Lockney B&PW Club Meets

The Lockney Business and Professional Women's Club met on Tuesday evening, November 7, at Rebekah Lodge Hall for a salad supper. The meeting was directed by the Personal Development Committee, chaired by Ruby Kiser, assisted by members Zora Reecer and Evelyn Thomason.

Guest speaker was Mrs. Frieda Mild, a registered nurse, former field missionary, and wife of Dr. Andrew Mild, Lutheran rector to the Providence Community. In keeping with the theme of Personal Development, Mrs. Mild's subject was "Who Am I?" encompassing self-examination, self-direction,

and self-determination. Following the program, President Gladys Ragle presided at a short business meeting during which there was discussion of the Club's annual Christmas Party on Tuesday, December 5, and the annual Christmas Party for residents of the Lockney Care Center on Tuesday December 19th. Treasurer June Bybee reported that the recent Bake Sale had been most successful.

Those present at the meeting were June Bybee, Gladys Ragle, Ruby Kiser, Zora Reecer, Evelyn Thomason, Dorothy Shipp, Viola Rowell, Lozell Graham, May Pearl Burns and guest Frieda Mild.

In a candlelight ceremony Saturday evening November 25 at 7:30 p.m. in the sanctuary of the First United Methodist Church, Sheryl Denise Cates became the bride of Raymond Anthony Spoth Jr. The Reverend Jim Smith, pastor of the church, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Johnnie C. Cates of Floydada. The groom is the son of Mr. and Mrs. Raymond Anthony Spoth Sr. of Lubbock.

Palms of commodore foliage and a tall arrangement of apricot gladioli and white daisies and pom pom mums formed the background for the wedding scene. Brass candelabra decorated in apricot gladioli and white pom pom mums completed the wedding scene.

Miss Penny Bertrand of Floydada provided organ selections and also accompanied Mr. Barry Watts of Lubbock as he sang "Evergreen" and "The Wedding Song."

The bride, escorted by her father, wore a Juliet gown of candlelight organza over peau, with a high neckline of French imported chantilly lace. The bodice had wide bands of the lace forming a yoke and coming to a point at the waistline in the back and full Bishop sleeves capped by the lace and wide lace cuffs. The full skirt had a ruffled flounce that swept full to the back to form a chapel train. The headpiece was a halo of orange blossoms and pearls with candlelight satin streamers with love knots and orange blossoms falling to the waist. She carried an old

fashioned colonial bouquet of ivory elfin rose buds and showered with double baby's breath and trimmed in satin streamers. "Something old" was her mother's wedding ring and "something borrowed" was her maternal grandmother's rings received on her 50th wedding anniversary. She wore the traditional blue garter.

The groom was attired in an ivory cutaway and ruffled ivory shirt. His attendants wore dark brown tuxedos.

Miss Donna Cates of Lubbock, sister of the bride, was maid of honor and bridesmaid was Miss Patty Morgan, also of Lubbock. The attendants wore brandy floor length veil dresses with square necks and long full sleeves trimmed in bands of ivory satin ribbon and lace. The full over-skirt also had a band of satin, ribbon and lace around the bottom. They wore combs with silk apricot rose buds and baby's breath in their hair and carried colonial type bouquets of apricot pom pom mums, white daisies, cocoa satin steamers and double baby's breath.

The flower girl was niece of the bride, Stephanie Pufal of El Paso. She wore a cinnamon velvet dress with ivory lace collar and cuffs and ivory satin sash. She carried a lace basket of rose petals. The ring bearer was Jeff Fitzpatrick of Oklahoma City, nephew of the groom. He wore a navy vested suit. Serving as best man was Richard Riborde of Lubbock. Groomsman was David Cea, also of Lubbock. Ushe's were George Spoth, brother of the

groom, and Gilbert Castillo, both of Lubbock.

The bride's mother wore a cinnamon quina dress and the groom's mother wore a pale apricot crepe dress. Both were complemented by an cymbidium orchid corsage.

Registering guests was Mrs. Johnny Rowan, Canyon, cousin of the bride.

Following the wedding the bride's parents hosted the reception in fellowship hall. The table was covered with a pleated white satin cloth with chiffon sways anchored with apricot ribbon bows and fern at the corners. A seventeen branched brass candelabra holding apricot candles centered the table with the bridesmaids' at the base of the candelabra. A two tiered white wedding cake decorated in white with clusters of apricot flowers and topped with white lace wedding bells was served with apricot colored punch and mints from crystal appointments.

Miss Michele Lynn, Memphis, Tennessee, niece of the bride, served the punch and Mrs. Gayle Ross, cousin of the bride, assisted by Mrs. Mike Fitzpatrick, sister of the groom served the cake. Jennifer and Kenny Devaney of Dallas passed brandy and ivory satin rose bags.

For travel, the bride wore a mauve print dress with mauve suede jacket and a rose corsage from her bouquet. After a honeymoon to Acapulco, Mexico, the couple will live in Lubbock. The bride attended Floydada High School and South Plains College, where she was a Tex-Ann. She graduated from Jessie Lee's Beauty Institute.

The groom attended Christ the King School in Lubbock and is a graduate, magna cum laude of Northwood Institute with a B.A. degree in marketing.

Out of town guests were: Mr. and Mrs. J.A. Cates, Carma Jarrett; Mr. and Mrs. Raymond Anthony Spoth, Sr.; Mrs. Jewel McCuan; George Spoth; Gilbert Castillo; Richard Riborde; Michael Cea; Patty Morgan; Nancy Neagle; Brenda Walker; Barry Watts; Nancy Kelly; Teresa Norris; Mrs. Connie Bearden; Connie Power; Mr. and Mrs. Clint McKibber; all of Lubbock.

Mrs. Johnny Rowan, Canyon; Mr. and Mrs. Mike Fitzpatrick and Jeff, Oklahoma City, Okla.; Mr. and Mrs. Michael Devaney, Jennifer and Kenny, Dallas; Mrs. Jan Lynn and Michele; Mr. and Mrs. Jim Pufal, Patrick and Stephanie, El Paso; Kerry Tye, Amarillo.

United Methodist Women To Meet

Mrs. Skip Parrish (the former Debra Ferguson) will present the program for the United Methodist Women when they meet for their Christmas social, Tuesday, December 5, The meeting begins at 6:30 p.m. at Fellowship Hall in the First United Methodist Church. An invitation is extended to all women who would like to attend. Debra will present their work as missionaries in Brazil, thru the Mission Aviation Fellowship. A love offering will be taken.

Alpha Mu Delta "Learn How To Earn"

The Alpha Mu Delta Chapter of Beta Sigma Phi held their November 21 meeting at 7 p.m. at the community room of the First National Bank.

Chicago, Ill., and Lt. Col. and Mrs. Joe Rigby, Alexander, Va., spent the Thanksgiving holidays with Mr. and Mrs. Larry (Sunny Lawson) Hammit and daughter Julie, of Pittsburgh, Penn., as they had planned last summer, when they attended the Lockney ex alumni reunion, with the exception of Joe Rigby, who was stationed in Hawaii, at that time.

When they arrived at the Hammit home Wednesday night (with sleeping bags in hand) they rang the doorbell and identified themselves by singing the Lockney Longhorn School song. When they left Saturday to return to their homes, they agreed to make it a annual "get together."

LOCKNEY LOCALS

Mrs. Carolyn Merrell Jones and daughter Jayme of Seminole spent the Thanksgiving holidays with her mother, Mrs. Dorothy Merrell.

Mr. and Mrs. Howard Cooper of Ruidoso, New Mexico, visited from Wednesday till Sunday with her mother Mrs. R.E. Marr, sister Dorothy Turner and family of Floydada, her brother Tom Marr and family, also with his brothers Glen and Violet Cooper and family, and Melvin and Edith Cooper and his niece Elaine Cliff and Robin Hardy, and his sister Mrs. Mae Chandler of Plainview.

Gary Lee Hammit, son of Mr. and Mrs. Larry Hamitt, of Pittsburgh, Penn. and is attending college at Texas University, Austin, spent the Thanksgiving holidays visiting his grandparents, Mr. and Mrs. Reed Lawson of the Lone Star Community, and Mr. and Mrs. Claud Hammit of Plainview.

Mr. and Mrs. Wayne Bramlet and Larry had as their guests for Thanksgiving dinner, his mother, Mrs. Eula Bramlet, their daughter Carol and Jim Huggins, Tommy and Leo Montandon, and their daughter Cindy Ward and her son Joey.

Mr. and Mrs. Otto (Madonna Jack) Schacht, Jackie-Don and Bryon of Lubbock, spent the Thanksgiving holidays with their parents Mrs. Fritz Schacht and Margaret, and Mr. and Mrs. Durward Jack.

Mrs. Fritz Schacht and Margaret and the Otto Schachts were in Lubbock Thanksgiving evening and visited with the Ken Castles, Pauline Douglas and Celia Massoni of Liberal Kansas. Mrs. Douglas is Mrs. Schacht's sister and Mrs. Castle and Celia are her nieces.

MELISSA JEAN MOORE was recently elected "Miss Idealou High School" by the IHS student body. Miss Moore is the daughter of Mrs. Mary L. Moore of Idealou, a granddaughter of Mrs. Jewel Rigdon and a niece of Mrs. Rochelle Dorman of Lockney. She is senior class treasurer, a member of the National Honor Society and Future Homemakers of America, an office assistant, a band member three years, and a cheerleader four years at Idealou High School.

Pro-Family Rally

There will be a Pro-Family Rally Thursday, November 30 from 6 to 9 p.m. at Dimmitt High School. Dr. Arthur Johnson, a psychology professor at West Texas State University, will speak on "Humanism in the Public Schools." Also, Lottie Beth Hobbs from Fort Worth, a well-known writer and president of the National Pro-Family Forum, will speak on the International Year of the Child.

All ministers, elders, deacons, other church officials, and all parents are urged to go and see what their children are being taught and what they will be taught in the future.

LOCKNEY LOCALS

Mr. and Mrs. Cliff (Elaine) Hardy and daughter Jayme were guests of her brother Dr. and Mrs. Wayne Cooper and family of Lubbock for Thanksgiving dinner.

Philosopher Who Has Now Come A Farmer's Problem

Take it or leave it. As I say, a lot of city people understand the predicament farmers are in but I have a notion city gold-buyers are a month ago gold was selling for \$250 an ounce. Last week it was selling for \$200 a drop of \$50 an ounce, which is \$800 a ton. \$250 and finds it's now worth only \$200, at least up against with fluctuating prices. It'll be hard to convince a gold buyer that supply and demand caused the drop, but the bumper year in gold production. Try to tell him the weather was just right this year. My suggestion to him is that he switch to buying gold to growing cotton. Never in the history of agriculture has cotton dropped anything but he'll lose less.

Yours faithfully, Philosopher

ly enjoyed Thanksgiving Day dinner together. Saturday night Mr. and Mrs. Sam Bass of Lubbock visited Mr. and Mrs. Eugene Warren and children. Thanksgiving Day Lee Burton had part of his children with him. They were Mrs. Phyllis Reeves, Richard Burton and Carolyn Burton. On Friday Mr. and Mrs. Don Attillo of Lubbock visited in the Lee Burton home. Those visiting in the home of Mr. and Mrs. Lindsey Caham during last week were Dr. Floyd C. Bradley, H. Hilton, Burl Huckabee, Mr. and Mrs. Walter Hollums, Steve Lloyd, Ozell Huppel, Audie Noland of Lockney and Everett Perry Petersburg. Larry DuBois of Denver, Colorado visited here the last of last week with his in-laws, Mr. and Mrs. Edell DuBois. Thanksgiving Day Mr. and Mrs. Edell DuBois enjoyed dinner at the home of their Mr. and Mrs. Bill DuBois. All of the children and their family of the Bill DuBois were also there. Mr. and Mrs. Bud Warren and Mrs. Edell DuBois arrived at Lubbock Thanksgiving Day where their son and wife, Mr. and Mrs. Edell Warren, hosted a dinner out. Others enjoying a meal and get-together

Questions... Answers!

Why giraffes, with their towering necks and peculiar patterns? Why zebras, striped in black and white? Why cardinals, scarlet against the winter snow?

For that matter, why man? Why can only man speak? Yet so often he fails to understand those around him. And only man can think, but the riddles of life elude him.

Questions The world is full of questions, and none are so provocative as those that concern the "whys" of how it all began. Where can you find some of the answers? Try the Church.

School Sports

Longhorns Edge

The Lockney Longhorns basketball team had a positive note to report as they defeated the Mustangs 45-43 on a last-second shot by Danny Ridley. The Longhorns hit a pair of clutch free throws in the final seconds to pull out the win. The team eventually won the Tuesday night game.

Coach Ed Koester credited the team to "a super team effort." The Longhorns had had some practices before the tilt with the Mustangs. Koester said he was proud of the way they played. "Everybody played hard and we started to do some of the things we wanted to do. We didn't have any 'silly' fouls, and we hit the key shot from the free-throw line," Koester said.

Ridley was high-point man in the game. He scored eight points, including the last-second shot. Ridley was fouled on the second left in the game.

Varsity Girls JV Wins At Olton

The Lady Horns of Lockney dropped a 32-29 basketball decision to Olton last week. The Lockney girls scored 15-11 at halftime in the game. The second of the young age season. Rebecca Evans led the team with 12 points. Stephanie Turner with seven. Tammie Hays and Julie Fritzel with two each. Melanie Whitten was high scorer with 11.

The difference in the game, according to Lockney coach Marsha Sharp, was the free-throw percentages. The girls (9/17) for Lockney and the Olton girls (11/17) for Olton. Sharp said the Lady Horns played fairly well but just weren't hitting. The Lockneyites were successful 35 percent of the time on free-throw tries.

JV GIRLS WIN

The Lady Horn junior varsity team held Olton to just three points in the first quarter and defeated the JV 26-23 last week.

Antonia Luna scored 10 points and Rhonda Brotherton added six for Lockney and the JV girls evened their record at 1-1.

Sharp said the JV played good pressure defense the whole game and gained valuable experience, with several freshman players in the contest.

Lady Horn Ninth Loss

The ninth-grade Lady Horns had a 41-19 Monday night in a basketball game played at Idaho. Even though the score was lopsided in favor of Idaho, coaches said the Lockney girls played "a pretty good game." They fought and gave a good effort.

Virginia Wilson scored six points and Rhonda Brotherton five, and Antonia Luna four for Lockney.

Shorthorn 8th Down

Lockney Junior High eighth-grade basketball team won another game Monday by a score of 23-15. Tony Rodriguez was top Lockney scorer with 12 points. Others were Russell Warren, four points; Brock, three; Steven Johnson and Steve Davis, two apiece.

Idalou edged Lockney 17-15 in the seventh-grade boys' game. Scoring for Lockney were Robert Bixenman, five points; Jackie Cunyus, five; Chris Torrez and Mike Hernandez, two each.

Both games were close. Lockney coach Lyndall Fayer said the eighth-grade played better defense.

8th Grade Girls Defeat

Lockney Junior High School's eighth-grade girls basketball team won another close contest Monday at Idaho. The Lady Horns Eighth defeated Idalou's eighth-grade girls 25-24. The Lockney girls worked hard, according to their coach, Tina Slinker, and defeated a team that had a 14-1 record last year as seventh graders.

Connie Coffman scored over half of Lockney's points.

Some say a girl whose eyebrows meet will have a happy marriage.

Some used to say mosquitoes were created from the Devil's pipe.

Longhorns Edge Olton

The Lockney Longhorns opened their 1978-79 basketball season last week on a positive note, defeating the Olton Mustangs 45-43 on a last-second jump shot by Danny Riddle. Brock Record hit a pair of clutch free throws to help the 'Horns' pull within range and eventually win the Tuesday-night contest.

Coach Ed Koester credited the victory to "a super team effort."

The Longhorns had had only two practices before the tilt with Olton, but Koester said he was proud of the way they played. "Everybody played hard, we wanted to do... We didn't commit any 'silly' fouls, and we hit 60 percent of the free-throw line," Koester said.

'Horns' high-point man for the game was Earle Mathis, and Arnold Alaniz scored eight points apiece. The go-ahead basket by Riddle was literally a "last-second shot," coming with one second left in the game.

Varsity Girls Lose

JV Wins At Olton

The Lady Horns of Lockney High dropped a 32-29 basketball decision to Olton last week. The Lockney girls led 15-11 at halftime in the game, their second of the young cage season.

Rebecca Evans led the Lockney scoring with 12 points, followed by Stephanie Turner with seven, Karla McCarter with four, and Gay Frizzell, Tammie Hays and Julie Frizzell with two each. Melanie Whitten was high for Olton, scoring 11.

The difference in the game, according to Lockney coach Marsha Sharp, was the free-throw percentages: 53 percent (9/17) for Lockney and 67 percent (8/12) for Olton. Sharp said the Lady Horns played fairly well but just weren't hitting. The Lockneyites were successful 35 percent of the time on field-goal tries.

JV GIRLS WIN

The Lady Horn junior varsity team held Olton to just three points in the first quarter and defeated the JV Fillies 26-23 last week.

Antonia Luna scored 10 points and Rhonda Brotherton added six for Lockney and the JV girls evened their season record at 1-1.

Sharp said the JV played good pressure defense the whole game and gained valuable experience, with several freshman players in the contest.

Lady Horn Ninth Loses

The ninth-grade Lady Horns lost 41-19 Monday in a basketball game played at Idalou. Even though the score was lopsided in favor of Idalou, coaches said the Lockney girls played "a pretty good game." They hustled and gave a good effort.

Virginia Wilson scored six points, Rhonda Brotherton five, and Antonia Luna four for Lockney.

Northhorn 8th Downs Idalou

Lockney Junior High eighth-grade Shorthorns basketballers downed Idalou here Monday by a score of 23-18.

Tony Rodriguez was top Lockney scorer with 12 points. Others were Russell Warren, four points; Kyle Brock three; Steven Johnson and Joey Davis, two apiece.

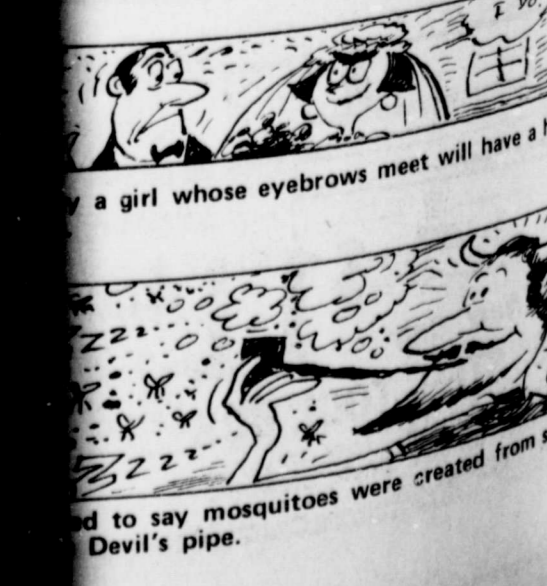

Idalou edged Lockney 17-15 in the seventh-grade boys' game. Scoring for Lockney were Robert Rendon, six points; Jackie Hernandez, two each. Torrez and Mike Hernandez, two each.

Both games were close; Lockney coach Lyndall Favor said the eighth grade played better defense.

Grade Girls Defeat Idalou

Lockney Junior High eighth-grade girls' team won another contest Monday at Idalou's eighth-grade girls' game. Lockney scored 25-24. The Lockney team worked hard, according to their coach, Tina Cannon, and defeated a team with a 14-1 record last week.

Coffman scored 13 points for Lockney. Three of those Idalou players were 5-7 or taller...

Letters TO THE EDITOR

Editor,

I should welcome investigations that will give them some insight as to why their problems have not been solved. I have always been of the opinion that something has got to be done to help our agricultural economy turn away from its clinging to debt, credit and interest, to help our farmers and its people rid itself of ever increasing debt deficit and help return the national income of our economy to the balance between different segments we once enjoyed.

Parity is part of the solution then lets get together. If not, lets get away with the parity concept. But let's find something to do. Let's take that first step together towards something good for all Americans.

Parity is personally to come and hear this subject of economics and how it affects all of us. School teachers, government employees, farmers - whatever your occupation, I want you to come. I believe solutions lie with you to all. I believe parity is part of that solution. Please let our future be at stake.

Most sincerely,
Arnold Schwertner

Editor,

I believe the family unit is the best place for children to be reared? Or do you think the government should be responsible for rearing a child from the time he is a few days old?

Do you believe parents should decide what their children are taught to a child; or should that government decide? Do you want your child to believe in God; or the religion of belief in oneself as the highest being? Do you believe the Bible's moral teachings? Or do you believe in abortion, homosexuality, equality of the sexes, the right to suicide, one-worldism and socialism? Do you want your child "liberated" under Humanist rights: freedom from physical punishment, freedom to vote at any age, sexual freedom, economic freedom, plus freedom of parental authority?

Do you want to spend \$5 million of your tax dollars for the test tube babies during the next four years? Do you know that Planned Parenthood films, which are shown to all school, forcefully promote abortion, homosexuality and promiscuity?

Do you approve of nearly full-term aborted babies being decapitated and the brains kept alive by artificial means for medical research?

If you think I'm kidding, come to Dimmitt High School tonight, Thursday, November 30, for eye-opening facts about everything I've mentioned, plus plenty more. The discussion will last from 6:00 to 10:00 p.m. Please feel free to come anytime between those hours.

Featured speaker will be Lottie Beth Hobbs, wife and mother from Fort Worth. She is an author, publisher and the President of Pro-Family Forum (an association of the Four W's.) Mrs. Hobbs does not dwell on suppositions. She bases everything she says on well-documented facts.

PROTECT SURVIVORS...MAKE A WILL

COLLEGE STATION--If parents make wills, they make estate-settling less painful for their children, advises a family resource management specialist.

A will also ensures that a parent's wishes are respected since it says how he or she wants property to be distributed. Nancy Granovsky explains.

In addition, a will allows the parent to name an executor to carry out the terms and provisions of the will, the specialist says.

Mrs. Granovsky is with the Texas Agricultural Extension Service, The Texas A&M University System.

ESTATE WITH NO WILL Without a will, property is distributed according to the state laws of descent and distribution.

WHY NAME AN EXECUTOR? In making a will, naming an executor is important, because an executor is the key figure in settling an estate.

Ideally, the executor should live in the same state.

be on good terms with the family and be familiar with the parent's finances.

Executors have three main duties: to collect assets, pay bills and distribute the remaining assets among the heirs.

Many parents name an adult child as executor of the estate.

A will also encourages parents to organize their important papers and documents.

Eventually, the executor will need to know where important papers and assets are located.

One easy way to summarize that information is by compiling a family records notebook.

the benefits of the chemical before permitting further registration, points out a cotton specialist with the Texas Agricultural Extension Service.

U.S., MEXICO ANIMAL HEALTH PROGRAMS GET SUPPORT--The U.S. and Mexico will continue to work together closely in animal health programs, according to officials of the Southwest Animal Health Research Foundation (SWAHRF). Joint efforts between the two countries are paying off in the success of screwworm eradication efforts. Mexican ranchers are becoming more enthused about animal health programs, according to T.A. Kincaid, SWAHRF president.

ACCIDENT CONTROL--Poor work procedures often lead to accidents, points out the Texas Agricultural Extension Service. These include using defective tools, using hands or feet instead of proper tools, operating at an unsafe speed, removing or making safety devices inoperative, and taking shortcuts by not following recommended job procedures.

Texas Ag Fact AUSTIN--Texas grain stocks would create a pile 4,000 feet high if stacked on a standard-sized football field, the Texas Department of Agriculture estimates.

Taiwanese Corn Purchase Totals Over \$11 Million

DALLAS--Agriculture Commissioner Reagan V. Brown has announced that the Republic of China (Taiwan) recently signed contracts for \$11 million worth of Texas-crop corn.

The contract was awarded to the Louis Dreyfus Corp. of Stamford, Conn., during ceremonies at the World Trade Center. The contract called for 99,000 metric tons of Texas corn to be delivered to a Texas Gulf Coast export location. The meeting between Republic of China buyers and potential American sellers was coordinated by the Texas Department of Agriculture, in a continuing effort to stimulate foreign sales of Texas and American agricultural goods.

The Taiwanese buyers were part of a grain procurement mission which will arrange for the purchase of 1.9 million metric tons of U. S. grains during a 45-day tour in this country. As well as agricultural products, the mission will also purchase American industrial equipment.

So far in 1978, Taiwan's trade with the U. S. has totaled about \$5.4 billion, with almost \$1 billion of this going for agricultural products.

South Plains News

By Mrs. Murray Julian

South Plains, November 27: After a week of fog, cold misty rain and bleak, gray days, the beautiful sunshine on Monday was really wonderful. Most of the cotton, maize and soy beans are still too damp for cutting, stripping and gathering, but another day of sunshine, and the farm work will really begin to hum.

Some of the farmers and others around who came home with deer from their hunting trips have been Ronald Kitchens, son Blake, Brett Marble, Deral Young with an Aoudad ram. Also Raymond Reeves, Sylvain Kinnibrugh and Rance Young are among those who have been hunting that we know of.

Mr. and Mrs. Bruce Julian and boys of Perryton spent weekend before last here with his folks, and with her folks, Mr. and Mrs. Edell

Moore of Floydada, and Mrs. Jerry Moore of Plainview. Mrs. Murray accompanied them home Sunday night when they went back home to Perryton, and she spent the week up there with them. They traveled in mist, rain, and heavy fog all the 200 miles home Sunday night, with never a let up, and the weather stayed that way all week. Sunday afternoon they brought Mrs. Julian to Clarendon where they were met by Mrs. Kendis Julian and Mitzi, and Tim, and she came home with them.

New shutters at the South Plains Baptist Church baptistry were affixed during the past week, making a beautiful picture at the church. The shutters for the baptistry were gifts in memorials from many different people, and everyone is very proud of the wonderful look that the new shutters give the church. Many thanks go to everyone

who had a part in the gift. December 3-10 has been designated as Week of Prayer for Foreign Missions and December 6 has been set for the meeting for the WMU members of the Baptist Church who will take part in the study. A goal of \$350.00 has been set for the mission offering this year.

Mrs. Alvin Nichols was on the sick list last week, suffering with a sore throat and chest infection. Guests who visited them Friday and Friday night in their home were her sister and husband, Mr. and Mrs. Tom Davis of Irving. Saturday the Nichols went to Lockney to have Thanksgiving dinner in the home of her niece and family, Mr. and Mrs. Mel Holcomb. Many other guests also shared the turkey dinner.

Rev. and Mrs. Fred Blake went to Haskell last Friday to spend the day visiting with their daughter and family, Mr. and Mrs. Leon Grant, Jeremy and Monica of River-ton, Wyoming. The Grants had flown to Haskell to see his grandmother, Mrs. Carrie Edwards who is very ill.

We extend congratulations to Kristi Julian and Renee Sanders, juniors at Floydada High School, who along with several others from the high school, were initiated into the Floydada National Honor Society Monday morning November 27.

Mr. and Mrs. Fred Marble, Cindy and Kelly and Mr. and Mrs. Mike Marble and Justin went to Aiken Thursday to have their Thanksgiving dinner in the home of Tonya's parents, Mr. and Mrs. Robert Daniels. Other guests present were Mr. and Mrs. Sherman Brashear, Tonya's grandparents of Floydada, Floyd Brashear, of Tulsa, Tonya's uncle, and Jim Tye of Floydada, Mike's uncle.

Mr. and Mrs. Kendis Julian, Kristi, Mitzi and Tim went to Floydada to have Thanksgiving in the home of her parents, Mr. and Mrs. A.V. Stewart, on Thursday, Thanksgiving Day. Mrs. Murray Julian had Thanksgiving in Perryton with the Bruce Julian family.

Mr. and Mrs. Frank McClure went to Shamrock to spend the weekend before Thanksgiving with their granddaughter, Rev. and Mrs. Jeff Messer. He is pastor at the 11th Street Baptist Church. Friday they went to Plainview to the home of another granddaughter, Mr. and Mrs. Paul Cypert and girls to have another Thanksgiving dinner with them and other guests; Mr. and Mrs. Jean McClure of Plainview; Mr. and Mrs. Bill McClure of Hillsboro; and Boyd McClure of Waco, where he is attending a welding school, and Rev. and Mrs. Jeff Messer of Shamrock.

Mr. and Mrs. Sylvain Kinnibrugh went to Lubbock on Monday a week ago, to stay at the Methodist Hospital with her sister, Mrs. Ray Dillard of Lockney who was there until Wednesday taking tests. Thursday morning they left for Ruidoso, New Mexico where they had Thanksgiving, and joining them there at Alto Alps where they stayed, were their children, Mr. and Mrs. Teddy Horne and Melissa, and Mr. and Mrs. Hank Dickens and Latham, both families from Plainview. The Kinnibrughs were in Ruidoso until Sunday evening.

Rev. and Mrs. Fred Blake went to Lubbock this Monday night, where they attended revival services at the Slide Baptist Church, where Rev. J.L. Bass from the Friendship Baptist Church is the evangelist. The Blake's son C.V. Blake, is leading the singing at the revival services.

Celebrating birthdays during December are Dickie Julian, Dec. 2; Regina Sanders, Dec. 6; Hazel Powell, Dec. 9; Mrs. Kenneth Powell, Dec. 15; Kathy Mulder, Dec. 20; Kay Bethel, Dec. 22; and Glen Wood, Dec. 24. Mrs. George Weast celebrates her birthday on Dec. 24, and she is in Amarillo in a convalescent home, the Golden Age.

George Weast is at his home here, and is feeling well at this time. His daughter, Mrs. E.T. Evans is staying with him at present and E.T. is expected from Amarillo on Tuesday. Another daughter, Mrs. Robert Lee Smith of Sterley came home from the hospital in Plainview this past weekend, and is recuperating from ulcer troubles.

We extend sincere congratulations to the Floydada Whirlwind Band students and band master who for the second year in a row, came home from Lubbock's Jones Stadium with the top award given by the University of Interscholastic League for Marching band. The band was given a First Division, and those from here that we have in our community as members of the band include Renee Sanders and Kristi Julian.

Mrs. Keith Marble was hostess in her home this Monday, Nov. 27, at 2:30 p.m. for a Tiara Glass Party, with around twelve ladies attending the party. Demonstrator was Joyce Peggram.

Mr. and Mrs. Keith Marble, D. Lee and Dwayne spent their Thanksgiving holiday in Plainview with her folks, the George Robertsons, with other members of her family present.

Bruce Julian, Kendis Julian and Mrs. Murray Julian went to Roscoe Sunday, November 19, to have dinner with Mr. and Mrs. Terry Julian and Dickie. Others present were Dr. Wm. Barnes and Dee Julian of Abilene. They all went to the First Baptist Church at Roscoe at 3 p.m. where they attended an ordination service for Deacons which was held for seven men. Among those in the ordination service was Terry Julian. Present for the services was Rev. Glen Roenfeldt, who was the pastor for Terry and Leona's wedding service 21 years before. The family returned home to South Plains after the services in heavy rains and fog all the way. The Bruce Julians and his mother had the fog all the way to Perryton.

Mr. and Mrs. Don Marble were hosts in their home, on Thanksgiving Day to twenty-five guests, including members of the Texas Tech Women's basketball team from Lubbock, the Lady Raiders, whom Donette Marble, a member of the team, brought home with her after the basketball team played at Wayland College Thanksgiving morning. Turkey and ham with all the accompaniments were served at the dinner. Other guests were Tom Musser of West Texas State University at Canyon, Donette's cousin; J.H. Lane of Sterley; Mrs. Nita Holland of Lockney; Donette's grandmother; Mr. and Mrs. Jim Havens of El Paso; Frances Havens of Arlington; Coach Gay Benson and husband Frank Benson of the Lady Raiders; and manager Marilyn Payton, all present at the Thanksgiving dinner.

FLOYD DATA Thanksgiving visitors in the home of Mrs. Dena Myrick were Mr. and Mrs. Gloy Myrick of Blue Ridge; Mr. and Mrs. Jackie Wilbanks and sons, Jimmy and Terry of Euless; Mr. and Mrs. Donnie Myrick and children, Joey and Shala of Plainview; Mr. Cecil Jackson; Mr. and Mrs. Clovis Myrick; Mr. and Mrs. Julian Lipham and children, Julianne, Timothy, Joe Kim and Deanna Spring of Floydada.

AGRICULTURE COMMISSIONER REAGAN V. BROWN, right, congratulates Mr. and Mrs. Raymond Johnson of Kosse in Limestone Co. after they were honored as owners of the 100-year-old Todd Farms during ceremonies in Austin recently. A total of 66 century-old farms and ranches were honored this year by the Texas Department of Agriculture, in the fifth year of its Family Land Heritage Program.

TDA Recognizes Vital Part Of Texas Farm History

AUSTIN--A rich and vital part of Texas history was recognized recently when the Texas Department of Agriculture honored 66 farms and ranches throughout the state which have been in continuous agricultural production for a century or more... In ceremonies held in Austin, Agriculture Commissioner Reagan V. Brown presented certificates to owners of Texas properties which have been operated by the same family for at least the past 100 years. This year marked the fifth year of the successful Family Land Heritage Program, which has recognized some 1,245 Texas farms and ranches since its inception in 1974... Honorees receive certificates affirming the century-old status of their property, and background information on each... were treated in several ways with each group of six deer receiving the same treatment... "Since the hunter cannot control all factors which affect deer meat quality--for example, age of the animal harvested and the like--the treatments were designed to look at only those things which the hunter can control," notes Shult... Variables considered in the result demonstration were these: 1. Sex--whether or not a difference exists between male and female animals with respect to meat quality. 2. Delayed skinning--the animals were not skinned for 12 to 16 hours after harvest. 3. Delayed field dressing--if an animal is not found right away, can delayed field dressing cause decreased quality in the meat? These animals were not field dressed for four to 11 hours after harvest. 4. Stress--will shot placement which causes immediate death provide higher quality venison than one in which the animal runs off before dying? 5. Aging--does aging a carcass in a locker for one week enhance the flavor? Of the tests run on the carcasses, one of the most interesting was the taste panel test. A panel, consisting of five to eight people, was trained to evaluate meat quality, then given samples of venison from the various treatment groups... "Only ham and backstrap muscles were used for testing, and each sample was cooked to uniform internal temperature. At no time did panel members know what sample or samples they were evaluating. The panel rated each sample on the basis of flavor intensity, flavor desirability, juiciness, tender-

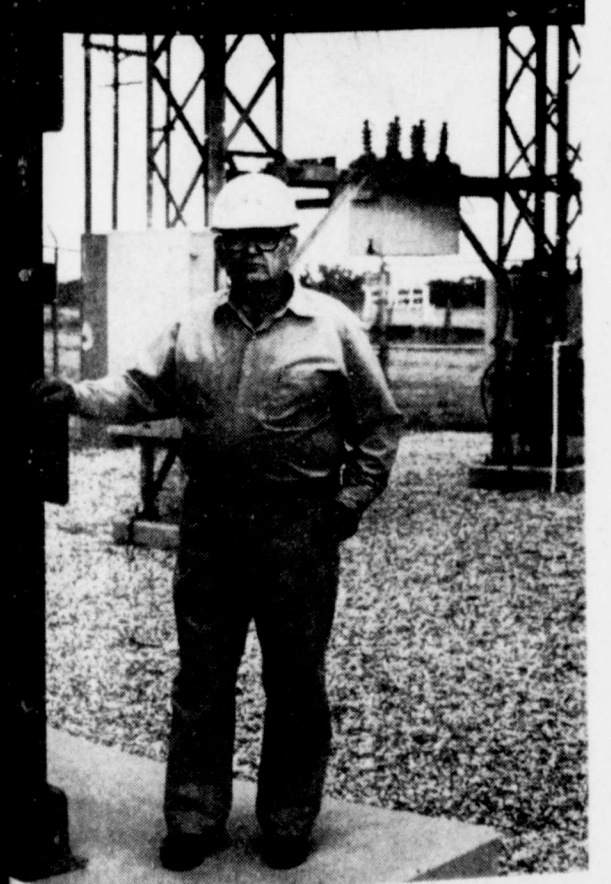

provide undesirable meat, but rather that most consumers may prefer the less intense flavor of the female. 2. Whenever possible, place the shot in the neck or head to insure a clean, rapid kill. This prevents post-shot stress and also reduces tissue damage considerably. 3. Field dress the animal as soon as possible. If contents of the intestine or paunch have been spilled, the carcass should be rinsed with water. A publication, L-634 entitled "Field Dressing Big Game," is available from any county Extension office and provides more information. 4. If weather permits, leaving the skin on the carcass will help conserve moisture. However, a little common sense dictates that carcasses should be skinned and covered with a fly proof bag in hot weather if a cooler is not accessible. Also, a male in the rut may have a strong urine odor on the hind legs and probably should be skinned prior to storage. 5. If the family prefers a somewhat more intense flavor which is similar to aged beef, the carcass may be hung in a locker for about a week before final processing. Again, common sense dictates storage in a clean locker which eliminates contamination of odors from poorly handled carcasses... "These recommendations are not the only way to

Minimum Size Mail Standards Coming

Implementation of new minimum-size mail standards will take place next March or April, the U.S. Postal Service said today.

The same effective date will be used to implement a surcharge for oversized mail -- a matter now pending before the Postal Rate Commission.

The Postal Service's Board of Governors established the timetable for the common implementation date at its regular monthly meeting today in Washington. The Postal Service had previously stated that the minimum-size standard would become effective "not before Nov. 30, 1978."

The Board decided, at the recommendation of the Postmaster General William F. Bolger, to defer the minimum-size standards to avoid any unnecessary complication during the Christmas mailing season and to allow major mailers a final opportunity to prepare for the change.

Rather than have separate implementation dates occurring around the same time for the minimum-size standards and the oversize surcharge, the Board decided to consolidate the actions.

Currently, the independent Postal Rate Commission is considering the Postal Service's proposal for a 13-cent surcharge for oversized mail and has until February 25 to act on it. Assuming PRC action around that date, the Board of Governors would consider setting the specific implementation date at its March meeting.

The Commission approved the minimum-size criteria and the principle of a surcharge for oversized or non-standard mail pieces in April, 1976. The Postal Service announced its intention to put them into effect in 1978 in order to permit customers to use up existing supplies and prepare new inventories.

The minimum-size standards, which apply to all

classes of mail, establish that envelopes and cards measuring less than 3 1/4 inches high or 5 inches long and certain other items that can jam machinery and damage other mail will not be accepted. Also, the new requirements call for a thickness of at least .007 of an inch. Postal cards have a thickness of .009 of an inch.

The new standards for oversized or nonstandard mail allow that mail to be accepted, but to be subject to the surcharge under consideration by the Postal Rate Commission.

The Art Of Getting Along

Sooner or later a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take.

He learns that it doesn't pay to be a sensitive soul—that he should let some things go over his head like water off a duck's back.

He learns that he who loses his temper usually loses.

He learns that all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellow's grouch too seriously.

He learns that carrying a chip on his shoulder is the easiest way to get into a fight.

He learns that the quickest way to become unpopular is to carry tales and gossip about others.

He learns that most people are human and that it doesn't do any harm to smile and say "good morning" even if it is raining.

He learns that most of the other fellows are as ambitious as he is, that they have brains that are as good or better, and that hard work, and not cleverness, is the secret of success.

He learns that it doesn't matter so much who gets the credit so long as the business shows a profit.

He comes to realize that the business could run along perfectly without him.

He learns to sympathize with the youngsters coming into the business, because he remembers how bewildered he was when he first started out.

He learns not to worry when he does not make a hit EVERY time, because experience has shown if he always gives his best, his average will break pretty well.

He learns that no man ever got to first base alone and that it is only through cooperative effort that we move on to better things.

He learns that the fellows are not any harder to get along with in one place than another, and that "getting along" depends about 98 percent on himself.

deration by the Postal Rate Commission.

In discussing the decision to put the implementation date off until early 1979, Bolger noted there have been a number of appeals for extensions of the minimum-size standards for utility companies in order for them to have more time to change their billing systems to a format which produces bills of a mailable size. He said deferral of the effective date would provide "one final warning."

Southwestern PS Co. is utility of the year

Southwestern Public Service Co. has been selected *Electric Light & Power* magazine's Outstanding Electric Utility of 1978.

Southwestern Public Service (SPS) was picked for the honor by a panel of judges on the basis of its strong financial performance in the face of a difficult fuel supply situation, its innovative efforts to solve the fuel problem, and its success in bringing order to the rapid growth in its service territory.

Southwestern has been able to cope with the many problems facing electric utilities today and still become an innovator in the industry because of its strong, close-knit senior management led by Chairman Roy Tolk and President Berl M. Springer.

Through mid-1976, SPS was virtually 100 percent fueled by natural gas. In August 1976, the first of three 350-MW coal-fired units at the Harrington station went on line. Last summer, the second unit came on line. The third unit is expected in operation in 1980. All three units will burn low-sulfur Wyoming coal, which has been contracted for through the expected lives of the units. As a result of this effort, Southwestern went from having no coal generation prior to 1976, to having 14 percent of its kWh generated by coal in 1977. A quarter of all kWh this year will come from coal, 36.5 percent in 1980, 57.9 percent in 1985 and about 75 percent in 1990.

Harrington Unit 1 was put on line for just \$296/kWh, and Unit 2 was put in service this year for only \$285/kWh. The reason the units were so cheap, SPS explained, is that it designs all its own facilities — power plants and T&D installations — and it builds its own substations and T&D lines, as well.

Growth expected to continue

Between 1972 and 1977, SPS had an average annual kWh sales growth of 6.08 percent. Its peak growth has remained so steady that forecasts made in the late 1960s still hold today. Peak growth in the future is pegged at 6.5 to 7.0 percent. And, SPS has an active area development department. With about 250,000 customers in a service territory of 45,000 square miles, Southwestern says there's a lot of room for new business, industry and customers.

As a result of this growth, SPS had to accelerate the schedules for the Harrington units and is pushing

planning for 650-MW units at its Tolk station in the 1980s.

Despite all these pressures, the company logged excellent financial performance last year, and seems to be matching it this year. Revenues last year rose 30 percent on top of a 33 percent gain in 1976 and another 30 percent increase in 1975. Earnings were up 30 percent in 1977, 22 percent in 1976 and 18 percent in 1975. Earnings per share rose 21.4 percent in 1977 on more shares outstanding than

in 1976. And that came on top of a 21.8 percent gain in earnings/share in 1976.

In order to bring fuel costs under control, SPS formed a fuel-supply subsidiary, TUCO, Inc. in 1974. TUCO is seeking greater control of the gas supply needed for the parent company and may go into exploration of natural gas in its area. TUCO has contracts for Wyoming coal to supply the three Harrington units through 1983, with options to extend supplies beyond that date. And TUCO will probably buy and operate the unit trains necessary to supply coal for the Tolk station once it's built.

Innovation a key to plans

Southwestern hasn't been content to stand pat on tradition. It was a leader in proposing life-of-unit coal contracts. It pioneered use of municipal sewage wastewater for cooling and makeup water purposes. When it went to coal, SPS put a scrubber on Harrington Unit-1 (which burns 0.3 percent sulfur coal) to clean up particulates. Then, for Unit 2, it went with the biggest baghouse installation put into operation so far. Although it has no plans for nuclear plants, SPS also has actively supported nuclear development and has waged a strong campaign for a helium breeder reactor program.

Southwestern Public Service is the tenth company to win the *EL&P* annual award. Previous winners were: Duke Power Co. (1977), Tampa Electric Co. (1976), Southern California Edison (1975), Florida Power & Light (1974), Carolina Power & Light (1973), Northern States Power (1972), Virginia Electric & Power (1971), Florida Power Corp. (1970) and Sierra Pacific Power Co. (1969).

Historical Book

Orders Solicited

Only a short time remains to buy the Floyd County Historical Book at \$24.50 plus tax.

Books may be ordered from the museum in Floydada, and book orders will also be sold at the Floydada arts and crafts sale.

The next price of the book will be \$37.50 plus tax. Only the number of books ordered from the museum will be ordered from the publisher. So there will be no chance to buy the books after publication.

OBITUARY

Nancy A. Thomas

Services for Nancy Adair Thomas, 90, of Floydada were at 3 p.m. Wednesday in Moore-Rose Chapel with Tom Patley, City Park Church of Christ minister, officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

The Bonham native moved to Floyd County in 1924 and married A.W. Thomas in 1937 at Floydada. He died Dec. 15, 1965. She was a

member of the Church of Christ.

Survivors include a daughter, Dan Adair of Olton; two granddaughters, Gracy Keenan of Tulsa, Okla., and Mary Ann of Tulsa, Okla.; a son, Tom Thomas of Tulsa, Okla.; and two grandsons, Tom and Larry Thomas.

Funeral services will be held at 2 p.m. Thursday at the Moore-Rose Chapel. Burial will be in the Moore-Rose Cemetery. Call after 3 p.m. for appointment.

FLOYD DATA

A joint Thanksgiving celebration and birthday party was held on November 23. Those celebrating a birthday were Doris McLain and Ky-lan D. Weems. (Kylan is Doris' granddaughter and their birthdays are November 24.) The honorees each received "lots and lots" of gifts at the party and enjoyed the birthday cake which was made and decorated by Marilyn Weems.

Others attending were Cliff McLain; Randell King; Allison and Greg Campbell of Lubbock; Jaquy and Leora Younger; Moody, Myssi, Leif and Tian; Travis and Marilyn Weems of Fort Worth; Ora King; E.L. Cornelius; Herschell Hinson of Dallas; and Mr. and Mrs. T.R. Corley.

FLOYD DATA

Mr. and Mrs. C.W. Denison spent Thanksgiving day in Lubbock with their son Gilmer and Maudine and their children and families:

FLOYD DATA

Larry Jones arrived home Wednesday afternoon to spend the Thanksgiving holidays with his parents Mr. and Mrs. Babe Jones, Shari and Kerri. Larry is a student at Angelo State University in San Angelo. He returned to school Sunday. Other Thanksgiving day guests were Mr. and Mrs. Hilary Polvadore, Mr. and Mrs. George Rogers, Crystal and Jamie of Crosbyton.

FLOYD DATA

Mrs. Louis Pyle and son David, spent the Thanksgiving holidays in Houston with a daughter, Jamie Mills and family.

CONFAB ON "LEGAL ASPECTS OF AGRICULTURE"

A conference on the "Legal Aspects of Agriculture" is set for Dec. 7-8 at the Texas A&M University Research and Extension Center at Dallas to deal with the increasingly complicated situation relating to agriculture and the law. Featured speakers will be law professors, attorneys and agricultural officials who will discuss four major areas—undesirable loss of farm land by conversion to non-agricultural uses, food safety and product liability, pesticides, and labor and agriculture. Sponsors include the University of Texas Law School and Texas A&M.

HUNTING RECORDS TO EVALUATE DEER MANAGEMENT

Records can be a big help to the landowner in evaluating his deer population, says a wildlife specialist with the Texas Agriculture Extension Service. Hunters can help landowners by providing information on deer harvested, such as deer ages and weights, general body conditions, and antler characteristics of males. Armed with such information, landowners can make management decisions from year to year that will enhance both the deer populations and their livestock operation.
