Free and One-Half Inch Rain Monday Night Floods City

South Side Of Town Floating Under Deluge

which measured 3.54 inches Monday night in Perryton, the city, especially the north part, the residential part of the railroad tracks were covered with a foot of water making the roads impassable and endangering the homes.

Water rose into the Foote and Tractor Co. building on Main street, and stayed until it was swept out and an earth dam was put in front of the doors. Postmen and mailmen making other deliveries were making their way north of the tracks.

At the intersection at S. Eton and Brillhart avenue was deep in water and a dam had to be stationed there that morning to pull out cars that were drowned out by water. The highway department reported traffic around this intersection south to 5th avenue on Tuesday and Wednesday.

The situation was so bad in the north part of town that about 100 men met with the city Tuesday night, demanding that something be done at the situation.

Hergert's to Hold Opening Saturday

Annual opening of Hergert's Mens and Gifts will be held Saturday, July 22, in their newly located store location at 120 Main. This is the former McMillen store location.

On opening day, there will be prizes given to the ladies for two nice reading lamps for prizes, stated Mr. and Mrs. Hergert, owners.

The building has been completely remodeled, and now has a modern plate glass front. The interior is finished in floral pink light green color scheme, new wall fixtures and ceiling lights installed.

The firm features flowers for all occasions—for weddings, parties, corsages, and home decorations. They have a fast delivery service and telegraph flowery where.

A complete new line of gifts priced \$6.88 and \$4.88. See No. 2, Page 8

Serious Erosion Problem Created by Rain On Bare Fields, Says Soil Conservation Service

A serious erosion problem is being created by the excessive rainfall of the past two months and fields that have never washed are now showing gullies where the water has carried off precious topsoil, according to G. M. Parker of the Soil Conservation Service.

Much of the damage has been done because of the scant stubble from the last wheat crop. The land was plowed from four to six times last fall in preparing the land for wheat and the stubble was completely buried or chopped up so fine that it decomposed or was of little value as ground cover.

Many farmers that have never had an erosion problem—at least not a water erosion problem—are visiting the SCS office to see what measures to take. Ralph Headlee of the SCS said:

Seventy-two Voters Cast Absentee Ballots
Seventy-two absentee ballots were cast by Ochiltree county residents for the Democratic Primary, reports Mrs. Sue Ragan, county clerk. This is a heavier absentee vote than usual, Mrs. Ragan said. Deadline for absentee voting was Tuesday at 5 p. m.

that after the heavy rainfall Monday night, he inspected a number of fields that didn't appear to have any slope at all, yet were washing away in small gullies that will become larger unless checked.

Some farmers have thoughtfully let careless weed and annual grasses grow on the land to provide cover for immediate protection against water and wind erosion as well as for wind erosion control next spring. Other farmers have left weeds and grass grow because they couldn't get into wet fields to plow.

Twelve Men In Draft Quota
State Selective Service asked last Saturday for 4,020 into a draft examination pool from which the September quota of 1,005 will be taken. The local four county board will furnish 12 men for the September call. These will come from Ochiltree, Hansford, Lipscomb and Hemphill counties.

The 4,020 men from Texas will take examinations in August. The 12 men from these four counties will go to Amarillo on Aug. 7-11 for their physical examination. Whether they pass or not, they will be returned to their local boards.

Expect Increase In Wheat Acreage Across Nation
The final wheat allotment for Ochiltree county is expected to be announced within the next few days, and it is likely that the county wheat acreage will be increased over last year instead of decreased, according to Elliott Lee, county PMA secretary.

The tentative wheat acreage allotment, announced two weeks ago, gave Ochiltree county only 262,838 acres, about 6 per cent less than this year.

However, the government last week called for a larger wheat crop next year—with an obvious eye on the Korean war. The Agriculture Department set a 1951 production goal of 1,150,000,000 bushels, or 193 million more than the 1939-48 average.

The agency said more wheat is needed to assure the nation a "safe" margin for food needs, for possible increases in exports, and for feed to produce more meat, milk and poultry.

Deadline for Barbecue Fund Set July 26

Unless the money for the barbecue fund is raised by Wednesday, July 26, the free barbecue will be taken off the Celebration program.

This was the decision of the Jaycee barbecue committee Wednesday. A committee composed of James Pitts, Jack M. Allen, J. A. McClung, Lee Little, Alton Boxwell, Frank Shaffer, Marvin Genuchi and Giltner LaMaster was named to make a drive to raise the estimated \$3,000 and report to the Celebration committee next Wednesday.

Another \$355 was turned into the Celebration barbecue fund this week, making the total stand at \$630 as of Tuesday afternoon, report J. A. McClung and Alvin Koehn, barbecue committee co-chairmen.

The total amount to be raised for the free barbecue is \$3,000 this year, about the same as last year. A minimum of \$10 is being sought from county citizens, and if the money is not raised, the contributions will be refunded and the barbecue will not be held.

Those who have contributed this week include the following: John Sammons, W. L. Herndon, See No. 3, Page 8

Perryton Firms Asked to Enter Beauties Early

Perryton business firms and organizations are urged to submit entries early for the annual "Wheatheart of the Nation" contest to be held in connection with the annual birthday celebration August 18-19.

The annual beauty contest is sponsored by the Ochiltree County Chamber of Commerce, and Lee Little, secretary, pointed out Wednesday that early entries will provide more individual recognitions for candidates.

Rules for this year's contest have been modified, and candidates will not be required to appear in bathing suits as in previous years. Also, only one candidate will represent Perryton in the final contest. "Miss Perryton" will be selected at a dance. See No. 10, Page 7

Need Pictures for 'Meet the Youngsters'

More pictures are needed for the Herald feature, "Meet the Youngsters." This week Lonnie Dee and James Dwayne McAnally, sons of Mr. and Mrs. James McAnally, are presented. We invited parents to bring or send us pictures of their youngsters and the more pictures the better. We want the name of the baby, name of the parents and grandparents, and the baby's age. Almost any size of picture will do, although a print 4 inches wide and about 5 inches deep is preferred.

Much Interest Shown In Two Contested County Races; Good Turn-Out Expected at Polls

Although there are only two contested county races and two contested precinct races, Ochiltree county voters are expected to show a good turn-out at the polls for the Democratic Primary this Saturday. Considerable interest has been shown in the Sheriff's race, the county attorney's race, and the 18th Congressional District race, where LeRoy "Pete" LaMaster faces three other candidates.

LaMaster Is Confident Of Winning Race

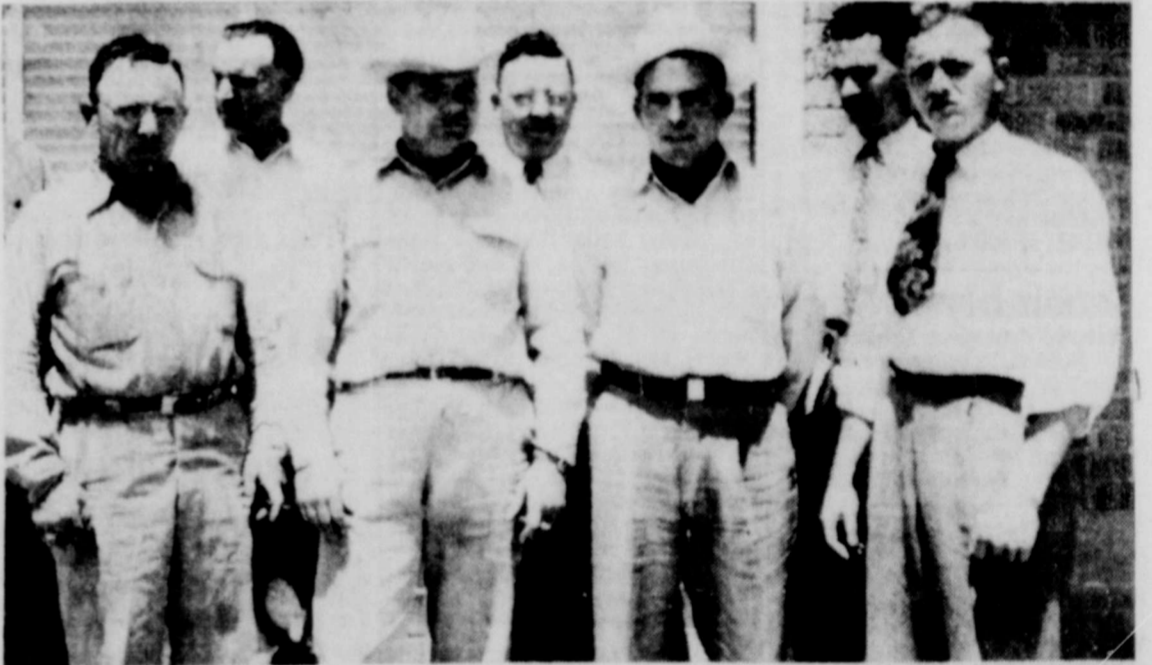

Pete LaMaster, candidate for Congressman from the 18th District, is confident of victory in the Democratic Primary this Saturday.

"After meeting citizens in all parts of the district during the past few months, I am more convinced than ever that people are ready to support a candidate without any political obligations—someone who is willing and able to work for ALL the people," LaMaster said.

"I have heard of some rumors, even in my home county, that a vote for LaMaster is a vote lost, and I've expected that, since the same sort of rumor was started a few days before the special election. This only shows that my opponents are getting worried about the increasing support being given me and I don't think my supporters will pay any attention to this sort of rumor."

"My contacts with the voters of the entire 28-county district have shown me that the people don't want a labor candidate, they don't want an administration candidate, and they don't want a candidate that can't get the job done."

County Democratic chairman Otis Burk has requested all judges to deliver returns and boxes to the Herald office as soon as the count is completed. Returns will be tabulated and posted in front of the Herald office as they come in, and arrangements are being made to get the peace, precinct 1. See No. 5, Page 8

BARBECUE FUND COMMITTEE—Pictured above are members of a committee appointed Wednesday by Jaycee President Keith Lane to spearhead a drive for funds for the annual birthday celebration barbecue. The barbecue will cost an estimated \$2500, and this year's campaign for funds is lacking according to a report given at the Wednesday Jaycee luncheon. Shown in row are (front row) J. A. McClung, James Pitts, Frank Shaffer, Marvin C. Genuchi, (back row) Lee Little, Alton Boxwell, and Giltner LaMaster. Jack Allen, also a member of the committee, is not shown.

Boys Ranch To Give Program Here Friday

A program will be presented Friday night at the school auditorium by the Boys Ranch, sponsored by the Ochiltree County Home Demonstration Council.

The program, which consists of musical performers, rope twirling and other entertainment acts, will start at 8 p. m. and the public is invited to attend.

A Candidate Rally is also planned for Friday night at the auditorium, stated Mrs. Earl Schwalk, chairman of the program committee.

JUST HERE and THERE

We used to feel that Father Time was just a New Year greeter, but now he's lurking most of the time around the parking meter.

Saturday, July 22 is the date for the Democratic primary and we urge every good citizen to vote. It is of special importance for every eligible voter in Ochiltree county to put in a vote for Pete LaMaster in Saturday's primary.

Have you studied the list of candidates for state and district offices? If you haven't. See No. 4, Page 8

Public Service Repairs Lines

Work is under way on repairing and placing sections of the Public Service Corp. gas line west of Perryton. Workmen of the White and Cowan Construction Co. of Pampa are taking out the old pipe, which was laid in 1930, and are reconditioning it.

The pipe is being cleaned and painted, and those sections which are rusted and pitted are being replaced, according to George Clennan of the local Public Service Corp. office.

The line from Perryton to Farnsworth, 10 miles, and about two miles of line west of Waka are being repaired. The line is a 4 1/2 inch one that supplies Spearman with natural gas.

MAN THE GONDOLAS—Completely surrounded by water, the Foote Truck and Tractor Co. on north street could employ water transportation from their front door almost to the downtown business district. A small dam in the doorway prevented flood water from invading the company showroom Tuesday morning.

 "Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 23.
 The Golden Text is: "God shall send forth his mercy and his truth" (Psalms 57:3).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he" (Deuteronomy 32:4).
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "What is termed material sense can report only a mortal temporary sense of things, whereas spiritual sense can bear witness only to Truth" (page 298).

County to Share In Division Of State Road Funds
 Ochiltree county will share in the division of \$14,600,000 of rural road funds to be split by Texas-counties and the Highway Department on September 1, county judge Dave Shanks reports.
 How much of the fund will be received by Ochiltree county has not been determined, judge Shanks said.
 The money comes from one cent of the state gasoline tax allocated for rural roads. The surplus, amounting to \$14,600,000, will be split about equally between the counties and the highway department.
 The allocation of funds among Texas' 254 counties will be made on the basis of population, judge Shanks said.
 Counties may use their part of the money for building new lateral roads after first meeting obligations on county road bonds. Since Ochiltree county has no road bonds, all of the funds received can be used on the roads.
 Distribution of the big fund on September 1 will be voted July 10. Counties will participate in use of the surplus under a formula based on area, rural population and road mileage.

WHEN HUMAN LIVES BECOME STATISTICS

70 killed!—More than 8,000 injured! You didn't read of this disaster in your local paper. It wasn't there. These killed and injured were working men and women all across the nation who were accident victims on their jobs yesterday. Today they are statistics!

The toll goes on—every hour, every day and at year's end some 16,000 workers have been killed and more than 2,000,000 injured. Time lost by disabling injuries would equal the working time of a million men for a whole year. For the dead there is no time.

About 3 out of every 4 occupational accident victims are workers in smaller plants, firms and businesses. In fact, in every job there is some hazard. Slipping on a floor, tripping on a stair or falling from a truck can incapacitate you as surely as some situation which would seem more dangerous. Know your job—know the hazards connected with it—and be prepared to avoid them.

Think before you act—before you expose yourself to danger and accident. Think safely. It's better to be a worker than a statistic!

TEXAS POPULATION GROWTH—The 1950 population of Texas, according to census bureau figures, is 7,675,002. In fifty years of steady growth Texas has more than doubled and become the fifth most populous state. The 7,675,002 figure for Texas is an Association of Commerce and is unofficial. Because of revisions still to be made it will vary slightly from the preliminary figure area census director James W. Stroud will give to Gov. Allan Shivers. (AP)

Traffic Accidents In Texas Are Killing More People This Year

Traffic accidents in Texas are killing about one-third more people this year than were killed last year according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

"If this rate continues," Colonel Garrison said, "there will be 2,500 lives lost in traffic accidents during 1950 and that will be 540 more than were killed during the year 1949."

During the past twelve years the highest toll for the month of May was in 1947 when 160 were killed. A preliminary figure for May 1950 is 202 deaths and complete reports for that month will push the total to 225.

Speed is the number one killer, Garrison warned, in that it claims one out of every three traffic deaths. Somehow we must impress upon drivers that when they have an accident while driving at excessive speed the resulting impact is more than their bodies will stand.

In an effort to reduce this mass slaughter, the Highway Patrol Division has received instructions from Chief W. J. Elliott to curb speeding on Texas Rural Highways where traffic deaths have increased 24%.

The July 4th week-end consisting of Saturday, Sunday, Monday, and Tuesday is calculated to be the deadliest in the history of July 4th traffic in Texas according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

"Out statisticians, who are usually accurate, have estimated that 36 people will be killed in traffic accidents during this four-day period," Garrison said. "The Highway Patrol will be on the job early and late with instructions to curb excessive speed and apprehend those drivers who endanger their own lives and the lives of others." Colonel Garrison said.

Legion Zone Meeting Set At Higgins

HIGGINS, Texas (Special) — The Higgins American Legion post will be hosts at a regular fifth zone meeting Tuesday night, July 25, in the local Legion hut, Royce Jones, post commander, announced.

All veterans in this zone, and their wives, are invited to attend the meeting. A Dutch lunch will be served by the Robert M. Hyde post.

Legion posts in the fifth zone are Perryton, Booker, Darrouzett, Fullett, Canadian, Spearman, Gruver and Higgins. The local post is expecting more than 100 Legionnaires and their wives to attend the meeting, Jones said.

The meeting is scheduled to get under way at 8 p. m.

A special delegation from Amarillo has been invited, in addition to all Legion posts in the fifth zone.

Cincinnati Coach Gus Mancuso holds the record for most chances accepted by a catcher in one World Series—16 in 1936 for the New York Giants.

Uncle Sam Says

The revered Liberty Bell, symbolic of national independence, will ring again this year through 55 exact duplicate bells which will be toured in every State during the U. S. Savings Bonds Independence Drive, May 15-July 4. My nephews and nieces will see and hear the actual tone of the original Bell. Americans still are agreed that the best way to take care of tomorrow's needs and emergencies is to plan for them today. Make your own dreams come true by the regular, automatic purchase of U. S. Savings Bonds through the Payroll Savings Plan.

The lowest batting average ever to win the National League hitting title was the .320 posted by Larry Doyle of the Giants in 1915.

Jimmy Bloodworth, now with the Phils, played in 92 games at second, 23 at first and eight at third for Cincinnati last season.

Stories of Jews in Ancient Egypt

JERUSALEM (AP)—Stories of the life of Jews in Egypt during the Hellenistic and Roman times are going to be published in Israel. The ministry of education and culture allocated \$1,400 for the publication of more than 500 papyrological documents.

Thales, Greek philosopher who lived from 640 to 546 B. C., often is identified as the "first electrician" because of his observations of fractional electricity and magnetism.

Light Filipino Plane

MANILA (AP)—The first plane built entirely of Philippine materials made its first successful flight here recently.

Built by the Feati Institute of Technology, the small sports model is a monoplane powered with a 65 horsepower motor. It has a wingspread of 23 feet and is 14 feet long.

Penn State will resume freshman football next fall for the first time since it was dropped in 1941.

Waggoner New C of C Manager At Spearman

Glen Waggoner, who has been employed by Malone's for the past year, has accepted the position as secretary-manager of the Spearman Chamber of Commerce. He took over his new duties this week, after attending a one-week school at the Chamber of Commerce Institute in Dallas.

He succeeds Pat Ryan, who resigned recently. Waggoner has been active in the Junior Chamber of Commerce since his return to Perryton. He and his family have moved to Spearman.

King Raises Bees

COPENHAGEN (AP)—King Frederick IX of Denmark among other hobbies likes bee-raising during his summer holiday at the royal cottage in Trend, north Jutland.

Now the king has become a member of the "Danish Bee-keeper Association." His Majesty was very proud as he received from the association the labels for honey glasses. They read "King Frederick, Trend, member No. 14,000."

LETTERS from READERS

Wednesday

Gentlemen: If you want news for your paper send a reporter over here on the north side of the tracks in rubber boots to the houses that have their floors ruined by the two floods caused by the farm people west of town draining their lakes on your city.

My basement bedrooms had 10 inches of water in them yesterday. I had to move my furniture out and when this happened the first time which was about two weeks ago, it hadn't even rained. This will happen every time it rains until they fill the ditches that drains those lakes.

This side of town was like a river yesterday, which a 3 1/2 inch rain never caused before.

Respectfully,
 Mrs. Lura Hibbs

Brief News from Darrouzeit

MRS. FRANK PETERSON

Mr. and Mrs. H. K. Andrick spent last Friday in Perryton on business.

Miss Lula Winfaugh left Monday for Havensville, Kansas where she will visit her brother and other relatives. She was accompanied by her brother Ralph Winfaugh of Logan, Okla.

Mr. and Mrs. Darrell Smith and Richard Smith of Hugoton, Kansas were recent visitors of Mr. and Mrs. Harold Tennant family. The men are brothers of Mrs. Tennant.

Mrs. Nannie Cessna's sister of California who has been visiting Mrs. Cessna and family for several days returned home Monday.

Mr. and Mrs. C. T. Duke are vacationing in Colorado. Mr. and Mrs. C. C. Duke are staying on the ranch while they are away.

Mrs. Nannie Cessna's sister of California who has been visiting Mrs. Cessna and family for several days returned home Monday.

Gerry Wells, young son of Mr. and Mrs. Robert Wells had the misfortune of getting a leg caught in a bicycle while riding

with his bicycle. He was taken to Shattuck hospital where fourteen stitches were required to close a cut just above the ankle.

Recent Bride Honored

Hostesses Monday at a miscellaneous shower honoring Mrs. Clyde Baker, a recent bride, were Mrs. Buster Watts, Mrs. Weldon Watts, and Mrs. J. T. Mosley. Many lovely gifts were received by the honoree.

Mr. and Mrs. Baker will make their home in Kansas where Mr. Baker is engaged in construction work.

Mrs. Baker is a daughter of Mr. and Mrs. Manuel Apple of Shattuck, Okla.

Man Jailed On Liquor Charge

Ray Burch of Perryton is being held in the county jail in lieu of \$1,000 bond, charged with possession of liquor for sale in a dry area. He was arrested Saturday night by Sheriff Ray Phagan in a raid at his home, accompanied by deputy Clyde Tarbox and state patrolman Bob Loving.

He pleaded not guilty in county court Monday and the bond was set at \$1,000.

Phagan said that he found five pints of whisky in the house with all five bottles broken and poured into a large can.

Burch was fined \$200 in county court on June 1, after pleading guilty to a charge of possession of liquor for sale in a dry area.

Services Held Wednesday for Luther Wade

Funeral services were held Wednesday afternoon, July 12, for Luther Wade, farmer and stockman who died suddenly at his home in Perryton on July 11. Rev. O. C. Curtis conducted the final rites in the First Baptist church.

Luther M. Wade was born May 8, 1897 in McLellan county, Texas, near Moody and reared in the Sanger community.

He moved to Ochiltree county with his parents in 1916 and had made his home here since that time.

On November 25, 1920, he was married to Miss Marie Glaspie at Canadian and the couple had lived in Perryton during the almost 30 years of their married life. Two children were born to this union, Fountain E. Wade and Mrs. Woodrow Brillhart, both of Perryton.

He was a member of the First Baptist church, which he joined at an early age.

Other survivors include his mother, Mrs. Mattie Wade, and a sister, Mrs. J. A. Depew, both of Perryton.

Out-of-town relatives and friends attending the services were Miss Viola Glaspie, Dumas; Mrs. Arnold Graham, San Antonio; Mr. and Mrs. Jake Glaspie, Plainview; Mrs. G. W. Bearden, Marietta, Okla.; Mr. and Mrs. Woodrow Bearden, Marietta, Okla.; Mr. and Mrs. W. C. Crawford, Amarillo; Mr. and Mrs. Wade Depew and children, Beaver.

Mrs. Steve Johnson and Betty, Dumas; Mrs. Buckley, Dumas; Mr. and Mrs. Wm. J. Parsons, Buffalo, Okla.; Mr. and Mrs. Ernest Branch, Buffalo, Okla.; Fountain Roach and Curtis Roach, Amarillo; Mrs. Pearl Wade and Ruth Wade, Temple; Cecil Johnson, Waco.

SEEKING VOTES—W. C. "Bill" Herndon, Jr., center, hands one of his campaign cards to E. W. Hearn, while Chester Thiessen looks on. Herndon is a candidate for Ochiltree county attorney, and is opposed by Jack M. Allen. Herndon graduated from the University of Texas Law School in June this year.

El Paso Wage Dispute Seen As Threat to 'Home-Rule'

Texas mayors, county judges and school board members were alerted today to the threat of their "home rule" powers being turned over to labor groups and the diversion of more than \$30,000,000 of public tax monies from the State Highway Department building program.

General Ike Ashburn, executive director of the Texas Good Roads Association, in a statement released from the Association's headquarters in Austin compared the threat to Texas in the El Paso Wage Rate Case to be on a parity with the Tidelands Case.

The Texas Supreme Court is scheduled early in July to receive the El Paso Wage Rate Case. The issue is whether organizations, like the American Federation of Labor in the El Paso case, will dictate the policy of wage contracts for the state highway department or whether that department will do so.

Many years ago, General Ashburn cited, the state legislature delegated to the highway department, with its many specialists and engineers, the right and responsibility to determine the prevailing wage rate in the areas where state highway contracts are to be let. Each succeeding legislature has left his right to violate the responsibility to determine the prevailing rates by this same law was placed upon various agencies who are responsible for the administration of many state, city and county functions.

"If the thinking of the labor group in El Paso is correct," Gen. Ashburn's statement said "it will mean that the legislature all these years has been in error and that the state highway department and the county judges and commissioners of Texas are no longer capable of determining what the proper wage scale is in Texas counties. It will

Filipinos Seek Good Publicity

MANILA (AP)—Influential American and Filipino businessmen have teamed up to tell the world that things are not as bad in the Philippines as some people claim.

They are alarmed by the bad publicity this young republic has been getting abroad, particularly in the United States. So they have formed the Philippine Association, to seek better business conditions here and to hire a ranking public relations organization in the United States to tell the "other side" of the Philippine story.

Bill Craig Cites Record In Legislature

State Representative, Bill Craig, of Miami, Texas, a candidate for re-election as your State Representative, states that he is encouraged to find everyone showing an increased interest in the election this Saturday. Craig states that in covering the district, he has found nothing but encouraging reports in his campaign for reelection. Everyone has expressed satisfaction with his record in the past session of the Legislature, and have indicated they desire no change.

As your State Representative, Bill Craig states that he has voted for and supported those bills for the common good of ALL the people of his district. Craig has never been influenced by any group, organization, or individual seeking special favors, and will continue to oppose such legislation as long as he is your Representative.

Many important problems which will be facing the next session of the Legislature will require that your Representative be a man of honesty, ability, training, and service to all. Bill Craig's record is an open book for all to investigate. There is nothing in his past which he wishes to hide or conceal. As your State Representative, Craig will continue to work for improved schools, continuation of farm to market roads program, an increased Veterans' Farm Land Loan Program, Repeal of Old Age ceiling, Soil and Water Conservation, and economy in our government. He will oppose a Sales Tax, or any other tax program not based upon ability to pay.

Craig's record of service to his district and to the State of Texas:

1. Co-author of bills improving our public school system, and increasing teachers' salaries.
2. Helped pass legislation increasing amounts payable under Workmen's compensation to \$25 per week, and extending Workmen's compensation to cover all occupational diseases.
3. Co-author of the bill appropriating \$30,000,000 for construction of additional Farm-to-Market Roads.
4. Worked for passage of legislation increasing aid to the needy, blind and dependent children and the aged.
5. Author of bills providing for refunding of Frank Phillips College Bonds and increase of \$30 per pupil State aid to Frank Phillips College, as well as all junior colleges in Texas.
6. Co-author of bill creating State Board for State Hospitals and Special Schools, which cares for the blind, deaf, and others

requiring special care.
 7. Author of bill creating Water Compact Commission for the Canadian River.
 8. Author of bill granting State Tax Remission to City of Higgins and Higgins School District to help pay the cost of rebuilding from the storm.
 9. Supported passage of Veterans' Farm Land Loan Bill.
 10. Secured passage of bill creating new Panhandle wide game district.
 11. Supported and worked for bill authorizing \$5,000,000 appropriation for Soil conservation program in Texas.
 12. Never missed a vote on any important bill or bills concerning his district.

Field Day Set By Shorthorn Group

The Kansas branch of the Kansas-Oklahoma Shorthorn Breeders association will be host to the annual field day and picnic on Saturday, July 29, Walter A. Shuman, Buffalo, association president, has disclosed.

All-Kansas, the picnic and show will be held at Kansas-member ranches. The director of the type demonstration, Lot Taylor, comes from the animal husbandry department at Kansas State college, Manhattan.

The program and type demonstration will come in the morning, Shuman said, and will begin at 10 o'clock at the W. A. Rosenberger ranch at the north edge of Greensburg, Kansas.

The basket dinner at noon will be held at the Greensburg park, home of the world's largest dug well. Descent into the well will be a part of the program. The association will provide cold drinks.

During the afternoon, the tour will include the ranches of C. M. Cummings, Kingstown, Kans., and Clarence Ralstin, Mullinville, Kan.

Cummings, Ralstin and Rosenberger are all members of the board of directors for the association, Shuman said.

Other officers are I. V. Martin, Alva, vice president; Carl Downing, Harper county agent, secretary; Ralph Stover, Jet, and Calvin Rutledge, Woodward, directors.

Sixth annual sale of the association will be held in Buffalo's fairgrounds arena on April 5, 1951, Shuman said.

Israel Immigrants Get Summer Schools

TEL AVIV, Israel (AP)—"School Days" are going on right through the summer for the children of newly arrived immigrants in Israel. Newspapers announced this would help children in transit camps to make up for lost time in their studies. An appeal has been issued for teachers to volunteer to instruct the immigrant children.

Methodist Male Chorus to Give Sunday Program

The first in a series of musical services entitled "Great Music of the Church," will be presented Sunday evening, July 23, when the First Methodist church presents the Male Chorus in a full service of favorite hymns and anthems.

The chorus, which numbers nearly 40 members, will give the following program:

"Onward Christian Soldiers," and "When I Survey the Wondrous Cross," male chorus; "I Will Lift Up Mine Eyes Unto the Hills," male quartet; "O Master, Let Me Walk With Thee," and "Fairrest Lord Jesus," male chorus; "The Lord's Prayer," and "Ezekial Saw De Wheel," male quartet; "O God Our Help in Ages Past," and "God Be With You 'Till We Meet Again," chorus.

The personnel of the chorus includes Keith Bray, Rufus Bolerjack, Leroy Hartman, Fred Osborne, Kenneth Roediger, Aldon Bell, Kenneth Hocking, Harold Malone, John Huston, Glen Loudermilk, James Spain, Gale Rogers, Micky Huston, Edd Melvin, Bill Melvin, tenors; Vance Apple, Clarence Neufeld, R. The male quartet includes Dr. Roy Sanford, Marvin Genuchi, Fred Osborne and Lawrence Elizy. The accompanist for both groups will be Coke Harlow.

Hopper Menace Still Here, Says County Agent

The grasshopper, menace which caused much alarm earlier in the year, is still here, says county agent Hood Willis. The hoppers are small and are not moving yet, but will leave the fence rows soon and get out into the row crop fields if not checked, Willis says.

Many farmers are spraying with chlordane and toxaphene to kill the grasshoppers now. Since there has been no vegetation on most of the fields, the hoppers have retreated to the weeds along fence rows and are concentrated in a small area, making it easier to spray them. In a few weeks, the hoppers will have wings and start moving, then the trouble begins, the county agent said.

Spraying the fence rows will cost about \$15 per acre, Willis estimated.

Frank Chadwick, J. W. Dragoun and daughter, Helen Agnes drove to Great Bend Monday to meet Miss Elizabeth Burt, Mrs. J. F. Mannen and Bill Joe Chadwick. Mrs. Mannen and Bill Joe spent the past week visiting in the home of Mrs. J. H. Burt and Elizabeth and other relatives in Lincoln, Kansas. Miss Burt returned to her home.

soil as well as much of the subsoil is made up of small particles and closely packed soil. When rain falls on cultivated land, the soil particles break down further and clog the air lanes.

The surface packs and forms a crust which prevents rain from soaking into it. Modern deep tillage is only a very temporary measure and will not restore the needed structure of cultivated land in which soil structure has declined.

The SCS recommends a vegetative program including deep rooted legumes, or grass crops to open the soil and add organic matter.

This means that when residues are scant from the previous crop, real soil conservation must be practiced in summer fallow operations. If the land is going to be protected from water erosion during heavy rains and from wind erosion during the windy days to follow.

a majority of votes in a district where he has served as district attorney.

"My opponents are getting worried about my strength in the Primary, and I am certain that when the votes are counted Saturday night, it will be a victory for me and for the people who are tired of being told what to do by professional politicians," he concluded.

Since the May 6 special election, Pete has been on a vigorous campaign tour, shaking hands and meeting people in every county and in every town. He has covered more ground than any other candidate and is receiving strong support from every section.

Ronald Davis of Childress, who ran strong in his home area in the special election, is working now for Pete in the Primary, simply because he feels LaMaster is the best man for the office.

In the special election, Pete received 2,273 votes to only 633 votes for the other three Primary candidates combined in Hansford, Hemphill, Lipscomb, Ochiltree and Roberts counties.

He carried his home county, Ochiltree, with 1,290 votes to 128 votes for the other 10 candidates.

That's how the people voted where they knew both candidates.

Supporters of LaMaster know that he is the only candidate that has no organized group behind him and that he can go to Washington and represent all factions and groups fairly and impartially.

Mrs. Lura Hibbs, 402 W. Center avenue, reported that the basement bedrooms of her house had 10 inches of water in them Tuesday.

Water stood inches deep across highway 83 for two miles south of town Tuesday, while the ditches were over-run with water pouring off flooded fields. The water poured into the city lake, but did not rise across the highway. The highway was raised three feet in 1947, after the big rains in the fall of 1946.

The lake just west of town, near the Arvie Hale farm, was about two feet deep and the highway department stationed a truck there to pull out motorists whose cars stalled.

On Tuesday night, another .35 inch fell, and .13 inch fell Wednesday night, making the total for the past three days 4.62 inches.

This rainfall makes the total rain received since May 12, when the drought broke, to 19.59 inches, nearly normal rainfall for a full year.

we suggest that you do so before you go to the polls. Inform your self so that you can cast an intelligent vote.

Not that it will make an iota of difference to any of our readers but just because we like to stick our neck out for our friends regardless whether they win or lose, we are giving our pick of the candidates in the state and district races.

Here they are: for governor, re-elect Allan Shivers; for lieutenant governor we're for Preston E. Smith, a successful business man from Lubbock and West Texas; for Place 1, associate justice of supreme court our choice is Will Wilson of Dallas county; for associate justice of supreme court, place 2, our choice is Hicks Harvey of Cass county; for associate justice of the supreme court, place 3, we're for another West Texas man, Meade F. Griffin of Hale county; and we're also going West Texas again when we pick G. H. (Hobart) Nelson of Lubbock county for judge of court of criminal appeals; in the race for comptroller of public accounts, we say re-elect Robert W. Calvert of Travis county; and we are also for returning Escom Giles of Travis county as commissioner of the general land office; in the race for commissioner of agriculture we're going to vote for Tom Fairley of Travis county in the hope that he can muster enough votes in the run-off to unseat J. E. McDonald.

Next on the ballot is congressman from the 18th district. Needless to say that we're for Pete LaMaster who in our opinion is the best qualified person in the race and the only candidate who can represent all groups and factions with fairness and impartiality.

This brings us down to the race for state representative

from the 124th district and we have no trouble in picking William J. Craig of Miami for reelection over Paul (Tiny) Teague of Berger. For associate justice, court of civil appeals, 7th supreme judicial district, we're going down the line for Herbert C. Martin of Lamb county.

The Herald is indebted to Omar Truxx for the aerial pictures of Ochiltree county under water appearing in this issue. With Omar piloting his plane, our staff photographer Bill Cone got some wonderful shots showing the great areas covered with water.

And while we're talking about water and there is too much of it in a section that usually suffers from a lack of water... we want to drop the thought that Perryton must give serious thought to the fact that some of these days we're going to have to spend hundreds of thousands of dollars for a storm sewer system with a drainage system that will have to extend to Wolf Creek.

We're not getting hysterical about the subject... those of us that have lived in Perryton know that the areas that have been flooded by the abnormally heavy rains of the past few weeks are natural low points that were flooded by big rains before houses or business houses were constructed in those parts.

But the picture has changed... raising of street levels which was necessary, the covering of land with buildings and graveled and paved streets has retarded the run-off and natural absorption into the ground... hence we have more and higher water.

But we're going to have to do something about it even though the City of Perryton finds itself in the same position as the man who builded a house with twelve bedrooms just because there were a few

times in his life that he had enough company to fill twelve bedrooms.

The people of the Farnsworth community have completed plans for a new community center building to replace the old schoolhouse destroyed by fire two weeks ago. They're raising money now among their own folks... but we think it would be mighty fine for the people here in Perryton and in all parts of the county

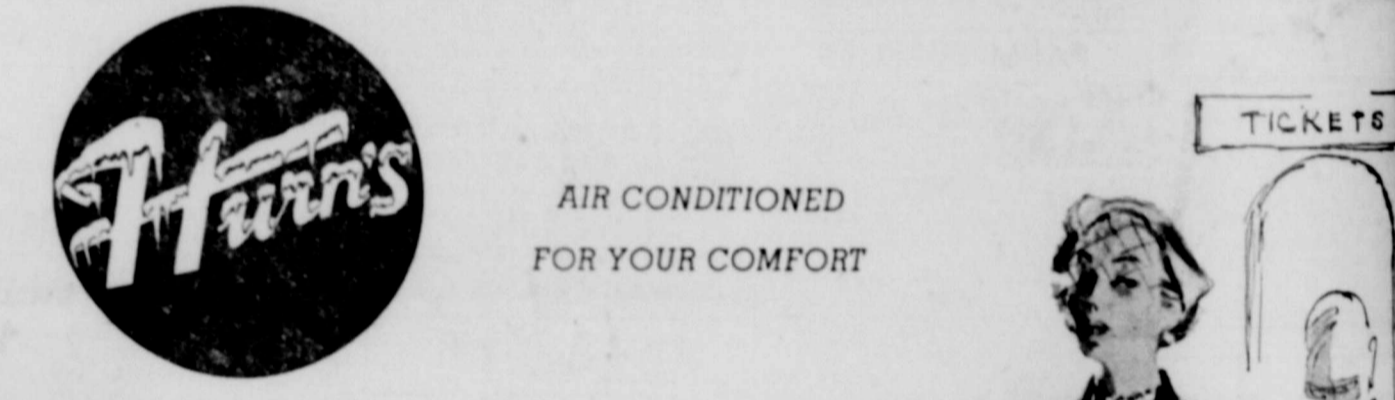

to make volunteer contributions to this fund. Hundreds of us have enjoyed the support of the Farnsworth community and here's an opportunity to return the favor by helping the rebuilding of the community house. If you know who to give your money to, just bring it to the office and we'll see that it goes into the building and that you get credit on your subscription.

Be Sure to Vote

TO THE CITIZENS OF OCHILTREE COUNTY:

I wish to take this opportunity to submit the following citation, asking only that you read it, and "Think" before you vote. I would like to be your next Sheriff, Tax Collector, and Assessor and solicit the support and vote of all citizens.

I want to express my gratitude for the generous support that I have received in the election 2 years ago, and invite the help of all that believe in and want good law enforcement.

As a candidate I am not obligated to any individual or group, and want "all your vote and support I can get" and all with the understanding that I expect to enforce the Law impartially and to the best of my ability.

I will make every effort to see you before the July 22nd Primary. However if I miss seeing you during this campaign, I will appreciate it if you will accept this letter as my personal solicitation for your support and vote.

I am familiar with the duties of this office and problems which have arisen and are likely to arise in the future. When elected I will be on duty and subject to call at any time. I believe in sound judgment and honest Law enforcement.

It will be my aim to cooperate with city officials and other law enforcement agencies to better serve the entire county on a business like basis.

I am asking you, the citizens of Ochiltree County, to give me a chance and I will make you a good official.

Thanking you in advance for your active support and vote July 22, 1950.

Yours very sincerely,
Rolland Shearer

Ben Ramsey Is Sure of Victory In Primary Race

Ben Ramsey wound up his campaign this week for Lieutenant Governor among his old friends and neighbors in the piney woods of East Texas. Ramsey predicted at Lufkin, in the heart of his old Senatorial District, that he would lead the ticket Saturday by a substantial majority.
"My opponents are fine men," the tall East Texan said, "but the people will vote for me because I am the candidate with the most experience. Our citizens need and demand the sound judgement and technical know-how that only experience can provide."
Ramsey traveled extensively all over the State talking to the folks at the forks of the creek. "The people know that I understand their problems," Ramsey said, "and my record proves that I will fight to serve their interests."
With radical forces on the march throughout the world," Ramsey continued, "this is the time that Texans most need a steady hand at the helm."

TEXANS IN WASHINGTON

By TEX EASLEY
(P) Special Washington Service

WASHINGTON (P)—Those pulp true romance magazines have nothing on the slick paper, fine print report issued by the House Judiciary Committee in recommending passage of a bill to permit legal entry into the United States of Hisae Kawauchi Kelly.

The 33-year-old Japanese young woman was married in a Christian ceremony to Corporal Richard C. Kelly, about 28, of Dallas. He is the son of Charles C. Kelly of 3004 Douglas St., Dallas. The bill was passed by the House without opposition and is expected to go through the Senate soon and on to the White House for President Truman's signature.

The story of the romance is told by Corporal Kelly in a letter asking the help of Rep. J. Frank Wilson of Dallas in getting immigration laws amended so he could bring his wife home some day.

"Our meeting was accidental," he said. (The letter was published in the committee report.)

"A buddy of mine was taking his girl friend to the opera, and he asked if I would like to join them. Since I had been in Japan for only about two weeks, of course I jumped at the chance to see an opera in Japanese.

"Neither my buddy nor I knew that his girl friend would bring Hisae. Since then we have been together almost every day. I guess the first thing we had in common was the same love for good music.

"I would like to say now that Hisae and I are plain, unpretentious people. We love the simple things of life. We have bridged the difference between our lives by patience and a real desire to learn of each other's ways. She could only speak a few words of English when I

first met her, so most of our conversation came out of an English-Japanese dictionary. However, she now has a good working knowledge of English and is improving every day.

"At first, I was not allowed to be with her alone. I went with her about two months before I could take her out alone. All this time we were just good friends; just two young people who found enjoyment in each other's company. Shortly after we began going places alone, we knew our relationship was beginning to mean more than just a casual friendship. We also knew that there could never be anything between us except love of the highest and purest kind.

"At this time I was asked to meet her parents, which I did, and was a guest in their home many times. I spoke to her parents of our love, and they gave their approval. Knowing Hisae's age, you may think it rather strange when I tell you she has never been married or had courtship before."

He then told how Hisae had lost her job with a chemical company because she was keeping company with an American soldier. She had the choice of giving up one or the other.

"All our world seemed to be falling on us just because we loved each other," Kelly continued.

"The Army, I knew, would not marry us. They are rather cold about this sort of thing.

"In time we went to the Rev. Hinohara of the Tamagawa Heian Church with our troubles. (The pastor formerly was president of Hiroshima College for Women and general secretary of the United Church of Christ in Japan.)

"He agreed to perform a holy ceremony for us, so before our God in a House of the Lord and before witnesses we were united in holy matrimony Feb. 4, 1950. It was for us only to be united in the eyes of our Lord until we

could get the right to go through it again by the laws of my country.

"This month we learned we are to have a child late this year. Yes; it would have been better if it could have waited, but we believe it is God's will. Hisae has been a Christian since childhood, and consequently her moral character is of the highest nature.

"So, Mr. Wilson, that is my story. My father and friends in

Dallas know and have informed me they are with us and will do all they can to help. Please, in God's name, do all you can to help us."

Kelly said he had been in the Army six years and intends to remain in the service.

Miss Evelyn Smith, daughter of Elder and Mrs. M. W. Smith, visited here during the last week. She returned to Dallas Saturday.

In this case **FEELING IS BELIEVING**

No, the eye does not tell everything—not in this instance. True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, unbroken, as Dynaflo Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it

tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel for yourself, and we're delighted to help you do so.

Your Buick dealer wants you to know about ROADMASTER firsthand—wants you to drive it, try it, feel it out.

It doesn't cost a cent to arrange such a trial. It can do a lot toward opening your eyes to the day's highest standard of fine-car feel and fine-car action—not to mention "why pay more?" prices.

How about seeing your dealer right away?

LaMaster Needs Our Vote

We've never heard anything quite so ridiculous as the rumor being spread around that a vote for Pete LaMaster is a vote lost and that people in the 18th Congressional District should vote for one of the other three candidates.

To us, that's an admission of Pete's gaining strength. It's an old political trick, to circulate a whispering campaign like this at a late date, in an effort to wear away the votes of those who like to be "on the winning side."

The winning side will be those who vote for Pete LaMaster. Those who have worked for Pete in the 18th Congressional District report that he has gained tremendously since the May 6 special election. No longer do people ask who LaMaster is—they all know. The people of Ochiltree, Hansford, Lipscomb, Hemphill and Roberts county know, too. They gave him 2,273 votes to only 653 votes for the other three opponents who faced him in the Saturday election.

It is the responsibility of those who voted for Pete in the May 6 election to go to the polls Saturday and vote for him again. It is the responsibility of those interested in having a Congressman without any campaign ties or obligations—a Congressman who will work in the best interests of ALL the people—it is our responsibility to vote Saturday and give him our utmost support in the Democratic Primary.

BUSINESS HITS HIGH—Business activity in Texas hit an all-time high in May 1950. The University of Texas Business Research index for May stood at 213 per cent of the 1935-39 period, with an overall 6 per cent gain from April. Urban building permits adjusted for price changes advanced 51 per cent from April to stand at 584 percent of the prewar level. Crude oil production increased 5 per cent, electric power consumption, crude oil runs to stills, and industrial power consumption gained 3 per cent, and retail sales rose 2 per cent from the month before.

Wolf Creek Philosopher Finds Lazy Way to Enjoy Swimming Hole

(Ed. note: The Wolf Creek Philosopher has reached another peak of laziness this week, in describing the way he enjoys swimming.)

Dear editor:

When the weather gets as hot as it's been lately and a man feels about as productive as a washed-out hillside, a thinkin man slows down and cools off.

If you work in town, it's possible to cool off and keep workin. If your store is air-conditioned, and while some people may call that progress it don't strike me that way. There's a little difference all right between bein hot and workin and bein cool and workin, but not much. It's still work, hot or cool. A chunk of ice is just as heavy and just as much work whether you pack it around in the summer or the winter. Personally, I favor the method that lets you cool off and loaf at the same time.

Consequently, a thinkin man takes off and goes swimmin on days like we been havin around here, even if the water in the creek is kinda muddy. A swimmin hole is a poor man's air-conditioning system, with the advantage that there ain't much farmin you can do at the same time and you blame sure can't run a addin machine or sell dry-goods.

However, I have seen lots of people who don't even know how to conserve their energy when they're swimming. Flail their arms around and kick and splash and make work out of what ought to be sheer rest.

My favorite swimmin place is in a bend of the creek where the water runs swift over a sand bar, on account of I'm able to stretch out and let the water rush over me, which is the same effect as lashin out with your arms and legs and don't take near the energy. If the effect of movin through the water is what you're after, why not let the water do the work, I say. People waste too much energy. They don't take advantage of situations.

I know lots of men who have made money by goin out after it, but I also know a lot who have made even more by sittin still and lettin it come to em, and the latter generally do it in air-conditioned comfort. I tell you, it makes a man pause, and if there's anything I like to do it's to pause.

Yours faithfully,
J. A.

Shivers Asks All Citizens to Vote Saturday

Allan Shivers this week concluded his campaign for a term of his own as Governor of Texas by urging all citizens to go to the polls Saturday and vote in the Democratic primary.

"The final test of democracy always comes at the polling places on election day," Governor Shivers said. "The people cannot expect to have representative government unless they participate in choosing the men to represent them. The international crisis should intensify, rather than decrease, popular interest in this fundamental process of democracy, for it is on behalf of a democratic way of life that our boys are fighting in Korea."

The Governor, seeking his first elective term, has conducted his campaign without the usual political fanfare. He has made numerous public appearances at

community affairs over the State but has made virtually no political addresses. His principal concern has been to talk with and listen to the people of Texas in order to determine what they want and expect from the Sixty Government.

In his talks at public meetings and on the radio, Governor Shivers has stressed the need for economy in Texas.

"By this," he has explained, "I mean economy of money, economy of our soil, economy of water, and economy of human resources. That platform, if it may be so labeled, covers a lot of ground, and I believe in it."

Early Half Farm Income Livestock

STATION—Twenty years ago only about one per cent of the agricultural income came from livestock. Today an 45 percent of the agricultural income comes from that source, says C. H. Bates, extension farm management specialist of Texas A. & M.

situation, coupled with that more than one-third of the farms in Texas are operated by tenants, is creating a great need for a practical long-term lease or rental agreement. Both landlords and tenants, says Bates, are interested in working out long-term arrangements that will prove beneficial to both. In such items as the division of the initial cost of the animals, the division of income from livestock, the division of the costs of improving pastures, soil, and crop and the like. Then comes the question of providing additional equipment in the form of fences, water facilities and other equipment needed on most tenant farms before the live-stock enterprise can really be carried to the best advantage.

Bates says both parties realize that through necessary livestock rental contracts for several years. The equipment and can be spread slowly and this will spread the expenditures over a long period and will not necessitate the borrowing of large amounts of money to get the business going. It is usually a growth into a new enterprise if other things are equal, the experience and information gained during this growing period often means the difference between success and failure, says Bates.

Recently, Bates points out that the kind of agreement will depend to a great extent upon the individuals making the contract. The important item is to make the agreement and arrangements on a sound and practical basis. Both parties should profit from the rental contract not only financially but from more security and the greater satisfaction given the contracting parties comes from the actual partnership that must exist if the arrangements are to be equitable.

Bates says that several different types of rental agreements are now being tried in the field and that county agricultural agents are working with landlords and tenants trying to work out on the ground the best and most mutually beneficial contracts possible.

Bates believes that the forward-looking tenant as well as the landlord realizes that soil fertility must be improved, more water conservation practices be used and better use must be made of the products raised on the farm. Greater production per man and per acre along with higher prices are the answer to a stable and prosperous Texas agriculture, he says.

Burmese Knuckle Down

RANGOON (AP)—There's money to be picked up from off the city's streets if one is a straight shooter—of marbles. Marble shooting is the newest daytime hit to hit cosmopolitan Rangoon. It was introduced by bored gamblers while awaiting the clock to show the home-going hour. And everybody's doing it.

The law forbids gambling on the street, but police don't interfere with the players. They're shooting marbles too.

Modern Home Buyers Get Breaks

CHICAGO (AP)—If you don't think it's easy to buy a home today, consider Grandpa's day. The United States Savings & Loan League, citing current interest rates of 4 1/2 to 5 per cent—per cent for veterans—points out that in 1900 the typical rate was 8 to 10 per cent.

From 1900 to 1925 the usual mortgage expired in one to five years. Today terms run 15 to 20 years and in some cases 25 and 30 years. In the old days the borrower was expected to pay the principal of the debt on the expiration date. Today principal and interest are paid off in equal monthly installments.

Mr. and Mrs. F. L. Gerard and Dianne left Monday for Ranger, Texas, to be with her mother, who is seriously ill.

Bascom Giles Reports to State Tonight

State Land Commissioner Bascom Giles will report to Texans upon the development of the state public school and university lands Thursday at 7:15 p. m. His address will be broadcast over a special network of 22 stations.

Giles, under whose direction the two school funds have passed the staggering total of \$250,000,000, seeks re-election to the office he has held since 1938.

Giles' radio report will also discuss the "tragedy of the tidelands," the fight by Texas to retain possession of oil-laden submerged lands adjacent to the Texas coast. Giles, first state official to urge Texas action to hold these valuable properties, has been in Washington often pleading the cause of the Lone Star State.

In his radio address Commissioner Giles will also report on the development of the \$25,000,000 Veterans' Land Program, which he originated and sponsored, and will discuss his plan to expand the present program. One of the few state elected officials to "come up from the ranks," Giles has spent 30 years in the General Land Office. In 1938 he made his first political campaign, winning over a strong field in a stunning upset and has never had serious opposition since. Two years ago he won easily over three opponents without a runoff.

Father of two sons and proud of two young grandchildren, Giles comes of a respected and venerable Texas family. His family

ity went on the garden tour Friday.

Mr. and Mrs. Ralph Pattison visited in the home of Mr. and Mrs. Clyde McGarraugh Sunday. They also visited with Mrs. Morris Wallace and children of Denver, Colo. The Pattisons also called on the A. W. Pattison family.

Mr. and Mrs. Fred Pshigoda and sons visited in Shattuck Sunday.

Martin McCarty is in the Shattuck hospital.

Regna LaMaster of Whitesboro, Texas, is visiting Kay Tandy Judice this week.

Miss Kay Gill of Miami is visiting her grandparents, Mr. and Mrs. Charlie Trew.

Lynn, Glynn and Terry Pattison spent Monday night with their grandparents, Mr. and Mrs. B. L. Barnes.

Lipscomb Association Sets Annual Fair for Sept. 28-29

LIPSCOMB — Sept. 28-29 are the days set for the annual Lipscomb County Fair at a meeting of the fair association members Friday at Lipscomb.

Each home demonstration club will be responsible for a booth at the fair, and each of the county's 4-H clubs will have exhibits.

Horse racing is an added attraction being considered for this year's fair, and more stress will be placed on thoroughbred livestock.

A list of the exhibits will be published in the near future.

All officers of the fair association were re-elected at Friday night's meeting. They are: President, R. H. Cowan of Lipscomb; president, Warren Jenkins of Higgins; secretary, Martin Goss-

DAVE SHANKS

FOR COUNTY JUDGE OF OCHILTREE COUNTY

It's election time again, and though I have no opponent I want to express my appreciation of the confidence that the Ochiltree County people have placed in me for the nearly 37 years I have served them in varying capacities.

In all the time that I have served you I have tried to be a good public official and a good private citizen, for I don't think a person ought to surrender his right as a private citizen because he enters politics.

Politics is a rough game at best for, it cuts right across lines of business, friendship, social and civic activities. Experience has taught me that to run that gauntlet and come out unscathed is impossible. Despite such it has always been my aim to render fair, honorable and impartial service to all people alike.

I have friends among every element of people, the high, the low, the rich, and the poor, regardless of their race, politics or religion, and to those friends I must ring true by making an honorable and faithful public servant.

Regardless of friend-or-foe, I've rendered at all times such service and accommodation as I could. This policy I expect to continue, as it certainly is the right principle and a good policy, and if it happens to be good politics don't blame me.

It is not easy to be an impartial public servant when official duty is bound to conflict with personal wishes of your friends. Neither is it easy to hold a steady course when pressure groups become active.

OCHILTREE COUNTY STILL STANDS in the top bracket of well administered counties in all the State, and as your County Judge I expect to do my full part in keeping it there.

DAVE SHANKS

P. S. Although I have no opponent, you guys in Hansford, Ochiltree, Beaver and Lipscomb counties come on over and get your four-bits as usual, for I don't want you to get out of the habit in case you are needed in the future.

SALT PLEASE.

THE TEXAS POLL: Only Loyal Democrats Should Be On Ballot, Voters Say

By JOE BELDEN

AUSTIN, Texas—The position taken by the State Democratic Executive Committee that only loyal party members should be allowed to seek office under the party banner has the support of a majority of rank and file Texas Democrats.

But the committee cannot count on a majority to back up its fight against State Agriculture Commissioner J. E. McDonald, because many party members have never heard about the controversy.

Recently the committee tried to bar McDonald from running in the July 22 Democratic primary on grounds he was not a loyal party member. The Texas Supreme Court decided, however, that McDonald was entitled to have his name on the ballot. The court held in effect that it was a question for the voters to decide whether or not McDonald was a loyal Democrat.

The fight centers over the fact that McDonald supported Republican candidates for President in 1940, 1944 and 1948. He has pledged himself to vote for the nominees of the July 22 primary. But he will not commit himself in advance to support the Democratic nominee for President in 1952.

A few days after the court announced its decision, The Texas Poll put these questions to a statewide cross section of qualified voters:

1. "Do you consider yourself a Democrat, a Republican, or an independent voter?"

2. "Have you heard or read about the fuss between J. E. McDonald, the state agriculture commissioner, and the Texas Democratic Executive Committee?"

3. "Do you think a person who supports Republican candidates for President, but votes for Democratic candidates for state offices, should be allowed to run as a Democratic candidate himself?"

The results below are based on only those who profess to be Democrats (71 per cent of the voters interviewed). All who said they had heard or read about the controversy are classified as "informed"; those who sided with the committee are classified as "loyalists."

Classification of Democrats: Informed loyalists 31% Informed non-loyalists 22% Informed but neutral 4%

Total who have heard or read about the controversy 43% Uninformed loyalists 27% Uninformed non-loyalists 11% Uninformed and neutral 5%

Total who have not heard or read about the controversy 43% Grouping the "informed" and "uninformed" Democrats, you can see that 58 per cent favor the loyalist position. But the Democratic Executive Committee can count on only 31 per cent effective support from its party members because the rest either are uninformed or don't agree with the committee.

Also to be taken into account in the controversy are the views of independent and Republican voters who may cast ballots in the Democratic primary. Fifty-five per cent of these said they favor allowing a supporter of Republican presidential candidates to run for office on the Democratic ticket.

Lipscomb Fete Set for July 25

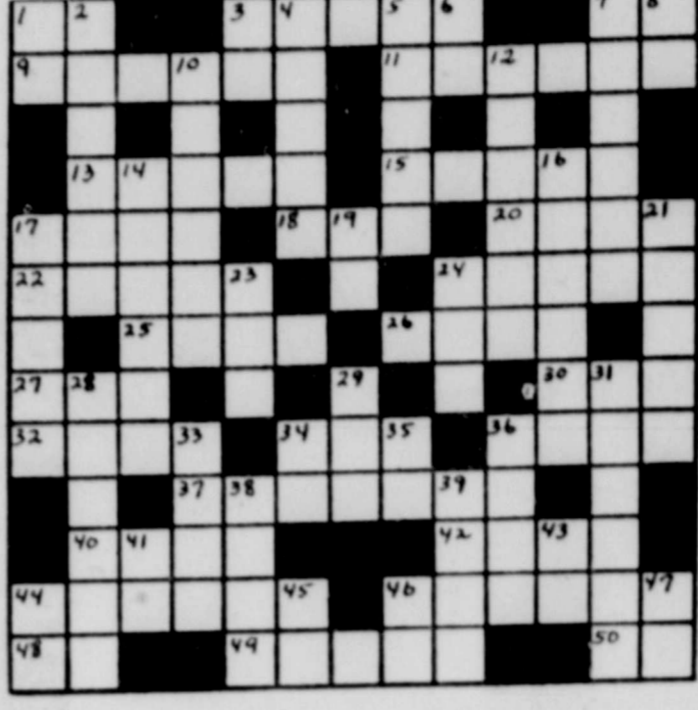

LIPSCOMB—The courthouse lawn at Lipscomb will be the scene of the 4-H club and home demonstration club picnic Tuesday, July 25 at 6 p. m.

The program will feature members of 4-H Clubs, home demonstration club members and J. B. Linn ("Uncle Jay") of the Radio Station KGNC staff.

All 4-H Club and home demonstration club members and their families are invited to attend. All other persons interested in the Extension Program are also invited. Each family will bring a basket supper, silver and dishes for their family and guests.

A 4-H club girls baking show is scheduled to be held in connection with the picnic.

U. S. Collegians to Dance in Yugoslavia

PITTSBURGH (AP)—Duquesne University's Tamburitzans are enroute to Yugoslavia to show the people that Yugoslavian culture is part of the American way of life. The folk song and dance ensemble also will get a chance to check up on the authenticity of their offerings—on the home grounds of the peasant folk songs and dances.

The U. S. Army invited the group to present programs before American military forces in Germany, Italy, France and Austria during a second month. At the end of those performances, the Army will fly the college boys and girls back to the States Aug. 18 in time to start the new school year.

Korean Veterans May Have NSL Premium Waived

American servicemen totally disabled during the current fighting in Korea may be eligible to have their National Service Life Insurance premiums waived, if their total disability lasts six consecutive months or longer, according to an announcement made today by Robert W. Sisson, Manager of the VA Regional Office.

The waiver would go into effect, upon application, after the six-month period was over, and would remain in effect as long afterwards as total disability continued.

The waiver provision is not confined to those suffering total disability in action in Korea. Veterans who hold NSLI are eligible for waiver of premiums, if they become totally disabled before age 60 and while their policy is in force and remain so for at least six straight months.

Total disability, as defined in an NSLI policy, is "any impairment of mind or body which continuously renders it impossible for the insured to follow any substantially gainful occupation."

Waivers of premium payment are not granted automatically; instead, application to VA must be made—if possible, immediately following the six consecutive months of total disability. A person who applies for waiver of premiums should continue

Merton Smith Home at Farnsworth Is Scene for Sharpless-Doores Wedding

The Merton Smith home at Farnsworth was the scene July 14 for the wedding of Billie Jo Sharpless and John Kenneth Doores. The bride is the daughter of Mr. and Mrs. Merton Smith and the groom is the son of Mr. and Mrs. Ed Doores of Farnsworth.

J. W. McKinney, minister of the Perryton Christian church, performed the ceremony on the lawn of the Smith home, with a flower garden as the background for the double-ring ceremony.

The bride wore an ice blue crepe street length dress with coffee colored accessories. It had a roll collar, three-quarter sleeves and a full skirt. Her corsage was five white baby orchids flecked with brown.

Mrs. Dudley Hargrove was matron of honor. She wore a white, street length silk shantung dress and had an orchid corsage.

Marvin Smith was best man. The bride was given in marriage by her father.

For her daughter's wedding, Mrs. Smith chose a black sheer with a shasta daisy corsage. Mrs. Doores, mother of the bridegroom, wore a black crepe dress with a lavender carysanthemum corsage.

Following the wedding, a reception was held at the Smith home. The bride's table was centered with a three-tiered wedding cake. Peach and ivory gladioli and lavender snapdragons decorated the lace-covered table which was flanked by tall ivory tapers.

Mrs. B. H. Peckenpaugh and Mrs. Herman Hargrove, aunts of the bride, presided at the serving table and helped with the hostess duties.

For a wedding trip to Amarillo the bride wore a coffee colored skirt with a blue blouse.

The couple now make their home in Farnsworth.

The bride is a graduate of Perryton high school and grew up in the Farnsworth community.

The bridegroom is a graduate of Walla Walla high school in Washington, where he is an outstanding track star. He is associated with his father in the contracting business.

In addition to the wedding party, guests included Mrs. Marge Black, Mr. and Mrs. Charles Peckenpaugh, Mr. and Mrs. Carl Carter, Mrs. Lorena Kutch, Mr. and Mrs. B. L. Rogers, Mrs. Bill Bridges, Miss Nell Peckenpaugh, Mrs. Kenneth Kutch, and Mrs. Dudley Hargrove.

Also Billy Conner, Mr. and Mrs. Ray Chase, Mr. and Mrs. Dean M. Boyd and daughter Miss Peggy of Beaver, Okla., were the attendants to the couple. Mrs. Boyd is a sister of the bridegroom.

The bride is a graduate of the Perryton High School, class of 1948, and for the past two years has been employed as a nurse at the Perryton Hospital.

The bridegroom attended the Perryton High School, and after serving in the Navy, received his discharge February 1946. He is now employed at the Booster station at Gray, Okla.

The couple are at home in Perryton.

Balko Baptist Girls Enjoy Camping Trip

BALKO—The Y. W. A. girls of the Balko Baptist church went on a short camping trip last Friday near Woodward. Mrs. Lulu Mae Renfrow and Mrs. Marie McGlamery sponsored the group.

A chicken dinner was served at Crystal Beach.

From 2:30 p. m. to 4:30 p. m. there was a study of "The Prophet of Little Cane Creek." At the close of the study course, Wanda Nichols led the devotional. The girls then went to Boiling Springs to swim.

At 8 p. m. a supper consisting of hamburger, potatoes, onions and carrots wrapped in tinfoil and cooked over a campfire was served to the group. They spent the night camping out.

The girls enjoying the trip were Misses Betty Wahl, Ollie Wood, Geneva Lane, Patricia Cornell, Dorothy Cornell, Wanda Nichols, Carolyn McGlamery and Marolyn McGlamery.

Informal Ceremony Unites Couple

In a ceremony marked by simplicity and quiet dignity, Miss Bernadine Buxton, daughter of Mr. and Mrs. Walter Buxton of Perryton, became the bride of Ernest Barclay, son of Mr. and Mrs. Ray Barclay.

The vows were exchanged at high noon, Saturday, July 8, in the Methodist Parsonage in Clayton, N. M.

The bride chose a suit of Copenhagen Blue Cabardine with a blouse of white nylon. Her accessories were navy and white, and she wore a corsage of white carnations.

Mrs. Al Boyd and daughter Miss Peggy of Beaver, Okla., were the attendants to the couple. Mrs. Boyd is a sister of the bridegroom.

The bride is a graduate of the Perryton High School, class of 1948, and for the past two years has been employed as a nurse at the Perryton Hospital.

The bridegroom attended the Perryton High School, and after serving in the Navy, received his discharge February 1946. He is now employed at the Booster station at Gray, Okla.

The couple are at home in Perryton.

Taylor-Harlan Wedding Vows Said On July 16

The wedding of Miss Mary Ruth Taylor and Robert Lee Harlan, III was solemnized Sunday, July 16, at 3 p. m. in the home of Mr. and Mrs. Louis Bryan, 814 S. Baylor. The bride is the daughter of Mr. and Mrs. J. C. Taylor of Perryton and the bridegroom is the son of Mr. and Mrs. R. L. Harlan of Skellytown.

Judge Dave Shanks performed the wedding ceremony. Miss Joan Bryan was maid-of-honor and Tommy Pletcher was best man.

The bride wore a white nylon street length dress with a lace yoke and had a pink rose corsage.

After a wedding trip to Red River and Taos, N. M., the couple are at home at E. Brillhart avenue in Perryton.

The bride was reared in this community and was graduated from Perryton high school with the class of 1946.

The bridegroom, a member of the Perryton school faculty last year, graduated from West Texas State College in 1949. He is currently employed by Tommy's Laundry and Dry Cleaning Service.

Mrs. George F. Simmons, Amarillo, is visiting in the home of her sister, Mrs. Paul Loftin.

The American Bakers Association estimates production of bread in the United States at more than 14,500,000,000 loaves a year.

MRS. BOYCE BOX

L. Louise Pugh Weds Boyce Box In Impressive Home Ceremony July 9

In an impressive home ceremony on Sunday afternoon, July 9, L. Louise Pugh, daughter of Mr. and Mrs. T. O. Pugh, 4210 Gem Lake Road, Amarillo, became the bride of Boyce Box of Amarillo, son of Mrs. Zelma M. Box of Waco.

Rev. Carl Bates, pastor of the First Baptist Church, read the double-ring service in the home of the bride's parents. Decorative appointments, featuring an all white theme, included candelabra flanking the mantel and a background of green leaves in front of the fireplace with white gladioli on the mantel and in front of the leaves. White flowers were used throughout the house.

Glen Truax, violinist, and Mrs. Truax, pianist, played several nuptial selections as a prelude and "At Dawning" while Mrs. Robert Schuster and Mrs. Clarence Lewis lighted the candles. Miss Elizabeth Allen sang "O Promise Me" and "The Lord's Prayer." The traditional wedding marches were used for the professional and recessional.

Mrs. Schuster and Mrs. Lewis, both of Perryton, wore white formal gowns with headbands of white tulle trimmed in baby breath.

Attending her sister as matron of honor, Mrs. John C. Daniel of Perryton was attired in a white net gown with matching mits. Her halo was of white tulle and she carried an arm bouquet of white daisies.

Cloyce Box of Waco was his brother's best man. Serving as ushers were Delos Pugh, brother of the bride, and Glen Braden of Canyon.

Given in marriage by her father, the bride was attractive in a gown of white net, designed with a tucked bodice, trimmed in white lace. Her mits were of matching net trimmed in lace and her headpiece was a white tulle calot. She carried an arm bouquet of gardenias centered with an orchid.

For her daughter's wedding, Mrs. Pugh chose a black sheer dress with matching accessories and a white gardenia corsage.

back hall in the home permits entrance into any room except the dining room without passing through another room. A grade A dairy barn was the center of interest at the Earl Schwalk home. Another feature observed at the Schwalk farm was a clean, well-ventilated brooder house which housed more than 200 broiler-sized chickens. Refreshments of bottled soft drinks were served at the Schwalk home. Continuing south the tour stopped at the home of Mr. and Mrs. B. S. Roberts where the wind break which protects the north, west, and south portions of the farm was observed. The Robert's garden also won the admiration of members of the tour. From the Roberts farm, the group drove to Wolf Creek where Mr. and Mrs. J. H. Callihan and Mr. and Mrs. Walter Daniels met the party and directed them to a point where picnic tables and benches had been provided. They also served iced tea, and hot coffee to members of the group who spread the picnic lunches. Because Wolf Creek was "up", cars could not cross to reach the Daniels home. Members of the party were transported across the creek in pick-up trucks driven by Mr. Callihan, Mr. Daniels, and Glen Roy Callihan. Here members of the party inspected the beautiful modern ranch home and well-kept grounds.

To Story Hour**

Thirty-one children and six women were present for the initial meeting of the Story Hour sponsored by the Woman's Christian Alliance.

The Nazarene Church was the sponsor for the meeting, which was held on Friday, July 7. The Bible Stories and Character Story were told by Miss Lois Sherman and Mrs. Johnnie Ferguson. Refreshments were served to all present.

On Friday, July 14, there were 60 children and four women present, with the Mennonite church entertaining the group. Miss Margie Pletcher and Mrs. Richard Showalter were the story tellers and served the refreshments.

The Story Hour will continue each Friday from four to five o'clock until the Fall School term begins, and all children, six to ten years of age are invited to attend.

Following are the host churches, and the date they entertain: Lutheran Church, July 21; First Christian Church, July 28; Methodist Church, Aug. 4; Church of the Brethren, Waka, Aug. 11; Peoples Chapel, Aug. 18; Full Gospel, Aug. 25; Baptist, Sept. 1.

Mrs. Afvie Hale, Mrs. W. B. La-Masop, Mrs. Byri Hardy, Mrs. Corwin Trooper, Ruth Tindle, Mrs. Marvin Groves, Mrs. J. R. Stump, Mrs. Warren Gum, Mrs. B. R. Pletcher, Mrs. Del Taliaferro, Mrs. Harry Rhetmer, Mrs. Earl Schwalk, Mrs. Allen Waggoner, Mrs. J. O. Cook, Mrs. C. U. Pope, Mrs. H. N. Elledge, Mrs. Carl Philipp, Mrs. Wm. Flowers, Mrs. Robert Barlow, Mrs. Robert Thurman, and Mrs. Billy Sanders.

Also attending were Miss Doris Leggett, district home demonstration agent, Mary Watson Jones, Ochiltree county agent, Mozelle Parr, REA home economist, and approximately fifteen children.

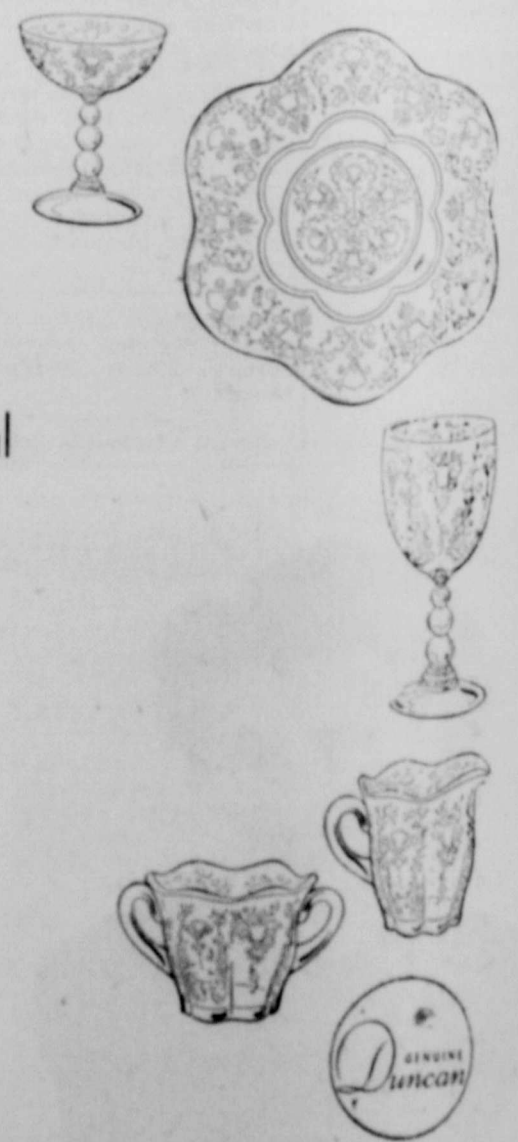

MRS. KENNETH McLAIN is shown in her backyard which was one of the points of interest for sixty-five home demonstration club women who made a county achievement tour Friday. The luxuriant backyard lawn was of particular interest to members of the tour.

Wide Open Grid Play For 1950

DALLAS—Bud Wilkinson, producer of those great football teams at Oklahoma, thinks the 1950 season will see more wide-open play than ever.

"It will be a fine season for the spectators and a bad season for the coaches," he predicted during a visit in Dallas where he addressed the University of Oklahoma alumni. "I think even the teams that have great reputations as forward-passing outfits will be passing more than ever."

Comparative inexperience of youngsters who are replacing the war veterans will add to the excitement as they err in judgment and execution of their assignments, Wilkinson says. "Most colleges lost the last of their war vets after last season,"

Saturday Is Bad In London Traffic

LONDON (AP)—Saturday is the week's worst day for traffic accidents in Greater London. Friday is worst for pedestrians and Monday for cyclists. This is brought out in a report of Sir Harold Scott, police commissioner, on the 28,276 accidents that happened last year on the streets and roads of the 734-square-mile metropolitan police district.

Five hundred sixty five people were killed—38 more than the year before—and 32,319 hurt. The dog, often said to be man's best friend, was held wholly or partly to blame for 474 of the casualties.

he says. "These boys were older than the ones we must now depend upon and many of them had played the equivalent of two or three college seasons with service teams."

Wilkinson, who lost 19 seniors off his Sugar Bowl championship squad, says Oklahoma had an excellent spring training.

MOTHER INSTINCT—Sissy, 3-year-old Pekinese, has gone to the cats. The dog, owned by Mr. and Mrs. Guy Barley of Berger, now is mothering four small kittens, Tommie, the mother cat, isn't happy at all about the situation, but Sissy won't let her anywhere near the offsprings. Sissy never has been a real mother, but seems to take her duties in a maternal fashion. (AP Photo)

THE TEXAS POLL Race for Lieutenant Governor Still Remains A Toss-Up; Shivers Leading for Governor

By JOE BELDEN
Director, The Texas Poll
Copyright, 1950

AUSTIN, Texas, July 19—One week before Saturday's election, the race for lieutenant governor was still a free-for-all.

Among voters who had a choice, Pierce P. Brooks of Dallas was leading eleven other candidates for the Democratic nomination. But only half of the voters had made up their minds. Therefore it is impossible to predict the outcome of the lieutenant governor's race.

In the race for governor, however Allan Shivers is reasonably certain to receive a majority of the votes in Saturday's election. The latest statewide sampling

survey by The Texas Poll, conducted July 10-14, showed 73 per cent of the voters favoring Shivers. Twelve per cent were undecided. Nine per cent voted for Caso March of Waco, and the other six per cent were divided among the lesser candidates.

For lieutenant governor Brooks was favored by 18 per cent. But 51 per cent of the voters questioned had no idea who might be the best candidate for this office. It is purely speculative how these may divide it and when they vote in Saturday's election.

The results of the July 10-14 survey were substantially the same as the findings of an earlier survey, June 26-30. Among

voters who had a choice, Brooks was far in the lead, with eight of the other candidates fighting it out for second place.

Any of these may take second place: Roger Q. Evans of Denison, Preston E. Smith of Lubbock, W. O. Reed of Dallas, Virgil E. Arnold of Houston, G. C. Morris of Greenville, Ben Ramsey of San Augustine, Kyle Vick of Waco, or Fred Red Harris of Dallas. Each one received three, four, or five per cent in the latest poll. Because of the statistical margin of error inherent in all sampling surveys, it would be misleading to rank the runners-up.

Three other candidates in the lieutenant governor's race—Cy-

TRUAX LAKE—The lake south of the Omar Truax farm has grown in the past two months until it's uncomfortably close to the farm buildings. This aerial photo shows how it looks from the air. Located just north and west of Farnsworth, the lake filled considerably during the heavy rain Monday night.

clone Davis Jr. of Dallas, R. B. McAshan of Kerrville, and Peyton E. Womack of Austin—received only one per cent each in the poll.

The latest poll is based on interviews with a statewide cross-section of 500 qualified voters. The interviews were distributed so as to give proportional representation to qualified voters of all walks of life in all parts of Texas. Ninety-seven trained interviewers helped to conduct this survey in large cities, in small towns, and in rural areas.

Once a team leading a baseball league on July 4 was the team most likely to win the pennant. But that was back when the 3-2 score was commonplace, not an oddity as now.

Of Texas' seven professional baseball leagues, there's only a couple that you could be safe in figuring that the July 4 leader would end up with the pennant—regular season that is, not the championship as determined by the Shaughnessy playoff.

Fort Worth should finish first in the Texas League, senior circuit in Texas. The Cats held a seven and one-half game lead over Tulsa after games of July 4. And they have the stuff to keep—and increase—this margin.

Gladewater is another team that might be a safe bet to retain its pace-setting position. The Bears after July 4 held a four and one-half game edge in the East Texas League. A club loaded with talent sent down from Dallas of the Texas League, it should hold its position.

But it is a different tale in Texas' other Leagues.

Odessa had the top spot in the Longhorn League on July 4. The Oilers have Roswell and Big Spring as chief contenders. Either could beat them out.

Crowley topped the Gulf Coast

League, but Jacksonville might be a better guess as to this class C loop's pennant winner.

Lubbock was ahead after games of July 4 in the West Texas-New Mexico league. But the standings in this circuit change almost nightly.

Harlingen and Corpus Christi dominate the Rio Grande league.

It just happened that Harlingen led by a game after July 4.

Texarkana had a comfortable margin in the class B Big State League when the holiday ended. But Gainesville, another Dallas farm club, and Wichita Falls make the Bears' ultimate position in the standings a large question mark.

No matter which team finishes on top at the end of the regular play, it can't claim the championship. Each of Texas' League

Four Teams Entered In Booker Baseball Tourney August 4-6

By GLEN LEMON
Plans have been made for the annual Booker Tournament to be held August 4, 5 and 6 during Booker's Birthday Celebration. The tournament will be a three-day affair with a double-header on Friday, a single on Saturday and a seven-inning tilt on Sunday. The teams to be entered are Perryton, Dumas, Waka and Follett. The tournament will be held at the Perryton baseball field.

place receiving \$50.00, second place \$25.00, third place \$15.00, and fourth place \$10.00. All games in the tournament will be seven-inning ball games except the three o'clock game Sunday afternoon which will be a regular nine-inning game as it is being played for first and second places.

Admission charges will be the same as usual, according to Marion Mounsey, manager of the Booker Town Team baseball club, with 50c for adults and 25c for school-age children. All teams have been asked to respond promptly and be ready to start all games exactly as scheduled.

Booker Downs Beaver, 10-4

BOOKER—The Booker baseball team won its fifth straight victory in the Texas-Oklahoma Baseball League here Sunday when they defeated Beaver by a score of 10 to 4.

Bob Mounsey, pitcher for the Bookers, was the main advantage over the Oakes. Bob pitched the entire game and allowed only six hits, 1 earned run, and one man walked, along with 10 strike outs.

Beaver scored in the first inning due to an error in left field for the Booker Club. The Bookers then came back and started rolling with a score of hits that lasted the entire game.

Booker's last three runs came in the last of the eighth when Max Comer blasted one over right field fence for a home run with two men on.

The next game for Booker will be at Follett Sunday, July 23, when they will attempt to add another win to their victory scroll.

The Follett club has won over the Bookers in two previous encounters thus far this season.

Legion Juniors Beat Dumas Friday, 6-5

The Perryton Legion Juniors trimmed the Dumas Roadrunners Friday afternoon at the local park, 6-5, in a NPAA senior game.

Gale Clark, winning pitcher, was nicked for 9 hits, but struck out 15 men.

Perryton went into a one-run lead in the first inning and stayed off an 8th inning rally by the visitors to keep their lead.

All-Stars Beat Baptists, 10-4

Before the largest crowd of the season, the powerful Baptist No. 1 team fell to a hard-hitting All-Star lineup Saturday night by a 10-4 score.

The All-Star team consisted of representatives from each of the other 7 teams in the league. It was an exhibition game with the winner of the first round of church league play, the Baptist No. 1 team, who had a record of 7 wins and no losses.

Billy Drake went all the way for the Baptists, giving up 10 runs and 10 hits. Of the ten hits six were for extra bases. Carter, Baptist No. 2, hit a double, Clubb of Balco, a double, Green of Spearman, a double, Mercer, Baptist No. 2, a double, Burkhardt of Mennonite-Nazarene, a triple, and Osborne, Methodist, a triple.

Three pitchers worked for the All-Stars. Gaunder of Baptist No. 2 struck out 8, walked 1, gave up two hits and two runs. Thrasher, Methodist, struck out two, walked none, gave up no hits and no runs.

Don Compton led the Baptists in hitting, getting 2 for 4. Mitch Murry and Billy Farrington each had 1 for 3.

The Baptist runs were scored by Good, Symons and Compton.

Soldiers Dig Up Treasure

RANGOON (AP)—There was gold all right "in them thar hills" for a Burmese army fatigue squad digging a gun emplacement at Kentug, Shan States hill town. It uncovered four gold containers, three gold bricks and several emerald-studded gold images of Buddha in the sun-baked hillside.

The treasure went to the Shan chieftain of Kenktung who ordered it to be preserved in a pagoda. It is believed to have been buried during the Japanese occupation.

Mr. and Mrs. Harold Hudson and Mrs. C. B. Rogers were in Dumas Monday afternoon to attend funeral services for Mr. Hudson's grandmother, Mrs. Lela Ownbey, who died Sunday night. Francis, the Army Mule, Stars In Donald O'Conner Picture

The picture, "Francis," started out to be a simple little comedy, but proved to be a laugh getter from its first preview. The story is all about an Army mule that talks and displays unusual intelligence, and comes to the Ellis on Tues. Thurs. July 25-27.

The idea of a talking mule may seem a little silly, but this mule takes it as a matter of course, and pretty soon the audience does, too. Especially since as the picture develops it is only the ridiculously stupid people in the cast who won't believe he talks.

And best of all, he talks good sober mule sense, mixed with some very useful information. The information is valuable and also very troublesome to Donald O'Connor, a young and very green second lieutenant fighting the Japs in Burma.

Starrett, Smiley Riding High In 'Texas Dynamo'

A gang of vigilantes, pledged to keep law and order, but who, instead stir up more trouble than ever before, are the tough hoppers that Charles Starrett and Smiley Burnette, his fun-loving singing sidekick, tangle with in "Texas Dynamo," which comes to the PerTex on Fri.-Sat., July 21-22.

When the vigilantes, led by John Dehner, start to go on a rampage, murdering and robbing in the little Colorado town of Beckton, Starrett feels it's high time to act. Impersonating the Texas Dynamo, a notorious, dead gunman, Starrett, aided by the bumbling Smiley, lashes into the gang and subdues them in short order. In so doing he unmasks Dehner's nefarious activities before lovely Lois Hall, who has been intrigued by that worthy.

'The Avengers' Brings Famous Hero to Screen

"The Avengers," swashbuckling romantic drama, comes to the PerTex on Sun. Tues., July 23-25, starring John Carroll and Adele Mara. It was inspired by the famous Rex Beach novel, "Don Careless."

The picture tells the story of the adventurer, Francisco Suarez, who pursues the bandit El Mocho from childhood, to see that his father's death is avenged.

Adele Mara plays Maria, beautiful daughter of the governor of the province, with charm and spirit. In addition to the exciting story, the film boasts lavish spectacle, with thousands of extras locked in mortal combat before the governor's palace, an unforgettable scene depicting the blessings of the fishermen; wild chases through the Argentine countryside.

Anthony Revival Opens Monday

NORTH SIDE UNDER WATER—This aerial picture, taken just east of the Community Public Service light plant on the north side of the railroad tracks, shows several blocks of residences flooded by the heavy rain Monday night. Several inches of water flooded some of these homes, and the streets were blocked off as impassable.

Water from nearby fields poured into this area and could not drain off. Citizens in this part of town attended the city council meeting Tuesday night, demanding that the city do something to drain the water.

Booker Legion Auxiliary Elects New Officers

BOOKER—The Booker American Legion Auxiliary held their election of officers Monday night, July 10, at the American Legion Hall.

Newly elected officers are president, Mrs. John Longhofer; vice-president, Mrs. W. E. Campbell; secretary-treasurer, Mrs. Russell Sell; historian, Mrs. J. B. Cartwright; chaplain, Mrs. Charlie Pitts; and sergeant-at-arms, Mrs. Loren Faussett.

During their business meeting plans were made concerning the auxiliary's function for the Booker Celebration to be held Aug. 4, 5, and 6.

It was decided that the Auxiliary would sponsor the beauty contest which elects Miss Booker of 1950 and will be Booker's entry in the Nation's Wheatheart Contest held in Perryton, August 18, and 19. Rules governing the contest are not entirely complete but one definite decision is that the contestants will not compete in bathing suits. They

will ride on the Auxiliary float and the Rainbow float in the parade and will be dressed in evening gowns and square dance dresses.

The Auxiliary has asked each business place in Booker to sponsor a contestant and approximately 20 girls are expected to be in the competition.

Plans are also being made for the Auxiliary to have a booth in the Legion Hall during the celebration where sandwiches, drinks, and desserts will be served, as well as a place for the visitors to rest and relax during the celebration festivities.

Arabs in Israel Get More Pay

TEL. AVIV, Israel (UP)—Arab workers in the nearby Jaffa port are earning nearly twice as much as they did under the British mandatory government of Palestine which ended May 15, 1948. The Jaffa Portworkers Union, with 110 Arab members, has just signed a new wage agreement with the Jaffa Port Authority.

The Arabs' pay is now the same as that of 240 Jewish port workers, from \$6.72 to \$7.20 per day. Under British rule, the Arabs received a maximum of \$4 per day.

To the Voters of Ochiltree County

I am taking this opportunity to ask for your support for County Attorney of Ochiltree County. I grew up in this county and upon my graduation from Law School, I returned to Perryton where I have opened my own law office and I shall continue to be unaffiliated with any firm. My school and service record are open to your inspection.

I have attempted to visit all residences in Ochiltree County, but due to the short time since my return, I have been unable to do so. However, let this be a personal invitation for your support.

I am eager to be of service to this county and will greatly appreciate your vote Saturday.

Atomic Risks Denied

MELBOURNE (AP)—The love life of atomic scientists is no more risky—medically speaking—than that of other workers, says Dr. C. E. Eddy.

Dr. Eddy, director of the Commonwealth X-ray and radium laboratories, said working in a job involving exposure to known risks of radioactive materials is no more dangerous than walking across a street. He was commenting on a warning by a British medical journal that men and women scientists working in British atom plants should not marry each other.

Egyptian Movie Planned

CAIRO (AP)—Hollywood producer Gene Markey is planning a million dollar technicolor film to be made in Egypt beginning late this year. He's been sweating through Cairo's hot season getting the story down on paper: a historical drama based on the life of Mohamed Ali Pasha the Great, the dynamic Albanian army officer who founded Egypt's present ruling dynasty in the early 19th Century.

Markey is enthusiastic about picture-making possibilities in the ancient land of the pharaohs. He says Egypt's sun-every-day climate makes it the "most perfect place for picture making in the world."
