Crenshaw Saves Child

The Stratford Star has learned that we have another hero in our town.

Pat Crenshaw at Headquarters saved a two year old girls life in her restaurant the night of the Dalhart-Stratford football game.

The Dalhart team, cheerleaders, sponsors and coaches and their families had gone to Headquarters after the game. Pat had sent most of her help home because it was so late. Someone had given one of the coaches little girl a lifesaver and it got stuck in her throat. Pat was the only one there that

knew what to do. With the little girl turning blue Pat took her from her father and began working with her.

Pat said "I was scared to death but I knew something had to be done or the child would die. It seemed like that little girl and myself were the only ones there. I turned to find my daughter but I couldn't even see her. I called her name and told her to call the paramedics".

After several tries, Pat finally succeeded in getting the life saver out and the small little girl began to cry. Everyone in the restaurant began clapping and cheering but Pat still didn't hear or see anyone but the girl.

This is not the first time Pat has helped someone in trouble in Headquarters. Last year there was one of our football boys in trouble and she heard him choking and came out of the kitchen to find him. I'm sure he was very grateful she was there.

Pat Crenshaw is an EMT. The first incident happened approximately 4 months after she passed her Emergency Medical Exam.

Since this has happened twice in the same place the employees at Headquarters have started taking classes on obstructed airways.

Dee Brannan, Ambulance Manager says "this training really pays off as we have seen twice in the last few months. The employees at Gophers and Dairy Queen will also be taking these short classes as soon as time permits.

TRTA To Meet Oct. 12

The Dallam-Hartley-Sherman-Moore unit of the Texas Retired Teachers Association will meet at 10:30 a.m. in the Community Room at The First National Bank in Dalhart on Thursday, October 12. Mrs. Billie Heiskell, director of Panhandle Community Services office in Dalhart, will give information about benefits available to older citizens.

A short business meeting will be held. Also there will be discussion on honoring the active educational personnel in the four counties. A covered dish luncheon will be served at noon.

The public is cordially invited to attend and learn about the benefits available to senior citizens. Bring your favorite food listen, and ask questions. You will enjoy visiting, eating, and exchanging information.

Preparations For Wool Contest Underway

Preparations for the District 1 "Make It Yourself With Wool Contest" are now underway, said Colleen Chadwick, County Extension Agent-Home Economics.

The contest, in which entrants select, make and model a wool garment of their choice, is sponsored by the American Sheep Producers Council and the Women's Auxiliary of the Texas Sheep and Goat Raisers Association. Fabrics used for the contest must be at least 60 percent wool or mohair.

The four divisions are pre-teen, under age 14; junior, ages 14-17; senior, ages 18-24; and adult, over age 24.

Junior and senior winners at the state level will win a trip to the national finals of the "Make It Yourself With Wool Contest" January 13-15 in Phoenix, Arizona.

Nine district contests will be held throughout Texas. The winners from each district will go on to the state competition Dec. 2 in San Angelo on the Angelo State University Campus.

The District 1 Contest will begin at 9:00 a.m. Nov. 18 in the J. Lindsey Nunn Building at Wayland Baptist University Campus in Plainview.

Entry blanks may be obtained by calling Chadwick at 293-8481, ext. 269, or by writing her at Box 680.

On October 4, 1989 Terry Julian of the Texas Commission on Jail Standards inspected the Sherman County Jail and found it to meet all the requirements of the Commission and to be in compliance with their standards and issued the county a Certificate of Compliance for the next year.

Bike-A-Thon

Carly Mathews and Thea James were only two who participated in the Bike-A-Thon Sat. October 7, 1989. There were 45 who signed up to ride for the event.

The St. Jude's Children's Research Hospital Bike-a-Thon was held in Stratford on Saturday October 7. Forty-four children participated in the Bike-a-Thon and have collected approximately \$2000.00 for St. Jude's Children's Hospital for Research. The children rode a 2 mile course from the SHS football field down Purnell and Beaver Road and back. Ross Davis rode the farthest with 37 miles and Karrie Newcomb had the most sponsors. Seven of the children will receive duffel bags for collecting \$75.00 in

pledges, thirty-three will receive Bike-a-Thon T-shirts for collecting \$25.00 in pledges. The average miles ridden in the Bike-a-Thon is 20 miles. Cookies were furnished by the 4-H Food and Nutrition Groups. Mrs. Kristi Walden was coordinator for this year's Bike-a-Thon with Valerie and Roy McAlister, Donita Robertson D'Lynn Reed, Rhonda Mathews, Tammie Helmuth, Kimberly Bouldin and Rita Fred as her helpers. Mrs. Walden says all pledges need to be turned in by Friday, October 13.

Kayla Robertson, 3 rode a mile on her tricycle. She is the daughter of Lane and Donita Robertson.

Homecoming Events

By Emily Graham

Homecoming festivities for the Stratford High School Elks will take place long before and after the Elks meet the Spearman Lynz Friday at 7:30 p.m. With events from spirit dress-ups to a smorgasbord dinner, Elk fans of all ages can participate.

A pep rally will be held at 3:20 p.m. Friday, during which the Homecoming Queen will be crowned. The queen candidates are: Freshman Sasha Browning, Sophomore Jennifer Haynes, Junior Stephanie Gray and Senior Renne Allen. The Homecoming Queen and her court will also be introduced prior to the game.

At SHS students may dress to a theme each day this week: Monday-jams and shades, Tuesday-boots and jeans, Wednesday-college, Thursday-favorite person & Friday, Blue and White.

An Open House will be held on Friday from 9 a.m. to 2:30 p.m. in the Homemak-

ing Department. The public is invited.

The Band Booster Smorgasbord will take place from 5 to 7 p.m. Friday in the SHS cafeteria. Tickets may be purchased from any band member or at the door. Tickets cost \$2.50 for 5-12 years of age and \$4 for 13 years and up.

The Elks Homecoming will be their first district game of the season. They currently stand at 3-2. Assistant coach Neal Hugg thinks the pre-district games have prepared the team for the upcoming district games. "We hope Friday the 13th will be our lucky day," he states.

An afterglow following the game will be held at St. Joseph's Catholic Church at 515 S. Pearl Street.

The Homecoming Dance will be held from 11 p.m. to 1 a.m. Friday in the old gym. Students from the 8th grade thru '89 graduates may attend. Tickets are \$3 single and \$5 per couple.

Commended Students in the 1990 Merit Program

The principal, Ron Murphy of Texhoma High School announced today that Clay Gaillard has been named a Commended Student in the 1990 National Merit Scholarship Program. A letter of Commendation from the school and National Merit Scholarship Corporation which conducts the competition, will be presented to this outstanding senior.

About 35,000 Commended Students nationwide are being honored for their outstanding performance on the 1988 PSAT/NMSQT, which ranks them in the top five percent of more than one million students who entered the 1990 Merit Program by taking the qualifying test. Commended Students scored slightly below the level required to continue in the 1990 competition for Merit Scholarships, but they have

shown exceptional academic promise.

An official of the Merit Program stated that "to be designated a Commended Student in this extremely competitive program is attainment deserving of public recognition and is a credit to these young people and their schools. Commended Students were included in a Merit Program service through which they could be referred to two colleges or universities of their choice. We hope that the referral service and the recognition they are now receiving will enhance the higher education opportunities of Commended Students and increase their motivation to use their abilities to the fullest. The continued educational and personal development of academically talented students will benefit the entire nation."

Your Right To Know

By Terry Kennedy

In the last two articles, we have discussed mitigation and preparedness. This article will cover the third phase--response. Some responses are natural--pulling your hand away from a hot object; other responses must be pre-planned-- how to get out of your home in the event of a fire, and where family members will meet. RESPONSE-taking appropriate actions in an emergency that protect you and or your family from harm.

If the tornado siren sounds during bad weather and you take shelter in the basement or storm shelter, that is response--correct response. If your car goes into a skid on ice and you do NOT step on the brakes, that is also response--correct response. If you do not take cover when the tornado alert is sounded, or step on the brakes of your car when you go into a skid--that is also response; but it is incorrect response. It is easy to see that response is not always automatic, but must be pre-planned and tested to be worthwhile.

In the future we will have several drills and exercises to test our preparedness. It is just like your planning for fires in your home. Knowing where to go and how to get there BEFORE you have a fire takes planning. Knowing where to go and how to get there is the same for the county emergencies. If you would be willing to help on the planning process, we would be happy to hear from you.

SCOT Notes

by Timmie Brown

Happy Day to you Sherman County Older Texans, Friends, Neighbors and Scotters this beautiful Monday a.m. Oct. 9, 1989. The weather report on T.V. at 8 a.m. said 49 degrees F temperature, the low was 47 degrees F. wind calm; humidity 81%. Evidently Indian Summer is here in all its colorful glory. Maize harvest is going on; the fall flowers are in deepest rich beauty; even the summer-weary geraniums have a renewed beauty. Stop a minute and admire them! Does one good.

Trust Scotters have enjoyed Scot Hall activities this past week. On Tues. Corda Pleyer, Opal Bryant, Eskie Ritchie and Clarence Willmon enjoyed a "42" session. Eskie said Scot Hall was a "haven of quiet" for her, since her house was being re-roofed!

Friday, Oct. 13, Friday, 13th is birthday party at Scot Hall. Birthday folks were named last week. If you don't show up for the party, Scotters will understand that you are "hexed" and being careful! Other scotters will be on hand to greet the brave ones!

Those going on the color tour on Sat. Oct. 14 will just sit up the rest of Friday night so as to be ready to catch the Senior Citizens Bus at 5 o'clock Sat. a.m. Because at 5 o'clock Sat. a.m. the Bus leaves on the Red River-Taos Color Tour. See you at 5 a.m. Sat. Oct. 14th. Other events scheduled are Amarillo Trip on Thursday 19th for all Senior Citizens. Bus leaves at 9:00 a.m. Thurs. Oct. 19th. Then on Sunday Oct. 22, at 1-5 p.m. is the time for the Scot sponsored Auction Sale at Shelly's Barn-(Old Lumber Yard location).

This past weekend might well be called "Desertion Weekend" for our town due to W.T. Homecoming and the Texas Tech-A.M. Football game in Lubbock. It is truly amazing how many of our Sherman Co. and

towns-people have attended these three colleges.

Martha and Don Ellison and Wanda Riffe are returned from a wonderful trip into the eastern states, Canada and Nova Scotia. They drove their van where feasible so they really saw the country. As they returned down the East coast they were impressed by the havoc left by "Hugo". Mildred Crabtree, Dalhart, who had visited in the Carolinas, returned with them.

A big plus was added to Betty and Timmie Brown's routine business trip to Dalhart last Friday when Betty met Jackie Sherwood, Lubbock unexpectedly, Jackie and Gregg Sherwood were in Dalhart attending D.H.S. Homecoming. Gregg was Dalhart Football Coach for eight years beginning in 1964. He is the son of Helen Michaels Sherwood and the late Weston Sherwood. At present Gregg is Athletic Director of Lubbock High School. Having suffered heart trouble Gregg has "slowed down" some and turned to painting as a hobby. An exhibit of his work was held at the Dalhart Savings and Loan building. It was delightful to meet the Sherwoods, view his art work and find him seemingly in robust health. Helen is in the Panhandle, Texas, nursing home and doing quite well

just taking life easier!

Our late reading includes the book Kings of Cocaine; Inside of Medellin Cartel written by Guy Gugliotta and Jeff Leen who are investigative reporters. It was incidental reading but we find it very helpful in understanding the Noriega situation in Panama. We are much better informed about 4H work and fellow citizens since reading the 4H supplement of the Stratford Star issue of Oct. 5, 1989, also.

Scotters personal Christian love and prayer-support go out to Mrs. McAdams and family in the death of her husband, Victor Joe McAdams. We note, also with Christian love and understanding the loss in death to Mary Dietrich of her sister Alma Barlow Gruver, Gruver Tex. and to Germaine Meyer of her sister, Claudine Britten Groom. We tender them our prayer support to each of you.

To Winnie Allen Simons and sons we send our tenderest personal and S.C.O.T. love and prayer support in the loss of your husband, father, Bennie Simons. To S.C.O.T. readers Winnie is remembered as the daughter of the late Roy and Edith Allen, Stratford. Her brothers are Eual George and W m (Bill) To all grieving people and families mentioned with loving consideration our comment is that Our Heavenly Father loves his creations and knows best. Amen! Now, to all Senior citizens, how about

Mildred and Bob Robinson of Boise City, visited her sister, Franny Taylor, Sun. afternoon. They were on their way home from Goodwell, where they had attended an Art Show and Reception for Nell Tucker of Kenton, Oklahoma. Nell's exhibit, of about 40 paintings, will be at the P.S.U. Museum during the month of October.

Ian Weems, Amarillo, spent the weekend with his grandparents, Hank and Mabel Rogers, while his father, Rob Weems, went to Sipapu, New Mexico.

Kenneth and Lynn Wells returned last Monday from South Dakota, where they visited Gary and Vicki Thompson, Kim and Matt. While there they also saw Jay Harris. Jay attends College at Chadron, Neb. They spent some time at Custer State Park, Wind Cave and Mt. Rushmore National monument. On a scenic drive, they were really impressed by the Pig Tail

LIVE A GOOD LIFE ON THE EARTH THEY PROVED TO BE ROUND

This earthly planet we have known
Since ancient history'd begun
Was seen as flat and all alone,
Like any island in the sun.
But then explorers came along,
And like Columbus, they had found
Those geographic notions wrong,
And so they proved the earth was round.
By sailing to some unknown land
With only God to be their guide;
And thus today we understand
The faith on which those men relied.
So thank the Lord, who made this earth
So round, according to His plan;
And then discover what it's worth
To live on it, the best you can.

Have a nose for safety.

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

Here are some simple, common sense steps to take if you ever smell gas:

- Don't use the phone, flip any electrical switches or strike a match.

- If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match

or switch anything on or off. Call us from a neighbor's telephone at once.

- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

Minnie Butler returned to her own home this last week, after spending about 6 weeks with her daughter, Nita Taylor. She has been recuperating from eye surgery, a successful Cornea transplant. She was feeling so good that she and Nita have just spent several days visiting relatives in and around Shattuck, Okla. They came home on Tuesday.

Pat and Bill Boren visited their daughter, Kerry and Kelly Carlisle, in Goodwell Sunday. While there, they all played a round of golf on the P.S.U. Golf course.

Dennis and Jeanette Irlbeck, Amarillo, were here for the weekend visiting his parents, Ted and Joyce Irlbeck. They attended Homecoming and an Alumni Reunion At Dalhart High School also.

Daughter, Paula and grandson, Skeate Beck, from Buffalo, Oklahoma, visited with Sue and Richard James, Tuesday and Wednesday of last week. On Wednesday, they went to Canyon to help celebrate the 75th birthday of Floyd Kiser, Sue's father.

Levi and Thea James rode their bicycles in a Bike-A-Thon for St. Jude's Children's hospital. This took place in Stratford Saturday. Levi rode 30 miles and Thea rode 20!

The Dallam County Child Welfare Board recently hosted a picnic at the 7th Street Park in Dalhart for Dallam and Hartley Counties Foster parents and their families. This was their second annual affair. Lynn Wells, a member of the board, reported a good turn out and thought the picnic was a huge success!

The Texas Highway transportation Trunk System meeting last Thursday, at the Harvey Hotel, in Amarillo was well attended. Including our own group of five representatives from Sherman County there were folks there from Midland, Odessa and points in between. The Eastern section of the Texas Panhandle was also well represented. Judge Fesler was our spokesman. It was quite evident from his presentation as well as others that the Tip Top portion of the Texas Panhandle had been excluded. Sherman Counties plea was 287 north to the Oklahoma State line, 54 west to the New Mexico line and east to the Oklahoma and Kansas area. Agriculture, tourism, and industry was the criteria.

There will be a number of hearings in different areas. Four lane highways will not appear over night. The question was asked as to what the cost of building a four lane, the answer one mile cost 1.5 million dollars. The ultimate decision making meeting will be held in January. Prior to this, there will be a number of important facts, we as citizens of Stratford, Sherman County must do, for example: A 24 hour road count at the intersection of 287-54, a must, and it will have to be done on a volunteer bases, two at a time, as all moving vehicles

will have to be counted and differentiated in. WE DO WANT THESE FOUR LANES' NORTH, WEST, and EAST DON'T WE? This will be a community effort.

This weekend is a first for the JOLLY JUNCTION CRAFT SHOW. How successful it will be and whether they will continue depend on us the public. These gals have worked hard. They have 35 booths going to show, demonstrations, food, so lets make these visiting crafters feel real welcome. Think Christmas this Saturday at the County Barn, 10 a.m. until 6:00 p.m. See you there.

Not to my knowledge has there been an organization step forth to take over the hanging of the Fair Welcome signs. Folks this is serious. Come next year Fair time-no flags. We don't want that to happen. Think about it and then call Bonnie Borth and get the details, or the Chamber.

KIDS ages 0 to including the fourth graders, HALLOWEEN IS COMING. Be thinking about the costume you want to wear, scary, pretty, whatever. Watch the newspaper for more information. I'd like to leave you with an observation Robert Frost once had, "THE WORLD IS FULL OF WILLING PEOPLE: SOME WILLING TO WORK" THE REST WILLING TO LET THEM." Frost also observed, "By working faithfully eight hours a day, you may

eventually get to be a boss and work twelve hours a day." Lets all be bosses and work towards a better community, working together to make things happen.

Dear Editor:

The Tri-State High School Rodeo Association was formed in the spring of 1970. This next year the organization will be twenty years old. We are asking for your help in reaching our past membership by publishing a notice in your paper.

The Association is planning a rodeo and reunion for the approximate eight hundred high school students who have participated in the rodeos for the past 20 years. It is to be held in Dumas, Texas June 7-10 in conjunction with the Dumas Doggie Days.

Sue Gideon, the past secretary, is working on a list of all those former members and teacher-sponsors, so that she can notify them of our plans.

Anyone interested in attending the reunion is asked to write to Mrs. Gideon at P.O. Box 273, Pampa, Texas 79080. If you are interested, or know of someone who is, please contact her as soon as possible.

Thank you for your assistance.

Best Regards,

Dear Editor:

I am a lover of history and I have a somewhat unusual hobby. I collect old tokens used by stores, barber shops, pool halls, bakeries, saloons, forts and other businesses years ago. The tokens were "good for" 5 cents, 10 cents, 12½ cents of such in trade or merchandise or "good for" a loaf of bread, one drink, one shave, one ride or whatever. They were usually made of metal, and while having the general appearance of a coin, they were made in all shapes and sizes.

I am hoping that if you have a "Letter to the Editor" section or such in your paper that you might mention my search. I know that this request is relatively unimportant, but as our elderly pass away and the younger members of the family inherit their possessions, tokens and other items are considered junk and thrown out. I do get a great deal of enjoyment from my hobby and I do believe that these concrete reminders of our great heritage are worth preserving.

I have reason to believe that some of these tokens were used in your area and I would be most interested in obtaining some of them for my collection.

I would like to hear from anyone having one or more of these tokens or from anyone that might be able to help me. Any help that you can give me of any kind is greatly appreciated. My address is Travis Roberts, Box 1168, Bellaire, Texas 77402.

Thank you kindly in advance and best wishes.

Dear Editor:

I have been requested to remove my campground sign from just west of your city. This sign is owned by B&B Overnite Camp and used as a public information sign and designed to bring business into my free enterprise business.

I understand that your city wants to either enter the campground business or to provide free lodging to out-of-town travellers.

Statistics show that the cost of running a government campground runs from \$30 to \$40 per camper nite.

Long years of experience tells me that these campers want to pay \$5.

Can you afford to pay these campers \$25 to \$40 to stay in your community?

This is your opportunity to hold your taxes down. If your town needs an RV park let the free enterprise system handle it and it will bring income into your city if it is a paying proposition.

Sincerely,
William Booth

Top Rural

Minister

College Station--The top rural minister of the year is Texas--and other nominees for that title--were honored at Texas A&M University Oct. 2.

They were recognized during the 44th Annual Town and Country Church Conference which had as its theme, "Texas--A Land Of Many Cultures."

The Rev. Larry Castillo-Wilson, who serves United Methodist Churches in Ft. David and Balmorhea in Far West Texas, and who is located near the tornado-struck town of Saragosa helped plan and implement relief efforts for victims of that disaster, was honored as the state's top rural minister.

Among other nominees for the honor was the Rev. David A. Harker of First Christian Church of Stratford. Rev. Harker has served in our community in many ways.

Estimates of 1989 State Ag Losses

May Have Impact Of \$3.5 Billion

A projection of effects of weather-related factors during 1989 on Texas crops and livestock indicates the impact to the Texas economy could top \$3.5 billion.

This figure is the result of estimates compiled by the Texas Agricultural Extension Service to emphasize the disaster that many Texas farmers and ranchers are facing as a result of unfavorable weather conditions, including drought, hail and floods.

Dr. Zerle L. Carpenter, Extension Service director, said that loss estimates were projected for major commodities and geographical areas by County Extension agents serving all 254 counties of Texas.

"The impact of the drought and other related problems already is a grim reality in South and West Texas and throughout most of the state's wheat area," Carpenter said.

He said research indicates that the total economic impact on the production and agribusiness sectors of the state for each \$1 of farm product sales is about \$3.10. "Therefore, the so-called

domino effect of weather-related losses through rural towns and the urban centers will result in significant impacts to the entire state," Carpenter said.

He said the wheat loss situation primarily is the result of cold weather early in 1989. The corn, sorghum and cotton situation is mainly the result of drought and is focused in the western and southern part of Texas, although major hail damage has occurred in the South Plains.

Carpenter said the livestock analysis reflects added costs to producers of maintaining livestock during the drought above normal costs. This also is concentrated mostly in South and West Texas, he said.

Additional livestock production costs that are drought-related are projected at about \$507 million.

Total crop loss projections are estimated at about \$975 million.

The biggest loss is expected to be in the cotton crop with about \$465 million estimated. The wheat loss is estimated to be about \$350 million, while the sorghum crop loss is projected at around \$80 million.

Loss estimated to the Texas corn crop is about \$70 million and the unfavorable weather is expected to trim the rice crop by an estimated \$15 million.

Carpenter said the total crop loss and livestock cost estimate to the producer is projected at \$1.4 billion. The economic impact of projected crop and livestock losses is estimated at more than \$3 billion, he said.

Dr. Carl Anderson, Extension Service economist, said all farm and ranch marketing cash receipts in 1988 totaled about \$10.95 billion.

He said a marked increase in grain prices and a large cotton crop boosted crop sales substantially last year, while somewhat higher prices for cattle, broilers, wool, and dairy and poultry

marketings helped increase livestock sales.

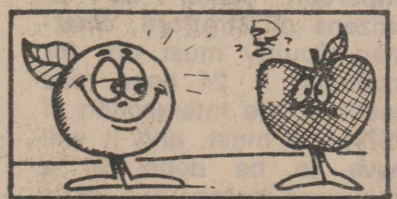

The agricultural production system in Texas is estimated to have an economic impact of about \$35 billion. The entire food and fiber production, processing and retail marketing chain has about twice that impact, Anderson said.

Carpenter said the economic situation for agriculture for the remainder of 1989 will depend on weather conditions where crops are still in various stages of production.

But for many producers in South, Southwest and Far West Texas where the drought has persisted severely for the past two years, it has already meant shattered dreams and devastation.

"The drought will worsen the rural crisis and its impact on Texas' people and towns. The agricultural industry's general health or problems will reach well beyond the farm and ranch gate," Carpenter said.

The report was coordinated by Dr. Chester Fehlis, state leader for county Extension programs, in cooperation with Dr. Roland Smith, Extension economist in agribusiness and marketing.

Fresh, unpeeled peaches supply 40 percent fewer calories than apples, almost twice as much vitamin C and more vitamin A.

Out The Library

By Dorothy Haile

STORY TIME was well attended by twenty children that are three and four years old. Following registration, the children had a get acquainted time.

The librarian talked about care of books. Each child may get three books to take home for reading. They are encouraged to bring back these books so they may get three more books each time they come.

"Moon Ride" was a fun game that Lue Ann Crist, director, played with the children. Gail Rhoades, Dana Buckles and Mellone York were story readers and craft directors. The children that attended were Shonna Clanton, Shelli Smith, Carson Buckles, Haley Bennett, Juana Aguilar, Joshua Williams, Kimberly Crist, Amber Larance, Denton Crabtree, Levi Artho Brittson, Kathryn York, Brad Reed, Brenna Ellison,

Matthew Tallafarro, Aaron Harbour, Alisha Sladek, Tanya Whatley, and Stephanie Washburn.

Books are loaned for a two week period. Parents are encouraged to help their child learn to take care of books and bring them back on time to save a fine. Fines for late books are ten cents a day for hard backs and two cents for a paper back. If the library is closed, books may be placed in the book drop at the front of the building.

Factors That Affect Consumer Buying Behavior

Have you ever stopped to think why you purchased a particular item? Did you really want the item, or did you want to gain social approval? Did you think you were getting a good deal? Did you purchase the item because of pressure from the salesperson, or were you persuaded by advertisements?

Although many consumers do not realize it, factors such as these do affect their buying behavior. Ask yourself the following questions when making a purchase decision.

Am I buying this product or service to gain social approval?

What people buy is influenced by society. Purchasing goods or services to gain social approval can be a problem when this behavior costs more than the person can afford. If you really can't afford it, don't buy it.

Am I purchasing this goods or service because it's a good deal?

When people purchase goods or services because they think they are getting a good deal, many times they are buying items they don't really need or want. Purchasing items you had not planned to buy can put a strain on your budget. You may end up not having money for necessary items. In addition, the purchase may not be such a good deal, but even if it is a good deal, you may never have a use for it.

Did I purchase the item because the salesperson pressured me into it?

Many salespersons will try to make you feel bad if you do not purchase whatever item it is they are selling. Beware of such lines as "You've wasted my time," or "How could you pass up such a good deal?" Remember, these are sales strategies, and you are not a bad person if you do not want or need the item being sold. Be assertive and say "no".

Did I buy the item as a result of watching or listening to advertisements?

Advertisements are designed to persuade people to purchase goods or services. If you have not planned to purchase whatever item is being advertised, you probably don't need it or want it. Take some time to think about it before acting.

Stop and analyze your buying behavior. If you have not planned a purchase, you may have been influenced by one or several of these factors. Remember, these factors may be preventing you from effectively managing your money.

For Television Shoppers

Shopping by television can be seductive. It can also be hazardous to your economic health.

The trick to being a smart armchair shopper is to come to the television set prepared, listen carefully and think before you flash your credit card.

Cards of Thanks

We would like to thank the Chamber of Commerce and businesses of Stratford for a warm welcome into Stratford's business community.

Steve & Barbara Dettle
Satellite Cattle Exchange
of Stratford

Again I would like to thank the most wonderful people in the world for all the nice deeds. I would like to thank Dr. Harlow for saying you are going to the hospital and making the arrangements. For all the prayers, cards, flowers, good food and all the gifts. I'm back at work.

Love, Alice Jeffcoat

To The Citizens of Stratford and Sherman County,

I would like to thank everyone who helped in the attempt to bring the local liquor election to the voters of Sherman County. Due to the time element involved we have failed to get the necessary number of names on the petition. I want all those who signed the petition to know I appreciate it. Also a special thank you to the people at the Courthouse who helped me present this in a legal way. I know this caused you a lot of extra work.

Junior Ireland

Home shopping television shows are proliferating. The living room is no longer a safe haven for impulse or compulsive shoppers. It is now a dangerous place for those with a yearning for cubic zirconia jewelry, gadgets, and interior decorating items, and clothing.

Cable Networks and target marketing have worked together to develop the television shopping frenzy. Credit cards have further promoted television shopping.

Products offered on television shopping networks and programs generally are discretionary items for most households. They are probably not big bargains nor are they major ripoffs. A purchase should still be based on need and affordability. People may be persuaded to purchase more items than if they were shopping in the local community.

Know your merchandise. With television shopping, you cannot feel or hold or examine a product before you buy. Know your prices. If you know the type of item you want and know when this type of item will be offered on the shopping show, you can shop more intelligently.

Listen for key words in the promotion of various products. A 14 K gold filled item is not the same as one of 14 Karat gold. "Faux pearls" are just another way of saying "fake pearls". "Almost like" is used to get you to think an item is the same as the product mentioned as a comparative item, probably a more expensive brand.

Most television shopping programs list a retail price for comparison purposes. It is highly unlikely that you would ever pay that price in a retail store. In one survey, Better Business Bureau staff from 17 bureaus compared savings claims. They found that of 1,818 examinations in retail stores, the home shopping service products were available in only 14 percent of the cases.

Stratford JV played a tough game Thursday against West Texas losing 32 to 42. # 79 Eric Tillery and #72 Carmelo Acevedo make an awesome tackle. Stratford Varsity was victorious over White Deer Friday, 13-0.

8th GRADE ACTION! #21 Adrial Agullera runs with the ball. Stratford wins 28 to 0 against West Texas. 7th Grade had another great win against West Texas 28 to 0. Sorry we didn't get there in time for pictures.

Satellite Cattle Exchange of Stratford had their ribbon cutting Wednesday morning. Owners are Steve and Barbara Dettle and this business is located in the North Plains Building. The Chamber presented Steve with a first dollar plaque being held by Connor Vincent, 2 yr. old son of Mike and Patti Vincent.

Pat's Headquarters, ribbon cutting was Wednesday morning with the Chamber hunters, friends and customers helping Pat Crenshaw with the event.

J's Cut and Curl also had their ribbon cutting Wednesday morning. Owner Juanice Harbour cut the ribbon and Chamber President Doak Crabtree presented her with her first dollar. The business is located in the North Plains Building.

The BBB survey also found that for 2,255 comparisons of shopping service prices, actual store selling prices were lower than the shopping service's "claimed retail prices" in 96 percent of the cases and lower than the shopping service's actual selling prices in 37 percent of the cases.

THEN and NOW!

Social Security is more recent than many people realize.

THEN: The Social Security Act was passed in 1935 and became the basis of the U.S. social insurance system. It wasn't until the fifties, however, that most workers came under the system. As recently as

1959, one in three seniors lived in poverty.

NOW: Some 91 percent of all senior citizens get Social Security benefits; 62 percent depend on it for half or more of their income; 24 percent depend on it for 90 percent of their income. Most of those are single women. Today, Social Security is all that stands between nearly a third of the elderly and poverty.
