Black and Mr. and Mrs. Ed Claybrook were in Beaver, Monday.

L. B. Dowers and his brother Donald visited a few days last week with their parents at Deadwood, S. Dakota.

Crops were beginning to need rain and we have had a nice rain each night since Wednesday.

Boyd patrons were surprised to learn the Post Office was moved to Fred Whitteck on Highway 83 last week.

Most every one attended the celebration in Perryton Friday and report a good time with plenty of entertainment.

Mr. and Mrs. Barney Jackson of Hardesty were down last week looking about broom corn pulling. Work will begin in two or three weeks.

Mr. and Mrs. Roy Claybrook came from Lamar Friday to bring Mrs. Claybrook's brother, L. B. Dowers home and visited with relatives Saturday.

Mr. and Mrs. Loyd Cowan, with William and Beryl, visited in the Ed Claybrook home Sunday.

Mr. and Mrs. Orville Black and Mr. and Mrs. Ed Claybrook were in Beaver, Monday.

Soil Conservation Service Surveys More Than 5,000,000 Acres Land

AMARILLO, Tex., Aug. 27.—Detailed soil conservation surveys covering more than five million acres of farm and range land in the Southern Great Plains were made by technicians of the Soil Conservation Service during the fiscal year ending June 30, 1941, according to H. G. Lewis, in charge of physical surveys for the Service at Amarillo. This was in addition to approximately ten million acres that had been surveyed prior to July 1, 1940.

The conservation surveys made by the Soil Conservation Service were plotted on aerial photographs used as a base map and show in detail the soil type, slope, the extent of erosion and the present use of every field on the farms surveyed. The surveying was done at a cost of approximately 1.8 cents an acre, according to Lewis.

On the High Plains of west Texas and the Oklahoma Panhandle, approximately 1,800,000 acres were covered by the detailed surveys during the year, bringing the total area surveyed in this section to about 5,000,000 acres. In addition to the detailed surveys, reconnaissance surveys were made on several Soil Conservation Districts in west Texas and a flood control survey was completed on Wolf Creek in the north Texas Panhandle and the Oklahoma Panhandle, during the year. The reconnaissance and flood control surveys show considerably less detail than the conservation surveys, but are useful to county land use planning committees, to flood control committees and others doing land and resource planning over large areas.

The detailed surveys are used widely for farm planning by the Soil Conservation Districts, CCC camps, and technicians of the Soil Conservation Service working on the Department of Agriculture's water facilities program, and for other types of farm planning work. These soil conservation survey maps show in addition to the physical factors as mapped on the field, classes of land according to use capability, indicating the most intensive or maximum utilization of the land. The type of soil, the slope of land, the amount of erosion that has taken place, and the past use of the land all are important factors in determining what the land can best be used for in the future and the conservation treatments needed in order to maintain permanent productivity.

"There is just as much difference in soils as there is in people," Lewis states. "Most farmers recognize this fact, but sometimes fail to realize that you can treat different soils in the same manner and get uniform results."

"The conservation surveys made by the Service show a complete inventory of the soil resources of the farm or ranch on which they are made, from which a sound plan of conservation farming can be developed," he continued.

"Farmers often notice a difference in crop yields on various fields of the farm or even on parts of the same field. Sometimes the cause for this difference in fields is obvious and other times it is not so easily explained. It may be due to a difference in the type of soil or to a difference in the amount of runoff of water. It may be that most of the top soil has been washed or blown away or that the humus supply in the soil has been exhausted. The purpose of the conservation survey is to bring out all of these factors in a clear inventory so that long-time farming plans can be developed on a sound basis."

Hot Weather Tips On Care of Food

COLLEGE STATION. — Keeping the family's food supply in good condition is more difficult than usual these hot summer days when things spoil easily. To help homemakers protect and conserve the food they have on hand, Grace I. Neely, Extension Service specialist in food preservation, offers some special hot weather tips.

Milk, cream and raw meat head the list of foods most likely to spoil she says, and all three should be kept at a temperature as low as 45 degrees F. Raw meat should not be kept on hand more than two or three days at normal refrigerator temperatures, and ground meat should not be kept for more than 24 to 48 hours. Liver and other meat organs should be used the same day they are bought.

"If you have a special meat compartment in your refrigerator, keep raw meat there," the specialist advises. "If you don't have one, take a shallow dish covered with paraffin paper."

Since butter picks up odors easily it should be kept covered tightly. Hard cheese should be wrapped up securely in waxed paper, and soft cheese should be kept in its original container, either tightly covered or wrapped.

The specialist warns that special care should be given to egg dishes, since many cases of summer food poisoning can be traced to them. Eggs should be placed in the refrigerator as soon as they are gathered and kept there. Egg dishes should be prepared the same day they are to be eaten and kept in the refrigerator until serving time.

Lubricate with Co-Op. 50-11-c

Closing Unified Service on Sunday

The Methodist Church will hold its last unified service of the season, Sunday morning, August 31, when the pastor, Rev. William E. Fisher, will deliver the closing number in a series of object sermons. Sunday morning's sermon will dramatize "The Men Who Were Present at the Institution of The Lord's Supper."

The two high points of this sermon will be, Christ washing the disciples' feet, and Judas breaking away from the company and going out into the night for the betrayal. The stage setting will represent the upper room where the Lord's supper was instituted with proper furnishings for the occasion.

The choir will bring an anthem in keeping with the theme, with Mrs. R. P. Hurn, director, and Mrs. A. P. McElvey at the piano. This service begins at 9:30 a. m. and closes at 11 o'clock.

Strictly Fresh

PROF. FERDINAND SAUERBERG is reported to be consulting Swiss psychologists concerning Hitler's mental condition. What's happened to him lately is enough to give anyone a headache.

Lizzie Saunders of Youngstown, O., was hit on the head by a broomstick, wielded by her husband. What's happening to women's prerogatives?

Playboy Tommy Manville is getting married for the fifth time and will honeymoon at Niagara Falls. He must like Niagara Falls.

Harry Hopkins returned to Washington wearing a new gray fedora with Winston Churchill's initials in the hatband. It's a good thing the prime minister doesn't carry his business in his hat.

Packing is not necessary in filling a trench silo with threshed grain. Wet the grain to about the extent of a heavy dew. Fill the trench so that the contents in the center will be higher than the level of the ground or walls.

For permanent fall pastures, short grasses such as smooth brome, blue gramma and buffalo grass are more palatable than the tall grasses and furnish better winter forage, say agronomists at Oklahoma A. and M. College.

As good a garden may be had in the fall as in the spring provided moisture and temperatures are favorable at the time of planting, say Oklahoma A. and M. College horticulturists.

wheat on summer fallowed land did not make more than wheat planted on land treated the ordinary way. Of course the good quality of the seed wheat had much to do with this big yield. There may be other reasons for the big yields, such as terraced land, treating the seed for smut, rotating the wheat with other crops, such as legumes, etc. In China the population is so dense that there is only one and three-fourths acre to a farm. The wheat farmers average about 50 bushels to the acre, but everything possible is done to make this heavy yield.

"When C. H. Martin of Forgan reported 53 bushels of wheat on his entire 160 acres during the 1940 harvest, farmers began to sit up and take notice. This exceptional yield, along with the desire of many farmers to have a good clean wheat, has been quite a help in our crop improvement program. On June 18 of this year, Wesley Chaffin of the Oklahoma Crop Improvement Association was in the county and inspected fields for nine seed wheat producers. All of the seed had been purchased from Martin during the last three years. This is certified Turkey Red, and with as much down wheat as there is this year, particularly among the Black Hull, it appears that this program will be extended to more farmers another year. Martin has restricted the sale of wheat to producers who agree to plant it on summer fallowed land."—Walter Schnelle, Beaver County Agent.

I never knew of a case when Carbon disulphide is the most common fumigant for stored wheat in Oklahoma. It is highly toxic to insects and can be obtained in most communities, according to entomologists at Oklahoma A. and M. College.

Amidst an ideal climate for bread wheat, Oklahoma wheat farmers can secure extra profits by selecting those varieties of wheat best adapted for this region, say Oklahoma A. and M. College agronomists.

Straw mulched into surface soil leaves it spongy and capable of absorbing greater quantities of water.

WE WILL HANDLE ALL THREE SERVICES FOR YOU

You will find it to be a great saving to you to handle your meat this way and you won't have to bother with it at all. Our charges are very reasonable.

Rent Locker Storage—Put in a quarter of beef and we guarantee to save you 35 to 50% on your meat.

TOWNSEND MARKET

Bring Us Your Eggs, Poultry and Hides

We pay the highest market prices at all times for produce for the reason our trade demands a large supply. Hauling produce to the many points that we do requires that we buy a large amount.

We have trucks running from Perryton as far West as Albuquerque, covering the many towns between here and there and also towns around Perryton and on the South Plains. You can readily see why we must buy lots of produce. Bring yours to us.

JACK TODD'S PRODUCE JACK TODD, Owner

HOME DEMONSTRATION CLUB NEWS

Missouri Ave. Club

"Now we will all work together and it won't take long," stated Mrs. J. S. Slaughter, president, to the Missouri Avenue Home Demonstration club, Wednesday morning, Aug. 20, when they met for an all day meeting in the home of Mrs. E. W. Witt, to build a float for the Perryton Celebration.

The spirit of cooperation is strong in the Missouri Avenue club. Plenty of willing hands make any task comparatively light. Building a float for the parade was no exception. Those who were unable to attend the meeting had a share in the necessary preparation for the actual work of building. There wasn't even a chairman to supervise the work. Each problem that arose was worked out by the group.

Due to the work planned for the day, the business meeting was very short. An invitation to a swimming party by the Waka club was read and accepted. Everyone planned to attend. Mrs. H. J. Wilson, who plans to leave for an extended visit was showered with handkerchiefs. She and Mrs. Huffines, mother of our demonstrator, each received a bouquet of flowers as honored guests.

Present were Miss Elizabeth Huffines, demonstrator, Mrs. E. E. Huffines and Mesdames Earl McGarraugh, W. R. Zenor, H. J. Wilson, Fred Huston, Albert Ackley, J. S. Slaughter, and the hostess, Mrs. E. W. Witt.—Mrs. Albert Ackley, reporter.

Waka Entertains Mo. Avenue Club

Fun was had by all when the Waka Home Demonstration Club entertained the Missouri Avenue members with a "Get Better Acquainted" gathering, Tuesday afternoon, August 26, at Lake Fryer.

Games led by Mrs. J. R. Stump, recreational chairman, brought out the fact that we had in our midst some nail-driving experts, saying nothing of the goosed-necks. After severe torture, struggling to secure the prize in the different relay games, the Reds won over the Blues. This entitled each Red to a toy balloon which had to be blown up and tied. Several songs were sung during the entertainment.

Ice cream watermelon was served to the following: Mesdames L. R. Conner, O. C. Rogers and Linda, P. W. Wermske, John Luthi and Peggy, C. A. Igou and Delmar, H. N. Ell-edge and Bonnie and Don, Marvin Groves, T. E. Miller, Dan Manning, J. R. Stump, Earl McGarraugh and Melvin, Fred Huston and Mickey, W. L. Lovett, Albert Ackley and Ellen and Jane, D. D. Shanks, Norman Crum and Caren, O. C. Shearer, J. H. Brillhart and Kathryn Louise, H. A. Noell and daughter Doris of Hartford, Kansas.—Mrs. J. R. Stump, reporter.

Henry Coffee Columnist!

Editors Note: While Tex DeWeese, editor of the Pampa Daily News, is on vacation, his column is being conducted by Pampa citizens. H. C. Coffey, pioneer Ochiltree county ranchman and real estate man was guest columnist August 26. Here's Henry's contribution! Maybe he'd make a better newspaperman than a sheep-herder, but we're telling you, Henry, better stay with sheep herding, you'll have more friends.

Those of you who think jumping from sheep-herding to journalism is an easy matter, then grab a pen and start writing. I discovered in early life that the best cow-puncher was the fellow who could ride any horse the boss pointed out, and to always be two thoughts ahead of the cow and to be a good writer is to be able to write something that will interest the readers even though it causes severe adverse criticism. So get set as you know as much about what I am going to say as I do, and there will be no subject. So you see I can ramble as wildly through the dictionary as my wandering mind see fit to take me without varying from the subject.

I was in Amarillo one day this week, and before I had been on Polk street ten minutes I discovered that all interest in European warfare had been forgotten and a war amongst Amarillo folks was at a boiling point over the employment of a Dallas tax expert to tell Amarillo folks how and what taxes they should pay. They take the stand naturally that there is as much intelligence in Amarillo as in Dallas, and that the sooner the authorities responsible for this breach of good government are removed from office the better the county will be. So boys, don't be surprised if you see new faces behind the desks of those responsible for this piece of idiotic procedure.

I motored over to Perryton today, and you know folks if you happen to get the taxpayers blues don't fail to go up to Perryton. I will guarantee after a few hours visit with those old pioneers you will return to your daily duties feeling a lot better; in fact, the mere association with fellows like "Cap" Correll, Van Stewart, George Perry, W. B. LaMaster, Judge Shanks and hundreds of others really brings out the best there is in you. And, incidentally, Judge Shanks told me the tax experts tried to sell themselves to his county, but they felt that when their county couldn't dig up enough people at home to administer their own affairs it would be time that they be annexed to some other county for judicial and tax purposes.

You know folks, the more I see of the Panhandle people and the Panhandle in general the sorer I am for anyone not living here. It makes a fellow regret that he hasn't the privilege of selecting the place where he is to spend his eternity for the writer can think of lots of places he had rather not be than beneath the shadows of some of those massive elms and cottonwood trees that grow so profusely along the banks of Wolf creek between Fryer Dam and the Lipscomb county line. That's all, folks.

College Students Should Keep Social Security Cards

Young men and women who have been working during the summer vacation period and are now preparing to return to college were cautioned in a statement by Dewey Reed, manager of the Amarillo office of the Social Security Board, to keep the same social security account number cards issued to them when they began work and have the numbers ready for their employers whenever they return to employment. This also applies to boys and girls of grade and high schools who have been working during vacation periods.

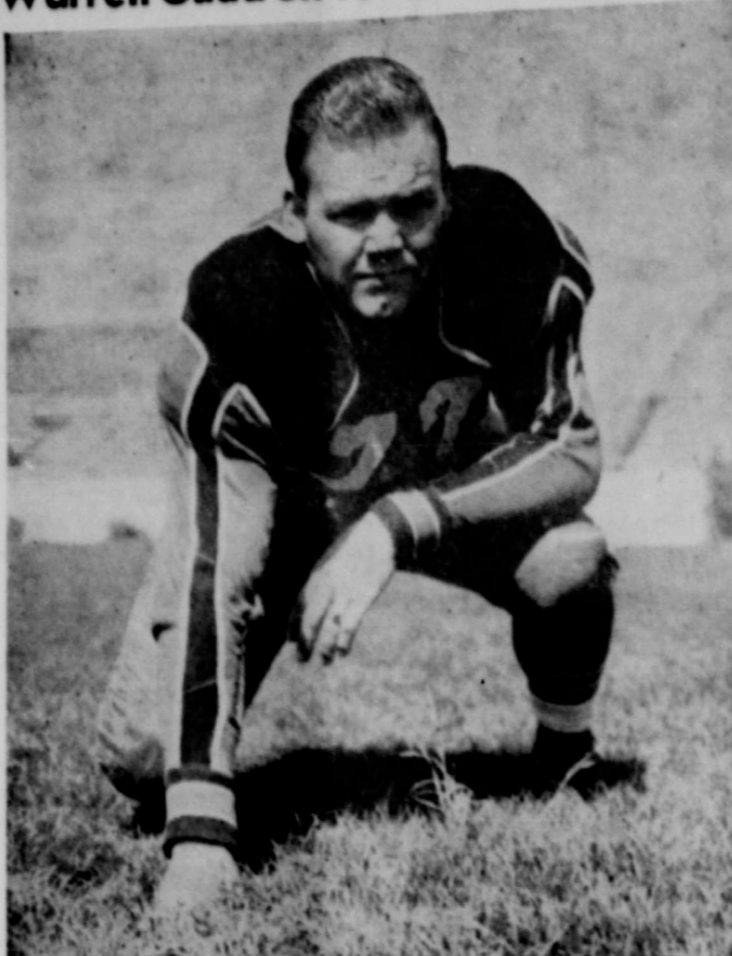

"Many a person, after securing a social security account number and working for a short time, either misplaces or loses his account card, and we are trying to impress upon each worker the fact that he needs only one account number and should keep it throughout his working lifetime."

It was emphasized that two different social security account numbers may mean smaller old-age and survivors insurance payments when the time comes to file a claim for benefits. In case anyone loses his social security account number card, a duplicate may be secured. "This chance to secure a duplicate number, however, is no reason for the holder of an account number to become careless and disregard the importance of safeguarding his original number."

"In other words," Reed explained, "young people as well as workers of all ages should understand that the same social security account number a worker secures when he begins work is the one he must use whenever he returns to employment. A social security account number identifies an insurance policy and upon that number a worker builds up old-age and survivors insurance credits, based on wages received."

Jane and Gene Perry and Miss Mona Paye Easter spent several days this week visiting with Mr. and Mrs. Oscar Blank and Linda Charon. The Blanks have just recently moved to their farm southwest of town.

Warren Cudd on Texas Tech Team

LUBBOCK, Tex., Aug. 27.—(Spcl.)—Warren Cudd, former Perryton High School football star, is due to become one of the regular tackles on the 1941 colorful Texas Tech Red Raiders. Cudd, playing his junior year, is looked on by Coaches Dell Morgan and Berl Huffman as one of the strongest tackle prospects on the current Texas Tech machine.

Cudd played in a few games last season and showed great promise but was handicapped by inexperience, something he now has. Cudd weighs 210-pounds and is one of the hardest fighting players on the Tech roster. The Red Raiders will play a difficult 10-game schedule this season, starting with Abilene Christian in Lubbock on September 20. Cudd probably will see his share of action in the opening game.

How to Keep Orphan Pigs Happy

When their mother died shortly after their birth, these eight Berkshire pigs were fed in this feeding rack, devised by Mrs. Anna Churchill, Springfield, Ill. She put nipples over milk-filled soda-pop bottles.

Attend Family Reunion At St. Joseph, Mo.

Mrs. E. M. Allen and son, Ralph; Mr. and Mrs. Harvey Wilson Jr. and Mr. and Mrs. W. C. Wilson and family accompanied their mother, Mrs. H. J. Wilson to St. Joseph, Mo., Saturday for a family reunion of the Stafford family held Sunday. There were over 150 members of the family present. Mrs. H. J. Wilson is a Stafford and has three brothers living in St. Joseph. She remained for a two months visit and will go from there to California for an extended stay. The others returned to Perryton Tuesday.

Mr. and Mrs. Jay Oxford and son, Jay Mac, and Mr. Oxford's brother, Ralph Clark of Portales, N. M., spent Saturday night and Sunday with her parents, Mr. and Mrs. W. E. McMillen.

Dilworth and Wood Head Texas Legion And Auxiliary

Andrew Dilworth, San Antonio attorney and banker, was elected commander of the American Legion Department of Texas, and Dr. Martha A. Wood, Houston pathologist, was named president of the American Legion Auxiliary. They were elected at the state convention of the two organizations held in Fort Worth, August 17-20. El Paso was chosen as the 1942 convention city.

Dilworth who served as department judge advocate, succeeds Ed Reidel of San Angelo as commander and Dr. Wood is succeeding Mrs. M. H. Ehlert of Brenham, who becomes national executive committee-woman. El Paso, Beaumont and Abilene were after the 1942 convention.

Other Legion officers elected were: Rev. H. T. Morgan, Overton, chaplain; Royall R. Watkins, Dallas, judge advocate. Re-elected were W. P. Spiegel, Port Arthur, treasurer; Miss Carrie Wilcox, Houston, historian; Joe Grammer, Port Arthur, sergeant-at-arms. Fred E. Young, Austin, begins his eighth year as adjutant. Selected for two-year terms last year were Dr. W. J. Danforth, Fort Worth, national executive committee-man, and Lou

J. Roberts, Berger, alternate. Other Auxiliary officers elected were: Mrs. G. D. Parker, Houston, chaplain; Mrs. C. J. Austin, Austin, historian; Mrs. Mary Strong, secretary-treasurer; Mrs. M. H. Ehlert, national executive committee-woman; Dr. Martha A. Wood, assistant committee-woman.

Mr. and Mrs. G. W. Soren, Mary Sue and G. W., of Hereford visited during the celebration in the home of her sister, Mrs. Jack Dodson.

"Um! How sweet you." Teacher takes a look at the —she looks at you. Of course you present appearance because

Brethren Church Holds District Conference

Melvin Hummer and Lester Stump represented the Waka Church of the Brethren at the annual district conference held with the Washita Church of the Brethren near Cordell, Okla., August 19-21. Others from this community who attended the conference were the families of Melvin Hummer and Lester Stump, D. D. Hummer and family, Mrs. Ella Prestone and the Pastor of the Waka church, Dan L. Bickensstaff and family. This district Oklahoma and New Mexico and the Texas Panhandle. More than 300 people were in attendance. Rev. Bickensstaff and Mrs. Bickensstaff both had prominent parts on the program. Miss Ruth Stump of Waka had charge of the music. Rev. Harley Stump, a former Ochiltree county man, is pastor of the Cordell church.

One of the high points of the conference was the address by Dr. W. W. Peters, the new president of McPherson College, McPherson, Kansas. One of the many worthwhile things he said was that college was the place to learn to be emotionally and intellectually good; to enable one to live more masterfully; and to equip one to contribute to the betterment of the world instead of its destruction.

Another high point was the appearance on the program of the first Chinese member of the Church of the Brethren in China to come to the U. S. He is here working for the Y. M. C. A. but is loaned to his church for the summer, attending conferences and camps. One of his striking statements was that you cannot separate Christianity and Democracy. The one makes the other possible. Mr. Wong Tong is a graduate of several universities, is a deep thinker and a student of world conditions. Because he is a Christian he dare not return to his home. All outstanding Christian leaders and educators are killed by the Japanese to prevent their assisting in the reorganization of China.

That Reminds Me—
Farm Exports Show Increase

BY RALPH HERBERT
 RATHER joyfully the U. S. Department of Agriculture announces the fact that in many lines of agricultural products American exports for May have shown a big and marked increase over the general average for July, 1940, through April, 1941.
 These figures show the extent of increased farm exports in May, 1941, as contrasted with the monthly average:

	Monthly Average	May 1941
Shell eggs	\$ 86,000	\$1,986,000
Cheese	53,000	1,317,000
Tobacco leaf	2,970,000	5,420,000
Oranges	478,000	1,035,000
Raisins	231,000	1,218,000
Evap. milk	827,000	1,457,000
Dried beans	158,000	979,000
Wheat flour	1,834,000	2,718,000
Wheat grain	663,000	1,205,000
Rice	984,000	1,518,000
Cond. milk	525,000	981,000

CHANCES are that the bulk of the increase went to Great Britain. Secretary of Agriculture Wickard has said that food will help win the war and assist in the peace. He has urged increased production of dairy foods and eggs for Britain's needs. Lord Beaverbrook, the dynamo with the imp-like face and figure, who has just come to the United States in his capacity as minister of supply, told reporters in Washington that, in addition to airplanes, tanks and guns, Britain looked to the United States for food and ever more food.
 Increased exports fill exactly some of those needs. Many British workmen make cheese one of their main articles of diet and cheese is on the increased list of exports. One of the sorest needs of Britain since the German submarines got active has been citrus fruits. Oranges used to come from Spain and Palestine. It may well be that the increased orange export from this country is for Britain, where normally great quantities are made into marmalade, without which no British breakfast is complete.
 Just before the war Britain cut down on its import of American tobacco and went in more for Greek and Turkish, one of the objects being to cement friendships with Greece and Turkey. But with increasing shipping hazards in the Mediterranean, it is probable that Britain is once more turning to America for its smokes.
 Mrs. Leonard Wright returned home Tuesday from the Beaver Hospital where she underwent a major operation about two weeks ago.

Basket Dinner at McClelland Lake Sunday, Aug. 31

PAMPA, Tex., Aug. 6.—The McClelland Boat Club of Pampa will hold a basket picnic Sunday, August 31, at McClelland Lake for all boat owners of the Panhandle.
 All members of Panhandle boat clubs and owners of boats in the entire Panhandle are cordially invited to attend this all day get-together. Each family will bring their own basket. Lunch will be spread together in a section of the picnic grounds reserved for the occasion. Registrations will start at 10 a. m. and lunch will be served at 12 o'clock noon in order that those bringing boats or having boats on the lake may have an uninterrupted afternoon of boating.
 Committeemen W. A. Noland and L. O. Horn have announced that this is to be a get acquainted picnic and they are urging every boat owner in the Panhandle to attend.
 The McClelland Boat Club is sponsoring a regatta at Lake McClelland on Labor Day, September 1. Come to Lake McClelland for the picnic Sunday and remain over the next day for the races. You will thoroughly enjoy the week-end at Lake McClelland.
 The program for Labor Day will consist of sail boat and motor boat races, water skis and surfboard exhibitions and other attractions.
 Mrs. Neil Reynolds and Glen Wilson came in Thursday from Chicago and will spend two weeks visiting in the home of Glen's parents, Mr. and Mrs. L. B. Wilson, Miss Reynolds is a sister of Mrs. Wilson and W. P. Reynolds, who makes his home with the Wilsons.
 Mr. and Mrs. A. C. Buller and daughter of Meno, Okla., visited from Friday until Tuesday in the home of her mother, Mrs. T. M. Wright and other relatives here.

Union Services End Sunday Night

The last of the Union Sunday night services of the Christian and Methodist churches will be held Sunday night, August 31, at the Christian church. These union services were held during July and August.
 The Methodist minister, Rev. William E. Fisher, will deliver the final sermon. His subject will be "The Coming Kingdom." In this sermon, Rev. Fisher will have something to say as to the present world conditions and the ultimate outcome. Rev. Leon Berry, Christian minister, will assist with the services.
 The combined choirs of the two churches will lead in the congregational singing of familiar hymns. The evening anthem will be "Holy Spirit, Faithful Guide" by Walter Price. The mezzo soprano solo will be sung by Mrs. Carl Ellis, Mrs. R. P. Hurn will direct the choir.

 Be Sure You Are Driving A **SAFE CAR!**

Check Your Brakes
 Come in and let us check your brakes.

Check Your Wheels
 Faulty wheel alignment is dangerous.

Check Your Lights
 Be sure your lights are focused for safe driving.

Check Your Motor
 Will your motor respond to every emergency?

The parents and schools are doing all they can to educate the children in safety. But when it comes right down to it—you'll find it depends on you—the motorist. All the rules can't make up for faulty brakes. The most careful driver hasn't a chance against a car out of control because of faulty mechanism.
 Let's make up our minds now that this will be a safe year in Perryton. Let's make up our minds that we will think of these youngsters, who might get careless at times and dart out in front of the car. Let's have it mechanically perfect so when the emergency arrives we can control the car.
DRIVE CAREFULLY — IT MIGHT SAVE A LIFE.

College Adds New Courses

The Amarillo Commercial College is adding new courses for its students this year. They include training in comptometry and stenotype (the new shorthand machine).
 In addition to the new courses the school includes courses in accounting, business administration, auditing, commercial law, secretarial, and all the modern business machines.
 According to Mr. Thomas Place, president, "young people can be prepared to pass Civil Service Examinations leading to positions paying at the start \$1,260 per year for junior typists and up to \$3,800 for accountants." For the past few months many students have received high ratings on government examinations.
 Mr. Place asserts that in just a few months after graduation, the average young man or woman will more than earn the cost of training in business school.
 Mr. and Mrs. Joy Hergert visited from Saturday until Tuesday with Mr. and Mrs. Gene Tucker, Albuquerque, N. M.
 Bob Schuster accompanied by a friend, Bill Hawkins of Panhandle left Saturday for a few days trip into Colorado.

Fighting for a New Europe

Among the most dramatic of the fighting forces of the Allies are the colorful Anzacs whose valor in battle, good humor and fellowship with their Allies, and strength under the most trying fighting conditions are legendary. Fighting side-by-side with the countries of occupied but unconquered Europe, and the sister nations of the British Commonwealth, the Allies are massed in great strength. Their recruits are drawn from those escaping daily from Europe, while the Anzacs travel the world around to lend their physical and moral aid.

Eighty-Seven Years Old and He Works Every Day

Joseph Grundy has been a railroad man all his life. When he got into his sixties the railroad, on which he had been employed since his youth, retired him. But Mr. Grundy didn't like being retired. He felt full of pep and health and began looking around for another job. At the age of 69 he landed one—with the Ford Motor Company. That was 18 years ago, and he's been there ever

since. Not for a hobby, either his own or Henry Ford's; nor for charity, nor does he collect a dole. He puts in full work time at the north end of the switching yard. And does Mr. Grundy want to be retired now, as he nears his 87th birthday? He says emphatically, no. He also says he's glad he landed with a company that doesn't have any blanket retirement age.

USO Quota Lags in County and State

Three contributions have been made since the last report to Ochiltree County's quota to the United Service Organizations fund. This county set as its goal a bushel of wheat for every person in the county. The following donations were received the past week by the committee: Clyde McGarrugh \$5.00, J. M. Blasingame \$2.00 and Miss Emily Blasingame of Dallas \$2.00. Texas has not reached its quota of \$400,000, according to E. B. Germany, Dallas, southwestern regional chairman, embracing Texas, Oklahoma, Arkansas and Louisiana. Ochiltree County has not reached its goal.

Herald Office Receives Bouquet and Gifts

The Herald office wishes to acknowledge a bouquet and other gifts sent us by our friends. Mrs. L. L. Lance, 720 S. W. 5th, presented the Herald with a beautiful bouquet of gladioli grown in her own flower garden. We were proud to have them on display, in one of Mrs. Lance's cut glass vases, during Perryton's birthday celebration. Many visitors to our office commented on the beauty and perfection of these gladioli. And again, we are indebted to the Ed Claybrook family in Beaver county for gifts from their vegetable garden. This time, Mrs. Claybrook gave us a big "mess" of fresh lima beans and beets. The plums were also delicious and thoroughly enjoyed.

Office Furniture at Herald office!

For WRITING USE ONLY

Hobbies on Display

During the Perryton two-day celebration, August 21-22, three windows in Perryton caused considerable comment. Three Perryton women had their hobbies on display. In the Plainview Hardware window, was the pitcher collection of Mrs. A. C. Witt. The Orchid Shop had on display the salt and pepper shaker collection of Mrs. L. L. Lance. In the Castle Dry Goods window appeared the large button collection of Mrs. W. L. Philyaw.

ple so indifferent? Just call it carelessness or laziness and let it go at that. Kansas newspapers are planning on a "Keep It Out of the Paper" week. In most newspaper

offices, every week is "Keep It Out of the Paper" week, for scarcely a week goes by that someone doesn't rush in to say, "I got in a jam, of course it wasn't my fault, but please don't put it in the paper." To which the editor might soften up and say, "Well, O. K. we won't use it." The next week the advertising man would probably call on the one who pleaded the item concerning him be kept out of the paper and be told, "Nope, I don't want an ad."

Nobody reads your paper anyway, so what good would an advertisement be? The life of a newspaper man is great.—Salina Sun.
