Gunmen Fire On Communist Meeting, Gang War Possible

MARSEILLE, Nov. 14. (AP)—Unidentified gunmen fired on Communist Party headquarters here today while a meeting was in progress and troops were immediately alerted to prevent a recurrence of bloody rioting which developed Wednesday.

There were no casualties from the gunfire, but police feared it might mark the beginning of a war between Marseille's underworld gangs, known as "Nervis," and the tough hard-fighting communists of the rugged Marseille waterfront.

The shooting occurred as the communists were completing plans for a demonstration in connection with the funeral of a leftwing party member killed in Wednesday's disorders. The Central Labor Council ordered a general work stoppage during the funeral, but did not issue a general strike call, which the communists have demanded. After a long session, the council agreed that "only the (individual) unions can decide" whether to join the spreading strike movement.

Workers already on strike—including truckers, bus drivers, seamen, longshoremen, metal, building and chemical workers—began halting trucks in the outskirts of Marseille, whose great port was paralyzed. Not a single ship entered or left during the morning for the first time since the war.

Some of the strikes spread to the port of Sete, more than 100 miles down the coast, where longshoremen and building workers declared their solidarity with the Marseille strikers and also demanded higher pay. Strikes also were reported in other Mediterranean ports.

Strikers were reported to be in virtual control of the St. Antoine section of Marseille, halting trucks and controlling a vital intersection at which two main highways leading into the city converge.

The Rhone Delta prefecture of police said armored units, planes and infantry were being held in readiness around Marseille in case of serious trouble and a newsman was told "we'll use them if we need them."

A truce was reached with the strikers on the issue of allowing food into the city. Longshoremen began to unload food cargoes destined for the central markets and the truck drivers allowed food trucks to proceed.

Entrance to the bank was gained through a rear door, which had been pried open. The knob on the deposit vault was knocked off.

The main vault was not disturbed, only the safety deposit vault, which contained 52 boxes. Rosebud, a community of 2,000 inhabitants, is situated in Falls county, approximately 25 miles south of Waco. Marlin is the county seat.

Sheriff Brady Pamplin of Marlin, state patrolmen and Federal Bureau of Investigation agents of Waco were notified.

One officer said "there are fingerprints aplenty."

The bank is located across the street from the Flaniers National Bank, where a futile attempt was made Oct. 19 to burgle it.

Sheriff Pamplin said he believed the burglary was committed by the same persons.

Checks should be made out to "Texas Section, Friendship Train," and may be mailed to The Herald. They will be publicly acknowledged, and turned over to the Lions Club for arranging of purchase of food items to go into the Texas train.

Officials of the Lions club directing the undertaking urged promptness in remittance of funds. "We think Big Spring can show its neighborly spirit as graciously as the rest of the nation," they said. "And call upon all local citizens to assist us quickly and generously in a program for world betterment."

Warren entered the race with only two reservations. He will not make an active personal campaign and he will not seek delegates in other states.

Under the circumstances, he told a press conference yesterday he is willing to have his name presented by the California delegation at the Republican convention as a candidate.

Members of the Texas State Board of Pharmacy concluded a two-day business session here Thursday evening, which included an inspection tour of the Howard County Junior college and a dinner arranged by local pharmacists.

Routine business was up most of the agenda for the two-day meet. Lee Stinson of Snyder was seated as a new member of the board.

Board members praised laboratory facilities at the junior college, declaring that equipment at the local school compared favorably with any other in the state.

WATCHMAN TIED UP Unmasked Men Rob Rosebud Bank

ROSEBUD, Nov. 14. (AP)—Two unmasked armed men broke into the First National Bank here at 2 a. m. today after tying up the nightwatchman and escaped with an unestimated amount of valuables, including jewelry and cash.

V. D. Nicholson, president of the bank, said he could not make an immediate estimate of the loss.

The nightwatchman, Melvin Lucas, about 52, said that two men came to his office, near the bank, shortly before 2 a. m., forced him to go with them to a small barn not far from the bank, where they bound and gagged him.

"It was dark," he said, "and I couldn't recognize them, but they were both big men."

Lucas said he finally freed himself about 5 a. m., and reported the robbery to City Marshal J. B. Curtis.

When Curtis went to his car to go to the bank to make an investigation he found that two tires of his automobile had been punctured with an ice pick.

Entrance to the bank was gained through a rear door, which had been pried open. The knob on the deposit vault was knocked off.

The main vault was not disturbed, only the safety deposit vault, which contained 52 boxes. Rosebud, a community of 2,000 inhabitants, is situated in Falls county, approximately 25 miles south of Waco. Marlin is the county seat.

Texas Is Big Puddle After Good Rains

Light Snow Falls In Amarillo Area

Texas was a big puddle of water today, with the most general rains of the season drenching the state from the Red River to the Rio Grande.

Light snow fell in Amarillo, where the temperature dropped to 33 degrees, lowest in the state.

The weather is expected to moderate in time for tomorrow's big football games, the Weather Bureau said, but may be cloudy and chilly enough for the opening of the deer and turkey season Sunday.

The rains generally were considered beneficial to crops and ranges, in some cases breaking long droughts. On the debit side, Houston police reported that slippery streets caused 47 traffic accidents which injured 10 persons, one seriously.

Heaviest rainfall reported was 2.6 inches at Corpus Christi, Dallas had 1.49 inches up to dawn, with rain still falling.

The widespread precipitation is indicated by such reports as Gainesville 1.15, Lubbock .75, Fort Worth .88, Amarillo .56, Austin .38, Waco .42, El Paso .37, San Antonio .21, Houston .25, and Wichita Falls 1.36. The lower valley reported rains, with the state's highest temperature. It was 81 in Brownsville yesterday, and 75 this morning.

The weather bureau said in east Texas rain was still falling, and the average would be around half an inch.

"Every town in Texas got some rain," the Dallas weather bureau said.

San Antonio said rainfall over south Texas was general, with the Valley, the Gulf Coast, Laredo, Del Rio, Junction and other points reporting beneficial amounts.

V. C. Childs, Austin, statistician of the crop reporting service of the U. S. department of agriculture, said the widespread rain over the wheat and range country was "encouraging" in view of the long-continued drought.

"While reports thus far would not give assurance of a wheat crop the rain will help," Childs said. "It will sprout volunteer wheat and that planted in the dust. It will also serve to start winter grass and weeds in the Edwards plateau sheep and goat country, which has been very dry."

Childs said the North Texas out-raising region is in very good condition, since rains earlier in the fall in that section were sufficient to start that crop, barley and winter cover were aided.

He said central Texas oats had needed rain, and the showers would aid.

"The fact remains," he added, "this is just a start and much more rain will be needed."

The official forecast was optimistic, calling for more showers in north and central portions of east Texas, and in the extreme east portions today and tonight. Occasional rains in the Panhandle and South Plains also were forecast for today. It will be colder in the Panhandle late tonight.

This area received more than quarter of an inch of rain, most of which went into the ground as it fell, Thursday evening.

In spotted sections, there were estimates up to half an inch but the average likely was slightly below one-third of an inch. The U. S. weather bureau reported .27 of an inch.

Little damage, except in grade, resulted to cotton and dry-planted and young cover crops of small grain were benefitted. No appreciable amount of stock water was put out and it was considered doubtful that the showers would sustain weeds for winter grazing, although it may be sufficient for sprouting them. Volunteer wheat patches were given a good start in most localities.

Four Britons Are Slain In More Violence

JERUSALEM, Nov. 14. (AP)—Four Britons — two police and two soldiers — were slain today in a continuing wave of Palestine underground violence which has cost a toll of 11 dead and 30 wounded in three days.

The police were killed on the Jaffa road in Jerusalem by attackers who fled on foot. The two soldiers were slain in Tel Aviv by bullets from a speeding car.

Police said the Stern gang, a Jewish underground organization, probably was engaged in a campaign of reprisals.

Authorities said the two Jerusalem policemen, both constables, were unarmed and in civilian clothing, on their way to their assignments in the Mustapha police station, when they were shot in the back.

However, Jewish sources at the scene said one of the constables was armed, and that as he fell he turned and fired at the attackers. They said his shots injured a small Jewish girl. The wounded constable died later in a hospital.

Police said a crew of a patrolling armed car pursued the attackers through an alleyway and that one was believed to have been hit by gunfire.

Assurance Given Of Plans For A TNG Unit Here

Assurance that a definite program is being worked out toward establishment of a National Guard unit in Big Spring was given Friday by Col. Al Deutch, chief of staff in the adjutant general's office, TNG.

Col. Deutch talked by telephone with Joe Pond, chairman of a general Guard organizing committee formed here some time ago. Pond advised the state officer that facilities are ready in Big Spring, and that interest is at such level that personnel can be registered promptly in an infantry or a field artillery unit.

Col. Deutch said an announcement will be forthcoming soon from his office.

The local Guard unit would have access to a building at the old bombardier school as an armory and drill site.

Mrs. Morris Dies At Home

Mrs. Charles Morris, member of a widely known family and a devoted worker of the First Methodist church, died at her home at 700 Ayford today at 4:20 a. m.

She had been seriously ill for a month.

Funeral was set for 3 p. m. Saturday in the First Methodist church with the pastor, the Rev. C. A. Long, officiating. The choir will be in charge of music and burial will be in the city cemetery. The body will lie in state at the Eberly Funeral home until shortly before time for last rites.

Mrs. Morris had served her church for almost two score years with great fidelity, having occupied the dual role of pianist and choir director for many seasons. In addition, she was pianist for the mid-week prayer services, and was the only teacher the Susanah Wesley, a long-established class of the church, ever had. Besides this, Mrs. Morris was active in the affairs of the Women's Society for Christian Service, and other church events.

Surviving her are her husband, Charles F. Morris; three sisters, Mrs. Frances Crance, Arcadia, Texas, Mrs. Sally Thomas, Big Spring, and Mrs. Grace Mann, Seattle, Wash.; and one brother, Ralph Towler, Big Spring. She was the daughter of the late Mr. and Mrs. E. G. Towler.

September Food Prices Set Record

WASHINGTON, Nov. 14. (AP)—Retail food prices in September hit a record high, sending the cost of living up another two percent for moderate-income families, the bureau of labor statistics reported today.

The September index is 12 percent higher than a year ago, 23 percent above June, 1946, when most OPA controls were abandoned, and 66 percent over the August, 1939 level.

TESTIFIES ON STOCK HOLDINGS — Col. Wm. B. AT PROBE Meyers Asks For A Court Martial Trial

WASHINGTON, Nov. 14. (AP)—Major Gen. Bennett E. Meyers disclosed he has asked for a court martial trial after Senate investigators developed testimony today that \$1,053,000 of wartime contracts went to a firm in which he once acknowledged a financial interest and later said was owned by friends.

These developments came in quick succession at the Senate war investigating committee's inquiry into financial affairs of Meyers, a wartime Air Force purchasing officer.

Lawrence D. Bell, President of Bell Aircraft Corp., testified his firm awarded \$1,053,000 of subcontracts to the Aviation Electric company, Dayton, Ohio. He said Meyers told him it was owned by his (Meyers') friends.

Oliver P. Echols, retired major general and General Meyers' immediate superior for many years, testified that Meyers told him "about 1940" that he owned stock in the electrical company but either had or would dispose of it then.

At that point, the Senate group recessed and Meyers announced to reporters that he has asked a court martial trial.

The retired general said he made the request to W. Stuart Symington, secretary of the new separate air forces and General Carl Spaatz, Air Force head, two or three months ago.

Labor Regime Rallies To Stave Off Possible Crisis

LONDON, Nov. 14. (AP)—Britain's harassed labor government rallied today to stave off the possibility of a ruinous cabinet crisis resulting from a budget "leak" scandal which forced the resignation last night of Chancellor of the Exchequer Hugh Dalton.

Prime Minister Attlee promptly appointed Sir Stafford Cripps, the nation's economic czar, to succeed Dalton as treasury chief.

Sir Stafford thus emerged as the undisputed "strong man" of the labor regime. He now holds the reins of both the treasury and the drive for economic recovery.

In the House of Commons, Winston Churchill, opposition leader, disclosed that he had demanded a full investigation of the incident which led to Dalton's resignation.

Some observers saw in this the possibility of a full-blown effort to oust the Attlee cabinet.

Dalton's resignation marked the first break in labor's Big Five—Attlee, Cripps, Dalton, Foreign Secretary Ernest Bevin and Lord President of the Council Herbert Morrison—since labor came to power in 1945.

It followed his apology to the House of Commons for "a grave indiscretion" in disclosing details of tax secrets to a newspaper reporter a few moments before he announced the emergency budget in Parliament Wednesday.

Attlee issued a statement in which he said the resignation resulted directly from Dalton's "indiscretion."

IF MEET FAILS Dulles Wants Three Power Disarmament

WASHINGTON, Nov. 14. (AP)—John Foster Dulles, a member of the U. S. delegation to the United Nations, today called for a three-power treaty to guarantee disarmament if the four major powers cannot reach agreement at the London conference.

Dulles told the Senate foreign relations committee that such an agreement between the United States, Great Britain and France will "go far to assure that fear will not be the designer of postwar Europe."

He said a long-term treaty between the three western powers and Russia was proposed as long ago as January, 1945.

Dulles said: "Unfortunately, no such treaty has yet been made. The idea was adopted by the Administration but the opportune moment has passed. Soviet-American relations had deteriorated to a point such that Soviet opposition was inevitable."

"I hope that at the forthcoming meeting of the council of foreign ministers at London something will be done about it, preferably on a Four Power basis, but otherwise on a three power basis."

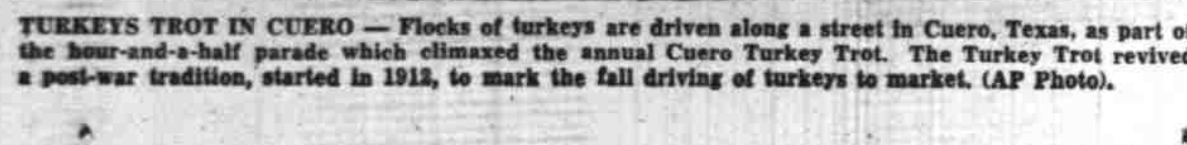

Meanwhile contentions that the French government is clamoring for outside help while its people have some \$2,000,000,000 or more in gold cached away complicated the European aid program.

When French assets in the United States are added to the top estimate of gold hoarded in France, the figure runs up to \$4,340,000,000. That is nearly double the \$2,397,000,000 the American government is asking for European aid in the next 19 months.

But House experts on foreign affairs said they can see no way to pry loose any of the French gold, most of it in the hands of private citizens, in time to cut that bill.

SAN FRANCISCO, Nov. 14. (AP)—Pfc. Charles Rastellini has a new accomplishment to tell the folks about in Scriverville, Mass. Setting out on a 15-day furlough, he climbed into a jeep at Fort Ord to go to Hamilton field, where he hoped to hitch a plane ride eastward. The jeep missed a curve and rumbled into a building at Hayward, Calif. Rastellini broke his nose. Highway patrolmen said the 17-year-old soldier reported ruefully: "I never drove an auto before in my life."

China Aid Estimate Called Inadequate

NANKING, Nov. 14. (AP)—Sun Fo, vice president of China, today described the proposed \$300,000,000 in U. S. aid to China as "a drop in the bucket" and observed "I've always had a hidden suspicion that American friendship was not dependable."

The son of China's famed revolutionary hero, Sun Yat-sen, said in an interview the size of the proposed aid indicated U. S. Secretary of State Marshall was more concerned with the welfare of Europe than with that of China. China, he said, must work out its own salvation "instead of depending upon American charity."

Sun Fo explained he did not mean China no longer values the friendship of the United States, but rather that the Chinese would do well to keep in mind that foreign aid is not dependable.

He said China welcomes U. S. economic assistance in the form of short-term credits, essential goods and long-term loans for rehabilitation of railroads and for industrial development. He added, however, that "\$300,000,000 at only \$20,000,000 monthly, as recommended by Marshall, cannot accomplish these purposes."

Sun Fo said recommendations by William C. Bullitt, former American ambassador to Russia and France, to give China \$1,350,000,000 in aid were "more comprehensive and thorough-going."

He said Marshall, in recommending aid to China, was interested in quieting the Republican opposition in Congress "who would like to see China receive equal attention with Europe in financial matters."

The Chinese Vice President declared the Chinese communists, by a secret agreement with the Russians, had obtained enough Japanese weapons and ammunition to arm 1,000,000 men.

U. T. Head Says Red Speaker Was Oversight

AUSTIN, Nov. 14. (AP)—If University of Texas officials had known James J. Green of Houston was the self-styled secretary of the Texas communist party, he would not have been allowed to speak on the university campus, university President T. S. Painter declared yesterday in a prepared statement.

Said Dr. Painter:

"It was represented by an officer of common sense to the office of the dean of student life to be a faculty forum discussion on the house un-American activities committee and on this understanding permission was given for use of a room in the geology building. Had it been known that an official of the communist party was to appear on the program permission for his appearance would have been denied.

"Under our announced policy of long standing, free and open discussions of controversial issues are encouraged, as an essential phase of university life. This policy, however, does not permit either the university or any university group to be a sponsor of any political or sectarian gathering on our campus. Certainly, the University of Texas does not, indeed, under the state law cannot condone in any way whatsoever the advocacy of communism or any other such alien philosophy. Individuals representing such subversive groups are not welcome here and their appearance on the campus will not knowingly be permitted.

"It is regretted that because of the misrepresentation of facts Mr. Green was allowed to speak on the campus."

Baptist Convention Is Called Best Yet

AMARILLO, Nov. 14. (AP)—Jeff Ray, 86, a Fort Worth fixture at Baptist state conventions for 64 years, says he doesn't see how this year's meeting could have been improved.

Delegates were homeward bound today as Ray, short, plump and amiably alert lounged around his hotel room in soft house slippers and summarized the action of the three-day convention that closed last night.

Delegates had been told Texas Baptists have increased to 1,000,000 members in more than 3,300 churches and that one out of every two Texas churchgoers is a Baptist. Last year they raised \$25,000,000 and the budget for the next year will be \$4,000,000.

The 5,000 Baptists attending the meeting had shown an enthusiastic zest for future expansion of Baptist properties and Baptist evangelism.

Ray, a professor emeritus at the Southwestern Baptist Theological Seminary, said:

"I've missed only five conventions in 64 years and I've never seen a better one or heard a finer set of speakers."

"Of course," he added, "things are different now—more streamlined, done on schedule."

"Half-a-dozen times during the last three days I'd have liked to have said something but the only time I did get to say something was to shout 'Where are the police?' When they were throwing that fellow out. Nobody heard me then and I was hemmed in by women and couldn't get out of my seat. (Ray referred to the ejection of a fundamentalist Baptist preacher who was carried out of the auditorium after he had heckled a speaker.)

"We don't have the halabalo nowdays that we used to have, but we are getting places. This year we raised more money and baptized more people than the whole (15-state) Southern Baptist convention did 25 years ago. If the Baptists sit steady in the boat and maintain their loyal conviction to the Word of God, the growth in the next quarter century will be even more gratifying."

Dr. Wallace Bassett, big, husky, genial, pastor of Dallas' Cliff Temple Baptist church yesterday was re-elected president of the convention for a second term. He had no opposition. Other offices named were Dr. A. D. Foreman, Jr., pastor of the First Baptist Church of Amarillo, first vice president, and Dr. M. L. Rhodes, Houston, second vice-president. D. B. South and Roy L. Johnson were re-elected secretaries and J. Earl Mead will continue as secretary of the corporation.

Houston was chosen as next year's convention city and the date was set for Nov. 9.

The convention yesterday also elected four new trustees for Baylor University at Waco. They were: Grover C. Cole, Fort Worth; the Rev. A. J. Holt, Waco; Dr. W. R. White, Austin pastor, and Claude Segrest, Waco.

All over Western Europe, men, women, even children are desperately trying to rebuild their war-battered home and cities. Badly weakened by hunger, their labor is terrifyingly hard, their work pitifully slow. They must have food to give them strength.

Help them help themselves!

WE MUST SEND OUR FRIENDS IN EUROPE FOOD TO GIVE THEM STRENGTH TO BUILD A DECENT, PEACEFUL WORLD TO LIVE IN

THERE can be no hope, no rest, no peace in a hungry world.

There can be no courage, no strength to build.

Western Europe will be desperately hungry this winter unless we help. Severe drought and cold have cut their crops to the lowest yield in recent history.

We must help. We must save wheat and meat so that our friends in Europe may have the strength and courage to help them work and build—to become once again self-respecting and self-supporting.

Will you do your part in this nation-wide effort to save the peace?

- 4 ways YOU CAN SAVE WHEAT TO FIGHT HUNGER...**
- 1 Use no meat on Tuesdays. Do not serve any cuts of beef, lamb, veal, pork or ham at home nor ask for them in restaurants. On days you do use meat, buy the cheaper grades.
 - 2 Use No eggs on Thursday
 - 3 Save a slice of bread every day. Every slice of bread, every bun, roll or muffin you save means more wheat to fight hunger abroad.
 - 4 Remember when eating out, restaurants will save bread and butter only on your special request.
- WASTE NOTHING—CLEAN YOUR PLATE AT EVERY MEAL!**

U.T.-O.U. Band Parade Before Game May Be Called Off

NORMAN, Okla., Nov. 14. (AP)—Bands from the Universities of Oklahoma and Texas may never again rouse fan spirit by downtown marches before the schools' annual football game in Dallas. Even if the universities continue the game series in Dallas' Cotton Bowl—which is still undecided—present plans are to scratch the pre-game band parades, Leonard H. Haug, Oklahoma's band director, said.

Band directors from the two schools made the decision after a parade and traffic mix-up this year—and also because they believe the parade helped work up enthusiasm to the pop-bottle-throwing pitch.

Haug said that he and the Texas band director, George E. Hurt, have agreed on the move and have requested approval from their schools.

Heralded Battle Of 'Squirt-Gun Navy' And Battleship Is Postponed By Tide

NEWARK, Nov. 14. (AP)—The heralded engagement between the battleship New Mexico and Newark's "Squirt-gun Navy" was postponed today after the decommissioned dreadnaught arrived outside the harbor three hours behind schedule, too late for the morning tide.

The Coast Guard reported that the towing company whose tugs are bringing the venerable vessel into port said the ship now is due to enter the harbor on tomorrow morning's tide.

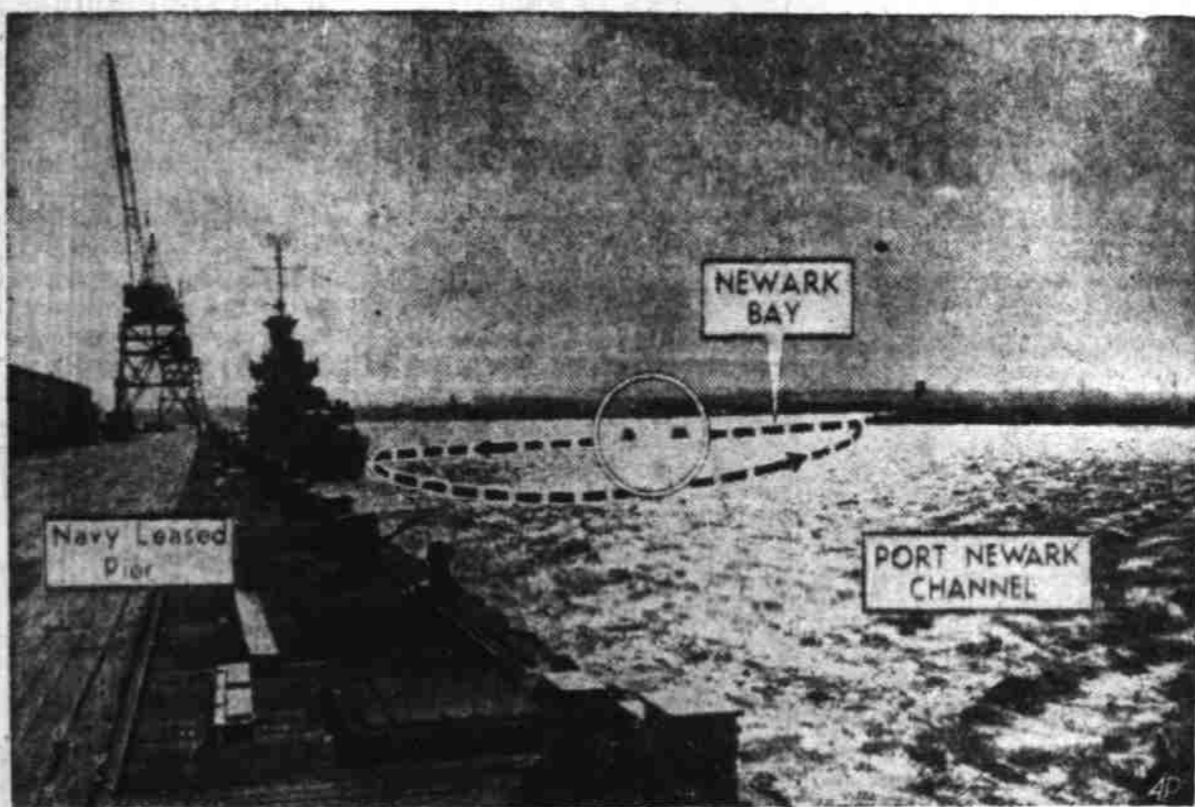

At 6:35 a. m., a spokesman for the towing company said, the 30,000-ton New Mexico stood five miles southeast of Ambrosic channel lightship, in tow of two tugs. She had been scheduled to reach the lightship at 5 a. m., but her progress was hampered by strong headwinds during the night.

The New Mexico was to have arrived at the entrance to Newark bay at 8:30 a. m. high tide, where she must negotiate a difficult 120-degree turn into the channel of the bay.

H-hour had been scheduled for 10:15 a. m. today.

The tiny defending force, two 30-foot fire launches armed with chemical sprays and fire hoses, manned "battle stations" at dawn, determined to prevent the decommissioned dreadnaught from keeping its rendezvous with a Newark scrapyard, which city officials say she must not reach at any cost.

Mayor Vincent J. Murphy declared war on the 23,000-ton "New Mex" Armistice Day, ordering the fire boats to patrol the bay channel and block the entry of the once gallant flagship of the Pacific fifth fleet. Officials have ordered that no more ships be junked with in the city.

WHERE NEWARK'S NAVY IS ON PATROL—This photo diagram shows Port Newark area where the decommissioned battleship New Mexico is scheduled to be scrapped at a pier leased by the Navy and subleased to a salvage firm. Newark's city-operated fire boats (circled) patrol the mouth of the channel in a move designed to block entry of the 30,000-ton battleship to the channel. (AP Wire-photo).

As a prelude to the engagement, Newark was under heavy bombardment from many sources yesterday. The state of New Mexico entered the fray with an avalanche of outraged telegrams. A New Jersey naval hero, Adm. William (Bull) Halsey, a native of nearby Elizabeth, refused his services and

bolstered its ranks with the addition of nine tugs to the three already escorting the New Mexico. "We're heading right for Port Newark and that blockade we've been reading so much about," Walter P. Meseck, president of the towing company, said last night in

a defiance pre-battle communique. "Those little boats had better run for cover when we get there, too." The venerable vessel now is owned by Lipsett, Inc., a New York salvage firm, which bought it for scrap and leased part of the Newark naval base for the junking job.

REPORT SHOWS

Rotarians On Road Are Loyal To Club

Extensive travels and loyalty to their club are reflected in make-up attendance reports submitted during the past year by members of the Big Spring Rotary club.

As do most service clubs, the Rotary organization permits its members to make up their attendance by visiting another club if, for any reason, they are out of town on their local club's regular meeting date.

H. D. Norris, secretary of the Big Spring club, found that Rotarians here had visited in eight states this year when make-up attendance cards were tabulated recently.

Most unusual record is that of George French, assistant superintendent for T. & P. Business excursions have made it necessary for him to be out of town on 26 weekly meeting dates this year, but he still maintains a 100 per cent attendance record by visiting

a Rotary club somewhere along the way each week.

Iva Huneycutt, however, has managed to achieve the greatest variety among the group. He has visited nine different Rotary clubs.

The reports show that Big Spring Rotarians have visited clubs in Basin and Powell in Wyoming; Alamogordo and Santa Fe, N. M.; Chicago, Ill.; Bakersfield, Los Angeles, San Gabriel, Alhambra, Arcadia, El Monte, San Marino and Temple City, Calif.; Nowata, Okla.; New York City.

In addition, clubs in the following cities and towns of Texas have been visited: Marfa, Abilene, Amarillo, El Paso, Borger, San Angelo; Junction, McGregor; Waco, Sweetwater, Menard, Austin, Snyder, Pecos, Texas City, Lamesa, Midland, Odessa, Dallas and Fort Worth.

Over 1,000 Officers Trained At Camp

SAN ANTONIO, Nov. 14. (AP)—During the training period just closed the Tenth Air Force summer encampment at Brooks Field here gave active duty training to 1180 officers and 393 enlisted men from Texas, Louisiana, Arkansas, New Mexico and Oklahoma. Major Gen. H. M. Turner, commanding, announced yesterday.

Air reservists logged 15,022 flying hours without a serious mishap, and in addition to pilot time the encampment recorded 395 hours flown by navigators and 380 hours by bombardiers.

Mac Phail Is Breeder Of Horses Now

BALTIMORE, Nov. 14. (AP)—Larry MacPhail, ex-president of baseball's New York Yankees, has set himself up as a Maryland horse-breeder.

MacPhail purchased three brood mares from Alfred Gwynne Vanderbilt yesterday—but he declined to say whether he would race their offspring under his own silks or would produce thoroughbreds for sale.

While the young mares have had no offspring, all three are already in foal to top-ranking stallions.

Pecos Group To Meet

McALLEN, Nov. 14. (AP)—The Pecos River Commission of Texas and New Mexico will meet later this month in Santa Fe, N. M., to consider a report completed Wednesday by an advisory board of five engineers on Pecos river waters.

The engineering data is designed to aid in the settlement of a quarter-century dispute between the two states over the waters.

Plumbers Exempt From City Fee

AUSTIN, Nov. 14. (AP)—Plumbers do not have to pay an occupation tax or a license fee to municipalities, the attorney general held in effect Wednesday.

The legal opinion, directed to C. E. Beik, administrator of the board of plumbing examiners, held that the state license fees fixed by the state legislature in its plumbing license law this year are not occupation taxes.

Bell Telephone To Double Its Building Space

Bids have been asked by Southwestern Bell Telephone for construction of an addition which will almost double the size of the Big Spring exchange building.

Contractors have been asked to submit bids at noon on Nov. 25 and work will be started as soon thereafter as possible, according to Don Gaither, manager for Southwestern Bell here.

Estimates are that the work will require six to eight months for completion.

The addition will be of brick and stone construction, the same as the present building at Fourth and Rannels, and it will be of two stories.

The first floor addition will extend 42 feet to the rear of the present structure, virtually to the alley, and will be the full 47-foot width of the existing exchange. Second floor is to be irregular in shape, filling in over the present first story and over the new first floor addition with the exception of a space about 27 x 24 feet at one rear corner.

Space furnished by the new addition will enable the company to enlarge its business office to almost twice its present size, and will double the size of the equipment room on the first floor, according to Gaither. On the second floor, the operating room will be enlarged as will the operators' lounge, locker and restrooms.

Big Spring (Texas) Herald, Fri., Nov. 14, 1947

Completion of the structure will provide space for installation of three more local switchboard positions, equipped to handle about 900 more telephones and five more long distance switchboard positions, said Gaither. Involved in this, however, will be the matter of securing the technical equipment and cable facilities, a necessary adjunct to the extension of service.

North Ward PT-A Hears Address By Blackburn

Emphasizing the fact that our ideas and visions concerning public education can become real, E. B. Blackburn, principal of the North Ward and East Ward school spoke Wednesday to members of the North Ward Parent-Teachers association on "Schools and the Years Ahead."

"America itself was founded on ideals," Blackburn said. "Education is one stem that cannot be taken away."

He urged that teachers work with parents to teach children the three things essential at an early age: to put forth an effort, to have confidence and understanding of society and to realize their relationship to others.

A strong, efficient and wholesome educational system in the elementary grades will stimulate interest in higher education, Blackburn said.

Sharon Lewis played a piano solo, "Nobody Knows the Trouble I've Seen."

Four new members were added to the association, making a total of 142. Announcement was made that Mrs. R. V. Sallee was given a life membership into the P-T-A. Room count was won by the first grade class.

Attending were Mrs. Noble Kenner, Mrs. Truett Thomas, Mrs. Helen McWilliams, Mrs. Lucille Grant, Mrs. Melvin Choate, Mrs. Garnet Miller, Mrs. Landon Roane, Mrs. Lila Mae Baird, Mrs. E. F. Logan, Mrs. O. C. Lewis, Mrs. Walter Rueckart, Mrs. L. S. Anderson, Mrs. Guy Shortes, Mrs. Buster Bell, Mrs. Jess Slaughter, Mrs. George Hill, Mrs. Clarence Suggs, Mrs. B. E. Winterrowd, Mrs. Elden Vieregge, Mrs. Melvin Peters, Mrs. E. B. Musick, Mrs. Earl Holley.

East Ward Group Adopts Project

East Ward P-TA members Thursday afternoon heard a talk on the future of schools, reports on success of the carnival event, and adopted a project for the year.

E. B. Blackburn, Jr., principal, spoke to the group on "Schools for Years Ahead."

The P-TA agreed that efforts would be directed toward the purchase of a movie projector for the school. Named to a committee to handle the selection and purchase were Blackburn, Mrs. Walter Smyrl, Mrs. C. W. Mahoney, Mrs. C. C. Coffee, and Mrs. Eugene McNallen. Mrs. J. D. Jenkins reported that the school carnival netted \$174.36. Mrs. Eugenia McNallen's sixth grade pupils presented a playlet, "Book Store," and she announced that Monday would begin "Child's Book Week." She also is to speak at 8 p. m. Tuesday at a library meeting on reading for children.

Mrs. Jack Irons assisted Mrs. Tracy Smith in the devotional, and the room count went to the second grade unit of Miss Neil Cummings.

Attending were Mrs. A. J. Cain, Mrs. Joe Thurman, Mrs. R. D. Lane, Mrs. Marvin Parkhill, Mrs. Willie Fortenberry, Mrs. J. D. Caudle, Mrs. Owen Martin, Mrs. Leon West, Mrs. Walter Smyrl, Mrs. A. B. Mason, Mrs. J. C. Harmon, Mrs. Henry Thomas, Mrs. U. K. Hyul.

Mrs. Weldon McClannahan, Mrs. H. A. Rogers, Mrs. C. W. Mahoney, Mrs. A. M. Sessions, Mrs. J. D. Jenkins, Rev. H. C. Thomas, E. B. Blackburn, Jr., Mrs. Eugene McNallen, Mrs. C. C. Coffee, Lorena Brooks, Elfa Schrank, and Edith Wright.

Holiday Motif Is Used At XYZ Meet

Carrying out a Thanksgiving motif, members of the XYZ Auxiliary met Thursday evening at Hotel Crawford for dinner. Hostesses were Mrs. Clyde McMahon, Mrs. J. L. Haygood and Mrs. H. C. McNabb.

A mixed fruit bowl comprised the centerpiece, and potato turkeys were placed at various points about the table. Plate favors were miniature pilgrims.

Mrs. W. D. Caldwell won high score in 42. Mrs. Elvis McCrary took high bridge score, and Mrs. Harvey Wooten and Mrs. J. D. Caudle won bingo scores.

Mrs. Caudle was a guest, and other members attending were Mrs. Donald Anderson, Mrs. Arthur Caywood, Mrs. V. A. Whittington, Mrs. Elvis McCrary, Mrs. L. T. Phillips, Mrs. L. S. Lily, Mrs. J. B. Apple, Mrs. Roy Keeder, Mrs. Jack Thompson.

Mrs. Frank J. Ficklin, daughter of Mr. and Mrs. T. J. Walker, and Mrs. B. J. Mallard of Lubbock were guests of Mr. and Mrs. T. J. Walker Monday. While here they attended the wedding of Erma Lee Gideon and J. N. Young.

Rev. A. Hoyer Arrives, To Be Installed Sunday At St. Paul's Church

The Rev. Adolph Hoyer, formerly chaplain with the Army in San Antonio, was to arrive Thursday evening to assume duties of the pastorate of St. Paul's Lutheran church here, succeeding the Rev. O. H. Horne.

The Rev. Hoyer, who only recently was separated from the service, will be installed in a special ceremony at 3 p. m. Sunday at the church. Scheduled to be present as installing reverend and to deliver the sermon at that time is the Rev. Gilbert C. Becker of Midland. Music for the affair will be provided by the Lutheran Children's choir.

The Rev. Becker has been conducting services at the local church since late in August when the Rev. Horne was transferred to Olney.

Acceptance to the vacant pastorate was indicated by the Rev. Hoyer some time ago, but could not be made until his discharge from the Army. He was accompanied here by his wife.

The Rev. H. M. Wisenbaker of Sulphur Springs will speak at both the 11 a. m. and the 7:15 p. m. services Sunday at the Assembly of God church, closing a revival which has been in progress there for the past two weeks.

The Rev. Wisenbaker's theme for the morning sermon is "These Six Things That the Lord Hates," based on the text of Proverbs 6:16. At the 7:15 service, the topic will be "God's Last Great Breakout," from Acts 2:20.

The regular third Sunday Community Singing convention is to be held from 2 to 4 p. m. Several visiting quarters are expected to be on hand, among them the Clark and Maynard quartet from Denver City.

The Rev. J. J. McElreath, pastor of the Airport Baptist church, is to speak Sunday morning on "The Sin Question" (James 1:13-15). The evening topic for services beginning at 7:15 is "The God of This World" (Corinthians II 4:34).

Training Union meets at 6:30 p. m. Sunday.

"When the Storms Come" was being selected for the morning worship hour, 10:55, at the First Methodist church by Dr. C. A. Long, pastor. Subject matter is taken from John 6:67.

"Whom Does God Forgive?" (Luke 18:10-14) will be the theme for the 7:30 sermon. All young people's groups convene at the church at 6:30 p. m.

Wednesday at 7 p. m. the Young People's Prayer meeting and Bible Study is to be held.

Mrs. Olvy Sheppard will discuss "Self-Defeat," selecting her text from Obadiah 1:3, Sunday at the 11 a. m. Holiness meeting at the Dora Roberts Citadel.

"Excuse Giving" is the subject for the Slavation meeting sermon at 5 p. m., to be given by Captain Sheppard. The theme is taken from Luke 14:18.

Young People, led by Max Winn, meet at 6:30 p. m. Sunday.

Holy Communion will be observed at 8 a. m. Sunday at St. Mary's Episcopal church. Church school is at 9:45 a. m. and Morning Prayer and sermon are scheduled for 11 a. m.

Sunday masses at the St. Thomas Catholic church are said at 8 and 9:30 a. m. Concessions are heard before the daily mass at 7 a. m., or on Saturdays from 7 to 8:30 p. m.

Catholic rites with sermon in Spanish are scheduled at 8:30 and 10:30 at the Sacred Heart church.

Sunday school opens at 9:30 a. m. Sunday at the Church of Christ Scientist. Morning service is at 11 a. m.

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read.

The Golden Text is: "He that loveth his life shall lose it: and he that hateth his life in this world

If you desire a schedule of daily readings for 1948, ask your minister, write to your denominational headquarters, or send request to American Bible Society, Dept. U, 450 Park Avenue, New York 22, New York.

In the little tube of uranium shown in this picture there is vast latent power—power to create or power to destroy. The power of the atom, if harnessed to peacetime uses, can turn every wheel in the world and open up new avenues of scientific and industrial progress. Made into atom bombs, it can destroy thousands of lives and wreck our civilization. Such vast power in the hands of reckless men is a menace to all humanity

The teachings of the Bible are our best defense against this threat to civilization. Our great task is to spread these teachings far and wide so that man's destructive tendencies may be turned into the channels of peace.

Fortunately there is a trained agency—the American Bible Society—with 131 years of experience, ready to perform this task of getting the Bible to the people in the furthestmost parts of the world. This agency deserves our support and cooperation.

Since its organization in 1816, this Society has published and distributed more than 365,000,000 copies of the Scriptures in 74 different languages. It works in more than 40 countries in its effort to carry the Bible message to every quarter of the globe.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bromfield Says Land Waste Causes Political Ills In U. S.

The land, and the children who shall inherit it, represent the real hope of democratic traditions. Louis Bromfield, noted novelist and lecturer, told a large gathering of conservation-minded West Texans at Lubbock Thursday evening.

B' Spring Will Get Additional Bus Service

Additional bus service for Big Spring will become effective the first of the week, it was announced Friday from the Greyhound terminal.

Kerrville Bus Lines, which currently operates five schedules daily into Big Spring from San Antonio, is extending these schedules westward to Big Spring.

Effective Sunday, the Kerrville buses will depart Big Spring westward at these hours: 3:35 a. m., 9:10 a. m., 4:05 p. m., 7:35 p. m. and 10:55 p. m.

Policemen Do Brisk Business During October

The Big Spring police department did a brisk business during October, and most of it was either cash or "free board" with only \$11 in fines pending at the end of the month.

Total amount collected during the month amounted to \$3,265.50, of which \$3,111 was accounted for by October assessments.

October assessments resulted from 62 arrests, which made the month one of the heaviest in the local police department's history.

Aid Train Is In Illinois

CLINTON, Ia., Nov. 14. (AP)—The Friendship Train headed east into Illinois today with 22 more carloads of food for hungry Europe.

Contributions of wheat, corn and other foodstuffs from the Hawkeye state swelled the good-will cargo to 81 carloads.

Tonight in Chicago the train will be made into two sections and they will travel eastward to New York on two separate lines.

Stallings Is Named Head Of Farm Bureau

Arthur J. Stallings, Lomax, was elected president of the Howard county chapter of the Farm Bureau at an annual meeting here Thursday evening.

The bureau went on record favoring a rural road program locally controlled and financed by a natural resources tax.

Other resolutions included opposition to a state sales tax, study of state insecticide laws toward correct labeling of contents.

Among accomplishments listed for the year were assistance in filing 472 income tax returns at a \$2,000 saving.

Thirty-Nine Hurt In Blast, Fire

PROVIDENCE, R. I., Nov. 14. (AP)—Thirty-nine persons were injured, two critically, in a fierce explosion-punctuated flash fire that swept the sprawling recreation center bowling building last night.

Police said that many of the 400 persons who fled "in panic" from the structure escaped or were blown through windows jammed with bowlers seeking exits.

WALL STREET NEW YORK, Nov. 14. (AP)—Stocks revived here and there in today's market although many leaders continued to wilt under light selling.

unemployed industrial workers outnumber the more fortunate, the more energetic, the more enterprising members of society, our democracy will be quietly voted out without fanfare or violent revolution.

Not only has a reckless and short-sighted attitude toward land care created a grave economic and political problem, Bromfield continued, but "all of us are paying at least a third more taxes than if these lands had not been depleted and were bearing their share."

Food and agriculture, he said, have become the prime considerations of the day, for history, as he interpreted it, recorded no nation which had flourished more than a century and a half which did not have a sound agricultural base.

England's greatness, he said, dated only back to 1800 and today she is a "third or fourth rate power. The decaying marble cities of Northern Africa, refuge for poverty-stricken, disease-ridden people, once fed the mighty Roman empire, but when they let the land go bad, they migrated to Rome where Cicero said they had to be provided with 'bread and circuses.'"

Bromfield warned that "you can't cheat in agriculture, and predicted that marginal lands would go out of production when subsidy support is removed."

Fertility of land not only can be preserved in the face of constant use, but its productivity can be maintained and increased.

As for the South Plains area, Bromfield asserted that "you are sitting on top of inexhaustible wealth. . . if you take care of it (the land) . . . But if you let it get away from you, in a generation or two, Lubbock will be another Leadville, Colo."

Children, added the speaker, (who said "I am more optimistic than I sound because we have reached the point where a slovenly farmer is ashamed of it.") represent "what our country was 50-75 years ago, but no longer exists except in this area. You listen to the children. Leave the land to the young people. You have a great country, a great people. . . and a great advantage."

Attending from Big Spring were E. J. Hughes, Frank Loveless, Al Jordan and Joe Fickie.
