

ANNUAL SALE OF BREEDERS HELD MONDAY

FIFTY EIGHT HEAD NET AVERAGE OF \$148 IN SALE RING

ELECT OFFICERS

Womble and Dameron Redrafted; Two New Men on Executive Board

Fifty-eight head of registered Herefords sold in the Second Annual Auction Sale of the Hereford Breeders' Association last Monday for a total of \$8,620.00, or an average of a little over \$148 per head. Seventeen cows brought an average of \$166 and the bulls an average of \$143.25 each.

Beau Rudolph, owned by Ray Barber, topped the sale at \$325, the purchaser being H. H. Boardman. W. E. Bennett's cow, New Year Stanway, topped the cows at \$300, being purchased by another Amarillo man, W. M. Gouddy.

The sale was conducted by Col. P. M. Gross, auctioneer, assisted by Ralph Dawson of the Drovers' Telegram and Fred Mann of the Hereford Journal. All three are top-notchers in their line. Col. Gross' "pep" and running fire of stories and humor making a big hit with the crowd.

The sale brought the lowest average in the history of this association to date, but this was accounted for on several grounds, i. e.: strained financial conditions the large percent of range bull stuff offered on a glutted market, and the fact that many of the cattle were not as fat as they could have been. Col. Gross stated that they brought all that could have been hoped for under present conditions. As a whole, the members of the Association were satisfied with the returns.

Auctioneer Gross, in his introductory address, gave some figures on the cattle and live stock industry generally that are worth thinking about. He predicted a tremendous future for the cattle industry. He said that people are "prone to forget," and when kicking about present prices should hark back to 1910 when cattle brought 5:10, to 1913, 8:50, to 1914, 7:40.

According to government statistics, said Col. Gross, there are six million cattle less in the United States than in

(Continued on Page Five)

Hospital Papers Signed; Directors Take Charge

The Carl House has been formally taken over by the directors of the newly organized Hospital Association. The first payment has been made and Messrs. Ashbrook, Homer Wilkinson and Oberthier are up to their necks in plans for remodeling the building and getting it ready for occupancy in the near future.

These three gentlemen, with Dr. Gahbert, went to Lubbock Thursday for the purpose of inspecting the hospital at that place and securing ideas and data to be used in making the Hereford Hospital second to none in the Panhandle in the matter of conveniences and equipment.

METHODIST CHURCH AUDITORIUM WILL SOON BE FINISHED

The new Methodist church main auditorium will be ready for permanent occupancy within the next two or three weeks, if the present rate of progress in decorating and finishing is maintained. The ceiling painting and decorating is about completed, and reveals a harmonious blending of coloring and shades. The children of the church have raised \$400 with which to pay for the electric fixtures. Rev. Beavers states that since he came here, only a few weeks ago, the members of the church have raised an additional \$8,000 for the structure above the original estimates.

LOCAL PEOPLE ARE BACK FROM VISITS TO COAST POINTS

Mr. and Mrs. Chas. Paddock and son, Mr. and Mrs. J. A. Buckner, and Mr. and Mrs. T. M. Palmer arrived home Wednesday after spending the winter in California. Mr. and Mrs. Paddock left Hereford early last spring and spent part of the time touring the north-west, finally locating in Santa Ana, California. Mr. and Mrs. Palmer and Mr. and Mrs. Buckner spent most of the time touring southern California.

Do You Know How Name "Hereford" Originated? Here is English Story

How many readers of The Brand know the origin of the name HEREFORD—the old English town and county from which came the famous breed of cattle? Mayor Knight recently received a copy of a Guide Book for Hereford, England, very interesting from cover to cover, and here's the history of the name given therein:

"The capital of the county, and the seat of the Bishopric, Hereford has a long history, dating back to Roman times, when at Kenchester, the ancient Magna, at the foot of Credehill, five miles W. N. W., there was the most important of three Roman stations in the country; many relics are to be seen in the Hereford museum. Conspicuous in Hereford is the great stone bridge of six arches over the Wyde (where the pellucid stream is broad and in parts shallow) and it is probable that the city's name is derived from the British words Hen-flord—old ford or passage; or it may be that the name comes from Caerfawdd, the town or camp of beech trees.

Excelsior District Votes for Consolidation

Excelsior School District held an official election last Saturday to determine whether or not a Consolidated School should be established. The Brand's correspondent gives the following account:

"We are rejoicing in the fact that the unofficial vote of the electors of this district on the question of consolidating all of the schools of the district into one graded school, centrally located, carried by a majority of almost two to one. We are also glad to report that we have a board of trustees who are capable of carrying out the will of the people as expressed by their ballots.

The board consists of Ray Hershey who has been serving several years and Messrs. Glenn Snyder and Harley Neal, who were strongly endorsed by the votes cast in their favor, at the election Saturday last. A great deal of enthusiasm and interest has been taken in this little campaign and nearly all the votes in the district were polled. Some two or three did not get out.

"This question has been agitated, more or less, for a year or two for the reason that our teachers could not, under existing conditions, render proper service to the students attending the schools for lack of time. One of our teachers reports having 31 classes and the other 33 classes, consisting of grades from one to eight. We also have some ninth and tenth grade pupils who are obliged to attend school away from home. By consolidating the schools at a central location, the same number of teachers we now have could double their efficiency by dividing up the grades and so give much better service. However, it is quite likely we will need more teachers than we now have because if we are to have a first class accredited school, more will be required of the students and more subjects will be handled. As soon as it is known that we have our consolidated school going folks are going to fill up this district with homes and good farms. Just get a vision of this district with a good home on every half or quarter section, good barns and pastures, some dairy cows, hogs and poultry, a nice garden and a lawn with flowers and trees and happy folks watching the children play, while the green grass grows all 'round all round. Oh Boy! Let's go."

Several local people have gone to swell the rush to the new field and reports from Panhandle indicate preparations there to entertain the usual boom overflow.

It is reported from Ffiona this week that the Prairie people there have ceased operations at below 3,000 feet, paid off the crew, and announced that they would make no further wild cat tests at present. Just what this means is problematical. Wise ones profess to believe that the Prairie people must have "found something" and capped the well until everybody has forgotten about it and the territory can be secured for a song. There are many "wise" ones who claim this to be the usual method adopted by the oil trusts.

Whatever the real facts, it is a present certainty that operations have stopped at the only hole which has been worked in this immediate vicinity for several months.

OIL STRIKE MADE AT PANHANDLE; NO FRIONA ACTIVITY

The striking of real oil in Gulf Well No. 2 in Carson county has been reported in the Amarillo papers and is causing great deal of excitement all over the Panhandle. Latest claims are that 1,500 feet of oil is standing in the hole and that tests show only five per cent of this to be water.

Additional building operations were announced this week. The revival of the building industry is slowly but steadily progressing.

The Texas Company has under construction a new store house, south of the Rockwell Bros. Lumber Company. When completed the building will measure 32x32. The old station and equipment has been moved to the new location.

E. W. Harrison is adding a much-needed bunk house directly south of his new elevator. This structure is also 32x32 and will contain four rooms, equipped with electric lights and water. Dad Carter will be in charge of the bunk house.

Pavement to be Made Good When Weather Permits

James G. Fuller of Tulsa, Okla., representing the McCormick Construction Company, the firm that laid the Hereford pavement, spent Tuesday in the city inspecting the breaks and holes in the pavement, following demand of the Commission that the company take some action. In the absence of Mayor Knight, Commissioners Ashbrook and Wilkinson spent the day with the inspector and saw to it that he missed none of the defects that have been appearing in the asphalt.

Mr. Fuller gave it as his opinion that the sunken spots in places were caused by water seeping under the pavement and settling the foundation. However, he believes that this settling is over and that it will be a comparatively easy matter to fix it permanently.

It was agreed that the best time to repair the asphalt would be when the weather gets warmer, so that the cracks will be more readily cemented, and the McCormick repair crew will be expected to arrive here probably some time in June to do the work.

CLARENDON STORM IS FREAK; LOCAL PEOPLE WORRIED

Reports of destruction wrought by a cyclone, which hit Clarendon, Texas, last Tuesday night shortly after eleven o'clock, alarmed former Clarendon people now residing here and Wednesday morning Mr. and Mrs. John McLean and little son, and Bobo McLean, and Mr. and Mrs. Roy Stocking and children left hurriedly for Clarendon in cars.

Bobo McLean returned Thursday with information that not a human being in Clarendon was even scratched by the storm, although heavy property damage was reported. The cyclone seemed to hop along, and one hop brought it directly into the middle of Main street, after closing hours and all were in bed. Four business buildings were blown down, four more burned from resulting fires, and plate glass fronts all long the street were damaged. The next "hop" took the wind elsewhere and the residential portion of the town was mercifully spared.

TEXAS CO. BUILDS NEW HOME; BUNK HOUSE GOING UP

Additional building operations were announced this week. The revival of the building industry is slowly but steadily progressing.

The Texas Company has under construction a new store house, south of the Rockwell Bros. Lumber Company. When completed the building will measure 32x32. The old station and equipment has been moved to the new location.

E. W. Harrison is adding a much-needed bunk house directly south of his new elevator. This structure is also 32x32 and will contain four rooms, equipped with electric lights and water. Dad Carter will be in charge of the bunk house.

GRIMES TO FARM; SELLS PLACE HERE TO L. R. GREGORY

D. R. Grimes recently sold his city property to L. R. Gregory and has moved to his newly acquired home west of the Will Ricketts farm. Mr. Grimes will farm this year. Mr. Gregory and family will remain in Hereford for the present.

QUESTION OF GAS HERE IS CONSIDERED

ED. R. MAYER, AMARILLO HAS PIPE PRIVILEGE AND PIPE

MAY MEAN BONUS

Matter of How Bad Hereford Wants Gas Left to the Business Men

A meeting of the board of directors and other interested members of the Chamber of Commerce was held Wednesday afternoon to hear Ed. R. Mayer, engineer of Amarillo, discuss the possibilities of bringing natural gas to Hereford via pipe line.

Mr. Mayer, who was largely instrumental in forming the present gas concern at Amarillo, has purchased the piping privileges outside Amarillo, and states that he has also succeeded in locating the necessary pipe for such work. At present his project calls for a main line from Amarillo through Canyon and Tolia to Plainview, with a branch line from Canyon to Hereford. He also investigated the Clovis possibilities, but decided against that.

The plan involves the giving of a bonus by each town effected, in order to cut down the capital account of the gas concern to enable them to give gas at a reasonable figure. Eastern financiers behind Mr. Mayer are expected to arrive here in about two weeks, at which time Hereford will be expected to say how badly she wants natural gas.

Mr. Mayer's discourse and figures were exceedingly interesting, and the matter will be discussed at length next Monday at the weekly luncheon at the City Cafe.

As is usual in elections where there is only one set of candidates and little or no opposition, the vote last Saturday for three trustees for the Hereford Independent School board was very light. Messrs. B. F. Guthrie and E. W. Harrison and A. O. Thompson were re-elected by a large majority. The official vote as cast stood as follows:

Mrs. R. F. Guthrie	41 votes
Mrs. E. W. Harrison	40 votes
A. O. Thompson	43 votes
J. Frank Potts	3 votes
E. W. Harrison	1 vote
D. C. Laird	1 vote

Voters Reelect Three Trustees School District

As is usual in elections where there is only one set of candidates and little or no opposition, the vote last Saturday for three trustees for the Hereford Independent School board was very light. Messrs. B. F. Guthrie and E. W. Harrison and A. O. Thompson were re-elected by a large majority. The official vote as cast stood as follows:

Mrs. R. F. Guthrie	41 votes
Mrs. E. W. Harrison	40 votes
A. O. Thompson	43 votes
J. Frank Potts	3 votes
E. W. Harrison	1 vote
D. C. Laird	1 vote

EGG PRICES TO BE LOW ACCOUNT BIG STORAGE IN EAST

Hope for any considerable rise in the price of eggs cannot reasonably be expected this year, if information received this week by I. H. Spratt from Swift & Company is correct. According to this information the stock of eggs in cold storage on March 30, 1921, at Chicago, New York, Boston and Philadelphia amounted to the stupendous total of 679,516 cases. On the same date in 1920 there were only 4,319 cases in storage at the same points.

An estimated total for April, 1921, shows 1,000,000 cases in cold storage, as against 121,733 cases in April of last year.

GROSS-O-GRAMS

Immersion
Col. P. M. Gross, Hereford Auctioneer, kept up a running fire of jokes and humorous comments during the Sale Monday. Some of the stories were old, some of them new. All were good and evidently tickled the crowd.

At first bidding was slow and the hard-working auctioneer remonstrated with the audience for not showing proper appreciation of the value of the animal then on sale. He interrupted the bidding to tell the old Baptist story which runs something like this:

"When I was a boy," said the Colonel, "my younger brother and myself were escorted to church one Sunday to hear a circuit Baptist preacher of wide renown. His powerful sermon so impressed our youthful minds with the absolute necessity for immersion that when we reached home my brother said to me, 'If we don't duck the rooster, and the cat, and the duck, they will surely go to hell.'"

"So we waded into the creek behind the house and ducked the rooster without much trouble. We had more difficulty with the duck, but when we reached the old Tom cat we more than had our hands full. Finally, giving up in despair, my brother said, 'O, let's just SPRINKLE him and let him go to hell!'"

"So I'm just going to sprinkle this bull you refuse to bid on and let him go to hell!"

The Irish
One O. Olson was one of the purchasers. At his name Col. Gross picked up his cue.

"That name reminds me of a sale I held in South Dakota last year. One of the buyers was named O. O. Olson. After the sale I asked him how many people the town boasted."

"Dare has 446," replied Olson.

RAT CAMPAIGN IS BEING PLANNED TO ANNIHILATE PEST

The proposed Rat Campaign for Hereford is beginning to take definite shape and The Brand will be able to give a definite program next week, after the special committee appointed for the work, consisting of Johnathan Pittman, Cliff Acker and Claud Ricketts, have formulated their plan of campaign.

Since news of the proposed campaign has been spread abroad many additional cases of rat depredations are being brought in and it is discovered that the destructive rodents are much stronger in numbers and doing much more damage than has generally been supposed. Plainview, Canyon and many other Panhandle towns are in the midst of Rat Campaigns and are reporting the wholesale slaughter of the pests by organized efforts.

It is probable that the committee will secure prizes for rat tails, and by this means give incentive to the work of the boys over the county.

Mrs. Jim Chapman Raises Chickens And Makes it Pay

The stories of success with poultry which The Brand has been publishing the past few weeks are bringing to light some marvelous results from all over this territory. This week Mrs. Jim Chapman, who lives near Adrian, contributes the following intensely interesting article:

Adrian, Texas, Mar. 17, 1921
The Brand Pub. Co.,
Sirs:

"I see others are sending in reports of profits on their chickens, so I feel justly proud to send mine in."

"I have 200 hens and pullets. During January of this year I sold 168 dozen eggs and received for same, \$81.80.

"During February, I sold 316 dozen eggs and received for same, \$90.82.

"Total amount received for two months, \$172.62.

"Total number dozen sold, 484, or a little better than 16 cases.

"During 1920 I kept 100 hens and will give record for the year:

No. doz. Eggs sold, 1019, price rec'd for same	\$406.05
No. chickens sold, 132, price rec'd for same	74.50
Total price received	\$480.55

"This money paid for my new hen house, which is 16x50 ft. I raised 150 nice white leghorn pullets, which I added to my laying flock and had 71 fryers which we fattened. This does not include eggs we used for the table or for setting purposes as I kept no record of them. For my breeding pen this year I have selected 40 of my choicest hens. They have large deep bodies with beautiful combs and wattles, and my cockerels are of an American breed. I am anxious to keep up and better the quality of my flock and I feel like I will be well paid for my extra work by setting eggs from only my very best hens."

"I think every woman in the Panhandle should become more interested in poultry, especially if she lives on the farm."

Mrs. Jim Chapman.

CARNIVAL BID IS TURNED DOWN BY COMMERCIAL CLUB

A representative of a big Carnival company called on the Chamber of Commerce this week, seeking a date here under the auspices of the local organization, in the near future. The offer was declined, the sentiment of the officers of the Chamber of Commerce being that this class of entertainment could well be dispensed with at any time, and especially at this time.

Hope for any considerable rise in the price of eggs cannot reasonably be expected this year, if information received this week by I. H. Spratt from Swift & Company is correct. According to this information the stock of eggs in cold storage on March 30, 1921, at Chicago, New York, Boston and Philadelphia amounted to the stupendous total of 679,516 cases. On the same date in 1920 there were only 4,319 cases in storage at the same points.

An estimated total for April, 1921, shows 1,000,000 cases in cold storage, as against 121,733 cases in April of last year.

ROAD COMMITTEE GOES TO MEETING TO HOLD TRAFFIC

A special committee consisting of E. W. Harrison, Walter Dunlap and Homer Wilkinson, with possibly one or two more, will leave Hereford early Friday morning for Amarillo in Mr. Harrison's car, where they will join delegations from Farwell, Canyon and Amarillo in an auto trip to Stratford to hold a good roads convention.

The movement grows out of the fact that the new Logan bridge over the Canadian bids fair to take a big slice of travel to Colorado and California away from the Amarillo-Clovis route, unless some step is taken to prevent it. The delegation will return home Friday night, or Saturday morning.

HAMPSHIRE HOGS BRING BACON HOME FOR WILLIAM ASH

William Ash of Hereford exhibited his Hampshire hogs at the recent Fort Worth Stock Show and made a splendid showing, notwithstanding the fact that he had not prepared his hogs for exhibition. The class was judged by Ed Houston of Welfare, Texas, and J. W. Maiks of Ft. Worth, expert hog men. Mr. Ash took second and third prizes, \$15.00 and \$10.00 respectively, on Hampshire barrows.

These pigs were farrowed on April 20, 1920, weighing 60 pounds. The registered record of these pigs shows: Dam—Sijko, Sire—Head Pat. After the Show was over Mr. Ash sold these pigs for eleven cents per pound. They were fed on kafir and maize and followed cattle, again demonstrating the repeated success of making prize winners on these two sorghum grains.

FIREMEN PUT ON ANOTHER LAUGH BILL

STAGE ATHLETIC CONTESTS BEFORE CROWD OF PLEASSED FOLKS

BENEFIT OF GYM

Hereford Band Aids Materially in Success of Affair. May Try Again

A crowd that was estimated to be the equal, if not larger, than that which attended the first entertainment of a week before, looked on and enjoyed the Firemen's Rumpus—a half brother to the original Fracas—staged in the Pavilion last Monday night.

The receipts from the two entertainments are aiding the Chamber of Commerce materially in defraying the expenses of getting the Firemen's club rooms and gymnasium properly equipped.

The program was opened with a selection by the Hereford Band. The fine work of the members of the local band should not be overlooked in these programs, as a large share of the success of both must be given to the men who have made both evenings funereal. Following this came the first athletic number, a Battle Royal between five men in barrels. Frank Marrs, C. C. Rockwell, Paul Jowell, Melvin Standifer and R. L. McDonald participated. The act was a scream. Jowell and McDonald finally being declared winners.

Dubs Pittman and Melvin Standifer then staged a fast four round boxing bout, with no decision; Albert Greenwood and R. L. McDonald put on a wrestling bout, with each securing a fall, and the last heat a draw; Chammess and Planner boxed four rounds to a draw; and Chief Rockwell and Charlie Bennett wrestled one fall. The Chief lost after a mighty effort, Bennett throwing him and sitting on him for the decision.

The Band played between each event and after the wrestling match, Ralph Smith, aided by Paul Jowell, gave a splendid exhibition of tumbling. Chammess and Jowell then wrestled, drawing a fall apiece, and then Charlie Whitehead pulled an exhibition stunt with Indian clubs. The clubs were wrapped and soaked in oil, which was then set on fire and the lights turned out. The effect was spectacular, as Charlie is a wizard at manipulating the clubs.

The last event was a four round boxing bout between Walker and Graves, each recently discharged from the Army and Navy, respectively. There was no decision, though Walker's fast footwork featured.

The affair was thoroughly enjoyed by the spectators. It is possible that another entertainment may be put on by the Firemen after several weeks' intermission.

ROAD COMMITTEE GOES TO MEETING TO HOLD TRAFFIC

FEDERAL RESERVE LAW

While the deflation period was at its first, and particularly during the presidential campaign, there was considerable talk of the possibility of drastic amendment to the Federal Reserve law, with the possibility of its entire repeal. These rumors have been carried cross seas and have aroused considerable interest. The London Financial News has recently devoted a column and a half to an explanation of the system, commenting in its introduction on the possibility of the law being repealed or amended, adding, "The act now so familiar a part of the American system that one is apt to forget that it only came into operation in the year 1914, but although it is comparatively young in years it has been subjected to a strain under which even the most time-honored system might easily have broken."

In this last sentence the Financial News gives the reason why the law will not be repealed or even drastically amended. It has stood the test beyond the dreams of its framers and has saved the country from panic and disaster, and, for that matter, has saved the entire world. One can imagine, or, rather, it is impossible to imagine, what the consequences would have been if the strongest financial country in the world had fallen down. Panic would have spread to every other country and no financial system anywhere would have been able to stand up against the storm. In such circumstances one does not even want to try to imagine the terrible outcome. Bolshevism would have raised its ugly head everywhere and civilization would have broken down more completely than ever was threatened under the German menace.

When deflation set in here, those who felt it first, particularly the farming community, attacked the thing nearest at hand as being responsible for their difficulties. Under the terrific storm of protest it took courage for members of the board to stand by their guns. Now the country has come to realize what a wonderful service the Federal Reserve has performed, and that instead of accelerating deflation it held it in check and eased the process considerably.

Deflation came not from any act of the Federal Reserve Board, but because of worldwide conditions which the board was quick to recognize and prepare for. It began to issue its warnings in January, 1920, and they went unheeded. The break in the foreign exchanges, which came shortly afterward, should have been taken as another warning, but it was not. The collapse of the Japanese silk market was confirmation, but was unrecognized as such. Then came the meeting of the Class A directors in May, when a more definite program of credit restriction was laid out. Some of these directors were in favor of drastic action, such, for instance, as a horizontal levelling of all credit to the extent of 10 per cent. It was quickly realized that this would never do, for while it might pass in some localities, it would mean sure disaster for others, and so it was left for each district to work out its own restrictions and finally each bank.

A great deal of criticism levelled at the board was undoubtedly due to action of individual bankers when refusing credit, resorting to what is commonly called "passing the buck," in other words, giving the excuse that they were acting under the orders of the Federal Reserve Board. This, of course, was true in a large sense, but not in any individual instance or in respect of any particular class of paper.

Now, however, the American public has had an opportunity to study the situation and to see what is happening in other countries and has thanked its lucky stars that it is provided with an elastic financial system that could not only meet the strain of a sudden transition to war, but also a sudden transition to peace.

If there are amendments to be made to the Federal Reserve law it will be in the direction of giving the board still more power and discretion. The probability is that it will be left almost entirely alone. Such a thing as its repeal, or radical modification, would arouse strong public protest.—New York Commercial.

ELIASVILLE LOOKS LIKE GOOD TOWN

April 7.—Eliasville with the coming of its first railroad and the activity in its surrounding proven oil fields, looks like the best town in the country in which to make money at the present time.

The activity of the town and the prosperity of its business men are beginning to attract men with capital from a parts of the country. The opportunities to make money in Eliasville are many for even the man who arrives with only a modest capital.

In view of the spring rush and the added business that the railroad is going to bring, it is easily understood why Eliasville men are often heard to say that they are doubling their money on 60 day investments.

The new railroad town of the Texas oil fields has a period of healthy growth to look forward to. It looks certain that her business men are in line to make good money. (adv.) It

Public Take Notice

On account of selling out Sulphur Park for a club ground, all permits heretofore issued are cancelled and no one allowed on the grounds for fishing, recreation and camping purposes except stockholders.

The price of shares and the terms of payment are within the reach of all and a good investment. Hence take a share and help develop the best club ground in Texas.

L. Gough.

The Mexican Congress has adopted an ordinance setting apart seven large areas in widely separated parts of the Republic as national parks and reservations.

NOTICE OF BOND ELECTION

Notice is hereby given that an election will be held in Deaf Smith County, Texas, on the 23rd day of April 1921, to determine whether the bonds of said county shall be issued to the amount of Fifty-thousand (\$50,000.00) Dollars, payable Forty (40) years from their date, and bearing interest at the rate of Six (6 per cent) per cent per annum.

for the purpose of improving and maintaining the public roads of said County.

Said election shall be held at each of the regular voting places in the different Precincts of the county, and the following qualified voters of Deaf Smith County, Texas, are hereby appointed Presiding Judges of said election:

Geo. Garrison and E. B. Black, Precinct No. One.

D. C. Laird and Homer Wilkinson, Precinct No. Two.

J. H. Patton, Precinct No. Three.

J. M. Chapman, Precinct No. Four.

Ira Allred, Precinct No. Five.

H. E. Dyer, Precinct No. Six.

J. N. Messenger, Precinct No. Eight.

D. L. Rutter, Precinct No. Nine.

J. H. Daniels, Precinct No. Ten.

Said election shall be held as nearly as may be possible in conformity with the general election laws of the State, and no person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a property tax payer in said county.

Those in favor of the issuance of the bonds shall write or print on their ballots "For the issuance of Bonds" and those opposing shall have written or printed on their ballots the words, "Against the issuance of Bonds."

Said election was ordered by the Commissioners Court of Deaf Smith County, Texas, by order passed on the 14th day of March, 1921, and this notice is issued pursuant to said order. Dated this 19th day of March, 1921.

W. M. MEGERT, County Judge.

NOTICE OF A SPECIAL ROAD TAX ELECTION

Notice is hereby given that an election will be held in Deaf Smith County, Texas, on the 23rd day of April 1921, to determine whether there shall be levied upon the property within the said county by the Commissioner's Court, for the current year and each year thereafter, a Special Road Tax not to exceed Fifteen (\$0.15) Cents on the One-hundred (\$100.00) Dollars worth of assessed property, under the provisions of Art. 7042 of the Revised Statutes of Texas.

Said election shall be held at each of

the regular voting places in the different Precincts of the county, and the following qualified voters of Deaf Smith County, Texas, are hereby appointed Presiding Judges of said election:

Geo. Garrison and E. B. Black, Precinct No. One.

D. C. Laird and Homer Wilkinson, Precinct No. Two.

J. H. Patton, Precinct No. Three.

J. M. Chapman, Precinct No. Four.

Ira Allred, Precinct No. Five.

H. E. Dyer, Precinct No. Six.

J. N. Messenger, Precinct No. Eight.

D. L. Rutter, Precinct No. Nine.

J. H. Daniels, Precinct No. Ten.

Said election shall be held as nearly as may be possible in conformity with the general election laws of the State, and no person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a property tax payer in said county.

Those in favor of said Tax shall write or print on their ballots the words, "For the Tax"; and those opposing shall have written or printed

on their ballots the words, "Against the Tax."

Said election was ordered by the Commissioners Court of Deaf Smith County, Texas, by order passed on the

14th day of March, 1921, and this notice is issued pursuant to said order.

Dated this 19th day of March, 1921.

W. M. MEGERT, County Judge.

Apples!

Fine car of Apples right fresh from the West Slope of

Colorado

This shipment is of the finest apples that ever have been placed on the Hereford Market, fresh packed, no culls This will be your last chance to get fruit in box lots at prices that you can well afford to pay.

My Clear Vision Ten Gallon Pump

will still run your 10 gallon Jitney Tank over. Come to me the next time and let me prove this statement.

P. S. Apples arrived Monday, Phone your order today. No. 113.

W. C. Fallwell

UNITED STATES STRONGEST OF NATIONS

Before the world war, many nations were thought to be and were financially solvent. After the war practically every nation, except the United States is bankrupt.

Before the great conflagrations of Paris, Texas, San Francisco, Chicago, Baltimore and Philadelphia, many Fire Insurance Companies were thought to be and were strong enough for ordinary fire hazards, but after these fires only the strongest survived.

HAIL INSURANCE

We write our Hail Insurance in the Largest and Strongest Fire Insurance Companies in the world. It costs no more. If you are approached for hail insurance, ask him if he represents this Agency. You need our Hail service. You'll like it.

Strongest in the Panhandle.

The T. K. Wilson Insurance Agency

CASTRO COUNTY

DIMMITT

Edwin Ramey made a business trip to Hereford Monday.

Mrs. M. E. Hightower, who has been quite ill, is able to be up now.

Mrs. J. F. Lust left Thursday for an extended visit with her parents.

Lester Womack took a bunch of young couples to Hereford to the show a few nights ago. Mrs. Mayes Miller and Miss Daisy Womack chaperoned the crowd. After the show we enjoyed a nice lunch at one of the Cafes.

Mr. and Mrs. Sidney Sheffey spent Saturday night with Mrs. Sheffey's parents, Mr. and Mrs. J. C. Knox, of Dimmitt.

Several car loads of people from Dimmitt attended the ball game at Nazareth Sunday afternoon.

About an inch of rain fell here Sunday afternoon, which everyone, I'm sure, enjoyed very much.

Mr. and Mrs. Edwin Ramey entertained Mr. and Mrs. Sidney Sheffey

Sunday with a wonderful twelve o'clock dinner.

Mrs. J. M. McIntire and son, Ray, are visiting friends and relatives in Bailey County this week.

Mr. and Mrs. Ray Giffreath have recently bought a home in Dimmitt and are now remodeling it.

Bill Ewers made a business trip to Hart and Plainview Saturday.

Mrs. Baxter Easter, who has been real sick for the past four weeks, is now able to be up again.

Mr. and Mrs. Edd Smith of Dimmitt have recently sold their telephone office to a company of thirty men of this county. Don't know just when they will take charge, but it will be some time soon. Mrs. Smith has been operating in the telephone business for a good many years here and has many good friends who will regret very much to see her go out. The Smith's intentions are to move to their country home, about twelve miles southwest of Dimmitt.

Little Carter Belew has been quite sick this week.

The Crum Brothers invited Lester

Womack, Mrs. J. A. Womack, Mrs. Mayes Miller and Miss Daisy Womack out to spend the day Thursday on the Crum Brothers Ranch—fourteen miles northeast of here. It was a very pleasant day so they went. While the boys were busy branding cattle the ladies surprised them with a lovely dinner, after which a few dances, by Victrola music, were enjoyed. Later the ladies went out where the boys were branding and made several kodak pictures which were very interesting.

these youngsters had never seen nor heard of Easter eggs, but they soon took to it like veterans.

JOEL

Our Excelsior community literary society presented another fine program on Friday evening. These programs are showing improvement all the time and we notice that those who take part are improving in their delivery, as they become accustomed to speaking. It is a great help to anyone to be able to stand up before folks and say what you would like to say. The next program will be April 15, come and join us. The program will be in charge of our teacher, Miss Walker.

Fonzie Sharp and family, of Post City came up last week for a visit with Pa and Ma Sharp.

Mr. and Mrs. Brown and family and Mr. and Mrs. Allison and family, of Canyon, were visitors at the Ed Botta home on last Sunday. They also attended Sunday School.

Bro. Beavers came out from town and gave us a good sermon Sunday. His subject, "What Are we Doing With Our Talents," was a searcher and we were set thinking more about our responsibility to God and our fellowman.

We received a splendid rain Sunday afternoon which is doing worlds of good to the wheat and oats. Pasture grass will soon be here. In fact, some have turned on it already.

Irad West's brother from Hereford was out Sunday making him a little visit and, incidentally to find out about the fried chicken prospects.

Remember, our work is sanitary while the washing that hangs out doors is very unsanitary.

PARMER COUNTY

BOVINA

Bovina was well represented at the interscholastic meet at Farwell Saturday and, it is needless to say, carried off her part of the honors.

J. C. Bulock is now husher at the Bovina Cafe. Mrs. Harris, who was in charge has gone, with her family, to Amarillo.

In the school election last Saturday the question of raising the taxation limit from 50c to \$1.00 on the \$100, was passed overwhelmingly. At this time Mrs. Tom Hastings and G. T. Wakefield were elected trustees.

The Mexican school was entertained by their teacher with a picnic on the draw several miles southeast last Friday.

Quite a few of the pupils of the Bovina schools observed April fools day in true style last week. As a result the time is being made up this week at recess and after school.

G. T. Wakefield and family have moved into a portion of the Mercantile building recently remodeled for a residence.

BOVINA

(Too Late for Last Week.) The Easter fixings last Sunday were snowed under. Snow fell here most of the afternoon and into the night.

Bovina school folk are getting ready for the school meet at Farwell this week. Nannie Mary Ezell will represent the senior girls in declamation; Clara Norton, the junior girls; L. D. Parker, the senior boys, and Frank Spring, the junior boys. Ida Wocifal will be the senior in spelling, Lillian Ezell, the junior. Besides these there are a number of entrants to athletic events.

Last Friday night the Epworth League held a very enjoyable social at the Methodist church.

A small Mexican child died here Tuesday of Pneumonia. There have been no diphtheria cases here for two weeks or more, and it is thought that it is over for this time.

Mark Wells, R. J. Coneway and Don Swan were Clovis passengers Monday. On account of the snow the big Easter Egg Hunt was not held at Mr. Vasey's. The Mexican school was given a hunt Saturday, by their teacher, assisted by friends. Quite a number of

Parent-Teacher Association

Friday's meeting of the Parent-Teacher Association featured and address by Rev. M. M. Beavers, pastor of the Methodist Church, upon the subject "The Needs of the Hereford Schools." Rev. Beavers stressed the importance of co-operation between the home and school, spoke of new buildings and equipment, and the fundamental importance of the school as a factor in citizenship.

His address was timely, interesting and instructive.

Entertains for Mrs. Price

Mrs. A. Herbst gave a delightful afternoon, Tuesday, complimentary to Mrs. P. W. Price, who is leaving within the next few weeks for permanent residence in Amarillo.

Bridge furnished the afternoon's diversion, five tables of players being pleasantly occupied during the afternoon. Dainty hand-painted score cards bore the name of the honoree beneath a cluster of for-get-me-nots. The guest prize was a beautiful hand embroidered handkerchief.

A refreshment course which included chicken salad, potato chips, pastry puffs, iced almonds, ribbon sandwiches and hot tea, marked the close of the very pretty affair.

Birthday Anniversary

A double birthday anniversary was the occasion of a delightful dinner party given at the home of Mr. and Mrs. R. O. Douglas at five thirty o'clock Tuesday evening. Miss Millicent Griffith and Mr. Douglas being honor guests, their birthdays falling on the same day.

A beautifully laid table gave places of honor to two handsome birthday cakes, each showing sixteen candles. The menu was delicious and most attractively served.

The evening was especially enjoyable in that it furnished opportunity for a renewal of the friendship begun years ago when the Douglases lived in Dimmitt and Miss Griffith was principal of the public schools at that place.

Unpretentious and informal, the occasion was a real pleasure to those privileged to share it.

Presbyterian Missionary Society

An all-day meeting of the Presbyterian Missionary Society was enjoyed at the manse, Wednesday, by a representative number of the members, each of whom brought a dish for the noonday dinner.

Arranging the delicious spread provided an enjoyable social hour which reached its climax in the informal serving.

The afternoon was spent in sewing, Mrs. Ham furnishing the work for the day.

Bay View Club

"National and State Government and the Individual," was the interesting topic that claimed the attention of the Bay View Club on Thursday afternoon.

Important principles underlying the government of both state and nation and the voter's relation to the government, were interestingly presented in papers as follows:

"President—Powers and Duties"—Mrs. J. Frank Potts.
"Federal Departments"—Mrs. Chris Garrison.
"Governor—Powers and Duties"—Mrs. W. A. Price.

A round table discussion of the question, "Do we Need New and Better State Legislation and on What Subject?" closed the program.

Senior Class Festivities

With the closing of the school year not far distant and commencement with its attendant honors and festivities alarmingly near, the senior class of the high school is making the most of the days yet left them and are combining intensive work with intensive play.

Their social life has taken on unwonted activity and its varied program for the past week has been one of unalloyed pleasure.

They have come into their own—these two dozen brilliant stars of the high school firmament. They have earned all the distinction and honor, and privilege now being accorded them, for the class of '21 is a big class—big in numbers, big in mentality and big in the qualities that make for worthy manhood and womanhood. Their number includes the following splendid young people: Misses Mary Belle Ham, Emma Belle Elliott, Mary Hicks, Virginia Morgan, Mattie Mounts, Beulah Davis, Hazel Rambo, Victoria Wilson, Anita Parker, Inez Hodges, Nora Beams, Lela Orr, Audrey Carroll, Pearl Golden, Lela Roberson; Messrs. Keith Stegall, Daniel Bell, Granville Chandler, James McEntyre, Guy Gilliland, Howard Golden, Emmett Alban, and Charles Burkett. On Friday evening they were

Entertained by Miss Lela Roberson at her home in Summerfield. In honor of the K. K. K.'s, all of whom are members of the senior class, the decorations featured the club emblem, as well as the class colors, the games also were suggestive of the club. Hot buttered popcorn was served throughout the games and at their close refreshments of angel food cake, peaches with whipped cream, and hot chocolate were served.

The following Wednesday evening Miss Nora Beams was hostess to the class at a unique line party. By

ELY MANSION ON LONG ISLAND MAY BE SUMMER WHITE HOUSE

The summer White House will be in the beautiful Shinnecock Hills on Long Island, according to late information. Dr. Albert H. Ely, who accompanied President Harding on his Florida trip before inauguration, has offered his beautiful home to the Hardings. And there is one overpowering appeal, say the President's personal friends—and that is—"it is near an attractive golf course."

previous arrangement the girls were hidden and the boys searched for them until seven-thirty—the time agreed upon. At this hour, as they had not been found, the girls emerged from the garage at the Megert home and the boys were required to take them to the show. Later they returned to the home of the hostess where they spent a merry evening, the fast of whose pleasures was the serving of angel food cake and hot chocolate.

Again on April first a **Picnic Party** furnished the class a most delightful day. Under the chaperonage of Mrs. E. B. Elliott they motored to Sulphur Park and spent the entire day. A bountiful picnic luncheon was served at noon while various outdoor sports, boating and "the old grapevine swing" filled the hours of the afternoon with pleasure.

The week with its program of fun and frolic added no little to the joys of this, the closing year of their high school life.

Miss Griffith Honored

A beautiful tribute to the character and personality that has endeared Miss Millicent Griffith, principal of the high school, to the boys under her supervision, was eloquently expressed in a charming function given by the boys in honor of her birthday at the home of Mr. and Mrs. Geo. E. Burns, on Tuesday evening.

The happy occasion was a complete surprise to Miss Griffith, who at the solicitation of Mrs. Burns went to the Burns home at five-thirty to find awaiting her on the lawn, the entire group of high school boys, Supt. and Mrs. Fertach, and the high school faculty; while a delicious picnic luncheon, every item of whose attractive menu had been prepared by the boys, was already spread. It was indeed a merry group that very soon were seated on the grass enjoying the appetizing repast which was a veritable feast, perfectly prepared, beautifully served, and heartily enjoyed.

A program of informal talks, followed the luncheon. Miss Griffith expressed her appreciation of the pretty courtesy extended her and spoke feelingly of her interest in and regard for the boys of the high school.

Others of the faculty gave appropriate talks and Misses Swisher and Williamson closed the program by singing "A Perfect Day."

The occasion was a delightful one in every way, manifesting as it did the cordial relationship existing between the school faculty and the student body and an ideal relationship between teacher and pupils.

CHORAL CLUB FROM BAYLOR IS COMING

The Baylor Choral Club is coming to Hereford under the auspices of the Baptist W. M. U., April 19. There are thirty-two young ladies in this chorus

—under the leadership of Mrs. Pierce, who has both trained and sung in many New York and Chicago choruses. Mrs. Pierce received her Bachelor of Music degree from Chicago Conservatory of Music and also studied for several years with Barren Berthold and with Salli, an Italian.

The club is accompanied by a flutist, a reader and a piano soloist. This will be a musical treat for Hereford, and the Baptist ladies are very much pleased that they were able to secure them for a recital here.

Panhandle C. E. Convention Held Memphis, Texas

Panhandle District C. E. Convention, held at Memphis, April 1, 2, and 3, was a decided success. Five auto loads, chaperoned by Mrs. Lem Chesher, consisting of members of the local Christian Endeavor Society, left Hereford Friday morning, with a mixture of blow-outs, punctures and radiator troubles. The happy delegates arrived in Memphis in time for the opening session of the convention.

The Convention was called to order by the president, Mrs. Clara Mitchell, of Amarillo. After a brief time of songs and prayer service the welcome address was delivered by Miss Mattie Swayne, of Memphis. Leslie Bruner, of Hereford very ably responded, along with several others of the visiting delegates. Promptly at 8:30 Jack Cecil, manager of the Southwestern Assn., of Colorado Springs, Colorado, outlined the Christian Endeavor program for the coming summer. His address blinged on the "On to New York" World convention. At 8:45 Rev. A. D. Rogers, of Memphis, addressed the convention, his theme being "The Greatest Love." At 9:15 the delegates adjourned to the parlors of the Church for an "Introduce Me" social, including light refreshments. This closed the first day of the convention.

Saturday morning at 8:45, the delegates reconvened. After a "Quiet Hour" the chairmen and District Officers were heard and Rev. Roy Rutherford of Amarillo gave a general lecture on organization over the state. The afternoon session consisted of song service, discourses on duties of committees—lookout, prayer meeting, social, publicity and community service. The second day was brought to a close with a sight-seeing tour in the afternoon and a Good Fellowship banquet.

Sunday morning was spent in song service and devotional. At 2 p. m. Jack Cecil announced the "On to Waco" Convention and its object, and also further gave interesting data on the "World Convention," to be held in New York City the coming summer. During the convention new officers were appointed and their installation took

Pearl Golden, Earl Gough, Inez Hodges, Elizabeth Corbett, Helen Shore, Granville Chandler, Ruth Casebolt, Earl Nunn, Nora Beams, Otto Olson, Lena Bodkin, Mrs. Lem Chesher, Grace Langer, Mahala Williamson, Grace Witherspoon, Clyde Carroll, Harold Kearns, Hollis Galley, Vernor Curtis, Leland Lee and Lois Cobb.

Josephus Daniels, as a reporter for a North Carolina paper, recently visited his successor, Secretary of the Navy Denby.

HERE'S NEWS WORTH WHILE

S. & H.

Of What Value are S. & H. Stamps and How Do I Profit by Saving Them?

S. & H. Green Stamps have a guaranteed value. Every article given in exchange for them is merchandise you would expect to find in the better class of Department Stores. All S. & H. Premiums are made by reputable and nationally known manufacturers.

Not only in the value of merchandise obtained with S. & H. Stamps do you profit, but you aid your self and your merchant by paying cash as you go. With cash in hand you discount his bill and take advantage of markets where only cash is effective the merchant is enabled to buy more advantageously and thereby offer his stock at more reasonable prices than the merchant who does a credit business, loses through bad accounts, and is handicapped by lack of cash when an advantageous market presents itself.

To have cash on hand when needed is why progressive merchants offer S. & H. Stamps as a discount on cash business and is why banks offer interest on the money you save. The only difference in the method of merchants offering S. & H. Stamps as a discount for cash business and banks offering interest is that the merchants pay you interest on the money you SPEND and the banks pay you interest on the money you SAVE. Which is the larger of the two, your Savings or your Expenditures?

S. & H.

What Are Stamps And How Do I Obtain Them?

S. & H. Green Stamps are a National Institution and are insured by merchants all over the U. S. as a discount on CASH purchases. One stamp is issued on each dime represented in a cash purchase so the customer may be rewarded in exact proportion to his or her purchase. The notable feature of this discount or premium plan is that the stamps obtained from all merchants giving them may be combined in the same book or books toward getting any desired article shown in the S. & H. Co.'s Premium Catalogs or Redemption Stores, thus enabling the person collecting S. & H. Stamps to obtain an article of real value much sooner than ordinarily is the case with most premium plans used individually by merchants. To facilitate the collection and convenient preservation of the stamps little books in which to paste them may be obtained from any merchant using S. & H. Stamps.

These books each hold 1,000 stamps and when one or more of them is filled the holder may make his or her choice from the hundreds of premiums shown in the company's catalogs or Redemption Stores.

CANYON FAIR WILL BEGIN SEPT. 28th

There was not a very large number attending the meeting Saturday afternoon at the court house to plan for the Randall County Fair, but the work accomplished and the interest shown by those present would indicate there were some very willing workers in Randall County who are highly interested in seeing that Canyon has a fine fair this fall.

The dates chosen for the Fair were September 28, 29, 30. These days are just a week before the Dallas Fair, and the exhibit for Randall county will be chosen from the products of the Randall County Fair.

The Fair of last fall was large enough to show the people of this county that a real county fair is possible for Randall county, and the experience of last fall will go to make the exhibit the biggest in the Panhandle-Plains section for 1921.

The following officers were elected: President—C. W. Warwick. Vice President—Fred H. Ives. Secretary and General Manager—C. F. Walker.—Randall Co. News.

CLOVIS PAVING IS BEGUN THIS WEEK

Work started this week on the setting up of the bitulithic plant of the New Mexico Construction Company, and the other machinery will be set up as soon as it arrives, according to announcements Wednesday. A car load of sand and gravel is now being loaded at Tolar, and work on the curbing and guttering will be started as soon as this arrives.

The bitulithic plant is being installed just east of the Gully warehouse on the Santa Fe tracks, and the concrete mixers will be put in action this week.

J. B. Wadlington, state superintendent of the company, F. W. Mooney, local foreman, and Frank Wadlington, assistant foreman, are on the job overseeing the work.

The first work will be started on East Munroe Ave. A crew of surveyors started work Thursday morning on Main Street, and it is probable that this will be the street to be paved next.—Clovis News.

DODGE CAR STOLEN AT VEGA FRIDAY

Friday night between the hours of 10:30 and 3 o'clock a Dodge touring car of 1920 model was stolen from the side of the home of R. H. Lacey. The car belonged to Charlie Medlin. Sheriff Haliburton was notified at once and also other Sheriffs of the Panhandle. No trace of the car has yet been found. A few of the parts had been taken off of the car so that it would not run, making it necessary for the party who stole it to drag it to his destination. Tracks could be followed the next morning after the disappearance of the machine to the Ozark Trail where they turned toward Amarillo.—Vega Sentinel.

VEGA PLAY TO BE PRESENTED HERE

The home talent play, "Safety First," that was given to the people of Vega on March 19th by local people, will be taken to Hereford on April 8th. The receipts of this play at Vega were donated to the School Library, but the receipts that are received at Hereford will be donated to the Vega Athletic Club for the purpose of expense money for the coming season of base ball.

Both the Parent-Teacher Club, who directed the work of this affair for Vega, and the members of talent who are assisting in the parts of the entertainment are to be highly thanked by all the members of the Athletic Club for this free will donation that they have seen fit to give them.—Vega Sentinel.

Harding's inaugural cost but \$1,500 out of an appropriation of \$50,000.

Cletrac
 TANK-TYPE TRACTOR

Wheels on a track—the Cletrac may take the power

Meet the Harvest Rush

Be ready for the harvest rush with a fleet of Cletracs—the power-battery that makes the wheat farmer independent of weather conditions and labor shortage.

Each Cletrac easily hauls two binders—replacing six or eight horses and does twice the work. It keeps going *more hours and longer days*—is ready when the grain is just right.

The breakdown of a large tractor means a costly harvest hold-up, but if one of a fleet of Cletracs should be stopped it only means a little added work for the others. Cletracs work fast on the straightaway—turn short and get the corners clean—are economical and easy to operate.

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

HEREFORD, TEXAS

CHURCH NOTES

Methodist Church

Sunday School 9:45. We are trying for three hundred next Sunday. Will you be one of the number.

Preaching morning and evening by the Pastor. Subject, morning hour, "A One Hundred Per Cent Methodist," evening hour, "The Prodigal Son's Brother."

Epworth League at six o'clock. A welcome to all.

M. M. Beavers, Pastor.

First Christian Church

The Big Church with a Big Welcome

Mr. Asbell will close his ministry Sunday with the First Christian Church of Herford. He will preach in the morning at 11 o'clock and at 7:30 in the evening.

Bible School at 9:45.

Christian Endeavor at 6:30.

The public is invited to worship with us.

J. M. Asbell, Pastor.

Presbyterian Church

Sunday School 9:45 a. m.

11 a. m. Preaching—by the Pastor.

3 p. m. Junior C. E.

6:30 p. m. Intermediate C. E.

6:30 p. m. Senior C. E.

We hope for large attendance at every service Sunday. At each Christian Endeavor meeting we will hear from the district convention.

Due to the fact that Mr. Asbell will preach his farewell sermon at 7:30 p. m., we will hold no services at that hour, but will worship with the Christian people, as an expression of our love and respect for the retiring pastor.

J. R. Sharp, Pastor.

I. C. E.

Business.

Benediction.

Methodist Missionary Society

The Methodist Missionary Society met Wednesday, March 30, with Mrs. Heard as leader. A social service program was rendered which was much

appreciated. The subject of this program was "Land Tenancy." The meeting was opened by a prayer by Mrs. Black. Mrs. Heard then selected and read a short scripture lesson. This she followed by a description of some classes and cases of tenants she had known.

Mrs. Roloson delivered a splendid paper on "Comparison of Ancient and Modern Tenants." Especially did this paper show an amount of research into Ancient History, and a clear insight into present conditions of tenancy.

Another interesting paper had been prepared by Mrs. D. W. Hawkins on "Where does Tenancy Lead?" This paper opened a way for a discussion of the question and its possible remedies.

After the program, the president called a business meeting. A few items of business were disposed of and delegates were elected for the coming conference. Those chosen were Mrs. Potts, Mrs. Ashbrook, Mrs. Heard, Mrs. Hawkins, and Miss Edith Rayzor.

The meeting was adjourned by the repeating of the Lord's Prayer in concert.

Program for April 13, 3:00 p. m.

Hymn.

Prayer.

We will study the life and works of Jesus, as a missionary and the lesson to us.

Six minute talks as follows:

Baptism of Jesus—Luke 3:21-33—Mrs. Black.

Temptation in the Wilderness—Matt. 4:1-11—Mrs. Bryant.

John's Testimony Concerning Christ—John 1:19-34—Mrs. J. H. Bowers.

First Disciples Chosen—John 1:34-51

1907, with twenty-two million people to feed. "Old Man Gloom should be chased off the earth," he declared, "and we should face the future with utmost confidence of the best times ahead in our history."

Business Meeting
On Saturday night preceeding the sale the Breeders' Association held a business session at which President W. T. Womble and Secretary W. E. Dameron were re-elected, Henry Wilkins was made vice president, and Wes Bradley, E. T. Black and Joe Green named as directors for the ensuing year. Enough money was raised at this meeting to pay off the indebtedness against the Pavilion, and a trade was entered into whereby the five lots in the rear of the Pavilion were acquired from Carl Cockrell. It was also decided to hold another auction sale in the fall, if conditions warranted.

INDOOR BASEBALL PLAYED OUTSIDE WITH ARC LIGHTS

Indoor baseball, although played outdoors here, has made its appearance in Hereford.

Tuesday night a Firemen's Team and a Town Team played three desperate innings on the vacant lot back of the Ford Garage. The game was played in semi-darkness and was featured by the heavy scoring of both sides, the Town Team finally losing out the Firemen by the score of 21 to 20.

The Firemen won the first inning by the score of 13 to 2, but then "blew up" and never recovered sufficiently to grab the decision. Batteries: Firemen—Skelton and Jowell; Town Team—Johnson, Pittman and Red Alban.

The lot is to be lighted with electricity for future games, and a schedule is being worked out for the coming summer evenings. The game is played with a large, soft ball and small bats, and much fun and beneficial exercise can be derived from it.

Change Pictures Every Night

The management of the Star Theatre wishes to announce that beginning April 11, there will be a change of pictures every night. They have secured the best and latest program service they have bought all the latest Paramount pictures, and they assure the public that on each and every night there will be a treat to see. In this paper you will find the pictures for next week. See the ad.

PANHANDLE I. O. O. F. CROWD VERY ACTIVE AT WACO

Burl Elliston returned the latter part of last week from a trip to Waco, Texas, as representative of the local I. O. O. F. lodge at the annual meeting of the Grand Lodge. Mr. Elliston went down from Amarillo in a special car provided by the Amarillo delegation. Amarillo had a drum corps of 18 pieces and the Panhandle delegation let all Texas know they were there and ready to go, according to Mr. Elliston. A great meeting is reported. It is possible that Amarillo may be a candidate for the 1923 convention, if her hotel facilities by that time warrant the fight.

Once looked upon as a weed, the sunflower is now regarded as one of the best silage crops. Its nutritive value, ton for ton, is said to be equal to corn fodder, while its per acre yield is approximately double that of any other silage crop. It produces from thirty to thirty-five tons to the acre.

Keep your eye on your Brand label when the time is up the paper will STOP.

HE'S FASTEST MAN ON LEGS

The fastest man on legs. He is Charlie Paddock of California—who at Berkeley last week stepped the 220-yard dash in 20 4/5 seconds—thereby breaking a record of 21 1/5 seconds made by Bernie Wefers just twenty-five years ago. Four watches caught Paddock at this mark—one registering 20 3/5.

Did you ever try a want ad in our classified column? You'll get results.

Notice to Bankers

And other business men who send out much mail. Since we have but one train going east, and that one is in the forenoon, bring your letters before 9:30 a. m.

For west-going mail, any time before 6:00 a. m. of the day you want it to go will be all right.

The letter box is cleaned out every two hours all day, so your drop letters will be taken care of as usual.

Now, just a word about another side of the Post Office day: We sometimes get the lines crossed and put a letter in a wrong box. This does not happen every day, but we know, and you know it does happen occasionally. Please help us, and be honest enough to return the letter un-opened. At least 75 per cent of these letters are opened, and

**JOKE SAILOR NOW
FASHION FAD**

The Mitzel sailor which started its eventful career three years ago as a 65-cent joke hat—designed to get laughs for the famous musical comedy star, was accepted seriously by Paris. In all the metropolitan shops—new Paris models of the famous hat were shown—and on Easter—scores of them were worn by society leaders. The pictures show the original Mitzel sailor and the new 1921 Paris model as worn by Mitzel herself. It is of black cellophane straw—with a band and bow of black cire ribbon and trimmed with a cluster of colored fruit.

marked "opened thru mistake," when every one of us knows they were opened thru Curiosity.

It is a mistake to put the mail in some box in which it does not belong, but it is plain curiosity to open it, every time, instead of giving us a chance to put it right where it does belong.

Respectfully,
Mrs. D. N. Cox, P. M.

A liquid poison so strong that three drops will kill anyone whose skin it touches has been discovered by the Chemical Warfare Service. It is planned to use the liquid from airplanes, causing it to fall like rain.

A Holstein cow at Dallas, Texas, by name Cornucopia Segis Queen, recently, in a seven-day test, produced 602.8 pounds of milk and 27 1-2 pounds of butter. She gave 13 1-2 gallons of milk in one day.

A taxpayer of Georgia whose total tax is four cents insists on his right to pay in four installments. For his first installment he bought a one cent money order for which he paid three cents.

A GOOD FRIEND

A good friend stands by you when in need. Herford people tell how Doan's Kidney Pills have stood by them. Mrs. W. G. Ross of 318 W. 3rd St., endorsed Doan's four years ago and again endorses the story. Could you ask for more convincing testimony?

"I used Doan's Kidney Pills a couple years ago which I got at Burns' Drug Store and from the results I had I think they are a good remedy," says Mrs. Burns. "I gladly advise anyone to try them if bothered with weak or disordered kidneys." (Statement given November 15, 1916.)

On May 2, 1919, Mrs. Ross said: "I have used Doan's Kidney Pills occasionally since I recommended them before. They have never failed to give perfect results, therefore, my faith in them has increased."

IRI BECK'S SALE OF REGISTERED STOCK

The following sales were made at the Ludwig Iribeck sale held at his place near Happy on Tuesday of last week.

Table listing various stock sales including items like 'Sows', 'Boar', and 'Grand Total' with prices.

PLAINVIEW MAN IS VICTIM OF ATTACK

W. W. Collins, who lives fourteen miles west of Plainview was attacked Tuesday night by two men using knives who cut several gashes in his heavy army overcoat, which prevented badly injuries. He was enroute home from Plainview with a wagon-load of wool and had driven about ten miles when the trouble occurred.

Mr. Collins states that he was cold and had fastened his lines and was walking at the side of his wagon when the two men standing at the side of the road a short distance ahead of him. His team became frightened and pulled to the opposite side of the road. Upon getting even with them Collins spoke and as he greeted the one of them clinched him without saying a word and began his manly work with a knife. Several gashes were cut in the back of his overcoat and two in the front of his coat just over his heart. He broke away from the man and struck him a heavy blow, then ran to his wagon, which had advanced some distance up the road. Collins drove to a neighbor's house. J. Ford's, and examined himself and found that he was not injured. Accompanied by Mr. Ford they went back on the road and were unable to locate the men or get any clue. On returning to his wagon Mr. Collins resumed his journey homeward.

Arriving he found Mr. Foster unable to move and he brought him to Plainview sanitarium immediately. On an examination physicians state that the injuries were not dangerous and is fast recovering. Plainview Her-

at public outcry to the highest secure bidder for such, on the first Tuesday in any month after advertising said sale once a week for four consecutive weeks in some newspaper published or circulated in said County; said sale to take place between the hours of 10 a. m. and 4 p. m.

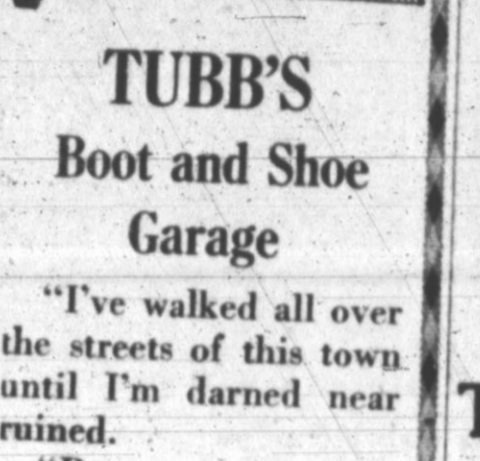

THE STATE OF TEXAS County of Deaf Smith. Whereas, on the 28th day of March, 1921, a petition was presented to the Board of Trustees of the Hereford Independent School District, for an election on the question of authorizing a tax of and at the rate of not exceeding one (1) dollar on the \$100 valuation of all taxable property in said district for the purpose of supplementing the State School Fund apportioned to said district, said petition bearing the requisite number of signatures of property-tax-paying voters of said district and being in every respect in conformity with law.

Now therefore, Be it ordered by the board of trustees of the Hereford Independent School District that an election be held at the Deaf Smith County Courthouse, in the town of Hereford in said Hereford Independent School District on the 30th day of April, 1921, to determine whether the voters of said district shall have the power to annually levy, assess and collect a tax upon all taxable property in said district, for the support and maintenance of public free schools in said Hereford Independent School District, of and at the rate of not exceeding One (1) dollar on the \$100 valuation of all taxable property in said district; such tax, if voted, to be levied and collected for the year 1921 and annually thereafter unless discontinued as provided by law.

E. T. Woodburn is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same. None but property-tax-paying voters, who are otherwise qualified to vote in the Hereford Independent School District, shall vote at this election. Those favoring the tax shall have written or printed on their ballots the words, "For the Maintenance Tax" and those opposed to said tax shall have written or printed on their

allow, "Against the Maintenance Tax." A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

G. A. F. PARKER, President Board of Trustees of said Dist. Attest: Mrs. B. F. Guthrie, Secretary of (SEAL) Board of Trustees of said Dist.

"I've walked all over the streets of this town until I'm darned near ruined. "But my owner is going to take good care of me. I know. For he's on his way to Tubb's shoe repair shop, and that means I'll have a good stout sole in place of the worn-out affair I have now."

LET'S REASON When a motorist gets a puncture in his tire, does he throw it away or have it repaired? When a small hole wears through the sole of your shoes, it is just as unwise to throw away the shoes as it is for a motorist to throw away a tire. Both shoes and tires cost real money these days. THEN ACT!

Read the Rumely OilPull Guarantee

No other tractor is backed by a guarantee such as this—to burn kerosene under all conditions, at all loads up to its full rated brake horse power. The success of the OilPull as a cheap fuel tractor is due to more than just the Secor-Higgins carburetor, patented and used only by the Advance-Rumely Company. Every part is built especially for the successful burning of oil fuels—special motor, carburetor, cooling system. The method of handling kerosene is so different from that of gasoline that it necessitates entirely different construction of the entire machine. The result is that no matter whether in drawbar or beltwork, running at full load or light, in wet weather or dry, coldest winter or hottest summer, any time, any place—cheap kerosene is the OilPull's fuel. The records of public contests prove its ability to plow an acre at the lowest cost and to use the least fuel per horse power. Give us the opportunity to tell you more about it.

The C. O. Lee Hardware

ITCH! Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, BURNING, TETTER or other itching skin diseases. Try a 75 cent box at our risk. George E. Burns Drug Company.

TIRES. Our large storage capacity enables us to take care of your car and, by the way, we will WASH your car, oil it up and put it in Tip-Top condition. Sinclair Oils For Motors, Trucks, Tractors, all grades. Murphy & Bailey

Tire Repairing. Vulcanizing — Patching Retreading — Storage. Our large storage capacity enables us to take care of your car and, by the way, we will WASH your car, oil it up and put it in Tip-Top condition. Sinclair Oils For Motors, Trucks, Tractors, all grades. Murphy & Bailey

Hughes Electric Ranges. Electric cooking has proved itself in Hereford as everywhere else that it has been tried. It is as cheap as any other method and far less troublesome, as there is no fuel to carry in and no ashes to carry out—hence there is less work and less dirt left in the house. Electric cooking therefore lightens the burdens of the housewife. Does not this appeal to you? The following families in Hereford are using Hughes Ranges in their homes, ask them about Electric Cooking: R. H. Barnett, Chas. Donald, J. B. Miller, J. H. Miller, W. S. Fullwood, D. L. McDonald, Homer Wilkinson, And others. Why not get yours now and enjoy it all the year. Hereford Light & Power Company. For Job Printing, call The Brand. Quality work at reasonable prices.

FOR HAIL INSURANCE See H. B. WEBB at Dunlap Hardware Store. Not the largest agency in Hereford or State of Texas, but there are no better companies doing business in Texas or better rates than mine. These rates are uniform and made by all the companies doing business in the Hereford district this year. Our 1920 losses were all paid in Cash promptly and satisfactorily to the insured. Ask them about it. Your Hail Insurance business will be appreciated by me and have prompt attention. H. B. Webb

Ford THE UNIVERSAL CAR Farmers! Indications point to a big wheat yield and Trucks will be in great demand to market the crop. Many farmers will want to dispose of their grain from the thresher. The demand for trucks will be above the normal and some will place their orders too late. If you contemplate getting a truck, place your order now for a Ford Truck, thereby insuring delivery when needed. Wilkinson & Stocking

Card of Thanks
Words can never express the comfort rendered in our late bereavement of wife and mother. We want so much to thank our many friends and neighbors for their thoughtfulness, kind words, loving service and beautiful floral offerings in a time when most needed and appreciated. May the loving Father bestow His richest blessings upon you.
Guy E. Weaver and children.
