

# Material Shortage Hampers Building Program

## School Election Is Scheduled For Saturday, April 6

## Extensive Growth Is Curtailed For Perryton; Many Buildings Are Going Up Despite Handicap

Perryton Independent School District will hold an election Saturday, April 6, for the naming of directors to serve three years. Stanley Roy Stinson, Stanley Roy Hearn and A. W. Henry are the candidates for re-election. Petitioned for re-election are Ray Grabel, Walter and A. W. Henry. The election will be held at the school board meeting on Tuesday, March 26, at 8:00 a. m. and 7:00 p. m.

The following information has been released for the information of the public regarding school taxes and costs per capita for the operation of the school district:

**Taxes**

Tax receipts for the period Sept. 1, 1943 to Aug. 31, 1945, were checked to the Tax Collector's reports and properly accounted for. All current tax receipts were checked to the rolls and reconciled.

Delinquent taxes for 1943 and 1944 are as follows: 1943—assessed roll and supplemental \$61,535.96; delinquent as of Aug. 31, 1945, \$258 or 42 per cent. 1944—assessed roll

and supplemental, \$71,739.66; delinquent as of Aug. 31, 1945, \$739.27 or 1.03 per cent. Tax collectors for the last period of examination were Mrs. Luther Wade, Sept., 1943, to Jan. 31, 1944, and F. B. Sumpter from Feb. 1, 1944, to August 31, 1945.

The records were found to be in excellent condition and tax collections for the period were considerably above the average.

**Per Capita Costs**

Operating expenses per capita cost, based on a census of 656 schol-

astics for 1943-44, was \$82,481.54 or an average of \$125.73; total debt service was \$19,918.75 or an average of \$30.36; Total expense was \$102,400.29 or \$156.09.

During the term 1944-45 per capita cost, based on a census of 659 scholastics, was as follows: operation expenses, \$93,713.10 or an average of \$142.21; total debt service was \$16,106.25 or an average of \$24.44; total expense was \$109,819.35 or an average of \$166.65.

The above information disclosed that instructional costs were less than half the total cost for each per capita.

Actually there are more students enrolled in the Perryton Independent School District than are accredited to the scholastic census, due to many students being enrolled from throughout the county and outside the district from Oklahoma. These students pay tuition on a cost per capita basis, however, thereby not affecting the above financial structure.

Perhaps for the first time in the life of any municipality during the past 25 years, progress and building activity are being seriously hampered according to a recent survey made here. This situation is not brought about by sluggish business conditions, a lackadaisical attitude of business men or civic leaders, or a shortage in population or business opportunities, but by a shortage of labor and building materials. However, despite this handicap, what can be assumed as an accurate yardstick in gauging things that might be for Perryton, is the fact that more than \$65,000 has been earmarked for investment in local business houses and alterations.

Approximately an equal amount of money is tied up in unfinished buildings in Perryton's business district awaiting availability of material before completion.

In the residential district homes valued conservatively at \$175,000 are now in the process of construction, with many owners finding it increasingly difficult to obtain necessary materials for the finishing touches. More fortunate builders were able to secure enough materials to complete the job before actual building began.

Among local investors in Perryton's future this week, none of whom could definitely state as to when completion of projects could be expected, were the following:

The foundation has been laid and much of the material necessary to construct a brick and tile office building on North Main Street has been secured by Jack R. Allen. The building will be 25 by 80 feet in dimension to be constructed and finished to allow a second or third floor to be added if advisable at a later date. Clyde Cofer will be contractor. Estimated cost is \$10,000.

New quarters are nearing the See No. 3, Page 8

# OCHILTREE COUNTY HERALD

Section A—8 Pages PERRYTON, OCHILTREE COUNTY, TEXAS, THURSDAY, MARCH 21, 1946 Two Sections—16 Pages NUMBER 12

### Chiltree Has Community Center House

Progressive folks of the Chiltree community have refused to let their community life be hampered by the trading off of their schoolhouse for a yaller 'n' blue. Instead of allowing school building to be sold and used for conversion into a barn, they have developed it into a community center building.

They are justly proud of their school building, newly decorated inside and out, and to show off their new building to the good will and respect rendered by such getting the Chiltree folks are giving a county-wide invitation to the "pot luck" supper and dance at the schoolhouse, Friday, March 22, 7:30 p. m.

Home is welcome, even if you live near the Ochiltree community.

### District Legion Meet at Childress

The annual spring convention of the 18th District of The American Legion and Auxiliary will be held at Childress, Saturday and Sunday, April 13-14, so announces A. N. Dowers, commander of the Perryton Post.

L. W. Fields, Amarillo, district commander, states that the Childress convention is expected to be one of the largest district conventions in the history of the Legion. This will be the first convention in which a majority of the Legionnaires will be World War II veterans. Their attendance will increase the tempo of the convention activities.

### Three Day Intramural Boxing Tourney Closed Tuesday Night; Final Winners Are Named

The Intramural Boxing Tournament staged by the Perryton Independent School District closed here Tuesday night with record crowds turning out each evening of the three day fete, Mar. 18-19-20. Amateur boxers from the junior and senior classes turned in excellent exhibitions.

Winners in the finals Tuesday night, from among more than 70 entrants, were the following: High school—David Kent, 75 lbs.; Landrum Osborne, 85; Marvin Moore, 95; Johnnie Revis, 105; Reece Taylor, 115; Delmar Igou, 125; Ralph Brumback, 135; Kenneth Fuller, 145; E. R. Bell, 155; Don Stephenson, 165; Vernon Flowers, 175; in junior high winners from entrants of 11 to 14 years old in weights ranging from 68 to 115 lbs., were Gene Clack, Thomas Pletcher, Kenneth Slaughter, Earl Olmstead, Marvin McCarter, Harry Helfenbein, Herman Swink and John Taylor.

Senior boys were trained and presented by coaches Floyd Murry and Cyrus LaMaster. Junior boys were trained and presented by Lewis Emerick.

Winners in the various classes on each of the three nights of the tourney are shown below with the victory named first.

**Saturday Night**

Senior boys—Billy Helton, Billy Jack Wright, 60 lb. class; Henry Taylor, Delbert Wilson, 60; Mitchell Murray, LaVerne Sudduth, 60; Reece Taylor, Lawrence Hoy, 115; Kenneth Fuller, J. C. Jones, 145; Carlos Smith, Edward Meredith, 145; Larry Slaughter, Lester Anderson, 155; Paul George, Raymond Powell, bopped stopped due to Powell dislocating shoulder, 165; Don Stephenson, Harold Maulsby, 165; See No. 1, Page 8

### Moisture Thursday Brings .03 of an Inch

Ochiltree county received an additional .03 of an inch precipitation which fell during the night of Mar. 14-15, according to the government rainfall gauge maintained by Judge Jack R. Allen. This amount brings the total for the month to .47 of an inch. Other amounts of moisture recorded during March have been as follows: .34 of an inch Mar. 5; .10 of an inch Mar. 7. Although March is normally a dry month, the amount received thus far in 1946 compares with 1.04 received in 1945. Grain crop observers report that wheat prospects in this vicinity are not in any sense of the word impaired.

### Red Cross Is \$1,055 Short In Fund Drive

Ochiltree county achieved \$1,635 toward an allotted goal of \$2,690 in the annual drive for funds by the Red Cross Chapter, a tabulation of results revealed Wednesday.

The drive opened March 1 and will close March 31. At the close of the third week with the above amount subscribed by voluntary contribution, plans of the fund raising and membership committee, headed by Otis E. Burk, are for a general solicitation to meet the goal during the remaining ten days.

Contributions are still welcomed at the four collecting points, however. Donations may be mailed or left at either of the two banks; F. B. Sumpter Realty Company or the Stewart Printing Company.

### REA Moves to New Quarters Friday

Manager Earl Waide of the Ochiltree County National Rural Electrification Association announced this week that the local offices had been temporarily moved to the second floor of the Masonic building.

Quarters will be maintained there until office space can be obtained in a new building now in process of erection by W. M. Good at the corner of Southwest First Street and Fourth Avenue.

Business of the firm will be carried on as usual, Mr. Waide said.

### Building Fund Reaches \$5,580.50

The building-fund committee of the Pierce Johnson Post of The American Legion No. 254, headed by Omar Johnson, reported this week that total of \$225.00 was subscribed this week to the total \$55,000 being solicited for erection of a new Legion home for the Post. Up until this time funds have only been actually solicited from members of the local post, though present plans call for general solicitation of the public in the near future to balance the need-amount. Those subscribing this week were the following: Bert Johnson, \$5; G. C. Hart, Jr., and W. Paul Reeder, \$50 each; Cecil Teverson, and Mrs. L. T. Tucker, \$20. With a total of \$5,580.50 having been achieved toward the goal, Mr. Truax and more than 20 solicitors, newly appointed, to be in attendance without fail at a final meeting to be held at Legion Hall Thursday, March 21, starting promptly at 7:30 p. m.

### Ranger Club New Officers

More than 25 members of the Ranger Club met in the high school gymnasium following the Intramural Boxing Tourney Tuesday night, March 19, and elected new officers for the coming year.

Elected were the following: Charlie Kent, president; Tom Slack, vice-president; C. H. Williams, secretary-treasurer. This set of officers replace Vance Apple as president, and Van W. Stewart as secretary-treasurer.

The new officers will not take over new duties until the close of the school term in the middle of May. At this time a new executive will be appointed.

The next meeting of the organization will be held when Spring football practice begins, which will be announced later, it was said.

### W. G. Caldwell Dies March 13

W. G. Caldwell, resident of Perryton for many years, passed away in his home in Bentonville, Ark., Mar. 13, according to word received here Monday. Mr. Caldwell had been in ill health for several years and changed his place of residence from Perryton to Bentonville last August in hopes of restoring his health.

Funeral services were held in the Presbyterian Church at Bentonville, Ark., March 14, at 2:00 p. m. with Rev. Thomas Claggett officiating. Music was in charge of the Church vested choir.

### Calliham for Commissioner Precinct No. 4

J. H. Calliham, prominent Wolf Creek ranchman, authorizes the Herald to place his name before the voters of Precinct No. 4, the south-east part of the county, for commissioner from that area, subject to the will of the voters in the Democratic primary to be held in July of this year.

Mr. Calliham has served on the executive body of the county for two previous terms during the years 1935 to 1938, inclusive. During this time he proved to be an excellent official, giving careful consideration to the many questions of importance that the commissioners are called upon to decide. He was faithful in his attendance at board meetings, and his services were appreciated by the people of his precinct and of the entire county.

See No. 5, Page 8

### Cook Funeral Set For Today

Funeral services for W. R. Cook of Kermit will be conducted at the First Baptist Church today at 3:30 p. m. with Lee K. Rawlings, minister of the Church of Christ in charge. Mr. Cook, who was a former resident of Perryton, died suddenly March 18, at his home in Kermit. He was 41 years old.

Palbearers are C. E. Whippo, Tom Waugh, J. E. Mayberry, A. L. Schnell, William Bratton and J. W. Herrell. Burial will be made in the Ochiltree cemetery under the direction of Boxwell Brothers Funeral Home.

Mr. Cook was born at Plano Feb. 3, 1905, and lived there for 16 years until he moved to Ochiltree county with his parents. He graduated from the Perryton schools and then became engaged with his father in the operation of farming interests for three years after which he was associated with the county. Accepting a position with the Community Public Service Company at Pollett, he was associated with them for two years before transferring to Centra, N. M. He later transferred to Kermit with the company. Each transfer represented a promotion with the company.

He was quite active in civic affairs, being president of the Kermit Lions Club at time of death and a progressive member of the Chamber of Commerce. Converted into the Church of Christ in 1936, he was a devoted member of this faith until death.

Survivors are the wife, Mrs. Eva Mae Kerns Cook; one son, Herbert Tim; two daughters, Rita Mae and Barbara Ann; his parents, Mr. and Mrs. A. R. Cook of Sharon, Okla.; two sisters, Mrs. Audie Conley of Perryton and Mrs. Lucille Davis of Plano; four brothers, H. Z. Cook of Dallas, J. M. Cook of Lewisville, C. R. Cook of Hugo and Tom Cook of Sharon, Okla.

### Conoco Dealer District Meet

The Continental Oil Co. was host to wholesale and retail dealers of the Oklahoma and north Texas Panhandles at a sales meeting at the Perryton Hotel Tuesday evening. The meeting was under the supervision of K. G. Schaefer, Amarillo, district sales representative. Other company officials present were S. J. Larson, division manager, and C. K. Rowlands, assistant division manager, both of Albuquerque, N. M.

Visiting representatives and dealers were guests at a dinner Tuesday evening and for a lunch following the sales meeting.

The main subject for the sales meeting was the new "Tourade" service that will once more provide guide service for motorists as in pre-war days.

Present for the conference were: Debs Riley, Irving Delk, Glen Smith, W. N. Lilly and Irvin Lilly, Perryton; W. C. Mills, L. L. Lehman, Laurin Paussitt and Joe Doors, Booker; H. S. Hays Jr., Gruber; W. C. Bridwell and J. H. Curfman, Beaver; W. H. Godley, W. L. Manderville and Wilfred Reed, Guyman; Cecil Elliott, Hardesty; E. R. Murray, Boise City; E. Baker and J. R. Hill, Canadian.

### Booker Man Seeks Army Enlistment

Carl Vernon Hurter of Booker was sent through the local recruiting office Tuesday to Lubbock for a physical examination where he may be accepted for an 18 month enlistment, unassigned, so stated T. Sgt. G. B. Harrell, NCO in charge Wednesday.

Speaking before the Lions Club See No. 6, Page 8

### At the Ellis

Thurs.-Fri., Mar. 21-22—Bud Abbott, Lou Costello, Brenda Joyce and Jacqueline DeWitt in "Little Giant."

Sat., Mar. 23—Gene Autry and Smiley Burnette in "Blue Montana Skies" Preview, Sat., Mar. 23, 11:45 p. m.—Warner Baxter and Mona Barrie in "Just Before Dawn."

Sun.-Mon., Mar. 24-25—Edmund Lowe, Brenda Joyce, Jill Severn, Harry Davenport, John Littel in "The Enchanted Forest." In technicolor.

Tues.-Wed., Mar. 26-27—Byron Barr, Osa Massen, Don Douglas, Richard Loo and Key Luke in "Tokyo Rose."

Thurs.-Fri., Mar. 28-29—Cornel Wilde, Anita Louise, Jill Esmond, Edgar Buchanan in "The Bandit of Sherwood Forest." In technicolor.

### Motor Vehicle Owners Warned March 31 is License Deadline

The deadline of March 31 applies to the current registration receipt at time vehicle is delivered. Purchasers of new vehicles should obtain a manufacturer's certificate.

Unless changes of ownership are recorded through the Tax Collector's office, the files of the State Highway Department at Austin will continue to show the seller as the legal owner of the vehicle. It is to the advantage of both buyer and seller to keep the titles clear.

**Out-of-State License**

When a lien against a vehicle is paid, the owner should protect his interest by securing a release from the lien holder and submit it to the Tax Collector with application for a corrected title.

Mr. Lance appealed especially to owners of vehicles bearing out-of-state license tags, urging them to apply early for registration, since it may require from five to ten days to get a proper Texas certificate of title required before the vehicle can be registered in Texas.

### Jaycees To Meet Monday, Mar. 25

The Perryton Junior Chamber of Commerce will hold a regular meeting in the Hotel Perryton, Monday, March 25, starting promptly at 7:45 p. m., so states Dr. Roy K. Sanford, president.

All members are especially urged to be in attendance at this meeting inasmuch as plans will be definitely made for the charter night social affair tentatively scheduled on April 8. The charter will be presented at a dinner with a dance and game party following at Lake Fryer.

### Williams Home Is Destroyed By Fire

The Perryton Fire Department was called out at approximately 10 p. m. Sunday, March 17, in answer to a fire call at a frame dwelling occupied by Barney Williams located in the Cranfill addition.

The two-room frame house was entirely gutted with a loss of all furniture belonging to the Williams family. The blaze was thought to have originated from a kerosene stove which exploded while the family was in attendance at the movies.

The house was insured, but the furnishings were not, it was said.

### Death Sgt. Orvel W. Buechner Confirmed by War Department

Two letters were received last week by Mr. and Mrs. John A. Buechner of Booker regarding their son Staff Sergeant Orvel W. Buechner, reported missing in action by the War Department March 30, 1944. The reports supplement previous letters received Aug. 14, 1945, in which Sgt. Buechner was presumed to be dead.

The first letter received last week was signed by Leon W. Jackson, Brigadier General, USA, chief personnel services division and said in part:

"Information has been received from the Bulgarian Ministry of War stating that two American bombers crashed at Kosharevo, Bulgaria, on March 30, 1944. This town, approximately 27 miles west of Sofia, is a few miles south of the point where fellow airmen observed your son's plane collide in mid-air with another of our aircraft on the same date. The bodies were interred in the local cemetery by the people of Kosharevo, but neither the number of bodies nor the identification of any were recorded. A later examination revealed that 20 men had been bur-

**Hospital Notes**

**Visiting Hours:**  
10:00 a.m. until 11:00 a.m.  
2:00 p.m. until 4:00 p.m.  
7:00 p.m. until 9:00 p.m.

Ara Nell Gann joined the hospital staff this week; she will continue her studies as a senior in the Perryton high school.

Charley Holmes is still a hospital patient.

Mrs. Francis Williams, a surgical patient, is still hospitalized.

Mrs. T. O. Pugh, a medical patient, was admitted March 13.

Earl Bennett was admitted to the hospital March 15. He underwent minor surgery.

Mrs. Elnora Smith gave birth to a daughter March 18.

Earl Sitsbee, son of Mr. and Mrs. Kenneth Sitsbee, is a medical patient, admitted March 19.

Mrs. Payne Hooper, a medical patient was dismissed March 13.

Mrs. Norman Swink and daughter were dismissed from the hospital last Thursday.

Eldon Anderson was dismissed from the hospital March 14.

Walter Easton was dismissed from the hospital Friday, March 15.

Mrs. Ora P. Jennings, a surgical patient was dismissed from the hospital March 14.

Billy Reiman was dismissed from the hospital March 15.

George and Amelia Gregory, both medical patients, were able to leave the hospital March 17.

Mrs. Oaley, Spearman, was dis-

**Sportsmen's Club Is Reorganized**

The Wolf Creek Sportsmen's Club was reactivated last Friday evening when a large and enthusiastic group of local fishermen, hunters and sportsmen gathered at the Legion Hall. New officers were elected as follows: A. C. Witt, president; Roy Orrill, vice president; Cecil Dodd, secretary; L. T. Tucker, Judge Jack Allen and John Coburn, directors.

Dues were set at \$3 annually. Of the amount collected for dues, 50 cents goes for the State Fish and Game magazine and another 50 cents for state association dues, leaving \$2 in the local treasury.

Main objects of the club are the promotion of fish and game protection with the creation of concentrated pressure to change fish and game laws for this particular section of the country. Too many of the regulations are state wide, written primarily for downstate and not fitted for the extreme northern part of Texas.

**Waka Young People Presented 3-Act Play on March 15**

A one-act comedy, "His First Shave," was given by the young people of the Waka community at the Waka Parent-Teacher Association meeting, Friday evening, March 15, to a large and appreciative audience at the Waka school building.

The cast of characters included Ernest Janzen as the father; Faye Jean Burger as mother; Donald Lee Gurley as the 16 year old boy attempting his first shave; Robert Janzen as the little sister who tormented her brother about peach fuzz; Claudia Jo Stump as the girl friend who got tired of waiting for the shave to be finished.

The cast was ably directed by Miss Rosa Lee Reed, Don Elledge, Alvin Buschman, Donald Ashley and Cleo Janzen assisted with the staging of the play.

A solo by LaVerne Burger, a reading by Mrs. Sam Janzen and piano numbers by Mrs. Wilma Gilmore completed the program. Mr. and Mrs. H. N. Elledge and Mr. and Mrs. G. A. Burger had charge of the social hour.

**Former Perryton Woman Killed in Motor Accident**

Mrs. George Ragsdale, Liberal, Kansas, pioneer citizen of Gray, Okla. and Perryton, was fatally injured Friday, March 15, when their car struck a bridge abutment, three miles east of Hugo, Colo., during a snowstorm.

Mr. and Mrs. Ragsdale were driving to Denver to visit Mrs. Ragsdale's parents, Mr. and Mrs. W. C. Creed. Their coupe turned over several times. She suffered a crushed chest and a broken pelvis bone and died while being taken to a hospital by passing motorists. Mr. Ragsdale was injured but was able to return to his home at Liberal, Saturday.

Funeral services were held Tuesday afternoon at the Liberal Christian Church with burial in the Liberal cemetery. Among those from Perryton attending were Mr. and Mrs. T. P. McLean, Mrs. I. H. Sharpe, Mrs. Johnnie Wilson and Mr. and Mrs. Joe Schollenbarger.

Surviving are her husband and three children: a son, Gilbert, Liberal; two daughters, Mrs. Tom Bragg, Dodge City, and Mrs. Basil Hodges, Liberal.

**CITY OF PERRYTON, TEXAS NOTICE OF ELECTION**

State of Texas, County of Ochiltree, City of Perryton

TO THE RESIDENT QUALIFIED VOTERS OF THE CITY OF PERRYTON, TEXAS: TAKE NOTICE that an election shall be held in the City of Perryton, Texas, on the second day of April, 1946, for the purpose of electing three aldermen to fill vacancies of J. A. Graves, Sam Hergen and T. O. Patton.

Said election called by the Mayor by order dated March 6, 1946.

Said election will be held at the City Hall in the City of Perryton, Texas, and the following persons named and hereby appointed managers to wit: Ward H. N. Gregg—Presiding Judge; H. J. Thurston—Judge; Ralph A. Durham—Clerk; O. C. Curtis—Clerk.

Said election called in obedience to Articles 978 and 2951, Revised Civil Statutes of 1925.

The polls will be open at 8:00 o'clock a. m. on said day of election and will remain open until 7:00 o'clock p. m. of said day.

WITNESS MY HAND AND SEAL OF THE CITY OF PERRYTON, TEXAS, this, the sixth day of March, 1946.

G. T. LEATHERMAN Mayor, City of Perryton, Texas.

Attest: M. M. CUDD, Clerk, City of Perryton, Texas.

By order of the City Council of the City of Perryton at their regular meeting on Tuesday, March 18, 1946.

G. T. LEATHERMAN, Mayor City of Perryton, Texas.

M. M. CUDD, Clerk City of Perryton, Texas.

**NOTICE FOR BIDS**

CLUBS PARTIES WEDDINGS PERSONAL MENTION  
VIVIAN LEE, Editor OFFICE PHONE 67

## Shower Monday For Mrs. Winters

Mrs. Ted Winters was complimented at a bridal shower Monday afternoon, March 18, with Mrs. Ralph Pattison and Mrs. Ralph Durham sharing hostess duties in the B. L. Barnes home.

Approximately 30 guests registered from three until six o'clock while several friends who were unable to attend sent gifts.

Mr. and Mrs. Winters are leaving for Viet. Okla. where they plan to make their home. Mrs. Winters was formerly Miss Hazel Hickey of Meade, Kans. The groom was raised in Ochiltree county and lived here until he went into service.

## Del Ray Mounts Party Honoree

Mrs. Sam Mounts entertained a number of her son's friends at a party last week. The occasion was Del Ray's birthday.

Games were played and after unwrapping the gifts the birthday cake was cut and served. Balloons were favors.

Those present included Dewey Dean Blank, Dickie Boxwell, Gene and Marion Riley, Tommy LeMaster, Diane Tremble, Ferridest Stobbe, Joyce Miller, Lynn and Bobby Wilson, Pauline Coon and Rodney Symons.

Mrs. L. L. Lance came in from Mineral Wells Friday evening for a visit with home folks.

## Home Ceremony Unites Miss O'Neal Wilson and Mr. Metcalf March 16

Miss Nell O'Neal Wilson, daughter of Mr. and Mrs. W. C. Wilson, and Thomas E. Metcalf, son of Mr. and Mrs. C. T. Metcalf of Ulysses, Kans., were married in a simple ceremony at the home of the bride's parents, 901 S. W. 1st St., Saturday night, March 16.

Rev. H. L. Thurston performed the ceremony.

A blouse of white lace accented the beauty of the blue wool suit the bride selected for her marriage. Her corsage was of white carnations; her "something old" was a brooch which had been worn by one of her great-great grandmothers and a strand of her maternal grandmother's pearls.

The couple's only attendants were Mr. and Mrs. W. C. Wilson. Witnessing the ceremony were the bride's grandparents, Mr. and Mrs. Ed Paulk of Wichita Falls and Mrs. Anna F. Wilson of Perryton, Mr. and Mrs. E. V. Lackey and son.

Mrs. Metcalf graduated from Perryton High School in 1944 and attended Texas Technological College, Lubbock.

The bridegroom was released from the air corps December 11, 1945. He attended school in Ulysses where he entered the armed forces in January, 1943.

Mr. and Mrs. Metcalf left Perryton Sunday to go to Ulysses to make their home. Mr. Metcalf is in the trucking business there.

### Bridal Shower

A miscellaneous shower Thursday evening favored Mrs. Metcalf. Hostesses were Mrs. E. V. Lackey and Miss Naomi Edger, and they entertained in the home of the bride's aunt, Mrs. Sheldon Wilson.

Her grandmother, Mrs. Anna F. Wilson registered 30 guests while Mrs. Metcalf received congratulations and best wishes in a street length dress of black velvet. Her corsage was of white carnations.

The table, laid with a lace cloth, had an arrangement of snap dragons as the centerpiece. Mrs. W. C. Wilson presided at the punch bowl.

Several friends, unable to be present, sent gifts.

## Grandma Budock Is Honored on Her Birthday

The Busy Ladies Class of the Methodist Church honored one of their oldest members, Mrs. Anna "Grandma" Budock on her eighty-third birthday Sunday afternoon, March 17. The class members and a number of guests called at her home at three o'clock that afternoon; Mrs. D. A. Caldwell assisted Mrs. Budock with the hostess duties.

The table was laid with a linen cloth and its centerpiece was the birthday cake baked for the occasion by Mrs. Caldwell. Jonquils and Christmas cactus were used as the floral decoration.

A program was presented in Grandma Budock's honor with Mrs. L. H. Lance in charge. Others taking part were Miss Nellie Perry, Mrs. Caldwell and Mrs. W. D. Thompson.

She was the recipient of many lovely gifts.

Guests present were Mesdames C. F. Jones, Alton Boxwell, W. B. LaMaster, Wayne Haley, M. R. Collins and N. A. Christenson, Hutchinson, Minn.; class members in attendance included Mesdames John Sell, Donna Price, Anna F. Wilson, F. P. Rogers, W. H. Ragan, H. J. Neufeld, Leila Seago, H. C. Barlow, R. D. Stephenson, Roy C. Davis, D. A. Caldwell, Kathryn Mounts, P. B. Kile, John Beck, L. H. Lance, W. D. Thompson, J. M. Haley and Miss Nellie Perry.

## Dwight Trosper Weds California Girl February 24

The First Presbyterian Church, Oakland, Calif. was the setting on Sunday, February 24 of the wedding of Miss Teddy Cochran, daughter of H. C. Cochran and Dr. Olive H. Cochran of Oakland and junior student on the University of California campus, to Dwight Calvin Trosper, S. 1. c. USNR, of Perryton, Texas. Dr. Ralph Marshall Davis was officiating clergyman.

Five attendants preceded the bride to the altar at the formal ceremony. There were her matron of honor, Eleanor Weidon of Sacramento and bridesmaids, Cora Harper of Oakland, Susan Hunt of Piedmont, Pat Draper of Oakland and Justine Huking of Palo Alto. With their pastel shaded gowns of rose pink and blue they carried bouquets of spring blossoms.

The bride's formal princess-style gown of white brocade was designed with a court train and leg-o-mutton sleeves. A trimming of seed pearls was used at the neckline and wrists. Her costume was enhanced by a three-quarter length bridal veil and a prayer book adorned with white orchids.

Jerry Cochran, brother of the bride, acted as best man for the bridegroom and ushering at the church were Robert Newman, Howard Christiansen, Oakland, Lloyd Phillips, Sacramento and Ernest Doebke, Oakland. Carl Draper was the soloist.

Setting for the post nuptial reception was the home of the bride's parents on MacArthur Boulevard. When the couple left for a honeymoon at St. Helena, the new Mrs. Trosper was wearing a going-away suit of Kelly green with black accessories. Her plan is to continue her work on the college campus.

The bridegroom is the son of Mr. and Mrs. Kenneth Trosper of Booker. He graduated from Perryton high school with the class of 1942 and entered the service early in 1944. At the time of his induction into the navy he was helping on the Trosper farm nine miles northwest of Booker.

Sunday dinner guests of Mr. and Mrs. C. H. Stewart were Captain and Mrs. Donald M. Kain and children, Mr. and Mrs. Gaylord Stewart and children and Mr. and Mrs. Guy Stewart.

## Mrs. Gray Hostess For Merry Workers

The Merry Worker's club met in the home of Lola Gray, March 14 for an all day meeting. The house was called to order and the club prayer repeated. Roll call was answered by each member telling her grooming problem.

Miss Gosney, the demonstrator gave instructions on making home made hand lotion, and she stressed the importance of good posture and the correct height of cabinet work surfaces.

Mrs. Jack Lallement won the guess box.

Members present were Mesdames Gladys Ragsdale, Audrey Bohling, Frank Bell, Ethel Pittman, Nellie Mounts, Jack Lallement, P. F. Brickle, Audrey McCarty and J. W. Sims. Guests were Mesdames Osa Kerns, Josephine Pruitt, Jim Price and Gladys Thomas.

Mrs. Price joined the club.

The next meeting will be with Mrs. Lallement April 11.

## Ann Cartwright's Rhythmettes Open Recital Program

The Rhythmettes will give the opening numbers of the recital in which Mrs. Ann Cartwright will present several of her piano, voice and expression students Tuesday evening, March 26, at 7:30 p. m. in the school auditorium.

The public is cordially invited to attend.

Following are the numbers in which the Rhythmettes will appear: "Chickery Chick," Robbie Logan and the Rhythmettes; "No Can Do," Glenda McGibbon; reading, "My Puppy," Russ Thomas; "Mr. Rooster and Mrs. Hen," Rhythmettes; reading, "A Drink o' Water Time," Carol Sparkman; "My Little Husband," Rhythmettes; musical reading, "Evening Prayer"—from Hansel and Gretel, Dixie Conley; "Clapping Song," Rhythmettes.

Members of the Rhythmettes are Russ Thomas, Jane Headlee, Robbie Logan, Bonnie Witt, Donna Jo Yates, Dixie Conley, Carol Sparkman, Glenda McGibbon, Sharon Watson, Pamela Kay Williams, Burleigh Bohling, Jane Putman and Don Neufeld.

Joan Johnson, Eynone Bruner, Jerry Ferguson, Dean Morgan, Barbara Bruner, Dora Lee Gossett, Dean McLain, R. L. Smoot, Bobby Wilson, Gwen Vestal and Dora Lee Flowers are scheduled for piano selections.

Expression students who will appear are Kay Witt, Barbara Bohling and Patsy Anderson.

Vocal selections will be given by Billy June McClain, Patsy Logan, Donna Helton, Shirley Littleton, June Phebus, Ronnie Witt, Robert McCurdy and Billy Helton.

Mrs. Horace Smith gave a review of the missionary book, "Mother Berry" at the regular meeting and royal service program of the W. M. U. of the Baptist Church last Thursday.

The opening song was "We've a Story to Tell to the Nations"; prayer was offered by Mrs. C. H. Williams. Mrs. J. R. Thomas led the devotional period closing it with prayer, and a conclusive petition to God was made by Mrs. A. K. Wooten.

Hostesses for the afternoon were Mesdames A. J. Kelly, A. S. Brillhart, Howard Slaughter and Ray Phagan. 20 members of the society were present.

## Darrouzett Girl To Marry March 24

Mr. and Mrs. H. L. Smith of Darrouzett have announced the engagement and approaching marriage of their daughter, Awilda Mae, to Freddie Jergenson.

The wedding will be solemnized on Sunday, March 24, at the Congregational church in Darrouzett.

## Class Social Monday Night

The Faithful Worker's Class of the Baptist Sunday School met Monday evening, March 18, 1946 in the home of Mrs. Stanly Key. Mrs. Herbert Key and Miss Sammie Roach were joint hostesses.

Mrs. Raymond Powell was in charge of the business session and the secretary reported on the class record for the month of February.

Mrs. H. C. Lowrey gave the devotional and Mrs. Oscar Flowers' book review was "The Gauntlet" by James Street.

A tasty refreshment plate was served to Mesdames Herman Morgan, Raymond Powell, Don Shockley, Horace Smith, Mark Burton, Dale Yates, Joe Yoakum, Lloyd Holland, Gordon Wright, John Cox, H. C. Lowrey, Verbon Smith, Stanly Key and Miss Sammie Roach.

## Black H. D. Club Studies Mexico

Mrs. Elmina Deck and Mrs. Sid Beck Jr. were hostesses to the Black Home Demonstration club Friday, March 15.

Mrs. Wheeler, home demonstration agent, gave a demonstration on planting shrubs. Two of the most important rules for planting shrubs are to be sure that the roots spread out naturally and are set at the correct depth for the shrub. Another is to fill in dirt around each root and to water heavily.

An interesting program on the life of the Mexicans and the industry of Mexico was presented. Mrs. Fern Pope gave a report on the life and customs of the Mexican people, and Mrs. Schubert gave a talk on the food and customs of Mexico.

Medican dishes were served to the following members: Mesdames Bagley, Pearson, Fern Pope, Schubert, Wheeler, three visitors: Mesdames Verna Kenny, Howard Pope and Taylor. The two latter mentioned joined the club as new members.

The next meeting will be April 19 in the home of Mrs. Crain.

Mr. and Mrs. A. J. George were in Cheney, Kans. Monday afternoon to attend the funeral of Mrs. George's uncle, J. O. Pipkin who was 93 years of age at the time of his death.

## Mrs. Sibley Jines Has Delta Deck

Mrs. Sibley Jines entertained members of the Delta Deck bridge club at her home last Friday afternoon. Mrs. Jean Blasingame took high score and Mrs. Orlan Bell, second high.

Seated were Mesdames Orlan Bell, Dwight Sims, Clifford Beck, Claud Allen, Oris Bruner, J. M. Anderson, Jean Blasingame and R. E. Bell, members. Guests were Mesdames Jack Todd, Dean Blank, Dick Graves and C. W. Redenius.

Greeting Cards for every occasion at Stewart Printline Co.

## Birthday Dinner

A birthday dinner Friday evening in the R. T. Correll home complimented Mark Boehning. Plates were laid for Mr. and Mrs. Boehning, Mr. and Mrs. Ed McMullen, Archie Correll, Randy Correll, and Mr. and Mrs. Correll.

## CARD OF THANKS

Words cannot express my appreciation for the many deeds of kindness shown to me in my recent stay in the hospital. Many thanks! My love and best wishes to all.

**Mrs. Wesley Bryan Is Club Hostess**

The March meeting of the Young Mother's club of the Methodist Church was held Friday afternoon with Mrs. Wesley Bryan acting as hostess in her home.

Mrs. Rufus Bolerjack presented the informative program. Refreshments were served to Mesdames Wayne Lee, Lawrence Ellzey, James Brillhart, Mart Wagner, Floyd Coffin, Rufus Bolerjack, Jack Woodward and Ralph Headlee.

Mrs. J. H. Brashears, Sue Ann and Arch, were week-end guests in the home of her mother, Mrs. Bertha Nave at Childress.

**Birthday Party for Arch Brashears**

A coney island supper was the treat prepared for Arch Brashears and seven of his friends by his mother, Mrs. J. H. Brashears last Thursday evening. Arch was observing his tenth birthday that day. The traditional birthday cake was a highlight of the feed.

Present were David Kent, Ronnie Witt, Johnny Cox, Bob Wilson, Larry Bell, Don Bell, Gregg Triplett and the honoree.

Walter Easton, son of Mr. and Mrs. Harold Easton was dismissed from the Perryton Hospital Friday after three operations and a stay of several weeks. He was able to be moved to his home in the Gray, Okla. community Sunday.

Greeting Cards at Herald office!

**Current Events Department Sews For Red Cross**

Red Cross day for the Current Events department of the Sorosis club was Wednesday, March 13. Hostesses for the pot luck luncheon were Mesdames H. C. Brillhart, F. M. McGee, J. W. Chase and L. H. Lance.

Mrs. H. T. Cutter, department chairman, presided for the business meeting. After roll call was answered and the minutes of the previous meeting read and approved, Mrs. W. B. LaMaster gave a report on the Federated Club convention held in Amarillo recently.

The afternoon was spent sewing for the Red Cross at the Red Cross room.

Present were four guests, Mesdames LaMaster, J. P. Cox, R. T. Correll and N. A. Christenson and Mesdames Claud Allen, R. T. Bowen, A. S. Brillhart, H. T. Cutter, Chas. Garrett, R. H. Holland, A. J. Kelly, Chas. Kent, W. E. McMillen, Alton Boxwell and the hostesses, members.

**T.E.L. Class Has Meeting Tuesday**

The T. E. L. class of the Baptist Sunday school met in the home of Mrs. H. C. Sanford Tuesday, March 19 for their monthly business and social meeting. Mrs. Anna O'Buck and Mrs. J. D. Wade assisted with the hostess duties.

Mrs. Harve Holdeman brought the devotional, choosing for her Scripture, James: 3. Mrs. J. L. Blackburn, class president, presided for the business meeting.

The social hour was made interesting with clever contests, and the tasty plate lunch was served to Mesdames Katie V. Conner of Floydada, Robert Barlow, O. C. Curtis and W. D. Thompson, guests; G. D. Holt, Geo. M. Parker, M. Clepper, A. M. Moran, Harve Holdeman, T. M. Wright, C. C. Carter, Nannie Edmondson, Fred Lewis, E. B. Morgan, G. I. Horne, J. L. Blackburn, J. W. Bennett, Clyde Cofer and the hostesses.

**C. of C. NEWS**

O. L. Doane, secretary-manager of the Perryton Chamber of Commerce, and F. L. Garrett, county service officer, will attend the West Texas Conference for Coordination of Veterans Services at Amarillo on Friday and Saturday of this week.

J. H. Woodward appeared before the board of directors in regard to Perryton's participation in the West Texas Chamber of Commerce. The board voted to buy a \$100 membership instead of soliciting the town for individual memberships at \$10 each.

Representatives from the Perryton Roping Club, City of Perryton, baseball, quarter horse and racing met with the C. of C. board relative to a greater use by the public of the fair grounds owned by the county, but controlled by the C. of C. Glenn McGibbon was named as chairman of the group. He, with Secretary Doane, will represent the C. of C. Other representatives are as follows: baseball—W. R. Cayler and O. E. Burk; City of Perryton—Sam Hergert and Mayor G. T. Leatherman; Roping Club—Carl Carter; Kennel Club—Alton Witt; Hereford Association—C. A. Hoover and County Agent Hood Willis; quarter horse—R. H. Holland and Ollie Morris; horse racing—Galen Murphy and Lawson Flowers. Soft ball and Junior C. of C. representatives will be added to the above planning board. The above group will meet soon to consider a coordinated plan to serve all needs and requirements.

The 1946 membership list is al-

most complete and statements for the first quarter's dues will be mailed soon. Secretary Doane expects to issue a bulletin to all members listing the entire membership and the amount of their 1946 pledge.

Permanent offices for the Chamber of Commerce are being sought. Temporary offices, without even a telephone, are now located in the Perryton Hotel in the quarters formerly occupied by the Community Public Service Co. However, this space will have to be given up in the near future to allow for the expansion of Ellis' Automotive and Electrical store. Application has been made to the Commissioners' Court for quarters in the courthouse or other county building.

The committee on advertising and donation solicitations reports that they have acted favorably on the proposition of the Balke community to solicit funds for the building of a community building and gymnasium in Balke. The soliciting committee will be furnished with a letter of approval from the Chamber.

Members of the Chamber of Commerce will shortly be mailed a bulletin explaining the advertising and donation committee's functions and requesting members to refrain from spending money for any such scheme unless same has the endorsement of this committee. If members of the Chamber will follow their committee's recommendations, most can save as much money in a year as they pay into the Chamber in supporting dues.

The board of directors meet each Monday at noon at the Perryton Hotel for luncheon. All members and non-members are welcome at any time to attend these luncheons, the only requirement being that guests, members and directors pay their own meal checks.

Mr. and Mrs. Lloyd Phillips took their son, Glenn, to Childress Friday where he is enroute for Dallas to report to the Navy for duty after a leave spent here.

## Are Your Chickens or Livestock a Public Nuisance?

There is a city ordinance that provides as follows: "When livestock or chickens become a public nuisance, they must be removed outside the city limits."

Spring is here and that means that city residents will start gardens, put out flowers, shrubs and grass. It also means that if you have livestock or chickens that you are allowing to run at large, they are very likely to become a nuisance to your neighbor.

The answer to this question is plain . . . you must either keep such livestock and chickens confined to the limits of your property or you will have to remove them from the city limits . . . and furthermore keep your chicken houses, barns and yards clean, for they can also be declared a public nuisance, even though you keep your chickens and livestock confined.

Tony H. Morrish, was a member of the other crew. Since the missing air crew reports indicate that there were 20 men involved in the accident, all of them missing, it must be presumed that your own son was one of the men interred.

The Quartermaster General in his capacity as Chief, American Graves Registration Service, is charged with the responsibility of notifying the legal next of kin concerning grave locations of members of the military forces who are killed or die outside the continental limits of the United States. If the report of your son's burial has not been confirmed, and you have not been notified by the Quartermaster General, that official will furnish you definite information immediately upon receipt of the official report of interment from the Commanding General of the Theater concerned.

I am deeply aware of the suffering and anxiety you have endured during this long period of waiting. May the knowledge of your son's courage and devotion to our cause sustain you in your bereavement."

In the second letter received by the Buechners dated March 4, Edward F. Witsell, Major General, Adjutant General of the Army, had this to say:

"I am writing you relative to my previous letter in which you were regrettably informed that a finding of Death had been made in the case of your son, Staff Sergeant Orvel W. Buechner, Air Corps, and that the presumptive date of his death had been established.

An official report has not been received that he was killed in action on March 30, 1944, near Kosharevo, Bulgaria, aboard an aircraft.

Pursuant to the provisions of Public Law 490, 77th Congress, 7 March 1942 as amended, official reports will now be issued by the War Department which will indicate the actual date of his death as that shown above. The issuance of this official report of death will not affect any payment or settlement of accounts which has been made on the basis of the Finding of Death.

My continued sympathy is with you in the great loss you have sustained."

Sgt. Buechner entered service at Ft. Sill, Okla., Oct. 14, 1942, and received basic training at Sheppard Field followed by advanced training as an aerial engineer at other points in the United States prior to going overseas.

He is survived by his parents, Mr. and Mrs. J. A. Buechner and two brothers, George and Gene, all of Booker; two sisters, Mrs. R. E. Cramer of Elmwood, Okla., and Mrs. W. V. Morris of Dalhart.

**No. 3**

Continued from Front Page

final stage of completion for Drake's Service located on South Main to be managed by Lloyd Drake. Dimensions are 50 by 30 feet constructed of frame and plaster. It was erected by Jim Williams at an approximate cost of \$7,000.

The White House Lumber Company has started foundations for a 60 by 33 foot brick and tile office with a glass front, adjacent to their present location, and an additional lumber storage shed is contemplated. The present quarters will be converted into storage facilities. Estimated cost will be in the vicinity

of \$35,000 with completion date based on availability of building material. Todd and Bennett are contractors.

Renovations and remodeling at Boxwell Brothers Funeral Home are nearing completion at an estimated cost of \$4,000. A minimum amount of new material has been needed for the remodeling, however. A chapel, 36 by 20 feet, with the capacity of seating 110 people, has been

almost completed with an adjoining music room to furnish indirect music for services. The basement has been remodeled to accommodate an up-to-date showroom of 30 by 25 foot dimension. All former office space has been rearranged for more efficiency. When conditions allow a new building is contemplated on the premises facing West Brillhart Ave. it was said.

Local lumber dealers pointed out,

in commenting on the building material was traveling and regular trade channels were affected by the building material shortage. This, it was said, created a black market in building material available, causing a bottleneck which was slowing the way down the line to the summer.

## IT'S HERE TODAY! THE AMAZING NEW

### EUREKA CORDLESS

### ELECTRIC IRON

IT'S SUPER-SAFE!  
IT'S A TIME-SAVER!  
IT'S A WORK-SAVER!

Here's a really revolutionary electric iron! The iron you've dreamed about for years! An electric iron without a cord! An iron you can leave without fear of fire! An iron that cuts ironing time! An iron that prevents fatigue!

★ *No dangling, tangling cord!*  
This iron moves freely all over the board. The cord is connected to the safety base where it can't get in your way. No cord wear, no plug breakage! You can iron with either hand!

★ *"Automatic" heat control!*  
It's in the safety base! Dial desired temperature and just the right amount of current feeds to this marvelous new iron. Correct heat is maintained for the duration of ironing period.

★ *Magic watchman!*  
It's in the safety base! Automatically measures heat at the ironing surface. It's your guard-

ian angel, turns current on and off so that iron cannot overheat, even when left unattended on base. Only when the iron is on in the safety base and only when the Magic Watchman releases electricity is there current in the iron.

★ *Lightweight!*  
No fatigue-making "bearing down" on this iron. Scientifically balanced, lightweight, it does the ironing job for you.

★ *It's a miracle . . .*  
you'd better see for yourself!

*Come in Today for a FREE Demonstration*

## SUNDAY SCHOOL LESSON

### Israelites Gain National Identity Through Samuel

The International Sunday School Lesson for March 24  
Scripture: I Samuel, Chapters 1-7, especially I Samuel 7:1-8, 13-15

WHEN, and how, does a people become a nation? History has various answers. In the history of Israel the process was slow in beginning, but swift and strong in its final stage because strong leaders came on the scene. In the progress from Egyptian bondage through the wilderness to the Promised Land, the consciousness of the people was tribal, racial, and religious, rather than national, and when the religious life was at a low ebb, as it was repeatedly in the lapses of the people into idolatry, the lines of distinction between the Israelites and their idolatrous neighbors were weakened. In the period of the Judges, Joshua and Deborah, the woman judge, exercised great influence, but after them came evil days. Eli, the high priest, seems to have been a man of personal integrity and loyalty to the people, for the news of military disaster to Israel so overcame him that he fell from the balcony where he was sitting and was killed. But now there came a new leader, who with religious fervor and integrity combined high qualities of political leadership. It was under this new leader, Samuel, that the people attained strong national consciousness. The story of Samuel, both in its personal aspects and in its political implications, is of great interest. We see him first as the little boy in the temple, brought there by his mother, Hannah, and devoted to the service of the high priest, Eli. He was the child of love and prayer. Eli, too, was more successful with his little helper than he was with his own sons, and when Samuel heard a voice calling him, Eli did not rebuke him, but told him when the call came again to say, "Speak, Lord, for thy servant heareth." From that hour Samuel was conscious of a great mission.

## Seeks Bilbo's Seat

Cottage Meeting, 8:15 p. m.

## Christian Science

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 24.  
The Golden Text is: "My dearly beloved, flee from idolatry" (I Corinthians 10:14).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else" (Isaiah 45:22).  
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "A logical and scientific conclusion is reached only through the knowledge that there are not two bases of being, matter and mind, but one alone—Mind" (page 279).

7:30 p. m.—Evening Worship.  
Evangelistic services March 18-31 are scheduled with Rev. L. E. Lehman, evangelist, in charge.

## Useful Pockets Are Recommended

COLLEGE STATION — Pockets may be practical as well as decorative. Mrs. Dora Barnes, clothing specialist of the A. and M. College Extension Service, reminds homemakers. House dresses, aprons, play suits and garden or work clothes will be more convenient and satisfactory if pockets are made fully useful.  
On the skirt, pockets should be placed where the hands slip in naturally, says Mrs. Barnes. Pockets on readymade dresses and patterns are often too high. Because arms differ in length, the location of the pocket needs to be tried out before final stitching is done. Pockets slanted slightly toward the side are more convenient and also safer, because they are less likely to catch on handles and door knobs.  
Since the primary purpose of a pocket is to hold things, Mrs. Barnes suggests that skirt pockets be roomy enough for a clenched fist to go in and out easily. This requires cutting the pocket large enough and then placing it on a loose part of the garment.  
To make pockets durable, reinforce top corners where the greatest strain comes. A strip of tape, basted on the underside of the dress across the top pocket line, can be stitched on with the pocket to give corner strength. A double row of stitching across the top of the pocket itself gives added strength against pull at this point.

The hens of the United States require about 320,000 tons of calcium a year to put shells on the eggs they lay.

### Regional Round-up

**GEORGE DEAN** of Hamlin, Tex., refused to enroll in Texas Tech at Lubbock recently unless his horse could have board and room. The agricultural department came to the rescue and now both are students.

**COLORADO CITY** voters go to the polls April 2 to vote on a \$325,000 bond issue to expand local water and sewage systems and install a new bridge over Lone Wolf Creek.

**DIRECTORS** of Santa Rosa Roundup and Livestock Exposition to be inaugurated in Vernon, Tex., May 29 met there this week to discuss organization plans to make this an outstanding southwestern attraction. E. Paul Waggoner was host to the directors.

**DALLAS** hotels have advised res-

ervations are scarce. Those wanting accommodations for the next annual Texas-Oklahoma football game had better secure them pronto. New Year's Eve for 1946 has almost been reserved solid.

**HASKELL** High School paid \$100 for a Vultee BT-13 airplane to use in instruction.

**MIDLAND** reports Delbert Downing is chairman of the Boy Scouts roundup to be held here April 12-13, preceding the Bluff Trawl Council roundup slated for BIG SPRING.

More than 600 students and 25 teachers here have taken the tuberculosis batch tests within the past two weeks.

**THE LAMESA** chamber of commerce has ceased to exist. It is now the Board of City Development with the same officers, only tax support will continue the financing of the organization rather than contributions.

**LEGIONNAIRES** of Abilene, Tex.

are up in arms over their Hall being raided last week, more than 39 cases of beer, slot machines and punch boards confiscated by liquor control board members and its manager being charged in local courts. Machines were returned to the Legion with a provision they would be shipped out of the county.

**MORE THAN 12** Snyder businessmen have been approved for on-the-job training under GI Bill of Rights.

**KERMIT** voters determined the outcome of a \$300,000 school bond issue March 15.

**ANSON** officials report more than 80 per cent of current taxes of 1945 have been paid by Jones County (Tex.) citizens.

**SWEETWATER** awaited papers this week which would give them Avenger Field for a new Junior College.

**ONE HALF** of Coleman's servicemen have been discharged. There are 1400 men home out of approximately 3,000 in uniform.

**SNYDER** veterans have organized a GI Club, one of the first such civic clubs in the nation.

**CHISHOLM TRAIL** Scout Council will be host to more than 250 senior scouts April 12-14 at Camp Tonkawa, near Buffalo Gap, top crews being given a trip to Lake Texhoma June 7-9. Councils participating in the competition include those from Lubbock, Brownwood, San Angelo, Amarillo, Wichita Falls, Sweetwater and Abilene, Texas.

**SNYDER** announces it now has appropriations on 28 different farm to market roads involving 258 miles under construction.

**LEVELLAND** votes April 2 on a \$300,000 paving bond issue which, if carried, will pave 100 blocks of city streets.

## Veterans' SERVICE BUREAU

**EDITOR'S NOTE:** This newspaper, through special arrangement with the Washington Bureau of Western News paper Union at 14th Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and his veteran and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this news paper regularly.

### Factors That Determine Veteran's Pension Rate

Closest to the heart of every veteran who wears a wound stripe is adequate medical care. Gen. Omar Bradley, administrator of veterans' affairs, shortly after his appointment, picked as his assistant to have charge of the medical and surgical division of VA, a man who is no stranger to wounded vets.

He is Maj. Gen. Paul R. Hawley, who was chief surgeon of the European theater of war, and as such had under his direction 254,000 medical department men, including 18,000 doctors, 4,500 dentists and 18,000 nurses. Under his administration more than 1,500,000 patients were admitted to army hospitals in the European theater and of this number 340,000 were battle casualties. So General Hawley has had broad experience in caring for our fighting men in time of war and has been chosen to head up the medical branch of VA because of this experience and great success.

Under the expanding hospital program of VA General Hawley is carrying upon the best medical and surgical brains of the nation to take a hand in the great rehabilitation program of disabled veterans. The idea to take veterans' hospitals close to the medical centers of the nation reflects one of General Hawley's plans to decentralize and bring treatment as close to the home towns of the country as possible.

### Questions and Answers

**Q.** Our boy was taken into the army. We are farming 520 acres of land, milking 12 to 20 cows by hand the year round, raising over 350 head of hogs a year. I am physically unfit to do any farm work. This work is all up to two boys 18 and 20, one a 4-F. We must hire a man to replace the boy that is gone. He has set aside \$30 of his wages to help pay for this help. Will the government match this, and if so how do we go about getting it? This boy was really needed.—L. E. Gladbrook, Iowa.

**A.** Your local selective service board had the responsibility of deciding whether or not your boy was needed more on the farm than in the army. If they had decided he was needed there, he would have been given an agricultural deferment under the selective service law. No, there is no provision for the government to match the \$30 per month. If you can prove a hardship case, which is unlikely, the boy could ask for a discharge on that ground. He would have to initiate the case through his commanding officer.

**Q.** Is the widow of a World War I veteran entitled to a pension if the husband's death is not connected with the war? Do World War I veterans receive pensions? If a disability allowance was discontinued and the case reviewed and refused again, what can one do? Is the wife of a World War I veteran entitled to medical care?—Mrs. J. H. Tower, Minn.

**A.** Yes, the widow of a World War I veteran is entitled to a pension although death is not service connected. Only disabled veterans receive pensions. In case a disability allowance is discontinued and reviewed and refused again, the veteran has the right to appeal to a board of the VA. Wives of World War I veterans are not entitled to medical care.

**Q.** I have a lot on a main highway. I'd like to put up a business but in order to do this I need around \$2,000. Could you send me full instructions on how to go about this matter and just what I must do?—Mr. H. F. S., Selma, Ala.

**A.** Go to your bank and ask if they will make you a G. I. loan on the proposition. If they consider it a good risk they will take care of all the details.

**Q.** When and how is transportation for servicemen's kin available and what are the chances for the wife of a PFC whose husband is stationed in Regensburg, Germany?

**A.** The serviceman must initiate the request with his commanding officer. If the request is granted you will be notified of all details only wives are eligible.

**Q.** I was discharged from the army in January, 1944, because of wounds received when I stepped on a land mine. I had temporary amnesia and head injuries. Have only a 45-degree extension of my left arm. Otherwise am in perfect shape. How do I go about getting back into the army?—M. N., Eugene, Ore.

**A.** The army has lowered its regulations somewhat upon physical requirements and would suggest you discuss the question with your local recruiting office, or you may contact your draft board.

Soil fertility losses yearly by erosion are 21 times greater than that required to produce a crop of corn.

### 'insurance' for \$40,000 Arm

The Tigers aren't taking chances on Hal Newhouse's \$40,000 pitching arm being injured by line drives. The Detroit ace hurls to batting practice from safety of canvas screen at Lakeland, Fla.

### G. I.'s Planning To Attend Schools Should Apply Now

Veterans who intend to take advantage of the free educational and training benefits provided for them by the government should apply for their certificates of entitlement as soon as possible, even if they do not intend to go to school for several months. Harold E. Van Horn, 502 Oliver-Eskle Building, Amarillo,

Texas, Contact Representative for the Veterans Administration, said today.

Mr. Van Horn said a number of veterans visiting his office are under the impression that they cannot apply for their eligibility certificates until they arrive at the school or college they wish to attend, often in distant states. This is not the case, and it is to every veteran's advantage to apply for the certificate well in advance of the date he expects to enter school.

Applications for eligibility certificates may be made at Mr. Van Horn's office, which forwards the applications to the Veterans Ad-

ministration Regional Office for approval. The completed certificates are returned to the veteran in a short time. The veteran may then use the certificate at any time to obtain free instruction at any institution approved by the Veterans Administration. The certificate is presented to the school officials when the veteran enrolls.

By applying for and obtaining the certificate in advance, the veteran eliminates the possibility that the school will require him to pay tuition and other fees in advance, refunding these sums at a later date when the veteran secures and presents his eligibility certificate.

The same certificate, Mr. Van Horn pointed out, may be used by veterans who wish to take vocational training or on-the-job training. In all cases it is to his advantage to obtain the certificate before enrolls at the school or goes to work under the "on-the-job" plan.

**Enlarged Airline Fleet**

Washington—The domestic international fleets of the United States airlines showed an increase of more than 48 per cent in 1945. The major part of the increase according to the Air Transport Association of America, will place in the few post-war months.

Miss Erva C. Gray, daughter of W. Arthur Gray of Gray, Okla., enrolled as a Freshman in the University of Colorado at Boulder for the second semester. She is residing at 904 14th St. Miss Gray was discharged from the WAC on January 16, after 30 months in service.

# Mr. Motorist . . . Are Your Papers In Order To Obtain 1946 License Plates?

**CERTIFICATE OF TITLE TO A MOTOR VEHICLE**

The State Highway Department certifies that the applicant herein named has been duly registered in the office of the Department as the lawful owner of the Motor vehicle described below.

Make	Ford	Model	1935 Coach
Year	1935	Color	Black
Engine No.	535-001	Chassis No.	535-001
Name of owner	John Smith Motor Co., Blank, Texas		
Address	515 Elmwood Street, Blank, Texas		
Date of purchase	2-25-46		
Price paid	\$500.00		
State	Texas		

Signature: John Doe, State Highway Engineer

**IS YOUR CERTIFICATE OF TITLE IN ORDER?**

Under the law no vehicle can be registered unless the owner presents proper Certificate of Title similar to sample. Also required is registration receipt for last year. We urge early registration to avoid a long wait while special and regular deputies cope with a last minute rush. March 31 is last day for registering vehicles without penalty.

### Do You Legally Own Your Car?

Or does the one you bought it from still retain official title? Unless you obtained from the seller proper assignment of title similar to sample above and had a new title issued in your name, the State Highway Department records still show it is owned by the seller. Proper certificate of title and receipt for last year's registration must be presented to Tax Collector before you can obtain 1946 license tags. March 31 is last day to secure tags without penalty. Get yours early to avoid waiting in line.

**ASSIGNMENT OF TITLE**

To be filed in by seller and delivered with vehicle to the purchaser. Application for new Certificate of Title must be made by purchaser and immediately filed with the County Tax Collector.

FOR VALUE RECEIVED I (WE) HEREBY SELL AND ASSIGN TO:

Name of purchaser: Richard Akers, Perryton, Texas

Name of seller: John Doe, Perryton, Texas

Signature: Richard Akers

**REASSIGNMENT BY DEALER**

To be filed in by Texas Dealer only, and then delivered with vehicle to the purchaser. Application for new Certificate of Title must be made by purchaser and immediately filed with the County Tax Collector.

FOR VALUE RECEIVED I (WE) HEREBY SELL AND ASSIGN TO:

Name of purchaser: Richard Akers, Perryton, Texas

Name of dealer: John Doe, Perryton, Texas

Signature: John Doe

**RELEASE OF LIEN**

To be used only when FIRST LIEN HOLDER releases lien on vehicle.

Signature: John Doe

**1946 Auto Tags Must Be On All Cars By Midnight Of April 1st, 1946**

### DO YOU HAVE LAST YEAR'S REGISTRATION RECEIPT?

This document, similar to this sample, is required before you can secure 1946 license plates for your car. Proper Certificate of Title is also required. We urge County motorists to get car papers in order and secure license tags early to avoid the last minute rush. March 31 is last day for obtaining new license plates without penalty.

## A Farmer Speaks

Working close to nature, the farmer has learned some things that are being completely ignored in industrial strikes:

1. Only through hard work can you get production.
2. Only through production do you get something to eat.
3. Most men are as lazy as they dare to be.
4. Most men will respond to incentives and rewards.
5. Most men will not assume responsibility until they have to.
6. The general public has an interest in everything they do.

Farmers feel that all six of these fundamentals are being ignored," says R. B. Corbett, secretary-treasurer of the American Farm Bureau Federation, outlining them to the Pennsylvania Dairyman's Ass'n.

"They see the lack of production as the greatest inflation threat that we face.

"They see moves to take away the incentives of management to be efficient and to improve its plants.

"They see moves to give labor a flat amount of income regardless of its productivity.

"They see a constant avoidance of responsibility on the part of labor leaders, and they see an utter disregard for the public interest."

So speaks a farmer, speaking to farmers. It makes sense!

## Maple Leaf Flyers

Montreal—To encourage Canadian flyers to visit the United States the Civil Aeronautics Administration border inspectors are now allowed to issue flight permits to Canadians for flights within this country. In the past such permits had to be obtained from Washington.

Green manure crops improve the land.

## There Is A Reason!

Why Perryton business men and farmers had me program a large portion of their life insurance the past six years.

## Babson Discusses Politics

ROGER W. BABSON, Editor-in-Chief

BABSON PARK, Fla., Mar. 15—With an "accident" for President, "old chums" for Cabinet Officers and a Congress looking only for votes, our political situation appears very bad. My Democratic friends say that conditions really are no worse than in the past. They claim our pessimism is due to the radio, with its "news" and commentators, (which the newspapers have been forced to imitate) which serves as a great magnifying glass to make these evils look bigger than they really are.

**American People are Soud**

Many people believe that we are in an unfortunate era of an inevitable social and economic cycle. They believe that to attempt to stop it is like trying to "brush back the ocean with a broom." They believe it much better to wait until the tide naturally turns back to conservatism as it sometimes surely will. I cannot agree with this do-nothing philosophy. I believe we all should fearlessly fight for what is right however much we may temporarily suffer. I believe that this country and the entire world could be saved from much grief by one simple thing. This would be for the conservative Democrats of the South and the conservative Republicans of the North to combine into one party.

It is true that our political leadership is very bad. This is why a few labor leaders are able to bully courts, Congress and the people into doing what is unjust and unsound. But the majority of the American voters are still wise and unselfish. They lack only the ability to express themselves due to the queer mix-up of both parties. If voters were able to forget the labels "Republican" and "Democrat" and could choose between "New Deal" and "Anti-New Deal" there is no doubt as to what would happen. Once more we would have a safe representative government as the founders of our country planned.

**Let Us Be Prepared**

In the meantime, it may be well to be forearmed and to diversify our forms of security. I believe in life insurance, for instance, but a life insurance policy will not give me food, clothing and shelter when none of these things are available. Hence, every large city family, who can afford it, should have a small productive place somewhere outside the city. Moreover, until most city families have such refuge, strikes will continue to grow more severe. They cannot be prevented by law. Only when families become independent of city conveniences, will the labor unions come to their senses.

## TO RUN FOR LIEUTENANT GOVERNOR

ALLAN SHIVERS  
Announcement was made today by Allan Shivers, from his home in Port Arthur, that he would be a candidate for Lieutenant Governor in the coming Democratic Primary. Shivers, 38, is married and the father of two children. He was born in Lufkin, Angelina County; resided in Woodville, Tyler County; and resided in Port Arthur, Jefferson County, for the past 20 years.

Although exempt from military service under the Selective Service Act, by virtue of his membership in the State Senate, Shivers volunteered and served 2 years with the army in Africa, Italy, France and Germany.

"The office of Lieutenant Governor is of utmost importance," Shivers said. "If elected, I will conduct the administration of the office fairly and impartially. I believe that my prior service in the Senate will enable me to serve the people of the State ably and efficiently."

I am especially interested in the possibilities of home refrigeration of food supplies. If we could be sure that our electric power would never be turned off, I would recommend that every family buy a home-freezer and join a community cooperative freezing association. On the other hand, the more we depend on these home-freezers, the more we are subject to the control of labor unions and politicians. Hence, those of us who use home-freezers should have them supplemented by a good supply of canned foods.

**Favors the South**

I wish that every family could have a refuge in Florida, California, Arizona or some other southern state. This would immediately eliminate the fuel hazard from which northern cities throughout the world are suffering today. Moreover, with a flowing well or irrigation, food can be raised in the southern states every month of the year. In fact, the food, clothing and shelter problem is largely solved by having a place in a warm section of the country.

I am not fearful of immediate trouble, but we should "insure" our investments against the possibility that they may, for a time, be of no use in supplying us with food, clothing and shelter. We buy fire insurance when we do not expect a fire! Certainly, the chances of a revolution within this country some time are equal to the chances that your individual house will burn down. Hence, why not equally insure for both hazards? This does not mean that one should now sell stocks. Money in good common stocks is probably safer than money in the bank. It merely means "hope for the best, but prepare for the worst."

## CARD OF THANKS

We wish to express our thanks to the many friends who have helped make our stay in the hospital more pleasant. We enjoyed so much the beautiful flowers and books, and for those of you who helped with our birthday, we would like to say a special thanks to you. Also to our splendid doctors and nurses and Mrs. Kengle. Many thanks to you all.

Walter Easton  
Mr. and Mrs. H. E. Easton  
12-11-c

## Airline Hiring Zooming

Chicago—In carrying out an expansion program one of the domestic airlines will hire 450 people a month for the next four years. This will add a total of 21,600 new employees to their payroll, which is almost three times as many employees as all the airlines had ten years ago.

The Dallas area ranks as one of the top 4 or 5 book markets of the nation.

## Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, sciatic or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a 2 weeks supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 1 tablespoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by SANFORD DRUG CO. Phone 90

## Blue Mound

The club ladies met March 15th in the home of Mrs. J. W. Caylor of Perryton. The day was spent embroidering for the hostess. A covered dish luncheon was served. The business meeting opened with the pledge to the flag. The roll call, "My Favorite Vegetable" was answered by ten members and three visitors. Marie Blosser was in charge of the lesson on gardening. Merle Mounts gave a talk on "The Best Early Vegetable"; Lola Rorabaugh on "Chief Objection to Spinach"; Josephine Rorabaugh on "Different Kinds of Potatoes"; and Effie Morris on "How to Raise Tomatoes." A poem "Friends," was given by Mabel Beckwith, and Marie Blosser presented a News-cast. The guest box was won by Maxine Rorabaugh. The next meeting will be with Mrs. C. E. Presnal.

Mr. and Mrs. A. C. Partridge were Sunday dinner guests of Mr. and Mrs. Levi Blosser and family.

Mrs. J. B. Morris, Mrs. Albert Morris and Frankie, and Mrs. W. A. Long called on Mrs. J. V. Morris Thursday afternoon.

Mr. and Mrs. Archie Sagar and Mildred, Mrs. Cecil Sagar and Dwayne, and Arthur Betts visited in Wichita, Kansas, last week.

Sunday visitors in the home of Mr. and Mrs. Bill Duncan were his daughters, Virginia and Alberta, and Mr. and Mrs. Cecil Russell.

Miss Velma Smoot of Laverne spent last week end with Mr. and

Mrs. Levi Blosser. On Saturday, the Blosser family, Miss Smoot, and Mr. and Mrs. A. C. Partridge, spent the day in Amarillo.

Mr. and Mrs. A. W. Pattison and Karen, and Johnnie Watts of Miami, Florida, arrived Saturday night in the home of Mrs. H. E. Pattison. Mr. Watts left Monday evening for California.

Mrs. Birdie Brannon of Electra visited a few days with her sister, Mrs. L. V. Noe.

Mr. and Mrs. L. E. Rorabaugh and Maxine, and Mrs. Doyle Rorabaugh were in Amarillo Tuesday to get their son, Doyle, who has been in the Veterans hospital for several days.

Mr. and Mrs. Ralph Cramm spent Saturday evening in the home of Mr. and Mrs. George Buechner.

Last Sunday dinner guests in the home of Mrs. H. E. Pattison were Mr. and Mrs. A. W. Pattison and Karen, J. Watts, Mr. and Mrs. Ralph Pattison and the twins, and Mrs. LaVaun Pattison.

Mr. and Mrs. John Mounts and

# Where Is Your NEW HOME NOW?

Right now the home you want to build is in the tree, the iron ore pits, the clay banks and the quarry.

Legislation, HH priorities, allocations, preference ratings, will not build a home. Neither will such legal juggling of a meagre supply of materials produce building materials. An HH priority may mean little more than a license to hunt home-building materials.

Lumber and building material dealers and contractors can build all the homes America needs—if building materials are available. But unless production of materials is unblocked, no one can build homes. Whether a house is labeled "Public Housing" or "Prefabricated Housing" or a "Privately Built Home"—all are bidding for the same supply of materials.

Here are the materials that must be produced. These are the materials in short supply which are subject to distribution controls through priorities:

- Lumber
- Concrete Block
- Clay Sewer Pipe
- Structural Clay Tile
- Cast Iron Soil Pipe
- Cast Iron Radiation
- Common Brick
- Millwork
- Face Brick
- Gypsum Board
- Gypsum Lath
- Bath Tubs

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

## Dad's right

—wanting another OIL-PLATED engine

Motorists' Lesson I from World War II is that cars with OIL-PLATED engines don't quit easy. Though some are being traded for style's sake now, you can safely figure that the owners are repeating on OIL-PLATED engines! They make sure to get them—the same as you can do—by using Conoco N<sup>th</sup> motor oil, with its added OIL-PLATING ingredient. This acts magnetically, forcing engine parts to attract and hold a close-bonded surfacing of lubricant.

A. d that's protective OIL-PLATING—the wear-fighter!

Like a shield over the finished inner surfaces that you want preserved, OIL-PLATING is in position against wear... in position to discourage carbon, gum, and sludge—to encourage oil and gasoline economy. You want all that, and it's yours for the asking. Just ask for Conoco N<sup>th</sup> oil in any car. In the case of an older car, you certainly need a Spring oil change now, so this is exactly your time to OIL-PLATE. Pay just a bit more for it! See Your Conoco Mileage Merchant. Continental Oil Company

These Men Can Put Your Lights Out!

Members of the United Mine Workers' Policy Committee are shown conducting Policy Committee meeting in Washington, where miners and coal operators are negotiating a new contract. Conducting the meeting is John L. Lewis, UMW president; at left, John O'Leary, UMW vice president; at right, Thomas Kennedy, UMW secretary-treasurer. Virtually all industry—utilities, steel, railroads, factories—depends on coal, and a few weeks' supply is the most any industry has on hand.

Santa Fe Acquires Experimental Car

AMARILLO, Tex.—A streamlined stainless steel experimental refrigerator car which will be 5000 pounds lighter and which will have many other advantages over cars now in use is expected to be put in operation on the Santa Fe Railway by mid-1946, F. G. Gurley, President, informed local officials here.

Conforming to studies made by the Santa Fe and shippers of fruits and vegetables, the new car will have a one-inch air gap between the side lining and insulation, thus making for more uniform temperature inside the car. Other features will include a special sliding door and a convertible lightweight bulkhead.

Designed by Consolidated Steel Corporation, Ltd., the car is under construction at that company's Los Angeles branch, where it is scheduled to be completed by May of this year.

ed to be completed by May of this year. Built with unpainted, stainless-steel ends and stainless steel sides and doors, the car will be equipped with a unique but simple and rugged sliding door with a six-foot maximum opening.

Gurley said the car was designed to make best possible use of the Preco circulating fan. For pre-cooling loads and for loads that generate heat, cooled air must circulate through the load, but for solid or frozen loads circulation should remove heat that penetrates through insulation from the exterior.

Every effort is being made to produce a refrigerator car consistent with regulations of the Association of American Railroads and the Interstate Commerce Commission, as well as one which is satisfactory to shippers of fruits and vegetables, Gurley declared.

Build soil—build soil.

Texas A & M Has Weather Station

COLLEGE STATION — Belying Mark Twain's famous adage, Texas A. & M. College finally is going to do something about the weather.

In the near future, a foundation research project for locating and tracking storms in the Gulf of Mexico, sponsored jointly by two major oil companies, will be instituted by the college's Engineering Experiment Station in conjunction with the electrical engineering department.

A weather station will be established on the campus and at least one point on the gulf coast, and storms and disturbances bulging their way up from the tropics will be tracked and logged by radio direction-finding equipment. When available, radar equipment will be installed for the same purpose.

Eventually it is hoped that the station can go to work on inland storms, particularly the "blue northerners" that plague Texas during the cold months.

To gain more accurate information, it is planned to record weather data simultaneously at stations established by the University of Florida at coast points in that state.

Dr. A. A. Jakkula, chief of the Engineering Experiment Station, and M. C. Hughes, head of the electrical engineering department, have gone to Gainesville to make arrangements for joint study of weather with scientists at Florida U.

Men between the ages of 17 thru 34 years are acceptable for enlistment in the Regular Army.

Washington Letter

By EUGENE WORLEY  
Congressman, 18th District

A big question-mark in Washington overshadowing even our most domestic problems continues "What does Russia have in mind?"

A few days ago Senator Tom Connally of Texas, Chairman of the Senate Foreign Relations Committee made his report to the Senate and the nation. His remarks were perhaps a little more temperate than the statements made previously by Senator Vandenberg, Republican of Michigan, who addressed the Senate several weeks back.

At the outset, Mr. President, I would like to make my position unequivocally clear. In my opinion the Charter remains the best hope of mankind. It is the organizational problem properly disposed of, the General Assembly might have adjourned with its task well done. However, it proceeded to demonstrate its vitality by passing resolutions relating to a wide array of substantive matters, including UNRRA, war criminals, the colonial areas of the world, war refugees, and food, to mention only a few.

"As Senators know, the resolution makes ample provision for adequate security safeguards. Neither the United States nor any other country will be asked to give up any atomic energy secrets until security devices have been established to protect humankind against the terrific blasting power of the atomic bomb."

"I would not be frank, Mr. President, if I were to imply that all was light without heat in London. Just as there are evidences of party politics, sectionalism and pressure group activities in our own Congress, so there were evidences of nationalism, power politics, and lobbying in London."

"Even so, disappointment has been expressed in some quarters because the Soviet Union voted against the United States on a number of occasions. We differed with them in respect to the postponement of the Security Council elections. We differed with them on the refugee problem and the World Federation of Trade Unions. We differed with them on other fundamental issues."

"Slowly and painfully the 51 United Nations, through the instrumentality of the General Assembly, are learning to cooperate on a peacetime basis. We must not be impatient with the progress made. We cannot expect a child to run before he has first learned to walk. It is possible, too, that the frank and open statements in the Council may be ushering the world into a new era in diplomacy, when statesmen will speak to the people in a language they can understand. They may be the beginning of a reversion to shirt-sleeve diplomacy in the best American tradition."

"Much has recently been said in addresses and the press respecting the conduct of the Soviet Union and its future course toward the United Nations."

New Film Face

Being queen of the Chicago Press Photographers' Ball last year and a national champion drum majorette is the background that helped to put this new face in Hollywood. She's Kamma Christopher, a Northwestern U. graduate.

"My contacts at San Francisco and London convince me that Russia does not want another war. When one contemplates the devastation of territories stretching to the gates of Leningrad and Moscow by armies of the enemy; when one remembers the carnage and destruction that left Stalingrad a pile of ruins; when the graves where sleep hundreds of thousands of gallant Americans cry for peace for future generations, it can be understood why Russia does not want another war."

"Russia can have peace by supporting and cooperating with the United Nations. Her responsibility is great, because her power is great."

"So long as Russia, Great Britain and the United States are loyal to the obligations of the Charter and adjust differences as they arise, there will be peace. Those who want peace must not commit acts that tend to provoke war."

"It is my belief that our proper course is to meet each issue in the Security Council or the Assembly or in diplomatic conduct as it arises, and to take our stand firmly upon our rights under the Charter, under treaties and under international law, and hold to that position with firmness and insistence. The consequences that follow would establish our honorable and just course in our dealings with foreign nations and with the issues of peace. Let us say to Russia, 'We want your friendship. We want to cooperate. We shared your comradeship in the tremendous war of all times. We want your comradeship in the peace. Our countries have been traditional friends. Let that traditional friendship be cemented and strengthened and buttressed by mutual labors in behalf of world peace.'"

### Pay Increase For Regulars

The joint recommendation by the Secretaries of War and Navy to Congress for an overall pay increase of 20% to all armed forces personnel will greatly aid Army Recruiting.

The official report of the joint action of the War and Navy Secretaries on the increased pay for both officers and enlisted men was received by Army Recruiting Headquarters in Lubbock, Texas. In making the recommendations, Secretary of War Patterson noted that the pay for privates has been increased from \$21 a month in 1922 to \$50 a month in 1942. The 20 per cent increase would bring the pay to \$60 a month. At present pay scales the average for enlisted men of all grades, including allowances and cost of food, clothing, medical care, etc., is \$158 a month.

The pay of officers should also be raised by 20 per cent. Since 1908 their pay and allowances have been increased by only 20 per cent, while the cost of living since 1908 has

gone up 108 per cent. Here is another comparison: since 1922 the pay and allowances of Army officers have been increased by six per cent. In the same period the salaries of civilian employees of the government have increased an average of 33 per cent, and this does not take into account the present proposed increases for civilian employees. The pay of a second lieutenant is at present only \$150 a month, and he must meet most of his living expenses out of this sum.

The Army needs more volunteers. For the occupation of Germany and Japan and for the necessary supporting forces we will need for the next few years an Army in excess of one million men. As of February 1 we had 500,000 volunteers in the Regular Army, but 200,000 of these men are on short-term enlistments (12 months or 18 months) and must soon be replaced unless they reenlist. The recruiting of men for the Regular Army is vital to security of our country, and the proposed increase in pay should help in getting the needed men.

The report continued to say that no increases were recommended in flying pay, parachute and glider pay, submarine pay and other special pay and allowances. Study of these types of service indicates, however, that an inequity existed

### Save Food! Is Plea of Famine Committee

Members of the new Famine Emergency Committee named to foster voluntary food savings so that starvation in Europe may be avoided are shown going over plans at the Agriculture Department. Herbert Hoover, left, honorary chairman; Clinton P. Anderson, Agriculture secretary; Chester Davis, committee chairman.

where members of the services who are not on flight pay or similar status were frequently required to participate in aerial flights without compensation for the additional risk. It is proposed to correct this by including in the measure provision for a gratuity of \$10,000 for loss of life by service personnel in airplane accidents during authorized aerial flights.

Lieutenant General Wade H. Haidlip, the War Department representative, is the presiding officer of the committee. Rear Admiral Robert B. Carney, U. S. Navy, is the Navy Department representative and is head of the subcommittee which includes representatives of the Navy, Marine Corps and Coast Guard. The membership of the board includes representatives of all the services concerned, including the Army Air Forces, Naval Aviation and Marine Corps Aviation.

Any further information on the proposed increase in pay will be made available immediately by the Army Recruiting Service. Recruiting stations are located in Amarillo, Abilene, Big Springs, San Angelo, and Lubbock, Texas.

The earth is not round, but spheroid, its shape that of a ball slightly flattened at the poles.

The surface temperature of the sun is approximately 6,000 degrees Fahrenheit.

#### CARD OF THANKS

I wish to thank the many friends for the visits, flowers and cards which helped to pass the time more quickly during my recent illness. Mrs. Ona P. Jennings 12-11-p

### Veterans Can Regain Rank

It has been announced by T Sgt. Harrell local army recruiting officer that men who have been discharged from the service under honorable conditions and have not reenlisted within 90 days of discharge, can now receive upon reenlistment a grade in accordance with the certain specialty or training experience he received during the time of his prior service. For example a veteran who has held a specialist rating of a heavy weapons crewman for 36 months or over will be enlisted in the grade of T Sgt. Special grades are given to veterans who have only held a specialist's rating as little as six months. Both length of service and military occupational specialty number determines the veterans grade upon reenlistment.

Verification of the veterans prior service will be obtained from the individuals copy of WD AGO form 100 which was furnished him upon separation from the service. A copy of this form must accompany the application as evidence of qualifications.

Application of men whose last active service was in the status of a commissioned officer or flight officer will be forwarded to the commanding general of the major forces in which the individual chooses to enlist. His grade will be determined by number of months service in main or related military occupational specialty and time served in each rank held while on active duty and also rank held at time of release from active duty.

Men who have not taken advantage of the ninety day reenlistment benefits can now regain all or part of their former ratings. Any veteran desiring additional information is urged to visit the local recruiting office in the courthouse, Perryton.

If the earth were a square or triangle, the horizon would be square or triangular too.

# LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness . . . hunger . . . and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

#### THE FIRST STEP

Isn't a sound national labor policy . . . one that treats workers and management exactly alike and above all one that is fair to the public . . . the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

# The Enchanted Forest' Comes Ellis Screen March 24-25

## 'The Giant' Novel Plot

The novelty in movie comedy "Little Giant," Universal's about and Costello production at the Ellis Theatre, Thursday, March 21-22. For their previous "routines" and the famous funny men have dramatic roles in the picture which boasts a solid plot, suspense-interest and something new in the way of hilarity.

Joyce, Jacqueline de Wit, Verdugo, Mary Gordon and Cleveland are in the cast. A setter directed and the story was Joe Gershenson.

Species of bacteria are reproducing its kind fifteen after "birth."

"The Enchanted Forest," filmed entirely in glorious technicolor, will be presented Sunday and Monday, March 24-25, at the Ellis Theatre. It has been hailed by critics as being the grandest entertainment feature in a lifetime.

Every minute of the film is said to be a moment of grandeur which will never cease to amaze audiences with its immensity. Here is definitely said to be the once-in-a-lifetime production, so thrilling and amazing it will capture your heart, quicken your impulses and give moviegoers the entertainment experiences of a century.

Presented in full technicolor the epic picture features such actors and actresses as Edmund Lowe, Brenda Joyce, Billy Severn, Harry Davenport, John Littel, Clancy Cooper and a host of supporting players. Blackie is played by Jim the crow. This trained bird acts almost human and is tops.

Produced by Jack Schwartz, the associate producer was Lou Brock. The film is ably directed by Lew Landers.

## 'Sherwood Forest' Technicolor Smash

Make way for the son of Robin Hood at the Ellis Theatre Thursday and Friday, March 28-29, where Cornel Wilde is starring and Anita Louise, Jill Esmond and Edgar Buchanan are featured in Columbia Pictures' "The Bandit of Sherwood Forest." It's never-to-be-forgotten entertainment in breath-taking Technicolor.

Lover of lovers! Hero of heroes! His arms irresistible... his sword unconquerable! His love women yearn for! His adventures men dream of! Sweeping to the screen in a magnificently stirring spectacle of romance and deeds of derring-do.

Based on the novel, "Son of Robin Hood," by Paul A. Castleton, the movie story was written by the novel's author in collaboration with Wilfrid H. Pettitt who in turn collaborated on the screenplay with Melvin Levy. It was directed by George Sherman and Henry Levin.

## Half-Ton Air Pilots

Washington—The average airplane pilot when making a turn at 300 miles per hour on a 1,000 foot radius weighs 1,000 pounds. The change in the force of gravity on the pilot's body is so great that it has a pull that is six times that of the normal force acting on his body.

## 'Tokyo Rose' to Ellis Theatre

Paramount is bringing an exciting headline story to the screen when "Tokyo Rose" comes Tuesday and Wednesday, March 26-27 to the Ellis Theatre. This is a movie account of the notorious mystery woman whose honey-voiced chit-chat over the Jap radio threatened to undermine the morale of American fighting men in the Pacific theatre of war. With sky imbued, she attempted to break their ties with those near and dear to them back home, make them feel they were being deserted by their loved ones. This insidious type of propaganda was unprecedented in history and caused wide comment from the press. Now that the war is over and "Tokyo Rose" has been surrendered to Allied hands, her story can be told—and it is indeed a remarkable one. The picture stars Byron Barr, Osa Massen, Don Douglas, Richard Lee and Lotus Long in the title role.

"Tokyo Rose" traces the infamous career of this American-born woman who turned traitor to her native country. It tells how a band of courageous Yanks interned in Nippon camps join forces with the underground to track down "Tokyo Rose" at her hide-out. The leader of this group is played by Byron Barr, a comparative newcomer to the screen. And, according to reports, young Barr plays the role to the hilt. The script was adapted by Geoffrey Homes and Maxwell Shane from an original story by Whitman Chambers. It is said to be a neat job—thoroughly permeated with mystery and suspense.

According to preview commentaries, Pine-Thomas' "Tokyo Rose" is a humdinger of a thriller—a story stranger than fiction based on one of World War II's most amazing personalities.

Ability to learn new facts is at a maximum in the late teens and early twenties.

## Pneumonia Still May Be Dangerous

Since the discovery of the sulfa drugs and the new pneumonia is not as grave a threat to life as it was a few years ago. Nevertheless, pneumonia is by no means to be taken lightly. It ranks among the leading causes of death and is apt to strike particularly hard during the months of January, February and March.

Lobar pneumonia is an infection of the lung usually caused by the invasion of an organism called pneumococcus. It results in inflammation of the lung and is accompanied by high fever. There are various types of lobar pneumonia, some more and some less resistant to the sulfa drugs. All types of pneumonia, however, are serious and may be followed by such complications as pleurisy, lung abscesses or meningitis.

The first symptoms of lobar pneumonia are a chill and pain in the side. The disease develops rapidly. Within 48 hours there is a high fever, which may go up to 104 degrees or more. The patient has a rasping cough and expectorates blood-tinged sputum. Breathing is difficult. When sulfa or penicillin is used, the disease is usually brought under control quickly. The drugs do not seem to be effective however, with some types of pneumonia.

Pneumonia often develops if proper care is not taken after other illnesses. The patient who becomes active too soon after influenza may break down with pneumonia. Any number of illnesses may be followed by pneumonia if the body is not permitted to regain its strength before normal activities are resumed.

The best precaution against pneumonia is a strong body. This means getting sufficient rest, eating nourishing meals, taking care of one's self after illness, avoiding sudden chilling, not going out in cold or wet weather without protective clothing.

Some diseases, such as scarlet fever, set up immunity against re-

## Strictly Fresh

ONE explanation of U. S. Soviet disagreements is that the two peoples do not know each other. That is true. Reports from Korea, Manchuria, and Northern Iran indicate the Russians are not even entertaining visitors.

One slice of bread per meal, the plea of the Famine Emergency Committee, isn't so hard to take. Think of it—that cuts your bread down to almost enough butter for it.

This is the time of year when we again put off today what we should have done yesterday.

The woman who is aggressive enough to plow through a nylon stocking line often exchanges some socks, too.

Men, when and if those suits the OPA is trying to force on the market actually show up, let's be men.

## Deaf Children Handicapped

AUSTIN—The child who cannot hear is badly handicapped. Hard-of-hearing children are often considered backward and become greatly retarded in school when in reality they may be highly intelligent but simply cannot hear much of what is said to them. Children who appear backward in school should be observed carefully to determine if hearing is a factor in the situation.

According to Dr. Geo. W. Cox, State Health Officer, many injuries to the ear can be prevented by keeping foreign objects out of the ear canal, taking good care of the ears during colds and other diseases and observing certain precautions when swimming.

"The cause of middle ear trouble often is diving and swimming," Dr. Cox said. "Whenever the nose is under water the breath should be continually and gently expelled through the nose to keep the nasal passages free of water. Protect the ears further by wearing a rubber cap."

The State Health Officer declared that no hard instrument of any kind should be used in cleansing the ear canal since it may be injurious. Using ordinary precautions can do much to avoid minor ear trouble which may later lead to partial or complete deafness, the Doctor added.

The first Allied troops to land on Continental Europe in World War II was the all Texas 36th Division.

Erosion is a costly robber.

Boyd, Oklahoma

Winter was here in full swing when a strong cold north wind hit Saturday evening and continued all day Sunday. Still cold Monday. Many fields have been blowing.

C. A. Trimmell was out Wednesday for the Red Cross. Mr. and Mrs. C. F. Gates and Ed Claybrook were in Perryton Tuesday.

Congratulations to Mr. and Mrs. Alvin Cowan who were married last Monday. Alvin is the second son of Mr. and Mrs. L. J. Cowan and spent most of five years in the service. Mrs. Cowan is the former Miss Elsie Crumpton.

Ben Jines brought a cow buyer over Sunday.

Mr. and Mrs. Fred Cowan and son, Richard Lee, visited at Ed Claybrook's Friday afternoon.

William Cowan and Bobby Wilson are back home waiting further orders.

Frank Duff bought a registered Hereford from Ed Claybrook last week.

Bill Henline is back home after spending a week at Fairview.

We were sorry to hear of the car wreck Saturday which took the life of Maggie Creed Ragsdale, wife of

George Ragsdale. M. R. Todd was a Sunday caller at Ed Claybrook's.

Mrs. T. H. Cummings of Clovis, New Mexico, came Thursday for a visit with relatives and friends in Perryton. She had been visiting her son, Glenn Teague at Hutchinson, Kansas, and at other points in that state and Texas. She left Friday for Pampa, to be the guest of her son, Glenn Teague.

Mr. and Mrs. Ed Paulk, Wichita Falls, arrived in Perryton Saturday to visit in the home of their daughter, Mrs. W. C. Wilson and Mr. Wilson, and their son, George Paulk. They will also visit in Darrouzett before returning home.

Mr. and Mrs. J. L. Blackburn have returned from a five week's stay at Mineral Wells, Texas.

CARD OF THANKS

We wish to express our sincere thanks for the flowers, cards and visits during the hospital stay of Mrs. Baechner, who is home now and doing nicely.

Mr. and Mrs. J. A. Baechner 12-11-p

WAKE UP, AMERICA!

Should Congress Restrict the Right to Strike?

As debated by Herbert S. Thatcher, U. S. Senator from Wisconsin; Member, Senate Committee on the Judiciary

SEN. WILEY OPENS: Certainly, yes. Congress must protect the public welfare. The public always gets it in the neck when ruinous strikes occur. The public—labor, management, farmer—all of us—are hungry for food, for production. Shall we instead allow strikes to grow to the point where a general strike occurs and the nation is economically paralyzed? That must not happen in this complex atomic age and interrupted production all along the line must be maintained. Therefore, in order to protect the public interest, Congress should: (1) ban strikes in nationwide industries and public utilities such as transportation, communications, etc., in these instances provide for compulsory arbitration as a last resort and as a substitute for strikes; (2) prohibit jurisdictional strikes between unions; (3) make unions striking in violation of contracts liable for damages just as corporations are liable; (4) change the law so the "right" to strike does not mean the right to intimidate and coerce others to stop work; (5) provide for cooling-off periods so as to calm tempers and enable reason and judgment to enter into the picture. I submit these five suggestions in order to help save our blessed land from more ruinous strikes. These five suggestions are for the benefit of all of us and are not designed to be either for or against any one segment of our population, but rather to be simply pro-American.

MR. THATCHER CHALLENGES: The present wave of strikes would be largely avoidable if industry had agreed even to voluntary arbitration. Until all possibilities of voluntary arbitration or fact-finding by public boards are exhausted, there is certainly no call for compulsory arbitration which, as before explained, means government control of profits and prices, wages and working conditions. Since their representative for bargaining purposes is as vitally important to the worker as the representative in Congress how can we outlaw jurisdictional strikes any more than other strikes? As to a cooling-off period, honestly conducted collective bargaining is a sufficient substitute, particularly since compulsory delay usually works for management and against labor.

SEN. WILEY REPLIES: Ours is a government of laws, not of men. When labor and management cannot get together and the public interest is violated, government must legally step in in order to prevent strikes and insure justice for the public. In Sweden (which has a very high standard of living) there are special tribunals attached to the courts. These tribunals get the facts in labor disputes, hand down decisions which are respected by labor and management and thus prevent strikes. Why cannot we here replace destructive wildcat strikes, jurisdictional strikes, etc. with peaceful machinery that is fair and equitable for all?

MR. THATCHER OPENS: First, it must be recognized the right to strike is the workman's only means of protection against employer abuse or exploitation—his most effective means of achieving economic betterment and security. Deprivation of that right requires workers to rely upon their employer's beneficence or altruism for a living wage. Do the economic facts justify such reliance? I think not. The history of labor's struggles in this country and throughout the world indicates conclusively working conditions have been improved only where labor has been free to strike. Diminution of that right results only in lower living standards. Further, if labor is deprived of only practical means of enforcing its demands, how is a controversy to be settled? Obviously and necessarily, by some governmental action. Then government and not the parties directly concerned will determine wages and working conditions. Government will necessarily assume management and labor prerogatives. If this country is prepared to accept some form of industrial socialization, strike restrictions may be in order. But if individual freedoms are to be maintained, the right to strike can no more be restricted than the rights of free speech and assembly. These rights are basic to our society and any inconvenience resulting from their exercise is the price paid for freedom. The answer is not governmental restriction; the answer is true collective bargaining conducted in utmost good faith—something which employers often lack.

SEN. WILEY CHALLENGES: As one who believes in true collective bargaining and the rights of labor, I ask these questions: (a) Does it "economically better" the worker if a racketeering labor boss orders a strike and thus deprives the workman of his daily bread? (b) Does the right to strike mean the right to cripple our production and prosperity? (c) 2,000 years after the birth of the Prince of Peace must we still settle labor-management differences by this destructive method of strikes which help nobody and injure everybody? The answer obviously is: The courts must be used constructively to prevent strikes and curb racketeers by them in labor management.

MR. THATCHER REPLIES: A solution can hardly be found by injunctive or by a specious linking of strikes with racketeers. Production and prosperity are dependent upon free, not slave, labor, upon government by consent, not government by injunction. Strikes are welcomed no more by labor than by management, but in the absence of true collective bargaining, there is no alternative consistent with the freedoms upon which this country was founded and prospered. Let management and labor sit down across the conference table as free agents and explore all the facets of each problem with a regard for the interest of each, and strikes will disappear.

More Gardens Are Expected in 1946

COLLEGE STATION—The goal of three quarters of a million home gardens in Texas, previously announced for 1946, has been upped to a full million by C. R. Heaton, horticulturist of the Texas A. and M. College Extension.

The upward revision points out the need for home production of vegetables at a level equal to that of the war years and reflects the critical world food situation.

The appeal to Texas home gardeners to plant an additional 250,000 gardens came after M. L. Wilson, director of the federal Extension Service, called upon Texas Director Ide P. Trotter to again put into effect wartime policies of home food production.

Dr. Trotter has instructed all county agricultural and home demonstration agents to make home gardening a major activity. He said recent developments in the world food situation are such that food will be as critical an item, if not more so, than during any year of the war.

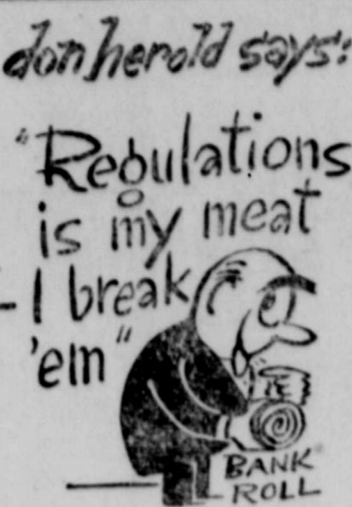

Mr. and Mrs. H. C. Williams and J. C. went to Gayton, Okla. Sunday to get their daughter and son, Viney Ann and Wendell, who had spent the week-end with relatives there. Mr. Williams' father returned with them for an indefinite visit here.

Mrs. Jack Woodward and children were in Mobeetie, Texas this week-end, the guests of her aunt.

C. S. Carmichael was called to Gallup, N. M. last Friday to be at the bedside of his brother, Frank Carmichael, who is seriously ill with pneumonia.

Lyndon Balzer returned to Perryton Sunday after taking his sister, Mrs. Dave Calhoun to her home in Grand Saline, Texas. While there he met seven of his buddies with whom he served overseas and they went to Ft. Worth to the Pat Stock Show in a group.

Grow legumes to enrich the soil.

NEW KIND OF PROHIBITION

This country is now having another period of Prohibition. But this time it is not prohibition of liquor—it is Prohibition of Opportunity.

If you want to start or run an honest business there are so many rules and regulations and taxes and other government-inspired headaches that it is all just too much trouble.

Just as liquor prohibition produced a breed of bootleggers, this era of Prohibition of Opportunity is putting many people out of business and producing a tribe of blackmarketeers, profiteers, law-breakers, cheaters, tax dodgers and skiffleins.

Too much Prohibition of any kind creates nothing but crooks and cheaters.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

With the proposed increase, wage rates will have risen from \$0.85 a per hour in 1941 to \$1.33 1/2 in 1946—a gain of 56 1/2%. Weekly average would be \$53.40.

Using U. S. Bureau of Labor Statistics with 1941 prices equaling 100, prices of farm machinery in 1945 were only 104.9.

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this? Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not say that. It does not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

QUOTES OF THE WEEK

"A smiling America is a happier, stronger America."—Jay Burton, Washington, D. C., promoting "National Laugh Week," April 1-6.

"The war is over, and babies have fewer diapers than ever. This is serious."—C. A. Cannon, Kannapolis, N. C., textile mfr.

"Price control at present is unfair and unworkable."—Ralph E. Flanders, pres. Federal Reserve Bank of Boston.

"The danger is that collectivists will seek to fasten on us for an indefinite period the so-called temporary economic controls."—M. S. Rulovyer, economist.

"I still feel able to give the people of Kansas as good service as ever."—Senator Arthur Capper, on being 80.

"I spend \$300 a month for food. I can't cook."—Mrs. Erna Rubenstein, Hollywood, asking alms.

Dombey, Okla.

The Dombey Club met March 14 with Mrs. Sallie Foster. As this was not the regular meeting date, several members were not present. Mrs. Neill was appointed on the good cheer committee and Mrs. Randles on the flower committee. The club voted to give \$2.50 to the Red Cross and this same amount was turned in by Mrs. Randles from club subscriptions to the Kansas City Star. The hostess served delicious refreshments to Mrs. J. K. Ray, Mrs. Tillie Neill, Mrs. Lula Randles and the hostess. The next meeting will be April 4 with Mrs. Hightower.

Mr. and Mrs. J. R. Kulow returned last week from Wichita Falls, Texas. They visited gas, refineries and the sheet rock factory at Acme, Texas while on their trip.

We are sorry to hear of the death of Mrs. George Ragsdale, well known Liberal lady, which occurred in Colorado. We also learned that Mr. Ragsdale is in critical condition following the accident when they hit a bridge.

Mr. and Mrs. Lloyd Mitchell and family are staying at the R. B. Kulow home while they are visiting in Illinois.

Mrs. Aline Ford has returned to Perryton to live with her parents, Mr. and Mrs. J. L. Blackburn until her husband is released from service. She has been living in Shamrock.
