

STARTED FROM SCRATCH—These four state award-winning furniture pieces will be among 50 or more projects on display Sunday when the Dimmitt High School Industrial Arts Dept. holds its annual open house. Starting with hardwood lumber and veneered plywood in woodworking class, these youths built furniture pieces that won second-place ribbons in the recent Texas

Industrial Arts Fair. From left are Brent Armstrong with a walnut end table, Danny Vaughan with a walnut footstool, Larry Shugart with a walnut octagonal commode, and Kenny Smith with an oak occasional table. Projects in woodworking, power mechanics and drafting will be on display from 2 to 5 p.m. Sunday in the DHS Industrial Arts Building.

Double-murder trial begins

Testimony was expected to begin Wednesday afternoon or Thursday morning in the 64th District Court trial here of Jim Lewis Smith of Hart, who is charged with two counts of murder without malice.

JURY SELECTION started Wednesday afternoon from a panel of 103 local residents.

Smith, 34, is charged in connection with the Feb. 17 shotgun deaths of his father-in-law, William McKinley Walker, 74, and his brother-in-law, Jerry Wayne Walker, 25, both of Plainview.

The fatal incident occurred at Smith's farm home five miles southeast of Hart.

WHEN THE Smith trial is completed — probably Friday — Judge Boyd will hold a hearing on a change-of-venue motion filed in another jury trial on the court's current felony docket.

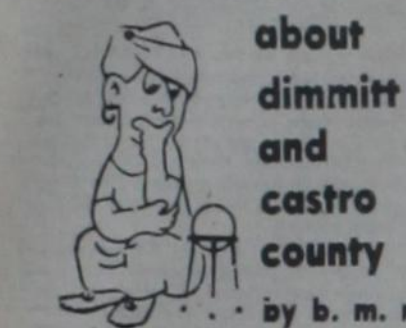

Attorney Jim Durham of Amarillo has filed the motion for change of venue for the trial of Clarence W. "Dubby" George, 27, is charged with two counts of assault with intent to commit murder, in connection with a Jan. 2 incident in Sunnyside in which Lee Bradley received a serious knife wound.

LUPE GONZALES, who also was scheduled for trial this week, pleaded guilty Monday to burglary and was sentenced to four years' probation.

JAMES SLOUGH of Dimmitt puts the street sign in place at West Texas State University Saturday morning designating a campus street in memory of his son, who was killed in action in Vietnam. To the right of the sign pole are Ronnie Burks of Dimmitt, president of Sigma Phi Epsilon fraternity, who read the dedication, and Mrs. Slough. Eleven campus streets were dedicated in separate ceremonies during the morning, in honor of former WTSU students who died in Vietnam. "This is a wonderful thing, to remember these boys this way," Mrs. Slough commented after the ceremony.

Cropland under new hail-watch

As sometimes happens, the News flubbed the dub last week on a story that should have by all means made the news columns. I personally assume the responsibility for the omission and hereby apologize. The event I refer to was the dinner given by the management of South Hills Manor last Tuesday evening for city officials and a few other citizens of the community. Everyone present seemed to enjoy the delicious dinner, and the opportunity to visit with the patients and residents of the new modern nursing home. The opinion of those present, and I talked to most of them, was that South Hills Manor is undoubtedly one of the finest nursing home facilities in the state.

Dimmitt is fortunate to have this type of facility for local people who need its services, as well as those who come here from other communities where nursing home facilities are not available. South Hills Manor is fully licensed by the State as a Nursing Home and is a credit to our community. The management of South Hills Manor has requested to be brought into the city limits and no doubt should, and will, be admitted soon by the City Commission.

AMONG THE numerous reasons that John Connally switched to the republican party could be that that is where the money is (or was). I have either misread the stories of late, or there are actually three major political parties in the good old USA. There is the Democratic party and the Republican party and the Committee to Reelect the (See About Dimmitt, Page 11)

Almost three-fourths of Castro County is now under a constant "radar watch" for hail clouds. **WHEN ANY** dangerous storm clouds are spotted in the target area between now and Oct. 31, planes will go up to seed them with silver iodide in an effort to minimize hail damage and increase rainfall.

Orville Cleavinger, area chairman for Better Weather, Inc. — an association of farm owners and operators — reported this week that a five-centimeter radar became operational Monday and will scan the skies constantly in search of hail-bearing cloud formations.

The five-centimeter radar replaced a three-centimeter unit that had been in use since the program got underway May 1, Cleavinger said.

THE AREA covered by Better Weather, Inc., includes nearly all of Castro County that lies west of US 385 — about half of the county's total land area. The BWI program also covers portions of Bailey, Farmer and Lamb Counties.

The southeastern quarter of the county is under a similar program being operated by the

Plains Weather Improvement Association, headquartered in Plainview. The PWIA target area is bounded on the east by US 385 and on the north by State 86.

Atmospherics, Inc., a California-based firm, is conducting the program in the BWI target area. The PWIA is running its program with its own radar, planes, pilots and equipment.

THIS IS the first year for a major portion of the county to be under hail suppression programs. Those who pioneered hail suppression programs in nearby counties have reported reducing hail damage by 55 to 70 percent, Cleavinger said.

Participation cost for farmers in both target areas is 54 cents per cultivated acre. Backers of both programs are still taking memberships.

Farmers and landowners in the western half of the county who want hail protection should make their checks payable to Better Weather, Inc., and leave them at the First State Bank of Dimmitt, the Olton State Bank, First State Bank of Earth or Security State Bank of Littlefield, or may contact Cleavinger at 986-2624.

THOSE IN the southern part of the county who want to join the PWIA program should contact Dub Holley at the Farmers State Bank, Hart.

Band concert on tap Sunday

Dimmitt Public Schools' four bands will give their annual spring concert Sunday at 2:30 p.m. in the DHS auditorium.

IT WILL BE a "pops" concert featuring three numbers by the fifth grade band, four by the sixth graders, five by the junior high band and six or more by the DHS Bobcat Band.

Songs to be performed by the award-winning senior high band include "Brasilia," a medley from "Jesus Christ, Superstar," "Joy to the World," "Sounds of Simon and Garfunkel," "House of the Rising Sun" and a medley of standard pop favorites from the past half century.

Ralph Smith will conduct the Bobcat Band and Richard Bales will direct the sixth grade and junior high bands. Both men will share baton duties with the fifth grade band.

Two FFA boys capture top Area 1 awards

Two Dimmitt FFA members were announced as top Area 1 winners at the area convention.

DEAN SMITHSON won the Star Lone Star Farmer title over nominees from 90 other chapters in the area, and will represent Area I in state competition in July.

The Star Lone Star Farmer award is the highest given on the state level, and is based on leadership, citizenship, scholarship and success in a farming program.

Smithson is the son of Mr. and Mrs. Rayphard Smithson.

TONY BEAMS was the Area I winner in the cooperative vo-ag farm machinery competition, and will also represent the area at the state convention.

In his outside-of-school program, Beams is employed as a partsman and mechanic at Dale Fowler Ford. He is the son of Joy Mercer and Billy Beams.

Vietnam victim is memorialized

Dimmitt's Russell Slough and 10 other former West Texas State University students who died in the Vietnam conflict were memorialized Saturday when street signs bearing their names were erected on the campus.

THE NEW Capt. Russell Slough Street, a block long, is located between the Fine Arts and Physical Education buildings on the west side of the campus.

While his wife looked on, James Slough of Dimmitt erected the new street sign bearing their son's name in ceremonies just before noon Saturday.

Ronnie Burks of Dimmitt, president of the WTSU chapter of Sigma Phi Epsilon fraternity, read the following citation, signed by Dr. James P. Corlette, university president:

"IN LOVING memory of your son, Capt. Russell Slough, a street has been dedicated to his brave effort to keep our country free, on this 32th day of our Lord, May, 1973."

Also on hand for the dedication were Capt. Slough's brother and sister-in-law. Mr. and

Mrs. Jimmy Slough of Big Spring; his sister, Karon Flanagan of Dimmitt; and his grandfather, Fred Houston of Perryton. Capt. Slough's other sister, Edna Rice of Enterprise, Ala., was unable to be present but was represented by her father-in-law, Bill Rice of Sweetwater, and by her brother-in-law, (See VIETNAM, Page 11)

Last rites held for Mr. Martinez

Funeral services were conducted in Hart May 7 for John Tenoria Martinez, who died May 5 when his car struck a utility pole north of Hart.

MR. MARTINEZ, 25, was employed by Hart Oil Co. He was born Jan. 27, 1948 in Fate County.

Requiem mass was conducted in St. John's Catholic Church of Hart by Rev. Rafael Chen, pastor. Burial was in Hart Cemetery, under the direction of Dennis Funeral Home.

Mr. Martinez is survived by his wife and two children.

South Hills Manor owner challenges city's reasoning

Virgil Justice, owner and operator of South Hills Manor, has challenged the wording which the city commission reportedly used last week in tabling the proposed annexation of the new nursing home to the city.

THE NEWS reported last week that the commission, in its May 7 meeting, tabled South Hills Manor's annexation request "until the nursing home receives final state approval and licensing."

But Justice told the News this week that the \$550,000 nursing home already has received its final approval and licensing.

"Our license was issued by the Dept. of Public Health on March 12," Justice explained. "We couldn't be operating if we had not received our license. And we provided a copy of it to the city."

CITY SOURCES said the newspaper's report on the wording of the motion was accurate, according to the minutes of the meeting, but that "final approval and licensing" may have been the wrong term to (See SOUTH HILLS, Page 11)

How's that again?

THE NEWEST FACE among Dimmitt's postal workers is that of Sue Tischler, the city's first woman letter carrier. After a week's training, Mrs. Tischler put in her first full day as a postwoman last Thursday. As a substitute carrier, she is currently delivering mail in the downtown area, and will substitute on other city routes later. She has all the duties of the male-mail carriers, including "checking the oil and things" on her truck—what the men call "pulling maintenance."

THE NEWEST LOOK among postal workers is the short-pants uniform for the men. Gerald Broadstreet (right) feels that he cuts a pretty dashing figure himself in the new shorts, but he makes fun of Claude "Shorty" Barlow's hairy legs and knobby knees. The new shorts have been authorized since April 1, but the local letter carriers didn't

come out in them until Friday "because it's been too cold here," Barlow said. What kind of reactions did they get on their first day in the new shorts? "Well, Jack Flynt whistled at me," Broadstreet said. "Yeah, and Earl Parish copped a feel when he passed me in the cafe," Barlow said.

FFA winners announced

Dimmitt High School's Future Farmers of America recognized the winners of seven top awards and named an Honorary Chapter Farmer at their annual awards banquet last Thursday night in the North Elementary School cafeteria.

DR. W. J. HILL veterinarian, was awarded the Honorary Chapter Farmer Degree for "service to the Dimmitt FFA chapter in many ways over the past few years."

The coveted Star Chapter Farmer award for the outstanding student in Vo-Ag II went to Lon Keel, and the Star Greenhand award for the top Vo-Ag I student was presented to Mark Welch. Both awards are based on scholarship, leadership and success in a supervised farming program.

The Star Agri-Businessman award for the outstanding student in cooperative vo-ag training was presented to Tony Beams, who works as a partsman and mechanic at Dale Fowler Ford.

BOBBY MARTIN was announced as the winner of the DeKalb Agricultural Accomplishment Award, presented annually to the outstanding senior student in vocational agriculture.

The Agriculture Mechanics Award, presented by the National FFA Foundation, Inc., went to Rick Wilcox.

The FFA Foundation also presents awards for the greatest achievements in livestock and crop production. Dean Smithson was a double winner, capturing both awards. **ANNOUNCED AS** a winner of this year's Cotton Production

Contest was Rick Wright with a yield of 773 pounds of lint per acre. The cotton contest was sponsored by the Castro Co-op Gin.

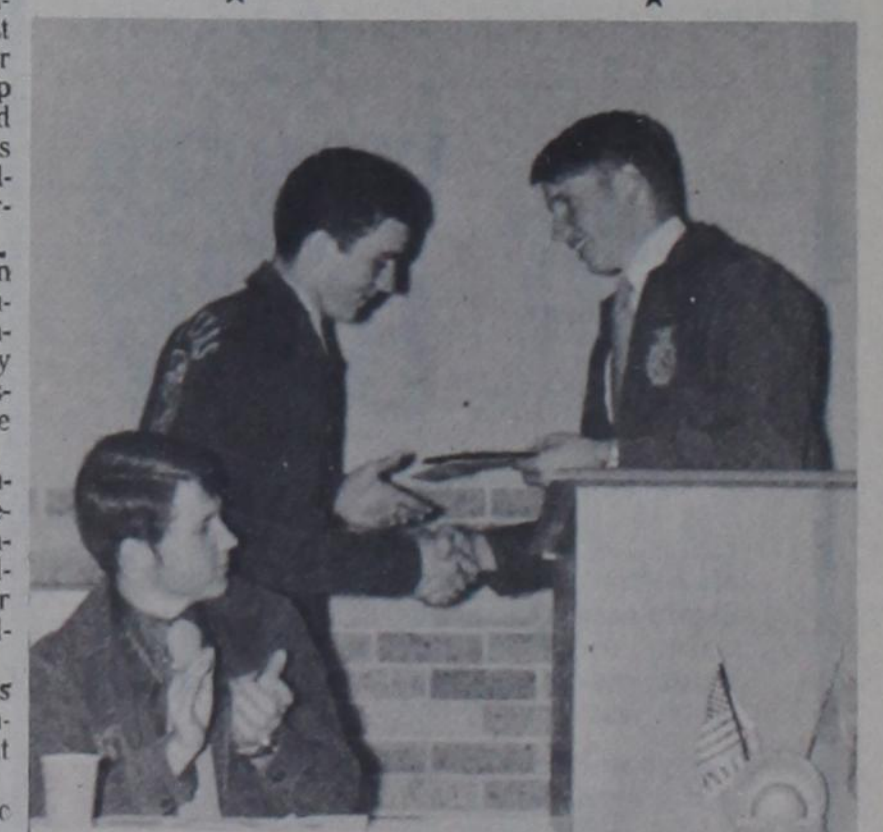

Taking part in the awards program were Rick Wilcox, chapter president; Paul Askey, vice-president; Dean Smithson, secretary; Lon Keel, treasurer; Brent Sanders, reporter; Curtis Bruegel, sentinel; Bobby Martin and Steve Myatt.

Main speaker was Sam Thomas, agricultural development

manager for Southwestern Public Service Co., who discussed "The Future of Agriculture."

SPECIAL GUESTS at the banquet were Chapter Sweetheart Ann Welch and Plowgirl Sheila Wilcox. Also recognized were the chapter's advisors, John Farris and John Quinby.

"We would sincerely like to say thanks to everyone in Dimmitt for their help and support in our FFA program over the past years," Farris commented.

Kings tour New England; Mrs. George sees East Coast

By MYRTLE SHEFFY
Dimmitt people have been on the go, here and there.
Carl and Frances King and children Janet, Steve, Carla and friend Teresa Adams are home from a flying trip back east. First they visited Carl's sister Kathleen Bailey at Collingwood, N. J., on to Philadelphia, saw the US Mint, Independence Hall and Ben Franklin Institute, on to New York City. They all made the climb up the Statue of Liberty, also that big Empire State Building and had a tour of the United Nations building. Then on down to Washington, D. C. where they saw the Capitol. Well, they saw all the fine buildings. It made them very proud of our capitol city.

Frances says they were impressed with the Changing of the Guard at the Tomb of the Unknown Soldier, but the highlight of the trip was in Lancaster where the Amish people live. They farm with horses, go in buggies pulled by horses, beautiful farms, well kept. Let's go.

PRENTIS and Marilyn Thomas and son have moved to 107 SW 8th Street from Odessa. Prentis works at Western Ammonia as chemist. They go to Lee Street Church. Last weekend they visited his parents at Odessa.

Cletha George is home from a two-week visit with son Jack George and family in Virginia Beach, Va. Her grandson Mike George of Waco flew east with her. Mike is the son of the late Charlie George. Cletha says they made a tour of many old mansions among which was the Thurgood house, built in 1649. It still has the original timber. They went up the Eastern Coastline, saw a few pretty sights in North Carolina, some of the old shipyards and also some of the flower gardens. Cletha is happy to be home in drizzly Dimmitt, she says.

Bob and Mildred Sheffy and Janie of Hereford went to North Carolina and then south into Florida to visit his Navy friends of 1943 and '44. This was two weeks ago. A good trip but too much rain there for those Texans.

VIVALENE DUKE who had surgery for plastic bone replacement at a Lubbock hospital is improving slowly. Mrs. Duke is the step-daughter of Mrs. Ola Murphy.

The George Howells went to Idalou to be with their parents for Mothers Day.

Supt. Charlie and Monte White joined their son Bob of Lubbock at the Possum Kingdom Lake for skiing, fishing and scuba diving. They were at the camp. Bob is with an insurance company. They gave him the vacation trip.

Mayor Elmer and Mauzee Youts have been to Possum Kingdom Lake also. They have a house there. They mostly rest, do a little fishing. They visited daughter Pat Greathouse and girls at Monahan's route to the lake.

Mr. and Mrs. J. M. Vernon of Abilene were weekend guests of her daughter Dalia and Bill Gregory and boys. Mrs. Ver-

non lived in Dimmitt a few years ago.

DAVID AND Evelyn Millasp of Desert Hot Springs, Calif., are here for a visit with his brother Claude and Coalene Millasp and niece Valeria and Roger Davis. We saw the Millspas and Gregorays, Lillies and Nelsons and M. E. Cleavingers having steaks Saturday evening.

Mrs. Katie Crow of Bellflower, Calif., is here for a visit with daughter Pat and George Bagley and the children.

So many people went to Colorado with the Band. They say they had much fun but came home tired. Billy Kirby and Jeannie Johnson refuse to tell me all they did, but did say Jaci Johnson celebrated her 17th birthday while in Colorado Springs. Her parents Cowboy and Jeanie took Jaci, Janet Norris, Delese Kay and Tommy Killough out for a steak supper, then on to the beautiful Broadmoor Hotel to the theatre. Monte Johnson and Brad Murdoch went to the zoo. I have seen that zoo and it is a doozy. You should go see those monkeys.

Then a trip on to the Royal Gorge. The ladies say the hand kids acted and looked great, fact they are great! So say Dimmitt sponsors.

MRS. DEE WILLIAMS was hostess at a luncheon and bridge Thursday at the Hereford Country Club. Going were Ceal Carroll, Mrs. W. E. Kirkpatrick of here, Mrs. Ozro Stephens, Mrs. Bess Jones of Amarillo, Mrs. Lillie Mae Hunter of Dalhart, Margaret Womack of Nazareth. Hostesses were Mrs. Welch, Mrs. Frank Wise and Maggie Boren and Jeannie Miller served cake and punch from a pretty table covered in yellow organdy with a Dutch iris arrangement. 45 ladies came.

BIG CROWDS of folks attended church Sunday. We saw Marion and Lena Benton of Lubbock there. They were visiting son Robert and Martie Benton and children. Mr. and Mrs. L. A. Stillwell of Memphis were guests of their daughter Doris and Bob Lindsey.

The Junior-Senior High School banquet was a beautiful affair. The big room was decorated with a Gay Nineties theme with colored paper everywhere. The wishing well, the summer house, big posters on the walls. Ye old Hat Shoppe with pictures of the students with ruffled hats, spring flowers. I

Mrs. Weldon Bradley invites you to get together at Sunnyside Club Room Sunday, May 20. This is a belated birthday party for their mother Mrs. Elmer Dixon. No gifts, just come by for coffee and a visit. You remember their club is the "store."

Lucille Dollar tells me their daughter Brenda and husband Bill Allen and babies are moving soon to Anchorage, Alaska. Bill is a salesman. I forget what he sells. Brenda's dad is Leonard Dollar.

DEE UMBERSON of Alamo-gordo, N.M. was here last week helping his mother Alma UMBERSON get her belongings moved and sold from the old home on North Fourth Street. Alma will be living at the new nursing home out on the west side of town.

I forgot to tell you that Lemuel Leethe caught some nice fish while they were in the Houston area. Guess he doesn't want Bob Killough and Ralph Glover to get ahead of him.

Danny Heard, 7-year-old son of Dan and OmaDee fell from a tree a couple of weeks ago. He spent some time here in the hospital and then to Amarillo to a bone specialist and now he is home and in a cast from his waist down for about six weeks. He broke a large bone in his leg between his knee and thigh. He's enjoying all his company and says to tell everyone to keep coming to see him.

Guests Sunday were his grandparents, also the Martin Young family spent the day. Other visitors were the Elbert Smiths and Robert and Robin Ryan. Joyce Autry from Colorado called and visited over the phone with them. Joyce visits her mother Irene Carpenter and the Autrys at Sunnyside.

Clarence and Opal Bearden visited daughter Kay Finneran. Patrice and Scott in Amarillo Sunday.

ANN WELCH was the guest speaker at the birthday party and tea for the Dimmitt Book Club that met in Baptist Fellowship Hall. Ann told of her trip to Washington to meet with

more than 250 US students, called the Presidential Classroom.

Ann says the cherry blossoms were in full color. They saw all of the government buildings, had a big banquet and the three Texas legislators visited with Ann and told her a few things about the big job of lawmaking in the Capitol. The Senators were Lloyd Bentsen, John Tower and Congressman George Mahon. Ann says it was her first time to fly, first time alone on a trip without kin.

Hazel Merritt introduced the out-of-town guests who were on the club's organizing committee more than 35 years ago. These ladies I remember. Dr. Hulma Carroll, Mrs. W. E. Kirkpatrick of here, Mrs. Ozro Stephens, Mrs. Bess Jones of Amarillo, Mrs. Lillie Mae Hunter of Dalhart, Margaret Womack of Nazareth. Hostesses were Mrs. Welch, Mrs. Frank Wise and Maggie Boren and Jeannie Miller served cake and punch from a pretty table covered in yellow organdy with a Dutch iris arrangement. 45 ladies came.

N. Carpenter, Mr. and Mrs. Ray Riley, Mr. and Mrs. Goodwin Miller. Ann Carpenter won high score for women and Sam was high score for men.

Another good party was out at Dale and Marie Winders south of Flagg. This was dinner and bridge for the Charlie

and their daughter and family the Bobby Johnsons joined a big family group at sister Florence's house in Slaton last Sunday.

Bill and Katy Graham were in Fort Worth last week looking at or buying cows, seeing a show or two. Just a good trip from home scenes.

Mrs. Dora Houtchens is in a Lubbock hospital for a physical checkup. Her daughters Mary Hstand and Florene Stafford of Oklahoma City have been with her. Shotgun came with Florene too. They went home Sunday.

Conservation

When you cut or graze grass, don't upset nature's balance

By LARRY O. STARNES
Grass doesn't just happen. Think what is required for plant growth. It only requires a few simple things such as water, fertilizer and sunlight. NATURE SUPPLIES all these elements if it is not upset by man. Man can often upset the laws of nature and use these upsets to increase or improve nature's way of providing for plants. Man can add to the production of grass by adding to nature's supply of water and fertilizer. Seems simple enough, doesn't it. It is simple enough; but

there is more. The grass in your lawn and the grass utilized in the production of livestock respond to management almost identically. Management provides a measure of beauty for your lawn or dollars worth of livestock forage from your grass. Approximately 95 percent of the food a plant uses is manufactured in the plant leaves through putting together the various fertilizer elements and water and transforming them, in the presence of sunlight, into a usable form of plant food. NOW SUPPOSE that you mow or graze your grass removing all or part of the leaves. The result is a reduction of food that can be produced to sustain the plant body. Roots are starved and can't penetrate to sufficient depths to obtain water and raw food materials from the soil. For assistance in planning a management program for your grass contact your local Soil Conservation Service.

VETERANS' SERVICES

By BEDFORD W. SMITH
Veterans' Service Officer
The following information, just received, is of special importance to veterans and dependents who are attending educational institutions on VA benefits:

IF YOU are getting a monthly check from the Veterans Administration because you are enrolled in a school below college level, don't count on that final check for a while. And if you don't act promptly to have your school attendance certified, your final check could be delayed even longer.

This reminder was made by Jack Coker, VA regional director, for veterans and dependents in GI Bill-type training below college level.

Coker pointed out that this year's final checks will be paid on the same schedule as last year's, but they may seem late because of a change in the law made last October.

THE CHANGE made education benefits payable at the first of the month rather than at the end of the month. But the same law requires that the final check be held up until each student's attendance is certified by his school.

This means that students whose school programs end in May won't get a check on the first of May. For the student whose school ends May 25, for example, a check normally would have come on April 1. But the May check will be held until after school ends and the school sends a certificate of attendance to VA.

The certificate was sent to each student with the April check. The forms should be filled out by the student and turned in to the school for certification and forwarding to VA.

THE FOLLOWING information is for those now eligible for educational benefits but are not so enrolled:

College graduates have an average lifetime income that is \$237,000 more than persons with only a high school diploma — \$606,000 compared with \$371,900.

The earning averages are from Dept. of Labor studies, and show the value of GI Bill training for Vietnam veterans.

UNDER THE GI Bill, school-bound single veterans receive \$220 a month for full-time training, up to a maximum of 36 months of school attendance, or a total of \$7,920. The monthly allowance is increased for veterans with dependents.

The GI Bill has other features. Veterans enrolled in high school studies also receive monthly allowances without a charge against basic eligibility, so that full GI Bill entitlement is retained for college attendance.

Those veterans in college on a half-time or more basis can now be tutored. Under the GI Bill, VA will pay veterans up to \$50 a month for a maximum of \$450 for tutorial assistance. Again, there is no charge against the veterans basic entitlement.

Your local service office is at the Courthouse, on the second floor, and is open from 9 a.m. to noon and 1 to 3 p.m. on Mondays, Wednesdays and Fridays. The office phone is 647-4666, and my home phone is 647-4368.

V.F.W. NEWS

By GERALD BROADSTREET
Greetings Comrades.

As you know at our regular meeting last Monday night, the 7th, our 1973-74 officers were installed. The new officers will not assume duties of their office until the new Department Commander is sworn in at the state convention in Houston, June 24.

THE INSTALLING officer was Dist. Commander Roy Bussey of Littlefield. Mrs. Kay Flowers, president of District Auxiliary, officiated at the Ladies Auxiliary's ceremony.

Other out-of-town guests included Roy Talbot, Commander of Littlefield Post who is also the Senior Vice Commander-elect of District 13, and Doice "Shorty" Flowers of Canyon. Shorty has been active in VFW work many years and is a past Commander of District 13.

Comrades, I would like to say we did have a nice large crowd at our installing ceremony. I was glad to see so many come out for this event. Afterwards everyone enjoyed a covered dish supper prepared by our Ladies Auxiliary.

In case you haven't noticed, the carpenter work on the entrance room on the south side of our building is complete. All we lack now is painting inside and out plus the electrical fixtures. I think it is really going to look sharp when finished. You've got to admit it really adds to the overall outside appearance and gives it something that was lacking.

AS YET no exact date has been set for our District convention that will be held here some time in August. When we do determine the date I'll let you know.

At Game Night last Wednesday we did not have as big a crowd as we'd like to have, had, but I figured due to the wonderful weather we were experiencing, many people were working in their yards. Those who did come out had a nice time and I hope you'll be able to join them next week. Remember we start at 8:30 and usually we are through before 10:30. So come on out and have a good time.

This Friday and Saturday my wife, Linda, and I will be standing in for our post custodians, Howard and Beth Cook. They are going to take off a couple of days to rest, relax and enjoy the warm weather. If you want to see a couple of amateurs in action come on out this weekend, Linda and I will be glad to serve you.

CARD OF THANKS
Everyone has been very kind to me during my hospitalization, and I wish to express my thanks for all the cards, flowers, gifts and visits. Your kindnesses are very much appreciated. Thank you.

CARD OF THANKS
The Dimmitt 4-H Club says thanks to all merchants and individuals who contributed to make Saturday's auction a success. We raised \$213. \$157 will go to build a cabin at Lake Brownwood. The remainder will stay in the club treasury. A special thank you to Frank Judah who volunteered his service as auctioneer.

CARD OF THANKS
To All Cancer Crusade Workers: The Crusade Committee of Castro County wants to say a very special "Thank You" for the outstanding job you have done in the Crusade drive to raise funds with which to help conquer cancer. When that good news comes I know we will all be glad we had a part in the battle — the time and effort and money we have expended will seem as nothing. To date Castro County has raised \$625.50 through its memorial program and over \$4200 in Crusade and special events.
A hearty thanks to you as workers and to everyone who contributed.

CARD OF THANKS
Words are so inadequate when one tries to say "thank you" for the love and kindness shown in a hundred different ways by family and friends when you are "laid up" as I have been for the past six weeks. Daily we are made more aware of life's many blessings. For the many, many hospital visits, the beautiful flowers and other gifts, the funny, lovely cards, the calls, the food and for the quick response to my calls for "Help" during the Cancer Crusade, to Don Nelson and the VFW Auxiliary, to Dr. Murphy and his office staff and the wonderful nurses at the hospital, I do want to express my gratitude. Without the part each of you play in our lives, life would be so dreary. Without you, even in adversity, every day is a challenge.
May His richest blessings be yours.
Gratefully,
MRS. LAURENCE McLAIN

Extension Service expert lists air-control rules for feedlots

"Concern for people downwind from feedlots has resulted in the Texas Air Control Board issuing rules and regulations pertaining to confined livestock and poultry feeding operations," says Dr. John M. Sweeten of the Texas Agricultural Extension Service.

SWEETEN, an agricultural engineer in animal waste management at Texas A&M University points out that the permit program adopted by the Texas Air Control Board on Sept. 1, 1971 considers the proper location of facilities with respect to surrounding land use and proper handling of manure and runoff to minimize odors and dust. The permit system established under an amendment to the Texas Clean Air Act of 1967 includes requirements for a feedlot construction permit, operating permit and feedmill permit.

"Proposed feedlots for more than 1,000 animals of any species and feedlots expanding by more than 100 percent of their present capacity must be approved by permit before construction begins," notes Sweeten.

Information required in a construction permit application includes such things as capacity, plot plan, methods of manure disposal and dust control equipment. A typical permit restriction might state that adequate drainage be provided to prevent intense odors resulting from standing water on the feedlot surface.

"THEN, OPERATING permits must be applied for within 60 days of start-up," explains the engineer. Such a permit is issued after all construction restrictions are met and when an operation is found free of air

pollution problems."

A separate construction and operating permit is required for feed mills constructed in conjunction with feeding facilities. The feed mill application requires descriptions of such things as dimensions and efficiencies of air pollution abatement devices used in the mill's operation.

According to Sweeten, all operations regardless of size or type are also covered by the board's nuisance regulation. This regulation states that no one shall discharge any air contaminant (including odors and dust) in such concentration and duration as to injure human welfare or interfere with the normal use and enjoyment of property.

FEEDLOT operators can contact the county Extension office or the Extension agricultural engineers at Texas A&M for additional information on meeting the standards set forth by the Texas Air Control Board.

Crop prospect 'never better'

Regardless of the facts, when asked about conditions on the Marble Brothers Farm in Floyd County the standard reply from Don Marble of South Plains for years has been, "Never saw it better."

NOW at the start of the 1973 planting season, the answer rings true — not only on the Marble farm but all across the Texas High Plains.

Seldom has the area been in better shape to start a crop. The same rain and snow that stretched a six-week harvest period into almost six months and caused untold losses on the 1972 crop has left the Plains with the best underground moisture conditions in many years. And a high level of subsoil moisture historically has foretold bumper crops.

Moreover, supplies of major farm commodities grown on the Plains are not out of line with demand nor does it appear they will get out of line, so there are excellent prospects for good prices this Fall on cotton, feed grains, wheat, soybeans and livestock.

ALL OF which is promptink Marble, who is secretary treasurer of Lubbock-based Plains Cotton Growers, Inc. to supplement his usual reply with "It looks now like this may be the year to be farming on the Plains."

Flooded farmlands and continuing rains in Mississippi, Missouri, Louisiana, Arkansas, Tennessee, Georgia and Alabama have greatly reduced chances for high production in an area that earlier was expected to produce around 6 million bales of cotton. Latest estimates say production in these

You are invited . . . to good times, good food

in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor char-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets.

Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

MRS. WALTER POHLMEIER
... The former Lucy Ann Maurer

Miss Maurer weds Walter Pohlmeier

Miss Lucy Ann Maurer became the bride of Walter Pohlmeier in a formal wedding mass at 3:30 p.m. Friday in Holy Family Catholic Church, Nazareth.

THE BRIDE is the daughter of Mr. and Mrs. Al Maurer. Pohlmeier's parents are Mr. and Mrs. Philip Pohlmeier.

Father Stanley Crocchiola officiated at the double-ring ceremony before altars that were decorated with multi-colored iris.

High Mass music was performed by a choir of young people, and additional music was provided by Bernita Hoelting, guitarist; Jocelyn Pohlmeier, Bobbie Schmucker, Michele Wilhelm and Keith Birkenfeld. Songs included "Twelfth of Never," "Portrait of My Love," "Ave Maria" and traditional church music.

MAID OF HONOR was Lorraine Aberant of San Antonio, and bridesmaids were Rita Pohlmeier, the groom's sister, and Shirley Maurer, sister of the bride. The attendants wore Empire formal of sheer dotted swiss over pink taffeta, trimmed with pink rose braid.

Ralph Pohlmeier, brother of the groom, served as best man. Groomsman were Stanley Maurer, brother of the bride, and Frank Pohlmeier, brother of the groom.

Ushers were Duane Maurer, brother of the groom, J. C. Pohlmeier, Gene Schmucker and Leon Schulte.

The water, wine and chalice were borne down the aisle by Germaine Pohlmeier, Allen Maurer and Paula Maurer.

GIVEN IN MARRIAGE by her father, the bride was attired in a floor length wedding formal of white Alencon lace over white taffeta, fashioned with a fitted bodice, wattleau neckline, short sleeves and a four-tiered belled skirt. Sequins accented the neckline and hemline. A chapel length train of Alencon lace over Marquise was attached at the shoulders by a band of white velvet. Her Juliet wedding veil was of soft lace, and her bouquet was of pink roses, white daisy pom-poms and baby's breath.

The Nazareth Community Hall was the site of a reception, supper and dance afterward with music by Jack Daniels.

FOR A WEDDING TRIP to Carlsbad, N.M., and the Big Bend National Park, the bride chose a purple western pantsuit. After their wedding trip, the newlyweds will be at home at Nazareth.

The groom is employed by Hill Farms of Hart and the bride is employed by Baldwin & Rucker, Certified Public Accountants, Tula.

Make your own home cleaners

By IRENE KEATING
All of us are becoming increasingly aware of the high cost of living. Even in our small towns, prices vary several cents from store to store in many items.

ONE WAY you CAN reduce your bills at the grocery store is to make "homemade" home cleaning products. More and more of us are needing to cut corners, and this is a good way to save money.

These recipes are efficient, easy and economical. There are several basic ingredients necessary to create your own cleaning products. They include ammonia, vinegar, baking soda, washing soda, whitening, kerosene, turpentine, linseed oil and soap jelly. The ingredients are available at supermarkets, paint, hardware or drug stores.

TO MAKE soap jelly, use one cup shaved bar soap or soap flakes and one quart boiling water. Dissolve the soap in the water. When it is entirely melted or dissolved, pour into a wide mouth jar and let stand until it jells.

To make a general household cleaner, combine two tablespoons ammonia, one tablespoon liquid detergent and one quart water.

TO CLEAN porcelain, you can use any of these "recipes":
A. Two tablespoons of ammonia or kerosene and one cup soap jelly. Store in covered jar.
B. Mix four parts of whitening and one part of soap jelly. Store in covered jar. (This is a mild scouring agent but won't harm most surfaces.)
C. Mix one cup of whitening or baking soda with 1/2 cup of pine oil.

To remove rust stains, try lemon juice. If that isn't strong enough, use one teaspoon of oxalic acid in one cup of hot water. Rinse with ammonia solution, then clear water. Remember, oxalic acid is poison.

TO CLEAN clogged drain pipes, flush with 1/2 pound washing soda and two cups boiling water. Then rinse.

To cut grease in a sink drain pipe, pour kerosene into pipe at night and let stand overnight, then flush with water.

To prevent dust from scattering, use dustless dust cloths. Make them from soft rags that do not leave lint. Here are three good recipes:

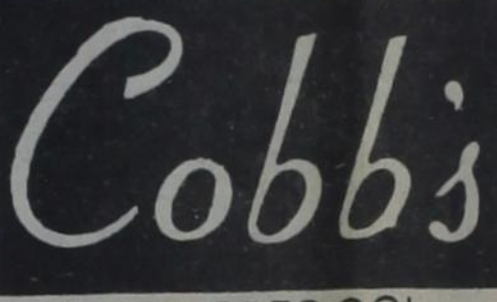

A. Put the cloth in a tin container or jar in which a few drops of oil or wax have been spread. Cover tightly and leave overnight. The cloth will absorb just enough of the oil or wax to remove dust and polish at the same time. (For dusting WAXED surfaces, do not use oil as it will soften the finish.)
B. Mix one tablespoon of kerosene with one quart of hot water. Dip squares of clean cloth into this solution, wring out, dry and store.
C. Mix well one tablespoon of mild soap powder, one quart of warm water, one tablespoon of household ammonia and two tablespoons of boiled linseed oil or a good furniture polish. Dip soft clean cloths in this solution, after a few minutes, squeeze out, dry and store.

Store dust cloths in covered containers such as glass jars or a coffee can. They should be kept clean. Wash them often. Treat cloths after each washing.

The view from your library

By MARY EDNA HENDRIX
On May 8, the libraries in the United States dimmed their lights because of the loss of federal funding for libraries. If we do not get these funds, then the services of libraries will decrease. We have enjoyed the federally funded services through the Amarillo Public Library, and this service will cease if we do not get federal funds.

HAZEL MERRITT and Edna Riley visited with the Lions Club in Hart recently, and Hazel, Edna and Jack Miller met last week with the Lions Club in Dimmitt, all in the interest of the library and its needs.

LAST Wednesday, the Dimmitt Book Club celebrated its 35th birthday in the fellowship hall of the First Baptist Church. The club was formed to support the county library. Hazel Merritt invited several of the original members, along with the librarians, as her guests.

Ann Welch, daughter of Mr. and Mrs. C. B. Welch, showed slides of her trip to Washington, D. C., where she was a student at the Presidential Classroom.

Mrs. Jeanie Miller and Mrs. Maggie Boran, charter members of the Book Club, served refreshments from a beautifully decorated table — and I might add that several of the ladies looked lovely in their long dresses.

A decorated basket was provided for donations.

INTERESTING PEOPLE in the library last week: Jeannine Wimberly, Nelda Thomas and Alire Ivey come by and checked out a book they had all wanted to read. They were on my radio program Saturday morning. They call their group the "Four Runners" and they give their sermon in song.

Rev. Jim Pickens, pastor of the First United Methodist Church, came by and visited for a while, also Larry Altman, who is minister in training at the Methodist Church. Marie Howell is still helping Mrs. King two afternoons each week. Shorty Barlow brought the new "mail lady", Mrs. Sue Tischler, who will be working this route for a while. Shorty ned on the new postal uniform with the short pants. Trampass Moke brought a Mother's Day card and a beautiful handkerchief. Thanks rampass.

MORE donating books: Margaret Axtell sent some books by Mattie and Ray Axtell. Margaret is the author of the "Will Rogers" book. If you need a copy of this book, we can get it for you here at the library. While we are speaking of the Axtells Charles and Dianne Axtell have a baby boy. Dianne came in the library last week while Mattie, the grandmother, kept the baby.

More donations: Jack and Myrna Cowser came in and brought a generous donation from the Minta and Mark Cowser Estate. Mrs. Cowser was one of the charter members of the Book Club and was influential in getting the library started. Mona Acker also brought in a check for the new library. We appreciate all these gifts.

On Monday May 7, Hazel Merritt attended the workshop for the Texas Panhandle Library System in Amarillo. This meeting was for the council members with the librarians sitting in on the meeting.

Mrs. Witt and Mrs. Sava conducted the Children's Story Hour Friday, with nine children present. We took them to the drug store for refreshments. This Friday will be our last Story Hour until next fall.

STUDENT COUNCIL OFFICERS at Nazareth High School in 1973-74 will be (from left) Sister Mary Hawkins, sponsor; senior Mary Lynn Wilhelm, student body president;

junior Kimberly Wilhelm, vice-president; junior Mary Beth Ramaekers, secretary; and sophomore Becky Wilhelm, treasurer.

The Country Club was host to the Hi Plains Ladies' Golf Association Golf Tournament Wednesday, May 9. Thirty-six female linksters teed off at 9:30 a.m. with the Colonial Park team from Clovis capturing the Traveling Trophy for May with an average score of 87.

CASTRO COUNTY Country Club shared second place honors with Olton Country Club with scores of 96. Local Dimmitt players placing were: Bobby George low net in the championship flight with an 18-hole score of 79.

Polly Holland won low net in the first flight with a 76. Kathy Thomas won low gross in the third flight with 102; and Dugan Butler low net with 79. In the fourth flight Neva Hickey carded a 122 for low gross with Dolores Baldrige winning low net with an 89.

Amy Glover, local L.C.A. President wished to thank the ladies who helped with the luncheon for the tourney: Rosalie Gilbreath, Ramona Annon, Jeannis Robertson, Ole Mae Trimble, Dorothy Mayfield, and Jon Nell Forrester.

The next Hi Plains event will be June 6 at Friona Country Club.

KOMA RATCIFF carded a 4670 for five rounds Thursday

night, May 10 for high honors: Ramona Annon had 4000; Jim Hirabal 3570; Glenn Ratcliff 3320; June Parker 3270; Faun Welker 3050; and Loranel Hamilton 3100.

Host and hostess for tonight (Thursday) will be Mr. and Mrs. Glenn Ratcliff. Anyone wishing to join this weekly Thursday night group can just come on out at 6 p.m. and play. Players are requested to come in pairs.

We are also having duplicate bridge out here on Monday night. Some local sharpies I saw last week were: Goodwin and Jeanie Miller, Virginia Gilbreath, Edna Riley and Saletta Gholson from Hereford. My wife said she wandered back there for a few moments and heard Joannis Robertson mumbling over and over "I can't make it, I can't make it."

Our Friday bridge play-day was a little short this week with only one table attending. Rosalie Gilbreath was hostess, and has volunteered to be hostess for Friday, May 18. We have a new Friday bridge member, Pearlite Hunter, welcome!

JOE BUTLER got a duce on our No. 9 par 4 hole last Wednesday. After Dugan carding a net 79 to win her flight, he felt he better get out and get a duce or a hole-in-one or something so she wouldn't be so hard to live with!

4-H auction raises \$213

The Dimmitt 4-H Club raised \$213 in its auction Saturday, selling merchandise donated by Dimmitt businesses and individuals.

THE AUCTION was conducted on the courthouse square with Frank Judah of Plainview serving as auctioneer. All donated items were sold, according to Therman Oldham adult leader.

Of the money raised, \$157 will go to help pay for construction of the new State 4-H Center at Brownwood, and the rest will stay in the club treasury for future projects, Oldham said.

"Thirty-four businesses donated items for the sale, and we appreciate their cooperation," Oldham said.

Rev. Manning serves as delegate to United Presbyterian Assembly

Rev. Ed Manning of Dimmitt is representing the Palo Duro Union Presbytery and the Synod of the Sun at the 185th General Assembly of the United Presbyterian Church now underway in Omaha, Neb.

Major issues at the assembly will concern restructuring, world mission work, and church relations from an ecumenical point of view.

REV. MANNING, who is pastor of the Presbyterian Church of Dimmitt and the First Presbyterian Church of Muleshoe, left for Omaha Sunday. The general assembly got underway Monday and will continue through next Wednesday.

The local pastor is one of two delegates from the Palo Duro Presbytery, and is one of eight representatives of the new Synod of the Sun, which includes Texas, Louisiana, Arkansas and Oklahoma.

This is Rev. Manning's first time to serve as a delegate to the national general assembly. Being elected a representative is considered a "once in a lifetime" experience, he noted.

THE GENERAL assembly, which includes 50 percent ministers and 50 percent elders, finalizes all issues pertaining to church doctrine, policy and program. In effect, it is the congress of the United Presbyterian Church.

First order of business, Rev. Manning said, will be the election of a new moderator (national chief executive of the church) for the coming year. Five candidates — three Anglos and two Blacks — are seeking the post.

One-half of an inch of rain had been received at mid time Monday in a slow drizzle and light showers, most of the day Sunday and Sunday night.

Youths questioned about break-ins

The Castro County Sheriff's Office is currently questioning four or five Castro and Swisher County youths in connection with break-ins at schools and service stations in the area in recent months.

SHERIFF Jack Cartwright said his office expected to pick up several other youths here Wednesday for questioning. Charges are still pending on the youths being questioned, he said.

Dowell, Cowart earn 'Good Guy' awards from KVII

Bryce Dowell and Rex Cowart of Dimmitt received "Good Guy Awards" from KVII-TV of Amarillo Tuesday for pulling a pilot out of his wrecked, burning plane here March 29.

EACH MAN received an engraved plaque and citation at the Tuesday noon meeting of the Dimmitt Lions Club. John McPherson, regional editor for the station's Pro News Dept., was on hand for the presentation, which was made by Don Nelson, KVII-TV Correspondent here.

The citation told how Bob Robinson of Tulsa crashed in a cold rain, over a freshly plowed field to pull Robinson from his plane," the citation read. "Dowell knew the plane's wing tanks had been filled with high-octane gas before take-off, and with the wing-tips burning, it could have been a very dangerous situation. Luckily, the wing-tanks had ruptured in the crash and spilled the fuel onto the wet ground."

Cowart is in charge of Dennis Funeral Home's ambulance service, and Dowell was working at Tidwell Spraying Service nearby when the crash occurred.

'DOWELL AND Cowart and the other two or three men who were first at the crash scene walked 50 yards in a cold rain, over a freshly plowed field to pull Robinson from his plane," the citation read. "Dowell knew the plane's wing tanks had been filled with high-octane gas before take-off, and with the wing-tips burning, it could have been a very dangerous situation. Luckily, the wing-tanks had ruptured in the crash and spilled the fuel onto the wet ground."

The two or three other men who helped Dowell and Cowart were never identified.

Windmill art requested for 'Texas' opening

Windmills will be turning again — at least on paper — on June 21 for the opening of the eighth season of Paul Green's musical drama of the Texas Panhandle, "Texas."

TO CELEBRATE the new season, there will be a competition for the best artistic representations of windmills held under the auspices of the exas Penhandle Heritage Foundation.

Entries are invited in four classes: paintings, drawings, photographs, or slides of the works on June 7, 1973. The 10 leaders in each class will then be brought to the theatre June 21 for the final judging, and there will be an exhibition of these works prior to and during the performance. The best-of-show award will be given from the stage.

For further information, write to "Windmills," Box 268, Canyon, 79015.

Here are week's best food buys

Fryer prices may slin down in the next few weeks.

ACCORDING to Mrs. Gwendolyn Clyatt, consumer marketing specialist, Texas Agricultural Extension Service, supplies of fryer chickens on the rise will allow more stores to offer them as specials.

"Frozen turkeys are available in some stores at prices you can't afford to overlook," she added.

"Pork is a bit more available — in general, best values include quarter loins sliced, shoulder roasts and steaks, and liver."

'MEAT PRICES continue at about the same level as for the past couple of weeks, with some stores featuring mature and baby beef cuts at special prices.

"Other best beef values appear in chuck steaks and roasts, round steaks, ground beef and stew meat."

CONGRATULATIONS YOURSELF!—Kenny Smith and Donna Gilreath both won third-place ribbons at their levels with these walnut bowls which they entered in the recent Texas Industrial Arts Fair in Austin. These will be two of the 50 or more projects on display Sunday afternoon during the DHS Industrial Arts Open House.

Young Farmers book program on herbicides

A PROGRAM on herbicides will be presented by Dr. Weise of the Bushland Experiment Station.

The meeting is open to anyone interested.

Follow Through workshop being conducted here

Twenty schools from all parts of the nation are represented this week at a supervisors' workshop being conducted in Dimmitt's South Elementary School.

PARTICIPANTS in the workshops are project managers for the 20 schools using the Engelman-Becker Follow Through program. They're here from as far north as Brooklyn, N.Y., and Racine, Wisconsin, and as far west as Oregon.

The project managers are using local pupils and classes to learn the procedures of the teaching system. Also, elementary principals from Amarillo are here to monitor the workshop.

Conducting the workshop is Ziegfeld Engelman of the University of Oregon, who co-authored the program with Dr. Wesley Becker.

'DIMMITT WAS chosen because of its high quality of teaching and your receptiveness," Engelman told local teachers when he scheduled the session here.

County raises livestock values, okays liquor tax

The county commissioners' court Monday raised the assessed valuation on cattle, sheep and swine, and voted to charge a distributor's fee to package stores that furnish alcoholic beverages to private clubs.

THE COUNTY'S new assessed valuation figures for livestock — the per-animal worth set for taxing purposes — are:

Cattle: \$20 per animal on two-year-old cows, \$17 per animal on yearlings 500 pounds and over, and \$12 per animal under 500 pounds. (The new figures represent an increase of \$5 per animal.)
Swine: \$3 per piglet and \$9 per sow.
Sheep: \$3 per ewe and \$2 per feeder lamb.

THE COURT received a written opinion from the attorney general authorizing the county to charge \$10 for a distributor's license to retail liquor stores that distribute alcoholic beverages to private clubs. The commissioners voted to adopt the new license fee.

In other action, the commission: Approved payment of \$159.70 in accumulated expenses for foster-home care for two children whose parents were found guilty of child neglect more than a year ago.

APPROVED A \$2,400 expenditure for the purchase of a used backhoe for Precinct 1.

Set hourly fees on county equipment: work at \$18 per hour for graders and \$15 per hour for loaders and backhoes, to bring the fees in line with private industry.

Called off the scheduled May 28 meeting due to the Memorial Day holiday.

CULTURE, language and social expectations are behaviors that affect the self-development of an individual, according to Dorothy Taylor, specialist in family life education, Texas Agricultural Extension Service.
